As I ponder my first attempt as a columnist, my thoughts drift to some words of wisdom I heard long ago, "Is there any worse fate that can befall a man in this world than to live and grow old alone, unloving and unloved?" I think, then, how fortunate I am to have met so many active and talented people in my few years of making Los Angeles my home.

These are but a few . . . I think of vivacious VIVIAN GANDY who as production chairman is busily preparing the prologue and epilogue for the Delta Jabberwork to be held soon at the Wilshire Ebell.

Nice 'Chore'

MR. WALTERS of the House of Walters must be enjoying his "chore" of fitting his bevy of beautiful models into his suede creations. They must be ready for his Mother's Day Extravaganza at the Club Nite Life.

Take a beautiful facility, the Cock-a-Too Inn, mix it with fashionable women—The Women, Inc—and you will have the club installation dinner this Friday evening. Also, on their social calendar is the annual Spring Fantasy in May.

Looking forward to the California Regional Modles Convention on April 8 and 9 at the Beverly Hilton.

Speaking of Hilton hostelries, had "fun a plenty" playing hostess at the California Recreation Conference at the Statler last weekend. Especially enjoyed the Camellia Dinner Dance, the decor being camellias everywhere.

Also, having an enjoyable evening were such lovelies as CYNTHIA BROWN, TAMAR SILVA and JONNYE WASHINGTON.

With the Cubs

Attractive WYLMA JOHNSON is quite excited over our opening of Cicely's Exclusive Dress Salon on March 18. The Fashion Preview on Sunday, March 19, will show beautiful apparel by Mr. Mart, Don Loper and others and will be worn by pretty Muse Art models. Model MARCI FULLER jets to San Francisco Saturday to attend the annual Black and White Ball. Seems JONNYA THOMPSON might be a bride soon. Speaking of nuptials, I am reminded of the NINA HAGEN-SOLLY DRAKE merger last Saturday. He leaves soon for Spring training with the Chicago Cubs in Florida.

BIL HOWARD, noted milliner and head of the Little Foxes Movement in Los Angeles, will be guest designer at the Memory Lane's Easter Promenade of Fashions. This will be the first in a series of monthly fashion revues at this swank Supper Club on Santa Barbara . . . See you there.

That charity benefits when the Coleman Dancers dance will be evident when they begin their Spring Concert series. These are a group of talented teenage girls headed by able Modern Dance director and school marm, WILMA COLEMAN.

Chatted with FRANCIS DABNEY, dance choreographer who has a crowded calender for Spring and Summer. She is best known for her clever dance creations for the annual Medical, Dental and Pharmaceutical show slated for May. Loved the chic creations worn by statuesque PEARL LAWSON at the Holman Fashion tea Sunday.

Thanks loads, Abie, I enjoyed this "tres beaucoup" . . . Dorothy.

ALPHAS' HONORS—At the recent Sunday eve cocktail party for their wives and sweethearts, the brothers of Beta Psi Lambda of Alpha Phi Alpha showed their appreciation to Mrs. Della McDonald for her services to Alpha and the Alpha Wives. Shown from left are Thaddeus Hobbs (frat veep), Mrs. A. Jackson (wives' proxy), Mrs. McDonald, and Dr. Levi Cash.

Four Y-Teen Clubs Attend Conference

Twenty-five Y-Teens, representing four Y-Teen clubs (Carver, Horace Mann and John Muir Junior High Schools), represented Woodlawn Center at the annual Junior High Y-Teen conference held at the Presbyterian Grounds in Pacific Palisades on February 11, 12. Approximately 150 persons, Y-Teens, YWCA staff and volunteers, attended the meeting entitled "Ideaorama."

Mrs. D. Glaspy, Mrs. Genola Turner, Mrs. B. J. Long, Mrs. L. Black, Miss M. Wallei and Mrs. T. Waller volunteered transportation for the girls.

The Woodlawn-YWCA gift shop and Y-Teen Committee and the West Los Angeles YWCA provided financial assistance to make it possible for the 25 girls from Woodlawn to attend.

Miss Margurite Edwards, program director of Woodlawn, Mrs. Gladys Buford, Y-Teen advisor, and Miss Margaret Buford, in charge of the teenage program, also attended.

Gaiety Club Meets

The regular meeting of the Fans of Gaiety Club was held in the fashionable home of the newly installed president, Francis B. Vaugh.

A spirited meeting was conducted and several new ideas were heard regarding the group's forthcoming events.

Mrs. Hugh Howell, PTA president, called the meeting to order in the new building.

A recommendation from the Executive Board to have a "Cookie Drive" starting March 6 was approved.

Sorority Observes Birthday

Alpha Kappa Alpha sorority women of the San Bernardino area met recently at the Golden Bull Restaurant, Rialto, for the 52nd Founder's Day celebration.

National and local history of the sorority, which began at Howard University, Washington, D.C., in 1908, was reviewed in a skit presented by the Social Committee.

The skit, called "Fashions in Alpha Kappa Alpha," featured the following "Models of History:" Mrs. Sallie Banks, "founding;" Mrs. Sylvia Gichocki, "purpose and objectives;" Mrs. Ellase Stiggers, "organizational structure;" and Mrs. Thelma Lewis, "service and assistance." Mrs. Selena Gregory, chairman of the committee, was narrator for the program.

An ivy plant, the symbol of Alpha Kappa Alpha, was given to each member along with a short booklet giving the history of the sorority. Each plant was decorated in silver foil and bore the letters, "AKA," in green.

Organ music for the event was furnished by Mrs. Cichocki, San Bernardino music teacher.

Those attending were: Mmes. Banks, Stiggers, Lewis, Cichocki, Gregory, Lula Mae Clemmons, Lorraine Dupart, Geraldine Jackson, Jane Sayles, Gloria Smith and Blanche Whitney.

New Thrift Store Opens To Aid Children's Home

A new Thrift Store has opened on the horizons of Los Angeles — Bargain Village — 5236 S. Broadway, where the thrifty buyer can find an answer to his needs, and the generous donor can find a place for his merchandise — whether clothing, household effects, lawn or outdoor items. Any and all saleable salvage is urgently needed.

The donor will receive a tax-deduction statement for his own use, if requested. This new Thrift Store, Bargain Village, will benefit the Exceptional Children's Foundation.

The Exceptional Children's Foundation maintains the only all-inclusive program, serving retarded children in Los Angeles County, with it's special education classes for children not accepted in public schools, sheltered work training program, resident boarding home, summer camp and guidance counselling service.

A Parents Auxiliary Committee of the Exceptional Children's Foundation has made an intensive study of what people want from a Thrift store, and intends to provide it.

Founder's Day Program Held

Los Angeles High School honored its past presidents at their recent Founders' Day program in the schools' Memorial Hall.

Mrs. Nathan Rubin was Founders' Day chairman and Mrs. Meyer Bell gave the history of the school's PTA. Guest speaker was Hilario S. Pena, supervisor of Foreign Language for the L. A. City Schools.

The San Francisco police slyly winked and turned their heads and the **BALLET AFRICAIN** femmes are going bra-less in the bay area!

"The Sins of Rachel Cade," movie starring numerous Negro actors, is being released during the heat of the Congo crisis which makes it topical fare since the story is laid in Africa. One reviewer says the "natives" in the film look too well scrubbed to be either convincing or menacing. Some of the participants: **JUANO HERNANDEZ, WOODY STRODE, FREDERICK O'NEIL, NAAMAN BROWN, PAULINE MYERS, JANE PENN, CIA DAVE, ERROL JOHN, SCATMAN CROTHERS, RAFER JOHNSON, TRELLIS YANCEY, RHODA JORDAN, OTIS GREENE** and **CHUCK WOOD.**

NEW YORK SCENE

WARM-UP TIME

It took a little time, but our weather has finally started to straighten up, and we had some beautiful warm and sunny days this past week. I was working nights, and busy with faxes during the day, so most of my news is limited this week.

The Camp Fund Affairs resumed at the Palm Cafe, and there was a fine turnout, with niee prizes given. The next one will take place at La Famiila Restaurant, and since this will christen them to the fold, there should be a swinging time for one and all.

There was a Washington's Birthday Celebration given by the No. 1 Activities Committee at My Bar and Grill, with prizes, tasty food and lots of fun. Pete White was doing the honors behind the bar.

Big Apple Scraple

The Brook Benton Show at the Apollo Theatre was 'boss,' with Thelma Carpenter, Titus Turner, Cook & Brown and the Flamingoes, all ably backed by Reuben Phillips band. Brook has steadily improved with each performance and is earning his star billing by hard work. His newest addition to his act, of some impersonations, was excellent. He does a takeoff on Nat Cole, Roy Hamilton, Sam Cooke, Louis Armstrong and Fats Domino, and thoroughly pleased his capacity audience. He was followed by Sam Cooke this week, featuring dancer, Bunny Briggs, the Imperials, Aretha Franklin, and comic Willie Lewis. Starting tomorrow it will be James Brown and the Flames, with Etta James, Pigmeat Markham and the Bay Area's Sugarpie Santos.

Charles Buchanan Testimonial

On Tuesday, March 7, at the Waldorf Astoria, there will be a testimonial dinner honoring my good friend and foster-father, Charles Buchanan (President of United Mutual Life Insurance Company and former owner of the world famous, Savoy Ballroom). The proceeds will benefit the Urban League of Greater New York, and Mr. Frederick W. Richmond, Pres. of the Urban League will extend greetings, followed by an address by the Assistant Secretary of State for African Affairs, the Honorable G. Mennen Williams, a presentation by Mrs. Joyce Austin, Urban League Board Member, and Jack Blumstein, the dinner chairman, will preside. The testimonial is in appreciation of Mr. Buchanan's distinguished leadership in civic and communal affairs.

Calvin Jackson's Brother

Arthur Jackson, (brother of Hollywood pianist and arranger, Calvin Jackson) graduated from the School of Practical Nursing at Montefiore Hospital, and we join his family and friends in congratulating him.

The Voguettes Social Club is having a dance at the Riviera Ballroom, and we'll tell you about that in our next. . . . Bye now.

City of Hope's Four Day Fair

Nearly two acres of thousands of brand new, brand name items — all bargain priced will go on sale at the bazaar in the United States — City of Hope Town Fair — opening this weekend (Friday, March 3) at Shrine Exposition Hall.

The Four day mammoth event, March 3 through March 6, will offer tens of thousands of dollars worth of clothing, groceries, furniture, appliances and houseware items according to Town Fair chairmen Ben R. Slaten and Maurice Kantro.

Sponsors pointed out that Bazaar would top all previous this 36th annual City of Hope ones in amount of new materials donated by dozens of local industries cooperating to help further the Medical Center's pilot medical and scientific research work.

Friday's opening hour is noon Saturday, Sunday and Monday doors open at 10 a.m. Midnight is the daily closing hour.

COEDS COMPETE FOR CROWN — Among the eleven attractive campus cuties vying for Queen of Jabberwock at the performance on Saturday, May 20, in the Wilshire Ebell Theatre are from left: Rose Lyn Martin, Sonja Rice, Carolyn Brown, Sharyn Logan, Pamela Brown and joyce Lee. (Adams photo)

PAUL LEVETT, producer of "Raisin in the Sun" at Player's Ring, got a glance at our column last week stating we had yet to see their Raisin and promptly arranged for us to catch the show. Thanks again, Paul! . . . And thanks to actor **JACKIE CROWDER** who appears in "Fly Blackbird" who knows the play has already received full coverage, but still insists we see it and has gifted us with a pair of ducats . . .

The **P** in **AUDREY P. FRANKLYN'S** name stands for Promotion. Gal really gets the job done. Her "Rocking Evening With Pearl Bailey" offering should have attracted an overflow behind her efforts. She even had a ticket campaign going in local supermarkets. And the thing is, **PEARLIE MAE'S** drawing power is legendary now. But Audrey was still making doubly sure.

PLEASE NOTE!!

Miss La Wanda Swanson wished us to make it clear that the advertising appearing in our paper under date of February 9 and 16 was unauthorized by her, but was placed by some irresponsible person.

She states that she has no 2½ acres for sale in Happy Valley for $495 nor does she furnish free lunches or dinners to prospects. We of the California Eagle have no record showing that Miss Swanson placed the ad and that we are the victims of a hoax as well as she as the ad was placed in quite a secretive and unusual manner, apparently in an attempt to discredit Miss Swanson.

We are extremely sorry this incident occurred in our paper.

Frieda, has been permitted to visit him.

The tall, shapely Juanita Jones, 28-year-old model and former WAC, who shot the handsome young rhythm and blues thrill songster, was scheduled to appear for a hearing on the charge of felonious assault this week. She was free on $2500 bail.

According to the torch vocalist's friends, Miss Jones had followed him from city to city to be present at his performances.

Threatened Suicide

Police said Miss Jones, who had no means of income other than her part-time modeling assignments, had been "kicked out" of Wilson's dressing rooms several times in the past.

Early Wednesday morning, two weeks ago, she came to his swank 56th street Manhattan apartment and rang the bell. When he opened the door she forced her way into the foyer. She had a .38 caliber revolver in the waistband of her slacks.

She screamed she was going to kill herself. Wilson, who was in his pajamas and bathrobe, attemped to take the gun from her. In the struggle that followed, she shot him twice.

nor relocated. The mothers are equally firm in their feeling that they do not want the centers shunted off to some other agency. They are now under the jurisdiction of the Board of Education, and that's where the mothers want them to stay. The mothers, according to Mrs. Doris Berryman, are also united in feeling that the centers should be extended to handle the need that exists, instead of being curtailed, and that programs and trained personnel should be increased.

Plans for the closing were prepared by Robert J. Purdy, associate superintendent in charge of the city's elementary schools, and have been laid before Superintendent Ellis A. Jarvis, who is scheduled to recommend the closings to the Board of Education.

Reasons given for the closing are to help overcome overcrowded conditions in the schools. The schools are overcrowded, that is true, but the remedy, the mothers point out, is even worse than the condition it is supposed to cure.

worth $40,000 to this community." "We will fight every effort to close out our center," one caller said indignantly.

Recommendations by the Central office place Woodlawn seventh on the priority list.

What then is the answer? Is the Center doomed to oblivion as was Magnolia, with the sale money going into the general fund? "The solution lies in joining forces and working together," one worker said, "So we can enlarge the influence of the Center." The group protesting the actions of the Central office said they feel that Woodlawn needs several things from the citizens of the community in order to survive: membership in Woodlawn YWCA; letters and more letters to the Welfare Planning Commission with factual protests; physical support in creating a more active program for migrating young women; and financial support.

Rejection of Sit-In Appeals Seen as Victory for South

High Court Fails to State Basis of Action

WASHINGTON—Hopes that the Supreme Court would uphold the right of Negroes to engage in peaceful, non-violent demonstrations in an effort to obtain equal treatment in places of public accommodation received a hard blow Monday. The action was interpreted as a victory for southern racists.

The High Court turned down, without a hearing, an appeal from a group of Negro and white sit-downers convicted of disorderly conduct in Tallahassee, Fla.

No Reason Given

The court refused to listen to arguments in the case, thus leaving in force jail sentences and fines meted out to demonstrators.

No reason was given for the refusal.

Sit-in participants thought the South had looked to the Tallahassee case to set a precedent that would affect hundreds of similar cases.

HELD FOR MURDER—Robert Randolph Willis was held to answer Tuesday for the murder of his cousin, Doris Willis. Police submitted a signed confession of the strangling.

Suspect Held For Strangling Of Doris Willis

Robert Rudolph Willis, 28, was held to answer in Division 33 Tuesday for strangling to death his cousin, Doris Willis, super-market checker, at her home early on the morning of Feb. 2, after police submitted in evidence his complete, signed confession of the killing.

Arraignment was set for March 21 at 9 a.m. in Dept. 100.

Blow-by-Blow

Police said that Willis, a third cousin of the dead woman, gave a detailed, blow-by-blow account of what happened on the night of the murder both when he was picked up in Houston, driving Miss Willis' Thunderbird, and later when he was returned here on an extradition warrant.

He also re-enacted the crime at the slain woman's apartment.

"Why did I do it?" he asked, "She never did anything to me."

In fact, police learned, Miss Willis had befriended her young cousin ever since he had been a small child when his mother died and she went

BEFRIENDED WOMAN—Marvin Clay Aldridge was shot and killed by an officer who mistook him for a dangerous murderer. Aldridge was trying to aid a friend who said she had been threatened by an attacker.

Man Slain in False 'Hostage' Report

Marvin Clay Aldridge, 30, an x-ray technician, who lived at 2739 Alsace, was killed last Wednesday night as the result of a series of tragic mistakes.

He was shot in the head by a police officer at 1007 E. 84th street when he was trying to protect a friend of his who was unnerved following an attempted attack two nights before.

No Hostage

Aldridge was showing Dr. Peggie R. Heard Roberson, 29, foot doctor and the mother of two children, how to load and unload a pistol. He wasn't holding her hostage at gunpoint.

But that accusation was made by Dr. Roberson's estranged husband, Booker T. Roberson, in a report to police.

Police surrounded the house and looking through the window saw a man with a gun seated in the kitchen and directly opposite him a young woman holding a child.

When Aldridge heard the commotion outside, he apparently assumed it was a marauder and fired one shot. The shot struck the window sill two inches from Det. Sgt. Phil Dunham's chest. The officers believed they were dealing with a dangerous killer.

Hit in Forehead

One officer broke in the front door, another one broke in through the rear door. One officer fired. Aldridge, still holding the gun, ran to the front of the house. Sgt. Dunham broke one of the windows and fired one shot, strik-

Fortune Teller

If I were in the fortune telling business and wanted to build up a reputation for foreseeing the future I would pick out some public or semi-public institution which tolerated racial segregation and predict that it was in for trouble. Just to make myself look good, I would add that when trouble did come the responsible head of the institution would blame it on "agitators" and loose his wrath on the most unpopular Negro organization he could find. And as a final clincher I would hazard the guess that he would say that he wasn't going to "force" segregation

20% of L. A. Unemployed Are Negroes

NEW YORK—An Urban League survey of unemployment in 50 cities across the nation reveals that the rate of Negro unemployment is in many cases two to three times higher than that of whites.

In Los Angeles, 20 per cent of the total unemployed as of Feb. 24, the date of the survey, were Negroes. Out of a total of 178,000 unemployed, 35,600 were Negroes.

Rates Run High

The rate of total unemployment at that time was given as 6 per cent for the Los Angeles area, with the rate of Negro unemployment given as 8 per cent. Out of a total Los Angeles work force of 2,969,000, some 445,500 were listed as Negroes.

In some of the other major cities of the country, the rates run considerably higher. In Chicago, 17.3 per cent of Negro workers were jobless, as against a community total of 5.7 per cent.

Worst hit among 10 of the largest cities are Washington, Detroit, Philadelphia, St. Louis and Chicago.

Washington Hit

In Washington 67.8 per cent of the total unemployed (19,000 out of 28,000) are Negroes. In Detroit 64.2 per cent (112,850 out of 185,000) are Negroes. In Philadelphia the figure is 52 per cent (67,340 out of 129,500); in St. Louis 48.1 per cent (35,000 out of 72,700); in Chicago 44.1 per cent (77,200 out of 174,900); in New York 24.6 per cent (80,000 out of 324,200).

Figures in the survey are all for February. Unemployment has increased since the survey was made.

Joseph W. Walker, program director of the Los Angeles Urban League, commenting on the local situation said that there are more Negroes in the semi-skilled, unskilled and service groups than among other racial groups and that these are the hardest hit during the current recession.

Boy Dies as Fire Burns Down Home

"My baby's inside!" Mrs. Ollie Savage screamed to firemen as smoke and flames billowed from the roof of a house at 11653 S. Wilmington avenue, Willowbrook, early Sunday morning.

"Get him out! Don't let my baby burn up!" screamed the father, Walter Savage.

Both parents were hysterical.

Trapped

Trapped inside the burning building was 8-year-old Morris L. Savage.

Two other children, Caroline Ann, 5, and John Thomas, 2, huddled together inside the family car.

The entire rear section of the house was already destroyed by the raging fire and the front portion was engulfed in flames.

A few minutes later firemen found the charred body of the boy, lying on the ground where he had apparently fallen when the floor caved in.

Saved 2 Babies

At Bon Air Hospital, Savage, 55, told officers that he was awakened by the noise of wood crackling and intense heat. The room, in which all the family slept, was filled with smoke.

He awakened his wife and they picked up the two youngest children, Caroline and John, and fled.

Savage then rushed back to the house to get Morris. The front door was blocked by flames. He ran around to the side of the house and saw the boy standing by the window.

He smashed the window pane to free him, but the rush of air intensified the flame. Morris fled back into the blazing room and was burned to death.

New Deadline For All Copy Effective Now

The California Eagle is establishing new, earlier deadlines, to be effective starting this week.

City Att'y Won't File On Doctor

The city attorney Thursday refused to file a criminal complaint against Dr. James Swan for the "$50,000 punch" he is alleged to have given Mrs. Noraniece Bacon at a Santa Barbara avenue cocktail lounge.

Atty. Stanley Malone, who represents Mrs. Bacon, told the Eagle that the action of the city attorney will have little or no effect or the damage suit he filed following the incident at the Memory Lane, Feb. 8.

Mrs. Bacon, suing for $50,000 damages, claims that Dr. Swan mistook her for another woman with a look-alike hairdo, punched her in the back of the head so hard that she was toppled from her seat, hit her head on a bar stool and fell to the floor.

Census Shows Large Increase In Cal. Negroes

WASHINGTON — The Negro population in California has almost doubled in the last decade, according to cenus figures just released, jumping from 462,172 in 1950 to 883,861 in 1960.

Only state to show a larger increase was New York which now has 1,417,511 Negroes, the largest number of any state in the Union. In the 10-year period, New York's Negro population increased by 499,320.

Total Negro population in the United States was listed as 18,871,381, or 10.5 per cent of the total population.

Mississippi showed the largest decline of Negroes, a drop of 70,751 to 915,743.

Williams Says Human Dignity Found in Cuba

"I will not be intimidated here because I am not intimidated in the South," Robert Williams, North Carolina NAACP leader, told a meeting of the Fair Play for Cuba Committee at the Embassy Auditorium Saturday night, after anti-Castro thugs, armed with tire irons, wrenches, saps and guns, tried to break up the assembly.

For a few tense moments some 35 to 40 of the troublemakers struck out at a number of men in the audience who were trying to keep the meeting from being disrupted.

Hit Officer

The hoodlums were herded out through a rear exit, but not before they had gotten in some blows, injuring two members of the audience.

Police pushed a dozen or so of the disrupters into an anti-room, but made no arrests. Outside, the anti-Castro hoodlums created another disturbance. One of them fired a gun, narrowly missing a plainclothes officer, David

Friends Fill Church for Evans' Rites

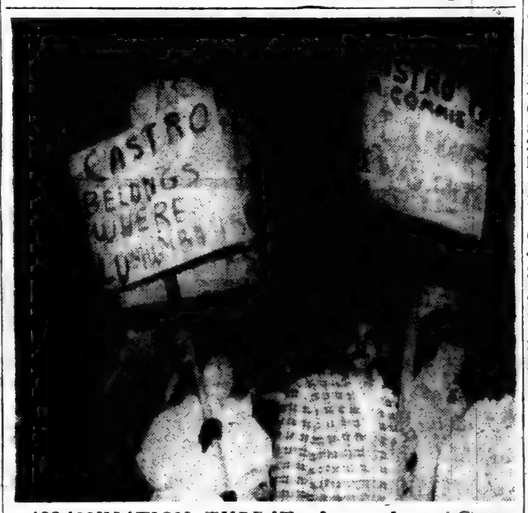
Neighbors, friends, fellow-workers and schoolmates filled the Second A.M.E. Church, 3500 S. Hoover street to overflowing Saturday morning at the tragic triple funeral services conducted for Mrs. Zanada N. Evans, who worked at the Bureau of Public Assistance, and her two children, Onnette J. Henry, 13, and Keith Henry, 10.

Huge banks of flowers covered the three closed coffins.

Mourners

Among the mourners was Mrs. Juanita Stewart, Mrs. Evans' mother, who was seriously burned in the fire that swept the Evans' home Feb. 24. She came in a wheel-chair, her arm still swathed in bandages, accompanied by three nurses.

Also present were Keith's Cub Scout Pack No. 106, of 42nd Street School, in their Scout uniforms, all sitting together, with Scoutmaster Don Hughes.



There were likewise Girl Scouts from Audubon Junior High School, to which Onnette belonged.

Services

Services were conducted by the Rev. C. D. Toliver, pastor, who delivered a eulogy of the three members of his church. Assisting was the Rev. Jerry W. Ford, of Price Chapel, Mrs. Evans' former pastor.

Mrs. Betty Hall Jones, a friend of the family, acknowleged condolences. Ashley

Pres. Kennedy Acts to Curb Fed'l Job Bias

WASHINGTON—In his first move in the civil rights field, Pres. Kennedy Monday issued an executive order seeking to enforce racial equality in hiring by the federal government and its contractors.

The order for the first time gives the government authority to cancel contracts with employers who discriminate and also makes such contractors ineligible for further government contracts.

Taylor Counsel

Kennedy appointed Vice President Lyndon Johnson as head of the new group.

The new organization, designated as the President's Committee on Equal Employment Opportunity, combines the former Presidential Committee on Government Contracts, headed by former Vice President Nixon, and the old Committee on Government Employment Policy.

Johnson announced that Hobart Taylor Jr., chief of the civil division of the Wayne County (Mich.) attorney's office, will be full time counsel for the new committee.

Review Asked

The President called for an immediate study within the government of hiring and promotion policies. Each department and agency was ordered to submit to the Johnson group within 60 days "statistics on current employment patterns, a review of current procedures and the recommendation of positive measures for the elimination of any discrimination, direct or indirect, which now exists."

The significant section of the President's order, dealing with government contractors and subcontractors, requires that government contractors agree in writing to follow a policy of nondiscrimination in employment, promotion, layoffs and pay. Contractors must also notify labor unions or other representatives of workers that fair employment practices will be followed.

2 Board Members To Back Centers

By GRACE E. SIMONS

A well attended, invitational meeting of the Welfare Planning Council last Wednesday night brought forth two excellent reports on Child Care Centers and a strong plea for their continuance—but left the fate of the centers still hanging in the balance.

During the week, however, one more Board of Education member came out as opposed to closing the centers. Mrs. Mary Tinglof, through her election committee, declared "her categorical opposition to proposed closing of the Child Care Center program."

Pledges Support

In a formel statement she said.

"I will not vote to close any Child Care Center. If enrollment pressures on school property become overwhelming, I will approve the transfer of the center to any nearby facility, if it is adequate to meet the vital needs of the Child Care program."

She added that it is the responsibility of the Board of Education to operate the centers and to provide qualified personnel.

Dr. Ralph Richardson earlier declared his "flat opposition" to the proposed shutdown of the Child Care Center program.

The proposal to close 13 centers in nine schools—all in the predominantly Negro and Mexican-American central area of the city—is now pending before the Board of Education and could be voted on at any time. Only two of the seven-member Board have indicated they will vote against closing.

A number of proposals for exploring alternate sites for location of the centers were made at the Welfare Planning

Oldest Eagle Reader is 91 Years Old

By BARBARA MOUNTS

James H. Scott, 3011 Boulder street in Boyle Heights, celebrated his 91st birthday last Thursday. On that day he read a copy of the California Eagle newspaper, as he has done every week for the past 46 years.

His eyesight is failing a little and his step is faltering somewhat, but he still keeps up with the news and remembers with clarity the major strides taken by Negroes in the fight for equal rights and representation. He said that the Eagle today stands firm as it has over the years for the rights of all men, regardless of race, creed or color.

Blue Ribbons

Scott proudly displays huge scrap books filled with answers to letters he has written to congressmen and presidents, protesting the treatment of Negroes and also in protest against undesirable legislation and for good bills.

In the scrap books are blue ribbons for livestock he raised on his farm in Kansas which he left in 1917 with his wife Lenetta and their seven children in an old Chandler touring car to come West. The first house they lived in here in Los Angeles was less than a block from their present modest home.

All of the children were educated in California schools, but only three sons survive. They are Luther of Los Angeles and Raymond and James of Tulare.

James Scott was born in Kentucky and remembers much of his boyhood there. He tells of the thrilling ride to the Cherokee Strip in Oklahoma when the territory was opened for homesteading.

"You can still depend on the Eagle to present the facts," he said this week—and he is certainly a man who should know.

NAACP Declares:

No Fed'l Funds for 'Separate' Schools!

NEW YORK—NAACP members were urged this week to make known to Congress their objection to any Federal funds going to states where the school desegregation ruling is being defied. They are to make it plain that any Federal aid to education should provide for withholding of money from states and localities which refuse to desegregate.

Members were specifically called upon to urge their Congressmen and Senators "to support a bill amended to include this provision."

Calling All Branches

The directive was sent on March 1 by Roy Wilkins, executive secretary, to the Association's 1,434 units in 45 states.

He called the attention of NAACP members to the proposal which President Kennedy has sent to Congress for Federal aid to education in the states, in the overall amount of 5.6 billion dollars. He noted that bills embodying President Kennedy's proposal will go to committees in the Senate and House for hearings before being reported to the floor.

In connection with the President's proposal, Wilkins quoted from Resolution 12 adopted at the NAACP's 51st annual convention in St. Paul, Minn., last June. Entitled "Withholding Federal Funds From Segregated Schools," it is, he emphasized, the official position of the NAACP.

The resolution reads, in part, as follows:

"From its earliest years of operation, the NAACP has supported the principle that there must be no discrimination in the expenditure of public funds.

"... We shall never cease to resist the dishonest and undemocratic idea that the taxpayers of all the states should be called upon to build segregated schools in a few states; nor shall we be silent when such proposals are made. We shall continue to resist the spending of public funds to undermine the Constitution of the United States."

Breakfast Club To Fete Press

The Women's Sunday Morning Breakfast Club, which last month collected food for San Bernardino's unemployed, this next Sunday wi.l honor the local press.

Ten carloads of women departed from president Mrs. Gilbert Lindsay's home last Saturday morning in a caravan bearing signs "Food Caravan for San Bernardino." They preceded a truck load of food for the jobless men and women and their families in San Bernardino. Jimmies' Van Line furnished the truck.

The Theatre Party sponsored by this well organized club obtained the food staples by asking invited guests to bring canned goods as entrance fees.

In keeping with its annual custom, the Breakfast Club will again pay tribute to the press Sunday, March 12, in observance of annual Negro Newspaper Week.

Principal speaker will be Dr. Jean Lightfoot, executive director of the County Conference. Miss Zena Ayo will be guest soloist.

JUNIOR BAND CONCERT

The Los Angeles Police Junior Band will present its 8th Annual Concert on Wednesday, March 15, 7:30 p.m. at Pepperdine College auditorium, 1121 W. 79th street.

High Court Ducks Hearing On Sitdowns

(Continued from Page 1)

from the Carolinas to Texas.

Failure of the court to explain its decision leaves some doubt as to whether the same action would be taken in other appeals, but it was seen here as almost certain that the decision would stiffen the opposition of racists and intensify persecution of demonstrators.

Cases Pending

First reaction indicated that a wave of disillusionment was sweeping over the students who have participated in the sit-ins. Comments indicated that new methods of protest might be used.

Still pending before the Supreme Court are three sit-in appeals from Baton Rouge, La.

The Tallahassee cases stemmed from two separate demonstrations at an F. W. Woolworth store in 1960.

Cite Precedent

The mayor personally instructed police in both instances to arrest the students after they ignored his order to leave the store. The sitinners, who said the store sold to Negroes in all departments except the lunch counter, drew fines of $300 or 60 day jail sentences. The Leon County Circuit Court upheld the convictions.

In their appeal, attorneys for the students argued that no arm of the state government may use its power to compel racial discrimination on behalf of a private party. They cited a 1948 Supreme Court decision outlawing race restrictive covenants.

The Tallahassee demonstrators contended that in their case, the arrests were demanded by third persons, including the mayor, rather than the store itself.

The earth is solid for about 1800 miles below its surface.

Urban League's Granger To be Honored by Links

NEW YORK — Lester B. Granger, executive director of the National Urban League, will be honored for his contributions to American life by the Greater New York Chapter of National Links, Inc. at its fourth annual Easter Luncheon, to be held on Saturday, April 1, at the Waldorf Astoria.

Proceeds from the luncheon benefit will go to the National Urban League, the New York state branches of the NAACP and the Links Scholarship Aid Program, Mrs. Douglass Anderson, chapter president, stated.

Granger has spent more than 40 years in the field of social work and has headed the League organization since 1941. He has held many governmental and private agency positions in the field of social welfare, has served as president of the National Conference on Social Welfare, and was recently elected president of the International Conference of Social Work, the first American to head the worldwide agency.

Africans Repudiate 'Communist' Label

Demonstrations by African students following announcement of the assassination of Patrice Lumumba in the Congo were not Communist led, Communist inspired nor Communist financed, according to statements of students reported in an ANP article appearing in the Kansas City Call March 3.

Students in Washington, New York and Chicago asserted their picketing was prompted by strong feelings of nationalism springing from the official positions of their governments that recognized Lumumba as the head of the only authorized government in the Congo.

Charge Expected

Demonstrations were also held in Los Angeles, San Francisco and East Lansing, Michigan.

In Chicago, James Kwashie Tay, of Liberia, president of the All African Students association, said: "We expected the charge of Communism before we demonstrated. We, and our governments, realize that any time anyone expresses an opinion that is contrary to the Americans' point of view, it is regarded as Communistic."

The action was "primarily directed against the Belgians," Tay said, adding that Africans hold the Belgians directly responsible for Lumumba's death.

A Symbol

"To us," he continued, "Lumumba was a symbol of true African nationalism. He stood for unity of the Congo. He did not believe in a divided Congo. He was a neutralist—which we believe is the best position for any African government leader."

Tay said African students around the world contacted representatives of their respective governments prior to the demonstrations protesting Lumumba's death. He said African governments were in accord with their actions.

Meanwhile in Washington, Johnson Sofola, 28-year-old Nigerian, said, "Americans get only a distorted picture from the press" which feeds them propaganda.

The students said they mourned Lumumba as a genuine African nationalist, not a Communist. The American public, they kept saying, doesn't understand the Africans and is being misinformed by the press.

In New York, African students demonstrated in front of the United Nations building. Twenty members of the Union of Nigerian Students paraded with signs saying "UN aided the killing of Lumumba" and "The spirit of Lumumba will live forever in the hearts of Africans."

Commenting on an editorial in a Chicago newspaper which said African students by picketing showed little appreciation for scholarships they have received to study in the U.S., Tay said:

Want "No Strings"

"Africans prefer scholarships without strings attached. They don't appreciate efforts to control their thinking. They are happy to receive scholarships but they want them on a 'no strings' basis."

The young Liberian, who has studied in the U.S. for the past seven years, said the percentage of black Africans studying in America on United States grants is small.

"We realized prior to our demonstrations that there would be some kind of repercussions such as academic pressure, loss of part-time jobs or forms of social pressure."

Tay said any African student who is interrupted in his studies because of his position on the Congo situation will leave the United States and study elsewhere. "We will not permit ourselves to be pressed," he declared.

The best way to see America is to try to get your son or daughter into college.

DEDICATION TODAY—The "new look" at Carver Junior High School will be officially viewed at 7 p.m. tonight, Thursday, when the extensive improvements to the school are dedicated. The picture above shows a view of the entrance to the new gym.

Carver Dedicates Building Thursday

The wraps are off and the Carver Junior High School's "new look" will be open to public inspection during dedication ceremonies Thursday, March 9, at 7 p.m.

Llewellen Mazique, principal, showed great pride in the sparkling appearance of his school, but pointed out that new buildings are only part of the "Carver dream."

The other part is the desire, shared by members of the Carver staff, to provide the highest type of educational program, which is what the community deserves.

Indicating the importance attached to the dedication is the array of school officials who will attend.

These include Ellis Jarvis, superintendent; Robert Purdy, associate superintendent in charge of elementary education; Roy L. Arnheim, assistant superintendent in charge of junior high schools; Otto Buss, secondary administrative coordinator; and Board of Education members Mrs. Mary Tinglof, Dr. Ralph Richardson and Dr. Hugh C. Willett.

Members of Carver's PTA will serve as hostesses and guides during the dedication tour.

Paul Williams, architect and designer of the $2,000,000 improvement, will climax the evening's activities by presenting the keys of the new buildings to Principal Llewellyn Mazique.

Man Robbed of $180 While on Pleasure Spree

Ernest D. Lavaie, 42, of 8230 Beverly blvd., told police this weekend that he was robbed of $180 by several women who fleeced him after he went pleasure - hunting on Central avenue.

The four women arrested and charged with theft were: Helen Young, 24, of 130 E. 120th street; Nola Lacey, 25, of 1644 S. Orange drive; Edna Clark, 3987 Budlong and Charlestine Roberts.

Two of the women allegedly rifled Lavaie's pockets while he was otherwise engaged.

Santa Fe Attacks FEP Bias Finding

The Santa Fe indicated this week that it may contest the decision of the State Fair Employment Practices Commission finding it guilty of two counts of discrimination in refusing to upgrade and in firing Lennie Andrews from its Barstow division.

Through its attorney Robert B. Curtiss, the railroad said it believes the decision "plainly erroneous on the fact and contrary to the law."

Denies Jurisdiction

Denying that there was any discrimination shown in the Andrews case, Atty. Curtiss further said: "We also remain firm in our belief that the Commission has no jurisdiction in this case because exclusive jurisdiction is vested in the Railroad Adjustment Board by the National Railway Labor Act."

The question of jurisdiction may, if the railroad refuses to abide by the finding, provide the basis for a court test of the Commission's powers.

As of this week, the Santa Fe had not yet reinstated Andrews as ordered to do "forthwith" by the FEP Commission.

The company has 30 days in which to comply with the Commission's order.

The public relations office of the railroad advised that there is no information as yet as to what action the company will take.

Filed with FEPC

The FEP Commission handed down its decision in the case Feb. 28, following the first public hearing it has conducted since its establishment.

Andrews, who worked for the Santa Fe for close to 14 years as a coach cleaner, had repeatedly requested advancement to carman, without success.

In February, 1960, he filed a complaint with the FEPC charging bias. Ten days after the company was notified of the filing Andrews was fired, allegedly for falling asleep in a railroad coach while on duty. Andrews denied that he had been asleep, admitted he was in a coach where he had no duties.

The Santa Fe took the case to the Railroad Adjustment Board where its action was upheld. Andrews did not appear before the Board since he had previously placed his case under the jurisdiction of the State FEP Commission.

In the event that the railroad fails to comply with the FEP directive, the agency can apply to the Superior Court for an enforcement order. That would make possible the appeal of the case to higher courts.

City's Negroes 20% of Jobless

menting on the Los Angeles situation, said that half the applicants at the local Bureau of Public Assistance appear to be Negroes.

In San Bernardino, he pointed out, people are hungry and many Negroes in the area are unable to qualify for surplus food provided by the State.

Commenting on the over-all situation, Lester Granger, executive secretary of the Urban League, said:

"Months ago, the National Urban League called attention to the prospects of a continuing economic downturn with disproportionate harsh consequences visited upon Negro workers. With Negroes as a rule concentrated near the bottom of wage and skill ladders, they inevitably feel the first effects of widespread unemployment. When job discrimination is actively practiced by sections of industry, both management and labor, this becomes an unbearable 'racial tax' that Negro workers pay in earning a living in America."

Figures for some other cities where Negroes are hard hit by unemployment are: in Fort Wayne, Ind., a third of the unemployed are Negroes; in Gary, Ind., the number reaches a high of 89 per cent! Out of a total unemployed of 20,220, some 18,000 are Negroes.

In Louisville, Ky., the figure is 60 per cent; in Oklahoma, City, 47 per cent; Richmond, Va., 47 per cent; Baltimore, Md., 40 per cent; Jacksonville, Fla., 50 per cent.

Wife, Pals Tough On Police at Club

A near riot at the Swing Time Club was narrowly averted Sunday night when police tried to arrest a man with a gun and had to fend off the man's wife and his pals.

When officers tried to handcuff Robert Brenner, Jr., 36, of 2407 Ellendale, they were set upon by the man's wife, another woman and several men.

They managed, however, to force Brenner outside and then to cart him and two of his buddies off to jail.

Police entered the club with Richard Ferrell, 38, of 1362 E. 23rd street, looking for Brenner. Ferrell had complained that earlier Brenner had tried to flirt with his, Ferrell's, wife at Harry's Liquor Store, 22nd and Central, and that following a fight, Brenner had tried to shoot him.

Arrested along with Brenner were Denis Brown, Jr., and Leonard Battles, of 1376 E. 25th street. Police found a gun on Brenner, which was held as evidence.

Mate Denies He Threatened to Shoot Woman

Carrie Barron, 41, of 2702 S. Hooper Avenue, told officers Friday night that her husband, James Taylor, had threatened to "blow her brains out" after firing one shot into the wall.

She further stated that when she sat down in a chair, he walked over and hit her on the head with the butt of the gun.

Taylor denied the charges. He said he fired the .38 caliber revolver but he wasn't trying to hit Miss Barron.

Miss Barron was treated at Central Receiving Hospital for a head laceration.

Grigsby Mortuary was in charge of the funeral, with burial in Evergreen Cemetery.

Missing

Missing from the services was Irvin Evans, husband and stepfather. He was in General Hospital, badly burned. He was in the jail ward of the hospital.

Police said that he had strangled his wife and the two children, then set fires in the house at 4519 Sixth avenue. The three bodies were badly charred.

Evans, police said, had no memory of choking anybody or setting fire to the house. At General Hospital his condition was reported as satisfactory, though it will be a long time before his burns have healed.

Neighbors and friends were saddened and shocked by the killings. None of them had a harsh word for Evans; they praised him as a good man.

—GSM DIRECTORS AND OFFICERS ATTEND DINNER MEETING—

OFFICERS—Executive Vice-President of the Golden State Mutual Life Insurance Company, Edgar J. Johnson, congratulated President, Norman O. Houston, left, on the stirring speech delivered at the directors-and-officer dinner meeting held Monday evening in GSM's Home Office cafeteria.

POWERS—Grouping for a few minutes conversation before proceedings got underway were Mrs. Edythe Houston, Paul Hickman, Mrs. Juanita Williams, James Batiste, Mrs. Willa B. Johnson, W. Byron Rumford, State Assemblyman, and Mrs. Lola Beavers. All but Rumford, a member of GSM's Board of Directors, are spouses of GSM officers.

MEMBERS OF THE BOARD—Photoviewed from left in the usual order are Dr. J. Leslie Patton, Board Member; George A. Beavers, Jr., Chairman of the Board; and Attorney Charles A. Matthews, a member of the Company's Advisory Board; as they exchanged salutations at the GSM dinner meeting.

Life Insurance Group Hears Review of 1960 Operations by GSM President

Directors of Golden State Mutual Life Insurance Co. were presented a summary of the company's operations for 1960 at a dinner meeting at the GSM Home Office, 1999 W. Adams blvd., Monday evening.

Norman O. Houston, GSM president, reviewed the firm's record for the year and outlined its plans for future development before a gathering that included officers, as well as members of the Board of Directors, of the company and their spouses. His message was also broadcast locally over Radio Station KGFJ.

Among the year's highlights noted by Houston were the expansion of the company into the state of Michigan and the erection of a new district office building in San Diego.

He expressed alarm, however, at the shortage of qualified manpower needed to meet the company's growing demands. This lack, the insurance executive pointed out, has held up the establishment of GSM operations in at least three states where the company has received authority to do business.

The dinner meeting, held in conjunction with the regular Annual Meeting of members of the company, also featured addresses by Dr. J. L. Patton, principal of Booker T. Washington High School in Dallas and California Assemblyman W. Byron Rumford of Berkeley, both members of GSM's Board, which were also broadcast.

The group also heard talks by the company's agency administration officer, Mrs. Verna A Hickman, and the assistant secretary of the firm Leonard Grimes.

PROFICIENT PERSONNEL—GSM's officer corps present at dinner meeting included Leonard Grimes, assistant secretary; Mercer Z. Ray, group insurance director; L. L. Jones, assistant agency officer; Stephen A. Johns, director of agency education and training; and Leonard C. Beavers, director of field personnel relations.

INSPIRATIONAL—Adding the feminine touch to the Golden State Mutual Life Insurance Company's dinner meeting were, left to right, Mmes. Phillippa Houston, Melanie Blocker, Capitola Hudson, Bertha Nickerson, Mildred Johns, Sarah Grimes and Nancy Carroll, all of whom presented a pleasant picture prior to joining their husbands and others at the banquet table.

EFFICIENCY EXPERTS—GSM's departmental heads were photographed in the usual order before attending the meeting. From left are N. B. Houston, secretary; Byron Beverly, controller; Helen E. Batiste, treasurer; Isaiah S. Blocker, underwriting and claims officer; and Ivan J. Houston, actuary.

Secretary Ribicoff Goofs

The NAACP says it will urge an amendment denying assistance to Jim Crow schools in the administration backed federal aid to education bill and Congressman Powell agrees that he may have to re-introduce his amendment to that effect.

Both the Association and Powell hoped that the administration would eliminate the necessity for such an amendment through an executive order and although President Kennedy hasn't made any direct statement on the matter Secretary of Education Ribicoff has made it clear that he's ready to pump and dump money into Jim Crow schools.

Secretary Ribicoff's statement on the matter is the old familiar gobbledygook which has been used time and again. Listen to him: "I want to see us help schools and students, north, east, south and west, Negro and white alike. I can't think of any worse tragedy for education than to put on its back all other problems facing the country."

The quality of Mr. Ribicoff's thinking is revealed in the fact that he divides schools into "Negro and white." As a member of the cabinet he ought to know that states aren't permitted to maintain "Negro" schools or "white" schools. All public schools are theoretically open to all students, whether white or Negro.

Any state that is maintaining a "white" school is violating the law and it seems that Mr. Ribicoff sees nothing wrong about assisting law breakers. We can't think of any worse tragedy for schools than the triumph of the secretary's point of view.

What About Voting Rights?

We've just received a dandy little booklet from the Women's Division of The Republican National Committee asking "Are You a 'Shadow' Voter?"

"Shadow" voter, it seems, is a man who casts his ballot only to have it "defaced, discarded, not counted or nullified in other illegal ways." Want to know something? Well, three million people go to the polls every voting time only to become "shadow" voters. Awful isn't it?

The little booklet goes on to tell just how election thieves steal your ballot and what to do to foil them and undo their trickery.

Seriously, the booklet has value. Ballot stealing is reprehensible. Honest citizens ought to watch the polls to compel honest voting and honest counts.

On the other hand, the real American voting scandal isn't mentioned in the booklet. It doesn't say a word about the fact that from three to four million voters are denied access to the ballot boxes solely because of their color.

This wholesale disfranchisement isn't perpetrated by thieves or strongarm men. It's done by some of the most respected citizens in the community. It's approved by governors and senators and congressmen who are beneficiaries of the fraud.

Neither the Republican party nor the Democratic party has put out a booklet protesting against this organized fraud. Apparently it's not as wrong to bar a Negro from the polls as it is to steal a vote in a big city.

Sit-In Strikers and Courts

The refusal of the Supreme Court to review the conviction of a group of Florida sit-inners is disturbing. It may mean that the Court has determined that there is no constitutional question involved in state prosecutions under trespass statutes.

Such a determination would put sit-in demonstrators at the mercy of southern legislators who would most certainly strengthen existing laws and increase penalties.

On the other hand, the Court's refusal may only mean that there were technical reasons why it would not intervene in the particular case in which its aid was sought.

It is certain that the Court's refusal to review the cases will not halt the student movement. Many of the students had already refused on principle to request appeals in their cases. They took the stand that the undeserved punishment inflicted on them was one of the most telling arguments in their program of non-violent resistance.

Nor is the Court's refusal to review to be taken as an indication that it won't relax its rule and ultimately review a similar case. Lawyers point out that it refused to review cases involving restrictive covenants for almost 25 years but that it finally granted review and overturned the whole racial restrictive practices of the nation.

The sit-inners deserve continued support, no matter what the Supreme Court does or says. The morality of their cause is not diminished because technical legalities may restrain it from securing judical approval.

Battleaxe & Bread

By Lester B. Granger

Recently I had occasion to write a friend of mine in the Mid-West who edits a truly liberal church publication that commented hopefully on the improvement in the national racial scene that can be expected from the administration of President Kennedy. I share his hope but not his optimism, so far as legislation that passes this Congress is concerned.

Granger

The reason for my realistic pessimism (not cynicism) is that Congress is America's most advertised and most lucrative market place. It isn't that legislation is bought and sold in the standard sense of the term — though this too has happened — but that swapping goes on, on a gigantic scale.

Horse Trading

He is the rare legislator who has not at some time voted for or against a bill, not on the basis of his convictions but in response to pressures brought to play on him, or in recognition of the desires of an influential body of constituents. Consequently, "horse trading" is accepted Congressional practice, and unorganized voters — such as 20 million colored Americans, for instance — are seldom its beneficiaries.

My friend reported that as Senator, Mr. Kennedy had "a perfect voting record as far as progressive legislation in the interest of our minorities is concerned." I challenged this statement briskly, pointing out that the big test of President Kennedy during his senatorial experience came when the 1957 Civil Rights Bill was up for a vote, and he flunked it. Though he finally voted with the strong majority that passed the bill, he first joined twice with those elements trying to throw a block against the passage of even the emasculated bill.

First, he joined with the Southern bloc in trying to smother the bill by referring it to the Eastland-chaired Senate Committee on the Judiciary. Then he voted in favor of the jury trial amendment which would have eviscerated the bill by substituting trial by southern juries for decisions by federal judges in case of civil rights violations.

'Damned Spot'

It is true that both maneuvers were unsuccessful and that the Massachusetts Senator went over on the side of the winning majority, but the effort should not be forgotten so soon. Like Lady Macbeth's "damned spot" that would not "out", these two preliminary votes against civil rights should be kept clear in public memory until the President takes steps to redeem his campaign pledges regarding civil rights legislation. Thus far he has not moved, but on the contrary inside word sifts out that he is opposed to action "at this time" via the legislative route.

Of course, legislation is not the only way of upgrading racial practices nationally. In the matter of presidential appointments, the faithful Negro electorate has been rewarded to an extent never before reached by any Administration. But appointments come in all sizes and when the number and quality of appointments of Negroes are compared with those of other "minorities," they are revealed as sadly inadequate on either count.

But even at any level — short of Cabinet posts and heads of Federal agencies — presidential appointments are more gratifying than revolutionary. They can never be the substitute for action that only Congress can take in plugging up the many loopholes in protection for the constitutional rights of American citizens.

Ever since Franklin D. Roosevelt each President has improved on his predecessor's record in exercising the Chief Executive's authority to remedy or reduce gross discrimination. This is to be expected, as the liberal impulse within the American electorate becomes stronger and more articulate. The public today would not stand for racial policies in the Eisenhower Administration no higher than those of the Rooseveltian period. It will not accept policies from President Kennedy that do not mark any improvement over the last Administration.

So also with the federal judiciary, which has finally swung from many decades of legalistic evasion and obfuscation to forthright interpretation of the human rights provisions of the Constitution. What is needed now is what we have never had — the moral **and** political influence of the Presidency exerted in the "market place" of Congressional horse-trading. We need the President's pressure laid against the Congress to settle once and for all the question of whether this government of ours is "a government for the people." And twenty million Americans of color should not be satisfied with any President who does not meet that challenge.

Loren Miller Says...

(Continued from Page 1)

or integration but that he was going to enforce the law right down to the last letter.

Take Folsom prison, for example. Racial segregation has existed there for years, in one form or another. Intermittently Negroes, inside and out, have protested Folsom's Jim Crow. Under those protests segregation has receded here and there but has been permitted to continue in the dining halls. The official pretence is that there is no segregation but that prisoners themselves gang together on racial lines when they eat, and that some areas "belong" to whites "by custom."

Trouble, Trouble

Last week trouble broke out. Negro prisoners protested against dining hall segregation. After a few skirmishes and flare-ups guards had to fire guns to enforce order. Warden Robert Heinze galloped up with the announcement that (a) there was no racial segregation in the dining halls, (b) that whatever segregation existed was purely voluntary, (c) that there wouldn't have been any trouble at all if it hadn't been for the Muslims, (d) that "some of the other Negro boys are joining up" with the Muslims, (e) that henceforth prisoners would be fed in smaller, segregated groups and that "we're not trying to enforce integration or segregation but somebody has to take the bull by the horns."

What the warden's pronunciamentos add up to is that the prison administration is going to enforce the informal segregation that California has tolerated in Folsom dining facilities for many years. I don't know Warden Heinze. I understand he is a competent administrator. I am sure he would protest if he heard himself labelled a segregationist. I am equally certain that he will object to the harsh; but truthful, charge that what he has done and what he proposes to do are precisely the same things southern segregationists would have done under the same circumstances and that his program can only end in more Jim Crow—and more trouble.

Who is Responsible?

The warden's plaint that the Muslims are responsible for the Folsom protests says as much, and as little, as the charge that the NAACP is back of the protests against Jim Crow schools in Little Rock. Mr. Heinze's admission that "some of the other Negro boys" are joining the protest is reminiscent of Eastland's grudging admission that northern "agitators" have stirred up a little discontent among Negro Mississippians. And the warden's parting shot that "we're not trying to enforce integration or segregation" is as hollow as the claim of district attorneys who jail sit-inners for violation of trespass laws and then explain that they're not taking sides.

Warden Heinze has fallen victim to the old dodge that the protests against Jim Crow is more Jim Crow. He will live to learn that more segregation only breeds more protest, more unrest, and more trouble. Frankly, I don't think the warden can solve the Folsom problem by himself. His duty is to open his eyes and see, and then tell his superiors, that racial segregation whether imposed by law or propped up by administrative rule is on its way out—whether in schools, buses, jails, playgrounds, parks, swimming pools, prisons. Come to think of it, I don't know why the warden's superiors have to wait for word from him. I wouudn't be surprised to learn that the attorney general already knows that segregation is just as impermissible in Folsom as in the University of California. Both are state facilities.

LETTERS TO THE EDITOR

To the Editor:

The YWCA of Los Angeles would appreciate your printing this letter to correct some of the misinformation in the article printed in your edition of March 2, 1961 headed "Community Incensed Over Woodlawn YWCA Delay." The accurate story about the Woodlawn Center is this:

At a meeting of the Board of Directors of the YWCA of Los Angeles held on Nov. 19, 1959, a plan for new buildings for the YWCA throughout the total territory we serve was adopted. One item in that plan as recorded in the minutes was: "New building for present Woodlawn Center—further West and South, exact location not definite." After that meeting of the Board the members of the Woodlawn Center Commitee were asked to start looking for a new location for their Center. The Woodlawn Center Committee had recommended that the building be relocated because of the fact that the bulk of their membership and volunteer leadership lived further West and South of the present building location on Woodlawn Avenue.

The first two locations found were not acceptable to the YWCA because they were less than five miles from the Mid-City Center and in view of the large unserviced sections of the Los Angeles area, it was the feeling of the YWCA that it would not be sound community planning to relocate Woodlawn Center this near to the Mid-City Center. The third building located, while it had some desirable aspects, was not granted a zoning variance which would be needed if the YWCA were to use it for its program. On the advice of the YWCA's Advisory Board of businessmen, an appeal was not made to the denial of the zoning variance.

The YWCA has asked the South Central Area Welfare Planning Council to form a community group to help us in the location of a new site for the Woodlawn Center. This is currently in process.

We would like also to correct the misstatements made about the Magnolia Residence in your article. The Magnolia Residence on the East side was operated for a great many years for Japanese girls. It was condemned by the city for use as a dormitory and so was put up for sale. The monies received from this sale have been placed in separate Building & Loan Associations selected by the members of the Magnolia Residence Committee where they will be held until such time as the members of that committee recommend how they believe the money can best be used to meet the needs of young Japanese women and girls. It so happens that for several years before the city forced us to discontinue its use as a residence, this residence operated at a loss. Young Japanese women were no longer forced to seek segregated housing. We wish to make it very clear, however, that the sale money did not go into the general funds of the YWCA.

We would also like to correct the statement that the Magnolia Residence Committee was "given desk space only at Metro." At the request of Magnolia Residence Committee, the official files of the Residence were brought to our administrative offices for safekeeping. They would have no need for desk space and made no request for same.

We will appreciate your courtesy in giving space to this letter.

Child Care Closing Said Serious Loss to Mothers

(Continued from Page 1)

Council meeting, and an exploratory conference of various government agencies was projected in the immediate future.

Robert J. Purdy, associate superintendent in charge of the city's elementary schools, outlined his proposal for closing the centers. That was followed by a statistical report given by Lloyd Street, and a sociological report given by Lorenzo Trailor.

Low Incomes

Street, in his well documented presentation, showed that a third of the families involved at the 13 centers have incomes of less than $200 a month and that 85 per cent of the children come from homes where the average monthly income is less than $300 a month.

His figures also showed that the number of vacancies in private nurseries and licensed day care homes is so small in the area affected as to offer virtually no solution to the mothers even if they could afford the increased fees, which are two to three times higher than they are now paying.

The greatest impact was made by Trailor, the South Central Area director of the Welfare Planning Council, with offices at Avalon Gardens, 701 E. 88th place. He presented the social implications of the closing of the centers as reflected by the comments of parents in the community.

Fear, Distrust

He said that he has never seen anything that has aroused as much emotion as the proposed closings, and pointed out that the question of the centers is closely bound up with other community problems such as deliquency, the stability and security of the family, and public assistance.

The proposed closings, he said, are seen as undermining the stable structure of the family units involved and have aroused a sense of fear and a lack of trust in the authorities.

The parents, he said, look upon the closing of the 13 centers as merely the first step towards closing all centers, and consider that the reason given—lack of space—is merely an excuse to mask the closings.

Discriminatory

They feel further, he said, that the action is discriminatory against low economic and minority groups, and indicates a lack of understanding of the problems facing minority people.

One mother said the plan reminds her of what she has seen in the South, where the whites make all the decisions without regard to the needs of Negroes.

Others, Trailor reported, accused the Board of penalizing mothers who want to earn their living and forcing them to seek charity. Some were critical of "liberals" who are now living high on the hog and have become "conservative."

It was a shame, said others, that children must compete against other children for the essentials of life.

Trailor concluded his report by stating that no adequate alternatives are available to mothers if the centers are closed and recommending that the centers be continued and extended.

Binstein. Binstein fired back. Several of the hecklers knocked him to the ground. Six were then taken into custody.

Williams addressed the audience after the disrupters had been expelled. He expressed his appreciation of the fact that Los Angeles officials had defended his right to speak.

"In my native home," he said, "officials would have gladly fed me to that mob tonight."

As I See Cuba

Explaining his support for Cuba, which he visited recently, Williams said, "I cannot see Cuba except through the eyes of one who has known oppression and poverty. I can only see Cuba through my eyes, and I am a product of American Jim Crow, segregation and race hate.

"I found more danger here tonight," he continued, "than in Cuba. Castro has said that there are no white Cubans, no black Cubans, only Cubans."

He pointed out that 75 per cent of the people in Cuba are armed members of the militia. Then he added, "Mississippi wouldn't dare arm 75 per cent of its Negroes."

Human Dignity

Williams continued, "What I saw in Cuba made me feel for the first time in my life that I was a part of the human race. If this brotherhood, respect for the rights of others, the clothing of the naked, the feeding of the hungry, the education of the uneducated, the achievement of human dignity—if this is Communism, I wish somebody would introduce Communism to my native North Carolina."

He declared that the struggles of all oppressed people are related—those of Africans, of Negroes in the U.S., of Cubans. Expressing sympathy for the oppressed of all lands, he said, "We have a slogan in the South—the enemy of my enemy is my friend. The enemy of Jim Crow, segregation, race hatred is my friend."

Williams, who is on a tour for the Fair Play for Cuba Committee, shared the platform with Vincent Hallinan, 1952 candidate for President on the Progressive Party ticket.

The meeting passed a resolution calling upon the United States to lift passport restrictions to Cuba and to end economic and political pressure against the Castro government.

Mt. Zion Installs Rev. E. V. Hill, 16 Baptized at Sacred Service

Mt. Zion Baptist Church, 50th and Hooper avenue, culminated its week-long inaugural celebration for Rev. Edward V. Hill with a baptismal service, witnessed by some 1400 persons. Sixteen were baptized and the hand of fellowship extended to 40 persons.

Communion service followed the spirit filled ceremony.

Tremendous week-long services were attended each night by near capacity audiences. Community florists filled the sanctuary each day with floral arrangements and Rev. and Mrs. Hill and their daughter were given fresh corsages each day.

Rev. J. Raymond Henderson performed the installation service and the congregation pledged its fidelity to the minister and his Christian program. Many telegrams were received by Rev. and Mrs. Hill from the Houston church he had pastored so successfully, before coming to Mt. Zion.

The earth is jarred by more than a million quakes a year.

Woodlawn Y Relocation to Be Discussed

The issues involved in the relocation of the Woodlawn YWCA will be discussed at a meeting at the center, 4260 S. Woodlawn avenue, at 7 p.m. Thursday, March 23. Members, volunteer workers and all interested in the relocation of the center are urged to participate in the discussion.

Misunderstandings have arisen in recent months between the Woodlawn Center and the Metropolitan YWCA headquarters over the purchase of a site for relocating the program center so as to enhance the possibilities of serving the community.

Three sites have been selected by the Woodlawn Y and all three have been frowned upon by the Metropolitan office.

Another source of friction involves a scheduled $108 a month cut in the salary of the Woodlawn steno-clerk.

Early this year the City Zoning Commission turned down an application for a conditional use variance on property at 1104 Browning street, which had been selected by the Woodlawn Y and placed in escrow.

Some of the members of the Woodlawn Y wanted to appeal the decision, but that proposal was rejected by the Metropolitan office. That action triggered a wave of discontent among some of the members and volunteer workers, especially some of those who had served on the Relocation Committee of the organization for the past eight years.

Independent Daughters to Fete Fathers

People's Independent Church will celebrate Dad and Daughter Day at the 8:30 a.m. service. All Dads are invited to come and bring their daughters to the service. At 11 a. m. "The Seven Keys to the Kingdom" will be discussed with "Commitments," the theme of both services. A film entitled "Stewardship," will be shown during the coffee hour after the 11 a.m. worship period.

Mrs. George Waugh and Curtis Miller are chairmen of the annual talent drive which will be launched at this service. Each member is given a dollar by the church. According to the parable of the talent, giving each opportunity to multiply it by the end of the drive. Rev. Maurice A. Dawkins is pastor of the church.

All Stars and Billy Preston's "Cogics," Charles Reynolds and the Birdie Mae Gibson Gospel Singers will share the spotlight with Anderson, according to the church choir director, Royal Byron and the Rev. L. W. Spicer, pastor.

Teen Age World Ready to Combat Juvenile Crime

A unique youth organization has been organized by the Rev. F. Douglas Ferrell, pastor of the Tabernacle of Faith Baptist Church, 11328 S. Central avenue, which aims to combat juvenile delinquency. It is now in the process of incorporation and is known as Teen Age World.

Connie Ayers, daughter of Mr. and Mrs. John Ayers, 901 E. 117th street, is president of the group which is composed of teenagers from high schools and colleges who work in the enterprises of the organization.

The TAW Shop, a clothing store, with the latest syles in clothes and accessories for infants through the teens is operated by the members who receive a commission on what they sell.

The print shop is staffed by young people whom Rev. Ferrell said are taken into the organization and encouraged to work for A and B grades in all academic subjects.

Designs are made by Arthur Flakes, a member of the organization, who is a graduate of the Chouinard Art School.

A scholarship program is planned with a complete teenage world of business absorbing the youths to develop the qualities of Christ, character, capability, capital and cooperation into the daily life of each member.

Members meet every Friday evening at 6 p.m.

Mrs. Thessie Williams is adult advisor for the group. Margaret Riggins, daughter of Mr. and Mrs. A. Riggins, 1269 E. 139th street, serves as secretary.

Rev. Ferrell said the enterprises are operated in conjunction with the church but are independent of the church. "Busy young people with a goal in view do not turn to crime," he said.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Did you ever wonder what goes on at a major league training camp? Especially that of a new club, such as the Los Angeles Angels?

Training in the beautiful resort town in the California desert, the new American League club which will represent Los Angeles has opened a new era of training in a plush resort. In the old days, the thought existed that major league teams must train in towns far removed from all enticements. This no longer is true.

The Angels, first major league team to train in Palm Springs, are working hard getting into shape—and this is a 24-hour job.

Manager Bill Rigney has set-up a midnight curfew for his players—but the way he's been working them, there's no need for any bed checks or other such security measures.

A call for 7:30 a.m. is left for all the players and coaches. Everyone, including the press, dines in the special dining room in the Desert Inn Htel, the spring home of the Angels. A special menu has been prepared for the players.

At 9:00 a.m. a bus takes the players to the Polo Grounds, a ride of about ten minutes from the hotel. A number of the players drive to the park as they brought their automobiles to camp.

They find their uniforms neatly hanging in their lockers, and Equipment Manager Tommy Ferguson sees to it that all of their necessary apparel and playing equipment is ready for the day's activities, which start with a one-lap run around the field.

Catcher Del Rice, a veteran of 16 major league seasons, leads the players in calisthenics, which loosens the muscles of the players and wearies the onlookers.

Spring training is no lark, for when the three-hour session is over, the players have little desire for excitement. The pitchers and other players who may have aching muscles wait in line to be treated by trainer Freddie Frederico, who is always on hand.

By the time the players return to the hotel, all they want to do is rest until dinnertime. Afterwards, some of them may attend a movie, or take a walk—and then on to bed, long before midnight. For tomorrow is another day of hard practice.

WITH MAGGIE HATHAWAY

Police Sports Award Dinner

Well, it finally happened. After two years of coaxing my Sports Editor Abie Robinson, he grudgingly decided to send this gal reporter to cover the Los Angeles Police Revolver and Athletic Sixth Annual Sports Award Dinner.

We have attended dinners and tournaments from the misty shores of the Crosbys' Pebble Beach Invitational to the Lone Star (Texas) State's Golden Open but not one excelled the beauty, dignity and gaiety of the Los Angeles Police dinner.

We arrived at the Police Academy exactly three hours after we had been hauled before a judge to pay our first '61 ticket. (This really had us in the mood for anything the police wanted to start.)

They started something alright. The first one to greet me was the bartender with a cheery, "May I serve you something?" The bartender was Sgt. Frank Estrada of the Robbery Division.

Away we went and found ourselves on the second floor which was so beautiful and inviting. There was a huge [illegible] to floor fireplace [illegible] red flames and they gave the room an orange colored glow.

Surrounding the fireplace were many officers and their wives. The wives apparently had anticipated this affair because they all were beautifully attired in every color of dress and hair (to match) that one would expect to see in a Vogue magazine.

We spied another bar and while chatting with Officer John Lehman he suggested another drink. "Who is 'that' bartender? He wouldn't happen to be the Chief?" we questioned. Just as he assured us that the Chief was not behind the bar, someone announced that dinner was served.

On our way to the dining room we questioned Officer "Red" Davis whom we bumped into coming out of the kitchen. "Who cooked all of that beautiful food?" He rushed us directly into the kitchen and introduced us to Ernest Hayes, who was responsible for preparing the menu. It consisted of fresh fruit and melon cocktail, molded salad, roast choice Spencer beef au jus, whipped potatoes, mixed vegetables in garnished bowls, apple pie a la mode, dinner mints and coffee.

As we entered the huge dining room, we observed about 700 people and Julio Gonzalez, Police Public Information officer, escorted us to our seat at the head of the press table. It seems as if he was not satisfied with all of the courtesies extended us so he had a hostess present us with a huge orchid.

Two things we instantly observed and they were that we were the only female sports writer at the table and the second was we were sitting directly in front of Chief William H. Parker.

M. J. "Clipper" Smith was the master of ceremonies and he also introduced the press. The trophies were fabulous but the golf trophies were the "most."

We oebserved Lieut. Rocky Washington debating with LAPD Traffic Commissioner Harold Sullivan about his golf game. Commissioner Sullivan admitted that he had a 19 handicap and once shot a 77. Rocky wanted to talk about handball.

Joseph Rouzan and Doug Shaw received basketball and golf trophies. Tom Davis won second place in the championship handball bracket along with Wilbur Harris.

The Sam Broomfield $500 Foundation Award was given to the five best expert sharpshooters.

The entertainment was performed by the Weire Brothers who simply "cracked up" the house with their antics.

Chief Parker was presented with a beautiful hunting jacket. When we observed his wife attempting to try it on for size the Chief smilingly informed me that "She may wear it sometime because she can hunt (ducks and geese) as well as I can.

Southern League Track Teams Are Well Balanced

Perhaps the best balanced dual meet championship scramble in the history of the vaunted Southern League is shaping up for the 1961 season, with virtually every school boasting some exceptional performers.

Powerful Fremont is hurt somewhat by ineligibility of city B sprint champ Edward Smith, but letterman Leon Watson (10.1) and Jimmy Blackman (10.2) remain, while coach Frank Nobbe figures on Ronald Eldridge and Watson, 440; Rickie Harris and Ted Rucker, 880; Robert Murgia, mile; Carl Coates and Walter Maxie, hurdles; Robert McKeever and Eldridge, broad jump; and Nate Jackson, pole valut, to rack up points.

Harris has an 880 best of 2:01.6, while Coates has run 15.5 and 20.4, and McKeever's top leap is 22'2½".

Veteran John Childress at Jefferson is set with Arthur Brownlee (9.8 and 21.9) and Herman Harville (9.9 and 21.9), sprints; Oscar Fornoy, 880 (1:57.7), sixth in the city, and Floyd Noel, 880; Lawrence Miller, high hurdles (15.2) and pole vault (13-5); Willie Montgomery, shot 55-7¾), third in city; and Charles Robinson, 440 (53.0) and broad jump (21-9). Hurdles, broad jump, and high jump aren't too strong.

Manual Arts coaches Jim Blewett and Charley Toney have picked up broadjumper John Moore, transfer from Riis, who won the city at 23-0¼ last year. The Toilers also have Harry Smith, 440 (51.0); Charles Pembroke, 880 (2:02), Michael Brown, shot (48-0); and Mike Jones, broad jump (22-10), second in city, giving them the 1-2 BJ placers! High jumper Donald Doakes (6-1), 3rd in city B, and B city hurdles champ Donald Willis are also top aces, while James Edmondson and Elijah Williams should come along in the 880.

Dorsey looks very tough and coach Francis Benavidez counts on Renauld Lee, 100 (9.8) and 220 (21.8); Daryl Pipkin, 100 (10.1), 220 (22.2), and 440 (51.5); Jack LeBlanc, 100 (10.1) and 220 (22.0); Terry Black, 100 (10.0) and 220 (22.5); and Paul Williams (51.6), 440, to give him a crack relay team.

Also in the Dorsey picture are All - City basketballer Howard Holt (15.0 and 20.0), hurdles; 880 man Charles barker (2:02); shot - putter Howard Briles (50-3); broadjumper Lester Bond (22-0); and high jumper Anthony Scott (6-1).

Los Angeles' Romans have sprinter Dwight Middleton (9.7 and 21.5), 440-880 ace Larry LeFall (49.3 and 1:58.7), broadjumper Clarence Carr (22-4½), pole vaulter Martin Keller (12-0), and shot-putter Steve Avery, All-City grid tackle (49-10½) as a strong core. Three 6-1, or better, high jumpers, plus sprinter Claude Ward (9.9 and 21.7), high hurdles Clyde Slaughter (15-flat) give added dual meet punch.

Washington coach Joe Barry is optimistic, too—he has shotputter Andy Pilgian (49-0), pole vaulter John Hatch (12-0), broadjumpers Andy Anderson (22-4) and Mike Gatlin (22-0), plus 880 star Fred Velez (2:02) and miler George Wright (4:40).

Tommy Davis Like Jackie, Scout Says

There have been sixty-plus players in training at Dodgertown since the camp opened Feb. 20. The Dodgers, looking for added catching strength, brought Doug Camilli up from Atlanta last fall.

Rivals for the first string job, when he arrived, were John Roseboro, Norm Sherry and Joe Pignatano, since sold to Kansas City.

Youthful Tommy Davis reminds Director of Scouting Al Campanis of Jackie Robinson more than any other player. "He's the same type of hitter, the line drive type. He'll get his share of home runs, too. He's becoming more daring on the basepaths. And now that we've moved him into the infield the similarity is even greater."

Featherweights Headline Boxing Card

Billy Thomas, rugged San Francisco featherweight, tackles promising Alfredo Escobar in tonight's (Thursday) non-televised Olympic main event.

In his last two Olympic starts, Thomas upset Danny Valdez to win the California featherweight title. He lost it to Pelon Cervantes in his next Olympic bout.

Escobar has won his last three main events by knockout and is regarded as one of the best prospects in California boxing.

Olympic Matchmaker George Pernassus is on the lookout for a top middleweight to box Johnny Smith. The latter stopped Ramon Hernandez and Neal Rivers in his last two Olympic bouts.

Annual Sheriff Rodeo

The annual Sheriff's Rodeo mammoth western spectacle unfolds for the first time under the lights of the Coliseum on Saturday night, June 24.

Lakers in Final Two Home Tilts

Only two home games remain on the Los Angeles Laker regular season schedule, both against the "Big O," Oscar Robertson, and his Cincinnati Royal mates.

The Royals will be at the Sports Arena Saturday morning (March 11) and Sunday afternoon (March 12). Tipoff in the Saturday game is set for 11 a.m., the Sunday contest at 2:30. The morning game will be televised nationally but blacked out locally.

Robertson, three-year All American at the University of Cincinnati, has taken the National Basketball Association by storm in his rookie season. Time Magazine, in a cover story, called him "The Complete Player."

Laker fans, after watching Elg Baylor for a season, take issue with the story. But they, too, concede that Oscar has everything.

When the Royals and Lakers last met in Los Angeles, Baylor and Robertson both threw in 45 points in one of the two-game series. At the time it was an Arena scoring record, since extended to 56 points by Baylor.

Robertson has every shot in the book—and probably some the experts have never thought of. Also, he is leading the league in playmaking, a department that was Bob Cousy's sole province for years. And he is well up in the rebounding department.

Zeniths To Have Big Show

Popular Bob de Coy, author, writer and producer of KGFJ's magnificent program, "This is Progress," has been selected to be master of ceremonies of the Zenith club's annual talent show, scheduled for the Miramar Hotel on Sunday, March 12, from 5 p. m. until 10 p. m. The selection of Mr. Bob de Coy was in keeping with the Zenith organization's policy attested by their activities for some eight years.

By means of the annual show the Zenith Club raises funds for the Exceptional Children's Home. It was one of the first clubs in the Southland to adopt the Home several years ago. Today they are witnessing a dream come true because the Home will move into its $80,000 quarters some time this Spring.

Due to the wonderful cooperation of other clubs, guest artists and friends, the Zeniths will present one of their most entertaining shows this year. Participating clubs have sponsored contestants who will vie for prizes in the talent show.

Ernie Freeman and his band will provide the music and Christabel Jacobs, general show chairman has announced a full evening of outstanding entertainment. Ticket chairman Maurice Saunders announced a few choice reservations are still available and can be obtained by contacting any Zenith member.

New Club Officers Installed

At the annual installation of officers of the Pacific Town Club, a nine-months, one-man campaign came to a successful end when a check for $500 for the purchase of a Life Membership was turned over to the NAACP at ceremonies witnessed by members of the club and their wives last Saturday.

Dr. Christopher Taylor, chairman of the Special Activities and Charities Committee of the Pacific Town Club, worked diligently for nine full months among the membership to raise the sum for the group's membership which was presented to Rev. Sylvester Odom, Board Member of the local NAACP Branch, who also served as installing officer. Dr. Taylor, incidentally, has a paid-up Life Membership in his own name with the NAACP.

Preceding the banquet Pacific Town Club members and their wives enjoyed cocktails and tasty hors d'oeuvres, followed by a lavish steak dinner served in the club.

A program followed with KGFJ's Tom Hawkins as master of ceremonies, and with Mrs. Freita Johnson, Mrs. Coral Johnson, Allen Woodard, and Arthur Houston, president of the club, participating.

Eighth Annual Medical Variety Show Scheduled

Dr. Robert Woods was named general chairman of the eighth annual Medical, Dental and Pharmaceutical Association's variety show scheduled for Saturday, May 27, at the Embassy Auditorium.

Dr. Leroy R. Weekes was the originator of the variety show which has developed into one of the most entertaining events of any season. The cast is selected from the Association and its Auxiliary. Funds raised by this annual show have enabled the group to place several students in three local medical schools on scholarships.

The MDPA members work hard in putting on this show sacrificing many hours from their offices as well as spending their own money in an effort to produce a first class show that the public will enjoy. In the past eight years the shows have been terrific and well worth the admission price.

Dr. Jerry Woods, Auxiliary member, will be chairman of publicity for this year's show which is entitled, "Anything Goes." Every effort will be made by Dr. Woods to attract a capacity crowd for the eighth annual affair. A cocktail party is scheduled in her home this Saturday night to select members of the cast. Tickets will be available from your favorite doctor, dentist, druggist or any Auxiliary member. Plan to make this year's annual a memorable one by purchasing your tickets early.

Concert At Park

With much anticipation the music-loving public is awaiting the second seasonal concert of the Metropolitan Symphony Orchestra at Sportsman's Park Auditorium, 9835 S. Western avenue, on Sunday, March 19, at 3:30 p. m. sharp.

Its conductor, Victor DePinto, is long noted as both violinist and conductor.

The soloist is young Charles Secrease, native of Houston, Texas. Mr. Secrease, a student of the University of Southern California, has already achieved distinction as a superior artist.

Final "World of Music" Show at Ritz Theatre

MAHALIA JACKSON AT SHRINE

Show Business

Pearl Bailey Superb

By MAGGIE HATHAWAY

Last Wednesday at the Shrine Auditorium we spent "An Evening with Pearl Bailey." Miss Bailey was a smooth, superb vocalist-actress. Her vocal arrangements covered her very breathing and the ladies in the audience could not resist discussing her gowns and shoes which matched. All of her clothes are designed by Don Loper.

Louis Bellson's band was surprisingly sensational. His musicians were smooth and played with authority. His arrangements were the "most exciting since Duke Ellington unveiled his growling sounds." We would be delighted to buy an album filled with only the tunes that the Bellson band played behind his illustrious wife Pearlie Mae.

'Earthy' and Enjoyable

She opened the show with her "earthy comedy" by walking into the audience and asking a female fan if her stole was a "gin-u-wine mink?" She then borrowed and carried it on the stage and sang a song titled "Mink."

It was refreshing to note that Pearl is singing most of her tunes. She has practically separated her ad-libbing from her melodies. The audience noted that she had a melodious quality to her tones and she seldom sang flat.

Some of the tunes that were the most outstanding were: "15 Days, Still Serving Time," "The Man That Got Away," "I Can't Give You Anything But Love," and "Legalize My Name." She sang the old tune, "Roll, Roll," until it blossomed into a production number.

Pearlie Mae's jokes were "down to earth funny" and she complained about her shoes hurting her feet so long until all the ladies in the audience decided to "kick their shoes off" and enjoy the concert in comfort. (Miss Bailey threatened to bury the latest pointed toe shoes and everyone offered to assist her.)

Ably Supported

It was refreshing to note that she had an integrated chorus with some of the tallest blonde girls in captivity. The chorus boys were the fastest dancers since the Broomfield and Greeley days.

"The 5 Guys" (dancing boys) danced so fast that they resembled fireflies flitting and flying through the air.

Other excellent acts accompanying Miss Bailey were: "The Half Brothers Jugglers," Alice Grant and Mr. Wynn; "The Topperteers and one of the world's greatest bands, Louis Bellson's.

'PORTRAITS IN BRONZE' NOTEWORTHY

By C. MARIE HUGHES

The press preview of "Portraits 'N Bronze," produced by Robert A. Blackwell, drew a capacity audience last Wednesday night at the Troubadour in Beverly Hills.

Bat'ya, famous Israeli folksinger, who has won world renown as a ballad singer, song-stylist and versatile actress, thrilled the attentive crowd with her beautiful mezzo-sporano voice and tone production that enabled her to easily do her act, which is composed of "Songs From Many Lands."

The performance also featured Nicaraguan pianist, Paul Trana with his Latin Improvisation and Original Composition; Mexican guitarist, Lee Ramos and Trio with Classical, Flamenco and Mexicaen Folk Music.

Singer in Only Date March 11

A rare treat is in store for the spiritual lovers and the treat is when Mahalia Jackson sings Saturday evening at the Auditorium, March 11 at 8:30.

Some of the most sensational facts about Miss Jackson are: She does not read music, she is sincerely religious and does absolutely nothing without consulting God.

She learned to sing by listening, as she says, to the "songs of oppression" which were sung by her parents, hoping that one day they would overcome supression and gain freedom.

Limited Education

Mahalia only went as high as the 8th grade and had to leave school when her mother (a wash-woman) passed. She was sent to Chicago at the tender age of 14 to live with an aunt. Very shortly after arriving, her aunt was bedded with a heart ailment and young Mahalia had to seek work in Chicago's southside.

While working she joined a local church (still seeking God) and one Sunday volunteered to sing a song. She sang with so much feeling and depth until she was in constant demand.

She became so popular with her strong, expressive voice until she became a fixture in the church choir.

Her following was so great at the various churches until she quit her job and opened her own beauty and floral shop.

Miss Jackson was a successful proprietoress going so far as to keep her own books. (It is not true that she cannot read or write, as one of the dailies printed).

Greatest Spiritual Singer

In 1934 she was singing at a funeral when she was discovered by Ink Williams, Decca executive.

Later her records began to sell and she was so much in demand until she had to sell her shops (1953) in order to fulfill her engagements.

Mahalia's definition of soul is that "it came from the primitive roots and cannot be copied.

She beautifully defined "American music" as, "The white man took our soul and rhythm, combined it with his beautiful music and this is how American music was born."

SUMMIT STARS—Just two months after their standing-room-only engagement at The Summit, the zany Treniers returned to The Summit on Tuesday, March 7, for a three-week stand. The Trenier twins, Claude and Cliff, head this lively octet, which is sure to rock the audience and the club!

Olga James Vocalovely In Concert

Songstress Olga James, leading lady for Harry Belafonte in "Carmen Jones," and for Sammy Davis, Jr., in "Mr. Wonderful," is one of the bright stars in "The World of Music," a unique "pops" concert, staged at the Ritz Theatre, final performance, March 8.

Highly Qualified

An honor student at the Julliard School of Music in New York, lyric soprano ames has toured Europe with an American opera company, participated in a long-run Paris Music and Arts Festival, and appeared in concerts in films and on the stage all over the United States.

Others in "The World of Music" include handsome Lester Ferguson, a romatic tenor, who made his mark in British opera, in musical comedy and on the BBC tele-

Folk Singer In Dramatic Screen Debut

Noted folk singer and actress, Odetta, portrays the tragic murderess, Nancy, in William Faulkner's "Sanctuary," which Richard Zanuck has produced for Darryl F. Zanuck Productions, a 20th Century-Fox CinemaScope De-Luxe Color release, opening Wednesday, March 15, at the Los Angeles, Vogue and Loyola theatres and Victory and San Gabriel Drive-Ins, starring Lee Remick, Yves Montand and Bradford Dillman.

Powerful Portrayal

Odetta portrays with wisdom and power the devoted servant who goes berserk and kills Lee Remich's child, thus distilling the viciousness of her life and pointing out the need and hope of salvation.

A protege of Harry Belafonte, Odetta has appeared on "An Evening with Belafonte" and other major television shows. She is a well-known night-club performer.

Odetta was born in Birmingham, Alabama, and is one of the few actual natives appearing in this drama of the Deep South.

A KILLER — Odetta goes dramatic for her powerful role of Nancy in 20th Century-Fox's "Sanctuary" that opens Wednesday, March 15th, at the Los Angeles, Vogue and Loyola Theatres, as well as the Victory and San Gabriel Drive-Ins.

TIME MARCHES ON

Too bad Sugar Ray lost, but maybe its about that time, and he had best pay attention to the signs before his head gets bad.

The weather here has been just perfect for the past week or so, and I think the last of the really bad days are gone for awhile. Let us pray.

The Camp Fund Affair at La Famille Cafe was quite nice. The place is very cozy and atmospheric, intimate and friendly, with a cute bar and excellent food. Mr. & Mrs. Crane and Mr. & Mrs. James, the owners, have made every effort to make this a 'must' spot for one and all. Its great to welcome La Famille Cafe to the happy list of Monday Night Get-together Bars. This week we return to the Dawn, where it is always a ball, with Fannie Pierre and all her gang.

Democratic Club Benefits

As guests of Earle Robinson (and $3.50 for the pair of tickets) we attended the New Era Democratic Club's annual benefit dance and show at Rockland Palace Ballroom, and it was packed with fun-seekers and lovers of The Twist. Paul "Hucklebuck" Williams and his orchestra provided the swinging music, and Jimmy "Babyface" Lewis played his guitar and sang pretty for the people. Earle barbecued and sliced a whole pig, and the food and beverages flowed most freely all evening. This was followed by several breakfast parties, two of which we made until long past the dawn. Oh, 'ell yes, I'm still sleepy!

City of Hope Support

Going to the Royal Manor Ballroom tomorrow to the annual benefit dance and show for the benefit of The City of Hope, with music by "Chic" Morrison's Band, directed by Noble Sissle. There will be a galaxy of stage, screen and TV personalities there to contribute their services to this most worthy of causes. I'm glad publicist Allan McMillan brought this affair to my attention, so I can make it.

Swinging Sidemen

I wanna thank all the gang at 136th Street Liquors; Billy Mason, Al Butterfield, Kenny Keene and the manager, Phil Grossman, for their kindness and help in getting me through the rough stages of beginning my first weeks of regular employment at the store.

Last Sunday night, The Voguettes Riding Club had a jammed affair at the Riviera Terrace Ballroom, with Nipsey Russell as emcee and the club members doing their own show.

Saw the Sam Cooke show at the Apollo and dancer Bunny Briggs was his usual classy self, along with the entertaining comedy of Willie Lewis, the singing Imperials and Ruth McFadden. Reuben Phillips plays for most of these shows, and aids the acts immeasurably. Starting tomorrow it will be LaVern Baker and Jimmy Ricks, Big Maybelle & Co.

And the Ides of March to you, too . . . 'Bye.

BB World Series

The tenth annual World series of Basketball is slated April 2 at Chicago Stadium and the All Star team picked from the series will meet the Harlem Globetrotters.

They will play in the following cities: Milwaukee, Detroit, Cleveland, Buffalo, Hershey, Pa., Charlotte, N.C., Cincinnati, St. Paul, Boseman, Mont., Spokane, Wash., Corvallis, Ore., San Francisco Los Angeles, Las Vegas, Tucson, Albuquerque, N.M., Denver, Kansas City and Wichita.

Mastermind

Helen Garrott (deserves a testimonial all her own) has skillfully masterminded the National Urban League's reception and art exhibit at a Hollywood gallery (Munn's) this Sun. from three til six with accent strongly on the works of Evelyn Coleman, Helen Wright and Jack Rummler. Cocktails, of course. Alex Dumas, here from Atlanta on N.C. Mutual Insurance Co. business, took an apt. since he will be here six weeks or more. Ernestine Holloway won't demur when she's hugged next Wed., it being her birthday.

Fourteen members of the Women's Sunday Breakfast Club and friends made up a food for the needy caravan (Jimmie's Transfer Co. donated a large truck) Sat. and headed for San Bernardino where they distributed boxes to the needy of all races. That city's Dorothy (school principal) Ingraham was the liaison for the project and, later, had the club members to her house where they tackled their own lunches which they fetched with them, bless them all.

To Ghana to Teach

The Herman Baileys thoroughly explored Mexico City and surrounding areas; their son, Herman Jr., who teaches at Fla. A & M. bids adieu to that institution and the States after school year's end and prepares to leave for Ghana where he will teach.

In Tokyo, Gladys Martin decided to remain for another four years via her desk job then she retires and comes home to L.A.

At Virginia Morgan's after - the - Sun concert supper party, I was asked of Gert Wright, who used to beckon a stimulating intimate cross section of folk to her little house just off Jeff, long years ago (we sat on the floor and argued about everything). I don't know what's become of her now. The last I heard of her was that she was climbing up a mt. somewhere or other with a Mexican lady novelist.

YWCA Plans Tea Party For Areas

Compton-Lynwood YWCA joins in a Tea Tasting Party Sunday, March 12, at the Mary Andrews Clark Residence, 306 Loma drive. Tea, coffee, and goodies from five areas around the world will be tasted and enjoyed, all in the interest of world fellowship: the YWCA at work in 170 countries!

NAVARRO FOR CONTROLLER

City Councilman Charles Navarro, 10th District, candidate for city controller in the April primary election, has been named Man of the Year, 1960, by the National Negro Voters Educational Council.

This announcement was made today by N. C. Landis, executive secretary of the council. Navarro joins Ralph Bunche, Rafer Johnson, Harry S. Truman and James Roosevelt who previously received this honor.

"At a meeting of the executive council," Landis said, "Mr. Navarro was endorsed as the leading candidate and the best man for the position of city controller." The board of directors of the voters council named him Man of the Year, Landis added.

HOBDAY SUPPORT

In addition, two leaders here have thrown their unqualified support behind Councilman Navarro for city controller. They are Dr. Robert D. Hobday, president, George Washington Carver Memorial Institute, and the Rev. Maurice A. Dawkins, pastor, People's Independent Church of Christ.

In his personal endorsement of Navarro, Dr. Hobday stated, "Charles Navarro is one of the outstanding men of good-will in municipal government in the country today."

Dr. Hobday returned recently from a trip to Europe and Africa where he conferred on Emperor Selassie I, of Ethiopia, the annual George Washington Carver Institute award for outstanding service to the Negro race.

DAWKINS CONVINCED

The Rev. Dawkins in his endorsement of Navarro declared, "I'm convinced Charles Navarro will assure us of efficient and wise administration in the controller's office. He also will add creative leadership and prestige to the office."

Navarro's experience on the city council finance committee, the churchman said, and "his long-time consistent record of careful judgment on fiscal policy" makes him the best qualified man for the job.

Doris Wills' Cousin Held To Answer for Murder

(Continued from Page 1)

to his home to take care of him and the other motherless youngsters.

Waited 8 Hours

Willis said he waited in his cousin's apartment from 6 p.m. Wednesday night, Feb. 1, until 2 a.m. the next morning. He prepared himself some food and then went to sleep, but was awakened by the sound of Miss Willis' car coming up the drive.

When she entered the apartment he wrapped a piece of rope around her neck and twisted it tight until she was dead.

He took the wrist watch from her arm, a ring from her finger, her mink coat, some of her clothes, two radios — and the keys to her car.

Needed Car

Apparently the car was the principal lure.

Willis said he had a girl friend in Ft. Worth, Texas. He wrote her in mid-January that he would "see her soon," after he had sold some property and split up with his wife. Apparently he needed transportation and a little cash to impress his waiting sweetheart.

He had a little mishap in the town of Merkle, Texas, when he was picked up by a highway patrolman for speeding. That was before the L.A. police had sent out an all-points bulletin alerting Police Departments throughout the nation to be on the lookout for the stolen car and the suspected strangler.

Pawned Jewelry

Taken before a justice of the peace, Willis was fined $25. He didn't have that much money with him, so he sought a pawnshop where he could sell some of the articles he had taken from Miss Willis' apartment.

There was no pawn shop in the small town, but he was directed to a drug store that took the two radios, the wrist watch and a ring in return for enough money for his fine.

In Houston, Willis was again picked up, this time by an officer who was on the lookout for the stolen car. Taken to the police station there, he confessed the murder and was brought back to Los Angeles to face trial.

Miss Willis, a popular and well liked checker at the Thriftimart store at Adams and Vermont, went to the Studio Bowling Alley with fellow workers the night before the murder. That was the last time she was seen alive by anyone other than the man who took her life.

The death was discovered the following Friday, after Miss Willis had failed to report for work and did not answer her telephone. The manager of the store went to her apartment, 5149 W. 21st St., to see if she was ill, and there found her strangled body lying across the bed.

Policeman Is Not Held For Slaying

(Continued from Page 1)

ing Aldridge in the forehead.

When Roberson looked closely at Aldridge he said he had met him before and he apparently had been mistaken in taking Aldridge for a robber or an attacker.

Dr. Roberson told the Eagle that the previous Monday night she had awakened to find a man at her elbow holding a knife to her throat.

Fled, Nailed Car

She didn't scream, she said, but made an excuse that she had to put a blanket on her child so the baby wouldn't wake up and cry and alarm the neighbors. The stranger let her go.

Once in the hall, she ran outside into the street, hailed a passing motorist and had him take her, scantily dressed as she was, to the police station. When police returned with her, the man had left.

Dr. Roberson said she had never seen the man before and had no idea as to his identity.

She was terrified, however, and afraid to remain alone, so she telephoned Aldridge, whom she had met through her work.

Brought a Gun

On the night of the shooting, Dr. Roberson said Aldridge had brought her a gun which she had asked him to purchase for her, and he was showing her how to load and unload it when her husband banged at the door and created a commotion.

After the shooting, Aldridge was taken to General Hospital where he died.

Following a hearing before a coroner's jury Friday, the shooting was ruled justifiable homicide on the part of an officer in the performance of his lawful duty.

Aldridge is survived by his mother, Mrs. Viola Dixon, 5836½ Hoover street, and two wives, one of whom is the mother of three children, while the other is the mother of one child.

Funeral services were scheduled for today, Thursday, at 10 a.m. from the Harrison Ross Funeral Parlor, 1839 Firestone blvd., with burial in Forest Lawn Cemetery.

1000 L. A. Baptists Greet Dr. Taylor

PRESIDES — Dr. Gardner C. Taylor, of Brooklyn, is presiding over the regional meeting of the National Baptist Convention, Inc. here this week.

Baptists Meet; Dr. Jackson's Backers Quiet

BY BARBARA MOUNTS

More than 1000 Baptists gave Rev. Gardner C. Taylor a hearty welcome when he appeared during the opening musical of the National Baptist Convention, Inc., Monday night at the Zion Hill Baptist Church.

A large throng of ministers and laymen were at the International Airport waiting to meet the prominent Brooklyn pastor whose claim to the presidency of the huge denomination is challenged by Rev. J. H. Jackson of Chicago, but his plane could not land because of fog.

PRESIDING

The musical was well underway when Dr. Taylor arrived.

Dr. Taylor is in Los Angeles to preside over the Western Regional session of the Baptists being held here this week, with headquarters at Zion Hill, Rev. Timothy M. Chambers' church.

Meetings similar to those of the Western sessions have previously been held in Louisville, Chicago and Philadelphia. At all of these meetings, one of Dr. Taylor's supporters claims, the ministers gave Dr. Taylor an overwhelming vote of confidence, thereby seemingly consolidating his claim to the presidency.

Rev. Jackson, however, and those who back him, energetically dispute Dr. Taylor's claims.

SUPPORTERS QUIET

Dr. Taylor is backed by such popular figures as the Rev. Martin Luther King, the Rev. Ralph D. Abernathy and the Rev. F. Shuttleworth, all of Alabama, all known for their civil rights fights. Rev. Abernathy is also in town and will be the principal speaker at Wednesday evening's session of the churchmen.

So far, the Jackson supporters have made no protest over Dr. Taylor's appearance here as presiding officer.

Dr. Taylor stated at the opening session Monday that he wishes to bring order, brotherly love and cooperation back into the National Baptist Convention, Inc.

Numbers Kingpin to Stand Trial

Ernest Russell, who police say is the kingpin of a local $1 million numbers racket, will have to stand trial.

Judge Vernon W. Hunt ruled Monday that the existence of a conspiracy had been established beyond a question of doubt, and therefore held that Russell plus a number of his co-defendants will have to defend themselves in court.

The preliminary hearing into the case started last January, following arrests in November, 1960.

Judge Hunt continued the hearing until next Monday, March 20, and urged defense attorneys to refrain from asking for a motion to dismiss charges involving the "big shots."

It was expected that such motions would be entered for those of the 30 defendants against whom little evidence was produced.

The cases of thirteen others who agreed not to contest the charges will be decided Monday, Judge Hunt indicated.

Mrs. Maude Walker, 1353 W. 30th street, was recently given a gold pen in appreciation of her services to the Diabetic Association of Southern California.

Fight Expected On Kennedy's Education Bill

The NAACP's unconditional opposition to Pres. Kennedy's Federal Aid to Education Bill that gives support to segregated as well as unsegregated schools received an assist Friday from the California Assembly.

The previous day Pres. Kennedy told his news conference that injection of the race issue or the parochial school issue into his $5.7 billion aid-to-education measure might defeat the bill.

'PHONY'

In Sacramento the following day, the Assembly, by a vote of 57 to 16, approved and sent to the Senate a resolution urging the California delegation in Congress to support federal aid to education but to make that aid "conditional on an absence of racial segregation in the public schools of any state receiving such aid."

On the same day in Washington, Clarence Mitchell, director of the NAACP Washington bureau, told the Senate Education Subcommittee that arguments that an anti-segregation amendment would kill the bill were "phony" and a "smokescreen."

In New York, the NAACP scoffed at talk of separating problems of desegregation in public education from the problems of "pure" education.

IMPROVEMENTS

Any attempted separation, said the NAACP, "would mean merely untangling and improving education for white youth while leav-

Atrocity Tales Hint Civil War Plan in Congo

BY GRACE E. SIMONS

Reports of an anti-white "orgy of hate" in the Congo were again receiving banner headlines in American papers this week, reminiscent of the days immediately following the granting of independence to the Congo last July 1.

The inflamatory claims at that time were the prelude to the reoccupation of the Congo by Belgian troops, although none of those "atrocity" stories were ever substantiated.

MORE FLIMSY

The current spate of reports seems even more flimsy than the earlier crop. An American girl—name withheld—was said to have been raped "somewhere in Kivu Province." U.N. representatives were reported "investigating."

A Catholic priest reportedly was made to commit "blasphemy" by chanting that Lumumba was the "Christ of the Congo." Was the word used actually "Christ" or was it "savior?" And is it so unusual to seek to deify a fallen hero? Was

Petition Governor To 'Save Centers'

Approximately 200 petitions to "Save Our Child Care Centers"—each petition containing 50 names—have been sent to Gov. Edmund G. Brown by mothers and other members of the Negro and Mexican-American communities of Los Angeles.

Many more such petitions are now circulating and will also be forwarded to the Governor. They ask him to use the power of his office to see to it that Child Care Centers and Extended Day Care Centers are kept open.

PLAN MEETING

The mothers have also formed an organization to prevent the closings, with Mrs. Doris Berryman elected as chairman.

A bill, No. 2164 was introduced into the Assembly last week by Assemblyman Augustus F. Hawkins authorizing the appropriation of $2 million to support Child Care Centers.

They have planned a public forum to discuss and publicize the need for maintaining — and extending — the existing centers.

Unemployment Reaches 8.5%

SACRAMENTO — Gov. Brown told an anti-recession conference here Monday that the number of jobless in California has reached the highest point since the depression days of the grim '30s.

He said that the rate of unemployment rose to 8.5 per cent of the labor force in February as against 8 per cent in January.

Employment Department figures showed that 556,000 Californians were out of work in February, 39,000 more than in January.

Previous surveys show that 20 per cent of the unemployed in Los Angeles are Negroes.

Half-Nude Body Left In Alley

The half-nude body of Jeanette Anita Jones was found early Friday morning in the alley in back of 2364 W. 31st street, a dimly lit area near the Jefferson Branch Library. She lived four blocks from the spot where the body was discovered.

She was lying on her back, the lower part of her body covered with a short beige-and-tan coat. The hands of the 20-year-old mother of three small children were tied behind her back. Her attacker had ripped off her panties and used them to fasten her hands together.

MARKS ON THROAT

There was a bruise on the young woman's cheek, marks on her throat. Police believed she had been criminally attacked and strangled. The coroner's office advised that death was caused by asphyxiation due to strangulation.

Mrs. Jones, former Dorsey High student, was employed as a waitress at Leonders' Grill, 5017 S. Ascot avenue. Her employer, William White, owner of the grill, said she left the cafe at about 11 p.m. last Thursday night.

Police advised that she was last seen on board an MTA trolley bus northbound on Ascot. They set the time of the killing at sometime between 11 p.m. and 6:15 a.m., when the body was discovered.

FEW CLUES

The killer left few clues as to his identity or as to how the crime was committed.

There were shoe-prints in the alley, the prints of a woman's

South Carolina Arrests 192 Demonstrators

COLUMBIA, S. C.—Main street in Columbia was declared "off limits" to Negro Easter shoppers here last week after the stabbing of a student leader and the arrest of 192 sit-in demonstrators, including a minister who serves as field secretary for the NAACP.

The minister, the Rev. I. DeQuincey Newman, said that South Carolina's Negroes are "more wrought up over the mass arrests than I have seen in 28 years of ministering to the needs of these people."

SEVERELY INJURED

He predicted that the "No Easter Buying" drive would be effective, since Columbia is the main shopping district for the entire state, and Main street is its center.

Negroes make up 34 per cent of the population of the state. In Greater Columbia, there are 50,000 Negroes, or 45 per cent of the population.

The student leader, Lenny Glover, was severely injured when he was stabbed by an unknown white assailant during a peaceful sit-in demonstration, but has now been removed from the critical list.

PROTECT BIAS

The doctor, who performed an emergency operation on the 24-year - old pre - theology student from Benedict College, said that the wound could have been fatal.

FOUND IN ALLEY — The strangled body of attractive, young Jeanette Anita Jones, a waitress and a mother of three children, was found early Friday in an alley in back of the Jefferson Branch Library.

DARKNESS AIDS CRIME — The half-nude body of Mrs. Jeanette Anita Jones was found in the alley shown at the rear of this picture, just to the left of the library (right). On Feb. 9 the Eagle called attention to the dim lights on Prescott court that lead to the alley, an invitation to crime.

Woman, 79, Gives Bunco Pair $1000

After a lull of several months, the bunco artists are on the prowl again. Last Friday morning, two Negro women, between the ages of 30 and 35 years old, walked up to Mrs. Alice Hummerwell, a 78-year-old housewife, and engaged her in a conversation at 59th and Avalon blvd.

One of the strangers told Mrs. Hummerwell she had just found a wallet with $3200 in it. Her companion suggested to the trusting housewife that they go to see her boss and find out what to do with the new found loot.

Getting in a late model car, the trio drove to a filling station near E. 57th and Avalon blvd. One of the women left the car for a short while. When she returned, she said her boss would hold the money until each of them had picked up some of their own money to "show good faith" and share in the profits.

The two women drove Mrs. Hummerwell to the Great Western Savings Bank at 7th and Hill street where the unsuspecting elderly woman withdrew a $1000 from her savings account and placed it in an envelope as the women requested.

Then the two strangers and their victim returned to 15th and Hooper avenue. After each claimed she went to see her boss and returned carrying what appeared to be a wallet full of money they asked Mrs. Hummerwell to show them the money she had drawn from the bank.

They exchanged envelopes with her and the elderly woman got out of the car. When she opened her envelope all it contained was strips of newspaper.

Beauty Shop Owner Freed

Haywood Jones, owner of La Coiffure Beauty Salon on Western avenue, who was beaten up by police when he was arrested and carted off to jail last October, was acquitted in a jury trial Tuesday.

The jury was out just two hours before returning the verdict, finding him not guilty of receiving stolen articles, as accuse

Jones immediately gave notice that he intends to bring suit against the arresting officers on charges of brutality.

Negro Newspapers Celebrate Founding

Negro newspapers throughout the United States this week are celebrating the founding of the first Negro newspaper in this country 134 years ago.

The celebration this year is scheduled for March 19-25.

In the year 1827, a group of Negro leaders in New York City met to discuss the problems of the race and resolved to publish a weekly journal to espouse the cause of freedom and the citizenship status of free Negroes.

FREEDOM'S JOURNAL

Thus on March 16, 1827, John Russwurm, a free Negro, published the first issue of "Freedom's Journal," in New York City, the first Negro American newspaper. Associated with Russwurm was the Rev. Samuel Cornish, also of New York.

These two pioneers of Negro journalism dedicated themselves to the cause of their oppressed brothers in the South and to the advancement of Negroes who had escaped to the North.

Russwurm's career in journalism was brief and he was soon "captured" by the Colonization Society and sent to Africa. His newspaper was suspended, but other Negro editors sprang up and began publishing newspapers to light the path of freedom.

The names of early Negro newspapers indicate the purposes to which they were dedicated. In addition to "Freedom's Journal," there were such designations as "Rights of All," "Mirror of Liberty," "Elevator," "Clarion," "Genius of Freedom" and "North Star."

Today there are upward of 200 Negro publications in the United States. These publications have a total per issue circulation of approximately two million copies, which are read by an estimated nine million members of the race.

EAGLE 'OLDEST

One of the oldest Negro newspapers in the United States that has published continuously since its founding is the California Eagle that was started in 1880-1881 and that will be celebrating its 81st birthday with its next issue, March 23.

Records of those early days have become blurred and there are several newspapers in the East and South that lay claim to being "the oldest." Establishment of the accuracy of these claims will probably have to wait until

Among others present were: Committee Members James H. Finis, Joseph E. Dow, Sr., Secretary Timothy W. Wright, Jr., all past masters of Holland. Also Gilbert W. Besides a crowded student program and extra-curricular activities, Miss Belcher finds time for such community activities as youth leader at Holman Methodist Church, YWCA, writing a youth column and representative to the Examiner Youth Forum.

The student aid program is a new venture for Holland Lodge which observes its golden (50th) anniversary in June of this year.

Last Rites Held For Organist James Cowan

Complications following brain surgery a year ago took the life of the amiable, talented, James Richard (Jimmie) Cowan, whose skill at the organ and piano made him one of the most sought after entertainers in the field.

Cowan combined the rare qualities of night club entertainer with church organist, and was an especially great favorite when he played homecoming engagements in his old home town, Wichita, Kan.

Death came early last Sunday morning at his home in the 15-unit Cove Motel which he owned in Van Nuys. His parents, Mr. and Mrs. James C. Cowan, of Wichita, were with him when he died. They came West when he suffered a relapse several months ago.

Funeral services were conducted at the Connor-Johnson Avalon Mortuary last Tuesday afternoon. His love of music, nature, flowers and color was symbolized by the blanket of American Beauty roses which covered his casket.

Rev. H. H. Brookins, pastor of First AME Church, and the former pastor of the church in Wichita wherg Cowan first practiced the organ, delivered the eulogy.

Popular and sentimental music as well as the deeply moving religious music was included in his repertoire. He played numerous benefit performances and was at one time organist at First AME Church, the Church of Divine Guidance and the Founders Church of Religious Science.

He was a student of the affairs of Africa and the Middle East, interpreting the music of those areas.

Surviving in addition to his parents are his two brothers, James C. Cowan, Jr. of Detroit and Kenneth Cowan of Los Angeles.

PROPOSED CHILD CENTER RELOCATION—Mrs. Mary Tinglof, candidate for reelection to the Board of Education, Office No. 2, who has stated she will vote against closing of Child Care Centers, inspects a suggested site for relocation of one of the centers on Wesley Methodist Church property, 112 W. 52nd street. Left is the Rev. E. W. Rakestraw, pastor of the church, and right, the Rev. Maurice A. Dawkins, pastor of People's Independent Church.

Drop S. Africa, Nkrumah Tells Commonwealth

LONDON—Two African leaders warned Saturday that their countries may pull out of the British Commonwealth if South Africa is permitted to remain.

The two were Kwame Nkrumah of Ghana and Julius Nyerere of Tanganyika.

Basis for the threatened action is South Africa's apartheid (segregation) policies and oppression of non-whites. A commonwealth conference is currently taking place in London.

Breakfast Club Fetes Negro Newspapers

C. MARIE HUGHES

In observance of National Negro Newspaper week, local newspaper representatives were guests of the Women's Sunday Morning Breakfast Club last Sunday at the Clark Hotel.

Highlight of the entertainment was a "What's My Line" type of panel with five members of the local press as panelists. They were Marilyn Holder, Jessie Mae Beavers, Wendell Green, Marie Hughes and A. S. "Doc" Young.

Tom Hawkins of KGFJ was moderator.

Of the four guests, the only one that enabled the panel to sparkle was the "mystery guest," Eagle columnist, Bill Smallwood.

The other guests whose occupations remained a mystery even after the astute panel questioning were: Abel Peck, project historian of Abel Space Technology, Pioneer 5; Alvano T. Dean, research mathematician at Litton Industry and Mrs. G. Mansfield Collins, research mathematician at the Space Control Laboratory.

Dr. Jean Lightfoot, executive director of the County Conference, delivered the principal address on Negro newspapers to the capacity crowd.

She told the audience that down through the 134 years since the first Negro newspaper, "Freedom's Journal," was published in 1827, the press and the pulpit have had the greatest effect on the life of the Negro.

Dr. Lightfoot stated that the Negro newspaper has become a racial "watch dog."

In Rio de Janeiro union chorus girls demanding higher pay threatened to appear on stage fully clothed unless their demand was granted. A new contract was quickly forthcoming.

Woman, Youth In Fight, Both Land in Pokey

A 28-year-old woman, who claims she was hit over the head with a hammer, and a 17-year-old youth whom she named as her attacker, were arrested last Saturday afternoon and booked for assault with a deadly weapon.

Dorothy Brown, of 421¾ E. Adams blvd. was taken to jail and Edward Raymond Jackson of 2517 S. Trinity was removed to Juvenile Hall.

When police arrived they found a hammer on the ground. Young Jackson admitted he had used it to hit Mrs. Brown but said she had threatened him and started toward him with a knife.

The fight started, Jackson stated, after his sister told him James H. Brown was beating and kicking his little brother. Mrs. Brown, he said, had chased him for several feet with a paring knife before he turned and struck her with the hammer so hard she dropped the knife just as she was in reach of cutting him.

Mrs. Brown denied Jackson's charges. She told officers that Jackson had been molesting her children. While her husband was trying to talk to him, he began to shout and swear, she said. It was after she told him she was going to talk to his mother that he hit her with the hammer, she added.

Two Million Negroes Lose Vote in South

WASHINGTON — At least 1.7 million Negroes were arbitrarily kept from the polls in the 1960 elections, according to the American Heritage Foundation.

The report characterized the figures as a "modest estimate" based on findings of the Civil Rights Commission.

The foundation said Negroes were barred by "rigged literacy tests, poll taxes, social pressures and other means."

In all, the report claimed, 19.6 million citizens of the United States were unable to cast ballots because of voting and other restrictions. Reasons, other than discrimination, were given as residence requirements, illness, etc.

A Depression For Us

The bitter jest that when there's a recession for whites there's a depression for Negroes is borne out by figures collected for 50 American cities by the National Urban League.

In Los Angeles, for example, 20 per cent of the jobless are Negroes and although only six per cent of whites are said to be without employment more than eight per cent of Negroes can't find work.

The figures for Chicago and Detroit are even worse. Thirty eight per cent of the Negro work force in Detroit can't obtain jobs and 17 per cent of Chicago Negroes are unemployed.

What these figures don't show on the surface is that in the majority of cases Negroes have been without work for longer periods of time than white workmen.

The disparity in Negro unemployment is traceable to a number of immediate causes. One of the prime reasons is that a disproportionate number of Negroes hold lower bracket jobs where cutbacks are easiest to make.

In other instances, Negroes suffer from lack of seniority even where they work in skilled categories and, of course, they're the first to go. Outright discrimination plays its part with some employers firing Negroes as a deliberate policy and with some unions winking at the practice.

Behind the whole scene lies the fact that Negroes are in marginal industries and that long continued discrimination has kept them out of permit race or color to doom a worker

Unless the growth of unemployment is halted Negroes will continue to suffer. Every retrenchment will add a disproportionate number of them to the unemployment rolls and in many instances the jobs they once held will be permanently abolished through automation.

When an upturn comes and industries begin re-employment there is a danger that fired and laid-off Negroes will be replaced by whites.

As the Urban League puts it, the time to tackle these problems is Now. Unless immediate steps are taken Negro workers may be relegated to the ranks of the permanently disemployed.

Although governments, federal or state, can't do the whole job there is an urgent necessity for positive governmental action to eliminate discrimination whether by government, by employers, or through union customs and rules. President Kennedy took a positive step in the right direction with last week's revision of executive orders affecting employment by government contractors.

California should step in by making our FEPC more effective and by giving it funds adequate enough to police the problem in our state. Employers and unions need to live up to their fine words.

Nothing could be more dangerous to the welfare of the nation than to permit race or color doom a worker er to permanent lack of a job.•

Growth and Responsibility

The 1960 census returns show that California has a larger Negro population than five out of 11 states of the old Confederacy. It outranks Arkansas, Florida, South Carolina, Tennessee and Virginia.

If the figures were up to the minute the chances are that our state would also outrank Alabama and Mississippi. The former stood virtually still in the decade from 1950 to 1960 while Mississippi lost Negro population. In those same years, California's Negro population almost doubled.

The returns also show that California has a larger Negro population than the combined Negro populations of the border states of Kentucky, West Virginia, Missouri and Oklahoma.

New York and Illinois are the only northern states with a larger Negro population than ours.

To sum it all up, California is now called home by slightly more than four and a half per cent of the nation's 18 million Negroes.

California's Negroes have grown into a situation where we can exercise increased, and ever increasing, influence in local and state governmental affairs. Thus far, we haven't done very much. We have only two assemblymen out of 80 in the state assembly. There are only two city councilmen in the entire state. We have no Negro congressmen. There are only six Negro judges in the state.

We ought to have more, much more, representation. We will get it only if we exert the power that we have at hand.

Back the Housing Bill

The Hawkins bill forbidding discrimination in the sale or rental of real property has cleared its first hurdle with an OK from the assembly committee to which it was referred.

That's fine but we must remember that the FEPC bill cleared assembly committees years before it was enacted into law. The housing bill will run into the same kind of trouble unless it gets grass roots support.

The growth in California's Negro population from some 400,000 in 1950 to 883,000 in 1960 has been reflected in the growth of residential segregation. Negroes are now pretty well contained in ghettoes in all of our large, and small, cities.

California Negroes can now buy all commodities in the open market except housing. When they seek to buy or rent homes they are told that their color disqualifies them.

Those who must purchase goods in a restricted market are always forced to pay more for less desirable merchandise. Just suppose, for example, that we could buy only Lucky Strike cigarets. We would soon find that those who had Luckies to sell had jacked up the prices and had nothing to offer except stale cigarets.

Heaven helps only those who help themselves. The California Fair Practices Committee has planned a rally in Sacramento for April 15 to explain the case for a fair housing law to legislators and state officials. Let's get behind the Committee and help make the rally a success. We must impress laggard assemblymen and senators with our demand for the right to buy or rent a home on equal terms with other Californians.

Threat of Civil War Mounting in Congo

(Continued from Page 1)

the priest Belgian and so associated in the minds of the Congolese with the atrocities they have suffered at the hands of the colonial power for three-quarter of a century?

Nuns allegedly were treated crudely and one reportedly suffered a broken arm. A half dozen other Belgians were said to have been manhandled. Another 300 or so whites presumably are living in terror.

FEW OUTBREAKS

While no-one lightly dismisses atrocities, still it seems rather surprising that after the assassination of the premier of the Congo, Patrice Lumumba, who was looked upon by his followers as a martyr and a hero, there should have been as few anti-white outbreaks as seems to have been the case. In addition, there is a strange disparity between the hue and outcry over alleged atrocities to white persons in the Congo and the stolid indifference shown by U.N. troops and others when Lumumba and his aides were brutally beaten and then assassinated.

Also there is some suspicion that the present rash of "atrocity" stories might—as did the earlier batch—presage a new assault on Congolese independence.

LOOSE FEDERATION

This view seems to be buttressed by the fact that although forces of the Kasavubu-Mobutu government have been reported rioting and out of hand for weeks, the "atrocity" stories come from the area occupied by pro-Lumumba forces.

The Kasavubu regime in Leopoldville and the Tshombe regime in Katanga Province, plus other lesser lights, met over the weekend in Tananarive, Malagasy Republic, to form a loose—very loose—federation, excluding the pro-Lumumba forces in the north under Antoine Gizenga. This is the type of set-up Belgian and the United States have consistently sought.

The United States and the United Nations still support Kasavubu and oppose Gizenga, whom they brand as "Communist." This is so despite the fact that Kasavubu's forces have defied the U.N. and driven U.N. forces out of the port cities of Matadi and Banana.

BELGIANS REMAIN

While the U.N. has called for the ousting of the Belgians from the Congo, they are still there, and there are few signs that they will be made to get out. Yet, both Adlai Stevenson, U. S. ambassador to the U.N., and Pres. Kennedy have issued warnings to the Soviet Union tax against supporting Gizenga.

Though news from the Congo is spotty, there appears to be two centers of strength — Tshombe, backed by the Belgians, in Katanga, and Gizenga, recognized by some 16 nations as the legitimate government of the country, in the north.

Kasavubu and Mobutu, whose armies are not considered reliable, string along with Tshombe, while the U.N. and the United States, despite rebuffs, string along with Kasavubu.

This line-up of forces could presage a civil war with Tshombe, Kasavubu and the U.N. in one camp against Gizenga and the pro-Lumumba forces in the other.

The struggle, though confused, is still between the Lumumba concept of a strong, independent Congo, represented now by Gizenga, and the loose federation of tribal groups, supported by the Tananarive gathering and the West.

Woman's Half-Nude Body Found in Alley

ripple-soled shoes. Mrs. Jones was wearing ripple-soled shoes. There were a few coins—a nickle, a quarter, two pennies—about six feet from the body. That was all.

The crime was discovered early Friday by Hiromaso Akai, who lives at 2364 W. 31st street. He tried to open the gate at the rear of his house, but it didn't swing back. When he looked to determine the cause, he saw the body of the young woman, wedged between the fence and the garage door.

'SHORT CUT'

Police theorized that Mrs. Jones, after leaving the bus, probably took a "short cut" through Prescott court to the alley on her way to her home at 2911½ S. Arlington avenue.

The poor lighting in the vicinity of Prescott court has long been a source of concern for residents of the area who have been aware that the dim shadows are an invitation to crime.

In its Feb. 9 issue, the California Eagle called attention to this in a story on the Jefferson Branch Library, whose entrance is on Prescott court. Parents in the neighborhood were apprehensive about letting their children go to the library after daylight because of the potential danger caused by improper lighting.

FUNERAL SATURDAY

The young Mrs. Jones is survived by her husband, Jefferson Jones, to whom she had been married four years; her mother, Mrs. Viola Wickliffe; her father, Woodson Wickliffe; and her three children; Tyrone, 3; Lemona, 2; and Dinitia, 7 months.

Born in Hollywood, Mrs. Jones was a graduate of Dorsey High School.

Funeral services will be held at 1:30 p.m. Saturday from the Tabernacle of Faith Baptist Church, 11328 S. Central avenue, with the Rev. F. D. Ferrell officiating. Funeral arrangements were being handled by Harrison-Ross Funeral Home.

Sacramento Paper Backs Housing Bill

SACRAMENTO—Important support for Hawkins' Fair Housing bill was seen here this past week when the measure gained whole-hearted editorial support from the "Sacramento Bee," a McClatchy publication.

The editorial stated in part:

"The passage of the Hawkins bill, AB 801, should have many very healthy effects. No longer would a citizen who is refused housing because of his race or religion had to initiate expensive and complicated court action to gain his legal rights.

"The denial of free choice of housing to members of minority groups creates an unhealthy situation in any community. It is morally wrong. It groups minorities into unnatural clusters and develops potentially dangerous tensions. And the schools tend to become segregated by indirection with much of the same damage to student, school and community which exists to such an unfortunate degree in the south.

"The Hawkins measure would also help to clarify the actual extent of discrimination in real estate operations in the state, a field in which facts now are frequently difficult to obtain.

"The Bee is wholeheartedly opposed to discrimination wherever it may exist. This is true whether it be found in New Orleans or Sacramento and whether it is brought about by un-American racial doctrines or reactionary housing practices."

"Instead of loving your enemies, treat your friends a little better."—E. W. Howe

Fremont Student Is 'Sheriff'

Toniann Lee, 17-year-old A-12 student at Fremont High School, picked out a tough job for her participation in Girls' Day in Government.

At 9:30 a.m. Tuesday she started answering telephone calls, responding to buzzers and delving into the manifold tasks that daily face the head of the County's law enforcement department—Sheriff Peter Pitchess — and became Sheriff-for-a-Day.

But Miss Lee, who lives at 9912 Paloma street, is not one to shy away from responsibilities. Her vice principal says she has "leadership ability" and that she is "talented in dramatics."

She is president of the school's Al-P-Ee-Le honor society, a cheer leader and a member of the student council.

And in her spare time, she likes to read, participate in interpretative dancing and, as a hobby, collect pictures of VIPs.

Letters To The Editor

To the Editor:

I have been a volunteer at the Woodlawn YWCA Center for the past ten years and the article appearing in the March 2 issue of your paper—"Community Incensed Over Woodlawn YWCA Delay"—revealed many statements that I feel should be refuted.

First, it is truly unfortunate that the "indignant YWCA-Conscious Community" you mentioned as being so incensed over the delay is not equally incensed over the appalling lack of volunteer workers, the use and rental of the present facilities and the decreasing membership roles. A youth serving agency must have expressions in time, money and interest from a community in order to exist. At the last General Membership Meeting held at this center, five people attended.

Your article stated that staff at the center will be fired if the proposed reductions of staff are approved. This is not true. The Metropolitan Board has plans to initiate a redistribution of clerical staff throughout the entire city based upon a scientific study done by a management firm. In centers where membership is growing—more staff is needed. In centers where membership is not—less is needed. This is the obvious answer to the question—Why are appropriations for Woodlawn the first to be cut? There is no "red tape" blocking this solution. It's a matter of community support.

Before any center can relocate, it must have the approval of its Board of Directors. This is true of any agency anywhere for a Board exists to make such decisions. Key people from our own community are on this Board, namely: Mrs. Elbert Hudson, Mrs. Horace Mays, Mrs. Gaynelle Miles, Mrs. E. W. Rakestraw, Mrs. George Thomas, Mrs. Leslie Shaw. Woodlawn has not had the approval on the suggested site for the Board (acting on the advice of an Advisory Board composed of top businessmen in the city) did not consider them appropriate.

Before any center can relocate, it must have the approval of the Welfare Planning Council. This Council provides cooperative planning coordination and research for health, welfare and recreation services in an area. Woodlawn has not had this approval.

At the present time both the Metropolitan Board and the Planning Council are working to make this center's relocation possible.

I would also like to answer the question—Is Woodlawn doomed with the money going into the general fund? No it is not! If the present building should be sold, the money would be placed with the rest of the center's Building Funds which have been gathering interest while being safely held in two of our Negro Savings and Loan Institutions (both Federally insured).

I would like to add one statement—the solution lies in working together and in continuing efforts to find a site that meets the requirements.

There is great value for this organization in our community. In order to secure something of value, you must pay the price—for with rights go responsibilities. With support from our community—our center can continue to grow and to enlarge its services and to give our youth what they so definitely need—leadership training experiences.

MRS. LESLIE N. SHAW
Member of Woodlawn Center Committee
Vice President of the YWCA of Los Angeles.

TO THE EDITOR:

This is a "letter to the editor" only in the sense that I can sincerely offer you some praise for the quality of your paper, the decency of your headlining, the refusal to over-emphasize the sensational, and the complete and continuing coverage of items that other papers often give the skimpiest coverage to, i.e., Andrews v. Sante Fe. My wife and I enjoy the paper thoroughly and are proud to have it here for so many friends to read and enjoy also. In many ways, it is a better paper than either the Chronicle or Examiner which are often blatantly everything a paper shouldn't be.

We are both graduating from Stanford this summer with Masters' degrees and are busy interviewing for jobs now . . .

Again, thank you for a satisfying paper.

Jail 192 Students In South Carolina

(Continued from Page 1)

of the arrest of the 192 Negro college students.

Spearheaded by the NAACP Intercollegiate College Chapter, more than 200 students demonstrated against the state's virtually ironclad bias in employment and public accommodations.

They were also protesting against the racist policies of the state's Committee on Segregation. NAACP youth participants came from eight South Carolina cities.

MASS ARRESTS

Although other groups have held demonstrations here, Harry C. Walker, legal assistant to the governor, told the students that they could walk around the capitol "like anybody else" but if larger groups marched, it would be considered a demonstration.

City and state police told the students, neatly dressed and in orderly lines, that they had 15 minutes to disperse.

The students continued to march and the mass arrests began. Those arrested were taken to the city courthouse by carloads.

JUST JOINED

A white freshman from the University of South Carolina, Frederick Hart, 17, reached over to shake hands with a Negro student in a police car being taken to jail. Asked if he were an NAACP member, young Hart, a native of Falls Church, Va., responded, "I have just joined."

He was arrested.

The NAACP furnished nearly $10,000 in bonds to secure release of the students.

While South Carolina is currently the hottest spot in the sit-in movement, the boycott is being extended to six southeastern states by 200 NAACP branches—Florida, Georgia, Mississippi, North and South Carolina and Tennessee. One phase of the drive is "Operation Do Re Mi"—to raise much needed funds for the NAACP.

NAACP youth leaders David Carter and James Edwards Jr. were both among the 192 arrested and were both placed under $5000 bond. They were charged with "contributing to the delinquency of a minor."

Bail for Carter was later reduced to $3000, for Edwards to $2500.

Gov'r Brown Petitioned for Child Centers

(Continued from Page 1)

That meeting will be held next Friday evening, March 24, at 8 p.m. at the Menlo Avenue School.

Atty. Loren Miller, publisher of the California Eagle, will be chairman of the meeting. Five Board of Education members have been asked to attend. Of the five, Mrs. Georgiana Hardy and Arthur F. Gardner have said they will be there.

TWO COMMITTED

No word had been received at press time from Dr. Hugh C. Willett, who is up for reelection, J. C. Chambers or Charles R. Smoot.

The other two Board members, Dr. Ralph Richardson and Mrs. Mary Tinglof, have both appeared at a previous public meeting of the mothers and have both stated unequivocally that they will vote against the proposed closings.

The mothers hope that the five members who are either uncommitted or who have indicated they will vote to close to centers will be persuaded to vote against closing after hearing the views of the mothers of the 13 centers involved.

All 13 are in the heavily populated central and south-central areas of the city, inhabited almost entirely by Negroes and Mexican-Americans. None of the city's other 70 centers are scheduled for closing.

Nine centers at six local schools are to be closed June 30 of this year, if the proposed plan is approved by the Board of Education. The other four will be closed sometime next year.

ing desegregation to the resourceful whimsies of chance, politics, bigotry and manifold economic and personal pressures" and would perpetuate the "crippling of more than two million Negro youth preparing for life in 1980."

The NAACP statement was given to the New York Herald Tribune in answer to its query as to the Association's views on the withholding of federal money from school districts that have not desegregated their schools.

KENNEDY AVOIDS ISSUE

All funds going to states for education, including school lunch programs, research, land grant allocations, agricultural monies, etc., should be withheld, said the NAACP, "if the programs administered with said funds are racially segregated or discriminatory."

Pres. Kennedy, in his press conference, said that advocacy of inclusion of support for parochial schools and of bars to segregation in school-aid measures has killed them in the past.

The President did not say, however, how he would see to it that schools in the South would be made to obey the 1954 Supreme Court Decision nor did he touch upon the constitutionality of taxing all the people, including Negroes, for support of segregated schools from which Negroes are barred.

POWELL RELUCTANT

Adam Clayton Powell, New York Congressman who is now head of the House Labor Committee, has so far shown reluctance to tack his customary "Powell Amendment" (barring federal aid to segregated schools) onto the President's bill. He said in a recent television interview that he believed Pres. Kennedy would, by executive action, make such an amendment unnecessary.

So far there has been no executive action to give substance to such an expectation.

WOMEN'S COMMITTEE—The Women's Committee shown here with Rev. H. H. Brookins of First AME Church, are ready now to launch the Building Fund Pledge drive for the relocation of the church. Mrs. Paul R. Williams, extreme right in the front row, is chairman of the group. The drive will be officially opened next Sunday.

Westminster Mariners Set Health Series

The Catamarans Mariners' Club of Westminster Presbyterian Church, 2230 W. Jefferson Blvd., will present a series of Health Movie lectures, at the church, each fourth Friday at 7:30 p.m. at the church. Rev. James E. Jones, pastor of the church, said that of members of the Charles R. Drew Medical Society will discuss the various problems confronting family health.

"Keeping Your Child Healthy," is the first lecture title with a movie "Journey in Health," shown at 7:30 sharp.

Edgar Embry is the skipper of the Catanarans.

Oldtimers remember the good old days when time was always marching on instead of running out.

ELDER HAMPTON

Elder M. Hampton, of the Church of God in Christ, will be the speaker at 3 p.m. next Sunday at the Ebenezer Baptist Church, 4901 Avalon Blvd.

A musical program featuring several outstanding artists will also be given according to Rev. F. Cameron, pastor of the church.

First AME Building Fund Campaign Set

Many weeks of hard work and intensive planning have been given to effecting the pledge campaign of First AME Church. Some 100 women of First Church have been instructed and briefed by Dr. H. H. Brookins and the general chairman, Mrs. Paul R. Williams, for what is reported to be the biggest financial campaign in the history of the church.

Mrs. Williams stated at the meeting on Thursday night past, "Ladies, the time has come for us to put our instructions and information, into production and realization."

The Building Fund Guild of the church is divided into 10 divisions with captains, co-captains and key workers. The membership of the church is divided into groups and each division will be assigned to solicit pledges from these groups.

On Sunday, March 19, these workers will be given assignments by Rev. Brookins during the morning service and they will be sent out into the fields of service as a unit, to systematically canvass the entire membership in a given period of time.

First AME Church, the oldest among Negroes in the city was founded in 1873, is handicapped now in its historic location at Eighth and Towne. It community services are limited and accessibility to the church is poor because of the highly commercial district in which it is located. Although the matter of relocating has been one of discussion under many pastors, the present pastor has been able to marshal the forces and enthusiastically unite the membership to the end that it is reported to be certain that the congregation will now build a new edifice.

SEVEN LAST WORDS

The "Seven Last Words of Christ," by Theodore Du Bois, will be presented by the Senior Choir at First AME Church, on Good Friday, March 31, at 11 p.m., under the direction of Charles Turner.

DISTRICT MEETING

The district meeting of the Southern California Conference of the AME church will meet at Price Chapel AME Church on Thursday and Friday, March 23-24. Bishop H. Thomas Primm will be the speaker at Price Chapel next Sunday at 10:45 a.m.

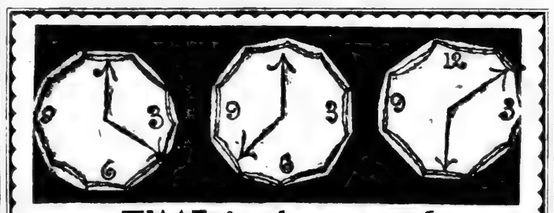
Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.



Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

If, in analyzing the 1961 Marine League track and field picture, one could revise a couple of lines from a once-popular song, they would probably put it this way: "It's still the same old story . . . Jordan gets all the glory."

Indeed, no one sees any reason why Jordan should abdicate its throne as a spike power this year, least of all Bulldog coaches Norm Forster and Jess Flores, who are keen on their prospects.

In the sprints, Jordan has lost fabulous Hubie Watson and his shadow, Johnny Peters, but any school would be delighted with Ronnie Charles (9.9 and 22.4) and Lawrence Bonner (10.0 and 22.0). John Sampson (10.0 and 22.0) is ineligible, but may be able to run later. Charles can run a 51s 440 and James Reed is at 50.8, so the short races are very strong.

Charles Lovan, 1:23 B 660 man last year, clipped 2:03 in the 880 last week and Johnny Fisher was a 4:43 miler last year. All-City football and Lawrence Mills has done 15.0 and 20.5 in the hurdles and Robert Louis Stephenson, up from Bees, is right with him in both events.

Flores figures four boys will go over 6-0 in the high jump, with newcomer Eamon Johnson possibly the best. Harold Lott has vaulted 11-9, but is tabbed for 13-0 and the broad jump is loaded with John Wesley, 22-7½, plus three 22-footers, Tommy Gaines, Troy Gill, and Paul Burghardt. Only the shot, which is nil, looks bad.

Coaches Norm Forster and Jess Flores who nursed Hubie Watson as a prep will both be happy to know that the former Jordan sprinter just set a new school mark in the 220-yard dash with a time of 20.8 at Arizona State University where he is now performing. He also sizzled to a 9.5 century in the meet against Occidental College which defeated Arizona 71-60.

Next Stop Liston

QUICK RECOVERY — Floyd Patterson rallied three times to score a stunning six round knockout over Ingemar Johansson before 15,000 in Miami Beach last Monday. He announced he will probably defend his title against Sonny Liston, top heavyweight contender, sometime in September.

The 28th Street Branch YMCA's annual Golf Tournament will be held Friday, March 17 at Rio Hondo. It has been claimed recently that women golfers have lost interest in tournaments to the extent that some of the clubs are dropping the ladies' flights altogether.

When we questioned tournament chairman Lee Marshall concerning his women entrants, he said that he was a little disappointed in their participation last year and hoped that more would play if only to give the YMCA their financial support.

Charles Sifford will play in a featured foursome and it will be worth any golfers' or would-be-golfers' time to see Sifford's game.

We would also like to inject the hope that all members of the tournament committee will put in their appearance this year. Last year we noticed that this same committee was advertised to appear but most of them did not show; also we would like to see the winners of the various trophies remain to receive their awards. It was quite embarrassing last year (and it is not fair to such a nice guy as Lee Marshall) to leave him in the presence of the Rio Hondo members (who have no interest in the tournament) to call names of winners who had gone home.

What can you make of this crazy pattern? Two weeks ago the Sepulveda Women (150 of them) entertained the Fox Hills' women golfers (who have refused to accept one Negro woman in their golf club). A good time was had by all; coffee and doughnuts were served on the first tee, then the Fox Hills' women invited the Sepulveda Women to be their guests at Fox Hills.

We accepted and played with them last Friday. There were three Negro women golfers who arrived with the Sepulveda players and they were treated like all the rest of the honored guests. In fact the red carpet was rolled out for us. The Fox Hills' ladies served a most delicious luncheon and set up a private bar in the Ladies' Lounge. We played bridge and "cried" over our bad scores until the sun went down.

We couldn't help but feel a little sorry for some of the Negro golfers we saw waving to us from the public club house when we entered the private ladies' quarters.

It was also some type of "sweet revenge" to sit and receive the best of service from two Negro waiters in a club house that was once locked (nine years ago when we were members of the Vernondale Club) to keep us out.

One of the members of the Fox Hills Club was not the least disturbed when she played with this reporter because she shot a "cruel 79" and admitted that it was the first time she had broken 85.

We would like to reiterate that a swinging good time was enjoyed by all and that we were even given an invitation to "come and play again just any day you say." Again we ask you, "What kind of answer can you give to this crazy pattern? Would you just settle for calling this "sweet integration?"

Davey Moore, Danny Valdez Set To Sign For Title Go

Olympic Promoter George Parnassus is expected to announce this week the definite date for the Davey More-Danny Valdez world featherweight title match.

Parnassus reported that he was "pleasantly surprised" by the large amount of mail and calls the Olympic has received concerning the 15 round fight.

"From early indications, I would say most fans would like the bout to be held Friday night, April 7", Parnassus added.

Featherweights and lightweights feature in tonight's (Thursday), offering at the downtown mitt club. Tony Herrera and Henry Nieto, two scrappy 126-pounders, hook up in the off TV 10-rounder.

Eddie Garcia, a newcomer from Denver who holds a win over Ike Chestnut, will make his local debut against Emilio Flores in the KTLA-TV main event.

Cocktail Softball League Season Opening Games Set

BY EDW. "ABIE" ROBINSON

The Associated Cocktail Lounge Softball League opening games are scheduled Sunday morning April 9 at playgrounds yet to be named. At a meeting held in Tommy Tucker's Playroom last Tuesday a large representation of the various cocktail lounge owners selected colors, uniforms, and voted to limit the league to 16 teams which will be divided into American and National or the Elbow Benders and the Hangovers.

A three man committee will set rules for the league and meetings of the League's brass will be held on Tuesday.

Edgar Charles, well known organizer of playground softball teams, has the job of formulating plans of the new league.

Participating in last Tuesday evening's meeting were Steve Hale, Tommy Tucker, Mac McDiarmid, Bill Hutson, Jerry Brown, Gertrude Gipson, Edgar Charles and Jeanette Baker.

Lounges invited to play in the new league are Caribbean, Playroom, Collins, Nitelife, Milimo, Cole's Kings Hotel, Dynamite Jackson, Town Tavern, Masque, Intermission, Sportsmen, Watkins Hotel, Clark Hotel, Sea Food Grotto, Capri, Leroy's and McCastle.

Interest in the new league is mounting as several teams are already scheduling practice games. The league is strictly for the 40 and over set and must be cleared by one or more owners of cocktail lounges as having been long time elbow benders.

The idea of the new loop is in keeping with the JFK's National Physical Fitness Program, and owners will however deny that they really formed the league to keep the alcoholic healthy for an healthy alcoholic is a profitable one.

However, the games will provide a lot of fun for those who care to participate and games will draw the owners closer together and we are certain some good will come out of the league.

Trotters, Collegians Clash Here

The Los Angeles game of the World Series of Basketball, featuring the fabulous Harlem Globetrotters against the 1961 College All-Americans, will be played at the Memorial Sports Arena Saturday night, April 15.

Announcement was made by Abe Saperstein, originator of the famed coast-to-coast tour, who is resuming the series after a two-year lapse.

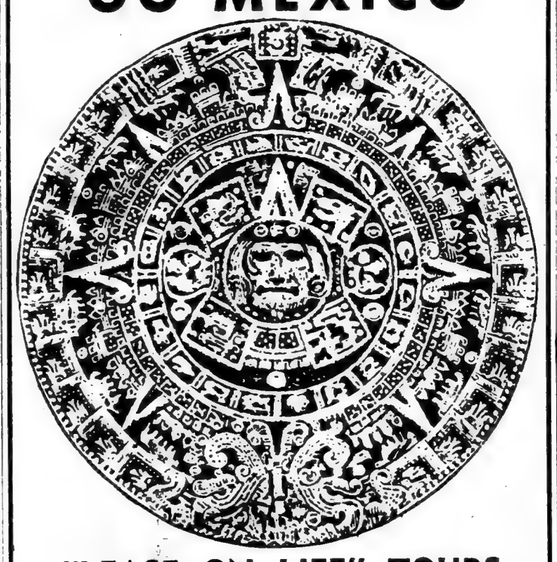
The Pan American Games of 1959 and the Olympic Games of 1960 impelled Saperstein to forego the tour, thus leaving the finest collegiate players available for national teams. Victories for Uncle Sam in both international tournaments was ample reward.

The 1961 series will be the tenth, and the Trotters who leave their zany antics in the dressing room against the All-Americans, have been victors in all nine previous tours. The prize clown of the Trotters, Meadowlark Lemon, is a player of tremendous talent as well.

A&T College Baseball Team Slate Games

The A&T College Aggies, defending CIAA baseball champions, will open their home schedule against Cornell University of Ithaca, N. Y.

The New Yorkers will invade Greensboro for two games on Thursday and Friday, March 30 and 31, both to be played at Memorial Stadium beginning at 2:00 p.m.



One night game has been scheduled and that against Delaware State College on the evening of April 1, at Memorial Stadium beginning at 7:30 o'clock.

The earth is solid for about 1800 miles below its surface.

WHAT'S DOING

The strange, horn-shaped objects in this picture are radio antennas used for long distance phone calls.

Though few telephone users are aware of it, a big share of today's long distance calls travel by radio relay rather than wire.

Its big advantage is that it can handle a huge number of calls. The first coast-to-coast radio relay network, completed in 1951, carried 3,000 phone calls at once. Now a new system has been developed that can take care of 17,500 phone calls simultaneously. It's already in service on part of our transcontinental network, and other installations will soon be made here in the West.

* * * * *

Ever wondered how you hear the phone ring at the other end of the line when you telephone someone?

Actually, you don't hear the other person's phone ring; you hear a ringing machine at the telephone company. (That's one in the picture.)

It rings all the time, sending out evenly spaced ringing signals. When you call someone, signals from the machine make his phone ring. You can't hear this ring, so the machine sends you another ringing sound to let you know that your call has been put through.

This same machine sends you the "busy signal" and the signal you hear if you have accidentally misdialed.

JOB SEEKERS ATTENTION

Are you looking for a job? Bobbye Farris was two months ago. One of our Service Representatives gave her full information and recruited her for our company.

FANTASIA AMERICANA SHOWSTOPPERS—Among the exciting entertainers performing during the AKA's show last Friday night were the Trinidads, a group of students from the West Indies, who are shown doing the "Limbo." (Adams)

Alpha Kappa Alpha Sorority Holds Exciting Fantasia Americana Affair

LUCKY TICKET HOLDER—Norma Earles, second from left, presents John Sandov a $50 Savings Bond, one of the door prizes at the Fantasia Americana affair held in the beautiful International Room of the Beverly Hilton Hotel. Also pictured are Lucille Bryant and Derotha Allen who offer congratulations.

Fantasia Americana was an evening to remember and was thoroughly enjoyed by all patrons in attendance at the International Room of the Beverly Hilton Hotel on Friday, March 10.

The guests were graciously greeted and shown to their seats by the Ivies, who were dressed in Spanish costumes to help set the mood for the evening. Table decorations of Spanish hats, figures and marachis enhanced the Latin American theme and were souvenirs for the guests.

Peppy Prince, band director, introduced Alice Long, basileus of Alpha Gamma Omega Chapter. Mrs. Long welcomed the audience and thanked them for the support given Alpha Kappa Alpha projects. Mrs. Long then introduced Lucille Bryant, Far Western regional director, and Derotha Allen and Norma Earles, co-chairmen of the event.

The inimitable Bert Gipsen, dancer, performed as did also Charlotte Lavonde, internationally known singer, who was warmly received as she sang several numbers in different languages. The highlights of the show was the Trinidads, a group of students from the West Indies who demonstrated professional ability. The show-stopper was the Limbo, performed by this excellent group. The entire show was staged and produced by Peppy Prince.

The members of the Ways and Means Committee worked hard to make this an enjoyable evening. Committee members were Derotha Allen and Norma Earles, co-chairmen; Glodeen McClaine, decorations; Frances Robinson, souvenir booklet; Janie Johnson, hostesses; Eugenia Scott, promotions; Inez Brown, reservations; Ernestine Hibbler, invitations; Vivian Strange, door prizes, and Barbara O'Neil, publicity.

SCHOLARSHIP FUND—Undergraduates enjoying the scenes at the Fantasia affair are Yvette La Vigne, Eleanor Wilbon and Carol Christopher. Proceeds from the show will be used for the AKA scholarship fund. (Adams)

WINS SAVING BOND—Dapper Bob Thomas, well known men's clothing salesman, is shown receiving a $25 Savings Bond from Derotha Allen. Looking on are Norma Earles, co-chairman of the Fantasia Americana affair, and Lucille Byrant, Far Western regional director of AKA sorority. Mr. Thomas quickly announced he would donate the bond to the Urban League. (Adams)

Arlene Provost and her mother, Ethel, cohostessed a lingerie shower at Dublin's for willowy Angelita.

Juanita Miller, Mae Harvey, Dorothy Johnson, Laura Fowler and Penny Carr gathered up Betty Vaughn (left Mon. for Bermuda via NYC and other Carib stops) and had a Sat. brunch date; Betty's sister, Alice, and teenage son will jet back here with her from DC for a visit when Betty heads West again in Aug. Today (15) is birthday for Mildred Hawkins. Libby Clark expects a cocktail hour crush of folk Frid. when she displays pictures, films and art of her African trip. Charity White in Chi; her husband faces surgery. Ethel Bell had the Allied Arts in Sun. a.m.

FAIREST OF THE FAIR

Alpha Wives meet tonight (Wed) with Althea DeBose who will also show her travelog films. Atty. and Mrs. Robt. To Europe: The Brice Taylors and their two kids. Joe Orendorff birthdays Sat. (18), Dotti Crozier Lewis and Ray Walls ditto on the 19, while Clara Prince dittoes on the 21.

Mrs. Odie Brown suffered a whiplash via car accident. Candy Galbraith becomes Mrs. Lewis Grant on June 25; beyond doubt, she will be one of the most beautiful brides of this year's June crop. Mary Clay plans to give Candy her wedding reception at the former's place. Les Dames okayed May 28 their sixth annual comedy hour at Moulin Rouge. Edith Jones, a virus victim, is doing tip-top; she won't be entertaining her grandchildren (Edith and Ed's) this summer since their world travelling Dad will be in NYC through the summer.

CHAMPAIGNE ADIEU

Mil Blount dined with her dear friend, Marian Anderson, in her Sheraton-West suite. Tony Hill and Al Darby combined host forces Sun. night and had a sparkling line-up of compatibles at Al's showplace of a bachelor's dream house atop Mulholland to say champagne-and-hors d'oeuvres adieu to Louise Arnold, Evelyn Coleman and Betty Vaughn. Tony and Al usually afford us delightful parties which we enjoy mulling over as we wind down from Al's hilltop; this one was no exception, enjoyably enough. Come to think, we meant to ask Al if it isn't about time he again jets off to some distant horizon, an act he does with casualness and enviable frequency.

N'Yorker Reggie Beane checks out've the Hollywood Inn to spend the rest of the week as old buddy Ray Mills' houseguest before winging home next Mon. Harry (General Tires' pride and joy) Walker vastly relieved now that wife is okay after hospitalization. Morgan College Alumni, recently reorganized, met Sat. with mucho plans. Eagle Social

Southland Socially

The purpose of Southland Socially found only in the California Eagle is to bring its many wonderful readers news from interesting personalities in our vast community. This week it is from the pen of attractive Bernice McClover, a mother of two sons attending college and Junior high. She has been considered among the top hairstylists in the southland and for some 18 years. She also serves as Public Relations scribe for Alpha Chi Pi Omega Sorority and Fraternity, state wide organizations. (Ed. Note)

Many customers wonder how we in trade spend our free time, that is the little time that we can manage because most of us have an a-round-the-clock schedule. So, the pleasure of relaxing seldom comes but when it does none of us needs the second urging, because we have found by getting away for awhile that it helps us do a better job when we do return to the salon.

Such was the case when some one hundred barbers and beauticians spent a wonderful weekend at the Elderege Wright Fontana ranch recently. Enjoying the wonderful outdoors and tasty home cooked barbecue were: MARGERETTA BLANKS, DOROTHY BROUSSARD, MAE VERDIS SAUNDERS, BERTHA BOLES, ANN MAPP, AUDRY CURRY and WILLIAM STRICKLAND.

TEACHES CHARM

Coming events which the members of Alpha Chi Pi Omega Sorority and Fraternity are looking to is the annual convention scheduled in April at Portland, Ore. Many of the beauticians plan to take vacations at convention time. The committees for the confab are planning tours, excursions and various forms of entertainment for the forthcoming annual event. Chatted briefly with busy RUTH CUNNINGHAM, who is teaching Charm classes, and ODESSA BEACHAM who announced that the two of them were taking their husbands on a trip and a much needed rest.

JUANITA ROBINSON, Basileus of Iambda Rho Chapter, is busy preparing for her Portland, Ore., trip while DAHLIA MOLLETTE operates a neat cleaners business. She is up to her neck in clothes.

SUBSCRIBE

To those beauticians looking for an interesting as well as an educational vacation, take in senic part of the country in side tours on the way to attend the forthcoming convention in Portland, and you will never regret it. We thank the California Eagle and its friendly staff for offering us this difficult and different column writing opportunity. Beauticians, hairstylists and barbers please get into the habit of reading the Eagle. It is refreshing. Subscribe today!

El Negocio Club Spring Dance Set

The Jeepsters, former members of the famed Jeep Smith society orchestra, will provide the music when the popular El Negocio Social Club presents its Spring Dance on March 16, at the beautiful and spacious Mayflower Ballroom in Inglewood.

Club president Alvin Myrick, along with his members, selected the Jeepsters for this year's dance because of the tremendous hit the band has been making since it was reorganized following the departure of Jeep Smith several months ago.

Dancing will get underway at 9:45 and will last until 1:45 a.m. Immediately following the dance a breakfast will be served at the club house.

Medical, Dental Slates Eighth Annual Variety Show

Last Saturday night in the fashionable home of the show chairman and his wife members of the Auxiliary and the Association previewed talent within the organization. Dr. Roy Andrews, president of the Association, set the stage for a gay evening, when he acted as mixmaster and provided cool refreshments of orange juice and vodka, sometimes purposely forgetting the orange juice. As a result of the preparations shown at the preview, "Anything Goes" should be one of the best shows the medics have come up with in their eight years as producers.

Personable Mrs. Woods, publicity chairman, and Vern Stevenson, author of the "Just a Little Jazz" program that starts this Monday over FM Station KTYM (from 8 p.m. until midnight), will beam snatches of rehearsals of the show through the ethers, which is certain to convince you that if you miss purchasing a ticket, you will have missed one of the most happy evenings of 1961.

The Variety Shows of the Medical, Dental, and Pharmaceutical Association and its Auxiliary have become a traditional part of the Los Angeles scene. The eighth annual Variety Show, with the sub-title "Anything Goes," is to be presented at 8 p.m., Saturday, May 27, at the Embassy Auditorium.

Dr. Robert Woods is again serving as general chairman of the production with Mrs. William Chichester and Dr. Wayman McCoo serving as co-chairmen.

The following are serving as chairmen:

Dr. Herbert Sheen, business manager; Mrs. Nathaniel Fearonce, souvenir program; Mrs. William Cockrell, tickets; Mrs. Lamont Cranford, make-up; Mrs. Theodore Jackson, costume; Mrs. Fred Griffin, new people; Mrs. Raleigh Bledsoe, telephone; Mrs. George McLeod, ushers; Dr. Nathaniel Fearonce and Dr. Frazier Moore, stage managers; Dr. Ralph Bledsoe, orchestra; and Mrs. Robert Woods, publicity.

PLANNING 8th ANNUAL SHOW—"Anything Goes" is the theme selected for the eighth annual show of the Medical, Dental and Pharmaceutical Association and its Auxiliary. Discussing the show scheduled for May 27 at the Embassy are from left: Frances Dabney, choreography; Eddie Beal, music; Burlie Dixon, director; Dr. Roy Andrews, president of the Association; Mrs. Williams Chichester, co-chairman; and Dr. Robert Woods, general show chairman. ENJOYS WHIST TOURNEY—Among the 40 guests attending the Whist Tournament sponsored by the members of the Two No's Club are shown during the tourney at which several door prizes were given away in addition to trophies. The affair was given at 4219 S. Avalon Blvd., the club's headquarters. The door prizes consisted of two side of beef, cut and wrapped for deep freeze storage. They were won by Hazel Lewis and John Lewis, (no relation), guests participating in the tourney all agreed that it was delightful and enjoyable evening and all are looking forward to the club's next affair. (Adams)

Workshop Schedules

Alpha Gamma Omega Chapter of Alpha Kappa Alpha Sorority is sponsoring its second annual workshop for community leaders. This series, scheduled for three Monday nights, April 10, 17, and 24, will be held at Southwest Presbyterian Church, 1611 Leighton avenue. The series will deal with problems of Negro youth in education, employment and social adjustment.

Featured as participants in the workshop series will be outstanding persons in the fields represented. Speakers will be announced later.

The first series, presented as "New Directions for Community Leaders," emphasized techniques of leadership development techniques of organization and sources of program material. The April series will be called "Community Planning for Youth." Its aim is to point our problems so that community leaders interested in working with youth will know areas in which they can build effective and helpful programs.

Interested organizations and individuals are invited to share in the series.

history students undertake lengthy research into those long-gone years. At any rate, there is no doubt that the California Eagle is the oldest Negro newspaper west of the Mississippi.

BEST SOURCE

Also there is no doubt that every movement for the advancement of Negroes, including the abolition of slavery, has been championed by Negro newspapers, and that, today the Negro newspaper is still the best source for the expression of news, views and opinions of Negroes on local, national and international questions.

Although various advertising media have sprung up over the nation in competition for newspaper advertising, the Negro newspaper remains the most popular and effective medium for reaching the Negro buying public.

Negro people still look to their own newspapers to champion the interests of the race.

DAVIS-GETZ CONCERT MARCH 31

People Places

AWAKEN—That westside hotel owner has opened his peepers as to how he has been used, now that his business is scattered about Western Avenoo. He should be enjoying "White House Clientele", but those around him never pulled his coat to Andy Hatcher who was a constant visitor and if they did they must have goofed!

ROBERTA STEPHENS—Prexy of the National Fashion Designers local chapter and Anita Bogan deserved the ticket you purchased to their group's Fashion In Summit show at Wilshire Ebell this Sunday. They worked like trojans as did other members!

BOARD — That medic group which called a quick board meeting to indict everybody but its member for getting in a bar room brawl with a female committed a big error because even their patients have the intelligence to know that the eye sight of that good "brother" is 20-20. Its the board that's really blinding itself from the facts!

MAYOR RACE—Rev. Maurice Dawkins pictured with Norris Poulson at the opening of Central Avenoo headquarters. Wonder why what with the Fire Dept., Police Dept., and City Jobs in the shape they are. Then take a look at Sam Yorty who is backed by Atty. Everett Porter and Dr. D. O. Gray.

Seems that this mayor's race shape up as "what's in it for me and not for us!

HAROLD — If you remember when Bert Kenner took over the Union Gas Station at Exposition and Western, then you remember him when he owned the Intercity Drugstore across the street. He now owns the Oak Pharmacy in the 4200 block on West Adams!

WORKING GAL — University vice squad tripped up a telephone Call House on West 51 street the other eve. When they dialed a number and said Bill was calling for Delores, a date was made for Bill who turned out to be the cops!

EUNGE JACKSON — Former child movie star back in the 30's is heading a groovy Combo in the New China Cafe in Bellflower!

DR. PEGGY ROBERSON — Foot specialist out south passed out plaudits to the Editorial staff for a most factual story regarding the Marvin Clay Aldridge death!

AUXILIARY—A group of young women eager to support the Avalon Community Center will form an Auxiliary similar to that of the Brentwood group, excluding social climbers!

WINNER AT THE POLLS—Stan Getz, who has conquered more polls than Admiral Byrd, will join Miles Davis for a clean session on the contemporary scene. Getz makes this date straight from Sweden and his full concert appearance will be his only local engagement. Don't fake it, just make it.

MODERNIST—Miles Davis and his Quintet will join Stan (tenorman) Getz and his Quartet for a full evening of down sounds at the Shrine Auditorium, Friday night, March 31st, at 8:15 p.m.

NOTES OF AN INNOCENT BAR-STANDER

THE MAHALIA JACKSON reception tossed by the **DIMITRI TIOMKINS** was a spirited affair with the honoree providing stimulation with songs from the soul. There was no booze served at the bash as it would have been ill fitting for the gospel singer's party . . .

EARTHA KITT was there, and it was a real pleasure for this scribe to have a down to earth chat with the sultry performer. She has a lot of soul, too. But Miss Kitt is an intellectual with a sense of humor. Sometimes it was difficult for us to determine whether the little minx was serious or merely kidding us on the sly . . .

The Howl of the Week: Negro comic sensation **DICK GREGORY** guesting on the **JACK PAAR SHOW** quipped: You better listen to me. Some day you may have to be my color to get a job! . . . **CRISWELL**, the "seer" has really stretched out with his latest prophecy stating that a Southern governor and a sepia songstress will reveal they are secretly married! How's that again, Chris? . . . It's reported that **HARRY BELAFONTE** has been asked to bring the fantastic Watusi dancers of Africa to the States for a dance demonstration at the next World's Fair! . . .

Sipped coffee with singer-actress **NICHELLE NICOLS** during intermission at Player's Ring. Nichelle had just returned from an engagement at the Stork Club in London and was getting her first glimpse of her youngster, **KYLE JOHNSON'S**, splendid performanec as **JARVIS** in "Raisin in the Sun." Jazz Greats Make Single Shrine Date

The fabulous Miles Davis Quintet and the Stan Getz Quartet will appear in concert at Shrine Auditorium, Friday night, March 31st, at 8:15 p.m. This is a rare opportunity for Southland music lovers to hear—at length—two of the most important musical giants on the contemporary scene.

Getz Everybody's Favorite

Stan Getz, indisputably the world's number one tenor saxophonist, winner of every important music poll in the U.S. and abroad for more than ten years, will be appearing in the area for the first time in many years.

His fans are advised not to miss this important event, for Getz returns to Sweden, where he now resides, after this one-time only tour of the United States. Miles Davis is acclaimed by fellow-musicians, music critics and fans as the most important figure in modern music today.

FULL SWINGING SET

Too often, as L.A. fans will attest, an artist of the stature of Miles appears in "talent-jammed" pakages, where time limitations prevent more than a brief appearance leaving audiences howling for more. Friday, March 31st, at the Shrine, promises to be a welcome change . . . a full, satisfying evening of the Miles Davis Quintet and the Stan Getz Quartet.

Tickets Available Anywhere

This should be a sell-out, so music lovers are advised to purchase tickets early—at Southern California Music Company, 737

Raisin in the Sun Revisited

By "Chazz" Crawford

We revisited Miss Hansbury's play Raisin In The Sun (this time at the local Player's Ring) and found it as profoundly engrossing as we did the Broadway production. What made it even more compelling than the road company presentation was the intimacy of the central staging. The audience literally sits in Mama Younger's parlor and observes the members of her house hold and their visitors lay down an articulate slice of theater.

CONVINCING CAST

We had previously thought that some of the performers had been "offbeat" for the roles they are portraying is now a myth. Top billing goes to **JUANITA MOORE** who for us gave her role as Lena Younger even more warmth than her predecessor **CLAUDIA McNEIL. MORRIS ERBE** achieves star stature with a tremendously vital interpretation of **WALTER LEE.**

RHODA JORDAN is superb as **RUTH** and **ISABEL COOLEY** reminds you that she is a seasoned performer with her slick portrayal of **BENEATHA.** It has been said there are no little parts, only little actors.

The great supporting cast made their every moment count. The bigtimers include **KYLE JOHNSON, MELVIN RYAN, GARLAND THOMPSON, BOB DOQUI** and the one non-Negro role played by an actor whose name escapes us but who was as efficient as the other notables.

MOVIE SHOULD ASSIST PLAY

We do not feel that the release of the **DAVID SUSSKIND'S** forthcoming motion picture production of "Raisin" will in any respect lessen the boxoffice appeal of the vehicle at the Player's Ring that has already been sold out to mid July . . .

Sarah Ends Stay Sunday At Cloister

The Sassy One, Miss Sarah Vaughan, capably demonstrates why she has won just about every musical poll repeatedly as everyone's favorite song stylist, during her current brief engagement at The Cloister which ends Sunday night.

15-PIECE ORCHESTRA

Accompanied by her usual trio augmented to a 15-piece orchestra, the "Vaughan and Only" Sarah sings such old favorites as "Pedido" and "Misty" as well as her latest Roulette recorded Academy - nominated "Green Leaves of Summer." Always exquisitely gowned Sassy looks pert and perky in a sensational new hairdo.

COMICAL KIRBY

Also appearing is George Kirby, absent from the Coast for half a dozen years. Kirby is an impersonator, singer, musician and comedian who does everything any other three performers do, with just a little something extra added.

Sarah's Cloister engagement runs through Sunday, with a special college show with no minimum or cover and a $1.50 admission at 8:30 p.m. Sunday night for one performance, only. The regular two shows will be held nightly, including Sunday night.

Happenings in the Entertainment Whirl

TO PLAY CLUB DANCE — The Jeepsters, most sought after swing aggregation in the social set, will provide their customary fine music for guests attending the El Negocio Social Club's spring session Saturday, March 18, at the beautiful Mayflower Ballroom, 234 Hindry Avenue, in Inglewood, from 9:45 p.m. until 1:45 a.m. Breakfast will follow in the club house.

New York Scene

Just got a phone call from Lt. Joan King, my good nurse friend who has been with the Air Force in France for the past two years, after leaving L.A. She sounded fine, and is making some fast calls and visits on her brief holiday to Washington, D.C. to see mother, and friends.

Last Sunday was a busy day for me, catching first the Gallery of Colors, Inc. fashion show called, "Montage For Spring," at the Dawn Casino. The show featured hats by **Lena Rackley,** hair color by **Al Roberts** and **Bernard Williams** as well as hair styles.

Among the designers whose attire was modeled by some of the loveliest girls around, were **Millicent Taylor, Eileen Mills, Etta Moore, John & William Weston** and **Harry Young.** The commentary was ably handled by **Audrey Smaltz,** and the show and dance music was played by **Clarence Martin** and **Freddie Thomas.** A full house had fun.

POLICEMAN and FIREMAN
SUPPORT BRAD TRENHAM
INDEPENDENT CANDIDATE FOR BOARD OF EDUCATION
OFFICE NO. 6

Disabled Los Angeles policemen and firemen were on record today in support of Brad Trenham, independent candidate for Board of Education Office No. 6 in the April 4th election.

O'Neill D. Ganey, chairman of the Disabled Fire nd Police Protective Association, announced the endorsement of Trenham, nationally recognized authority on governmental expenditures, who was an executive of the California Taxpayers' Association for 30 years.

"Our association has long known of Brad Trenham's contributions to good government in this community and statewide," Ganey said.

"As the outstanding tax economist of the West, he has undoubtedly done more to save taxpayers' dollars than anyone else. His fine educational background and fearless integrity assure sound school management at minimum cost.

"We are delighted that Trenham acceded to the urging of large and representative groups from San Pedro to San Fernando to run for the school board. He can do much to strengthen discipline, improve the quality of instruction and keep firm control of costs.

"His election will be the best thing that could happen to Los Angeles schools.

"Our fire and police group will campaign actively for Trenham," Ganey said.

Boycott Civil War Centennial in S.C., Gov. Brown Urged

Kennedy Rebukes Commission Over Segregation of Negroes

The grand premiere of the Civil War Centennial scheduled for April 11-12 in Charleston, S. C., seemed this week to be heading for a grand fiasco—over the issue of equal rights for Negroes.

On Friday the West Coast regional office of the NAACP wired Gov. Brown, urging cancellation of the scheduled participation of the State of California in the celebration.

STRICT SEGREGATION

On the same day Pres. Kennedy rebuked the Centennial Commission over segregation of delegates and Roy Wilkins, executive secretary of the NAACP, issued a sharp blast in which he said the "sounding brass and tinkling cymbal of meaningless pageantry is a dishonor to those who died to preserve a Union dedicated to the principle that all men are created equal."

New Jersey has already declared that it will boycott the two-day pageant that is to mark the 100th anniversary of the firing on Fort Sumter April 11, 1861, the shots that marked the opening of the Civil War.

Wilkins charged that "strict segregation will be maintained at Charleston" and that "Negro members of state delegations will not be able to join in with their colleagues."

URGES BOYCOTT

He called upon all states to follow the action of New Jersey and to refuse to participate.

The New Jersey action came immediately after Mrs. Madaline A. Williams of East Orange, N. J., a member of the New Jersey delegation, was denied quarters at the Ft. Sumter Hotel, in Charleston, where the other delegates will be lodged. Mrs. Williams is a Negro.

Pres. Kennedy communicated his views in a letter to Lt. Gen. Ulysses S. Grant III, chairman of the Centennial Commission, whose grandfather commanded the Union armies.

ASKS EQUAL TREATMENT

The letter was not made public, but the White House said that in it Kennedy stated that the Civil War Centennial Commission, as an official body of the government, has an obligation in sponsoring the meeting to see that all invited guests are accorded equal treatment..

Gen. Grant indicated he does not feel the commission has any jurisdiction over housing problems and local regulations in Charleston.

The appeal to Gov. Brown to withdraw participation by California was sent by Tarea Hall Pittman, regional secretary of the NAACP.

URGES WITHDRAWAL

"We believe," she said in a telegram to the Governor, "that the State of California should not participate in a commemorative observance which marked the end of a war which was fought to bring democracy to the United States and grant full citizenship to Negroes, only to find 100 years later that race discrimination is still being practiced in the very place where this war was begun."

Mrs. Pittman asked that Assemblyman Augustus Hawkins, honorary chairman of a committee to select California's commission, be instructed to halt the naming of commission members and end plans to send a delegation to Charleston.

Wilkins urged all NAACP branches in 45 states to make known to press, radio and television "your resentment at efforts to commemorate the Civil War with meaningless pageants and spectacles that overlook the real meaning of the war. Make it clear," he said, "that the Civil War was fought to preserve a Union 'conceived in liberty and dedicated to the proposition that all men are created equal'."

He warned that the "outpour-

Voting Slated On Shifting of First Center

Assurances that the Board of Education will not close any of the 13 Child Care Centers in the heavily populated Negro and Mexican-American area of the city were given to the California Eagle Monday.

John A. Gillean, supervisor in charge of public information, stated that plans are now under way to find alternate locations for the 13 centers that had been scheduled for elimination.

Meeting Friday

First of the centers to be acted upon is the combination center at the 28th Street School, a vote on which is to come up before the Board this Thursday.

The mothers of the 736 children involved in the 13 centers, however, are continuing to make known their pressing need for the facilities. They have scheduled a meeting to place their views before Board members Friday night at the Menlo School.

A proposal to transfer the 28th Street Center was presented to the Board, meeting as a Committee of the Whole, Monday and

Killer Surrenders, Babe in His Arms, To Face Life Alone

"I'm really sorry for the kids. I sure wish she wasn't dead," Willie Peterson, 36, of 626 W. 54th street, told police Sunday afternoon as he walked out of his apartment, carrying a child in his arms.

He pointed to the buffet in the dining room and said, "There's the gun."

ALONE

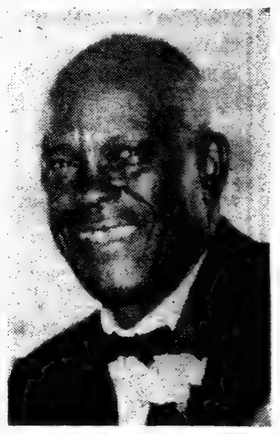
Then he lamented, "I killer her, and I'll have to face this thing alone."

Peterson couldn't explain why he had shot his wife, 32-year-old Mary Ellen Peterson.

"I don't know why I shot her," he said. "I haven't much of a reason." Then he went on, "This never would have happened if my son hadn't brought the gun home.

"She wanted to go out and meet someone, but I didn't want her to," he continued. Apparently still trying to find an explanation for his action, he said, "I wouldn't have shot if she hadn't run."

RAN OUT DOOR



He admitted, however, that he "cut her" once before and is on probation for that assault.

Police learned that the Petersons had been arguing over the fact that Mrs. Peterson wanted to go to see their son who is in a County Road Camp.

Peterson, during the argument, went over to the dresser and picked up a rusty, chrome revolver.

Mrs. Peterson ran out the front door. Her husband fired two shots. She fell, dead, a few feet from the front porch.

The couple had two children, Tommy and Gary, who were placed in Juvenile Hall.

MOURNED — Estese Jones, 71, who celebrated his 50th wedding anniversary last September, died Monday. Funeral Thursday. (See Church Page).

Dr. Jackson to Bar Backers Of Dr. Taylor

By BARBARA MOUNTS

Dr. J. H. Jackson, one of the two claimants to the presidency of the National Baptist Convention Inc., has let it be known that all the supporters of his rival, Dr. Gardner C. Taylor, will be barred from the forthcoming national convention of the organization.

That was the statement made here last Wednesday by Dr. Taylor at a meeting of the Western Regional session of the Baptists.

TO KANAS CITY

Dr. Taylor said that it was his information that Dr. Jackson would issue credentials only to "approved" delegates, and that he would appeal to police officers

Man Denies Raping Girl

John Waller, 35, of 5214 Hoover avenue, was booked Monday on a charge of forced rape, following a complaint made by Faye Glendel Matson, 19, a clerk typist who lives at 561 W. 47th street.

Miss Matson told police that Waller had been driving several friends home from the California Club shortly after midnight and, after leaving off the others, took her to the Hoover avenue address.

Stopping there, she said, he ininsisted that she come inside with him and when she refused and locked the car door on the passenger side, he pulled off her sweater, ripped open her zipper and grabbed her around the neck choking her, as she yelled and kicked and tried to fight him off.

At the Hoover avenue address, police found some of Miss Matson's underthings, but Waller had left.

When police arrested him at 3918 Brighton avenue, he denied raping Miss Matson. "She's telling a lie," he stated, though he admitted stopping by his house on the way to taking her home. "I stopped to check and see if everything was O.K." he said.

South Africa Riots at Break With Britain

JOHANNESBURG—A race riot broke out in Johannesburg Monday as Prime Minister Hendrik Verwoerd returned after severing ties with the British Commonwealth over his apartheid (segregation) policies.

Reports claimed that police stood by as whites clubbed and pummeled black Africans who, were demonstrating in front of the City Hall, distributing leaflets attacking Verwoerd's views.

ANNIVERSARY

New demonstrations of Africans were expected beginning Tuesday, the first anniversary of "Bloody Monday" when 69 unarmed men, women and children were mowed down by machine guns in the hands of Sharpeville police.

Verwoerd quit the Commonwealth during discussions in London when other members insisted on their right to denounce South Africa's racial practices.

Immediately after the break, South African stocks slumped on the London and Johannesburg markets, some of the gold shares dropping from 15 to 25 per cent.

VERWOERD HAILED

While withdrawing from the Commonwealth, Verwoerd offered to maintain financial, trade and defense ties with Britain.

As Verwoerd left Johannesburg for Cape Town, he was hailed by some 40,000 whites at the airport as the "Leader of the White Man in All Africa." Placards welcomed "Our Beloved Prime Minister," and proffered him "South Africa's Thanks."

Police, nervous over possible outbreaks of Africans, staged a dawn roundup of African Nationalist leaders. The Nationalists plan a mass meeting Saturday to map future strategy.

Man Fires Gun in Cafe 'By Mistake'

Agee Johnson, 28, of 3703 Maple avenue, denied late Saturday night that he had fired a shot at anybody at Wheat's Cafe 3213 S. Central avenue. He said he just had a gun with him and it "went off by mistake."

Bernard John Brooks, 29, of 1420 E. 110th street, told a different story, however. He said he and Vera Gibson, of 1128 E. 41st street, went into the cafe for a beer, when Johnson entered, came up to their table, accused him of beating up his brother, drew a gun and shot at him.

CORROBORATE STORY

Brooks claimed that Johnson threatened him again as he got to the door just before leaving.

Miss Gibson, of 1128 E. 41st street, and another witness, Willie Hooks, of 1415 W. 94th street corroborated Brooks' story.

Later when Johnson entered the cafe without his gun he was arrested. He took the police to 3232½ S. Central avenue where the gun was found. It was registered under the name of Fred Jones of 446 E. 46th street.

GUN WENT OFF

Johnson cliamed he was at another cafe, Red's place at 21st and Central avenue, earlier Saturday night when a man named John Thomas pulled a knife on him. Red shot at Thomas two or three times, Johnson said, and Thomas warned them he was "going after a shot gun." Red then gave Johnson his gun and told him to stay around the back door "just in case" Thomas returned to carry out his threat.

Johnson said he later went to Wheat's Cafe, and still had the gun in his pocket and it went off accidentally, adding he had no intention of shooting anyone.

High Court to Review Student Sit-in Cases

WASHINGTON—A Supreme Court decided Monday to review jail sentences imposed on 17 Louisiana sit-in students in Baton Rouge and set arguments in the case for next fall. This is the first case of its kind to reach the high court. At the same time the court struck down attempts to balk or delay desegregation in Louisiana Schools.

These will be the first appeal to be heard by the high courts growing out of a wave of demonstrations and arrests during lunch counter sit-ins in the South.

A major pronouncement on the constitutionality of private segregation could come out of the case.

The Supreme Court in a unanimous decision, also upheld a series of lower court orders striking down attempts by Louisiana to prevent school integration.

No Comment Made

Without comment, the court upheld decisions that wiped out a variety of Louisiana anti-integration laws and kept control of New Orleans schools in the hands of the city school board.

The Supreme Court's decision in the sit-in appeal was far different than its action on a similar appeal by Florida demonstrators two weeks ago.

Then, the court refused to act on the appeal of eight Negroes and four white persons arrested in Talahassee.

The court, when announcing decisions on whether to hear appeals, does not explain its actions.

In the Louisiana sit-in case, the

Officers End Testimony in Swindle Try

The defense wound up its testimony Monday in the trial of two Long Beach dectectives accused of framing Dr. J. O. Garland and swindling him of $400 a month.

The two officers, Harry Finch and James Thiele, who were arrested as they were being handed "payment" by two other officers, claimed on the stand that they were innocent of the charges and that what really happened was that they were trying to trap the two "intermediaries."

WITNESS RESIGNS

Finch and Thiele claimed that they reported on the actions to former Detective Capt. Lorin Q. Martin. Immediately after their arrest, Martin resigned from the force, 15 days before the completion of his 33rd year of service. He refused to testify before the Grand Jury.

The accused men named Warren Jordan and Ray Henry as the ones who were really guilty of extortion and whom they were trying to expose.

Jordan and Henry, however, were acting under instructions of Police Chief William J. Mooney, according to the testimony of all three. Dr. Garland had also appealed to Chief Mooney.

The State on Tuesday called rebuttal witnesses.

It was expected that the case that went to trial early in March will continue for at least another week.

Loren Miller says . . .

UNITED FRONT

If the John Birch Society which gets its lumps from the Times last week and the Muslims who took a going over from the Mirror take my advice they will sit down and work out a united front. Obviously, the two organizations have a common critic in the Chandler newspapers and if they'll talk the matter over they will find that they're working the same side of the street. Both are trying to turn back the clock and there's a ready-made division of labor. The John Birchers can continue to aim their propaganda at middle class whites while the Muslims try to peddle their ideas to Negroes.

The definition of Roosevelt, Truman and Eisenhower as Communists, or Communist led, by the John Birchers, springs from the observation that each president, in varying degrees, devised or supported new methods of dealing with modern problems. They are critical of Chief Justice Warren because he insists on interpreting the Constitution in light of the advances in learning that have come since the document was put together in 1787.

GOOD OLD DAYS

The John Birch arguments remind me of the man who points with dismay to the fatalities in airplane crashes and urges us to return to the good old days when nobody got killed in such accidents. If he's in close step with the thinking of the kind that moves the John Birchers he also

Screen Extras Fear Return to Jim Crow

By MAGGIE HATHAWAY

Hollywood Negro extras have been called to a meeting this Saturday night, the second since the California FEP Commission prevailed upon the industry to end its segregated hiring policy.

Rumors are circulating that the purpose of Saturday's meeting is to get the Negro actors to accept "voluntary" segregation.

FEW CALLS

Two months ago the separate "hiring hall" was eliminated and producers agreed to hire all extras through Central Casting Agency and other agencies in Hollywood.

Negro extras, however, report that since the "amalgamation" they have been getting very few calls to report for work and there is a growing feeling that they are being subjected to a form of economic pressure to condition them to the idea that they were really better off before.

At the previous all-Negro meeting, the extras were polled as to their preference — Central Casting or segregated casting with hiring conducted through Jasper Welden from his residence on E. 99th street. The extras indicated they favored the integrated set-up.

PETITIONS REPORTED

There is a report circulating now that just prior to Saturday's meeting petitions will be passed around, again posing the question of segregated or integrated casting.

The meeting was called by Mrs. Anna Mabry, long time member of the Board of Directors of the Screen Extras Guild. The Eagle was unable to get an answer to the query, "Why an all-Negro meeting?"

As members of the guild, on an equal standing with all other members, Negroes feel they should be convened only on regular guild business, of interest to all guild members, without regard to race.

RETAINS JURISDICTION

Jasper Weldon, asked if he would resume casting Negro extras if requested to do so, indicated that he was quite willing to function again through the segregated set-up. He told the Eagle that he disagreed that casting from his home was a form of segregation.

It is presumed, however, that the FEPC, which brought about the dropping of the Jim-Crow hiring, still retains jurisdiction and could veto any attempt to circumvent the agreement arrived at, whether by "voluntary" or other means.

'Honest Man' Gets Reward Of $10,000

Douglas William Johnson who found—and returned—$240,000 in cash, all of it negotiable, was rewarded for his honesty Tuesday with a check for $10,000.

The $240,000 in $5 and $10 bills, contained in a sack, fell from the rear of a Brinks, Inc. armored truck right in front of Johnson's car. He stopped and picked it up.

Unemployed and in need of money, Johnson nevertheless returned the sack unopened, though its contents were clearly marked on the outside.

Brinks at first offered Johnson a job and a four-year college scholarship for his son. Johnson seemed cool to the offer. Many sources urged a cash reward, $10,000 being the sum most frequently suggested.

70 Murdered In African Raids

LUANDA, Angola — Seventy people, mostly women and children, and mostly whites, were reported brutally slain in a bloody uprising in northern Angola, near the Congo border, over the weekend.

Cause of the murders, that occured in the sparsely settled border region, was not known. Some sources saw them as retaliation for the shooting down of Angolese by Portuguese soldiers and police in Luanda several weeks ago.

Census Shows Calif. Negroes In Sharp Rise

California had a Negro population of 883,861 when the 1960 census was completed last April the Census Bureau reported last week. It added more Negroes to its population than any other state except New York and stands third in the list of northern states in Negro population, outranked by only New York with 1,417,511 and Illinois with 1,037,470.

Only six southern states—Texas, Georgia, North Carolina, Louisiana, Alabama and Mississippi—rated above California in the 1960 census figures as far as Negro population is concerned. However population experts hazarded the guess that Alabama which was listed as having 980,271 and Mississippi with 915,743 probably now have fewer Negroes than California. Alabama stood still from 1950 to 1960 and Mississippi lost population during that same decade. However California's Negro population almost doubled.

BORDER STATES

California left all border states behind as far as Negro population is concerned. Maryland claims 518,410 Negro residents but California has more Negroes than West Virginia, Kentucky, Missouri and Oklahoma combined.

More than twice as many Negroes call California home than reside in all of the northern states west of the Missouri river. Kansas tops that group with 92,445, with Washington in second spot with 48,738 and Arizona trailing in third place with 43,403. Oregon is low on the Pacific Coast with a Negro population of 18,133. The largest percentage gain in the Far West was registered by Nevada with a four fold gain from 4,302 to 13,484. Montana has only 1467 Negro residents.

The census shows the nation's Negro population to be 18,871,831 which means that slightly more than four and a half per cent of American Negroes live in California.

Conner-Johnson Breaks Ground for New Annex

A distinguished group of civic, religious and business leaders took part in the impressive groundbreaking ceremonies of Conner-Johnson's new annex at 4700 S. Avalon Blvd.

Mayor Norris Poulson made a congratulatory speech, commending the mortuary's record of 45 years' fine service to the community.

Participating in the program also were Judge Thomas L. Griffith, Jr., the Rev. H. B. Charles and Maurice Dawkins, and Norman O. Houston, as well as officers and directors of Conner-Johnson.

Bringing new beauty into the area, the gable-roofed chapel will be of contemporary design complementing the graceful colonial arch of the present building. This superb example of 20th century efficiency and classic loveliness will have a seating capacity of over 200 people and a parking capacity of approximately 50 automobiles.

Comforting in its peaceful simplicity and joyous with the glowing beauty of magnificent stained glass windows, the chapel will be open 24 hours a day. Conner-Johnson hopes, in this manner, to offer an inspiring place of meditation to all who come, day or night. Weddings, too, will be held here and it will also be used for meetings of community interest.

The Conner-Johnson Funeral Homes, Inc., has been established in this community for three generations.

Scott said "this is one way in which people in the community can assist Roybal in his campaign for re-election."

Chefs for the dinner will be Mrs. Mattie Netterville and Myrtle Scott.

U.S. Fleet Visit to So. Africa Protested

NEW YORK—The NAACP charged the Navy this week with carrying out a policy "humiliating" to Negro personnel when it sends fleet units to South African ports and briefs fleet personnel on how to abide by that country's strict racial separation policies while ashore.

In a wire of protest to Secretary of the Navy John B. Connally, NAACP Executive Secretary Roy Wilkins urged that Navy policy should be one of no fleet visits to South Africa unless that country treats all American Navy personnel alike.

BOW TO BUTCHERS

Reports from Capetown, South Africa, stated that United States sailors during a recent "goodwill" task force mission there were briefed by the Navy on the need to comply with South African segregation laws. The Navy denied that it practices discrimination. Wilkins ended his telegram of protest by saying:

"One year ago this month, soldiers of the Government of South Africa using automatic weapons massacred unarmed men, women and children at Sharpeillve. The United States may have to live in the same world with butchers but must it visit them and brief American fleet personnel on how to genuflect to their murderous racial theories?

Goldwater Would Write-Off Negro Vote

WASHINGTON — Sen. Barry Goldwater, leader of the conservative wing of the Republican Party, reportedly stated Friday that the GOP should stop trying to win Negro and other minority groups and concede it cannot attract them as a bloc.

That view was opposed by other Repubicans, incuding Thruston Morton, national chairman, and state chairmen L. Judson Morhouse of New York and Ray C. Bliss of Ohio. They urged the party to cultivate the Negro vote with vigor.

Shot Leads To Arrest for Burglary Rap

A shooting early Monday morning in which no one was hurt led to the arrest of two men on suspicion of burglary.

Police found Neal Davis, 22, of 237 W. 48th street, at a service station at 51st street and Avalon Blvd., in answer to an all-unit shooting call.

Davis told police that his friend, James E. Talbert, 21, of 449 E. 53rd street, had pulled out a .38 caliber revolver and fired, after they had been arguing. But, said Davis, Talbert fired into the ground, and he refused to sign a complaint.

On checking their records, however, officers noted that Talbert and "an unknown suspect" were wanted for robbery. Talbert's gun, they found, was one that had been stolen.

They arrested Talbert on the charge against him and Davis on suspicion that he was Talbert's unidentified partner in crime.

Also meeting each week at the local play center are dance classes for youngsters. Modern dancing, for 11-15 year olds, meets each week on Thursday at 4:30 p.m.

Killer Wanted: If He Is Seen, Notify Sheriff

The Sheriff's Dept. is looking for a man who last March 9 at about 3:30 p.m. shot and killed A. C. Gardner, owner of the A & W Auto Wreckers, 17234 3/4 S. Main street.

SHARP DRESSER

The murderer was described as a "sharp dresser" who walks with a shuffling gait. When last seen he sported a thin moustache and a small goatee.

He was said to be about 5' 8" to 5' 10" in height, 28 to 35 years old, black hair and brown eyes. He was wearing a felt hat, with the brim turned down.

The man's getaway car, like his clothes, were reported as "sharp," in fact, "extra sharp." It was described as a 1954 Pontiac, black over red, with a continental kit.

STOLE WALLER

The killer stole the victim's new brown leather wallet containing approximately $200 and miscellaneous identification papers. Neither the wallet nor its contents have been found.

The killing was carried out with a .45 caliber Colt type automatic pistol.

Sheriff Peter J. Pitchess asks that anyone with information regarding this person notify his local law enforcement agency, or call Sergeant R. E. Chapman, Sheriff's Homicide Detail, MAdison 6-9511, Extension 82801.

Trio of Thugs Rob Owners Of Drugstore

A trio of thugs held up Mr. and Mrs. Louis Windsor, owners of the Windsor Drug Store, 5261 S. Main street, and robbed them of more than $350 Friday night.

Windsor, 64, and his wife, 60, told police that three Negroes between the ages of 20 and 23 approached them as they were walking to their parked car at the rear of their building a few minutes after they closed the store at 10 p.m.

One of the suspects grabbed Windsor's glasses and threw them to the ground. One of the other bandits stepped on them and pulverized them.

The robbers then commanded the Windsors to lay down on the ground and threatened to "blow their heads off" if they looked up.

The thugs took Windsor's wallet, check book, bank book and a ring valued at $225, and his wife's purse. They got away with $76.50 in cash.

Russia, Kasavubu Want to Oust U.N.

The United Nations, defied by its chosen representative, Joseph Kasavubu, heard the Soviet Union on Tuesday pledge support to his rival, Antoine Gizenga, and call for withdrawal of all U.N. troops in the Congo.

By a curious turn of events, this bring the Soviet Union and Kasavubu into accord on the demand for the pulling out of U.N. forces.

GIZENGA ABSENT

Kasavubu's new outburst against the U.N. seemed to stem from the fact that U.N. forces joined with Gizenga troops in a joint assault on tribal terrorists in Kasongo in Kivu Province, where Western missionaries reportedly were attacked.

Kasavubu has lined up with Moise Tshombe, Belgian-backed leader of wealthy Katanga Province, in a loose federation of Congolese states, along tribal lines. Their agreement was consumated at a gathering last week in Madagascar.

Gizenga, who heads the pro-Lumumba supporters, did not attend that meeting. Like Lumumba, he advocates a strong central government, and is hostile to the Balkanization of the Congo as endorsed by the Madagascar conference.

CRITICAL

In fact he was sharply critical of that conference.

Gizenga, whose government has been recognized by some 16 nations as the legal government of the whole Congo, lashed out against the Madagascar bloc.

'To decide the fate of a country without the participation of its population and without the participation of its freely elected representatives," he said, "is to act against the people."

He branded Kasavubu, Thsombe and South Kasai leader Albert Kalonji as "puppets," and declared they "are afraid of standing before the people, knowing that retribution for their foul deeds awaits them."

At the U.N. debate Tuesday, Soviet Foreign Minister Gromyko denounced the Madagascar conference as a "link in the conspiracy to splinter the Congo and parcel out her territory to the colonialists." Those who participated, he said, were foreign puppets.

ANTHROPOLOGIST TO SPEAK

Dr. Margaret Mead, one of the nation's best known authorities on psychology and anthropology, will speak at Los Angeles State College Thursday and Friday, March 23 and 24.

CANDIDATE — Roy C. Brooks is a candidate for the Compton Union High School Board. Elections are set for April 18.

QUALIFIED — Novel E. Stokes, a teacher, is running for the Compton Elementary School Board. His experience qualifies him for the post at the April 18 elections.

SEEKS OFFICE—Lionel B. Cade is running for Compton City Council, District No. 3. Elections are scheduled for May 5.

OFF TO JAIL—Students protesting theater and restaurant discrimination in Louisville, Ky., were led off to jail as they sang "Freedom, freedom, everybody wants freedom." Those arrested included members of CORE.

Textbooks Portray Negro as 'Child-like'

The Negro's position in contemporary American society continues to be largely ignored, according to a 10-month survey of a leading secondary school history and social studies textbooks just made public by the Anti-Defamation League of B'nai B'rith.

In fact, the survey shows that textbooks paint the United States as lilywhite, except for simple, child-like Negrões, Jews who are remnants of Biblical times and some other minorities who don't really belong on the American scene.

Treat of Slavery

"Textbook treatment of racial inequality," says the survey, "and attempts at its eradication, tend to consist of complacent generalizations, not hard facts. In most cases the presentation of the 1954 Supreme Court decision on public school desegregation bypasses any consideration of the underlying principles and of the subsequent attempts at compliance—and evasion." Residential racial segregation is seldom discussed, the League says.

The report declares that only a "small minority" of textbooks mention the achievements of living Negro Americans. "In fact," it notes, "American Negroes are still portrayed mostly in the eras of slavery and of Reconstruction.

"In sum total, what comes through in most books is a stereotype of a simple, childlike, superstitious people. Neither scientific information about race nor historical data about the achievements of Negro Americans is utilized by the average book to put this group into a more valid perspective.

"With few exceptions, photographs and other illustrations in textbooks continue to portray America as an all-white nation, not as an interracial and increasingly integrated one."

Baby Dies From Burns

Baby Herman Brinkley, 14 months, died last Wednesday from burns he received March 1 when he was being given a bath by a baby-sitter.

Mrs. Bertha Patterson, left in charge of the baby and two older children by their mother, Mrs. Louise Myrtle Barrow, 7500 S. Avalon blvd., attempted to wash the child in the kitchen sink.

She failed to test the temperature of the water, however, and plunged the baby into it, scalding the lower part of his body.

The death was reported as accidental.

Sears Roebuck Bows to Clerks

WASHINGTON — Sears, Roebuck and Company has finally agreed to observe the court-ordered arbitration, which requires reinstatement of all retail clerks who observed the Machinists' picket line during their strike last May and involves approximately $125,000 in back pay.

Hits First, Avoids Hot Grease Bath

Mrs. Elnora Winston 29, of 1781 E. 53rd street, told police Sunday night that George Johnson, 30, got in his licks first when she was preparing to throw hot grease on him.

She said she was in the process of moving when Johnson came into her apartment. Fearing she would be assaulted during an argument with him, Mrs. Winston said she heated a frying pan of grease and threatened to throw it on him in order to protect herself.

Johnson struck her first, however, causing deep lacerations over her eye, injuring her back and fracturing her wrist.

After threatening her two-year old daughter Authorine, Johnson left, Mrs. Winston said.

An Important Foreign Policy Change

The United States made an important change in foreign policy last week when it voted in favor of a United Nations investigation into Portuguese administration of its African policies and cast its ballot to censure South Africa for its conduct in what was formerly German Southwest Africa.

In both instances the United States abandoned its former policy of indirect approval of colonialism and ranged itself on the side of the independence movements in Africa.

Portugal had formerly secured—perhaps blackmailed is the better word—American support for its incredibly vicious administration of its colonies by playing up its membership in NATO with the tacit threat that unless it was permitted to pursue its colonial course it would hedge on its NATO commitments.

South African hegemony in Southwest Africa rests on an old League of Nations mandate which gave it supervision of the former German colony. Under cover of that mandate it has applied its Apartheid policy with disastrous results for the indigenous Southwest Africans.

The reversal of American policy means, first, that we have lined up with Africans against their oppressors, with the inevitable result that world opinion will sooner or later force reforms and lay the basis for independence in both Portuguese Africa and Southwest Africa.

The second result of our change in foreign policy means that we can counter Soviet claims that only the Russians are genuinely concerned with the welfare of Africans. We are now free to compete for African friendship without having to explain away, and apologize for, our support of colonial nations.

Portugal resisted United Nations intervention by claiming that her colonies are integral parts of Portugal and asserting the doctrine that the UN cannot interfere in the internal affairs of a member nation. South Africa made a somewhat similar claim that her conduct in a mandated colony is beyond the competence of the United Nations.

Neither claim was valid but American support for United Nations intervention in matters claimed to be internal affairs, and the sole concern of the nation involved is bound to invite jibes at our own racial policies. Others will suggest that the United Nations has a concern with Jim Crow practices that imperil the welfare of eighteen million American Negroes. We're going to have to clean up our own house in order to maintain world leadership. The pot is never free to call the kettle black.

So. Carolina Thinks South Won War

The Civil War Centennial Commission, established by the federal government to commemorate the Civil War, will begin its activities with a pilgrimage to Charleston, South Carolina, on April 11 and 12, to commemorate the firing on Fort Sumter, an event that signalized the beginning of the war.

Chairman of the Centennial Commission is Ulysses S. Grant III, grandson of the general who led northerners to final victory over those who began the Civil War in order to perpetuate slavery by dismembering the Union.

The Civil War was best described by Abraham Lincoln at Gettysburg as a war to perpetuate a nation "conceived in liberty and dedicated to the proposition that all men are created equal."

South Carolina is one of the states, perhaps the leading state, that has never accepted Lincoln's description of the war as a contest fought to vindicate the "proposition that all men are created equal." It has consistently denied equality to almost one half of its population; it has taken the leadership in resisting laws, executive orders and judicial decisions designed to give the Negro equality.

If the Centennial Commission goes through with its plan to hold the assembly at Charleston, Negro members of various state units will be Jim Crowed and denied equality of treatment as required by South Carolina laws, customs and traditions.

The Commission pretends an incompetence to cope with South Carolina laws; it has announced its intention to bow before that state's imposition of second class citizenship on Americans who happen to have had an African ancestor.

President Kennedy should intervene. If South Carolina insists on interpreting American history to mean that this nation was conceived in bigotry and is dedicated to the proposition some Americans have no claim on equality, the Charleston assembly should be cancelled.

Vote for Richardson, Tinglof, Roybal

There are three candidates whose names will appear on the April 4 ballot who ought to get the vote of every Negro who goes to the polls. They are Ralph Richardson and Mrs. Mary Tinglof, candidates for the Board of Education, and Edward Roybal, candidate for City Council from the Ninth district.

All of them are incumbents and each of them has a record that requires support from the informed voter. Mr. Richardson and Mrs. Tinglof have consistently supported, and fought for, progressive administration of school affairs. Each has a record of preeminent fairness as far as human relations are concerned.

Both Mrs. Tinglof and Mr. Richardson have announced their opposition to the recent proposal to close schools for the use of day care centers. We believe that they can be relied upon for continued dedication to the best interests of all the people.

Mr. Roybal has waged a long fight in City Council to protect his constituents and to extend their rights. He was the only member of the Council to protest against this year's gerrymander which deprives Negroes of a seat in the Council. No person in California has done more than he to further civil rights. His defeat would be a calamity.

If you live in the Ninth district, vote for Edward Roybal and wherever you live vote for Ralph Richardson and Mary Tinglof.

BATTLEAXE & BREAD

By Lester B. Granger

Hospitals can be mighty nice places, because by and large they are run by nice people. In the course of an extremely fortunate life I have spent a total of a dozen weeks in hospitals—one Jewish, one non-sectarian and this one Catholic—and in each case when I have balanced the pleasant against the unpleasant experiences the period of sickness or operation and convalescence has provided a thumping over all plus. Plus, that is, except for the bill, which is all minus!

In the first place, there are the people who make the hospital a true service institution. Whether they are the medical, surgical or technical staff, or the nurses and probationers, or the nurses' aides and maids and orderlies — no matter in what capacity they serve, the chances are that they are there because of a desire—or at least a willingness—to give service. For Heaven knows there's no other reason for their being around. They can work less hard, make more money and be faced with fewer unpleasant-to downright-disgusting duties by working well removed from the hospital atmosphere.

PETTY TYRANTS

Now I'll readily admit that this doesn't always come through for the benefit of a hospital patient. There are real stinkers on every hospital staff—the petty tyrants and incipient sadists who love the opportunity given for exerting picayune authority against those in no position to resist.

And there are hospitals so miserably financed or badly administered that their service staffs never have a chance to give good service and, in self-defense, must gird themselves with the armor of seeming callousness.

And as everyone knows who understands the medical profession, the internist, the pathologist, the surgeon—all those who must look upon suffering and make life-or-death decisions as a matter of routine duty—simply cannot become too deeply entangled emotionally in the problems of the patient without becoming incapicitated for that very service demanded by the professional code.

FAR NICER FOLKS

But take these and other exceptions that can be cited, and my opening sentence I'll still stand by. For it is my observation that the people who give service in hospitals are apt to be far nicer folks than those who come in needing service. Here at St. Clare's Hospital on Manhattan's Midtown West Side, I have found literally not one person who hasn't made me feel the better for contact with him or her.

My surgeon who chopped into my knee and hunked off a small bit of a foot is a grumpy personality at first meeting, but when the post-operative pain had come and the doubts were there as to "how long" and "how successfully" the grumpiness disappeared, and in its place came warm reassurance and friendly tips on how to speed and ease the recovery process.

OOMPS!

And there's the tiny (five feet, 98 pounds) nurse's aide who scoots in to take care of her little jobs and scoots out again, but always takes time to tell me breathlessly what the weather is like and the nurses who look so much alike as to defy distinguishing between them and who seem always to guess just when the stabbing pains become almost unbearable and who appear with pills or cold pads or even hypodermic to keep things from becoming too tough.

And the maids, God bless 'em, soft-voiced and easy-moving, who sandwich their cleaning and meal-serving chores in between othe staff visits and calls of friends and never show any irritation over interruptions or encumbrances. They seem to take the position that they have the time to wait in order for the patient to get the best deal he can. Which sometimes can't be good at its best.

As I've said, a hospital can be a mighty nice place to be, all things considered—that is, if you can stand the tariff. Sister, may I see my discharge statement again? Oooomps'.

Loren Miller Says . . .

adds that some of the ineffective safety devices we use are borrowed from the Russians. It's a cinch for him to prove that airplane accidents have increased since FDR recognized the Soviet Union and that there never was such an accident back in the good old days when President McKinley followed the Constitution.

It's easy enough to get carried away with that kind of a recital and yearn for the good old, accident free days of McKinley until you stop to recall that there weren't any planes in those bygone years and how could you have had such accidents? I'm in favor of keeping the planes at the risk of accidents.

SEPARATE BUT EQUAL

The cardinal article of Muslim faith is that Negroes must separate themselves from other Americans. They'll tell you in a minute that America is a white man's house and that the most Negroes ought to ask for is a separate room in the building. That is what is known as Separate But Equal down South and Apartheid in South Africa. The Muslim quarrel with Senator Eastland and the premier of South Africa is that Negroes don't get a fair share of the benefits that accrue to other citizens of Mississippi and South Africa. They shout for more equality in the Separate But Equal system.

MORE SEPARATE

Curiously enough, what little attraction the Muslim movement has for American Negroes rests on its vigorous attacks on the ills that flow from racial segregation. The listener who claps hands when Elijah Muhammad rattles off a list of complaints gets so carried away that he fails to note that all the Muslims offer as a cure for the evils bred by segregation is more complete segregation.

That gets me back to my united front idea for the John Birchers and the Muslims. Both are opposed to the sit-in movement. Both oppose Chief Justice Warren's school decision. Both are convinced that the NAACP is leading Negroes, and the courts, astray. Both of them would like to get back to the good old days when the Supreme Court agreed that there was nothing wrong about Separate But Equal.

The John Birchers needn't get worried if the Muslims call them White Devils. After all, Elijah Muhammad has to keep up a show of militancy in order to drum up business.

Seek Probes of Prison Riot

The recent race battles at Folsom prison stemming from segregated eating facilities at the institution brought forth three separate demands for investigations this week.

Tarea Hall Pittman, regional secretary of the West Coast NAACP, asked Gov. Brown to appoint a Citizens' Committee under the attorney general to look into the incident.

BILL PASSED

At the same time a motion introduced into the State Assembly by Augustus F. Hawkins, calling for a probe by the Civil Rights Division of the attorney-general's office, was passed.

The motion calls for investigation of al phases and causes of prison violence and further provides for a public report on the findings.

Assemblyman W. Byron Rumford, while endorsing the Hawkins' bill, asked that the investigation be enlarged to see if there are "any general conditions in California prisons which might foment the development of racist movements."

NEO-FASCISTS

He said he was concerned over the report that the Folsom trouble was started by Negro Muslims, but added, "I am equally concerned over reports of a "Neo-Fascist movement at San Quentin Prison."

Mrs. Pittman, in her request for a Citizens Committee stated: "It seems to us almost incredible that a few white racists who are robbers, burglars or murderers could by threats of violence cause to be imposed a system of racial segregation in any institution. California has declared equality of opportunity for all people to be the public policy of our great commonwealth. These prisoners should not dictate state policy, nor should we retreat from our historic moral and legal responsibilities to please them."

The outbreak at Folsom occurred early this month. It has been dificult for cutsiders to piece together the events that led to the outbreak. Prison authorities blame "Muslims" who advocate black supremacy, but admitted that segregation in the dining hall had somehow set off the fight.

Despite the fact that the Muslims were blamed, prison authorities singled out seven whites and four Negroes as the ringleaders. The 11 were sent to solitary confinement for 29 days.

Letters to The Editor

Dear Mr. Miller:

My wife, Mary Eckenrode Larson, and I missed your column in this week's Eagle. And, as far as I personally am concerned, it is the best thing in the entire paper.

I will bring my praise down to cases. Your Lincoln's Birthday column was one of the most thoughtful tributes to Lincoln I have ever read. I clipped it and I am saving it because it explains, calmly and wisely, the incongruities in Lincoln's pronouncements and attitudes toward Negroes.

You are the kind of columnist a reader gradually, rather than quickly, becomes attached to, for there is a contemplative and judicial quality—and an always discernible decency—about your opinions. I admire this quality, because I am so emotionally a partisan, even though I know that in the end there is small justice in emotionalism.

I want you to know I have been meaning to write this letter for a long time. If I am not mistaken, I was a young reporter covering the DA's office and the criminal bloc of superior courts here, when you first began practicing law in Los Angeles. I have no idea what kind of lawyer you are, but I have no doubt you would make an exceptional judge.

Arnold B. Larson

P.S.—I hope the absence of your column this week was not due to lack of appreciation on the part of the readers for whom the Eagle is published. I know you do not publish it for an outsider like myself. I can't help observing, however, that though the makeup has been improved appearance-wise, it is a mistake to jump murder stories to the editorial page.

Los Angeles 11, Calif.

To the Editor:

We wish to thank you for your kindness shown in the running of our Neighborhood Charity Club News.

We shall always be regular readers of the Eagle.

To the Editor:

Please accept our sincere thanks for the splendid coverage we received in promoting the Don Lee White-Jean Prescott concert. The concert was a glorious success, with standing room only.

Had it not been for your cooperation and the complete coverage we received through the medium of the newspapers and radio, we would not have possibly enjoyed such a tremendous success. Again, thanks for helping us.

School Board Says Center Not Closing

(Continued from Page 1)

was referred to Thursday's meeting for a decision.

Move to San Pedro

The plan, as proposed, is to move the Center to the San Pedro Street School, 1635 S. San Pedro street, effective July 1. The center, now located at 2807 Stanford avenue, will remain open through June 30.

All of the equipment and all of the personnel now at 28th Street will be transferred, the Eagle was told.

While 28th Street School is crowded, there is reportedly ample room at the San Pedro Street School.

Arrangements for the transfer of the other centers will be made and voted on as soon as suitable alternate locations are available, Gillean's office stated.

MOTHERS WORRIED

The mothers involved, however, are still apprehensive since some previously that they would vote for closing the 13 centers. In fact, when the closings were first proposed, only one member, Dr. Ralph Richardson, stated definitely that he would oppose such a move.

Mrs. Mary Tinglof has since made it known that she opposes the closing of the centers.

At Friday's public meeting of scheduled by the mothers, at Menlo School at 8 p.m., three Board members have promised to appear. They are Mrs. Georgiana Hardy, J. C. Chambers and Arthur F. Gardner.

Dr. Hugh C. Willett stated he had prior commitments and could not attend. Charles R. Smoot, whose wife died recently, also said he could not appear. Mrs. Tinglof and Dr. Richardson were not asked to attend since they had already committed themselves in favor of keeping the centers open.

Atty. Loren Miller, publisher of the California Eagle, will be chairman of the meeting.

Supreme Court Reviews Slated

(Continued from Page 1)

17 Negroes, all students at Southern University, were sentenced to four months imprisonment each. Three months of their sentence could be suspended if they each paid a $100 fine.

Basis of Appeal

In their appeals, the Negroes said the arrests and convictions denied them rights guaranteed by the equal protection and due process clauses of the U. S. Constitution.

They said a state may not use its power to compel racial segregation in private establishments which are open to the public and has no power "to stifle protests against such segregation."

In another racial case, the court said it would review a decision by the Virginia Supreme Court against the National Assn. for the Advancement of Colored People. The state court ruled that the NAACP, through its legal defense and educational fund, had engaged in unlawful solicitation of legal business for its lawyers.

Urge Boycott Of Centennial

ing of pro-South propaganda during the Civil War Centennial celebrations . . . could strike a hard blow at our present day movement toward equality."

He said further that Southern states "have already appropriated great sums of money in the hope of repudiating the great moral issue which lay at the bottom of the Civil War," and charged that the Charleston assembly is "a betrayal of everything the Civil War was fought for."

In commenting on the incident, the New York Herald Tribune said editorially:

"The assumption that seems to lie behind the acting out of battles, the Chamber of Commerce dress-ups and all the rest is that the Civil War was a cross between a knightly tournament and a Hollywood epic. Yet the great moral crisis which tore the country apart, and which is still with us in a not very different form, is entirely ignored—except in this shameful way. It is scarcely possible people have forgotten what the war was about."

Dr. Jackson Threatens to Bar Rivals

(Continued from Page 1)

to bar all those who lack credentials.

Dr. Taylor, however, made it clear that he and his supporters will not be easily brushed aside. He said that he, together with a committee and an attorney, will go to Kansas City, where the convention will be held, to check arrangements and to take any legal steps necessary to protect the rights of himself and his backers.

OPEN ELECTION

The convention is not scheduled until next September, but the controversy that started at last year's convention in Philadelphia is so heated that a contest over the Kansas City meeting has erupted six months in advance.

In discussing the struggle for the presidency, Dr. Taylor said he had requested Dr. Jackson to permit an impartial chairman to preside until an open election could be held by a roll call of the states. He suggested men like Mordecai Johnson, president of Howard University; Rep. Adam Clayton Powell of N. Y.; or Dr. Benjamin Mays, president of Morehouse College in Atlanta, as chairman.

STRONG SUPPORT

Opponents of Dr. Jackson claim he has too "moderate" a stand on the fight for civil rights and support for the NAACP. Dr. Taylor, who has given strong support for to such movements as the student Sit-ins, is backed by prominent civil rights leaders such as the Rev. Martin Luther King, the Rev. Ralph D. Abernathy and the Rev. Fred N. Shuttleworth.

The meeting here was attended by ministers and laymen from 10 western states. Dr. Timothy M. Chambers of Zion Hill Baptist church, was convention host.

L.A. CHURCHES TO RECALL PRE-EASTER PASSION OF CHRIST JESUS

St. Paul Baptist Burns Mortgage 6 Years Early

Prayers, praise, tears and joy marked the triumphant mortgage burning ceremonies, six years ahead of schedule, at St. Paul Baptist Church, last Sunday evening. Business and civic leaders as well as outstanding churchmen were guests for the occasion.

Rev. John L. Branham, dignified and handsome in his gleaming white robe, was assisted by Rev. Clarence Cobbs, pastor of the First Church of Deliverance of Chicago, who came west with a busload of 75 of his members to witness the joyous occasion. While serving as master of ceremonies, Rev. Cobbs introduced Harold E. Caldwell, who presented a check for $500 to Rev. Branham from the Chicago congregation.

TOKEN OF ESTEEM

Nine times during the years since 1949, the money ran out, Rev. Branham said, and it was through faith in God and the resourcefulness and goodness of businessmen like Atty. Phillip Davis and Dr. Ralph L. Mayberry, also Mrs. Ethel Branham and the faithful church members that the lean times were overcome, and the last $155,000 paid off.

Tribute was given to firms like the $12 million Safety Savings and Loan Assn., the $33 million Broadway Federal Savings and Loan, the Liberty Savings and the Watts Savings and Loan Companies for their contributions to the welfare of the community and the work of the church.

TM SO GLAD

Mrs. Ethel Branham was given high praise during the ceremony and the members of Pilgrim Baptist Church through their pastor, Rev. B. W. Wade gave her a check for $100 as a token of Esteem.

Tears flowed as the flames burned high in the silver bowl held high by Rev. Branham and Howard Hill, chairman of the boards of the church. When the ashes were cool, a pinch of it was placed into hundreds of envelopes and given to members as they left the church.

The white robed choir sang "I'm So Glad" and "The Lord is My Life," and Rev. E. V. Hill of Mt. Zion Baptist Church read the scripture, "If it had not been for the Lord, who was on our side." Amens and "Yes Lord," arose often from the capacity filled church at 49th and Main street. Old friends and new waited for a turn in congratulating the personable Rev. Branham following the inspiring service.

The federation was organized over 20 years ago to create Christian fellowship and closer unity between the churches, choirs and ministers. Also to exalt the gospel in song and lend financial support to choirs and to foster musical education.

Architects Clyde H. Grimes and Harold Williams have designed the building which will provide Sunday School facilities for 1000 persons and for a day care center, a nursery and other related activities.

Rev. L. L. White, pastor of the church, appealed to the congregation to practice Christian stewardship over the next 156 weeks. Five per cent of the income of each has been asked for the building fund.

Associate minister Rev. E. S. Williams and chairman William A. Robinson will work closely with the crusaders.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Last Friday was a windy, wet day but the weather did not dampen the golfers' enthusiasm. In fact, we can't remember when we have witnessed a YMCA tournament where everyone had so much fun.

Lee Marshall is truly admired by all of the golfers. Anyone who can get them to come out and play in the rain is to be complimented—and they did it for him.

Even the ladies (10 of them) came out to play to aid the financial status of the "Y". Popular Cadence Hines was on the score board—a tournament without Cadence on the board is just not a "fair tournament."

She dared us to play (we quit tournament golf two years ago), but after watching so many playing in the rain, we took that dare and teed off on the 10th hole between the Billy Eckstein and Charles Sifford foursomes.

In the Sifford foursome was our popular teaching pro, Jimmy DeVoe; Abel French, retired businessman and member of the Rio Hondo Club, who kept up with the foursome by carding 75; and Lionell Davis, L.A. City champion. Lionell's game was not up to par because he is working seven days a week in Downey. (It is too bad that we who own some of the City's leading businesses cannot find a job for this brilliant golfer in order to keep his game from deteriorating—all he needs is a night job.

The Billy Eckstein foursome had more fun than any others, especially when George Stevens lost $21 on "skins," paid $2 and asked for credit on the balance. Milton Rayson (who should turn pro) was stopped "dead cold" by Tom Wilson, Ram football hero and only Negro member of the private Rio Hondo Golf Club. (Tom shot a crushing 69; Sifford 70.)

Men's Low Gross was won by Tom Wilson; runner-up was Tommy "Hawk." Billy Eckstein won the "A" flight and Bob Williams was runner-up.

Freddie Miller won the B-flight (by-the-way, Freddie is the only Negro member in the LA Produce Golf Club). Runner-up was A. J. Johnson.

C-flight was snatched by Ike (Texas) Lewis and Alvin Harris landed second. The last flight (D) was removed by Vernon (Pick) Walker with Arnold Hoffman winning second place. Arnold was humble when he accepted his trophy because his night clerk, "Snooks Overshaw," had won a trophy with a cool 82—14—68; also winning honors was his former accountant, Evlyn Royal. It was accountant, Evelyn Royal. It was

Kappas Set Series' Single Game Mark

(By Edw. "Able" Robinson)

Amassing a total of 107 points, a new series' single game record, according to score-keeper Albert Chism, the Kappa basketball team routed the Omegas Saturday night before 1200 fans in Jeff High School's gym for the initial games of the 1961 inter-frat series by scoring a lopsided 107 to 66 victory.

However, while the Kappas set a new single game mark, it was the Alpha-Sigma tussle that had the packed house screaming throughout the last two quarters of the game.

Coach Fred Kennedy's Alpha five and Coach Dough Shaw's Sigmas opened the 1961 series and for the first 15 minutes it looked as though it was a mismatch. The Alphas led late in the first quarter 25 to 2.

In the second quarter they increased their lead but late in the quarter, a Sigma cutie named Stan Patton began to find the bucket with rapid consistency and his teammates quickly got the drift. By half time they had narrowed the Alpha lead to within 12 points. As the half ended the score read Alphas 53, Sigmas 41.

In the torrid third quarter the Sigmas really caught fire and for the first time during the game, stepped out in front of the Alphas 61 to 60. The lead changed several times and with one minute to play, Alpha's Anthony Burr stepped to the foul line and dumped in two important points which changed the picture of the game. A miscue by classy George Clark, one of the heroes of the Sigmas' great comeback, gave the Alphas the ball and the game as they went ahead 96 to 93 as the final gun sounded.

In the Kappa game, Walter Hazzard, a Santa Monica J. C. product heading for UCLA, F. Gower, son of Vernon Gower, famed local musician, and Bobby Blue, Pepperdine College great little playmaker, were the big guns.

Series Chatter: Look for seven weeks of thrilling games, all four frats are loaded with bright cage stars. Be careful not to play Jim Powell's and Algin Sutton's Q's short; they are slow starters. Derek Hill, 11-year old son of former Alpha ace Kenneth Hill, was a noisy rooter for the "Apes". Veteran Harksdale Brown, three time Alpha national officer, recalled the days when the Alphas won the title when he held office in 1948

Genevieve Redfud, Edgar Bishop, John Refud and Blanche Merrill all smiles when the K's set a new scoring record. Sigma cheerleaders showing up at halftime just as the team got redhot.

Sigma guys like John Hutherson, H. A. Howard, Jordan Daniels, B. Lane Ashmore, Jasper White, Charles Martin, Michael Ellington and Herman Clemon went through trying moments in the first half when the "Sigs" were trailing by 20 points.

Kappa cheerleaders looked like a fashion show as they paraded to their section featuring bright red and white and the coeds this year are prettier than ever.

L. A. Jordan, big shot of the Omegas, and the large Q followers didn't have much to shout about last Saturday but Mrs. L. A. Jordan, Mr. and Mrs. Jerry Hodges, Atty. Carl Bailes, Atty. Tom Neusom and Mr. and Mrs. Nelson Talbert gave their team loyal support.

Old timers on hand for the series included Drippy Williams and Emmett Ashford. Missing and missed were Lillian Hill, Spot Thronton, Lloyd Courtney, Johnny Brewer and John Thomas, Newton Station's big heat!

Blending their voices in familiar cheers from the K's bench were Joel Wiley, top broad jumper; Leroy Hayes, scholarship winner; Wilford Smith and his wife; hazel eyed Barbara Tyson, former Kappa queen escorted by ex-UCLA footballer John Brown; ex-cheerleaders Toni Evans, Beverly Miller and Cheri Adams and John Cochran without his charming wife.

SOFTBALL LEAGUE FORMED—Officials of the new Cocktail Softball League are shown mapping plans for the opener at Ollie Matson's Sea Food Grotto. The 16-team league opening games are set for April 16. They will be split in two divisions known as the Hangovers and the Elbow Benders. Seated from left: Gertrude G. Penland, Edgar Charles, Tommy Tucker and Jeanette Baker. Back Row: Steve Hale, Mac Dearmid, Bill Hutson and Jerry Brown. (Smith)

Ted Bridges Paces Waves To 16-7 Mark

Ted Bridges set the pace and the Pepperdine College freshmen basketball team followed to a successful 16-7 season.

The lanky center from Washington High led the team in scoring, rebounding and shooting accuracy as Coach John Friend's Riplets ran up an impressive string of victories and grabbed two tournament championships.

Bridges ended the year with 377 points and a 17.9 average. He had 383 rebounds for an average of 18.2 per ball game. He hit on 162 of 374 attempted shots from the floor for an outstanding 43.3 percentage.

Lightweights To Headline Olympic Card

Benny (The Bandit) Medina, the highly regarded Fresno lightweight, tops tonight's (Thursday), ring bill at the Olympic Auditorium.

The hard-hitting Latin with the handlebar mustache will face Ray Riojas, former Texas amateur star, in the 10 round off TV main event.

Irish Wayne Thornton, middleweight stablemate of Medina, will oppose the veteran German boxer, Karl Heinz Guder, in the KTLA-TV feature.

Medina, originally out of Pomona, has a 19-4 record. He holds knockouts over Paddy DeMarco, Joey Lopes and Art Ramponi and a decision over Orlando Zulueta.

Riojas did real well in his last two Olympic starts, He stopped Timmie Jefferson and Jimmy Hornsby. Ray, who has been in against the best like Joe Brown and Davey Moore, has a 33-14-1 slate.

The Olympic has set a $12.50 to $3.50 price scale for their world featherweight title bout between Champ Davey Moore and Danny Valdez. This 15 round tussle is signed for Saturday, April 8 and will not be televised. It will have a regular 8:30 p.m., starting time.

Starting this Thursday, the Olympic goes back to a 8:30 p.m., starting time, with a four round opening the card. A six rounder will follow, then the two 10-rounders.

Zenith Social Club Stages Eighth Annual Benefit Show

The Zenith Social Club's annual talent shows which have provided upward of ten thousand dollars to the Exceptional Children's Home during the past eight years had a rather simple beginning in 1952. At one club meeting members decided to hold a talent show to raise funds for the home. The idea was to encourage amateur talent among people of the community and add a sprinkling of professional talent. The first show was a terrific hit and as a result

BILLIE KIAH

the Zeniths were able to present the home with one of the largest checks it had ever received. Since that first talent show, the Zeniths have continued to be one of the largest donors to the home and the backbone of the support that has enabled the home to launch its $80,000 building program.

The ladies have overcome many early problems of production and publicity which accounts for the fact that the recent eighth annual affair was played to a capacity crowd and featured some wonderful contestants who displayed remarkable talent.

Among the contestants and their sponsors for the 1961 show were Edward Aubrey, a vocalist, sponsored by the Social Knights Club; Shirley Parsee, a tap dancer, pledged by the Vogettes; Sharon Gibson, a pianist, entered by the Jolly Crew; Leroy Martin, vocalist, backed by the Cleveland Club; The Calypso, sponsored by the Prince of Wales; the Men of Destiny entered Casey Daniles, a vocalist; the Brigadettes won honors with Charlotte Reels, a tap dancer; the Vistosis Club; contestant was Mate Tucke, a vocalist; while Les Bonnes Amies entered a prize winning pianist, in Marjie F. Ellington, and Les Bon Temps went along with Elliot Norwood, vocalist.

Guest artists included Herb Jeffries, Ronnie Ray, Jimmy Potts, Toni Harper, Jimmy Witherspoon, "Little Arthur," Mecie Jenkins, Shirley Allen and Ernie Freeman's band.

Billie Kiah and club member, Evelyn Duncan, of the Zeniths honored Mrs. Zollie Houze, winsome 80-year-old member, who has never missed a Zenith affair in eight years. She was selected to present the first trophy to the winner. Mrs. Zollie handled the assignment with dignified charm.

Assisting the Zeniths as hostesses of the affair were Gloria Jean Vandyke, Regina Stewart, Jackie Taylor and Jeanette Funches. Donors of prizes for the eighth annual affair included Bob Newman, Atty. Harry Weiss, Atty. Martha Jefferson Louis, Granville and Granville Realty, Glenn McMann, Kay Stone, Elihue McGee and the Pierce's School of Drama and Art.

In commenting, Jaunita Macklin Mitchell, executive director of the Exceptional Children's

The Cooperettes Club want to know do you remember when the Alabam Club was swinging?

George Brown played sophisticated swing; the Hi and the Tri were romping at the "Y"; everything was real cool and solid, man. You went skating at the Shrine. The Swingarees were swinging. The Lindy Hop was the dance: Wiener Bakes were held at Castle Rock and you put on your best for the Riverside Breakfast Club. Do you remember? If you do you'll want to join the gang when the Cooperettes relive those swinging tunes on Saturday, April 22, at the Elks Auditorium. They will feature the Society Troubadors in a dance from 9:30 p.m. until 2 a.m. at the olden days' price of only seventy-five cents.

Annual Easter Program Friday

Friday, March 24, at 2 p.m., parents, neighbors and friends are invited to attend the Gompers' Easter program in the school auditorium. The very talented drama class, a cappella choir, and advanced band are combining their efforts to put on this program.

While pupils talented in drama and music appear on the stage, many other areas of education enter into staging such a production. Pupils and teachers in the fields of industrial art, stage crew, art, and homemaking all combine in a joint effort behind the scenes. Preparing for a program such as this affords many pupils in many fields an opportunity to put their abilities to use in a practical situation.

The play, written by two UCLA staff members, has a cast of 30 and is directed by the team of Clarence Jackson of the UCLA Dance Dept., and Dr. James Hatch of the university's Theater Arts Dept.

The Volunteer Committee agreed with the comment that the play is a "satiric salute to the situation created by a worldwide upsurge of Negroes in pursuit of greater freedom."

They found it also theater at its funniest and urged all organizations to support the play with similar parties.

The Auxiliary is mapping plans for its next project, proceeds from which will be earmarked for the Legal Defense of the NAACP on a national level, as a tribute to students involved in the sit-in movement. Announcement of the giant project will be made formally at a press conference in the near future.

Impressed by the fine character and integrity of the boy's father, Allied Artists executives today gave a summer vacation job at the film studio to 16-year-old Richard Johnson, an aspiring actor.

DAD SOMETHING ELSE

The boy is the son of Douglas Johnson of 3804 Third Avenue who last Friday found a pouch containing $240,000 on a Los Angeles street and returned it to Brink's Inc., from whose armored car it had been lost an hour before.

Learning that Richard, a sophomore student at Los Angeles High School, studies dramatics in his spare time under the tutelage of actor Theoris Usher, the studio decided to give him an opportunity to get the "feel" of the theatrical field.

SUPERMARKET SHOPPING AT ITS BEST—Continuing its policy of being the first with the finest in every important neighborhood, Thriftimart opened its 59th supermarket this week at 804 Beverly Boulevard in Montebello. Joining in the grand opening celebration will be the entire chain of important shopping centers everywhere with a gigantic bargain sale featured on page 12.

Thriftimart Opens Montebello Supermarket

Tuesday, March 14th, marked the Preview Grand Opening of Thriftimart's newest complete supermarket at 804 Beverly Boulevard, Montebello. Thriftimart is one of the many stores in the huge new multi-million dollar mart of Montebello Shopping Center. This new market is Thriftimart's 59th supermarket and the second new Thriftimart to open in 1961.

Affords Every Convenience

Thriftimart's newest market contains over 31,000 square feet. It features all of the latest in fixtures designed for customer shopping convenience. It is Thriftimart's goal to present to the Montebello and surrounding area customers the very latest and finest of equipment and design for pleasurable customer shopping. All features of the Thriftimart market are given considerable study and planning. The self-service meat counter will run over 100 feet of sparkling new refrigerated cases.

Thriftimart feels that no one measures up to the Thriftimart meat operation. All cutting, weighing and packaging of merchandise is done under refrigeration. Thriftimart insists that each market carries the finest of U. S. Graded Beef, trimmed of excess fat and waste. A feature of all Thriftimart meat departments is a service bell for the customer desiring special cuts or selections of meats. The meat department manager of this new Thriftimart and all of his employees will be more than happy to serve you with your specific requirements.

Another of the convenient features of this market will be a new air curtain dairy box, which eliminates the opening and closing of refrigerator doors. The produce department will keep refrigerated in beautiful new refrigerated cases all fresh vegetables.

Other features of the new market will be a complete delicatessen department offering specially prepared foods under the Jane Anderson label, shipped daily from Thriftimart's own delicatessen kitchen. The delicatessen department will strive to satisfy everyone from the hot dog eater to the gourmet. A complete self-service liquor department will offer the finest wines and liquors, as well as, excellent private label, low priced alcoholic beverages. A special department in all new Thriftimart stores is the large non-foods department which contains a large selection of clothing, priced well below the average clothing outlet.

With over thirty years of experience serving the Los Angeles area, Bakersfield, Las Vegas, San Bernardino County, Riverside and Lancaster—Thriftimart has become the fastest growing, most efficiently operated grocery chain in the entire West. Thriftimart attributes their success to the buying public who has indirectly designed and asked for all of the latest features and personal customer service which will be available at this new market. During the grand opening celebration which will start March 16th, all departments of the market will be offering tremendous specials, as well as, Thriftimart's usual everyday low, low prices.

Just a few of the many FREE events that will take place during the Grand Opening will be:

FREE FREEWAY

Free Tinkertown Train and Kiddie Rides—Thursday, Friday, Saturday and Sunday; Free Cotton Candy—Friday and Saturday; Free Orchids—Thursday, Friday and Saturday; Free FunFair Ice Cream Cones; hundreds of food samples—and be sure to register for drawing of valuable prizes.

Thriftimart has selected Bill Kuncl, one of their top market operators with many years experience in the Southern California market, to serve customers of Montebello and surrounding areas.

Charlotte Hines Is Thriftimarts' Greatest Checker

Mrs. Charlotte E. Hines has been chosen "Checker of the Year" at Thriftimart, Inc., Roger M. Laverty, Sr. President, announced today. The winner of a company-wide competition among checker-cashiers based on work performance standards, including customer courtesy, efficiency, neatness, and cash-register accuracy.

Charlotte is employed in the Thriftimart supermarket at 2940 Niles Street, Bakersfield. She lives at 500 South Fairfax Road, Bakersfield, California.

PROMISING FUTURE

As the company winner, Mrs. Hines will compete in the state and regional competition of the international "Checker of the Year" awards. Should she win regional honors, she will be among ten regional winners to be flown to the annual convention of Super Market Institute in Chicago on May 7-10. If she weathers tests and interviews at Chicago, she could become international "Checker of the Year," representative of checker-cashiers throughout the industry. Her

Phil Gordon Makes the

New York Scene

The sun is shining brightly and all is well with the world here in the wonder city. **Laura Prescott** has been visiting with her family in North Carolina, and standing up for her niece who is a young debutante.

There was a free venison dinner party at the Shalimar, with Bill the bartender doing the chef's chores after having been the hunter who killed the deer which provided the good eating. There was roast venison steak and ribs, rice and tossed salad, and a good time was enjoyed by all.

CAMP FUND AFFAIR

Later, at the Ronny Lounge, with charming hostess, Rose Yuen doing the honors, the Camp Fund Affair was a success. All this after our boy Floyd Patterson had taken care of business in Miami, but not before scaring hell out of us, one and all. Like POW!!!

PRIZE WINNERS

P.S. 175, Man., where my aunt, Mrs. M. J. Harris, teaches, was the proud winner of 1st and 4th prizes at the Flower Show at the Coliseum, and in their school show, Mrs. Cowan won 1st prize and my aunt 2nd, for their flower boxes in their classrooms.

APOLLO THEATRE

I caught the **Apollo Theatre** show with LaVern Baker and Jimmy Ricks, Big Maybelle & Co., and it was swinging. This week its jazz and African styling, headlined by Miriam Makeba, with sax star, John Coltrane, Machito and his band and Oscar Brown, Jr., with another Gospel Caravan starting tomorrow.

Stopped by Goodson's in the Bronx and listened to the fine organ sounds of Arthur Bowie, with Ken Hibbert doing the emcee chores and singing. There were three 'cooking' girl singers on hand, and each did a superb job of chirping in her own style; first, Mary Louise Jones swinging, "It's Almost Like Being in Love," then a large-economy sized personality blues stylist, Julie Gardner who did "The Twist" and a "Foggy Day," and last, but by no means least, a lovely 20-year-old, very professional, trained voiced singer, Issa Arnal, rendered a soft, but beautiful version of, "Mr. Wonderful," all to the complete pleasure and delight of the audience.

Arthur Bowie and Ken Hibbert are in the process of forming a New Sound Trio for a six months engagement tour of Europe starting in June, and one of these young ladies will probably complete the Trio. Should be a 'gas' whomever she is.

Nat Cole is breaking house records at the Copacabana, and there will be a buffet and cocktail party, given by Capitol Records for him, at the Savoy Hilton on Monday. I shall attend, and will report the details in my next. 'Til then . . . like LATER . .

PHIL GORDON

Miles Davis

(Continued from Page 9)

Dizzy Gillespie, "the one nobody else would think to get."

A trail-blazer in his style, Miles, now in his 15th year in jazz, stuck by his methods even when it was vogue to follow the trends. Today the people who hold him in highest esteem are his fellow artists in the trade.

Essentially, Miles' approach to jazz is easy and relaxed, rich and full, restrained and tasteful. Of late, he has showcased the muted trumpet, blowing it soft and breathy and creating warm and intimate tones. Nobody familiar with jazz can mistake the Miles Davis sound.

As Chico Hamilton, the drummer, puts it: "Miles is a sound!" —the whole earth singing."

In the words of one jazz critic, Miles' playing "has an intensity that seems to stem from personal involvement in a situation."

At times, he becomes jazzdom's angry young man and seems to express his defiance for things through his music. At other times, he can be a gem of charm. Then he displays a masterful sense of beauty and his soft sounds flow and glow with lyrical elegance.

Miles' predilection for the cool leads some critics to conclude that he cannot blow hot. This is as far away from the truth as one can get.

GETZ CO-FEATURE

Los Angeles jazz fans get a chance to hear Miles parade his variegated talents Friday evening, March 31, when he appears with his award-winning group in the Shrine Auditorium on a bill that co-stars Stan Getz.

For Getz, another giant of jazz, it will mark his first West Coast appearance in four years. The world's Number One tenor saxophonist has been working in Europe since 1957.

With Miles and Getz booked on the same bill, the concert stacks up as a treat of treats for Southland jazzists. Tickets are now on sale at Southern California Music Company, all Mutual Ticket Agencies, Sam's Record Shop (5162 W. Adams) and the Club Renaissance (8428 Sunset Blvd.).

TRUMPETER—Miles Davis will be co-featured with Stan Getz, saxsational tenorman, at the Shrine Auditorium for one night only, March 31.

prizes would include a two-week vacation tour of Hawaii.

As Thriftimart "Checker of the Year," she won a week's all-expense paid vacation in fabulous Las Vegas, an autumn-haze mink stole, a Gruen wrist watch, and the statuette "Tilly," the food industry's equivalent of Hollywood's "Oscar" and TV's "Emmy" award.

"The choice was a difficult one for the judges," Mr. Laverty pointed out. "The winner is a representative of so many checker-cashiers in our company who are earnest, efficient, and conscientious."

'Crucifixion' 8 a.m. Sunday at Bethel

The Senior Choir of Bethel AME CHURCH, 1511 W. 36th street, will present "The Crucifixion" by Stainer, Palm Sunday, March 26, at 8 a.m. This sacred meditation on the passion of the Holy Redeemer will be followed by the rendition of the anthem "Crown Him With Many Crowns."

The Senior Choir will be assisted by the Chapel Chorus, the Youth Chorus members of the Gospel Choir and a Quintette of trumpets. Messers Carl Gibson and Reginald Fields, tenors, will also assist.

Mrs. Louise Bratton is the director, Mrs. Minerva Henry is the organist and William G. Carter is pianist for the church. Dr. Fred E. Stephens is the minister of Bethel.

Breakfast will be served to all who attend.

FOUNDERS' DAY

Members of the Langston University Club attended Mt. Calvary Baptist Church last Sunday morning for the annual Founders' Day service. The group was welcomed by the Rev. Eddie Ray Thomas, pastor of the church. Educator Fred A. Hammonds was guest speaker.

7 Last Words To be Sung At 1st AME

The Seven Last Words of Christ by Theodore Dubois will be presented Good Friday night at 11 p.m. by First AME Church, at Eighth and Towne avenues. It is felt this hour will afford opportunity to a greater number of people to witness this production, due to the busy schedule of the Easter season.

Dramatic elocutionist Chestyn Everett will narrate the cantata. Everett is currently employed as an instructor of English and Drama in the Los Angeles City School system.

The interracial, interdenominational choir will be conducted by Charles W. Turner, minister of music at First AME, Rev. H. Hartford Brookins, Minister.

Satchel Paige Tabs Gibson As Greatest Hitter

If Satchel Paige were rating hitters, he would place Josh Gibson, former Pittsburgh Crawford star, ahead of Ted Williams, Joe DiMaggio and Stan Musial.

The Satch, whom some regard as the greatest pitcher—Negro or white—of all time, says that Gibson was the world's greatest catcher and hitter.

His appraisal is made in the March 11th issue of The Saturday Evening Post and Paige feels that "Josh could have hit more home runs than Babe Ruth if they'd let him play in the majors."

Paige's article, "Maybe I'll Pitch Forever," recalls that this was the era before Negro players were in organized baseball. It tells that Satch had pitched more than 2000 professional games before the Cleveland Indians signed him, at age 42, an event which made Paige the American League's first Negro pitcher.

Mention of Paige's age, of course brings up a matter of much dispute. Satch says there is a birth certificate in Mobile saying he was born July 7, 1906. And that's it.

It serves the needs of the community's practicing dentists by providing trained office personnel, and offers women a rewarding and dignified career with good employment opportunity.

Fellowship Group

After several months of intensive planning, the Stewardship Committee of the Church of Christian Fellowship announces that the first annual bazaar of the church will be held on Saturday, April 15, in the Church patio, located on Second avenue at Adams blvd.

Rev. James H. Hargett, minister of the church, and Dr. Robert Woods, chairman of the Stewardship Committee, state that this bazaar will be an extravaganza extraordinaried.

Those attending may compete for a variety of prizes, including the grand prize which is a 17-inch RCA television set. The second prize will be a deluxe bar-b-cue rotisserie, the third will be a Corona-Smith typewriter, the fourth a Philco clock radio transistor and numerous other prizes.

Sportsmen's Show Slated

The 16th Annual Los Angeles Sportsmen's Vacation Show will be staged April 6 thru 16th at Pan Pacific Auditorium and again will feature the latest in outdoor equipment and vacation information.

ASTRONOMICAL—Yoshi Corinne Williams, daughter of Mrs. George D. Reid and Charles "Chuck" Williams, were married Friday to fellow physics major at LACC, George Robert Stone, the son of Mrs. Bonnie Stone and the late George Stone Sr. The bride the next day received a scholarship in astronomical optics.

Four Accused Of Murdering '5th St. Mayor'

Acting on a tip in the first real break they have had in six weeks of intensive sleuthing, University Det. Sgts. Gil Dea, N. Elser and J. A. Jacobson last Thursday picked up the man they believe shot and killed James C. "Baby Boy" Stevens, 55, cafe owner and "Mayor of 5th Street," last Feb. 11, together with three of his accomplices.

Arrested and reportedly admitting that, "Yes, I shot Baby Boy," was Johnnie Stigall, 29, of 922 E. Adams blvd.

Hearing Set

Also arrested for the crime were Lee James Moore, 28, of 5885½ Mettler street; and two young women, Ruth (Bobby) Bush, 23, and Sandra Christine Ray, 20, the mother of two small children. Both women gave the same address as Stigall on E. Adams, though both were arrested at 853 E. 77th street.

A hearing in the case has been set for Division 40, April 7 at 8:30 a.m.

According to Stigall, Moore and Miss Bush, the four had gone to Stevens' home, 232 W. 42nd street

Crazed by Jealousy, Husband Slays Rival, Then Shoots Himself

A 39-year-old man, apparently crazed, from brooding over the fact that his wife had left him for a younger man, laid in wait for her Sunday evening, then opened fire with a .22 rifle, killing his rival, seriously wounding another man and, finally, when pursued by police, taking his own life.

Lonnie L. Sorrells, of 2626 S. Manhattan place, staked out near 1665 W. 37th place, where his estranged wife Marvella allegedly had been living with 22-year-old unemployed Le Roy Smith, the two of them sharing an apartment with Theodore Ware, 23, and his wife, Phyllis.

Came Out Shooting

The Wares, Smith and Mrs. Sorrells were moving to 2271 S. Hobart Blvd. They had taken one load of household goods to the new address in a car and trailer, and returned for a second load.

Smith stepped out of the auto and went to the rear of the trailer. Sorrells came out from the side of the house, shooting as he came.

One shot hit Smith in the chest. He fell to the ground; he was dead. Another shot hit Wade, inside the automobile, striking him in the spine. A third shot, aimed at Mrs. Sorrells, missed when she ducked, ran and hid.

Pots Muzzle in Mouth

With the loaded weapon still in his hand, Sorrells ran west on 37th street to Western and turned down Western where he was spotted by Officers H. G. Patterson and W. T. Shearer of University Station.

They ordered him to halt.

He stopped for a moment, then placed the muzzle of the .22 rifle in his mouth and pulled the trigger. He dropped down and fell onto a service station lot. He was dead.

Ware, being taken to the hospital, said that LeRoy Smith was "a good buddy of mine." He said further that Sorrells had been angry and arguing for about four weeks, since shortly after his wife had left him.

"I think he shot me by mistake," Wade went on. He added, "I think I heard a woman scream, 'Look out!' and then I got shot. I took off running and heard more shots."

In the automobile with Wade, but unhurt, were Helen Mosley and Mary McCoy, of 2731 W. 27th street.

DIES SUDDENLY
DR. J. F. EVANS
Died of a heart attack last Wednesday

Dr. J. Evans' Body Will Lie In State Thurs.

Dr. John Frank Evans, civil rights leader, NAACP stalwart and prominent doctor, died suddenly Wednesday of a heart attack at Temple Hospital.

Death came to the well known and well liked physician only a few hours after he complained of feeling "tired" and laid down in his office for a rest.

TO LIE IN STATE

His body will lie in state at the Second Baptist Church, of which he had long been a member, from 11:45 a.m. to 12:45 p.m., Thursday, with burial following at 1 p.m. The Rev. J. Raymond Henderson, Dr. Evans pastor, will conduct the services.

The Board of Supervisors, upon learning of his death Thursday morning, adjourned in honor of his memory.

Although Wednesday was his scheduled day off, Dr. Evans had treated several patients in his office. In the early afternoon he complained to his wife, Mrs. Zenobia ("Toby") Evans, his secretary whom he had married in 1954, that he was "very tired."

RUSHED TO HOSPITAL

He went into one of the treatment rooms to rest. About 5 p.m. he asked her to summon Dr. William Coleman, his partner, to listen to his heart. After the examination, Dr. Evans was rushed to Temple Hospital suffering from a coronary occlusion

Voters Show Little Interest in Primary

Community voters were taking a yawning attitude toward next Tuesday's city primary elections, an Eagle survey taken this week indicates. Two candidates for mayor—Norris Poulson, the incumbent, and Samuel Yorty, former congressman—have extensive support from Negro voters while very few seemed to know that there are others in the race.

In addition to a mayor, voters will choose councilmen in eight districts and three members of the Board of Education. Councilmen John Gibson and Edward Roybal, incumbents in the Fifteenth and Ninth districts, have a substantial number of Negro voters in their districts. Roybal in the Ninth is the overwhelming choice of his Negro constituents while Gibson has no opposition.

Mrs. Mary Tinglof and Ralph Richardson, incumbents, will swamp their opponents in heavily Negro populated areas, the survey indicates. The other incumbent, Hugh Willett, also appeared to have substantial Negro support.

Records Told

Councilmen are being chosen from odd numbered districts this year and it happens that most Negroes live in the even numbered districts with the exception of the Ninth and Fifteenth. The Ninth district includes the Central Avenue area while the Fifteenth includes the South Los Angeles communities.

Rape Suspect Had Victim's Gun in Pocket

Jessie Mae Rhodes, 36, of 634 E. 42nd Street, a plastic machine operator, was forced to walk two blocks down a dark alley about 1 a.m. last Friday in her night clothes to a garage at 888 E. 42nd Street where she was assaulted, she told police.

Miss Rhodes said she was awakened when James Coleman, 18, of 4359 Crocker Street, forced open her back porch door. As the suspect opened the door leading from the kitchen to the bedroom, she fired one shot at him, but missed.

Coleman ducked, picked up a floor mop and advanced toward her, she said. When she attempted to shoot again he struck her in the chest with the mop. They struggled for the gun and

Well-Known Dentist Sued For Divorce

Mrs. Corinne Taylor, wife of prominent South Los Angeles dentist Dr. Chris Taylor, filed suit for divorce Friday and also asked for a court order to restrain her husband from entering their home at 3940 Olmstead.

A former school teacher, Mrs. Taylor charged cruelty and alleged that Dr. Taylor had forced her and her two children from their home at knife-point in the early hours of the morning.

Dr. Taylor, however, who is widely known for the annual Christmas parties he gives to South L. A. children, denies the cruelty charge.

He counters with the allegation that he turned over $30,000 to his wife that he had been saving up for four years to buy a shopping center, and that when he asked her to return it to him, she refused. Instead, he says, she demanded a divorce.

Atty. Leo Branton, representing Dr. Taylor, said he is filing a counter-complaint Wednesday, suing Mrs. Taylor for divorce and, in turn, alleging cruelty.

Dr. Taylor, Atty. Branton said, will petition the court to have all bank accounts turned over to him. (Atty. Branton explained that under California law the husband has the right to manage all community property.

Mrs. Taylor asked custody of

4 Board Members In Pledge to Parents

By GRACE E. SIMONS

Four members of the Board of Education came to the Menlo Elementary School Friday night to assure some 200 parents that Child Care Centers will not be closed.

The four were School Board President Arthur F. Gardner and members Mrs. Georgiana Hardy, J. C. Chambers and Dr. Hugh C. Willett.

Promise Transfers

They stated categorically that every child now attending the 13 centers scheduled to be closed will be transferred to other centers.

Two other Board members—Mrs. Mary Tinglof and Dr. Ralph Richardson — had previously stated they opposed closing of the centers.

The reassuring tone was set by Gardner in his opening remarks. He asserted that a year ago the Board had undertaken to continue operating the centers. "We're in the business to stay," he said.

The most positive statements came in response to insistent questions from the floor, though the chairman, Atty. Loren Miller, The mothers were not content with generalities; they wanted specific answers.

Board members were anxious to explain that in their deliberations regarding the closing of the centers they had also recognized the need for providing alternate locations.

Bad Public Relations

Chambers stated that the publicity about shutting down the facilities and the understandable concern of the mothers involved were due to an unfortunate error in public relations, a report "spread by one person." He did not elaborate.

Dr. Willett made the point that in its normal functioning the Board closes certain facilities and opens others and that they tend to use these terms, "close" and "open," rather than to speak of "transferring" facilities.

The most heated exchange occurred when a man by the name of DeVoe, from the back of the hall, spoke of the need for setting human interests above other interests. "We build freeways," he said, "and take houses for that. The freeways go right through. We build the Sports Arena. And that goes right through. They turn over Chavez

Willis Pleads 'Not Guilty' Of Murder

Despite the fact that he has signed a confession in the Feb. 2 strangling of his cousin Doris Willis and that he re-enacted the crime for police officers, Robert Rudolph Willis pleaded "not guilty" when he came up for arraignment last Friday.

Trial of the case has been set for May 23 in Dept. 101.

Police have stated that Willis, a third cousin of the dead woman, gave a detailed, blow-by-blow account of what happened on the night of the murder both when he was picked up in Houston, Texas, driving Miss Willis' Thunderbird, and later when he was returned here on an extradition warrant.

He also reportedly re-enacted the crime at the slain women's apartment.

Bills Unpaid, Nurse Takes Own Life

Becoming increasingly despondent as bills mounted and she faced unemployment, Miss Elizabeth Bryant, 63, registered nurse and active member of the First AME Church, made the hard decision to end the struggle.

Miss Bryant lived in a room with adjoining bath at 1144 E. 51st Street.

Finds Body

On Sunday morning, Leon Fannin, who lived in the next room, hearing no noise in the bathroom, knocked and entered.

Back Again

I'll promise you one thing. If you will just bear with me on this little piece about Gone With the Wind you won't catch me bringing up the subject again. It isn't good for my blood pressure. I suppose that you have seen the ads and that you know that "Gone" has been revived and is now showing at various theaters. I don't remember how old it is but I had hoped that it was safely canned somewhere by the distributors and wouldn't see the light of the screen again until it made the Late, Late Show. I should have known better.

I had forgotten that this year marks the Civil War Centennial. Gone With the Wind is an almost perfect piece of southern propaganda and the Centennial seems to be given over to propagating the idea that the Mean Old Abolitionists started the war just so

State of Calif. Pulls Out of Civil War Fete

California and three other states have withdrawn from participation in the Civil War Centennial celebration scheduled for April 11-12 in Charleston, S. C. despite the fact that authorities hastily attempted to shift proceedings to the nearby unsegregated Naval Station.

The four are, in addition to California, New Jersey, New York and Illinois.

Protests, including one from Pres. Kennedy, arose when a Negro delegate from New Jersey was denied accommodations in the Ft. Sumter Hotel in Charleston where other delegates were to be lodged.

CAMERA-SHY ACTORS—As Eagle photographer Harry Adams snapped the above picture while he was being given something of a "bum's rush" at the all-Negro meeting of screen extras Saturday night, he found some of his subjects, in rear, May Johnson (behind coat), Lola Harris (ducking) and Dorothy Harris (head turned) camera shy. Others include, front, Lillian Taylor, and Joe Jackson, Leona Duckett and Benny Washington.

Screen Extras Row Over 'Illegal' Meeting

By MAGGIE HATHAWAY

There were only about 25 per cent of the Negro members of the Screen Extras Guild at a segregated meeting Saturday night, but they made up in confusion and turmoil what they lacked in numbers.

In the meeting that never quite got started, about 25 members signed a petition seeking the reinstitution of Jim-Crow hiring, only to reverse themselves before breaking up by voting 16 to 1, with a number of abstentions, to continue casting through Hollywood agencies.

Bum's Rush

The meeting also saw Eagle photographer get what might be called the "bum's rush," and heard Atty. Vince Monroe Townsend brand any who signed petitions asking the return of segregated casting as traitors to the progress of the Negro race and to their profession.

Negro members of the SEG had been summoned to the S. Avalon Park Playground by Mrs. Anna Mabry, long time member of the Guild's Board of Directors.

When she tried to call the meeting to order, however, several members protested, claiming they had been informed by Board members at the Hollywood office of the SEG that the "Negroes only" meeting had not been authorized.

Circulated Petition

While the discussion on legality continued, Mrs. Mabry started circulating a petition and obtained a number of signatures.

Byron Ellis, Lillian Taylor and Maggie Hathaway asked to see the petition, but it was kept out of their hands.

When they and others learned that the petition sought to withdraw casting from the Hollywood agencies and place it back in the home of Jasper Weldon on 99th Street, bedlam broke out.

The confusion was bubbling up

Legislature to Debate Area Apportionment

SACRAMENTO — Legislative debate on the Reapportionment bill next month will release "at least 120 different plans on what constitutes fair and equitable districts," Assemblyman August F. Hawkins said this week.

"Each legislator will have his own idea of what is fair and equitable," he said. "For my part, I am fighting for these principles:

"1—The maximum representation possible for our Southwest community . . . the area from Seventh to Artesia blvd., and from Alameda to LaBrea.'

"2—The districts should not be formed to exclude minority representation on the one hand, nor carved out to segregate on the other. A fair reapportionment based on a community of interest approach will make possible the election of good, strong representation, without discrimination."

"3—Our area must receive an equitable share of the new Congressional districts in Los Angeles County, and without gerrymandering."

OPEN HOUSE—The Golden West Insurance Agency, Inc. is holding an Open House at its new offices, 4903 S. Western avenue, Sunday, April 2, from 2 to 6 p.m. Demmit C. Griffin, president, and Anita Marie Williams, secretary, are discussing plans outside their building.

Roy Campanella Park Opens Sat.

Supervisor Kenneth Hahn announced this week that Roy Campanella Park, Los Angeles County's newest playground, will be officially dedicated and placed into operation on Saturday, April 15.

Temple Street Owners Fight Loss of Property

West Temple Street Property Owners, of whom M. Evans is chairman, were awaiting the results this week of an appeal they have lodged against the taking over of property at the corner of Temple street and Benton Way for a Police Dept. parking lot.

The lot is to be used for the proposed Rampart Police Station, and involved are seven or eight homes that must be obtained by condemnation proceedings.

Through their attorney, Loren Miller, the residents have resorted to a seldom used legal method, known as a conditional use device, which has the effect of short-cutting appeal procedures. By use of this provision, the property owners place their case before a special board which is empowered to lear their appeal.

A hearing on the appeal was held the last of February before the examiner for the City Planning Commission.

Kasavubu Abdicates, Ghana Gov't Claims

The government of Ghana, in a recent official release, stated that the "Madagascar declaration on Congo affairs is "an act of abdication from the presidency" by Joseph Kasavubu, and Ghana challenges his right to represent the country in the United Nations.

The release further asserts that Ghana recognizes Antoine Gizenga, slain Premier Patrice Lumumba's second in command, as "the legal Prime Minister since he had been appointed to that office in accordance with the constitution."

NEW SITUATION

The release says in part:

"A new situation has now arisen by Kasavubu's act in signing an agreement which purports to abolish the Republic of the Congo and to set up in its stead a confederation of independent states. Mr. Kasavubu has purported to assume the presidency of a co-ordinating committee of these pretended new states.

"The persons who have presumed to authorise the creation of these so-called new states have of course, no authority whatsoever to do so. The only office which they hold is that of provincial councillors. The proposed change of constitution is entirely contrary to the unanimous agreement reached by all the Congolese political parties at the Brussels Round Table Conference, and is in complete violation of the Congolese constitution.

"The importance of the Madagascar declaration is that it is an act of abdication from the presidency by Mr. Kasavubu by accepting an office which is dependent upon the complete dissolution of the Republic of the Congo. Mr. Kasavubu has, by his own act, ceased to be president of the Republic of the Congo.

DISMEMBERING CONGO

"The Government of Ghana has informed the secretary-general of the United Nations that as Mr. Kasavubu considers that the Republic of the Congo no longer exists, he can have no authority to maintain a delegation to the United Nations which represents a state which he has declared to be no longer in existence.

"The Government of Ghana has further informed the secretary-general that it takes a most serious view of the attempt to dismember the Congo of which the Madagascar declaration is an example.

"Press reports show that this declaration was inspired by Moise Tshombe head of Katanga Prouince and it must therefore be taken to represent Belgium's policy. The Government of Ghana has called to the attention of the secretary-general on many occassions the fact that Tshombe has only been maintained in power by the continuous despatch of aircraft, arms and ammunitions from Belgium and from Ruanda-Urundi.

"The whole of the so-called independent Katanga Government is run by Belgian officials, its troops are all Belgian led and its finances are provided through the Belgian National Bank. In such circumstances the Belgian Government must be held responsible for the activities of Tshombe.

"The Government of Ghana has also informed the secretary-general that it must take a serious view of the failure of the United Nations to take any practical steps to investigate the murder of Patrice Lumumba."

UPWA Wins By Big Margin At Wilson Plant

By a vote of 380 to 18, the United Packinghouse Workers of America, Local 200, AFL-CIO, won a representation election March 21 at the Wilson Packing Plant.

The National Brotherhood of Packinghouse Workers, an independent union, which had challenged the U.P.W.A., received only 18 votes. Another 48 voted for no union. A total of 501 workers were eligible to vote.

The U.P.W.A. has represented Wilson workers in Los Angeles for the past 17 years.

Scores of art lovers thronged the showrooms of Munn's Picture Frame Gallery on La Cienega Boulevard recently to view an art exhibit sponsored by the Western Regional Office of the National Urban League.

Featured were the works of Mrs. Helen Wright and Mrs. Evelyn Coleman, prominent local club women, who paint "as a hobby."

Bill Would Aid Persons in Path Of City Projects

Assemblyman W. Byron Rumford last Wednesday introduced a resolution (HR 168) calling upon the Legislature to direct local redevelopment agencies to give more attention to the problems of persons displaced from their homes as a result of redevelopment projects. The resolution was in the nature of a request, not an order.

The people affected by redevelopment projects, he said, represent in general a group whose earnings are not sufficient to enable them to bear costs of moving and of acquiring relatively expensive new homes.

"In addition to economic hardships, many persons who are forced to move are faced with problems of discrimination in relocating their homes. Many realtors and landlords reject certain groups of prospective tenants for reasons of color or race, he added.

ESTHER BAUM

Esther Baum Seeks School Board Post

Improvement of the teacher placement system "so that teachers are hired and placed in teaching positions in terms of qualifications and competency and not on the basis of race or religion" was advocated by Mrs. Esther K. Baum who is a candidate for Office No. 4 on the Board of Education. She is a graduate of the University of Illinois and Roosevelt University in Chicago.

"As a parent of two school children and a former teacher, I feel that I have had the opportunity to see education from two sides of the fence. In a city as large as Los Angeles, we have different problems in different communities. If any person is to be a good and responsible member of the Board of Education, he must realize that all things cannot be evaluated in terms of dollars and cents."

Labor Leaders Say FEPC Swamped

Los Angeles Branch NAACP Labor Committee Chairman Jesse D. Scott and Ike Adams, vice-chairman, after a two-hour conference with the full PEP Commission and administrative staff, stated that the commission needs a much larger staff to handle the already large and rapidly growing caseload of complaints and requests for investigation of discriminatory practices in hiring and upgrading.

The meeting with the commission was arranged upon the request of the NAACP for the purpose of reviewing cases referred to the FEPC by its Labor and Industry Committee and to devise more effective means of cooperation.

Scott and Adams issued the following statement: "We are convinced that the Fair Employment Practices Commission is doing a very good job under very difficult circumstances and with much too small a staff.

We commend the commission for its dedication and diligence and we call upon all citizens in the community who are interested in fair employment practices free of racial discrimination to write or wire the following State officials and urge them to increase to the fullest possible extent the staff and budget of the Fair Employment Practices Commission:

State Senator George Miller, Assemblyman Hugh Burns, State Senator Richard Richards, Assemblyman Augustus Hawkins, Governor Edmund G. Brown, and Attorney General Stanley J. Mosk.

TESTIMONIAL—Dr. Lawrence A. Davis, president of A. M. and N. College, Pine Bluff, Ark., will be recipient of a testimonial dinner at the Hollywood Roosevelt Hotel April 7.

Dr. L. A. Davis, College President, to be Honored

Friends of education and alumni of Arkansas A.M. and N. College will pay tribute to one of the nation's outstanding educators at a testimonial dinner in honor of Dr. Lawrence A. Davis, president of A.M. and N. College, Pine Bluff, Ark., on April 7, at the Hollywood Roosevelt Hotel.

In 1943, Dr. Davis became the nation's youngest college president, when at the age of 28, he was elected to head the Arkansas institution.

COLLEGE PROSPERED

Under his leadership, A.M. and N. College has experienced tremendous growth and development, plant-wise and academically, culminating in full accreditation by the North Central Association of Colleges and Secondary Schools and approval by the American Association of Colleges for Teacher Education.

The College received further honors when it became a member of the American Council on Education and a charter member of the National Accrediting Commission.

During the peak of the institution's struggle for plant expansion and accreditation, Dr. Davis declined a diplomatic appointment.

Dr. Davis is a member of many professional and social organizations and has received wide recognition in his field.

A Detroit builder put fallout shelters under some new homes. They didn't go over, so he renamed them wine cellars and the houses sold like hot cakes.

Plan Survey for New Woodlawn 'YW' Site

By BARBARA MOUNTS

Members of the Woodlawn YWCA and representatives from the Metropolitan Y met last Thursday evening to exchange views—and barbs—about the disputed relocation of the Woodlawn Center.

Approximately 100 members attended the tension-filled meeting at the Woodlawn Center and were given a progress report and a resume of the facts regarding the rejection of a petition for a zoning variance on a house at 1104 Browning street and the refusal of Metropolitan to sanction an appeal from that decision.

To Make Survey

Miss Laura Ault, executive director of Metropolitan, stated that the Welfare Planning Council has been asked to make a survey of the entire southwest area and submit recomendations on the most suitable locations for the relocation of Woodlawn. Surveys of this type usually take about two months.

Others from Metropolitan who outlined over-all plans for a new building for Woodlawn south and west of its present location were Mrs. Paul Barnard, president, Miss Gertrude Purinton and Mrs. Ray Hexler.

Members of Woodlawn's Relocation Committee, which has spent many hours scouring the area for a suitable site, presented a picture of a five-room house at 901 W. 81st street which had been suggested by the Metropolitan Board as a possible location.

Inadequate

Mrs. Vassie Brown and Isabell Dorsey reported that the committee investigating the property felt that there was not adequate room to make a center which would serve Woodlawns needs.

Mrs. Ann Shaw, a member of the Metropolitan board and also a member of Woodlawn, asked for a vote from the members present who were in accord with moving the center when a new location is found. Though many reportedly had come to the meeting opposed to the change, there was not one dissenting vote.

Among the spokseman for the Woodlawn Center were members of the Relocating Committee, including Miss Hazel McBeth, Mrs. Dorsey, Pauline Yarbarough, two program directors and members at large.

Postal Parking Facility to be Erected Here

WASHINGTON — A new, modern parking and maintenance facility will be built in Los Angeles to handle more than 500 postal vehicles serving the downtown area, it was announced jointly by Postmaster General J. Edward Day and U. S. Senator Clair Engle (D-Calif.).

The project, estimated to cost well over $1,000,000 will be built as an extension to the Los Angeles Terminal Annex.

Arrest Miss. Sit-in Students

JACKSON, Miss. — Nine students from Tougaloo College in Jackson, Miss., were arrested Monday in the main city library. The students appeared some 15 minutes ahead of the police at the strictly segregated library.

This was the first sit-in staged in race-conscious Mississippi during the Southern students' sit-in movement now moving into its second year. The students were arrested when they ignored the orders of the police to leave the premises.

Judge's Illness Delays Bribe Trial of Cops

The long continuing case of two former Long Beach police inspectors, James Thiele and Harry Finch, interrupted by the illness of the judge, is expected to reach the jury the middle of next week. The two officers were accused of assigning younger officers to collect bribe payments from Dr. J. O. Garland of Long Beach, whom they assertedly threatened to "frame" on illegal surgery charges if the payments were not forthcoming.

Defense attorneys were examing final witnesses at press time. The officers claim they were "framed' by the actual extortionists with marked money, while they were engaged in a "secret investigation."

Superior Judge J. Howard Ziemann, who is hearing the case, suffered a heart attack last week in his chambers at the Hall of Justice. He was confined to the Queen of Angels Hospital. On Monday he insisted on returning to the bench.

He pointed out that in "justice to everyone concerned, "I must finish the case, because I am familiar with all of the details."

His physicians arranged that a bailiff drive him from the hospital to the court each morning, bringing him back each afternoon. He has been supplied with medication in case of another attack and is forbidden to use stairways.

The bailiff reported Tuesday that Judge Ziemann was carrying out his calendar between rest periods and was feeling better, although he was aware that he was risking his life. But of the 102 Superior judges, he alone had heard all the long testimony, and he wanted to see the case through.

'Peeping Tom' Police Stop Card Game

Five suspects were arrested last Monday night around 11 o'clock after police had been "tipped off" that a card game was being played for money at 2118 W. 54th Street.

Hearing the shuffling of cards and the clinking of money, police from a vantage point on the balcony peeked into the second flor apartment through a hole in a window shade for about 15 minutes before they entered and arrested on gambling charges Elbert Hill, 32, truck driver of 111 E. 109th Street; Terry Ellis Lane, 30, a bus driver of 723½ W. 79th Street; Thomas Walter Bivens, 32, of 5122 S. Van Ness; Jeff Shamburger, 32, of 5215 Cimarron and James Albert Tyler, 25, of 2228 Marvin Street.

ELECTED — Aramis Fouche, owner of the Hudson Funeral Home in Oakland, has been elected to the Board of Directors of the Golden State Mutual Life Insurance Company.

Stalled Auto, Silent Alarm Trap Four

Four armed bandits were caught about 1:30 a.m. Monday when they couldn't start their stolen car after robbing the A & J Liquor Store, 203 E. Vernon Avenue, of $622.37 in cash and several personal checks.

The strong-arm ringleader, who pointed a sawed-off shotgun at the clerk, Howard Wells, was a 16-year-old youth, later identified as Everett Charles Norris, of 7225 S. San Pedro Street.

He told police he "needed money badly," that he found the car parked on 79th Street, started it with tinfoil and then picked up his three buddies.

Responding to a silent burglar alarm, police saw two suspects run between the house at 257 E. 43rd Place and the one next door and caught one of them.

He was bleeding from the lip. Brought back to the store, he was identified by Wells, who lives at 1238 S. Sycamore Avenue, as the man who forced him at gun point to turn over the money.

Also arrested were Mose Davis III, of 420 E. 23rd Street; James (Bud) Morgan Jr., 20, of 1128 E. 80th Street; and Marse (Pee Wee) McLain, also of 1128 E. 80th Street.

The church bulletin listed an unusually full schedule for Easter morning: sunrise service at five, followed by a congregation breakfast, then the regular worship, and communion services at seven, eight, nine, ten and eleven. The last line of the bulletin read: "The text of today's sermon will be, 'My Lord, What a Morning!' "

Sec'y Rusk Said Slated to Address Segregated Group

NEW YORK—Reports that Secretary of State Dean Rusk will speak to a segregated audience when he addresses the Atlanta Bar Association on April 20 have aroused a storm of protest.

Roy Wilkins, executive secretary of the NAACP, advised Secretary Rusk that both the Negro community of Atlanta and a surprising number of white citizens are "disturbed" over the reports.

Wilkins, in a letter to Rusk, pointed out that the Atlanta Bar Association meeting is to be held in the Biltmore Hotel which recently was the scene of a medical conference at which several Negro physicians in attendance were arrested when they presented themselves for luncheon in between sessions of the medical meeting.

"We cannot imagine a more disastrous blow to the image of the United States which your Secretaryship is seeking to project in the present world situation," Wilkins wrote, "than an address by the Secretary of State himself to a professional society meeting within the United States in which the participants are separated in seating according to race and color."

Wife Beaten by Vexed Husband

Lee Alma Jones, 23, a presser of 2640 Orange Drive, told police she had suffered a severe beating last Friday night at the hands of Elbert Jones of 1225 W. 39th Street because she was late getting home.

Jones fled when her screams brought neighbors to her rescue after he had struck her in the face, punched her and beaten her with a billy club.

She told police the suspect may be staying in the 1900 block on W. 132nd Street and may have access to a 1957 Ford convertible. She also stated that Jonse is wanted by the authorities from the state of Louisiana for child support.

Call Police to Rout Muslims Twice Sunday

Members of the Muslim Brotherhood were dispersed by police in two locations last Sunday when store owners issued complaints on the actions of the followers of the movement.

Eight men, dressed in black suits with bright red neckties, were reported by store owners in the Western avenue, Venice blvd. Plaza shopping center, to be intimidating customers and employees into buying newspapers for as much as 50 cents a copy, although they sell regularly for a dime.

The second encounter occurred at 55th street and S. Broadway avenue. The owner of Halleck's Market assertedly called police because week after week, those attending the Muslim temple across the street, used his parking lot for their cars. His customers complained that there was no space available for them. When he protested to the Muslims, they ignored his protests, he said.

Sunday, when the policemen arrived they began a systematic writing of tickets. One witness said that about 100 Muslims swarmed out of the temple onto the parking lot. Seeing the crowd someone sent in a call, "Officers Need Help"—and police cars and motorcycles arrived with sirens sounding.

Minister John X, head of the local temple, denied followers were forcing anyone to buy literature; or that they ever overcharged anyone for anything they ever sold. He said it was "equally ridiculous that Muslims threatened employees of the plaza." The laws of Islam forbid them from ever being the aggressor, he stated.

Redskins Bite the Dust

Although this is another matter we should leave to Abie Robinson and his sports page, we're so happy to see George Marshall of the Washington Redskins get his come-uppances that we can't resist a little gloating.

Secretary of the Interior Stewart Udall has told Mr. Marshall in plain and simple words that if the Redskins continue to discriminate against Negro football players they can't use the new stadium the government is building in the nation's capital.

As is usual in such cases, Mr. Marshall is blustering and shouting and denying that he draws the color line. Every fan knows better. The Redskins have never drafted a Negro player. They have never bought a Negro player. They have never traded for a Negro player.

If the Redskins were at the top of the heap they might make some kind of an argument out of the fact that they don't need the talents of Negro stars. The very opposite is the case. They are the floor mats of the eastern division of the National Football League. They need all the help they can get but they are so stubborn they had rather wallow around in the cellar than hire a Negro.

Incidentally, the Los Angeles Board of Supervisors broke up racial discrimination in the National Football League some years ago when they did precisely what Mr. Udall proposes to do. They told the Los Angeles team of that time that it couldn't rent the Coliseum unless it stopped discriminating. The team bowed to that pressure and other cities fell in line.

Ironically enough, the cessation of discrimination proved a financial boom to the Rams while it helped them get some of the best players in the country. The same thing would be true for the Redskins. It is amazing how many employers have to be bludgeoned into dropping the practice of cutting off the nose to spite the face.

You Can't Appease the South

The defeat of President Kennedy's minimum wage bill in the White House is another item of proof that the best way to stymie the passage of reform legislation is to give in to southern blackmail. The impending defeat of the aid to education bill will be another item of that proof.

The Administration gave in to southern threats and connived at the defeat of the proposal to change Senate cloture rules. The effect of that maneuver was to leave the Dixiecrats in a position to talk civil rights legislation to death whenever they want to.

The president himself has said that he won't send civil rights bills to the Congress until he is convinced they have a chance of passage—that is, until the southerners agree to whatever is proposed.

The Administration also approved a compromise on the House Rules Committee which left southern Democrats in a strong bargaining position.

All of these compromises were entered into on the theory that if the southerners were guaranteed a position where they could veto civil rights legislation they would go along with the rest of the presidential program.

The minimum wage vote disproved that theory and we're sure the vote on aid to education legislation will again see southerners lined up to stab the president in the back.

The southerners have played the Administration for a sucker. You can't do business with the South unless you do it on its own terms.

Supervisor Hahn Is Wrong

Although he's a long time favorite of the California Eagle and has enjoyed our support in his many campaigns, we think it's about time to let Supervisor Kenneth Hahn know that he has gone overboard in the current discussion of narcotics legislation.

Mr. Hahn has swallowed the argument—hook, line and sinker—that solution of the problem lies in practically doubling penalties, denying judges the right to give probation to offenders, and tossing constitutional safeguards overboard.

If he will look about him, Mr. Hahn will discover that we've been increasing penalties for the last decade and that drug addiction has been on the upgrade at that same time. There's nothing to indicate there will be any different result if present penalties are stiffened.

In our opinion, judges can be trusted with exercising good judgment in requests for probation and, frankly, we would trust their judgment further than that of men untrained in the law. Relaxation of the Cahan rule and giving police the right to break down doors to get evidence—as they used to do—has graver dangers for minority and low income groups than for any other section of our population. Mr. Hahn's constituents fall in those categories.

We think Mr. Hahn ought to stop shouting, take a little time out and give the whole matter some serious reconsideration.

Let's Take a Giant Step

Los Angeles leaders who have studied the problem of redistricting have come up with what they call a "Two and Four" plan. Put simply, the plan calls for redistricting of assembly lines in such a manner as to facilitate the election of two congressmen and four assemblymen from the south central area of the city—the community in which the vast majority of Negroes live.

When the plan was first broached we urged the Assembly Committee on Redistricting to adopt it. We said that we believed that it was a plan that was fair to all of the voters, of whatever race or color. We're still for it.

We know of no cogent arguments against it. The only thing we've heard so far is that the plan runs counter to the age-old practice of limiting Negro representation in government to a bare minimum. Under that argument it is being whispered around that Los Angeles Negroes should settle for two assembly districts and one congressional district. This gradualistic argument is a frazzled cousin of the one advanced by tired liberals in the southern states in respect to schools. "Don't ask for too much," they say. "You may get nothing."

We've had nothing so long that we have to take giant steps in order to reach a position we should have attained a long time ago.

Four Arrested for Killing of 'Baby Boy'

(Continued from Page 1)

early in the morning, believing that he had a lot of cash in his house and that the would be drunk and a pushover for robbery. They claim they hadn't intented to shoot "The Mayor."

Planned Robbery

Stigall told reported officers: "This is the way it went down. We had information (Bobby, Christine, James Moore and that Baby Boy was supposed to have $1500 or $1600. Our information came from a lawyer, Dennis, who is a big hood who hangs around on Broadway.

"He told us that Baby Boy would be drunk and we wouldn't have any trouble sticking him up.

"Bobby and Christine knocked on Baby Boy's door and went and asked him for a job. About three minutes later James Moore and I followed them in and I put a gun on Baby Boy and told him it was a stick-up.

He Just Laughed

He just laughed and got up and started coming after me. I fired one shot into the wall to scare him. He reached back and grabbed a pillow and threw it into may face and grabbed his own gun.

James Moore started to run and Baby Boy took one shot at him and then started at me again. That's when I shot him.

"After the shooting all four of us ran to Bobby's '59 Chevy Impalla. We didn't get any money or anything. But Christine did take Baby Boy's gun which was a .38 revolver. We sold it the next day for 20 bucks."

Moore, about 4 p.m. Friday, learned that he was wanted in connection with the Stevens' murder and got in touch with University Station and turned himself in.

I Was Involved

He made a statement in which he reportedly said, "Yeh, I might as well tell you the whole story. I was involved in the holdup and killing of Baby Boy as much as the other people. It went down just about like they said. We didn't go in there to kill him. We just planned on robbing him."

Miss Bush also reportedly admitted her part in the attempted robbery that ended in murder.

At the time of the killing, one of Stevens' neighbors, James C. Wellington, of 236 W. 42nd street, said he heard "The Mayor" shout, "Boy!" and then he heard a scuffle.

He went to his front door and saw a man wearing a red cap and dark trousers run to a 1959 Chevrolet Impalla, parked at the curb. The car drove off down 42nd street.

Wellington went to Stevens' house and there found him in his bedroom, lying on the floor in a small pool of blood. He had been shot in the neck.

Death of Dr. Evans

(Continued from Page 1)

from which he did not recover. He was 54 years old.

Dr. Evans was the son of the late Dr. J. W. Evans of Tennessee, and Mrs. Kate R. Evans, who resides at the Evans' home, 4226 S. Figueroa street. He was born and reared in Brownsville, Tenn. A graduate of Morehouse College and Meharry Medical College, he did his internship and residency at General Hospital No. 2, in Kansas City, Mo. He practiced in Pittsburg, Kans. until called to serve as an officer in World War II. Upon his discharge he returned to Brownsville to take over the practice of his father.

MOVED HERE IN 1950

He moved with his widowed mother to Los Angeles in 1950 and entered the University of California Medical School for post graduate work in internal medicine and cardiology. Dr. Evans' offices were in the Evans Medical Building, 4826 S. Figueroa street.

Dr. Evans served the NAACP of which he was a life member in Brownsville, Tenn., in Pittsburg, Kans., where he was president of the branch, and in Los Angeles as a board member, as treasurer, and as membership chairman. No mail ever left his office without being stamped "Join the NAACP."

He was a member of the house College and Meharry Medical College Alumni Associations, the Urban League, YMCA and YWCA, and held membership in the Kappa Alstra Psi Fraternity, Charles Drew Medical Society, Medical, Dental and Pharmaceutical Society, and the National, Los Angeles County, and California Medical Associations.

He was a member of the More-Los Angeles County Hospital Advisory Committee, the first Negro to receive such an appointment and was on the staffs of University Hospital, South Hoover Hospital and Temple Hospital.

At his church, Second Baptist, he was a special teacher in the Sunday Church School, a member of the Board of Christian Education and was immediate past chairman of the annual Mens Day program.

Cards, flowers, telegrams, and calls have come from many sections of the country. Equipment will be given in his honor to the Meharry Medical College through the local alumni association. Contributions will be accepted by their president, Dr. Clarence G. Littlejohn at 1615 S. Gramercy place.

Screen Extras Row Over Bias

to a high point as Adams with his cameras came into the room, to be warned by Mrs. Mabry not to take a picture. He snapped one over his shoulder as he retreated, catching several of the members who proved to be decidedly camera shy.

Meeting 'Illegal'

To cap this episode, Atty. Townsend and several NAACP officials arrived. Mrs. Mabry wanted to know who gave him permission to attend an SEG meeting, and he replied that the meeting was segregated and, according to the SEG constitution, illegal.

In the confusion, he managed to get the floor and it was then that he spoke about traitors to progress.

He reminded the members that the real issue was whether Jasper Weldon should work through Central Casting on Hollywood Blvd., as arranged by the Fair Employment Practices Commission, or whether the integrated set-up should be abandoned in favor of segregated casting.

When one of the members informed Atty. Townsend that Weldon had reportedly refused to work in any of the four Hollywood casting agencies, Townsend advised them to find another qualified Negro who would accept a casting job in Hollywood.

He called for a vote and the count was 16 for continuing integrated casting, with one against.

Mrs. Mabry threatened to report back what had happened to the Screen Extras Guild and also to take the issue again to the FEP Commission.

When he was brought face to face with the victim, she "positively" identified him. Officers searched him and found Miss Rhodes' gun in his possession.

Coleman denied the charges He said he had found the gun at 43rd and McKinley, he didn't know the woman and hadn't been near her house. He was charged with kidnapping and forced rape.

BATTLEAXE & BREAD

By Lester B. Granger

By LESTER B. GRANGER

Scanning newspaper items with the extra care allowed by a brief hospital commitment, I paid special attention to Monday's news item from Washington reporting on the Kennedy Administration's "drive to recruit Negro college graduates for federal jobs." Labor Secretary Goldberg's personnel chief, Edward J. McVeigh, has been touring Negro colleges in the South to discuss career opportunities to be had in the federal service.

There is nothing new in this effort in one sense, for this the National Urban League did for a couple of decades as a part of the League's Vocational Opportunity campaigns. It is new, however, to have a highly-placed federal official not only inform colored youngsters of civil service opportunities, but also to try to convince them that their Government really wants them to qualify for employment.

POLITICAL SAVVY

Ever since the beginning of the New Deal, Washington bureaucrats have been giving assurances that there are no racial barriers to fair employment—which is an obvious untruth; for why else would there have to be a series of Presidential committees on governmental employment practices. But here comes the personal head of a federal department who says to Negro college students, in effect, "Not only will there be no discrimination against you, but we actively solicit your application. We want to include you among our staff."

And what a difference this makes in the attitudes of young people. I asked myself as I read why other administrations haven't taken this obvious step, but the answer came immediately—because other administrations haven't had the political savvy that the Kennedy Administration is showing. For this recruitment trip of McVeigh's exemplifies political sagacity in its highest form, not merely rewarding the faithful with a share of victory's gravy in the form of small and medium-size appointments, but also inspiring the coming political generation with a feeling that its members are important to the Administration. Such leadership action marks the difference between the operation of an impersonal officialdom and administration by imaginative officials.

THEY DON'T APPLY

This is a variation on the theme introduced a dozen years ago by Julius Thomas, the Urban League's national director of Industrial Relations. He discussed with personnel heads of a half-dozen giant corporations their oversight in failing to employ qualified Negro engineers and scientists. He spoke of the hundreds of well-trained men and women going to waste in peripheral jobs while industry was deploring the shortage of technology.

"But we'd be glad to hire them," the personnel chiefs would expostulate. "The trouble is they don't apply; we don't know where they are."

"That's natural," Thomas would respond, "considering that you have been slamming the door in their faces in the past. So now you've got to go after them, make a demonstration of your interest, inspect their training, recruit them on campuses just as you recruit your white engineers and scientists. Let's start with Howard University."

OPENED NEW AVENUES

So Thomas, the Urban League's super-salesman of manpower and talent, shepherded industry's first recruiting visits to Howard, Tennessee State and other centers of technological training for Negroes in the South. Further, he dug out for the benefit of industry heads the names of Negro graduate students in non-segregated universities of the North and West.

As a result, within five years what gifted young Negroes had considered a blind alley had turned out to be an avenue of opportunity leading toward jobs paying upward of $15,000 a year. Today the number of colored students entering the fields of technology and science have quadrupled and their chances to use their training in industry and research laboratories are easier than the chances of the average young medical graduate to find a good internship.

Only a small miracle, you say? Yes, but so is the atom small until it begins to split and produce power. Therefore, Secretary Goldberg and his departmental aides have started something which can be bigger than anything the League could ever do, because this major department of the world's biggest free government can reach more young people and can guarantee that if they try the jobs are there waiting for them. This is progress.

Loren Miller Says . . .

(Continued from Page 1)

they could disrupt the happiest society that had existed since Adam and Eve got thrown out of the Garden of Eden.

Glory To God

These old meanies not only went marching through Georgia tearing up railroads and burning down plantation houses but they also forced freedom on happy slaves who wanted nothing more than to serve Old Massa and his household. But Hallelujah and Glory to God were some of the slaves who wouldn't be corrupted. Chief among them was Old Mammy who didn't give a whoop about her own children but who just loved Old Missus' children and who demanded a chance to stay up 18 hours a day just so she could pet and primp Young Missus.

After the war was over, the story goes, those same ornery old northerners who had burned Atlanta and stolen family silver right and left went and gave the vote to the slaves and made them take over state governments. They even made some of them get elected to Congress. And it was just awful. Because all of the time, all these poor old slaves wanted was just to get back into slavery so they could wait on Old Massa and Old Missus and Young Missus.

Noble Fighters

The South was just full of Young Massas who were the bravest things you could think of. They put on pretty gray uniforms and went marching off to war and what do you think? Why, the Mean Old Abolitionists had got a lot of unthinking young northerners who shot Young Massas with real bullets, and who didn't care about how noble he was and how he was in love with Young Missus. But the Young Massas didn't care.

They were real noble about dying because they understood how honorable slavery was and how wonderful States Rights were and how the slaves didn't want freedom. They just saw their duty and they did it. Also they knew the War wasn't really a Civil War at all; it was a War Between the States and they were fighting for a Lost Cause.

Go Back Home

And when the War Between the States was over the Young Massas came marching home and set out to build up Civilization again. The very best thing they did was to teach the former slaves that government was the White Folk's business. Just to keep everything in order they passed laws to keep the former slaves from voting or holding office and some of them who didn't learn easily why, naturally, they had to whip. They even organized the Klan to drive the lesson home.

The way I'm telling the story may make it seem a little drab. But wait until you see Clark Gable and Vivian Leigh tell it in technicolor. It will make you rush right down south and find you an Old Massa and an Old Missus so you can live mighty happy 'til you die.

Centers to Stay Open

Ravine to a ball club. And that, too, goes right through.

"The centers are just as important to us," he continued, "as the Sports Arena, Chavez Ravine or the freeways.'

Gardner replied heatedly to the criticism. "We're here tonight," he said, "as visible evidence of our interest in the personal equation," and declared that the school staff was not responsible for Chavez Ravine.

The mothers repeatedly asked for assurances that the centers would be kept open. Dr. Willett replied to one such question. "That is our full intention."

They then wanted to know what arrangements would be made to see that the children didn't have to travel from one school to another without supervision; if the new centers would be opened before the old ones were closed; if there would be difficulties over transferring from one school to another, and that would be considered a "reasonable" distance to a new Child Care Center.

The mothers were given assurances on all points raised.

Bills Unpaid, Nurse Takes Own Life

In the bathtub lay Miss Bryant's nude body, submerged, her head facing the drain.

Police found her bedroom neatly arranged, with the bed made. On top of it lay a note, written in long hand, addressed to "Dear God." An open Bible lay next to the note.

'No Funds'

"Please forgive me," it read. "No funds. No way to turn."

The note went on, "Please call Russell Leon Jr. Take car. Will have no job after three months. Just can't go on. Please forgive me, I love you." It was signed "Betty."

There was another note about $164, "all I have in the checking account." Pinned to the mirror over the dressing table was a list of names of friends and relatives.

On the bed, next to the first note, was a check drawn on the Security First National Bank payable to Leon Fannin Jr. for $164. There were some bills and a few cents in Miss Bryant's purse.

Man to Internal Revenue officer: "I insist, sir, that my wife's relatives ARE an organized charity."

Mrs. Leftridge Pens Annual Easter Message

By CAMILLA LEFTRIDGE

The glorious observance of the Easter resurrection is here. It is the call to rejoicing and the humbling of self to the will of God as read in the Bible of the events in the life of Jesus who became the Christ, we find that from his birth to his arrival at the foot of the cross, he was conscious of the path he was treading.

He humbled himself amid the doubts and confusion of His time and finally became obedient unto death. It took prayer, meditation and preparation to accept and endure the will of God. He did it to redeem us from our sins and to free us from the fear of death.

REDEDICATE OURSELVES

Christ is our only example of the ultimate in sacrifice and love for one's fellowman. As Christians this Easter, we should take up our personal cross and follow in the footsteps of Jesus. Denying ourselves and doing the work of helping to create peace for all mankind by rededicating our lives to God.

Even on the cross Christ prayed for mankind and asked forgiveness for its mistakes. We of the church should pray each day and renew our allegiance to Christ, confessing our sins and forgiving those whom we feel have wronged us.

BOWEN METHODIST

Christianity has little meaning apart from the significance which Easter represents. "Christ our passover is sacrificed for us; therefore, let us keep the feast." (1 Cor. 4:7-8) These words of Paul suggest that Easter is not only the most important but also the first of all Christian festivals. Sunrise services at 5:30 with the senior choir presenting "Stabat Mater" by Rossini will be followed by the holy communion services. The annual Usher Board breakfast will be served at 7, followed by the holy communion services. Mt. Tabor Bapt. Closes Classes On Flight To God

Last week Mt. Tabor Baptist Church, 6612 So. Western Avenue, closed out its third annual study course which was conducted by the pastor, Rev. J. T. Stewart, and his officers and members. The classes had been in session since last Feb. 12.

The theme for the sessions was "Our Flight Back to God, Flight 66." Limited or unlimited hope was the subject of Rev. A. W. Lott, of the Greater Ebenezer Baptist Church, who was one of the guest speakers. Rev. H. W. B. Stewart, of Greenville, S.C., was also a guest. Rev. T. M. Durr, of St. Mark Baptist Church, summarized the class lessons each evening during the flight.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H. Ointment with special applicator. Preparation H is sold at all drug counters.

The 1961 Interfrat Basketball Series got underway last Saturday at the Jefferson High School gym for its 32nd straight year.

The college set played an important role in enlivening the series because the students have provided the extra boost that triggers full-scale community interest.

This interest has enabled the series to draw well. With the four popular fraternities providing thrilling games for eight weeks the series is like a weekend carnival away from the campus. Most of the attendants are students who come from many of our junior colleges and colleges and most of them bring their "dates" with them.

A popular feature of the series is the dances that follow the games. They are held at the four frat houses and are sponsored by the respective fraternities. In some 30 years we can't recall a single serious incident at any of these affairs which are run by the students themselves.

Unquestionably the series have been a big factor in developing players into super-college stars. Competition is so keen at times that tempers flare momentarily and bedlam breaks out all over, but when the games are over a warm and friendly atmosphere prevails and players with their "dates" head for one of the four frat houses.

The tradition of the games is "once a series' player always a series' fan." Many former series players have watched their sons and grandsons play. It's not unommon to see an entire family mother, father, grandparents, wives, brothers and sisters in attendance at the games.

A case in point is Lillian Hill when her two sons, Hugo and Kenneth, were four years old she used to bundle them up in the family car and head for the games. Her favorite was the Alphas and for some 25 years she has been a regular series' fan. She wathed her boys play for a number of years and before the 1961 series is over she will show up with her two sons' children in tow, will take her old seat just behind the Alpha cheerleaders, and will be shouting with the loudest: "Kill 'em, Alphas!"

So, for a thrilling Saturday evening with the entire family, take in the interfrat series.

KAPPAS, ALPHAS LEAD INTERFRAT CAGE RACE

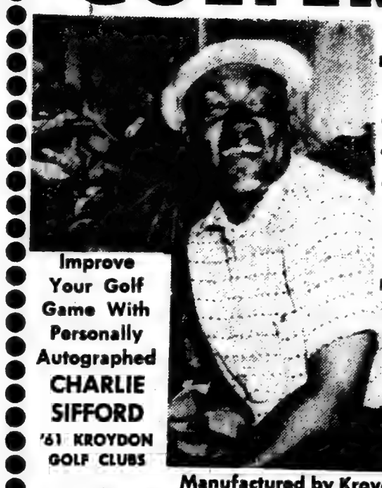
By EDW. "ABIE" ROBINSON

The red hot Kappa interfrat basketball team led by a pair of superb sharp shooters in Bobby Blue and Walter Hazzard brushed off every rally staged by the fast breaking Sigma five to win their second straight series game last Saturday night in Jeff's gym 92 to 82.

Although the Kappas jumped to an early lead in the closing minutes of the first quarter the Sigs never gave up and pressed the K's throughout the entire contest. At times they were within two points of tying the game and late in the final period missed several chances of going out in front of the Kappas.

However every bid the Sigmas made for a comeback was broken up by either Blue or Hazzard who seemed to always be at the right spot at the right time either to intercept a pass or drop in an easy lay up. Bobby Blue, Pepperdine College hotshot, scored 26 points in leading his team to its second win. Teamates Walter Hazzard and Bill Ellis connected for 20 and 13 points.

In the opening game it was the same old story for coach Jim Powell and Algin Sutton of the Omegas. They gifted the Alphas with a big first quarter lead which they never could overcome and the "Apes" went on to post their second straight with a score of 85 to 77. Sparking the Alpha attack were Leonard Guinn, Anthony Burr, Dick Banton, and Art Bias.



While not looking like the Omega teams which captured five straight series championships, the 1961 squad does have the making of a better record than 2 losses and no wins. It's just that the coaches haven't come up with the winning combination as yet.

SERIES CHATTER: UCLA future basketball crop looks impressive four of the Kappas great stars are enrolled at the school including **LEONARD GOWER** who was a whiz on the freshmen team; Walt Hazzard, a cutie from Philly; Fred Slaughter, a glue finger rebound artist and Ron Lawson, the cool one from Tenn. No games are scheduled for this Saturday because of Easter vacation. The torrid action resumes on Saturday, April 8. **DR. ROY ANDREW,** president of Medical, Dental, Pharmaceutical Association and one of the series hardworkers in the early years was a big Alpha rooter Sat. night. Coach **DOUG SHAW** of the Sigs who is also a traffic cop for the LAPD; is nursing ideas as to how to halt the speedy Kappas and Alphas. Not a single one of the interfrat players **PROCESSES** his hair but the **COEDS** get away with spray jobs, but you can't knock that because they are really looking good. This year series attendance has jumped to a record high for the first two games. An increasing number of **BLONDES** indicated that integration is on the move among the college set. **CHARLIE MARTIN,** Sigma man is so hungry for a series championship team it's being rumored he made offers to the Ohio State team. A tip of the old fedora is in order for **ALBERT CHISM** for his 32nd year as time keeper and to Dr. Grady Orange who acts as team **PHYSICIAN** (when he's there).

Fourteen-year-old Robert Callins, from Vineyard Playground, nabbed the junior division crown and Henry Guerra, 15 years old, from El Sereno Playground, took home senior division laurels when finals of the eighth annual Boys Basketball Derby were staged last Saturday, in the City College Men's Gym.

Callins, who resides at 2926½ Palm Grove Avenue, carded 13 points to pace the array of "hoop stars of the future" competing in the junior division and Guerra, amassed 12 markers to lead the way in the senior division.

Henry Singleton, 13 years old, who resides at 1657 East 50th Place and represented Fred Roberts Playground, edged 14-year-onld John Sandova, who lives at 1150 South Lake Street and is a Red Shield Center hoopster, in a shoot-off for second place in the junior division. Both had 12 points.

Fifteen-year-old Louis Newsome, 1511 East Third Street, from Pecan Playground, scored 11 points to nail down second place in the senior division and Jim Grant, 14801 Raymond Street, Gardena, got 10 points and third place after winning the shoot-off. He carried the Gardena Recreation Department's colors.

Gardena High Romps Over Riis In Meet

By HENRY THOMAS

Riis classy thinclads bustling over with pride after defeating Fairfax and Excelsior in two early season meets ran up against a stubborn Gardena team and came out second best. The final score read Gardena 59½ and Riis 44½.

However Riis took the 100 yard dash and L. Pierson was a double winner in the pole vault when he registered the best mark in his life with a leap of 11 ft. 6 inches and came back to win the 180 yard lows in 20.6. Riis took the mile relay in 3:10.0.

In class B competition Holden was the hero with three big first places the 100 in 10.4; broad jump with a leap of 22 ft. 2 inches and tossed the shot 47 ft. 4 inches. In the three events this season he has been unbeatable.

Riis varsity track team has a meet record of two wins and 3 losses. The B's have four wins and one loss and the C's 3 wins and two losses.

Dodger Baseball Clinic Planned

A baseball clinic conducted by the Los Angeles Dodgers will be sponsored by the City Recreation and Park Department at the Memorial Coliseum from 10:30 a.m. to 1:30 p.m. Saturday, April 22.

Al Campanis, the Dodgers' director of scouting, is setting up the details of the clinic with Tom Murphy, director of municipal sports in the Recreation and Park Department.

Ulis Williams In New Mark

Compton's brilliant Ulis Williams breezed to the best half mile time in the nation last week when Compton High defeated Dominguez 64 to 40. Already the holder of the fourth best time for the quarter mile event with a last year's clocking of 47.2, Williams highlighted last Thursday meet with a 1.54.1 to establish himself as one of the greatest middle distance runners in prep annals. Compton coach Ernie Hartman said that Williams could have been under 1:52 without any trouble.

Bromfield will give away 50,000 badges to boys and girls attending recreational exposition.

A total of 962,474 linksters teed off on Los Angeles' 11 municipal courses during the calendar year 1960, and thus set an all-time attendance record at golf facilities operated by the City Recreation and Park Department.

The 1960 figure was 112,557 greater than in 1959, when 849,917 linksters played on the courses and exceeded by 206,771 the 1958 attendance fo 755,703.

Pointing out that 8 of the 11 municipal courses hosted more linksters in 1960 than in any previous year, 141,064 divot-diggers played the Rancho 18-hole layout last year, a course record, which undoubtedly made that facility the heaviest played links in the world.

New course attendance records were established in 1960 at Sepulveda Dam Park's Balboa and Encino courses. The Balboa 18-hole layout hosted the second-highest number of linksters playing on municipal courses, 110,186, and Encino, also an 18-hole facility, recorded the third-highest attendance when 105,599 divot-diggers toured it.

95,973 linksters played the Balboa Course in 1959 and the attendance at the Encino course during the same year was 86,491.

The greatest 1960 percentage-wise attendance increase was at the Harbor Park Golf Course, Wilmington, which hosted 88,135 linksters in 1960, as compared to its attendance of 65,441 in 1959, its first full year of operation, Hadley said.

Following are the 1959 and 1960 attendance figures for the 11 Los Angeles municipal courses:

RODERICK LUKE, GENE WILSON PACE PEPPERDINE THINCLADS

Senior Roderick Luke and junior Gene Wilson, both triple winners last weekend, will lead a six-man Pepperdine College track contingent to the annual Santa Barbara Easter Relays Saturday (Mar. 25).

The youthful Waves, shy on both depth and experience, knocked over the University of California at Riverside and LaVerne last weekend, and look to upset some of the favorites at Santa Barbara with their sprint relay teams and Wilson—the nation's leading junior college broad jumper last year at 25¼.

In last weekend's triangular Wilson won the high and low hurdles as well as the broad jump, and Luke put on an iron-man exhibition to cop first in the 880, mile and two-mile runs.

Sprinter Norm Johannes also figured on a triple with wins in the 100, 220 and a leg on the victorious mile relay team.

Other Waves due to see action at Santa Barbara are sprinters Phil Buford, Bill McFee and Larry Stallings.

PICK DAVEY MOORE IN TITLE BOUT APR. 8

First official price line on the Olympic's Saturday, April 8 Davey Moore-Danny Valdez 15 round world featherweight title bout finds Moore listed as a 3-1 favorite to retain his title.

The major reason for Moore's favoritism is his big edge in experience. Davey has had a total of 53 fights, compared to Valdez' 22 pro starts.

Both boxers are entering the final two weeks of training full of confidence. The titleholder is holding forth at Cisco Andrade's training camp in San Jacinto.

Valdez is prepping daily at 1 p.m., at the Main Street Gym. There is a 50 cent charge for the training session.

Lightweights and Middleweights feature this in tonight's (Thursday) Olympic offering.

Carmie Price of Pittsburg, returns after a year's campaigning in the East, to box Denver's Eddie Garcia in the off TV 10-rounder. They will mix at 136 pounds.

Price's last showing here was in December of 1959 and resulted in a wild 10 round win over Timmie Jefferson. The latter's chief second got slugged by a fan of Price that night.

DAVEY MOORE—Solid

Gene Johns, flashy New York 160-pounder, takes on the veteran Tiger Al Williams in the KTLA-TV wind-up. Johns looked very good in halting Tony Montano recently.

Foreign Theme for Club Dance

The Exotic Mannequines Social and Charity Club selected the theme of "Foreign Intrigue" for its annual club dance last Friday night at the Mayflower ballroom. A near capacity crowd enjoyed the unusual and interesting show which was emceed by well known disc - jockey Clora Wright. Assisting the club with the show was Wilma Coleman.

Music was provided by the Simon Brothers' band and their wonderful performance helped greatly to make the affair an enjoyable one.

Following the Mannequines Friday night's dance, members plunged immediately into big plans for their annual Cotton Dance which is scheduled for July.

Ricci has no peer at marvelous Sun. night parties, something he did equally well when he lived in Paris. Tireless, he likes having his more interesting chums in for coffee the morning after his parties. If we are awake, that is.

Davis – Getz Concert Friday Night

ARTISTRY IN RHYTHM—Miles Davis, everybody's favorite trumpeter, will be co-featured with the incomparable tenor saxeatonist, Stan Getz, in the greatest one night stand since Cutler's. Friday, March 31, 8:15 p.m. at the Shrine Auditorium, Jefferson and Royal. Davis has created two exclusively new and extended jazz which will be showcased especially for jazz enthusiasts.

Original Music To Be Featured By Jazz Greats

Miles Davis has an extra special treat in store for his Friday concert audience.

A source close to jazzdom's Number One trumpeter revealed that he would introduce in the Shrine Auditorium for the first time anywhere one or two entirely new and extended jazz works.

Miles, playing any of his standards, is worth the price of admission, but to be treated to something completely new by the "harmonic genius" is a rare opportunity no real jazz buff wents to miss.

Highly Acclaimed

"A great musician has an extracurricular 'something' the ordinary musician does not have," vibe star Milt Jackson says. "I don't know how to define it, but whatever it is Miles has it."

Miles brings to the Shrine this Friday evening one of the most formidable groups in jazz today. In his award-winning quintet, the able instrumentalists include: bassist Paul Chamber, pianist Wynton Kelly, drummer Jimmy Cobb and tenor saxist Hank Mobley, making his first appearance on the West Coast since 1951.

SHINING STAR . . . Mitch Miller, whose "Sing Along With Mitch" hour-long show has been bought by "Ballantine and Sons, brewers, for NBC-TV Thursday nights at 10 (NYT) starting in the fall, predicts that his featured singer, Leslie Uggams, will be the No. 1 girl vocalist in TV next season.

WINDY CITY—Vernon Rose, above, and his co-partner. Al Pullins are proudly serving fine food for better meals at their Windy City Restaurant and Barbeque Headquarters at 4769 W. Adams Blvd.

It grows almost like Jack's beanstalk

To him, it's amazing. To teeming millions in crowded areas of the world, it's a new source of hope —of better food, a richer life.

For in food crops, astonishing new growth is being released by the green thumb of science.

One striking development in agriculture, for instance, is plant foods created by the people of Standard's ORTHO Division.

These plant foods come in dry pellet form... and can literally be "rained" on fields by plane. They can increase yields of fruit and vegetables 100%, make pastures rich enough to graze five times more livestock.

Imagine what advances like these can mean to the peoples of other free world nations. Our field men see it... working with farmers and the land in 70 countries. Poor soil becomes fertile; plants become rich in nourishment.

And this has a larger meaning... more food brings more vitality to peoples of crowded lands, a stronger economy... a healthier soil for the growth of freedom.

Police Unleash Dogs, Blackjack Negroes

Miss. Cops Beat Crowd At Trial

JACKSON, Miss. — Police unleashed snarling, biting dogs and swung pistols, blackjacks and clubs at a crowd of about 100 Negroes, including women and children, who had gathered at the courthouse here last Wednesday for the trial of nine Tougaloo College students arrested for sitting in a "white" library.

Medgar Evers, NAACP field secretary, was beaten about the head with a pistol and blackjack.

Bitten by Dogs

Rev. S. L. Whitney, pastor of the Farish Street Baptist Church, the city's largest Negro church, was severely gashed by one of the police dogs. Also bitten was Bishop David McPherson.

The lawyer for the nine students, Atty. Jack H. Young, was stopped and insulted by a policeman as he attempted to enter the courthouse to defend his clients.

"Where you going, Shortie," demanded a "peace" officer, and threatened to hit him when Atty. Young hesitated before replying. Another officer recognized Young and he was permitted to pass.

'Cop Attackers'

From New York, NAACP Executive Secretary Roy Wilkins in a wire to Gov. Ross Barnett accused Jackson police of being "attackers rather than protectors," and called upon the Governor to safeguard the citizens of the State of Mississippi.

The Negroes, who had been unable to find seats in the crowded courtroom, were standing across the street when the nine students arrived for their trial. The crowd applauded. This apparently irritated the policemen who turned their dogs and their clubs on the crowd.

A mass meeting the following night, Thursday, resolved to launch a total boycott against Jackson's entire downtown shopping district.

Ask U.S. Probe

Clarence Mitchell, director of the NAACP Washington Bureau, told the meeting that the U.S. Justice Department has been asked to investigate the violence used against them by police, and to determine whether or not new legislation is needed to assure protection for Mississippi's Negroes.

At the trial, the nine students were all convicted of disturbing the peace, fined $100 each and given 30-day suspended sentences. Atty. Young said they would appeal the convictions.

City Judge James L. Spencer ruled that the students had failed to move on orders from the police and that their presence in the library could have resulted

John Williams Is Appointed to Teamster Post

John T. Williams, one of the first Negroes to be hired locally to drive a truck in the brewing industry, has been appointed to the new post of health and welfare coordinator of the Teamsters Union, Local No. 208.

This is the highest ranking position to which a Negro has been appointed by the local union.

INFORMS COMMUNITY

In his new job, Williams will work full time developing and implementing a program of service to members on pensions, insurance, medical services, blood donations, hospital admissions and other general welfare problems.

Announcement of the appointment was made by Mike Singer, international organizer now stationed in Los Angeles, to union members on March 21 and to the Negro press and community this past Thursday. Representatives of the Urban League and the NAACP were present at the conference, which was held in the union's $5,000,000 marble - and-glass, ultra modern headquarters on W. 9th street.

It was also noted that the union had hired a Negro, Sandra Carter, as a stenographer.

'NO PAY-OFF'

In explaining the importance and responsibility of the job of welfare coordinator, which he described as the "hardest job in the union," Singer had high

Prominent Doctor Dies

DOCTOR, TEACHER DIES — Dr. Julian W. Ross, medical "father" of many Los Angeles' doctors, died in Washington Easter Sunday. He is shown above, center, turning the first shovelful of dirt for the new Ross Manor on his last trip to Los Angeles late last year. The medical center named in his honor is in the background. With him are two of his former students, Dr. LeRoy Weekes, left, and Dr. E. W. Stratton. (Irving Smith)

Dr. Julian W. Ross Dies; Plan Memorial at Holman

Dr. Julian Waldo Ross died in Freedom's Hospital in Washington from a cerebral hemorrhage early Easter Sunday morning at the age of 77. He had been hospitalized 12 days before his death in a state of coma, from which he rallied only momentarily.

The prominent physician, "father" to many of Los Angeles' leading doctors, was best known locally through the Julian W. Ross Medical Center, 1828 S. Western avenue, which was dedicated in 1957 and named in his honor by a group of his former medical students.

Lifetime of Service

Dr. Ross will be buried from the historic Andrew Rankin Chapel on the Howard University campus, where he served long and faithfully. Dr. Mordecai Wyatt Johnson, former president of Howard University, was expected to officiate.

From Los Angeles, Dr. LeRoy R. Weekes, president of the Julian W. Ross Medical Center, will attend the funeral as the representative of the local group of doctors who studied under Dr. Ross.

On Tuesday, the Los Angeles Board of Supervisors passed a resolution commemorating Dr. Ross for a "lifetime of service in medicine and the humanities."

Taught 43 Years

A memorial service will be held at Holman Methodist Church, 3320 W. Adams blvd., at 8 a.m. Sunday, April 9. Dr. L. L. White, pastor, will officiate.

Dr. Ross was head of the Department of Obstetrics and Gynecology in the Howard University College of Medicine for 27 years, from 1930 to 1957, and a member of the Howard Medical Faculty for 43 years. He retired in 1957, but continued as a consultant to his department until his death.

When in 1929 the late Dean Numa P. G. Adams entered upon the herculean task of rebuilding the Howard medical faculty and educational program, Dr. Ross was the only member of the "old guard" of clinical physicians who was retained.

Born in Georgia

He was president of the Medico-Chirurgical Society of the District of Columbia in 1921 and was awarded an honorary Doctor of Science degree by Lincoln University of Pa., in 1951 and the

Hurled 35-40 Feet, Sailor Dies Instantly

Leroy Monroe, 23-year-old sailor attached to the USS McDermott, was struck by a P.E. streetcar at Long Beach avenue near 53rd street shortly before midnight Saturday and hurled 35 to 40 feet to his death.

Some reports said he walked into the side of the car, but Clint DeVault, 5218 Stanton avenue, who was with Monroe just before the accident, said he strolled across the tracks just as the train was bearing down upon him.

Woman Killed

In another weekend accident, 40-year-old Mrs. Lucille Williams, of 119 E. 116th street, was killed in a head-on collision. Her husband, Edgar, driver of the car, was only slightly injured. Driver of the other car, Clarence A. Cornel, 30, of 306 E. 55th street, received major injuries. He was booked on suspicion of manslaughter.

The sailor, who was born in Durham, N.C., had served with the U.S. Navy for almost six years and nine months, enlisting when he was only 16 years old. His parents, if he has any, were not listed on the death report.

So far as was known he was not married, but immediately after his death was reported, a woman called the coroner's office and advised that she was the unwed mother of his children.

Applied Brakes

DeVault said he and Monroe had stopped at the Mello Rock Cafe, 53rd and Long Beach, just prior to the accident.

Joseph A. Havas, 10446 Larinda avenue, Buena Park, operator of the P.E. streetcar, said he was

Brown Backs Efforts to End Housing Bias

SACRAMENTO — Demanding equality in schools, on the job, at the polls and in real estate agencies in California, Gov. Edmund G. Brown told an Awards Banquet of the Sacramento NAACP last Thursday that "housing is the first order of business."

"It is the new frontier for civil rights," he said. "Or, as Dr. Robert Weaver puts it, housing is more than shelter. Housing is people."

FULL SUPPORT

Turning to the Hawkins bill (Assembly Bill 801) now up for consideration, the Governor stated:

"So far as I am able, I intend to put the full power of State government behind the effort to eliminate discrimination in the whole field of housing. By that I mean public or private housing, I mean houses for sale, for rent or for lease.

"A.B. 801 is one way to accomplish this goal. Many people think it is the best way. Others subscribe to the principle, but have reservations about placing the enforcement powers in a commission.

"I cannot speak for the Legislature and tell you the exact form this bill will finally take. There may be revisions. But let me emphasize this:

BIGOTS WEAR MASK

"I want any effective means of enacting guarantees against discrimination in housing.

"I will accept reasonable compromises in form; none, in principle . . . "

Gov. Brown also praised the NAACP and condemned those who wear the mask of fighting Communism to defy all progress.

"Today, across the nation," he said, "a new phenomenon has raised its head to defy progress —progress in civil rights, progress in government and democracy. It wears a mask—the fighting of Communism. And it indiscriminately sets its sights at any liberal thought . . .

APPEAL TO PARANOIA

"We must be wary of hysteri-

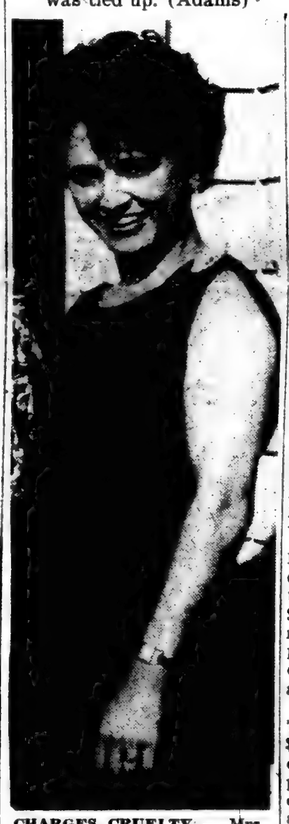
Death Takes Mrs. Tolbert Of 'Met' Fame

Florence Cole Tolbert, pioneer Californian who was the first Negro to sing with the Metropolitan Opera, died in Memphis, Tenn., Monday, following a lengthy illness.



Mrs. Cole's body is being returned to Los Angeles for burial Monday at 1 p.m. and will lie in state all day Sunday at the Conner-Johnson Mortuary.

Mrs. Cole, who received her early musical training in Los Angeles, went on to excell as a concert artist and to gain prominence both in the music world and in education.

She was a charter member of the Musicians Ass'n, a member of Delta Sigma Theta Sorority and until her last illness was active in civic and community projects.

TROUBLES—Dr. Chris Taylor, prominent South Los Angeles dentist, right, confers with his attorney, Leo Branton, at Court House hearing Friday on suit and counter-suit for divorce. He was ordered to move, but some $20,000 in dispute was tied up. (Adams)

CHARGES CRUELTY — Mrs. Corinne Taylor told the court her dentist husband treated her cruelly. He denied the charge, countered with a cross-suit, also charging cruelty.

Dr. Taylor's Divorce Case Slated for Trial

Judge Roger Alton Pfaff Friday listened judicially to charges and counter-charges of cruelty and to differing versions about large sums of money as Mrs. Corinne Taylor and her prominent dentist husband, Dr. Chris Taylor, filed against each other for divorce.

The judge then granted some of Mrs. Taylor's requests, but denied others, tied up more than $20,000 she claimed her husband had given her as a present, granted some of Dr. Taylor's requests, and then set the divorce case "on calendar."

Ordered to Vacate

Mrs. Taylor was represented by Atty. Edward Maddox, of the law firm of Montgomery and Maddox, of San Diego; Dr. Taylor had as his attorney, Leo Branton.

Judge Pfaff ruled that Dr. Taylor must leave the family residence at 3940 Olmstead avenue, that he must pay Mrs. Taylor $250 a month temporary alimony, $125 a month child support, and monthly installments on the house. Mrs. Taylor had asked for $760 a month.

But the judge restrained Mrs. Taylor from disposing of some $15,000 in various savings accounts and another $7000 in her possession, which Dr. Taylor claims are community property, and of which he asked control.

Claims Gift

Not so, replied Mrs. Taylor. She countered with the assertion that her husband had given her $29,000 on a previous occasion when they had been feuding if she would consent to continue their marriage.

The money was no gift, Dr. Taylor contended. He had merely turned it over to his wife for safe-keeping. He claimed also that he urgently needed some of the funds to pay past due income taxes.

The judge refused to turn the accounts over to Dr. Taylor, but did agree that the dentist could withdraw some $2500 for tax payments.

Swap Charges

In her complaint, Mrs. Taylor had charged cruelty and she repeated some of those charges in court. She said on one occasion

Thug Grabs Holy Name's Easter Cash

An armed bandit Monday morning waylaid Father J. Edward Sexton at gun point and made his getaway with a bag containing $2279, almost the entire Easter Day collection of the Holy Name Church.

The thug overlooked a second bag, but it contained only about $200.

HEARD NOISE

Father Sexton left his house, at 2190 W. 31st street, about 10 a.m. to take the money to the bank for deposit. When he got to his garage he laid the two bags containing the collections on the ground.

Then he heard a noise. A man, between the ages of 25 and 30 years old, got out of one of the priest's cars, gun in hand.

Father Sexton called to him, "Don't shoot!" and ran out the rear door of the garage.

When he returned one of the money bags was missing. So was the bandit.

SAW MAN

Sister Dionysia told police she saw a man, wearing a light jacket, run out of the garage. Another nun, Sister Lucina, noticed a blue car, possibly a Thunderbird, drive down the alley past the garage, then slowing as if to park. Then she saw Father Sexton run out and when she looked back to the alley, the car was gone.

No New Dress For Easter— She Stabs Him

Because he wouldn't buy her a new dress for Easter, his girl friend "cut him," Arneaux Victor, of 2910 S. Curson avenue, told police Friday.

He named June Hill, 37, of 1621½ W. 37th street, as his attacker.

Miss Hill stated that Victor was left-handed and "must have cut himself." She didn't explain the remark. She only picked up "those knives" to frighten him, she said. She added she had been going with Victor for about a month.

Although suffering from a stab wound in the shoulder, Victor refused treatment and requested that he be permitted to visit his own physician.

GETS TEAMSTER POST—John T. Wiliams, center, has been named health and welfare coordinator of Teamsters Local No. 208, the top post held by a Negro in the Los Angeles Teamsters. Wishing him well are, from left: Mike Singer, international organizer; and Richard P. Morris, teamster; and seated, Sidney H. Cohen, secretary-treasurer of Local 208. (Adams)

Lozen Miller says . . .

SHORT SIGHTED

I pretty near fell out of my seat when I learned that there is some opposition to Gus Hawkins' fair housing bill on the ground that it repeals a present law permitting damage suits by individuals who are discriminated against in the purchase of publicly assisted housing. To get you up to date, the Hawkins bill forbids discrimination in the sale or rental of all housing, whether privately owned or publicly assisted, and vests enforcement in a Fair Practices Commission. That Commission could do the same thing in instances of housing discrimination that our present FEP Commission can do in the case of discrimination in employment, —that is it could investigate the charge of discrimination, try to conciliate the parties and resort to the courts only after all other methods failed.

Goodness knows that I am the last man to want to do lawyers out of a chance to earn an honest penny. I can also understand the faith people put in our courts in this discrimination business. After all, the courts have led the way in protecting civil rights while legislators, governors and presidents have fumbled the ball. However, the opposition to the Hawkins bill because it vests enforcement in a Commission is a first class error.

COSTS TOO MUCH

The present law provides for damages in an amount of not less than $500. In order to secure such damages the person who is discriminated against must go out and hire himself a lawyer. It costs money to file lawsuits and get them tried, even if the lawyer is a public spirited citizen who is willing to invest his own

Employment Offered by Family Aid Service Unit

The start of the Los Angeles area's first Family Aid service for the aging, designed to meet "a pressing community need" and to provide an employment outlet for mature women, was announced last week with the opening of recruitment for the new service by the Los Angeles service Office of the California Department of Employment, 141 W. Venice blvd.

Conrad Christensen, manager of the office, reported the recruitment program will be directed toward women over 55, who have raised their own families and are interested in keeping busy and in supplementing their incomes.

Nursing Care

"The Family Aid service will provide part time, non-medical and non-nursing services to elderly people who wish to remain in their own homes but are unable to cope completely with the responsibilities of maintaining a home," Christensen said.

Christensen said the ideal Family Aid recruit is a mature woman thoroughly familiar with homemaking, meal planning and budgetting. A background in business, teaching, social work, or other professions is desirable though not mandatory. A telephone and automobile are almost indispensable in this work.

A Few Hours

"Under the program, a Family Aid would be employed to call at the older person's home on a regular basis—two or three hours a day or a few hours a week, depending on individual requirements." Christensen said. "It is anticipated that the pay would be $1.25 to $1.50 per hour, plus transportation costs."

Christensen said recruits will be given a training course in nutrition, psychological aspects of aging, and first aid in order to meet standards of service set up by the employment office in consultation with experts on care of the aging.

Freedom Ride Will Challenge South's Bias

NEW YORK — Freedom Ride, 1961, a dramatic move by the Congress of Racial Equality (CORE) to complete the integration of bus service and related public accommodations in the Deep South, was anounced by CORE National Director James Farmer this week.

"The ride will begin in Washington, D. C. on May 2 and end in New Orleans on May 17. Participants will challenge every form of segregation met by the bus passenger: in the buses themselves, in restaurants and in rest rooms," Farmer said.

He added, "Whites will sit and eat in 'Colored Sections' and Negroes will sit and eat in 'White Sections.' They will refuse to accept segregation in any form."

Dr. S. D. Proctor New Prexy of A & T College

GREENSBORO, N. C. — Dr. Samuel DeWitt Proctor was inaugurated as fifth president of A&T College in ceremonies here recently.

Terry Sanford, governor of the State, 40-college and university presidents and delegates from more than 100 other institutions and learned societies were among the special guests who attended the affair.

Installation of Dr Nabrit Set For April 26

WASHINGTON, D. C. — Dr. James Madison Nabrit, Jr. will be installed formerly as the 14th president of Howard University during inaugural ceremonies Wednesday, April 26.

Dr. Nabrit, who formerly served as dean of the Howard Law School, was elected to the presidency of the nation's largest predominantly Negro institution of higher learning last June. He has headed the university since July 1, 1960, when he succeeded Dr. Mordecai W. Johnson, who retired after 34 years as president.

LEADING AUTHORITY

Dr. Nabrit is considered one of the nation's outstanding authorities on civil rights law. At Howard he organized and taught the first formal course in civil rights law at any American school. He also was an active participant in civil rights litigation, having been involved in nearly every major civil rights case in which the rights of Negroes were questioned during the past 25 years.

Dr. Erwin N. Griswold, dean of the Harvard (University) Law School, and Charles Stebbins Fairchild, professor of law at the Cambridge, Mass. institution, will deliver the principal addresses at the inaugural exercises. Dean Griswold serves also as president of the Association of American Law Schools.

More than 300 official delegates are expected to participate in the exercises. They will represent colleges, universities, learned societies, and educational associations. The group will include some 50 college presidents.

Man Denies He Traffics in Vice

A 47-year-old man was arrested last Tuesday night after being charged with soliciting by Grace Billie Robert, of 535 S. Wall street.

John L. Lawrence, of 5140 S. Main street, denied the charges and told the officers he had picked up Miss Robert on Fifth street and had taken her to his house where she stayed for two days.

Not liking the women's actions and talk, Lawrence stated, he put her in his car and drove her back to Winston and Main streets and put her out there.

Weeping Man Gives Officers Tough Battle

Tragedy mingled with a touch of comedy in a fast moving interchange between police officers and a weeping, despondent man who threatened suicide last Friday night.

Before the script was played to the end, the despondent man had exchanged his knife for a police pistol, had held two officers at bay and then after a hasty farewell to his estranged wife, jumped over the rear wall of her garden and disappeared. The officer's Colt .38 service revolver was still in his possession.

MIDNIGHT CALL

Anthony James Hill, 27, of 1661 W. 36th place, made a midnight call on his former wife, Yvette Lynn Hill, 20, manager of the apartment house at 1075 W. 39th street. She wouldn't let him in, so he went around to the kitchen window and pleaded with her not to call the police, but she called them anyway.

When Officers J. M. Kelch and J. C. Zeller of University responded, Hill, still outside the window, brandished a knife and threatened to kill himself if they came any further.

This was not the officers' first call on a similar mission. They talked Hill into giving them the knife, then walked with him, now subdued, to the police car.

STRUGGLED

But he refused to get into the car and began struggling. He grabbed Kelch's gun, still in the holster, and pulled the trigger. The bullet went through the bottom of the holster. As the wrestling continued the gun fell to the ground.

Officer Zeller pulled out his gun, but held his fire for fear of hitting Kelch.

In the mele, Hill grabbed the gun that was on the ground, pointed it at the officers as he backed away threatening to shoot if they came near. After bidding his wife adieu, he made his getaway.

African Nations Ask Sanctions On So. Africa

UNITED NATIONS — Twenty-five African nations Monday night urged the U.N. to break diplomatic, political and economic relations with South Africa and to apply sanctions against Dr. Verwoerd's government because of its apartheid (segregation) policies.

The move to have the resolution debated in the General Assembly's special political committee was spearheaded by Ghana.

India, Ceylon and Malaya did not associate themselves with the move. They had earlier sponsored a resolution that would leave the decision on So. Africa to each nation.

The United States last week said it favored making another appeal to South Africa and opposed punitive measures at this time. Pakistan followed the U.S. lead.

Right to Vote Granted Residents of Capital

WASHINGTON — The residents of the nation's capital, 53 per cent of whom are Negroes, gained the right to vote in the next presidential election last Wednesday when the 23rd amendment to the Constitution was ratified.

Kansas became the 38th state to ratify the measure, following by a few minutes similar action by New Hampshire. Three-fourths of the states must approve an amendment to make it effective. The district will have three electoral college votes.

The District of Columbia has been deprived of the vote since it was established in 1800, carved out of portions of Maryland and Virginia.

The amendment gives residents the right to cast their ballots for president and vice president, but they still are deprived of the right to vote on other matters.

NAACP Asks Contract Cancellation at Lockheed

NEW YORK — Re-examination and possible cancellation of a billion-dollar contract awarded March 13 to the Lockheed Aircraft Corporation at its Marietta, Ga., plant, was urged this week by the NAACP upon Vice President Lyndon B. Johnson, by chairman of the President's Committee on Equal Employment Opportunity, set up by Executive Order of President Kennedy March 6.

The NAACP charged in its letter to Vice President Johnson that the Marietta plant "is operated on a rigid, racially segregated basis" and that practices in effect there "are in direct contravention to the letter and spirit of the President's Executive Order."

Complete Separation

Roy Wilkins, NAACP secretary, wrote that the Marietta plant has all-Negro work sections, with "many categories of employment closed to Negro applicants."

The plant also has separate lines of progression for Negro workers so that their seniority rights "are limited as to advancement," the letter asserted.

Cafeterias and rest rooms at the plant are racially segregated, recreational facilities located on Air Force property adjacent to the aircraft plant are separated along racial lines, and the Marietta plant not only has separate time clocks for white and Negro employes, but, different colored time cards for each race as well, the NAACP said.

Roy Campenella Park to Open

Dedication of Roy Campanella Park—Los Angeles County's newest and one of its finest playgrounds—is scheduled for Saturday morning, April 15, at 10 a.m.

John O. Lewis, member of the Enterprise School Board, will serve as master of ceremonies.

The program will include welcome remarks by Supervisor Kenneth Hahn, under whose leadership the new park was acquired; remarks by Edward D. Warren, president of the Los Angeles NAACP and member of the County Park and Recreation Commission, and Douglas Dollarhide, president Compton branch of the NAACP.

Today we use 300 horsepower to move a 150-pound man one block to buy a one-ounce package of cigarettes—complete with filter tips so he won't know he's smoking.

Nab Riverside Pair in Shooting At '109 Club'

Luther and Barbara Sanders, of 2875 9th street, Riverside, were arrested last Tuesday and accused of wounding Christine Randall, of 1405 Niegto Lane, Los Angeles, following an argument at the 109 Club, 601 109th street, last week.

Police said Luther pulled the gun during an argument outside the bar after the 2 a.m. closing, but that his wife took the gun away from him and after they got into their car, rolled down the window and shot at Miss Randall.

The argument had started some time earlier inside the club, but Special Officer Jimmy Gleamon had been able to quiet the participants. When they got outside, they resumed their feud.

Policeman Cut In Scuffle with Angry Man

Officer J. C. Chambers, from University Station, was cut in the leg Saturday morning when he and fellow officer, C. M. Ingels, wrestled with a man armed with a knife.

Arrested after the knockdown fight and handcuffed was Lewis John Powell Jr., 21, of 2622 S. Brighton avenue.

'I WAS MAD'

"Sure I was mad," he told police. "If somebody took some money from you, you would be mad too. I carry that knife to protect myself. I heard you tell me to drop the knife, but I I didn't want to. I'll get even with those guys later."

"Those guys" were R. R. Brown, of 2936 S. Walton place; Anthony Maurice Hill, of 1210 W. 36th street; and Arthur Lee Griffin, of 2961 S. St. Andrews place.

About 8 a.m. the officers observed Powell brandishing a knife and cursing three men on the sidewalk outside 3623 S. Western avenue.

When the officers told him to drop the knife, he said, "No!" and as they approached him he started to run. They caught him and tried to place handcuffs on him. It was then that the scuffling and the stabbing occurred.

White Army Routs Africans in Congo

Defying United Nations' orders, Katanga's white mercenaries this past week reportedly routed some 600 northern troops at the tin mining center of Manona, 200 miles north of Elizabethville, in the Congo.

On Saturday Katanga government sources said their airmen had leveled a ferry across the Kaziba River, cutting off the retreat of the Gizenga soldiers.

New Efforts

In the United Nations in New York, meanwhile, new efforts were reported in an endeavor to force Belgium to pull out its military personnel and political advisers from the Congo in 21 days. Belgium has ignored all previous directives to "pull out," and in fact many thousands of Belgians have returned to their former Congo homes in recent months.

Another attempt was also reported to get Antoine Gizenga, slain Premier Patrice Lumumba's successor in Stanleyville, to join a weak tribal federation to replace the central government of the Congo.

Although the U.N. had ordered Katanga to refrain from any military action, Nigerian soldiers who were stationed as a buffer between Manona and Katanga forces apparently stood aside from the fight. Some 1000 Indian Ghurkas, flown into the general area from Leopoldville Saturday, bypassed the fighting zone and proceeded to Kamina airport base 200 miles distant.

Men-Without-the-Law

The mercenaries sent to Manona are reported as having been recruited from the dregs of society in such place as South Africa and Southern Rhodesia, and reportedly include white supremacists from those areas as well as stateless Hungarians, Italians, Belgians and a polyglot assortment of men-without-the-law from other countries. This outfit is said to have spearheaded the Katanga drive.

In Leopoldville, it was reported that Pres. Joseph Kasavubu is trying to arrange for a meeting Wednesday with Gizenga in an attempt to get the northern leader, who is recognized by some 16 nations as the premier of the Congo, to join the loose federation set up at Madagascar two weeks ago.

Gizenga boycotted that meeting and said he would have nothing to do with the federation, but Kasavubu is persisting in his efforts to get him to change his mind.

Place Changed

Apparently to assure Gizenga that he would not be captured or murdered if he accepted Kasavubu's invitation, the place of the proposed meeting has been changed to Kamina, near the base under U.N. control.

The U.N. effort to get Belgium to withdraw from the Congo was placed before the 46-member Asian-African group by its drafting committee. The proposal seeks to have the General Assembly inform Belgium that action will be tkaen by the U.N. unless she pulls out both military tion will be taken by the U.N. charter gives the Security Council punitive powers.

Meanwhile, Gen. Joseph Mobutu, "strong man" who seems to have all but faded from news releases from the Congo in past weeks, is now said to be attempting to open negotiations for a military settlement with the Stanleyville regime. He reportedly has given his word "there will be no aggression from my side" —but it is obvious that his "word" is not binding on Moise Tshombe, of Katanga, and the "horrible ones" who serve as his hirelings.

Suit Attacks Orange County Housing Bias

Racial discrimination in the sale of real estate was attacked in a suit filed Tuesday in Orange County Superior Court by Alex and Lucille Vargas who charge they were denied the purchase of a home in Tustin because of their Mexican ancestry.

The test, which is supported by the American Civil Liberties Union of Southern California, also seeks to determine the scope of the 1959 Unruh Act barring racial discrimination by business and services.

The suit contends that real estate broker C. F. Hampson accepted a $100 deposit from the Vargas couple on Oct. 3, 1960 toward the purchase of a home in a tract known as "Squire's Corner."

Four days later the deposit was returned and the Vargases were advised the transaction could not be completed because of their Mexican ancestry, the suit charged.

The suit was brought as a class action to prevent similar discrimination by other real estate brokers and salesmen in Orange County.

ACLU Attys. A. L. Wirin and Richard J. Kamins said that real estate operations come within the Unruh Act. Realtors, however, contend that the act does not apply to their business.

Jeers Greet Macmillan In Jamaica

KINGSTON, Jamaica—Shouts of "Release Jomo Kenyatta" and jeers greeted British Prime Minister Harold Macmillan when he arrived here Saturday.

Hundreds of banner - waving demonstrators lined the route of the visiting British leader, but were barred from getting close to him by rope barriers and squads of riot police.

Kenyatta is the Kenya leader, head of the dominant Kikuyu tribe, who has been imprisoned for many years, accused of directing the Mau Mau terrorists. He is now under house arrest and has recently been permitted to live under more favorable conditions, but is still immobolized and prevented from participating in the political affairs of the country.

Kenya's Africans look upon him as their martyred leader and are currently waging a campaign for his release.

SOUTHERN BAPTISTS

Overseas churches related to Southern Baptist mission work report a record 31,107 baptisms during 1960, an increase of 2,879 over 1959. These brought church membership to 452,975.

cal campaigns that appeal to the paranoia in human nature. Let's not link all responsible, intelligent investigation of ideas, including civil rights, with subversion.

"Let me paraphrase a recent statement made by the president of the University of California. It is not our business to make ideas safe for our State, but it is our business to keep our State safe for ideas.

"There have always been and there always will be extremists people meeting in cells on one side or the other. In the case of the John Birch Society, I want to make one thing clear. So long as they do not break the law, they will not be harassed for speaking out. . .

"Freedom is lost if we allow the organized hate groups to take over by default. But it can't be saved by blackouts of information . . ."

NAACP 'EFFECTIVE'

Regarding the NAACP, Gov. Brown said:

"For half a century, NAACP has been lively, controversial—and highly effective.

"Starting with the odds heavily against you, you have won fight after fight in the interest of simple justice. The victories and near-victories encompass a lot of territory—fair employment, discrimination, fair trials, desegregation.

"The Sacramento branch of the NAACP has contributed greatly to the record. It was not only Sacramento Negroes, but all Sacramentans, who came out ahead when you won the first test case on legality of discrimination in housing built by Federally insured funds . . .

"As Governor, I believe that a group like this one performs a particularly valuable public service."

Hair on Pistol Leads to Arrest

Leroy Smith, 30, of 832 W. 50th street, was arrested by police Friday night for beating and pistol whipping Lenora Stewart, of 1165 W. 43rd street.

Smith admitted he had beaten Miss Stewart, but denied he had struck her with a gun. "You just don't know what's going on in this house," he told officers.

While men keep on hoping their lean years are behind them, most women hope theirs are ahead.

Chavez Ravine Road To Cost $75 a Foot

Lowest bid for the building of the first access road to Walter O'Malley's Dodger baseball stadium in Chavez Ravine was made by Hooker Paving Materials Co.

The bid was for $214,324, which Chief Deputy City Engineer Fred Lohman said works out at $75 a foot.

The road will extend Solano avenue 3000 feet to Effie street at the border of the Dodger property.

Nigerians Suspicious Of U.S. Peace Corps

Nigeria, judging from comment in the Lagos "Daily Telegraph," is less than enthusiastic about the proposed American Peace Corps.

Said the newspaper: "The very idea of America offering her sons to serve other nations free of charge is deadly suspicious. Does not that suggest a drive on the part of America to plant her spies all over Africa? Supposing the Russians had made a similar offer, would America not debunk it? We are a poor country, but we do not hope to be rich by accepting Greek gifts from America."

(The "Greek gifts" undoubtedly refer to the "Trojan horse" gift of the ancient Greeks, which gave rise to the oft-quoted Latin phrase, "I fear the Greeks, even when they bear gifts.")

Polls Show 1 in 4 Oppose Aid to Jim Crow Schools

According to a Gallup poll printed Sunday, only about a quarter of the people of the United States feel that federal aid should be withheld from schools which resist integration.

Nationwide, 23 percent of the 1608 adults queried believed that federal funds should not be used to support segregated schools. Some 68 per cent favored giving funds to all schools, regardless of their attitude towards admitting Negroes. Another 9 per cent had no opinion on the issue.

West Coast figures were the same as those for the nation as a whole—68 per cent, 23 per cent and 9 per cent.

In the East, only 57 per cent approved support for segregated schools, with 34 per cent opposed. In the South, 78 per cent favored funds in support of segregation, 15 per cent opposed. The figures in the Midwest were 69, 21 and 10.

Woman Stabbed In Bar Hassle

Mae Willie Thomas, 50, a cook of 1036 S. Berendo street, suffered a slight stab wound in the chest last Sunday night following an argument in a bar at 3801 S. San Pedro Street.

She and Eddie Fontenot, of 4010 S. Wall street, had been talking when an argument started with three men at the next table, one of whom was a 30-year-old serviceman.

After Fontenot apologized to the trio for any trouble that had been made, the suspects got up to leave. On their way out of the bar, one of them lunged forward and stabbed Miss Thomas.

No Room for Cooperation

Los Angeles Muslims staged a luncheon last Saturday in which they made a bold bid for cooperation with other community organizations and individuals.

"Look," the Muslims argue, "We're all Negroes, all subject to racial discrimination, all engaged in a fight against white racists. Our common enemies are those who discriminate against us. We can unite around the fact of racial identity. Let's join hands and fight against our common enemy and lay aside our own differences."

The argument has the sound of reason but the Muslims rest their case on the false premise that opposition to white supremacy requires belief in black supremacy. They accept the unscientific claim that there is a natural antagonism between the races. They reject the doctrine that white men and black men can live together and work together as human beings without strife.

That set of beliefs finally leads the Muslims to urge American Negroes to demand a "separate" way of life for themselves: economically, spiritually, and socially. Their argument rests on the claim that Negroes can never win their rights in an integrated society but must strive for a complete separation from whites.

On close examination it is apparent that the Muslims are champions of racial segregation and that they differ from the southern segregationists only in demanding black control of the segregated society to which they beckon us.

In practice, that leads the Muslims to oppose sit-ins: "All the students do is to win the right to make the Woolworth stores rich with their patronage. What they should be doing is supporting stores of our own," they claim. They scorn the victories over school segregation: "We don't need the right to attend their schools. We need better schools of our own to teach the truth of Elijah Muhammad's doctrine," they argue.

What the Muslims seek is to use the NAACP, the Urban League and other communify organizations to further the Muslim program of complete racial segregation.

Integration is a long way off in this America of ours. We're going to have to cooperate as Negroes for many years to come but there is nothing to be gained, and much to be lost, in cooperating with those who deny and seek to undermine integration as a goal and as an ideal. There is no room for cooperation with the Muslims whose object is to lead Negroes down the blind alley of racism.

Government by Blackmail

Southern senators are building up opposition to the elevation of Housing Administrator Robert C. Weaver to the post of Secretary of Urban Affairs, if such a cabinet position is created.

What they're after, the press associations report, is a commitment from President Kennedy that if they do vote for the establishment of a cabinet post he will not appoint Dr. Weaver. The threat is that unless they get that commitment they won't establish the position.

This nation has endured government by blackmail from the South from the very beginning—in fact even before the beginning. The South demanded tacit approval of slavery, provisions for the return of fugutive slaves, the counting of slaves in allocation of congressmen and extension of the African slave trade until 1803 of congressmen and extension of the African slave trade until 1803 as a price for approving the Constitution in 1787. They got it.

They threatened secession unless slavery was protected by the federal government from 1787 to 1861 and gave up only when they lost the argument on the bloody battlefields of the Civil War.

Since that time the South has demanded acquiesence in the Jim Crow system as the price of congressional support of necessary social legislation. For example, it has prevented passage of federal aid to education laws for decades in order to fend off federal interference with Jim Crow schools.

Southerners are ready to defeat all federal aid bills unless they get assurances that such aid will be extended to segregated institutions. They're all set to sacrifice the welfare of American cities, south as well as north, if a Negro is named to head a department of urban affairs.

How long, we wonder, will Americans submit to this kind of government by blackmail?

Support Housing Bill

Governor Brown's forthright support of fair housing legislation in last week's speech to the Sacramento NAACP should serve to double support for the Hawkins Fair Housing Bill, now pending in the Assembly.

Supporters of the bill have planned a meeting in Sacramento for April 15, 16 and 17 and it is essential that the meeting reflect the widespread support the bill has among individuals and organizations concerned with the problem.

The legislature will move as fast in this area as it believes the public demands and we must not underestimate the opposition. The belief in residential segregation is deeply rooted and nourished by all kinds of myths and old wives' tales. That opposition has to be countered with the facts and the Sacramento meeting contemplates doing just that.

The organization that is promoting the Sacramento meeting and that is responsible for building up sentiment for the Hawkins bill is the Fair Practices Committee — the same organization that guided, and finally won victory for, fair employment legislation.

Organizations need both money and manpower if they are to win their objectives. The Fair Practices Committee is no exception. It needs people to go to Sacramento and it needs money to tell its story. It ought to get an abundance of both from Negroes who are the chief victims of discrimination in housing.

Fair housing legislation is our best hope for the eventual end of residential segregation. The measure of how much we want that result is the support and money we give to those who are in the forefront of the battle against it.

BATTLEAXE & BREAD

By Lester B. Granger

Sure enough, just as expected, the hot-eyed proponents of federal aid to public schools chirped in agitated fashion last week when Barry Goldwater condemned use of federal funds to support racially-segregated school systems.

One supporter of federal aid declared pompously, according to the New York Times, "Much of the religious and racial agitation is promoted by opponents of any federal aid." The usual charges are made that "conservative elements" are using racial and religious issues as "convenient levers" in their efforts to defeat the proposed legislation.

1964 CANDIDATE

A sensible reaction to these charges is "Well, is that bad?" Why should "liberals" who desert the interests of minorities under attack complain if the vacuum they leave behind is filled by a conservative opportunist?

Senator Goldwater is, of course, an opportunist in this matter. In his quest for the 1964 GOP presidential nomination he is trying to organize scattered conservative forces throughout the country and add to the nucleus thus created assorted elements of support from Negroes, from southern white supremacists, and even "liberals" dissatisfied with the brand of liberalism practiced in the Democratic Party. (For there are as many kinds of liberalism in the United States today as there were kinds of socialism 30 years ago, with almost as much confusion among them.)

Of course the Goldwater strategy won't work so far as the nomination itself is concerned, but perhaps he is less anxious to get the nomination than he is to keep it out of the grasp of such candidates as Nelson Rockefeller and Richard Nixon. For in both major parties there are leadership elements who would cheerfully accept defeat for their party rather than lose control of their own personal kingdoms.

GOSPEL TRUTH

But the motivation of opportunists, conservative or liberal, has nothing to do with soundness of points they may make in opposition to the federal school aid proposals.

When Senator Goldwater repeats the charge that Congressman Powell used to make before he became chairman of the House Education and Labor Committee (that it is racially discriminatory to use federal funds to support school systems that defiantly segregate and cheat Negro pupils), this is gospel truth, whether stated by a reactionary, a conservative or a liberal.

The trouble has been that self-labeled liberals have kept carefully mum on the subject. They have been so anxious for the federal aid bill to pass that they have ducked around the racial issue, and have hoped that no one else would stir matters up.

DISHONEST

"We'll get the bill passed, and then we'll tackle the segregation aspect," they would say — and add reproachfully, "You wouldn't deny federal aid to all those needy school systems just because of a little bit of segregation, would you?"

This is dishonest talk, and it's stupid policy, as well. All that it accomplishes is to embitter the overlooked or excluded minorities — first Negroes, and now Catholics — and encourage them to drift toward support of the opposition, whether honestly conservative or intelligently liberal or simply mixed-up and opportunistic.

Either sincere liberal opinion desiring the bills' passage will face up to the outrageous racial inequity involved, or the bill's opponents will continue to defeat it partly by using the very argument that liberals ought to be using as their own. As long as the present state of affairs holds, it would seem that Congressman Powell only spoke the truth when, as reported, he declared flatly, "The bill is dead."

Loren Miller Says . . .

(Continued from Page 1)

time in a law suit because he wants to see justice done.

The average man who runs up against discrimination in the sale or rental of a home isn't apt to be rolling in cash. He wants his rights, both for himself and because he wants to perform a public service, but he still has to feed his family and make his installment payments. In the ordinary case he won't have the two or three hundred dollars to pay out to properly prepare his case for trial. Lawsuits are pretty precarious. If the plaintiff wins in the trial court he may have to face an appeal, with its inevitable additional costs. If our man is the victor in the trial court and on appeal he will wind up with five hundred dollars out of which he must, or at least ought, to pay his lawyer.

STATE RESPONSIBILITY

The Hawkins bill would lift the financial burden from the person discriminated against and put the burden of enforcement on the state. That would entail a complaint to the Commission, an investigation by it and an effort on its part to induce the property owner to mend the error of his ways. Experience in other states shows that most such cases are settled without resort to the courts. However, if court action had to be taken the Commission would take it, from the trial court on up through the appeals. I am firmly convinced that such a procedure is far more apt to end in justice than is probable when the individual is left to fend for himself.

There is the added fact that the cost of protecting civil rights ought to be borne by the state which owes that duty to all of its citizens. The fact is that civil rights are far more secure in states which protect them by commission procedures than they are where protection is left up to the individual. The Hawkins bill isn't perfect but one of its best provisions is that which charges the state with the duty of seeing to it that a man has the right to buy a home in whatever community he desires.

Bishop Primm Main Speaker at Grant Sunday

On Maundy Thursday, March 30, 8:30 p.m., the combined choirs of Grant AME Church presented DuBois' sacred cantata "The Seven Last Words." This performance was given as a memorial to deceased loved ones of members and friends of Grant. The cantata was directed by Don Lee White, minister of music-organist, assisted by Mrs. Jean J. Prescott, pianist.

At 10:45 a.m., the guest speaker was Bishop H. Thomas Primm, presiding bishop of the 5th Episcopal District of the AME Church. He spoke on "The Easter Revolution.' The combined choirs of Grant sang at both the 5 and 10:45 a.m. services. To accommodate the large crowds expected, arrangements had been made for closed circuit TV.

The 6 p.m. services at Grant featured a Children's Program under the leadership of the Sunday School.

praise for Wiliams. He remarked, "I don't know anybody who can do the job as well as John," and assured newsmen that the appointment was "no pay-off." He pointed out that Williams will be turning over checks to union men amounting to as much as $150,000 to $200,000 a month.

Williams' work will include writing a column in the Southern California Teamster, official weekly organ of the Joint Council of Teamsters.

Williams was one of the Negro truck-drivers who fought against discrimination in hiring by breweries, a long fight that culminated last May and June in the hiring of several Negroes as drivers.

It was not clear at the press conference whether or not Williams' appointment signifies the intention of the union to integrate Negroes at all levels. Singer, in his remarks, did not refer to past union policies or future plans on integration, except to comment that Williams' appointment would make it possible to expedite integration among members.

Letters to The Editor

Dear Editor:

The newspapers show a picture on the front page of a big U.S. aircraft carrier sailing hellbent for Laos. It seems like there is some trouble going on down there in that tiny kingdom.

I'm thinking why couldn't they get one of those big aircraft carriers to fly on down to Mississippi where it seems there's some trouble going on there too.

Well, not maybe one of those big ones, that's got to be reserved for big trouble like in Laos. A smaller one would do or maybe just a gunboat or something. And while we're sending one of those ships down there maybe we could arrange for a meeting at Key West, Florida where we could "discuss the serious situation in the South" like our President did with Laos, only we don't have to get someone from so far as Britain to talk to about it . . . we could ask some people like Revs. King and Abernathy and others to "deal with the inflammatory situation in Laos" . . . or rather in the South.

And we wouldn't have to be faced with no desperate pro-communist rebels like in Laos. We would sit across the table from the most respectable people in Mississippi. We could tell them like we been telling Mr. K. that this is a very serious situation and it better be solved right now or we will "draw our forces tighter about the embattled jungle kingdom" like they say in the newspapers.

E. F. Reed

To the Editor:

Your attention is called to an article which appeared in the March 29 issue of the California Eagle with reference to a recent meeting of the Negro members of the Screen Extras Guild. The article appearing in the California Eagle bore the by-line of Miss Maggie Hathaway and referred to an "Extras Row Over 'Illegal' Meeting."

I want to assert that the article mentioned was untrue in its general text. Please note and make the following corrections:

The meeting was called under the auspices (in South Park, March 25) of the Screen Extras Guild. The Screen Extras Guild Board of Directors has the power to call a meeting of any segment of the membership it deems necessary to cope with problems peculiar to that particular group.

On the above mentioned date, such a meeting was called for the purpose of dealing with a problem of casting extra players of the Screen Extras Guild. The accusation that my being a member of the affected group constituting segregation is a gross mistake.

I have pointed out that the meeting was called solely for the purpose of ironing out some of the difficulties that were apparently bothering some of the Negro membership. In the article referred to, Miss Hathaway lauded Atty. Vince Monroe Townsend and members of the local chapter of the NAACP for being on hand and taking part in the proceedings, I must advise you that any illegal procedure during the meeting must be chargeable to the uninvited entry of Atty. Townsend and any other persons not members of the Screen Extras Guild.

The article stated Mr. Townsend called for and got a vote on a proposal to demand a desk seated casting officer for Negro extra talent in the Central Casting office.

Until the time Atty. Townsend offended the order of the meeting, Mr. Chester Jones was presiding. Mr. Jones refused to yield the chair or the floor to Atty. Townsend, Townsend, calling for a vote, must then in the light of parliamentary procedure be viewed as nothing less than action undignified and certainly unbecoming a lawyer.

Certainly, Miss Hathaway, when she wrote the article referred to, was aware of this terrible abuse of a perfectly legal meeting; yet, you will note she never remotely referred to Atty. Townsend's acts as anything but heroic. Somewhere we note a sad lack of a reportorial sense of values.

Miss Simons, you already know of the part taken by the California Fair Employment Committee in this matter. A meeting is being arranged through the Screen Extras Guild where this problems will be further explored in order to finalize all of the points involved. FEPC will be represented as will members of the Motion Picture Extras Players.

Thanking you kindly for advising me to write this letter, I hope it will suffice for the request I have made of you.

Anna Mabry,
Member Board of
Directors, Screen Extras
Guild.

Cops Attack Crowd At 'Library' Trial

in a breach of the peace.

First Sit-In

The students, all from Tougaloo Southern Christian College for Negroes, had entered the library quietly and without demonstrations Monday, March 27, in the first attempt to break the Jim Crow barrier of the last outpost of discrimination, Mississippi. It was the first sit-in demonstration in the state.

The students arrived about 11 a.m. They were followed a few minutes later by Police Chief W. D. Rayfield and Chief of Detectives M. B. Pierce.

Pierce asked, "Who's in charge here?"

A girl student, who did not raise her face from her book, replied calmly, "No one."

No One Moved

"All right," said Pierce, "everyone of you get up and get out of here."

No one moved. Pierce continued. "The colored library is on Mill street. You'll have to get up and get out."

Still none of the students made a move.

"You're under arrest," bellowed Pierce.

The students then got up and were taken to police cars for the trip to jail.

All nine said they "had no desire to call a lawyer" and made no effort to post bonds of $500 each.

Needed Books

Members of the group said they had tried Negro branch libraries for information for term papers and were unable to obtain the requisite reference books there.

Booked by police were: Alfred Lee Cook, 23, of Flint, Mich.; Evelyn Pierce, 19, of Buffalo, N.Y.; Janice L. Jackson, 21, of Clarksdale, Miss.; Joseph Jackson, Jr., 23, of Memphis; Ethel Sawyer, 20, of Memphis; Jeraldin Edwards, 19, of Natchez, Miss.; James Cleo Bradford, 18, of Memphis; Meredith Coleman Anding, Jr., 19, of Jackson; and Albert Earl Lassiter, 19, of Vicksburg.

Dr. Julian Ross

Howard Alumni Medal for Distinguished Service in 1958. He served as secretary of the medical faculty from 1925 to 1930.

Dr. Ross was born June 10, 1884 in Lee County, Ga. He attended Georgia State Industrial College in Savannah, then went to Lincoln University, Pa., where he graduated magnum cum laude. From there he went to Howard for his M.D.

It was his original intention to return to Savannah after staying in Washington only long enough to master the fundamentals of surgery. He said that when he left Savannah there were only 16 colored physicians there, none of whom had had sufficient formal training to do a hemorrhoidectomy. He intended to be competent for at least this surgical procedure when he returned. His stay in Washington, however, lengthened into his entire career.

travelling about 40 miles an hour when he saw Monroe on the tracks ahead. He reported that he immediately aplied the emergency brakes and sounded the emergency horn, but was unable to avoid hitting the navyman.

Monroe was hurled 35 to 40 feet by the impact.

As soon as the car came to a halt, Havas said he jumped out and ran over to the stricken man, but could detect no sign of life.

In the automobile accident in which Mrs. Williams was killed, police said the collision occurred at 62nd and Main streets Sunday night.

Cornell, authorities said, sideswiped another car and then collided headon with the Williams car. In the prison ward of General Hospital, Cornell reportedly was in serious condition with internal injuries and broken ribs.

Grace De La Cruz to Sing with Southeast Symphony Orchestra

The Southeast Symphony Orchestra will appear in concert at 3 p.m. Sunday, April 9 at Jefferson High School Auditorium, 41st and Hooper avenue.

The Symphony Association was founded in 1948 by Mrs. Mabel Massingill-Gunn, with the help of a group of leading citizens and organizations. Each year the concert is presented with outstanding soloists.

Miss Grace De La Cruz will be the soloist this year with Joseph A. Valenti conducting.

Auxiliary Added

Mrs. Gunn announced this week that the concert will be a free service to the community thanks to a grant from the County Board of Supervisors, which was recommended by the County Music Commissioner, Fay Allen. Help was also received from the Trustee's Performance Fund of New York through the Musicians Local No. 47.

Miss De La Cruz, an award winning soprano, will sing excerpts from "Aida" and the "Marriage of Figaro." The Orchestra will include Schubert's "Unfinished Symphony," and the "March" from Bizet's Carmen, as well as Rossini's "Semramidi," during the afternoon.

Harpist Tony Robinson, is president of the Young peoples group which was recently organized by Mrs. Evora Scruggs. The members are assisting with arrangements for the next Sunday's concert.

Sermon to Tell Challenge To Overcome Sin, Illness

Those attending Christian Science services Sunday will hear a challenging call to overcome sin and sickness of every kind through wholly spiritual means.

Highlighting the Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" is the Golden Text from Matthew (10:7, 8), "The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give."

Triad of Errors

In a selection from "Science and Health with Key to the Scriptures" Mary Baker Eddy states, "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors,—man who is made in the divine likeness?" (p. 356).

Isaiah declares, "Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the Lord, and he will have mercy upon him." "I the Lord have called thee in righteousness, and will hold thine hand, and will keep thee, and give thee for a covenant of the people, for a light of the Gentiles; to open the blind eyes, to bring out the prisoners from the prison, and them that sit in darkness out of the prison house. I am the Lord: . . . and my glory will I not give to another, neither my praise to graven images." (Isa. 55:7; 42:6-8).

Throngs Attend Easter Services

The overwhelming response of worshippers attending Easter services in churches all over the city last Sunday, was a reminder that the Christ rules the world and mankind is seeking answers to problems of the world through the tenets of its faith.

Ministers were unanimous in their reports of overflow participants in all services during the day. Some churches placed chairs in walkways to the buildings and even down the sidewalks approaching the church, where late arrivals heard the music and sermons through loud speakers.

Young people and young married couples were out in large numbers at most of the churches and ministers said. Some 2000 attended the Lily Bowl sunrise service on West Adams.

Spring brought its blessings of warm weather to add to the joy of the resurrection messages.

They are cooperating with the Youth for Christ movement of the Seventh-Day Adventist churches.

Lutcher plays only religious music on his saxophone since his conversion. Young people seeking an answer to problems of the day should find some of the answers in these meetings, Rev. Maurice A. Dawkins, pastor of Independent church said last week.

"Especially with the chaos apparent in the world. Now we can best appreciate the statement of Shogi Effendi, Guardian of the Faith, who said, 'We stand on the threshhold of an age whose convulsions bespeak alike the death pangs of the old order and the birth pangs of the new order.'"

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Recreation is an essential part of living and with this thought in mind various cocktail lounges have got together and organized a Softball league to be known as the Hangovers and Elbow Benders.

Games will be played on Thursday nights and Sunday morning on Diamonds located on the East, West and South sides under the Southern California Municipal rules. The season opening games have been scheduled for Sunday, April 16. Lounges indicating that they will field a 20-man team are Playroom, Caribbean, Marty's, Lee Roys, Kings, Clark Hotel, Collins, Nitelife, Town Tavern, Dukes, Intermission, Sea Food Grotto, Mac Castle, Jeanett Baker and Sportsmen. No player is eligible who has played triple A ball during the last ten years. The rule is a good one for it keeps the players on a par with each other. Whether this rule will be a burden or a blessing depends on the individual and how well he responds to training and getting himself in physical condition. The cocktail lounge owners are aware that an individual in sound physical condition is a much bigger spender. That is an important item for those in the bar business. Since most of the players are visitors of the lounges they are interested in putting their leisure time in some form of recreation because of that middle age spread which is creeping up on them.

Since plans have been formulated several of the lounges wasted little time in getting teams organized and from the "Corner's" month-long observance the league is going to surprise a lot of folks.

Most of the players are 35 and older but they still can flash skill on a softball diamond. Their game is slower but smarter and those playing heads up ball are going to win ball games. Oddsmakers have installed the Playroom, known affectionately among the others as "The Mob," as a 3 to 1 favorite to win their opening game because of the way Manager's Melvin "Big A" Atterbury's nine has been sparkling in spring drills.

Over on the Eastside the nod is given to Marty's to cop their opener despite the fact that manager Buddy Montgomery is having holdout trouble with Jimmy Roberts, one of his ace hitters. Marty, Kings and Clark Hotel will get their stiffest test against Lee Roys which boast two of the best pitchers in John Gibson and Jimmy Oglesby. Manager John L. Howard is counting on them to lead his team to the flag. The sleepers in the loop are Caribbean, Sea Food Grotto, Sportsmen, Collins, Mac Castle, Town Tavern and the Nitelife. The F-B-Eyes can't get a line on their teams.

Kappas, Alphas Battle for Interfrat Series Lead Sat.

By Edw. "Able" Robinson

The 1961 Interfrat Basketball series resumes action on Saturday, April 8, at the Jefferson High School gym, 41st and Hooper Avenue. Coach Fred Kennedy counts on Dick Banton, Art Bias, Tony Davis, Anthony Burr, Mack Taylor, Huey Thomas, Geo. Fisher and James Newman.

In the curtain raiser for Saturday's game the Omegas and Sigmas will be seeking their first series victory and this also stacks up as a thriller.

Lee Patrone, colorful 5-11 West Virginia basketeer, Wednesday became the sixth member of the 1961 College All-Americans who try to halt the fabulous Harlem Blobetrotters in the Los Angeles game of the World Series of Basketball at the Sports Arena April 15.

Patrone, who hails from Bellaire, Ohio, should be well remembered by Southland hoop fans. In the 1960 Los Angeles Classic at the Sports Arena, Patrone was at his best in leading the Mountaineers to a 87-73 triumph over favored UCLA.

The All-City Schools Swimming Meet is scheduled May 25 and 26 at the Swimming Stadium in Exposition Park.

Davey Moore In the Pink For Title Go

World Featherweight Champion Davey Moore remains a 3-1 favorite over Danny Valdez as both boxers enter the final week of training for their 15 round title match Saturday night, April 8, at the Olympic Auditorium.

The 15-rounder will not be televised and the show will get underway at 8:30 p.m.

DAVEY MOORE

Moore will be making the first defense of his title in Los Angeles since he stopped Hogan Bassey in August of 1959.

Since then, the rugged little Ohio native has boxed in all parts of the world. He recently returned from Europe, where he defeated Gracieux Lamperti in Paris; Fred Galiana in Madrid and Ray Nobile in Italy. Moore's training have been impressive and appeared to be in the pink of condition. Indicating he will be gunning for a quick knock out, Davey's record is 47 wins, six losses and one draw. He has scored 22 knockouts.

Danny earned this title match when he ko'ed and decisioned Ricardo Gonzalez of Argentine. At the time, Gonzalez was the number two contender in the 126 pound class.

Tickets for the bout are priced at $12.50, $7.50, $5.00 and $3.50, tax included.

Promoters Cal Eaton and George Parnassus are hopeful of a turnout of 8000 and a gate close to $50,000.

Letters to the Editor

"Dear Miss Tee:

"I am writing to ask you why you complained to the president of the Junior Chamber of Commerce that in 1962 Gary Player should not be allowed to play in the L.A. Open? The Open is held on a public course and wouldn't this be a form of segregation if the PGA did not give Mr. Player the same invitation that it extends to all other professionals?

"A Western Ave. Golfer."

We are glad that someone took time to ask this very important question. Gary Player is from Johannesburg, So. Africa. One year ago there were almost 100 natives slaughtered in that city. At the Bing Crosby Pebble Beach Tournament in February we cornered Gary Player and asked him if he played in Africa on the public courses with the natives as he is playing in America. Mr. Player admitted that he only played on private courses in Africa (these courses are kept in excellent shape by Africans) and that he did not feel "a thing" playing in tournaments with Charles Sifford, Teddy Rhodes and Bill Spiller.

Speaking of PGA invitations, did you know that Gary Player is not an American but PGA has allowed him to play through the South but cut Charles Sifford's tour out in Arizona? (Sifford was born in America.) When we asked Mr. Player if he thought this was fair he said, "I have nothing to do with the freedom of races. Being a golfer, I leave this to the politicians." (Don't want to seem as if I am preaching but last week in Florida Gary Player won the tournament, netting him a cool $50.000 for this year. Where were our professionals? PGA had them "sitting on a bench waiting for the swallows to come back to Capistrano.")

"Dear Editor:

"I enjoyed reading your column in the California Eagle. Glad to hear about Ray Botts and wish him much success. I have a comment to make and hope you will pass it along to Mr. Jerene Webb, chairman of the Doctors, Dental and Pharmaceutical tournament.

"The doctors had their tournament last year and the guests they invited to play did not play for the same trophies as did the doctors.

The doctors' trophies were large and beautiful; the guest winners received something that was a disgrace. Also the guests were not invited to the dinner the night of the tournament. If this was done by a Caucasian club every Negro sports writer would be talking about it.

"At least the Fox Hills Clubs will not let Negroes join and they let Negroes know that they are not wanted. I do not mean by this that Fox Hills is right in discriminating but we are not right in everything we do.

"Marguette Johnson."

We contacted Dr. Webb concerning Mrs. Johnson's grievances and he said that this was not intentional on the part of the medical men. It is a tradition and custom for male golf clubs to give smaller trophies in the ladies' flight. We are not trying to grant the doctors any special privileges but we remember playing in all of their tournaments except the last one and even though everyone was invited to their tournament dinners, no one would except the doctors. To top this off, one year the doctors had to send most of the trophies to the winners.

Social Knights Club's Annual Easter Promenade Serves as a Beacon in the Lives of Young Ladies

Early Christians in the year 325 A. D. arranged that Easter would always fall on a Sunday. The Social Knights Club, Inc., is not quite so venerable, but 31 years ago members decided on an annual Easter Promenade so it too could fall on Easter Sunday.

They say the reason why early Christians selected that date is because Easter usually follows a full moon, and since pilgrims during that period were traveling across the desert to the Holy City at night, it helped light the way.

As for the Social Knights, 31 years ago the Easter Promenade was a means of rekindling old friendships. However, in the past 15 years a new significance and a new meaning has been added to the annual Easter affair. Virginia Murrell and Mabel Lee were introduced to the members several years ago and like Easter and the early Christians, the Easter Promenade has meant to club members and to Miss Murrell and Miss Lee a beacon of hope.

Last Sunday night the two young ladies, stricken with polio, were introduced from the stage at the Los Angeles Breakfast Club. This marked a rare accomplishment for the Social Knights who have adopted the role of "father" to the girls.

One of the proudest persons attending the 31st annual affair was Winifred Davis, the nurse who introduced the girls to the club.

Clair Williams, business manager and chairman of the recent breakfast given by the Ladies of Paradise Club, and her committee members arranged a delightful and successful affair.

Social Knights Hold 31st Promenade

The story behind the story of the annual Social Knights Club's Easter Promenade is that it is an affair which serves a charitable purpose as well as being an occasion where some 2,500 guests answered the group's invitation to its 31st annual affair last Sunday at the Los Angeles Breakfast Club, to help the group help others.

The smartly groomed ladies, elegant in fashionable Easter dresses, and their escorts, handsome in tailored suits, made a colorful grand entrance at the Breakfast Club.

A large number of the women had selected for the summerday 90 degree weather jet black chiffon in many fascinating styles. Ruby Joyce, wife of former national top-ranking boxer Willie Joyce, however, was so lovely in white cotton with a dramatic pink bonnet that she was given the straw hat salute by several of the members.

The club's decorating committee did a wonderful job in carrying out the Easter motif in a giant sized Easter garden setting with mechanical rabbits flapping their ears and waving their paws. The dance floor hummed with happy feet dancing to the music of the Society Troubadours, featuring singers Lawrence Stone and Juanita Curz.

Dapper members of the popular club were introduced by L. V. Cole. They were attired in smart white summer coats and dark trousers and their famed straw hats.

The following members were introduced: Gus L. Patterson, president; James Davis, Sr., vice president; Charlton Scott, secretary; Stonewall Jackson, treasurer; Robert L. Atkins, financial secretary; Victor Bostic, corresponding secretary; John M. Smyles, business manager; Charles U. Macon, public relations; Curtis Thompson, parliamentarian; Leo Lindley, sergeant-at-arms; James Calhoun, chaplain; and Victor Bostic, Jr., mascot.

GET TOGETHER—"Fancy meeting you here." So says pretty Virginia Murell, in wheel chair, greeting her ex-nurse Winifred Davis during the Social Knights' 31st annual Easter dance at the L.A. Breakfast Club. Enjoying the reunion are Gus L. Patterson, president of the Social Knights; Mable Lee, special guest; and L. V. Cole, master of ceremonies. (Adams)

Mr. James Derry, who recently represented the County of Los Angeles in Nigeria at the Independence Celebration, and Rev. James A. Hargett, pastor of the Church of Christian Fellowship, will complete the panel.

Star-Liters In Dazzling Easter Dance

Star-Liters Club members dazzled a capacity crowd attending the group's Easter Sunday cocktail dansante in the beautiful Grand Ballroom of the Beverly Hilton Hotel.

The popular club selected a New York setting which depicted Fifth Avenue on Easter Sunday afternoon.

Vern Stevenson of KTYM-FM served as master of ceremonies and did a brilliant job recreating the famed New York avenue. Members were stunning as they were introduced in white suits wearing pastel hats and carrying snow-white umbrellas. They received from the audience a standing ovation when the last member took her place on the floor.

Club member Nettie Lowe did not participate with the club because of a recent automobile accident. However, she was in attendance and was introduced.

Leontyne King, club advisor, presented Atty. James Akers with a check to be given to the CORE Committee. Another check went to the Big Sisters' organization.

Guests attending the affair were greeted at the door by Misses Tera Yvette Knight and Cherie Judice dressed in white bunny suits.

It took place in the Grand Ballroom of the Beverly Hilton Hotel when the Star-Liters Club presented their cocktail dance. Shown above, a check is being presented by the club to CORE. From left: Vern Stevenson; Joyce Sonnier, president; Leontyne King, club advisor; and Atty. James Akers, representing CORE. (Adams)

Iota Lambda Sorority to Aid Project

Alpha Phi Chapter of Iota Phi Lambda Sorority, under the capable leadership of Mrs. E. Grace Payne, president, met Saturday recently at the lovely home of Essie Keesee.

The membership of thirty business and professional women was interested in learning more about Jabberwock — a scholarship project. Iota Phi Lambda is also dedicated to giving scholarships.

The very full agenda for the monthly meeting included some time for a representative from Delta Sigma Theta Sorority to discuss the variety of ways in which Iota Phi Lambda could participate in Jabberwock. Jacquelyn Snead was the representative from Delta who discussed the Scholarship Benefit with them and answered questions which arose. After some discussion of the items involved in Jabberwock—to be held on May 20, 1961, at the Wilshire Ebell—the Journalists of the local chapters of both sororities chatted and got better acquainted.

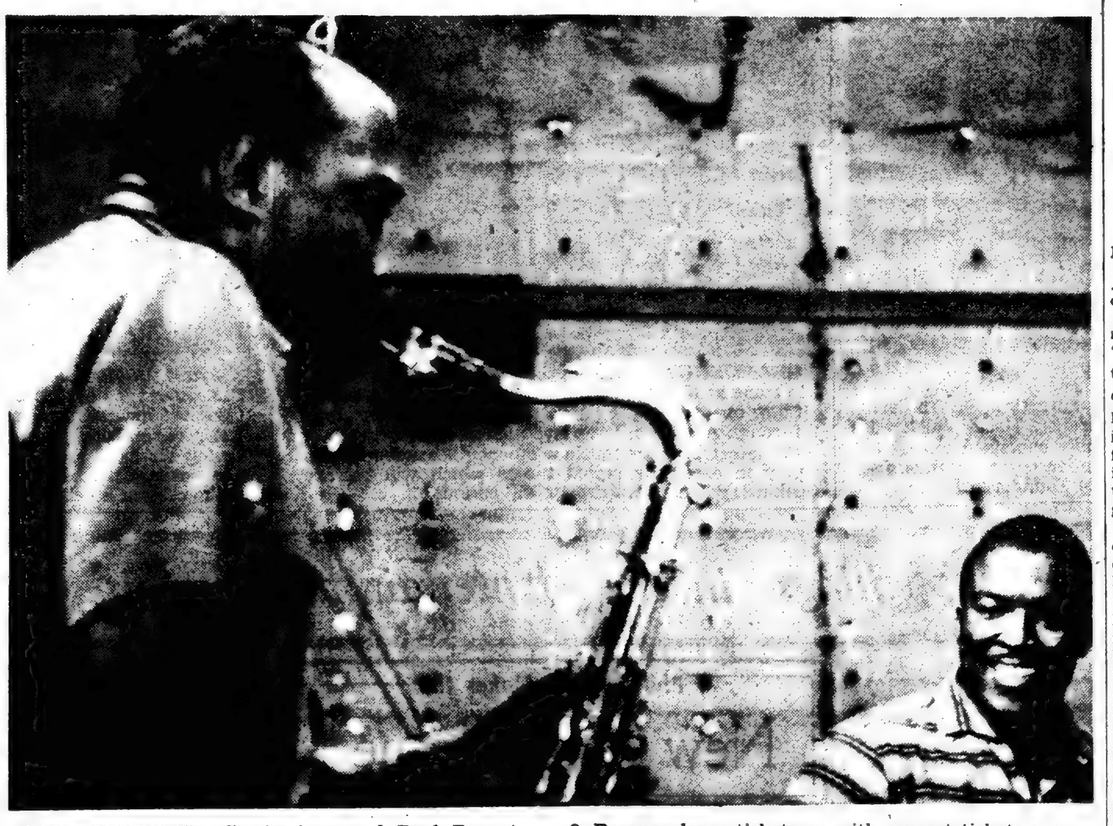
Sam Cooke to Make Recording Of Hit Spirituals

Sam Cooke, recording star, plans to make his next album a deluxe limited edition of all-time favorite hymns and gospel songs with backing by a famous choir.

SOUL SESSION



Current top seller in the pop field, Cooke, Chicago-born son of a pastor, began his career singing gospels in a group called The Soul Stirrers. Ever since he became a solo act, Cooke has always included several gospel songs in his repertoire and his just-released album, labeled simply "Sam Cooke," features two spirituals, "Goin' Home" and "Swing Low, Sweet Chariot."

Cooke's gospel album would include some of his original compositions plus generations-old numbers which have become classified as "folk music of the Negro race."

Negotiations are now under way to sign an internationally known choir to back Cooke's solos fir the album. Under consideration are the Mormon Temple Choir of Salt Lake City, Utah, and the St. Olaf College Choir of Northfield, Minn.

PROM PARTICIPANT

Cooke, who starred on NBC-TV's April 1 Saturday Prom Show, wants to record the gospel album before his next concert tour (May 1-15) and his next big nitery date (June 16-25) at Detroit's Flame nightclub.

SOUL SENDERS—Curtis Amy and Paul Bryant, whose great instrumental "soul" jazz quartet will be among the "Soul Night at the Shrine," concert and public dance to be held at Shrine Auditorium from 8:15 p.m. to 2:00 a.m. on the evening of Friday, April 9. Because dance tickets go with concert tickets purchased in advance of concert, and dance admittance being limited to concert-goers only, better get your tickets now!

Jazz Groups Join Singers Before Dance

"'Soul Night at the Shrine"

This Friday, April 7th, Los Angeles music lovers will have the chance to attend one of the great concert events of the year when "'SOUL' NIGHT AT THE SHRINE", a blending of the instrumental jazz form with the vocal and dance arts, will be presented at Shrine Auditorium.

Jon Hendricks of the vocal group of Lambert, Hendricks and Ross, appearing in a somewhat similar presentation at the 1960 Monterey Jazz Festival, said that "the spirituals are the mother of the blues and the blues are the mother of jazz." Backstage, J. J. Johnson commented, "They're hearing the truth now!" Writer Frank Kofsky later summed up the general audience reaction that day by saying "If in its three years, the Monterey Jazz Festival had done nothing other than present this program, it would have justified its existence."

Similarly, but unladen by narration, at the Friday night Shrine Concert there will be presented an audio-visual portrayal of the progress of jazz through its primitive, spiritual and blues phases to the contemporary sounds we hear today.

WELL-ROUNDED PROGRAM

Featured in this great program will be the Sonny Criss Quartet, the Curtis Amy-Paul Bryant Quartet and the Jennell Hawkins Quintet. Along with these swinging instrumental groups will be heard one of the nation's greatest gospel singers, Columbia Recording artist Hannah Dean, locally known as Mary Kenny, the girl whose performance while appearing with Jon Hendricks was a major contribution, in the words of jazz critic Ralph J. Gleason, "in an emotional experience which brought tears to the eyes of some spectators" at last year's Monterey Jazz Festival.

Combined with that of the McNeil Singers, one of the Nation's greater spiritual choral groups, will be seen the fine creative work of the Carlton Johnson Dancers.

DANCE FOLLOWS

Neither music lovers nor dance lovers will want to miss this concert. Tickets are on sale now at the Southern California Music Company or call MA 7-1248 for your nearest mutual ticket agency, and tickets will also be on sale all day long at the Shrine Auditorium Box Office on this Friday the day of the concert.

Following the concert, there will be a big public dance next door in Exposition Hall of the Shrine Building with refreshments, for those who attend the concert. Dance tickets are $1.00; but if concert tickets are purchased at regular prices by Thursday, April 6th, the dance tickets will be free of charge.

NOTES OF AN INNOCENT BAR-STANDER

SIDNEY POTIER and his **JUANITA** are expecting their fourth . . . Luscious **GEORGIA CARR**, with the luscious pipes to match, opens at the Keyboard in Gardena Soul Night (that's this Friday) . . . Pianist **CALVIN JACKSON** is doing the musical score for the new TV melodrama "The Asphalt Jungle" . . . **SASSY** will warble "Far Away Part of Town" from the movie "Pepe" on the Academy Award show . . . **PAUL ROBESON** is complaining that he is being shadowed by political foes in Europe. Other sources say it's his wifie who is having him tailed. Claims he's seeing other girruls . . .

Drummer **MAX ROACH** obviously went berserk in a Philadelphia bistro attacking his trombonist **JULIAN PRIESTER** and cursing his sax-man **WALTER BENTON**. Friends say they cannot understand MAX's strange behavior and feel that he is sick and in need of help. The night after, Max "sat in" with the RED PRYSOCK band at another club and shocked the audience by suddenly delivering a 20 minute tirade condemning Faubus, the death of Lumumba, the Congo situation and the plight of the American Negro.

RAFAEL CAMPOS back on the Hollywood nitery scene dating starlets . . . apparently with no torch to burn for Queen Dinah. After 71 days of married life **RAFAEL & DINAH** decided the whole thing was a silly mistake. It was just a "long shot" that didn't pay off . . .

HERB JEFFRIES and **TEMPEST STORM** (his Soul Mate) will share the marquee at the FORBIDDEN CITY in **HONOLULU**. She'll peal. He'll wail! . . .

ELLEN JONES (LIL FISHER'S SIS) wrote, produced and directed the Easter play, "He Beheld His Glory," at Westminister Presbyterian last Sunday . . . Sorry to hear about the bad spill **RAY CHARLES** "Mr. Soul" took in the bathtub last week . . .

CLARENCE "BIG" MILLER'S Columbia L.P. has arrived on the scene. Big, a giant of a man, and a huge talent, says, "When I shake my bones, smaller men better get out of the way." . . . **SAMMY DAVIS**, being clannish, just bought a Rolls Royce . . . **ALMENA LOMAX**, who published the now defunct **TRIBUNE**, penned an article for "The Nation"

BEST BY TEST—Thelma Hayes, businesswoman, civic worker, club leader and wife of one of Los Angeles' most successful tourist hotel owners, was one of the first readers of the California Eagle to take advantage of Harry Wal ker's services through the General Tire Company's Leimert Park advertisement in last week's edition of her favorite metropolitan weekly newspaper. Harry delivered a brand new set of General Dual 90 whitewall tires and fully explained the General Tire Company's unconditional guarantee to this satisfied customer thus assuring her of the smoothest ride with pride in her terrific Thunderbird.

GLAMOROUS—Mitzi Gaynor gets a preview of things to come at the 1961 Los Angeles High Fidelity Music Show opening to the public at the Ambassador Hotel through April 9th. Over five million dollars worth of the latest in home music components will be on display in decorator styled rooms which will feature cabinetry and furniture of all periods.

SELLSATIONAL — Harry Sweets, co-owner of Sterling Liquors, and Al Green, Sales Manager of the Company, were among the first to congratulate Walter Goodlow, newest member of their sales department and public relations division. Long remembered as one of Los Angeles' wearers of blue, 'Goody' is currently trying his hand and supplying your favorite brand at your filling station, package house, club, bar and liquor store. The next time you ask the man for more make certain Sterling Liquors supplies his store. (Harry Adams Photo)

periodical, called "Journey to the Beginning," from Tuskegee, Alabama, where she and the youngsters have settled bag and baggage. Almena, whose writing style is as pungent as ever, speaks of the "walking dead" among the Negroes in L.A., meaning those who refuse to allow themselves to get the least bit emotional about the racial atrocities in the nation as long as it doesn't affect them personally.

BARITONE CHARLES REYNOLDS tells us he is now a featured soloist at Independent Church and usually sings in the prime time about ten minutes before the minister delivers his sermon. His soul stirring song message no doubt gives **REVEREND DAWKINS** a lot of inspiration . . .

Actors **WALTER SMITH** and **BOBBY JOHNSON** through the aid of their agent nabbed roles on a forthcoming **JACK BENNY** show titled "How Jack Found Rochester." Their agent? One guess! . . .

Remember "Soul Night" at the Shrine Friday. Or as **JAY LOFTLYNN** would probably say, if you've got a heart, remember Soul Night. Huh? Jay? . . . Seriously it should be the everlovin' end. Sorry to have mispelled **HANNA DEAN'S** name last week. Love that girl! . . . and she should provide a lot of soul on the Friday deal! . . .

There's a new supernatural series due on TV soon to be called "Way Out" . . . Okay, since

TOGETHERNESS — Dolores Hart and George Hamilton grow chummy on the beach in MGM's love and laugh filled comedy, "Where the Boys Are," co-featured with "Gorgo," like nothing you've ever seen before, at the Manchester Theatre.

Phil Gordon Makes the New York Scene

Had to start getting a bit of real culture, so with my aunt, Mrs. Jackson and Laura, all in tow, I attended the 25th Anniversary Concert and Art Exhibit at and of the High School of Music and Art. This turned out to be a most rewarding evening, with tremendous variety in types and skills of artwork on display, followed by a stimulating concert whose theme was "Open Tomotrow's Door" (from "Prologue" by **William Schumann**).

The 2½ hour concert included performances by the Senior Symphony Orchestra (**Alexander Richter**, conducting), the Senior Choral Ensemble (**Sybil Mandel**, conducting), a group of original compositions played by **Constance Cooper**, piano, **Carol Lieberman**, violin, the Senior Woodwind Quintet and members of the Composition Class in a small choral group.

Promising Performers

There was a novel Little Jazz Cantata featuring a jazz combo along with the Senior Choral Ensemble, and finally the chorus and orchestra closing the program with gusto. My voice teacher, Mrs. **Marylou Lowe** was there, and most proudly because her son, **Clifford Lowe, Jr.**, is a member of this graduating class, and a promising musician and composer.

Young Cliff played viola with the Symphony Orchestra, and most creditably. We all had fun, and gained some much needed culture to boot.

Loss of a Friend

Regretfully I must report the passing of my former voice coach and very good friend, **Freddy Johnson** (whose wife, **Louise Woods** passed recently). The world is not a better place with-

HUNTS JUDGE—Eugene Hawkins, scheduled to go on trial Monday for robbing Mrs. Aileen Eaton last January, spent the first two days of the week hunting for a judge to hear the case.

Gene Hawkins' Trial Starts In Confusion

Nothing ever seems to happen quite according to expectations when Virgil Eugene Hawkins has one of his perennial bouts with the law.

His current case, in which he is accused of robbing and attacking Mrs. Aileen Eaton, wife of Olympic promotor Cal Eaton, last January, was scheduled to be tried Monday morning.

NO COURTROOM

But somehow, though both defendant and prosecution were ready and waiting, the case couldn't be heard because there was no courtroom and apparently no judge available.

All day Monday and all day Tuesday officials were trying to get started. First off, the case was assigned to Judge John Aiso, but he disqualified himself, giv-

Shot Fired At Girl Near 'Tavern'

Samuel U. Jenkins, 45, of 5555 Spokane street, was unable to give policemen a satisfactory explanation why last Sunday night he suddenly took a shot at his companion, Lou Ann Overton, following an argument at the Town Tavern, 36th street and Western avenue.

Equally unsatisfactory were his explanations as to the .38 caliber revolver, five rounds of ammunition and a box of high speed cartriges that were found under the front seat of his green station wagon when he was apprehended at 39th street and Brighton avenue, shortly after 11 p.m.

The police were called after Jenkins took a shot at Miss Overton in the parking lot of the Town Tavern, following an argument in the bar. He was shown to the door by bartender Charles Williams, after he began beating Miss Overton. When the girl started to run, Jenkins shot at her but he said he did not want to kill her.

Jenkins also had $111 in his pocket. He told police that he won the revolver in a crap game last year.

Mother-in-Law Cause of Urge 'To Kill Wife'

Leon Haywood Austin, 8214 S. Hooper avenue, shot and critically injured his wife, Jessie Rebecca Austin, Sunday afternoon "because of his mother-in-law's interference in their affairs."

That was the only explanation Austin could give for his action. He said he suddenly went berserk and had the urge to kill his wife.

POINT BLANK

He got a gun, walked into the kitchen where his wife was standing, and fired four shots into the back of her head and neck from point blank range.

Then he turned the gun on himself, with the intent of committing suicide, he said. He fired one more shot, hitting himself in the right ear.

The gun lay on the kitchen floor.

Near it lay Mrs. Austin, bleeding profusely from head and neck and in apparent state of shock. She kept repeating, over and over:

NO ARGUMENT

"What did you do to me, Haywood? What did you do to me Haywood?"

At the hospital, Austin denied that he and his wife had been arguing during the afternoon.

The Austins were married about a year ago in Mexico. Mrs. Austin has a six-year-old daughter, Jeanissa, who was spending Sunday with her grandmother, Mrs. Mabel Isaac, of 9724 Alabama street.

Diplomat Is Introduced to Jim Crow

WASHINGTON—Another African diplomat has had a first hand experience with this country's Jim Crow policies in restaurants, it was learned this week after the United States officially apologized for the incident.

The diplomat was Dr. William Fitzjohn, charge d'affaires of Sierra Leone, which is to become an independent nation on April 27. He was refused service at a Howard Johnson restaurant at Hagerstown, Md. on March 9.

Dr. Fitzjohn did not make a formal complaint. The insult was brought to the attention of the State Dept., however, by Mrs. Carol Morse Kline, sister of Sen. Wayne Morse, who with her husband were hosts to the visiting African when he was denied food by the restaurant.

GOOD TRY—Victors in all contests on the West Coast, the Southern Area Boys' Club table tennis team came within a breeze of taking top honors in the nation. In Detroit's tournament last week, the three local lads above came in second. From left, William Weatherford, Charles Fisher and Michael Green, with Coach William Simms. The team's trophy will be on display at the club's open house Wednesday, April 19.

2 Negroes Elected By Berkeley Voters

Berkeley voters last Tuesday elected the first two Negroes to hold public office in the city's history.

In St. Louis, Mo., voters also elected a Negro. He was victorious in the race for Board of Education.

The successful Berkeley candidates were Wilmont Sweeney, who was elected to the City Council, and Rev. Roy Nichols, who was given a post on the School Board.

PLACES SECOND

In the City Council race, four posts were contested. Sweeney received the second highest vote in a field of seven. He chalked up 20,194 votes, the highest candidate obtaining 23,173.

Commenting on his victory, the 35-year-old attorney said:

"This is no tribute to Sweeney, the individual. It is a tribute to the democratic ideal of representative government.

Rev. Nichols, with a vote of 21,370, led the field of five candidates seeking six year terms on the Board of Education. Two offices were vacant.

BROAD SUPPORT

The new board member, who will be seated April 18, stated:

"My support was broadly spread throughout the entire city. A survey of a few precincts in the Negro community indicates greater voter enthusiasm and support. Somewhere between 555 per cent and 60 per cent of the registered Negro voters came

Loren Miller says . . .

PEACE, IT'S WONDERFUL

I don't care what anybody else says. I'm all for Pres. Kennedy's Peace Corps. I think it's just dandy to get our young folks together and send them around to the underdeveloped places of the world so they can show other people how we live and how democracy works. You can always show people better than you can tell them.

As I understand the plan, the Peace Corpsmen will also pitch in and work side by side with those among whom they choose to live. They will help them build houses, raise, say, beans and do whatever else is necessary to raise the standard of living and dispel old notions that keep people backward.

Miller

FIRST OBJECTIVE

If you're with me this far, I am sure you'll agree that one of the first things on the Peace Corps' program should be a safari to Mississippi. The fact that Mississippi is underdeveloped is demonstrated by the fact that they keep on sending James Eastland to the United States Senate, which is about on a par with putting our Space Monkey in charge of our guided missile program and compares with the Asian practice of plowing with a crooked stick.

What put Mississippi on my mind was the news that a dozen Negro students got jailed for trying to read books in the Jackson Public Library. Now Jackson is no ordinary city; it's the capital of the Great State of Mississippi.

NAACP Gives Gov'r Support In Police Row

Pointing to the actions of the peace officers of Los Angeles in disregard for the rights of Negroes, a "regime of terror," numerous acts of brutality and other indignities and insults, the Executive Board of the NAACP Monday night gave strong backing to Gov. Brown in his attack on the local Police Department.

The resolution adopted stated:

Charge Pressure

WHEREAS it has come to the attention of this body that the chief peace officers of this community have, time after time, invaded the province of the judiciary and executive branches of the government of this community by exerting extreme pressure of a political nature designed to force a way of government of their own choosing; and

WHEREAS these same peace officers saw fit to visit the legislature and pressure the same with extreme political efforts with attacks on the legislature and the judiciary; and

WHEREAS the Governor saw fit to speak out against such outrages and misapplication of the offices and power of these peace officers; and

Disregard Rights

WHEREAS inasmuch as there has been a disregard for the constitutional rights of the Negro

Legislators Urged to Pass Bill on Housing

Hundreds — some estimates say thousands — of Californians will converge on Sacramento this weekend to let the Legislature know the extent of grass roots support that exists for passage of the Hawkins' Fair Deal on Housing bill, Assembly Bill No. 801.

A large contingent is leaving from Los Angeles to be on hand for the conferences scheduled for April 15-17, under the auspices of the Fair Practices Committee.

Hotly Contested

The bill was submitted to the Assembly Ways and Means Committee Monday morning.

It has strong and widespread support; it also has strong and powerful opposition.

Support comes from Gov. Brown and a number of other political leaders, all branches of the NAACP, the labor movement and numerous civic, community and other organizations.

The opposition spearheaded by the Los Angeles Times and other powerful newspaper and financial interests, includes the real estate lobby, the savings and loan lobby and some sections of the construction industry. Other employer and banking groups have not yet tipped their hand, but judging from past experience, they can be expected to support the position of the Los Angeles Times.

Large Contingent

Among those attending the three-day Sacramento meeting are 39 representatives of the local branch of the NAACP, including Edward D. Warren, president; Atty. Morgan Moten, legal committee chairman; Ted Wright, political action committee chairman; and John Cobb, publicity committee chairman.

The Hawkins bill makes discrimination in housing illegal and provides for enforcement under the new FEP Commission.

It forbids discrimination in sale or rental of housing, and further forbids discrimination by banks, mortgage and loan companies to whom application is made for fi-

Abolition of Legal Killing Passed 9-4

SACRAMENTO — Following a barrage of testimony against the death penalty, the Assembly Criminal Procedure Committee Monday night approved a bill for its abolition by a vote of 9-4.

Clinton P. Duffy, former warden at San Quentin, told the committee: "In all of the years that I have been around prisons — over 60 years — I have never known of one man who had wealth or position that has ever been executed. Only the poor and underprivileged are executed."

A. Lamont Smith, criminologist at the University of California who has worked for years on figures dealing with executions, added his testimony:

"There is no proof that repeal of capital punishment would result in an increase in the murder rate."

DRUGGIST ACCUSED—Pharmacist John D. Gardner and his wife, Mrs. Eddie Gardner, of the Imperial Pharmacy in Watts, were arrested Friday and accused of prescription fraud that may run as high as $50,000.

Pharmacist Accused In $50,000 Swindle

Prominent South Los Angeles pharmacist John D. Gardner, 36, who operates the Imperial Pharmacy, at Imperial and Wilmington in Watts, was out on $26,250 bail this week, on a charge of swindling the county of sums for prescriptions that may total as much as $50,000.

His wife, Mrs. Eddie Gardner, 31, who was arrested with him Friday was released on $2,625.

Faked Names

The writs for both are returnable Thursday, today.

Authorities accused Gardner and his wife of faking names of patients and doctors on prescriptions submitted for payment to the Bureau of Public Assistance on the agency's "free medicine" program for the elderly.

On checking back on several dozen of these charges, the authorities claimed they had found that the doctors whose names appeared reported they had made out no such prescriptions and the patients denied that they had received the medicine.

It was estimated that there are some 5000 or more prescriptions involved and that each one has to be checked out before the actual amount of the alleged fraud can be determined. On the basis of the initial check, however, authorities claimed the sum could easily run as high as, or exceed, $50,000.

Both Mr. and Mrs. Gardner, who live at 1139 W. 80th street, were booked on suspicion of fraud.

The Gardners, said the authorities, had submitted bills to the

Thugs Hold Up Dozen Men in Barber Shop

"This is a hold-up! Everybody down on the floor!

"Don't anyone move or I'll kill you!"

Four men had entered the rear room of a barber shop ot 1756 E. 92nd street about 11 a.m. last Thursday.

They barked their orders to Carl Clifton Server, 9428 S. Harvard blvd.; Charles Lee Cain, Albert J. Scott, James Sykes Jr., Prince Dean, Bert Prescott, Jonathan Shaw, Ray Price, Lester Gavan, Charles W. Williams, Dodge Bohannon, Joseph Irvin and W. C. Hewitt.

One of the thugs walked over to each of the victims in turn, removed their wallets and then took the change from their pockets.

The bandits had been seen entering the barbershop by a man, Harry Hemingway, who was standing across the street. When he noticed one of the men take a gun out of his jacket and another unlimber a revolver, he called police.

The suspects were listed as Melvin Carter, 20, of 206 W. 76th street; Lemuel C. Smith, 26, of 8218 MacKinley avenue; Alphonzo Gaddis, 25, of 943 E. 103rd street; and Sam Spencer, 25, of 738 E. 108th street.

The thugs took $244 from the group, and then made their getaway.

U.S. Balks Sanctions on South Africa

UNITED NATIONS—The United States joined its allies in NATO and South America Monday to defeat an African-backed motion to break diplomatic relations and apply sanctions to South Africa because of its racial policies.

The vote on the key section of the resolution was for 41, against 32, absent 21. Sanctions require a two-thirds majority for passage.

In rejecting the proposal, the United States lined up with 13 other NATO and British Commonwealth countries, 12 Latin-American nations, Japan in Asia, Austria, Finland, Ireland, Spain and Sweden.

The demand for sanctions had been made by 24 countries, including all African states except Togo. South Africa did not vote.

Following defeat of the sanctions resolution, a weak substitute permitting each nation to take independent action, which had been proposed by Ceylon, Malaya and India, was approved 93 to 1. Portugal cast the lone "no" vote.

Tenor Wins Opera Contract

George Shirley, 26-year-old New York tenor, won the $2,000 first prize and a year's contract with the Metropolitan Opera company at the National Council auditions last week. He brought the critical audience to its feet with shouts of "bravo" as he finished singing Prince Calaf's "Nessun Dorma" from Puccini's "Turandot."

Two other Negro singers won prizes of $500 in the finals which included 12 contestants: Shirley Verrett-Carter, mezzo, and Billie Lynn Daniel, soprano, both of New York.

28 South Africans Acquitted of Treason

Last week a three-man panel of judges in Pretoria, South Africa, found 28 defendants "not guilty" of treason under the Suppression of Communism Act.

The unanimous decision declared that: "On the evidence presented . . . it is impossible for this court to come to the conclusion that the African National Congress had acquired or adopted a policy to overthrow the state by violence." It said further that "there was no evidence of Communistic infiltration" into the congress.

COSTLIEST TRIAL

Thus ended the longest and the costliest trial in South African history. The 28 were the last of 156, mostly black, who were rounded up four years ago. The prosecution gradually dropped charges against most of the defendants, including Chief Albert Luthuli, president of the outlawed African National Congress.

The charges against the remaining 28 were that they had helped draw up a "freedom charter" that called for universal suffrage, nationalization of mineral wealth and land reform.

The battery of lawyers obtained largely through foreign contributions queried the prosecution's "expert" on communism and treason, a professor from the University of Cape Town.

They read to him quotations from Franklin D. Roosevelt, Martin Luther, John Milton and Thomas Jefferson. He declared without flinching that these are "the sort of statements that Communists make"—and apparently convinced the judges that the state had no case against the 28.

Breakfast Club Shows Styles

A fashion show took the spotlight Sunday morning at the Clark Hotel, when members of the Women's Sunday Morning Breakfast Club held their regular monthly meeting in the Turquoise Room.

"Fashions in Focus" drew a large and responsive audience to view the smart spring and summer style. The creations displayed by well known models and members of the Breakfast Club were designed by local modistes and milliners.

Mrs. Augustus F. Hawkins, president of the newly organized Breakfast Club Chain, coordinated the fashion review. Miss Annette Bruce and Bil Howard served as commentators.

As usual, the musical interlude, was thoroughly enjoyed by the capacity audience. The club's perenial regulars shared this portion of the program with guest artist John Creach, violinist, with his accompanist, Lorenzo Flennoy.

Plans are now underway to stage the club's major fund-raising event, "The Cinderella Ball," which will be held Saturday evening, July 1, at the Beverly Hilton Hotel. Funds raised from this annual affair will be used for innumerable community service and charitable projects.

Suitors Battle Over Girl, One Hurt Critically

When two suitors visited Dorothy Morgan, 2103 S. Central avenue, last Sunday evening at the same time, an argument ensued and after a fight, John Shoemaker, 45, of 649 E. 95th street, was taken to General Hospital to be treated for stab wounds in the chest, abdomen, forearm and head. Severe lacerations on his face may cost him the sight of one eye.

His assailant was alleged to be William Phelps, of 1316 W. 65th street, who assertedly pulled a knife and attacked Shoemaker during the argument. Shoemaker staggered to the street and collapsed in front of 2305 S. Central avenue. Officers were given a description of Phelps by bystanders.

Gunman Takes Dice Winnings, Binds Victims

Easy come, easy go has long been the rule for gamblers, but Robert Bracy, 5201 S. McKinley, was reluctant to tell police that he was forced at gunpoint to hand over $400 he had won in a dice game to a man who tapped on his window while he was telling his wife, Louise, and her friend, Inez Whitfield, about his luck.

When Bracy answered the knock, he looked into the muzzle of .38 revolver.

"Open up or I'll kill you," said a man's voice.

When Bracy complied he was overpowered by two men about six feet tall and weighing around 200 pounds. He was gagged and tied.

The two women were also bound, and told to keep their eyes closed. Miss Whitfield said she told one of the men she had a heart condition. He said he would not bind her too tight. She managed to wiggle free after the men left with the $400 and $17 from a purse and a $50 blue suit.

When officers arrived, Mrs. Bracy was hysterical. The two men escaped in a car west of 52nd street, Miss Whitfield told officers.

Latin Dance Will Provide Student Aid

The seventh annual fund raising dance for the Armando Castro Memorial Scholarship Fund will be held Sunday, April 30, at the Hollywood Palladium Ballroom from 6 p.m. to midnight, it was announced by the Board of Directors of the Scholarship Fund, with music by Rene Bloch and Sal Chico.

Dr. Helen Bailey, administrative treasurer, reports that more than $23,000 has been raised by this group during the past six years and that 259 outstanding students of Latin-American background have been granted scholarships and financial aid to further their college education.

Formed Fund

Evan Thomas and Dave Haskell, two of Armando Castro's high school teachers, together with Dr. Bailey of East L. A. College were joined by Councilman Edward Roybal and L. A. Police Officer Julio Gonzales in forming the Armando Castro Memorial Scholarship Fund.

This occurred shortly after the tragic death on New Year's Eve, 1955, of young Armando Castro, a graduate of Roosevelt High School and a student in sociology at ELAJC.

Armando Castro was a top flight athlete, one of the best high school track stars in the city. He had dedicated himself to work in the field of social service and was working hard in college to prepare himself when he was stabbed to death as he attempted to stop a street fight.

'Don't Weep for Me,' Lumumba Told Wife In His Last Letter

The following letter, reportedly the last that Premier Patrice Lumumba of the Congo wrote to his wife from the prison in Thysville, was received here this week through the Women's International Democratic Federation of Berlin.

So far as we are aware, this letter has not been printed here before.

Lumumba was transferred from the Thysville prison on Jan. 17 to Elizabethville, where he was cruelly beaten and again jailed. His body was "discovered" February 13 "somewhere in Katanga province."

My dear Wife:

I am writing these words to you, not knowing whether they will ever reach you, or whether I shall be alive when you read them.

Throughout my struggle for the independence of our country I have never doubted the victory of our sacred cause, to which I and my comrades have dedicated all our lives.

Right to Dignity

But the only thing which we wanted for our country was the right to a worthy life, to dignity without pretence, to independence without restrictions.

This was never the desire of the Belgian colonialists and their Western allies, who received, direct or indirect, open or concealed, support from some highly placed officials of the United Nations, the body upon which we placed all our hope when we appealed to it for help.

They seduced some of our compatriots, bought others, and did everything to distort the truth and smear our independence.

What I can say is this - alive or dead, free or in jail - it is not a question of me personally.

Faith Indestructible

The main thing is the Congo, our unhappy people, whose independence is being trampled upon.

That is why they have shut us away in prison, why they keep us far away from the people. But my faith remains indestructible.

I know and feel deep in my heart that sooner or later my people will rid themselves of their internal and external enemies, that they will rise up as one in order to say "No" to colonialism, to brazen, dying colonialism, in order to win their dignity in a clean land.

Not Alone

We are not alone. Africa, Asia, the free peoples and the peoples fighting for their freedom in all corners of the world will always be side by side with the millions of Congolese who will not give up the struggle while there is even one colonialist or imperialist mercenary in our country.

To my sons, whom I am leaving and whom, perhaps, I shall not see again, I want to say that the future of the Congo is splendid and that I expect from them, as from every Congolese, the fulfilment of the sacred task of restoring our independence and our sovereignty.

Without dignity there is no freedom, without justice there is no dignity, and without independence, there are no free men.

With Head High

Cruelties, insults and torture can never force me to ask for mercy, because I prefer to die with head high, with indestructible faith and profound belief in the destiny of our country than to live in humility and renounce the principles which are sacred to me.

The day will come when history will speak. But it will not be the history which will be taught in Brussels, Paris, Washington or the United Nations.

It will be the history which will be taught in the countries which have won freedom from colonialism and its puppets.

Africa will write its own history and in both north and south it will be a history of glory and dignity.

Do not weep for me. I know that my tormented country will be able to defend its freedom and its independence. Long live the Congo! Long live Africa!

LAST LETTER—The last letter of Patrice Lumumba, slain Congolese premier, is renewed call for independence.

Pro-Western African States Form Union

In Yaounde, jungle capital of Cameroun, leaders of 12 new states carved out of former French Africa proclaimed themselves a new economic unit last week, to be known as the Afro-Malagasy Economic Union.

The area involved is extensive from the Pacific Ocean in the West to the Congo in the East. The states almost completely surround Guinea, Ghana, Mali, Nigeria and Liberia, and the move is seen in some quarters as an attempt to outflank the more nationalist - minded states of Ghana, Guinea and Mali with a strongly pro-West alliance.

Leading spirit of the new union is said to be Pres. Felix Houphouet-Boigny, former member of the French National Assembly who is considered one of the most pro-French Africans in all of Africa.

The countries involved in the union are Senegal, Ivory Coast, Congo (French) Republic, Chad, Gabon, Dahomey, Central African Republic, Upper Volta, Mauritania, Niger, Cameroun and the Malagasy Republic (formerly Madagascar).

All Nations Festival Will Be Held Sat.

More than 40 Southland music and dance organizations, including more than 1,500 persons representing 30 nationalities, will participate in a Festival of Nations program at the University of Southern California Saturday, April 15.

Unemployment Still Increases

SACRAMENTO— Unemployment rose from 215,700 in February to 220,800 in March, and was half again as great as the 147,700 reported for last March.

The rate of unemployment edged up to 7.5 percent of the labor force in March from 7.3 percent in February. The current rate was the same as the high recorded during the 1958 recession, but under the 10.5 percent reached in 1949.

African States Hostile to U.S. Peace Corps

Official representatives of the "Casablanca Eight" were meeting in Accra, Ghana last Thursday to take further steps toward African unity and solidarity.

The Ghana meeting was slated about a week after the All-Africa People's Conference, meeting in Cairo, Egypt, urged Africans to wage a "merciless struggle" against the use of Pres. Kennedy's Peace Corps in Africa.

IMPERIALIST AGENTS

The meeting also warned against imperialist agents in the guise of religious or philanthropic organizations, "such as Moral Rearmament."

In the resolution dealing with the Peace Corps, the Conference said that the United States had established the Peace Corps to "reconquer and economically dominate Africa."

Represented at the Cairo meet were 50 political, cultural and trade union groups from 34 African states and territories. The Sudan and the French Community states did not attend.

MILITARY COMMAND

Expected at the Accra conference were government representatives from Morocco, Tunisia, Algeria, Libya, the United Arab Republic, Guinea, Mali and, of course, Ghana.

The conference was scheduled to deal with political, economic, cultural and military matters of common concern. At the military level, the eight nations have established a permanent organization named the Joint High Command of the African States.

South African Mocks Master Race Concept

The following letter appeared in the Johannesburg (South Africa) "Star," after Prime Minister Hendrick Verwoerd walked out of the British Commonwealth over the apartheid (segregation) issue:

"After two days of soul searching, I have decided to back Dr. Verwoerd and the Nationalist government. I shall do so for the same reason that cinema audiences cheered the Prime Minister when he appeared on newsreels, for the same reason that kept hundreds of English-speaking South Africans from raising a public outcry at their loss of Commonwealth status.

"I want to preserve the easy life.

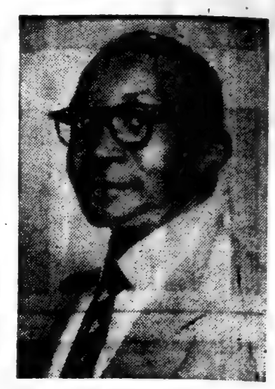
"I want to preserve my top-dog status in a land where cheap labor is really cheap.

"I want to ensure that for the rest of my life at least my family and I shall always have somebody about to do the menial jobs around my home—jobs like digging holes for trees, looking after the younger children, fetching and carrying, serving drinks to my guests and waiting at my table.

"I want to be sure too that my sons will have no serious competition in their careers, and that the jobs they eventually choose will be the soft jobs with 'master' status.

"To hell with the rest of the world. I want to be boss."

No Delinquency, Dating In Sudan, Says Student



"Dating and juvenile delinquency are unknown and therefore not practiced in the African Republic of Sudan, according to a Sudanese exchange student who spoke to Markham Junior High School's Ghana-ites Club Wednesday afternoon.

Gadalla Gubara, a student in the Cinema Department at the University of Southern California, told the African study club of teenage girls that Sudanese boys and girls "know nothing about dating and how do you say, necking? Because they have never heard of such carryings on." He said that there is strict segregation of the sexes in his hot country close to the equator. Many women still appear veiled in public.

MARRIAGES ARRANGED

Marriages are "arranged," he explained, with the bride and the groom often never meeting before their wedding day. A man, Gubara continued, may have as many wives as he wishes and as he can afford. In the southern part of the country, he pointed out, wives are sometimes purchased by paying the father 100 or even 1000 head of cattle.

Most of the 14 million peoples are of Arabic and Negro descent, Arabic speaking and Moslem by religion. The million square miles cover a tenth of the African continent. Nine of 10 Sudanese are engaged in agriculture.

Campanella Park Will Be Opened Sat.

Roy Campanella Park, which just a few short months ago was barren, unimproved land, will be formally and officially dedicated as Los Angeles County's newest, and one of its finest, playgrounds Saturday morning, April 15 beginning at 10 o'clock.

Located at 147th Street and Wadsworth avenue, the new park was named in honor of Roy Campanella, the former Dodger catcher, whose name stands as a symbol of courage and determination.

John O. Lewis, member of the Enterprise School Board, suggested that the park be named in Campanella's honor, and will serve as master of ceremonies of Saturday's official dedication.

Supervisor Kenneth Hahn was instrumental in making the park a reality.

PLAN CANCER CRUSADE—Members of the Medical, Dental and Pharmaceutical Auxiliary map door to door coverage of Zone 43, District 11, Cancer Society's annual Residential Crusade April 17, from 6-9 p.m. Seated, left, Mrs. Hilda Allen, auxiliary president; and Mrs. Irene Hudson, zone chairman. Standing, Mrs. Lenora Heins, co-chairman; and Mrs. Isabel Nelson, district chairman.

Door-to-Door Cancer Fund Drive April 17

The 1961 Cancer Crusade kick-off luncheon was held Friday in the Ballroom of the Biltmore Hotel under the leadership of National Crusade Chairman Wallace W. Tudor, vice president of Sears, Roebuck and Co. of Chicago; Honorary National Crusade Chairman Mrs. John F. Kennedy, Washington; and Honorary Memorial Crusade Chairman Anita Louise Alder, Los Angeles.

Keynote speaker was National Crusade Chairman Wallace Tudor; Dennis Day was master of ceremonies.

Tudor told the 800 or more people assembled that cancer will strike in two of every three American families and added that one out of every four persons now living will have cancer. He pointed out that this year in the United States 270,000 persons will die of cancer.

The drive has two basic aims—to show everyone how they can strengthen their guard against cancer by learning cancer's seven danger signals and getting a health check-up each year; and by raising funds for cancer research which each year is coming closer to conquering this dread disease.

Thousand of volunteers from District 11 of the American Cancer Society will march from 6 to 9 Monday night, April 17, from house to house in a drive aimed at reducing the local death rate for cancer, according to Mrs. Isabel Nelson, 4176 Somerset drive, District 11 Residential Crusade chairman.

Police Accused of Ransacking Home

Mrs. Lenora Henderson, of 851 E. 51st street, a long time worker in the PTA, Community Chest, Red Cross, a member of the Republican Assembly, the Republican Women's Study Club and the Victory Baptist Church, this week was filing a complaint against the Police Department.

Through her attorney, Thomas Neusom, Mrs. Henderson charged that early Easter morning two officers forced entry into a furnished house she owns and rents at 5018 McKinley avenue, beat up her tenant, and slashed and completely wrecked an overstuffed chair and davenport. And she has pictures to show the extent of the damage.

No Warrant

Police, however, question the accuracy of the report.

Atty. Neusom said that on Wednesday he was sending a written complaint, containing verified claims, to Duncan Shaw, president of the Police Commission, thereby availing himself of a little used provision of the police code and bypassing the Internal Affairs Division of the department.

Mrs. Henderson claims that the officers aroused her tenant, Henry Clay, a construction worker, sometime between midnight and 4 a.m. April 2, and proceeded to physically assault him and ransack the house, although they had no warrant to enter the premises.

She maintains further that although she has repeatedly tried to find the names of the officers who were involved in the search, she has been unable to obtain this information. She said a Sgt. Miller investigated the condition of the house and questioned Clay in her presence, and advised her that an officer has the right to enter any premises with or without a warrant if he has reason to believe there are any narcotics there.

Mystified

Capt. W. F. Whitaker, of Newton Street Police Station, however, appeared somewhat mystified over the incident. He said their records showed only that someone had called officers to the McKinley avenue address sometime between 2 a.m. and 4 a.m. on Easter morning, advising that there was a "woman down" in the bushes.

When police investigated they found no one there and tried to convince Clay that he had probably seen or heard a dog or some other animal. The officers reported at that time, Capt. Whitaker said, that there was no damage to the furniture in the house.

Capt. Whitaker also said that Sgt. Allen had talked to Clay and that his sister had been present at the time and said that her brother had called her over to his house Easter morning and told her there was a dead man behind the divan, and that he, Clay, had thrown a chair out of the house.

Capt. Whitaker said further that Sgt. (Ray) Miller had not been on the case, to the best of his knowledge.

New Library To Be Opened In Baldwin Hills

National Library Week, April 16 to 22, will be celebrated with the opening of a new community branch library April 19, it was announced by City Librarian Harold L. Hamill.

"A better-read, better-informed America has become a necessity in recent years. The public library has played an important role in this area and we feel it is most fitting that National Library Week be celebrated with the opening of a new community branch," said Hamill.

The Baldwin Hills Branch Library will be formally dedicated at 2 p.m. Located at 2906 S. La Brea avenue, the library cost more than $200,000. It replaces a rented store facility at 2619 S. La Brea avenue, known as the La Clenega Branch Library.

Fear of Attack Keeps Women Out All Night

Frightened by a blow and a threat, Willie Mae McNeal climbed through an open window of her apartment at 238 W. 45th street last Thursday evening and wandered about in the cold and the dark all night.

About 9:30 in the morning, she went to the home of her sister, 1712 E. 51st street, looked out the window and saw her boy friend, Charley Gordon across the street. He appeared to have a gun in his hand. She called police.

When officers arrived, Gordon made a hasty trip into his house at 5109 Long Beach, then came back outside. Officers searched him but found no weapon. Inside the house, near the door, they saw a .22 caliber revolver.

Miss McNeal was suffering from a gash over her eye. She told police that Gordon, with whom she had been living, and another man came to her house the previous evening. After some drinks both men left, but Gordon returned.

He accused her of running around with other men, struck her in the head and pulled a gun out of his pocket, Miss McNeal said, adding that he threatened to kill her.

At this moment, someone knocked on the door and Gordon turned to see who was there. It was then, Miss McNeal stated, that she fled into the night.

Social Security Available for Domestic Help

If you do work in a private household and get paid $4 a week or more, make sure that your employer reports your earnings and sends in the social security taxes every three months. Otherwise, you will lose the protection that social security provides to you and your family when you retire, die, or become disabled.

Your employer should deduct 3 per cent from your wages if he paid you $50 or more in a calendar quarter, stated William L. Matthews, manager of the Inglewood social security office. The employer must match your tax with an equal amount and send the total of 6 per cent of wages paid you to the Internal Revenue Dept.

When people are emotionally indisposed, they should stay at home as they would if suffering from an infection. A person has no more right to attend a party with a head full of venom than with a throat full of virus.

New Brokers To Be Queried On Bias Policy

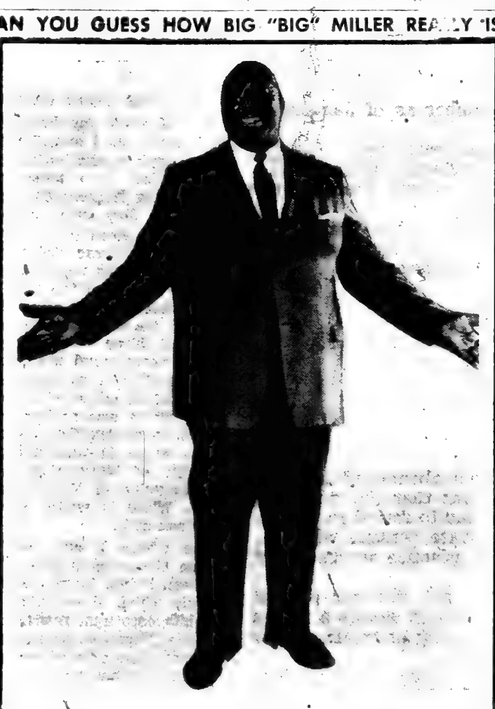
SAN FRANCISCO—Future examinations for real estate brokers and agents will contain questions regarding the responsibility of such operators not to discriminate in the sale or rental of property because of race, creed, color or national origin.

The new policy was enunciated by the State Division of Real Estate.

Assemblyman Phillip Burton (Dem., S.F.) has also introduced a bill, A.B. 69, which provides for the suspension or revocation of licenses where a persistent pattern of discriminatory actions can be established.

Man Attacked By Teen Gang, Badly Injured

Luther Alexander, 37, of 672 E. 36th street, was in critical condition this week in General Hospital from stab wounds inflicted by a gang of young hoodlums, 15 and 16 years old, at an ice cream stand at Santa Barbara and Avalon blvd.



He was stabbed in the cheek, neck and side. Then, when they saw how badly he was bleeding, the gang of seven or eight ran to their car and sped away.

Alexander said he was standing in line waiting to be served about 1:30 a.m., Sunday, when the teenagers drove into the parking lot, got out of their car, and tried to bull their way past the waiting customers.

They jostled him and shoved him and when he told them to stop, they set upon him. He knocked two of them to the ground, but the others came after him with knives.

After they fled, Alexander walked to his home and told a neighbor what had happened. She drove him to the hospital, where he was taken to surge

Beauticians to Leave For Boule in Seattle

By C. MARIE HUGHES

Planes and special trains will be wending toward the west coast this weekend bringing members and friends from across the nation to attend the International Convention of the United Beauty School Owners and Teachers Ass'n Inc. and Alpha Chi Pi Omega Sorority and Fraternity, Inc.

Portland, Ore. and Seattle, Wash. will become the focal points for this international organization's joint session which will convene for its 16th conclave in these two western states.

World Fashions

The host chapters, Sigma Xi Omega, Delta Zeta Iota and Delta Omega, have announced that final plans are completed for the hundreds of delegates who will assemble in Seattle for three days with headquarters at the Portland-Sheraton Hotel.

The joint sessions are scheduled to be held in Seattle April 20 through April 23. Then the group will move to the Benjamin Franklin Hotel in Seattle from April 23-25.

Keynote of the organization's assembly is, "See Around the World Fashions, 1961."

Delegation to Leave

Since its inception 15 years ago, the organization has grown from 38 charter members representing 14 states to a membership of 4000 or more from 44 states. To date this international group has participated in educational meetings in 18 states and 13 foreign countries.

The Los Angeles delegation, headed up by State president Evelyn Jackson, will leave the city Saturday.

Los Angeles chapters have increased from four to six since last August when the association held its seventh state annual convention at the Biltmore Hotel.

Runaway Girl, In Male Attire, Accuses Man

A 16-year-old girl, who left home Tuesday because she was lonesome for her girl friend at Los Gullicos School from which she had been paroled, two days later accused a man she had met at a bus station of rape.

Irving E. Jackson, 26, of 115 E. 24th street, who was charged with the assault, said he met the girl at the depot at 5th and Los Angeles streets and that she asked him to help her buy a ticket. He said he knew she was a woman, even though she was dressed like a man.

They walked around for a while, then she said she was hungry. She told him she was 19, Jackson said, and after they had eaten he took her to his apartment.

The young girl, whose home is in Lomita, said she agreed to accompany the man, and that he said he would get her a "butch" and get a "queen" for himself.

She claims he brought in another man and forced her to submit to him and threatened both of them with a knife when they tried to leave.

The other man managed to get away and called police.

Stores in N.C. Get Message, Hire Negroes

DURHAM, N.C. — An NAACP survey released here this week indicates that 12 local stores have employed or upgraded Negroes to sales and administrative positions within the last three weeks.

John Edwards, 17, NAACP youth council president, reported that the stores concerned bore the brunt of the Association's "Don't Buy for Easter" drive.

LOS ANGELES—Joseph T. DeSilva, Executive Secretary of Retail Clerks Union Local 770, AFL-CIO, today called upon members and friends of organized labor to avoid patronizing Gold's and Barker Bros. stores.

"For many years Gold's received the support of working men and women because they observed union conditions and had a collective bargaining agreement," DeSilva said.

"Gold's no longer is a union store, and therefore does not deserve the support or patronage of union members of their friends.

"Recently Gold's purchased Barker Bros. and so our request to avoid shopping at Gold's also is extended to Barkers."

Local 770 is engaged in a campaign to advise the public that this once unionized company no longer can be considered a union store.

Negro Voters Can Choose Mayor

When the mayoralty campaign opened we said that the race was between the incumbent, Norris Poulson, and Sam Yorty. Last Tuesday's results vindicated our judgment.

Although Mayor Poulson got a plurality of the votes cast, he fell far short of a majority, which means that most of the people who bothered to vote favor a change in City Hall. The figures show that 272,557 votes were cast **against** the mayor; 179,273 **for** him. He got 39 per cent of the votes cast in the mayor's race; his opponents got 61 per cent.

The mayor's poor showing is emphasized by the fact that he was the **only** incumbent who did not win election in the primary.

Opposition candidates not only had to buck against the fact that the mayor had the advantage of being the incumbent but they had to overcome the united opposition of every one of the city's daily newspapers!

The dailies didn't confine their opposition to their editorial pages. They gave the mayor the advantage of careful selection and placement of stories favorable to him and unfavorable to opposition candidates. They cultivated the impression that Mr. Poulson was a deserving giant being opposed by a group of undeserving pygmies.

Mr. Yorty's election is by no means assured because of the demonstrated opposition of a majority of the voters to Mr. Poulson's candidacy at the primary. After all, he received only about 27 per cent of the votes cast. It is not at all certain that all of those who voted against the mayor will vote for Mr. Yorty in the final. The riddle is how many of them who voted for change will vote to exchange Mr. Poulson for Mr. Yorty.

Primarily, Mr. Yorty has to convince those who want a change that they will get the kind of change they want by voting for him. The mayor is backed by a curious combination consisting of Republican leaders of all shades of opinion, liberal Democratic spokesmen (Including Paul Ziffren, Sen. Richard Richards and Carmen Warschaw), the spokesmen for big business, the daily newspapers, the politicos of organized labor and, of course, office holders who always cotton to those in power.

Mr. Yorty can't crack this top level combination. What he must do to win is to reduce its members to the status of generals without armies by an appeal over their heads to the voters for whom they purport to speak.

The more than 100,000 Negro voters can and will play a decisive role in the final election if they can be persuaded that the man they help elect as mayor has a well thought out and workable plan to elevate them to first class citizenship in municipal affairs. Such a plan at a minimum should include representation in City Council; reform of Civil Service procedures to eliminate discrimination in initial hiring and upgrading; abandonment of the present practice of mere token appointments to city commissions; active recruitment of Negroes for important city employment; protection of residential zoning in areas of Negro occupancy; a citizens' board to hear complaints against police and elimination of the last vestiges of racial discrimination in all city departments.

California Leads in Executions

California led the nation in legalized murder last year. It executed nine of the 57 men put to death in the 50 states in 1960 — just a shade more than 15 per cent.

Our record for this year threatens to match that for 1960 — 27, or about 15 per cent of the 210 men sitting on death rows, were awaiting execution in San Quentin's gas chamber as of January 1, 1961.

Southern states, particularly Georgia and Texas, used to divide honors for executions, but we've outrun them in the lust for blood revenge.

P.S. — The records show that 110 of the 210 men awaiting execution on January 1, 1961, were Negroes.

Housing Bill Under Attack

The need for active support of the Hawkins Fair Housing Bill was emphasized this week when the Los Angeles Times devoted its leading editorial to a blast against the measure.

The Times attack on the Fair Housing Bill was a warmed over version of the editorials it used to write attacking fair employment legislation. It rests on the exploded argument that laws forbidding discrimination subject citizens to the danger of Gestapo-style intervention in their private lives.

The major premise of the argument is that the exercise of racial discrimination is a "right" protected by federal and state constitutions. That nonsensical view has long since been abandoned in favor of the sound doctrine that the state can, and should, intervene to forbid racial discrimination by private persons wherever and whenever its practice works social harm.

The Hawkins bill, like our present fair employment laws, is simply a means of guaranteeing equality of treatment for all citizens.

The Times outburst should alert all of us to the necessity of redoubling support for the Fair Practices Committee and its April 15 to 17 meeting in Sacramento when an all-out effort will be made to insure legislative support for the Hawkins bill.

Los Angeles Lags Behind

Last week Berkeley elected a Negro to its City Council and another to its Board of Education.

The week before that San Francisco's mayor appointed a Negro to that city's Board of Education.

Bakersfield has had a Negro councilman for several years. Riverside chose a Negro to its Board of Education four years ago.

Los Angeles maintains its distinction of no Negroes in City Council and none on the Board of Education. Is everybody else out of step or is Los Angeles winning the prize for being the most backward city in the state?

BATTLEAXE & BREAD

By Lester B. Granger

More than once this column has referred to the impressive variety of letters that come to my desk from individuals disturbed by racial conditions in the United States. By "disturbed," I don't mean simply those who are worried, I include that majority of them who are obviously emotionally or mentally disturbed.

I refer to people who, regardless of the extent of their education, have little or no wisdom on the subject of race. They are folks who sit and brood about some imagined focal point of personal interest until they lose their perspective completely and pop off into the "wild blue yonder" of half-insanity.

Granger

WRITER DISSENTS

There is the letter, for instance, which came to me last December, following the Urban League's citation of President Joe Curran of the National Maritime Union for the pioneering leadership job that he did in opening up the higher wage rewards to Negroes in the shipping industry through abolishing racial segregation in the union and aboard ship.

The writer dissents from the citation:

"As the honorary chairman of the National Maritime Union's honest Rank and File Committee I hate to display the membership's displeasure of your recent commendation to Joseph Curran. The men who made the greatest sacrifice in America were the whites aboard the ships. But while Curran did admit Negroes to our union; in reverse he discriminated against whites joining our union!!! The records will show Negroes are in the majority now."

The poor, poor chap. The poor, disturbed, scared half-crazy chap! Sitting huddled up, far back in a cave of imagined racial superiority, peeping out between his fingers and seeing change take place in what he thought was his private throne room but has now become an open union hiring hall—and feeling sure that the world has already gone to hell in a basket.

NOT HARDLY

What can you do with folks like that, except pity them? For they have already lost their fight, and in trying to escape from the field of battle they have taken refuge in some half-world of their own imagining. God bless you, Brother Curran; and God help you, Brother Honorary Chairman of the honest Rank and File Committee. As T.V.'s George Gobel would put it, "They don't hardly make 'em like that any more."

But an even better illustration is the letter I received from Baltimore nearly five months ago—a letter that I have saved to try again and again to decipher the scrawl that covers the margin of the mimeographed page, but tried without success. I make out just enough of the words to be curious, but not enough to satisfy my curiosity. Still, the mimeographed portion is a gem of its kind.

It's written by a chap who states in the letter heading that he is an attorney-at-law in Baltimore, with offices in St. Paul street. His letter is addressed to "The Citizens of the United States." It deals with "Jefferson, Lincoln and Prof. Nevins on Integration and Effects." It's the most astonishing mishmash of fact and fallacy — of quotation wrenched violently out of context and distorted to serve the writer's purpose—that one can imagine as coming from the pen of a man trained in the law. (Though, of course, I have only the writer's word for the fact that he is, in very deed, an attorney-at-law.)

MANIC SCRAWL

The writer argues that Jefferson held that "these races (white and black), equally free, cannot live under the same government." He informs us that Abraham Lincoln, at the time of his death, was seeking to arrange for enforced transportation of emancipated Negroes to Central or South America. He quotes Columbia University's professor, Allan Nevins, as writing that "in our mighty American river of many nationalities, two currents cannot flow side by side during the centuries without ultimately becoming one."

Here is where the Baltimore brother blew his top, and went off into the manic scrawl that rings the margins of the page. He starts, "Mongrel League, Since you all denounce us and try to force mongrelism upon us, let's see you attack these three, because we are carrying out their program as far as possible . . ." Then, as the writer becomes more and more worked up, his writing becomes more and more illegible, with only a word here and there to be picked out with certainty. I suspect that at that point he went entirely off the beam, having hallucinations of white mongrels with black heads and tails swarming all over his bed and menacing him with dripping fangs.

Lord, but some folks really make you feel sorry for them—deep down sorry, I mean.

Loren Miller Says . . .

(Continued from Page 1)

Any state, or country, where a citizen can get jailed for wanting to read a book needs help and needs it badly.

LO, THE POOR CHIEF

That's where my Peace Corps visit comes in. I understand that Mississippi authorities have what they believe is a sound reason for barring Negroes from public libraries; they labor under the belief that when a Negro reads a book in a library set aside for whites he reads the letters right off the page and the page itself turns black. It has something to do with the theory that one drop of black blood turns everything black. Never mind the details. I just mention it to explain why the chief of police who arrested the students was so horrified. It stands to reason that there's as much sense in maintaining the Sanctity of White Pagehood as the Sanctity of White Womanhood. White is white, any way you look at it.

See where I am now? Our Peace Corpsmen march into the Jackson Public Library and send for the chief. He watches while a white corpsman reads a book. Then a Negro corpsman rushes in from the stacks where he has been hidden and reads the same pages. The thunderstruck chief sees that the pages don't turn black.

SHOCK TREATMENT

The hope is that the corpsman can then read the Declaration of Independence, the Constitution and the Supreme Court decisions giving Negroes the right to use public libraries and that the dazed chief will repent the error of his ways. If he does, our corpsmen can move on to Laos, the Congo, South Africa and Portuguese Angola with the certainty of success.

Of course the whole scheme may fail. But all won't be lost. The corpsmen will have gained valuable experience which will come in mighty handy when they run up against Witch Doctors who are as hell-bent to safeguard their own rackets as white supremacists are to preserve theirs. I can't think of better training for coping with ignorance in any part of the world than a bout with racial prejudice in Mississippi.

NAACP VOTES AID FOR MISSISSIPPI

The NAACP at its Board Meeting Monday night voted to send $500 to aid in the defense of the students who sat-in at the Jackson, Miss., library, and to assist those 100 or so others who were clubbed, bitten by dogs and otherwise assaulted by police when they attended the trial of the students.

county for collection amounting to some $37,000 since Jan. 1. They also claimed that on a previous occasion Gardner had been questioned about padding prescription accounts and after discussions had agreed to reduce the amount due him by $18,000.

Leland Carter, director of the Bureau of Public Assistance, said members of his office discovered the recent frauds when certain pharmacies suddenly increased their bills for charity prescriptions.

Until the present inquiry was begun, the bureau seldom checked with a physician to see if he actually wrote a prescription for which the county had been billed, or with the patient to see if he had gotten the drugs prescribed.

ing no reason for the action.

Next the case was assigned to Judge LeRoy Dawson, but Hawkins objected to being tried before him, as is his legal right—and Hawkins seems to be well aware of his legal rights. It seems that a defendant can exercise a challenge against one judge, but only one.

MORE COMPLICATIONS

Next the case was scheduled to get started in Judge J. Howard Ziemann's court, with Judge Howard McCVlain presiding in Judge Ziemann's place. It had been anticipated that that court would be cleared by mid-afternoon Tuesday, but the jury in the case being tried there was still out, unable to reach a verdict.

So the case was again switched, this time to Judge Mark Brandler's Court, No. 108, but with Judge McClain still scheduled to preside. The start of the case, however, was delayed until Wednesday morning, when a jury would be selected.

Hawkins is being tried along with Mrs. Marion Kritzer who, police say, was his accomplice, and who is jointly charged with him on two counts of robbery and one of conspiracy.

In addition to the attack against Mrs. Eaton, Hawkins is also accused of attacking and robbing another woman, Mrs. Myra Gris.

Also meeting in Sacramento over the weekend is the 2-4 Committee, designed to obtain fair representation in the legislature as a result of the proposed redistribution of distracts, with special references to assuring increased representation for Negro areas.

Members of that group are expected to add their voices to those advocating passage of the Hawkins Housing Bill.

Letters to the Editor

Dear Editor:

It was my occasion to observe in your "Letters to the Editor" column in your last edition, a letter from Mrs. Anna Mabry, relative to a meeting in South Park on March 25th of the Negro members of the Screen Extras Guild, in which letter our name was mentioned. With reference thereto, we would first advise that I would at no time condescend or engage in a public debate either with the author of the letter or anyone else on the issue of segregation.

As a legal counsel for many of the Negro members of the Screen Extras Guild, I was handed a mimeographed letter on Thursday, March 23rd, over the mimeographed signature of what appeared to be Anna Mabry, and, although no letterhead was on the mimeographed letter, the content of said letter was directed to the Negro members of the Screen Extras Guild and invited them to a meeting at the time and place this meeting referred to was held.

Upon inquiry, I was advised that Mrs. Mabry is an elected member of the Board of Directors of the Screen Extras Guild and that the members of the Guild who attended the meeting attended the same in direct response to said letter which they received in the United States mail during the week preceding March 25th. Upon the invitation of Guild members, clients, and being retained as their counsel to challenge the legality of any segregated meeting of the Screen Extras Guild, we attended said meeting and, upon our arrival found two presiding officers, one, Mrs. Anna Mabry and the other Mrs. Chester Thompson, who stated himself to be representing the Corporation of the Negro Motion Picture Players Association, an organization of which I am and have been a member for many years.

We then urged that the meeting be identified as a Guild meeting or a meeting of the Negro Motion Picture Association. For, we insisted that if the meeting purported to be one of the Players Association then it was illegal for the want of either a notice or a call. On the other hand, we insisted, if the meeting purported to be a meeting of the Negro Screen Extras Guild pursuant to the letter bearing the signature of Anna Mabry, it would be illegal as violating Article 7 of the Constitution and Bylaws of the Screen Extras Guild.

After determining from the apparent circumstances that the meeting was illegal under either banner, and noting that the only subject being discussed was the segregation in the casting of Negro Extras in pictures, we called upon all persons present who worked as extras in pictures to make their desires known by their voice vote as to whether they preferred being cast at the Central Casting Office in Hollywood which was maintained and financed by the major studios and the producers for that specific purpose or whether they would prefer a practice of segregation casting from Southeast Los Angeles, which was many miles from the Central Casting Office.

Upon their voice vote, which we insisted be made part of the record of that meeting, the players present voted 16 to 1 in favor of a non-segregated practice of casting from the Central Casting Office in Hollywood.

Pursuant to the voluntary action of those assembled, I have advised by letter both the Central Casting Office and the Screen Extras Guild of their declared preference. As a result of said meeting, I sincerely trust that the problem of segregation in the casting of Negro Extra Players in Motion Pictures at long last shall have found a full and permanent solution.

Very Sincerely Yours,
VINCE MONROE

Mrs. McCleave Buried Here in Quiet Ceremony

Mrs. Florence Cole McCleave of Memphis, Tenn. came home to rest in Evergreen Cemetery following special Christian Science services in the chapel of the Conner-Johnson Mortuary.

Though she was born in Detroit, Mrs. McCleave came to Los Angeles with her parents Thomas and Sadie Cole, while she was in elementary school. At the age of 15 she saw and heard "Aida" and she set her goal to become an opera singer. She was grand opera's first Negro soprano. She won great acclaim in Europe but never made the organized opera in the United States. Mrs. McCleave was one of the first to encourage Marian Anderson to become a singer. She was the wife of Dr. B. F. McCleave, a Memphis physician and dentist, whom she married and helped to raise his children. Two of those children live in Los Angeles; Mrs. Gladys V. Johnson of Compton and Richard McCleave. Another son, Benjamin F. McCleave, Jr., resides in Denver.

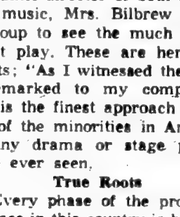
Satire Thrills Choir Director A. C. Bilbrew

"Every minister should take his congregation to see the musical satire, "Fly Blackbirds," now playing at the Metro theater," said Mrs. A. C. Bilbrew, popular choir director and dramatic artist, this week.

With the deep appreciation of an author-director of both drama and music, Mrs. Bilbrew joined a group to see the much talked about play. These are her comments; "As I witnessed the play, I remarked to my companion, this is the finest approach to the life of the minorities in America of any drama or stage play I have ever seen.

True Roots

"Every phase of the problems we face in this country is brought into clear focus. The cast is well chosen. The singing of the soloists and the chorus was superb," Mrs. Bilbrew continued.



"The musical satire, which to me more than any other, reveals the true roots of the problem in America. It should be playing to capacity houses every night." she continued. My hope is that every civic and social club will go as a group to the play. This will encourage the persons responsible for writing and producing the play and show appreciation and give encouragement to the students who comprise the cast.

Symphony Orchestra Thrills

Captured by the dynamic baton of Conductor Joseph A. Valenti and thrilled by the rich qualitative voice of guest soloist Grace De La Cruz, an enthusiastic audience of more than 400 persons greeted the Southeast Symphony Orchestra's 1961 debut last Sunday afternoon, April 9, at Jefferson High School Auditorium.

Composed essentially of students, retired musicians and musical hobbists, the orchestra was inspired to achieve professionally high levels of performance and interpretation. From the delicate and soulful nuances of Puccini's "La Boheme" to the stirringly joyful passages of Rossini's "Simiramedi," the concert was a tribute of success to every individual participating.

Soprano Grace De La Cruz justified UCLA's award to her as "Young Artist of the Year." Her audience met each selection with the responsive warmth generated by her moving dramatic expression.

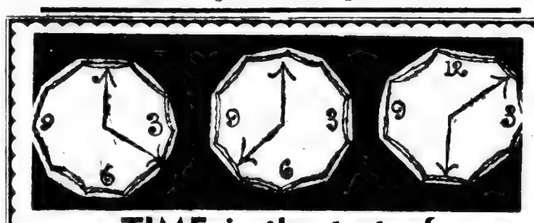
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.



Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Spring Fantasy Tea to Tell Hamilton Birthday

The 59th anniversary of the church will be opened this next Sunday at Hamilton Methodist Church, 6330 S. Figueroa street, with a program from 3-6 p.m. The theme of the anniversary observance will be "All for Christ," and it will continue through April 30. Rev. J. N. Doggett, Jr. is pastor of the church.

The Anniversary Tea on Sunday afternoon will be sponsored by the Ascenders Club of the church. Mrs. Juanita Greebe, president of the group has planned a "Spring Fantasy," fashion revue which will feature models from near and far.

Groups to Sponsor

On Monday, April 17, the Rev. B. Leon Carson, his choir, ushers and members from the First AME Zion church, will be in charge of the anniversary service. Sponsors for the 7:30 p.m. service will be the Volunteers and the Calender Club. Refreshments will be served following the services each evening.

Tuesday evening, Rev. A. A. Peters of Victory Baptist Church will bring his group to Hamilton sponsored by all the ushers. Then on Wednesday Rev. H. H. Brookins, 71st AME Church will be the guest participant, sponsored by the Communion and Membership Committee and the Fisherman's Club.

Rev. Fred E. Stephens and Rev. Maurice A. Dawkins and the Bethel and Independent groups will share the Thursday spotlight. While on Friday the Rev. Stephen Hopkins of True Samaritan Baptist Church and Rev. C. W. Arnold of the 92nd Street Christian Church, will participate. The sponsors for the evening will be the Commission on Finance.

CHRISTIAN SCIENCE

The oneness and supremacy of God will be emphasized at all Christian Science services on Sunday. "He that abideth in the doctrine of Christ, he hath both the Father and the Son." This declaration from John's second epistle (1:9) is the Golden Text of the Lesson-Sermon on "Doctrine of Atonement."

The opening citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states, "Jesus taught but one God, one Spirit, who makes man in the image and likeness of Himself — of Spirit, not of matter." Later she says, "As a divine student he unfolded God to man, illustrating and demonstrating Life and Truth in himself and by his power over the sick and sinning." (pp. 94, 117).

Baseball fans are in for a lot this season with two major league clubs operating here, not to mention the colleges, semi-pros and the high schools. When Emmett Ashford only Negro umpire in organized baseball who is assigned to the Pacific Coast League bellows "Play Ball", the fans will be there watching.

(If the L.A. Angels big brass were smart they would have him shouting it in Wrigley Field on April 17. Thus he would become the first, and the American League would get a big jump on the Nationals because fans enjoy watching Ashford as much as they do Willie Mays or Hank Aaron.)

However, attempting to open the eyes of the L.A. Angels' front office staff to Ashford wasn't the theme we had in mind for this week's narrative. But since they do have a few days before the season opens we thought we would pass this little tip on because if plans go according to schedule, the big boss will get a telegram containing some 1000 signatures of baseball fans in the Wrigley Field area telling them what a great organization they would become if they make such a move.

Like I said this week's discourse we had in mind is how the expert pollsters have already figured out the 1961 World Series and not a single league game has been played as yet.

This year's prognosticators are all baseball players, according to an exclusive article in this month's Sport Magazine. The players say, it will be the Yankees against the Milwaukee Braves and they heaped a lot of praise on the Pittsburgh Pirates and the Baltimore Orioles.

As a rule athletes are usually the world's worst in guessing the outcome of contests. In fact most baseball players can't explain their way out of a slump and many other things in the games in which they play.

What drew interest was the fact that in the American loop they pegged our new tenant, the Angels, for the eighth spot at the end of the race, with the Phillies in the same position. They say the Giants and Dodgers will kill each other and end up in the third spot.

Now just suppose in the American loop the Orioles, Cleveland, Yankees and White Sox beat each others brains out and the Braves, Pirates and Giants fail to make it hot for the Dodgers.

It seems to me this could give the Angels and the Dodgers a big advantage and the Angels could go on and set an unprecedented record in baseball by winning and should the Dodgers stagger in we would have our first cross-town World Series and Los Angeles will become known as Hollywood, the land of make believe.

J. C. Gipson Returns Home With Harlem Globetrotters

A former Jefferson High prep basketball star of a decade ago returns in triumph Saturday night as one of the key members of the famed Harlem Globetrotters who face the College All-Americans in the World Series of Basketball at the Sports Arena. Game time is 7:30 p.m.

He's J. C. Gipson, a 6ft. 3in., 210-pound center who vaulted from Jefferson High to stardom with the Globetrotters.

Gipson currently is in his ninth season with the Harlem quintet and, according to owner-coach Abe Saperstein, is well on his way to achieving all-time, all-star rank on the celebrated team of world travelers.

The 28 year old Angeleno has a truly remarkable basketball background. He played only one season at Jefferson and was named "Prep Player of the Year." His next stop was the Globetrotters and a ticket to "see the world."

J. C. never got to college but nevertheless is confident he can show the collegians a few tricks about the game Saturday night at the Sports Arena.

Game director Glenn Davis reports that reserved seat tickets are still available at the Southern California Music Co., 737 S. Hill st., the Sports Arena box office and all Mutual ticket agencies.

Dee Andrews Scores Triple In Loop Meet

Fleet footed Dee Andrews of Long Beach Junior College, one of California's most sought after track aces, scored a triple in last Friday's junior college track competition. Andrews sizzled over the high hurdles in 14.4, skipped the 220 lows in 22.9 and completed the triple with a leap of 21 ft. 9½ in. in the broad jump.

Another highlight in the junior meets was Edgar Clark of Fullerton who churned a 9.6 century and 21 flat 220, equaling school records in both events.

Mickey Comers, of Pierce, turned in his best for the 440 with a sparkling 47.1 race.

LACC defeated Compton and Phoenix by scores of 89 to 33 and 83 to 39; Long Beach nodded East L.A. College, 77½ to 44½, and Bakersfield tripped Santa Monica 81 to 41.

AAU Weight Meet Set for Bay City

The 1961 National AAU weight lifting championships and Mr. America contest will be held at the Santa Monica Civic Auditorium June 23-24, meet Chairman David A. Matlin announced this week.

Expected to be among the entrants are such stars as Tommy Kono, Isaac Berger and Jim Bradford, all winners in the World Invitational meet in Russia recently.

Double Boxing Card at Olympic

The Olympic Auditorium returns to its double main event boxing card tonight, Thursday, April 13.

L. C. Morgan, one of the nation's top lightweights, meets Ray Greco in a welterweight 10-rounder. This bout will not be televised.

Lightweights Gabriel Hernandez and Johnny Shaw clash in the KTLA-TV main event.

A&T College Aggies Nine Win Two Games

GREENSBORO, N.C. — The A&T College Aggies, defending CIAA baseball champions, took up where they left off last year with opening wins over Delaware State College and Allen University. Both contests were played in Greensboro.

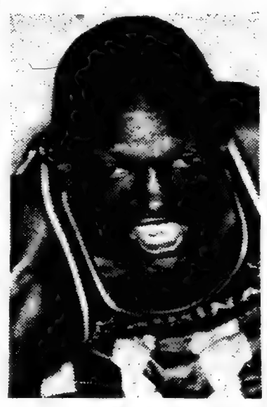
The Aggies last Saturday afternoon edged Delaware 6-5 on a 10th inning smash by Lawrence Olds, outfielder. Robert Faulkner, first sacker, raced home from third to break up the duel.

Jones in Ram Fold

David Jones of South Carolina State College signed a contract to play with the Rams in the 1961 season.

Jones, 22, who is 6-5 and weighs 240, was the Rams' No. 14 draft pick. He boasts great speed for a big man having been clocked at 10 flat for the 100.

Wave Track Star Eyes Big Event



Pepperdine College just might have the answer to UCLA's great Rafer Johnson in the decathlon in Gen Wilson, top junior college broad jumper last year. Enrolled at Pepperdine and starred on the Wave football team this past fall, he has decided to concentrate on 10 different track and field events in preparation for decathlon activities in the big invitational and AAU meets.

Recognized as one of the West's top broad jumpers last year after his 25½ for College of Sequoias, and a consistent winner in both the high and low hurdles this year, the popular junior may be able to give some of the "name" men in the gruelling event a good run for their money.

Wilson and his coaches, Pence Dacus and Bert Brewer, feel that the boy needs hard work in the pole vault and 1500 meters, along with steady improvement in the other events, to become a threat for national honors in the 10-test competition.

A check-list of the 10 events shows that Gene has previously competed in nine of them, with excellent marks in several. He is yet to try a distance race, but feels that he can work himself into shape for the 1500 meters.

Wilson has a best of 10-flat in the 100, 14.8 in the high hurdles, 50.9 in the quarter mile, 5-10 in the high jump, 25½ in the broad jump, 11-6 in the pole vault, 42-0 in the shot put, 186-0 in the javelin and 139-7 in the discus.

J. T. GIPSON comes to town with the Harlem Globetrotters to play in the World Series of Basketball at the Sports Arena.

Davey Moore Cools Valdez In 2m. 48s.

Davey Moore, the rifleman defending his world featherweight title, did it in a hurry last Saturday night at the Olympic before 7,000 fans. To be exact it took the crafty and ringwise Moore

DAVEY MOORE

just 2m. and 48s. of the first round to deck young Danny Valdez for keeps.

Valdez' first mistake came early in the round when he stung the champ with a sharp right. Moore lashed back with a one-two combination and Valdez took them in stride. Moore, sensing that he might be in for a rough evening, lashed out with a left hook. It only traveled a short distance but it found its mark and Valdez crumbled to the floor in a dazed condition. He took the count of six but could have taken the count of ten easily at this point. He got to his feet referee George Latka wiped his gloves. No sooner was he up than Moore stepped across the ring and planted a solid right. Valdez was already on wobbly pins and had no other place to go but down and he did, for keeps.

Dorsey High New Track Power House

Los Angeles City High Schools' track and field teams resumed action after a two weeks' lay off due to the Easter vacation. Apparently the lay-off hurt Jefferson and helped Dorsey because the latter scored an easy victory in the feature dual meet of the Southern League last Friday by the score of 63-41.

Dorsey thus stamped itself as one of the track powerhouses in the Southern loop. So far Dorsey has annihilated two big foes, having dumped Fremont 58-46 in a previous meet, and now faces Manual Arts in the final week of the season for its only remaining test. Incidentally, Dorsey has never beaten a Manual Arts track team.

The heralded duel between Don's Charles Baker and Jeff's Oscar Forney failed to produce any excitement because Forney suddenly dropped out at the 66 mark with a leg injury and Baker went on to win in 1:59 flat. Art Brownlee of Jefferson came off the injury list to win the 100 in 9.7 aided with the breeze, but all in all, it was Dorsey's most impressive win to date.

Other results: Roosevelt, 73½; Huntington Park, 30½; Jordan, 57 2/5; Banning, 45 3/5. Manual Arts, 62; Washington, 42, and in the non-league tilt, L.A. 63; San Pedro, 61.

Angels Announce New Ticket Plans

The package for daytime is called Daylight 21, which has 18 playing dates including three doubleheaders for a total of 21 games.

The Week-Ender package has 43 games, spaced over 14 Friday night dates including a twi-night doubleheader, 13 Saturday dates, 11 of them at night, and 13 Sunday afternoon dates, including two doubleheaders, 43 games in 40 dates.

Hank Thompson Faces Jail Term

Maximum penalties on all charges total 59 years in jail. Thompson entered a plea of innocent.

Kappas Lose Red Hat Thriller to Alphas 106-103; Omega Wins

BY EDW. ABIE ROBINSON

Two redhot basketball games highlighted the Interfrat basketball series last Saturday night at the Jefferson High gym before one of the largest crowds of the season.

Wins were registered by the Omegas, winless in two previous outings and the Alphas, unbeaten in two games.

For thrills the Omega, Sigma and the Alpha, Kappa games were a toss-up. In the Sigma, Omega tussle the Q's narrowly edged the Sigs 92 to 91 and the two teams battled each other to a standstill from the opening whistle until the final gun.

Coach Jim Powell said after the contest it was a team victory and we will leave it at that. Coach Doug Shaw said his squad played their hearts out and "it was really a tough one to lose since we haven't won a single game. We have only come close."

Coach Jack White pulled every trick in the bag to win for the Kappas, but the Alphas outfoxed the fox and posted their third straight win with a sparkling 106 to 103 overtime victory. Both teams were so evenly matched that the halftime score read "Apes" 45 and K's 45 and at the end of regulation game it read "K's 94 and "Apes" 94, which sent the game into a five minute overtime. The Alphas promptly jumped into the lead in the overtime and powered their way to a 3-point victory.

Edgar Clark drilled in 34 points to lead the Alphas to victory and the peerless performer from Fullerton was the game's standout star, along with teammates Anthony Burr and Dick Banton. For the Kappas it was Art Williams, Walter Hazzard, Bill Ellis and Bobby Blue.

"THE TEE" with MAGGIE HATHAWAY

While you were watching the Masters Tournament last Sunday did it occur to you that you would like to see a "dark face" playing in this top affair? Quite naturally you would, but you don't just wish, or dream, you do something about it.

What do you do? You send telegrams, letters or messages by carrier pigeons to Augusta, Ga. letting your views be known.

Did you know that 97 of America's top golfers were invited to compete in the 25th edition of the National Golf Club Masters April 6-9?

The USA list included only one new name on the permanent invitee list and that name was not Charles Sifford but Jay Hebert, the 1960 PGA champion.

In fact, it will be a long time before a Negro will even qualify to be elegible to play in the Masters because this tournament is restricted to:

Masters Tournament champions, US Open champions, US Amateur champions, British Open champions, British Amateur champions, PGA champions, the 1959 Ryder Cup and Walker Cup teams; first 24 players in the 1960 Masters, first 16 players in the 1960 U.S. Open, quarter-finalists in the 1960 U.S. Amateur, first 8 players in the 1960 PGA (how will we ever get a Negro in if PGA continues to discriminate?) and one player selected by ballot by the Masters Tournament champions (maybe we could get on our knees and ask the Masters to vote for a "dark American."

Others who will get invitations are one amateur selected by U.S. Amateur champions, one professional selected by U.S. Open champions and 2 professionals who establish the best showing during the current winter circuit.

This year's list included 16 Masters' champions, 24 Open champions, 13 Amateur champions and 14 PGA champions.

The committee even had the nerve to invite 31 USA amateurs. Tommy Aaron, who would have qualified as a member of the Walker Cup team has turned professional and may no longer be extended an invitation on that basis.

We are aware that Gary Player, a white African from Johannesburg, So. Africa, won the Masters tournament by 1 stroke from Arnold Palmer, who came in second. Player's father is a So. African professional and his wife is such a terrific player that she has to shoot to a 2 handicap.

If Sifford or some Negro professional is not given a bonafide membership in PGA (instead of a player's card which only entitles him to go as far as Arizona) we will never see a Negro playing as a "Master."

Sifford did console himself by accepting an invitation from the South Corolina president of the Junior Chamber of Commerce, to play in the Greensboro Open April 13-16.

This made him the first Negro to play in the South (even though it is his home town). What do you think we would have to do to get the Augusta, Ga. executives to allow a "dark American" to play in the Masters? Our new President JFK said just call on him for any important business that should be attended to. If he is not in a position to know, should we try "buzzing" him about the Masters? JFK is a pretty good golfer though he is not a "Master."

RECEIVING LINE — The bridal party is shown greeting scores of friends who attended the Easter Sunday reception honoring Mr. and Mrs. Roy Smith. From left: Zella Taylor, Roy and Mrs. Smith, Florence Clipper and Wilbur Smith. (Adams)

Pink satin, tulle, candle-light and Spring flowers formed the elaborate background for the Wilkins-Smith wedding reception which was held at the Wilfandel Club on Easter Sunday.

The beautifully decorated table cover was made of pink satin and tulle ruffles. In the shirred bouffant tulle drape around the table edge, nestled clusters of lily of the valley. The four-tiered cake was heightened with white swans which held the top tier supporting white bells centered with pink flowered dongs.

The lovely hostesses held sway over the silver punch bowls at each end of the table, while silver candelabra with tall tapering candles cast a soft glow against the breath of Spring. Sweet and melodious strains of Clare de Lune could be heard coming from the living room where the receiving line stood before banks of pink and white flowers and candelabras, adorned with pink satin ribbons.

The bride's gown, an original creation by Rudolph, was made of lace tulle over chiffon in coffee beige. The laces roses were outlined in iridescent metallic threads. The high front neckline dropped to a deep V in the back from which hung a very full train touching the hemline of the dress. The gown was an afternoon length with shallow fitted sleeves. Matching satin gloves, bag and slippers together with a lavender orchid corsage and iridescent earrings completed the ensemble.

Mrs. Zella Taylor, a close friend of the bride, was exquisite in beige slipper satin and lace. Her corsage of tiny yellow orchids with brown centers accented her dress with matching accessories.

Mrs. Florence Clipper was lovely in a flowered silk organza with matching accessories.

The beautifully attired ladies who assisted as hostesses were: Mmes. Lucille Floyd, Faye DePrad, Mary Louise Morgan,

New York Scene

This has been a rough week for me; what with making that full time schedule in the liquor store, trying to take care of all the last-minute tax clients and rehearsing the play a couple of hours each night, I have finally succumbed to a nasty cold and a sore throat. However, I shall not be defeated, so I am still on my feet and about to start driving to Springfield, Mass. to pick up my aunt.

Holiday Happenings

On Easter Sunday I had to miss a fine cocktail sip at the home of KAY WILLIAMS because I was emceeing the RINKYDINKS TABLOID Dance at Riviera Terrace Ballroom. The dance was very nice as always, and the girls came up with some clever gimmicks to spice the show. They had a large bowl full of black-eyed peas, and everyone had a chance to guess the number of peas in the bowl. The winner with the closest correct guess will win an actual money tree made up of twigs of real money.

Rinkydinks In Chips

The winner will be announced at their next affair, the first Sunday in May. There was also a drawing from which the winners were permitted to keep all the money they could hold in one hand, reaching into a bowl full of change, and a ham actress was selected from the audience, and interviewed by me, and she (Ida Tillman volunteered) received a lovely Easter egg basket. TO THE AMERICAN PEOPLE

MEN MUST CHOOSE

"I KNOW NOT WHAT COURSE others may take; but as for me, give me liberty or give me death." Patrick Henry said that. As men of courage chose to stand, a free nation was born.

Today the life of nations is breaking down. Riot and rebellion, hell and holocaust are in our midst. An ideology born in frustration and hatred challenges the world. A period of danger unparalleled in human history confronts us. America must stand and give the answer.

There is an answer. It lies in Americans accepting the challenge to live by absolute moral standards and the guidance of God. An extreme of evil can only be met by an extreme of good. A fanatical following of evil by a passionate pursuit of good.

William Penn put it straight: "Men must choose to be governed by God or they condemn themselves to be ruled by tyrants."

We cannot live crooked and think straight. We cannot keep our mistresses, our dishonest deals, our comforts — and still keep our liberty. Our immorality is Communism's greatest asset. Chou En-lai of Red China says: "We can slip our Communist ideology in through the weak spots in men's characters."

Lip service to the faith of our fathers cannot counter an all-out devotion to an evil ideology. Human brilliance that does not obey the guidance of God cannot answer human brilliance dedicated to destroy God.

Abraham Lincoln knew the secret of God-control. He wrote, "If it were not for my firm belief in an over-ruling Providence, it would be difficult for me in the midst of such complications of affairs to keep my reason in its seat. I am satisfied that when the Almighty wants me to do or not to do any particular thing, He finds a way of letting me know it."

This is the missing factor in the planning and the statesmanship of the world today — a God-centered ideology for democracy.

Moral Re-Armament offers America and the whole world the superior armament of an ideology without which armies are out-fought and statesmen out-thought. America's great, immediate, positive task is to live and give Moral Re-Armament to the world. Then empty hands will be filled with work, empty stomachs with food, and empty hearts with an idea that really satisfies.

Robert Schuman, as Foreign Minister of France, in his foreword to the collected speeches of Dr. Frank Buchman, *Remaking the World*, wrote: "Moral Re-Armament brings us a philosophy of life applied in action. It is the beginning of a vast transformation of human society which has already begun. It is not a question of a change of policy; it is a question of changing men. Democracy and her freedoms can be saved only by the quality of the men who speak in her name."

"A vast transformation of human society." That is Moral Re-Armament. Millions are turning to it, leaders and led in Africa, Asia, Europe and the Americas. Across the free world an army of men and women is growing, united in their commitment to live under God's direction. They present an impregnable barrier to evil men and evil ideas and give a sure hope to despairing millions on both sides of the Iron Curtain.

As men choose and change, they turn the course of history.

A STEELWORKERS' LEADER

"The roughest, toughest man in the Steelworkers — he could lick any six men," was a colleague's description of John Riffe, who rose to be the last Executive Vice-President of the CIO.

Born in the Kentucky mountains in 1906 the son of a poor farmer, Riffe became a coal miner at 14. Years of poverty and persecution convinced him that the employer was the mortal enemy of the workers. Beaten up and left for dead by goons in South Carolina, he recovered to become "one of the five giants of American labor."

But his biggest fight was the battle for the thinking of America. The Communists offered class war. They were out to foment division in industry. Riffe gave the workers a much greater challenge: "Labor led by God can lead the world."

He was a friend of Philip Murray, God-fearing President of the Steelworkers, who recognized in Moral Re-Armament "a call to action against the divisive materialism which is our unseen enemy." Philip Murray once said to Riffe, "John, we will never have a sound union in the mills unless we have union in the homes."

When John Riffe met Frank Buchman he found an answer for his own life and home, for labor and for America. He saw that hate-filled men cannot build a hate-free society, nor selfish men an unselfish society. He saw changed men change other men and bring inspired answers to unemployment, deadlock and selfish interest. John chose this ideology. He changed, and set a pattern for the age.

Of course he met opposition. They tried to smear him. But he stood firm. Speaking to the Executive of the CIO in 1953, he said, "You men know me. You have seen me sitting around all night in poker games, and then turning up next morning bleary-eyed when I should have been backing up Phil Murray. MRA has made a union man like me quit whiskey and poker and a lot of other things I shouldn't have been doing. It's made me honest and decent and given me a happy home. It's made me do my job with greater responsibility."

After this statement John Riffe was elected by acclamation to the post of Executive Vice-President which he held till the AFL-CIO merger in 1955.

"MRA is answering Communism by changing Communists," said Riffe. He was speaking from experience.

One day the leader of an anti-Communist union asked him for a talk. He found he could trust John. He got honest about drinking and trouble in the home. Then he told John, "I am publicized as an anti-Communist, but I am still secretly in the Party. What should I do?"

Riffe told him about his own change and how in quiet thought God can show a man what to do. The local leader decided to get honest with his wife, quit the drinking and tell his colleagues about his Communist affiliation.

Today this man, no longer Communist, says, "Moral Re-Armament is the way up and the way out for humanity."

Riffe knew that the revolution which had happened in his own life could take place equally in men of management. "It can begin at the bottom and go up, or it can begin at the top and go down," he said. "The important thing is that it begins."

Years later, from his deathbed John Riffe told a United States Senator, "You must tell America that when Frank Buchman changed John Riffe he saved the country 500 million dollars."

When he died the leaders of six million Japanese workers said of him, "In John Riffe we have seen the new America."

AMERICAN SURGEON IN THE CONGO

A group of Africans were talking animatedly in a train near Johannesburg. They were speaking about an American surgeon who had stayed on in the Congo with a Moral Re-Armament force after the outbreak of the crisis and won the trust of the Congolese and their leaders.

The American is Dr. William T. Close of Greenwich, Connecticut, formerly the chief resident surgeon at Roosevelt Hospital, New York. Prime Minister Ileo said to him and the force of Moral Re-Armament: "My wish is that you stay long enough in this country. If not, Communism will come in when you go out."

The MRA force has been in the Congo since May 1960 at the invitation of the Congolese, hungry for an answer to civil war and Communist takeover.

Dr. Close has no economic aid or military assistance to offer but he has a militant commitment to an ideology so powerful that he wins and changes Communist and non-Communist alike. When the trouble broke out and the Europeans fled, Dr. Close offered his services without pay in the 1800-bed East Leopoldville Hospital.

The hospital was threatened by a strike. One morning Close was operating on a Congolese soldier. His Congolese medical assistant was a ringleader of the strike, a bitter man. The atmosphere was tense. Close paused for a moment, turned to the technician and said, "I was thinking of you early this morning." The technician was on his guard. The doctor continued, "It is the arrogance and superiority in white men like me that have created the bitterness in men like you. I am really sorry." There was a long silence. "I have never heard a white man admit he was wrong," said the Congolese. Close won the technician and brought a new spirit to the hospital.

Dr. Close works 14 to 18 hours a day. He fights for the Congolese leaders to deal as drastically with the evils in their nation as a doctor does with his patients; he shows the MRA ideological films to the UN and Congolese troops or speaks over the national radio on the MRA program, "The Answer to Crisis," which is broadcast twice daily.

One day a Congolese leader was secretly offered a high position in a new government. It was a clever trick to divide the democratic forces. At dinner that night Dr. Close told this man how he had changed and put things right with his wife and his boss at the New York hospital. The Congolese leader, moved by Close's honesty, admitted his ambition was being used to split the government. He decided to refuse the offer and exposed the whole plot to the acting Prime Minister.

Dr. Close writes from the Congo, "The Congo does not want Communism. America must not choose to compromise with the Communists. She must be blind to her own danger if she follows a line that will force Communism on to another country. In the words of an African leader, 'Moral Re-Armament is doing for Africa what Abraham Lincoln did for America. It is binding up the nation's wounds and setting the people free.' Either we Americans accept to fight the moral battle in our own country and give a moral ideology to other nations, or we condemn Africa and the world to a bloody holocaust."

FRENCH RESISTANCE FIGHTER

"We forgive! We forgive!"

The wounded Congolese soldiers shouted from their beds to the woman who had just spoken to them in the Leopoldville hospital ward. She was a grey-haired French woman who had taken on her heart to apologize to these Africans for all that Europeans had done to their country and continent. She asked their forgiveness and this was the reply.

During the war Irene Laure was a leading figure of the French Resistance. She hid fugitives. She diverted trains.

When the occupying forces cut down the food in Marseilles so that children went hungry, she mobilized 4,000 women and marched them in silence like avenging angels through the streets until the rations were restored.

Her son was tortured to force her to disclose secrets of the Resistance. She refused. But her heart broke and hate took its place. "I had only one wish — to destroy all Germans," she said.

After the war the people of Marseilles elected her overwhelmingly to the National Assembly. She became Secretary-General of the three and a half million Socialist women of France.

She came to the Moral Re-Armament World Assembly at Caux, Switzerland. The first people she heard speak from the platform there were Germans. She wanted to leave but in spite of herself, she listened.

These were Germans with an ideology. They honestly faced the mistakes of the past. Humbly they declared their own nation's need for change. For days she wrestled with it in her spirit. Then she made her choice. She mounted the platform and in brief sentences she, who had been so wronged, asked forgiveness of the Germans for her hatred.

Barriers of years melted. Irene's husband Victor—47 years a Marxist, trained by Marcel Cachin, dean of French Communists — returned to the Catholic Church of his fathers, which for nearly half a century he had attacked.

Together the Laures, grandparents now, were married in church which at the time of their civil marriage they had refused to do.

They decided to go to Germany and begin to cure the division between the two countries. They spoke to ten out of the eleven West German parliaments.

Over the radio and in hundreds of meetings and interviews they healed the hatred which they had once shared.

Chancellor Adenauer of Germany has said of Madame Laure that she has done more than any other living individual to bring reconciliation between France and Germany. "Unless the work of Moral Re-Armament is carried forward," he says, "peace in the world cannot be maintained."

JAPANESE STUDENT RIOTERS

"An audience of 3,000 rose in a sustained standing ovation last night to the challenge of a force of Japanese students in Carnegie Hall," wrote the *New York Journal-American* on February 21.

The students had taken part in the Tokyo riots last June which prevented President Eisenhower's visit to Japan. They had just given the premiere performance of their play *The Tiger*, a drama of the Tokyo riots.

The New York Times, February 24, reported what happened after the performance of *The Tiger* at White Plains, New York:

"Four Japanese students apologized to James C. Hagerty tonight for the Tokyo riots against him last June. Mr. Hagerty was President Eisenhower's press secretary. He replied to the apologies, delivered on stage, that the drama and its message was 'all the apology I or the people of the United States could want.'"

It was a moment of history, uniting Japan and America. "This is democracy in action, demonstrated by Moral Re-Armament," said Edwin Michaelian, Chief Executive of Westchester County.

The dramatic change in these students took place at the Moral Re-Armament World Assembly at Caux, Switzerland, last summer. There they found an idea more satisfying and challenging than riots and rebellion.

They had given their passion to destroy the alliance between Japan and America. Now they decided to live to save a crumbling civilization.

Shoei Omote, former President of the students of Meiji University, says, "I fought as a leader of the riots because I felt that Communism alone could answer the corruption of Japan. But the harder we fought, the more bitterness there was in the country. Through another student leader I heard about MRA. I saw that as I am so is my nation. I put right what was wrong in my life and family and got completely honest. The choice is Moral Re-Armament or Communism."

Chancellor Adenauer invited *The Tiger* to Germany and officially sponsored the showings.

French leaders including former Prime Minister Robert Schuman, Gaston Monnerville, President of the French Senate, and Gabriel Marcel, the well-known Catholic philosopher, invited them to Paris.

Now they will take their play across America.

Through the press, radio and television these students have reached millions. Their fight is answering the Communist strategy of mobilizing for rebellion the youth of all nations.

Former Prime Minister Kishi of Japan refers to men like these when he says, "But for Moral Re-Armament, Japan would be under Communist control today."

AFRICAN REVOLUTIONARY

The Communist aim in South Africa is to produce a bloodbath by inflaming the hate between black and white. But a mighty answer is at work.

P. Q. Vundla is a great African revolutionary. He led the biggest strike of the African gold mineworkers. The police called him the most dangerous man in South Africa. He could set 12,000 men marching in less than two hours.

Vundla changed. The man who helped him change was Nico Ferreira, an Afrikaner who had led the white nationalist Youth League at Pretoria University. Ferreira accepted the challenge of Moral Re-Armament. He went to Vundla and said, "I am sorry for the pride and domination in people like me and for the pain and suffering we have caused." He told Vundla of his decision to lay down his life to bring South Africa under God's control.

In men like Ferreira, Vundla saw a revolution far more dynamic than his own struggle. Here was an ideology that changed men of all races.

When Vundla committed his life to fight for this uniting answer he drew the enmity of some of his own people who were determined not to give up the race war. He was stabbed and left for dead. When he came out of the hospital he called a mass meeting of his people, told them of his decision to be a selfless, incorruptible man, and to fight without hatred, and won them. Today he has his people's support more than ever before.

They have just elected him to represent 600,000 Africans in Johannesburg for talks with the Minister of Native Affairs.

Men like Vundla and Ferreira, black and white, are building the new South Africa — hate-free, fear-free, greed-free. They have already held 27 assemblies where all races have met to plan an answer for the country. Because of their commitment unprecedented events are now taking place.

By unanimous decision the South African Film Censor Board passed the film *The Crowning Experience*, which stars the distinguished Negro artist Muriel Smith, for release to all races. When the film had its Cape Town premiere this month the run had to be extended because of exceptional crowds.

The South African Broadcasting Corporation in a historic step has requested Vundla to speak on the national commercial radio.

"Nothing less than an ideology with a world-remaking strategy could have united men like Ferreira and myself," says Vundla. "It is our only hope. My one job is to change men."

Dr. Buchman sent a message to a friend telling him of Vundla. He said, "This is a man in possession of fundamental truth. 'This one thing I do, forgetting those things which are behind I press toward the mark for the prize of the high calling that is in Christ Jesus.' Make this reality in the life of a man and he will carry it to the nation. Make it a reality in the life of America, and Russia and China will respond and the course of history will be changed."

THE DECISION LIES IN YOUR HANDS

Riffe, Close, Vundla, Irene Laure, the men of *The Tiger* — these are in the vanguard of the fight to save a crumbling civilization. Anyone who reads this page can immediately take his or her place in the same front line.

Frank Buchman puts it this way:

"Now make no mistake. I do not say that this message will be wholly popular. It stirs the conscience. That is uncomfortable. It will always be open to misinterpretation by those who wish to escape it. But it comes as illumination to those who are ready.

"Let me tell how it came to me. Just forty years ago I was divided. Just as nations today are divided. Materialism was winning its battle in my heart. I went to Europe to try to escape. But my battle came with me.

"One day, in England, God showed me the cost of my pride and my materialism. I admitted it. That is the first step. Get honest.

"I said, 'Sorry' — first to God, then to those I had wronged. That is the second step.

"I learned to listen to God. I accepted His commission to bring an answer to men and nations. That is the third step.

"God is calling men everywhere to be the instruments of union. It comes not by conferences, not by laws, not by resolutions and pious hopes, but by change.

"Change is the heart of the superior ideology.

"As individuals change, a new climate comes to the nation's life. As leaders change, policies become inspired and the nation's life-blood flows again. As statesmen change, the fear of war and chaos will lift. The most difficult will respond to the firm, united but humble voice of reborn democracy.

"Why should there be catastrophe again when, with God, renaissance is inevitable?

"This is the new pattern of freedom for all nations. Shall it be a new Dark Age for the world? Or shall it be world-wide Renaissance of the moral and spiritual forces everywhere, bursting into life and bringing at the last moment a miracle to mankind?

"Which shall it be? The decision lies in your hands."

On January 15 a call to the American people, "The Hour is Late", appeared in 130 metropolitan daily newspapers across America. There has been a great national response. Thousands wrote letters from every corner of the country. They responded wholeheartedly to the straight challenge of the page and made financial contributions to further the advance. The same page was published in hundreds of papers in Europe, Asia, South America and Canada. These pages, like all the action of Moral Re-Armament, are financed by the sacrificial gifts of men and women from all walks of life, determined to bring this answer to America and the world. Contributions, which are tax deductible, and requests for information, may be sent to Moral Re-Armament, 640 Fifth Ave., New York 19; 833 So. JIMMIE JONES and the orchestra provided the dance and show music, and singing stars FRANKIE LYMON and ERNESTINE ANDERSON performed to the complete pleasure of all. Among the celebrities present was SARAH VAUGHAN and hubby C. B. ATKINS, MACEO BIRCH (recently returned from L.A.), actress HILDA HAYNES, actor MANTAN MORELAND, entertainer VICKIE HENDERSON from Europe, drummer JIMMIE CRAWFORD, bandleader HAL MOONEY and EARL BOSTIC. Cops Guilty Of Framing Dr. Garland

The two police oficers who tried to frame Dr. J. O. Garland, prominent Long Beach doctor and swindle him of $400 a month were found guilty Friday of five counts of soliciting bribes and one of conspiracy.

The jury returned the verdict against Harry P. Finch, 48, and James A. Thiele, 42, after deliberating over the testimony for an entire week.

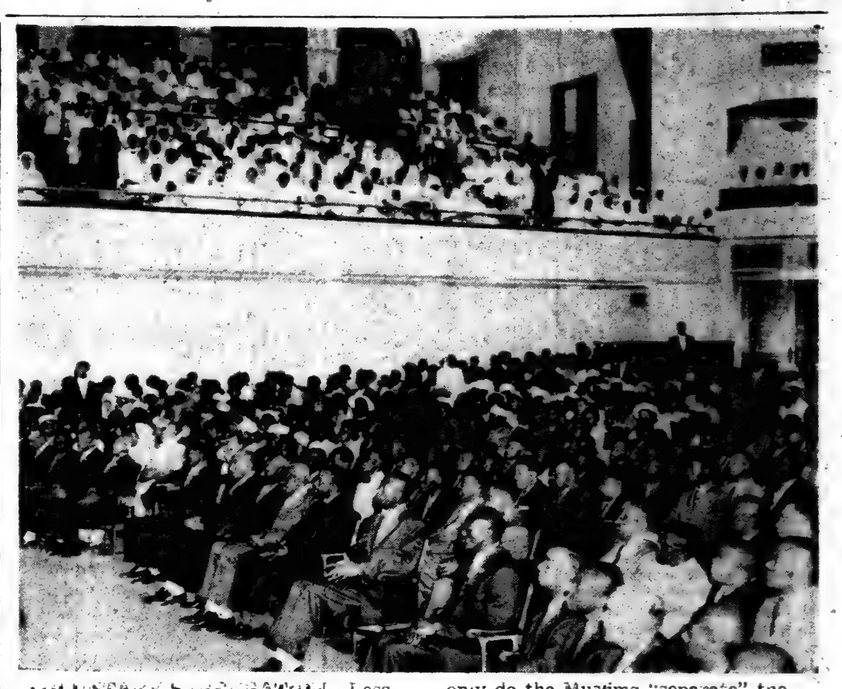
Ask New Trial

The lengthy case, which opened Feb. 1 after numerous delays, finally was submitted to the jury April 7.

The veteran Long Beach police inspectors immediately entered a motion for a new trial. Each is free on $20,000 bond.

Superior Court Judge Howard McClain set May 28 for ruling on the motion. If denied, Judge McClain will announce sentence on that day.

The two officers, both of whom had been on the force more than 18 years, were accused of threatening Dr. Garland with arrest on abortion charges unless he agreed to pay $400 a month "hush money."



This was early in 1960.

Went to Chief

Dr. Garland, although denying that he was guilty of any wrongdoing, nevertheless agreed to make the payments. At the same time, however, he went to Police Chief Bill Mooney and explained the situation.

After an investigation, Mooney was convinced that Dr. Garland was innocent and that the officers were trying to work a racket. He

VOLUNTARY SEGREGATION—Less ambitious than a year ago, Muslims Sunday hired the Embassy rather than the Olympic to hear their leader, Elijah Muhammad, who didn't show. Not only do the Muslims "separate" themselves from whites, they also segregate the sexes. Note men downstairs in best seats, women, in enveloping robes, relegated to balcony. (Adams)

TO FACE EASTLAND — Cecil Poole, appointed U. S. attorney for the Northern California district, must get okeh of Sen. Eastland's Senate Judiciary Committee.

Kennedy Picks Cecil Poole for U.S. Attorney

WASHINGTON, — Cecil F. Poole, clemency and extradition secretary to Gov. Brown since January, 1959, was appointed U.S. attorney for the northern district of California by Pres. Kennedy Saturday.

Poole, 46, prominent San Francisco attorney, will become the first Negro to serve as a U.S. attorney in continental United States if his appointment is confirmed by the Senate.

HARVARD GRADUATE

One of his first hurdles will be his appearance before the Senate Judiciary Committee, which is headed by Sen. James O. Eastland of Mississippi, which has to pass on the appointment before it is submitted to the Upper House.

Poole hails from Pittsburgh where he attended elementary and high schools. He then proceeded to Ann Arbor where he graduated with honors from the University of Michigan to obtain his B.A. degree and his law degree. He later graduated from the Harvard Law School (1939) with an LL.M. degree.

After serving in the Air Force during World War II, Poole settled in San Francisco where he was admitted to the California Bar and was associated with the West Coast office of the OPA (Office of Price Administration) as chief of its appeals unit.

DEPUTY D.A.

Earlier he had acted as an attorney for the National Labor Relations Board in Washington.

In 1949 he was appointed assistant district attorney in San Francisco, which position he held until 1958.

In addition to the various posts he has held and his private law practice, Poole has been an instructor on the rules of evidence.

Poole's wife Charlotte is a former newspaper woman. They have two children, Gayle, 13, and Patty, 8.

Fidel Asks 'Humble' To Save Revolution

As the battle for Cuba rages, with Havana accusing the United States of direct responsibility for the counter-revolutionary attack and Washington rejecting the charge, Prime Minister Fidel Castro was placing his reliance on the "humble" people of Cuba to defend the revolution as much as he was on guns and ammunition.

Among the "humble" are Cuba's Negroes for whom segregation and discrimination ended when the revolution triumphed.

Take to Streets

Other "humble" people throughout South America were taking to the streets to voice their support of "Fidel" and their anger at those who would drown his regime in blood.

In the midst of the invasion, Castro took to the radio to talk "to the people of Cuba."

"Forward Cubans," he said, "to answer with iron and fire the barbarians who despise you and try to return you to slavery. They come to take away the country that the revolution delivered to peasants and people who belong to cooperatives.

"We fight to defend the country for peasants and people who belong to the cooperatives.

"We fight to defend our factories, our sugar mills and our mines. They come to take away from our sons and our peasant girls the schools which the revolution has opened to them everywhere.

"We defend the schools of the children and the peasants. They come to take away from the Negro men and women the dignity which the revolution has returned to them.

"We fight to maintain for all the people the supreme dignity of the human persons . . .

Fatherland or Death

"Forward Cubans! All to their posts of combat and work! Forward Cubans! The revolution is invincible and against it and against the heroic people all people will fail. We try with more ardor and firmness than ever—now that there are Cubans sacrificing themselves in combat—long live free Cuba, fatherland or death, we will conquer!"

There was a widespread response to the plea for the defense of the Cuban revolution in Mexico, where former President Lazaro Gardenas condemned "imperialist attack" and set out to fly to Havana to offer his assistance, in Chile, in Venezuela, in Argentina, in Columbia and here

City Worker Saves Man From Fire

The Board of Public Works this past week inscribed the word "hero" on the personnel record of Julian C. Brown, a maintenance and construction helper in the Bureau of Street Maintenance.

Brown, 43, lives at 1351 W. 35th place, and has been a permanent employe in the Department of Public Works for nearly a year.

COMMENDATION

The Board wrote a letter of high commendation to Brown, who saved the life of a man caught in a burning house on March 25.

The Board's unanimous action was taken after the receipt of a letter from Fire Chief William L. Miller, who described the heroic act and gave Brown full credit for saving the life of the man trapped in the fire.

"It was a source of much gratification," The Board wrote, "to be informed that by your courage and ingenuity you were responsible for saving the life of Michael Blackshire in a fire in his residence at 1112 E. Century boulevard on March 25.

HEROISM

"Your heroism in crawling into the heavily-charred living room of the apartment at that address, overcoming the resistance of Mr. Blackshire and dragging him outside, not only reflects great credit on you but is a source of pride

'Pluck Out' Leaders, Says Malcolm X

By BARBARA MOUNTS

"Leaders like Martin Luther King, Ralph Bunche, Thurgood Marshall and Roy Wilkins should be 'plucked out' as beggars at the white man's gate, looking for crumbs."

And as for the white man, let us pray that "God will strike him with cancer, polio, heart disease and death," and an assortment of other ills.

MALCOLM X SPEAKING

This was Malcolm X of New York speaking Sunday night at the Embassy Auditorium to a two-way segregated audience. Whites had been excluded—even the white wife of a Negro man—and women were set apart in separate sections.

The audience, many of whom were searched before they were permitted to enter the hall, had come to hear Elijah Muhammad, whom Malcolm X described as "a modern day Moses who had heard the voice of Allah," but Muhammad did not appear. It was reported that he was ill and could not attend.

Malcolm X, however, took Muhammad's place and was caustic in his criticism of Negro leaders, the Negro press, Negro ministers and all other Negro "traitors" who strive for integration into the white man's world.

UNKIND WORDS

Malcolm also had a few unkind words to say about the Negro people to whom the Muslims are making their appeal.

He said the black man in America is in bad shape. He is lazy and a servant. He berated the "so-called Negroes" for trusting the white man. He said the black man is "too dumb" to realize that the white man is using him to keep his own kind down.

"We don't preach hate, only justice," Malcolm declared.

Malcolm likened "leaders who

Housing Bill Loses 10-9

SACRAMENTO — The bill to outlaw discrimination in the sale or rental of private housing was defeated in the Assembly Ways and Means Committee Monday night.

Vote on the bill was 10-9, but 12 votes were needed to bring the measure out of committee and on to the floor of the Assembly.

Backers of the bill, including its principal sponsor Augustus F. Hawkins, declared the battle is only begun, but they are up against the California Real Estate Ass'n lobby which claims that the bill would "trample upon" owners' property rights.

U.S. Opposes Giving Belgium Congo Deadline

The United States Saturday voted against giving Belgium 21 days to get out of the Congo or face sanctions. The section of a resolution on the Congo containing those provisions lacked only three votes of passage.

As a result of its defeat, the U.N. General Assembly wound up two weeks of debate by again calling upon Belgium to withdraw its military and semi-military personnel and political advisers from its former colony. Belgium has ignored all such previous demands.

The vote was 61 to five, with 38 abstentions on the resolution as a whole. The United States abstained.

The proposal to force Belgian withdrawal had been submitted by 21 African and Asian nations.

The U.N. then passed a U.S.-backed resolution setting forth long-range perspective for the Congo.

That resolution urges new measures by Secretary General Dag Hammarskjold to keep outside military aid from reaching the Congo, calls for the convening of parliament, the release of all members of parliament and other political leaders from jail and the appointment of a seven-member conciliation commission to attempt to settle political differences in the Congo.

Calif. Jobless 8.3 Per Cent

SACRAMENTO — The unemployed comprised 8.3 per cent of the labor force in March, a slightly lower proportion than the February rate of 8.6 percent, but substantially higher than the 6.2 percent of a year ago. The current unemployment rate is the highest for any March since 1950.

Tom Mboya Calls U.S. 'Hypocritical'

Tom Mboya, articulate, knowledgeable, soft spoken Kenya leader, called American policy with regard to Africa "hypocritical" in a half-hour CBS coast-to-coast television interview Sunday morning.

CRITICAL — Tom Mboya, Kenya leader, spoke softly, but with telling effect, in TV interview Sunday.

Demonstrating a keen understanding of colonialism, he discussed the policies of the various imperialist powers, the proposed U. S. Peace Corps, Jim Crow in this country, missionaries and the question of the "readiness" of Africans for independence.

Glimmer of Hope

Mboya, who was one of the representatives of 24 African nations who heard President Kennedy speak on the occasion of African Freedom Day, Saturday, in Washington, said he saw a 'glimmer of hope" in the President's words and in such actions as the recent U. S. vote in the United Nations on Angola. But he indicated that it was only a glimmer.

Recently elected to his country's new parliament by an overwhelming majority, Mboya, who is president of the Kenya Africa Union and the Kenya Trade Union Federation, is considered one of the most effective and most forceful of the young African leaders.

During the interview, he made the following statements:

Words, Not Deeds

AMERICAN FOREIGN POLICY—Spokesmen for the United States repeatedly talk of this country's revolutionary tradition, the right of all nations to self-determination and the dignity of man, but the deeds do not correspond with the words. The United States backs the colonial powers, who are its allies in NATO, not the Africans in their struggle for independence. Algeria is an example, where the United States has been reluctant to oppose France.

PEACE CORPS—If the Peace Corps, as the newspapers indicate, is conceived as an instrument in the cold war or as a device to bolster American prestige, it will fail.

The new African nations do not want involvement in the cold war. They want neutrality.

JIM CROW—Discrimination in this country definitely damages the United States in the eyes of Africans. The attitude of the

Adam Powell Tax Evasion Case Dropped

NEW YORK—After eight years of investigation and prosecution, the government Thursday dropped its tax evasion case against Adam Clayton Powell Jr., U. S. representative from Harlem and pastor of the Abyssinian Baptist Church of New York.

The case was thrown out of court and the government said it lacked evidence to carry the case further. The original trial last year resulted in a hung jury.

Powell has consistently declared he was innocent.

While the indictment has been hanging over him, he has been reelected to Congress for two terms.

Caretaker is Rescued from Fiery Church

Edward Carter, 65-year-old caretaker at the Greater Cornerstone Baptist Church, 1020 E. 14th place, was saved from death by fire Friday night when he was rescued by police officers during a blaze that caused $15,000 to $20,000 damage.

Carter luckily escaped without being burned, but he was suffering from shock.

Trapped

When Officers Glen A. Bachman and David Binstein arrived at the scene of the fire shortly before midnight, women shouted at them that the caretaker was trapped in the building.

They ran to the rear, pulled open the door to his living quarters in the basement, and found the room a mass of flame and smoke.

Carter was sitting on a chair in the middle of the blaze, in his underwear, apparently too dazed to make a break for freedom. He was carried outside to safety, and taken to White Memorial Hospital.

Heavy Damage

The elderly man, who is the father of the pastor's wife, said he had been using an infra-red lamp on his foot and apparently dozed off.

The fire started in the basement, but the cause was not immediately established.

Rev. D. C. Austin, minister, told the Eagle that the fire swept through the choir loft, damaging the organ, the piano and the main sanctuary. He estimated the damage at $15,000 to $20,000.

Officer 'Too Late to Bet' Arrests 3

Three men were arrested Friday on charges of bookmaking.

Accused were Archie Thomas Foley Sr., 50, of 2541/2 W. 42nd street; Mitchell Butler Bilbrew, 33, of 9012 Bandera; and John Mitchell Jr., of 3619 S. Adair street.

After receiving information that bookmaking was being conducted at 3619 S. Adair street, where the telephone is listed in the name of John Mitchell, an officer telephoned and was told he was "too late for the last race."

Police thereupon visited the entrance and noticed Foley, who was standing near the telephone, take a sponge and wipe off the surface of a piece of formica and toss it behind a dresser.

Police also found a betting marker on Bilbrew.

Mitchell said he has been letting the other two make book in his house for the past two months.

N.Y. Labor To Form New Political Party

NEW YORK—Union leaders here this past week took steps to form an independent labor party which may be the forerunner of a nationwide movement of major political significance.

Declaring that the step is "long overdue," one top labor official stated:

"We are sick and tired of being taken for granted, of being handed candidates we have to take without consultation and of being ignored once the balloting is over."

Present plans are for placing candidates on the ballot in next fall's mayoralty election in New York, but wider horizons were envisaged at forthcoming state and national elections.

A 15-member committee has been set up, headed by Harry A. Van Arsdale Jr., president of the New York City General Labor Council, to plan for the formation of the new party.

Unions involved claim 1 million members, including the AFL-CIO as well as the expelled Teamsters.

In the last election labor supported the Liberal Party which endorsed Kennedy. The Liberal Party polled 406,000 votes in the state for Kennedy, approximately his winning margin over Republican Richard Nixon in New York State.

Brown, Mosk, Backing Hawkins Housing Bill

SACRAMENTO—Governor "Pat" Brown and Attorney General Stanley Mosk announced their support of the Hawkins Fair Housing law to more than 350 backers of the bill who spent the week end in Sacramento lobbying for its passage.

The bill has been given a do-pass recommendation by the Assembly Committee to which it was referred and there was general agreement that prospects of its passage by the lower house are excellent. It will face tough sledding in the Senate where the real estate lobby, and kindred groups, are all set to bottle it up.

The three day session was sponsored by the California Committee on Fair Practices which is headed by C. L. Dellums, member of the California FEP Commission and a veteran labor leader.

The bill—named after Assemblyman Augustus F. Hawkins of Los Angeles—would broaden existing legislation and forbid discrimination in the sale or rental of all housing except single family dwellings sold or rented by the owner.

Present state legislation forbids discrimination in the sale or rental of "publicly assisted" housing. The present law requires that the person discriminated against must file suit to secure damages.

Under the Hawkins bill, enforcement would be vested in the State Fair Practices Commission which would have jurisdiction over both discrimination in employent and housing.

2 Arrested For Theft at Zebra Room

Ola Mae Joseph, 25, 5365 W. Jefferson Blvd., denied Friday she had stolen any fur coats. The two fur stoles in her closet, she said, were her own.

She even went on to explain that she had burned a hole in the lining of one of them and had replaced it.

Police seemed unimpressed.

They arrested Miss Joseph and her companion, Grady Jennings, 31, 1675 Longwood avenue. Police had been informed that the two had taken a fur coat from the Zebra Room, 8505 S. Central avenue.

Jennings was employed there as a bartender.

When police went to the Jefferson Blvd. address and knocked several times, they received no response. They then forced open the door and found Miss Joseph and Jennings. Jennings said he was staying there because someone had been trying to bother Miss Joseph.

Miss Joseph said she thinks someone is trying to frame her and Grady.

Consultant Takes Problem to Cops

Inviting men into her home for a spiritual consultation proved to be a police matter for Helen Mary Dubries, 39, of 737 E. 139th street, last Saturday night.

She ran for police after Arthur Sullivan, 995 E. Santa Barbara avenue, allegedly bit her on her left arm and threatened her with a butcher knife, because she wouldn't let him stay with her.

Another man, whom she identified as Joe, restrained Sullivan and she called police.

Miss Dubries is spiritual consultant for the Faith Healing Chuch, 10518 S. Main street.

OPTIMISTIC — Ralph Bunche, under-secretary of the United Nations, expressed hope here Monday that the Congo is slowly working towards a satisfactory solution of its grave problems.

Bunche Hopes Congolese Can End Quarrel

Dr. Ralph Bunche, under-secretary of the United Nations, came home last week end to speak at Santa Barbara and UCLA where he voiced the hope that a peaceful solution will be found for the Congo situation. He said that without UN intervention, the Congo would have become "another Korea."

He said that in the Congo the world must await with patience reconciliation between the leaders. Such reconciliation will come in time, Bunche added. He blamed the flare-ups between rival leaders on the fact that "almost nothing" had been done to prepare the Congo for independence and freedom.

"African affairs are dominating items on the agenda of the United Nations," Bunche remarked. He said that he expects African affairs to loom even larger in the next few years as the young states seek solution of their conflicts through active support from the UN.

Charges against UN Secretary Dag Hammarskjold in connection with the Congo situation were dismissed rather tartly by Bunche who said the secretary had done a valiant job in trying to keep peace in the Congo, as well as in other problem areas of the world.

Dr. Bunche left the city Monday night after an address at UCLA. He spoke at Santa Barbara Sunday and at Mills college in northern California on Friday.

Co-workers Find Man Dead in Bed

George E. Greenfield, 3028½ S. Harvard blvd. did not report for work as a nursing assistant at Sawtelle Hospital for three days. Two of his co-workers, Willie Bouldin and Robert Tyler, investigated and found him dead in his room last Friday.

The landlady at the Harvard blvd. address said she had last seen Greenwood on Easter Sunday. Other neighbors reported seeing him on April 9. Newspapers for five days had collected on the porch.

The gas heater was burning and the room was very warm. Greenfield apparently died from natural causes.

Other participants in the sessions included John Buggs, executive secretary of the Los Angeles County Commission on Human Relations; Superior Judge Bernard Jefferson; Attorney Loren Miller, publisher of the California Eagle; and Henry A. Talbert, Western Regional director, National Urban League.

Also addressing the conference were Lt. Gov. Anderson, Ewan Clague, commissioner of labor statistics, U. S. Dept. of Labor; and Ernest Loebbecke, president of the Title Insurance and Trust Co.

The theme of the conference is "Fiftieth Year—the Challenge of Change."

NAACP Field Sec'y in Miss. On Nat'l Tour

JACKSON, Miss. — Medgar Evers, the NAACP's Mississippi field secretary, will leave next week on the first leg of a national speaking tour.

Evers will report on Mississippi race relations, considered to be the worst in the nation.

This is part of the Association's "Operation Mississippi," an all-out drive to end discrimination in this, the most backward of southern states.

The drive will concentrate initially on voter registration; selective buying; school integration; and employment of Negroes in government and government-contract jobs.

"Operation Mississippi" was launched after police used dogs to break up a peaceful gathering of Negroes in Jackson March 29.

Roy Wilkins, executive secretary, appealed for $40,000 to finance "Operation Mississippi."

Newspapers Awarded For Publicizing 'BABY'

"BABY" the Bureau's Auxiliary Board of Youngsters, celebrated its sixth anniversary with a dinner Friday night in the banquet hall of the Chalon Mart Restaurant on S. Broadway. The Auxiliary Board of Youngsters is affiliated with the Los Angeles County Bureau of Adoption.

The California Eagle, KGFJ and other news media were honored and given awards for their cooperation in keeping the community informed and aware that every child has a right to a home, and that children should not be permitted to grow up in institutions.

The musical entertainment of the evening for the near capacity crowd was two selections by the Little Angels of television fame, an organ selection by Billy Preston and a solo by Mrs. Robbie Williams, Billy's mother.

"BABY" was born and "BABY" exists today through the efforts of Dr. Lewis Bodie, past president, and a few loyal and dedicated people who helped to accomplish his aims.

There is an increasing need for more homes for children in this area, it was pointed out. The bureau is putting forth every effort to find adequate homes for each child in its care. The Adoption Bureau now has 117 children ready for and awaiting homes.

Someone once said that children are wonderful institutions. Their cultivating, security and happiness should come first.

Man Conceals Wound, Asks Night's Rest

A man who had been stabbed in the heart and lung went to the home of a friend Saturday night and asked if he could stay there till morning—without mentioning that he had been wounded.

Charles Backer, 2457 E. 111th street, said he was awakened about 2 a.m., when he heard his friend moaning. It was then that he learned that James Allen, 29, of 2513 E. 107th place, was seriously injured. He immediately rushed him to the Las Campanas Hospital, where he was taken to surgery.

Allen had merely told his friend that he had had a fight with his wife, Dorothea Allen, 23.

Later he told officers that he and Dorothea had been quarreling for several days and that on the night of the stabbing he slapped her in the face. She pulled a knife from her dress where she had concealed it and stabbed him, he said.

Mrs. Ann Bullock, mother of Mrs. Allen, said that Dorothea had told of the stabbing and had then disappeared, giving no indication where she was going.

The program is under the immediate auspices of the Willing Workers Club of the young church, the president of which is Mrs. Fernandra R. Toney.

Fellowshipper's Bazaar Attracts Large Crowd

Like a Mardi Gras festival, the Church of Christian Fellowship's first annual Bazaar, held last Saturday afternoon and evening, turned out to be the greatest financial success in the history of the church.

Rev. James H. Hargett and Dr. Robert I. Woods, Bazaar chairman, expressed hearty appreciation to all the people in the community for their wholehearted support in aiding the church building fund.

Among the leading prize winners of the more than $1,000 worth of prizes awarded were: Mrs. Ruby Holmes, who won the RCA 17" TV set grand prize; Mrs. Jewel Parker, of Woodland Hills, won the deluxe BAR-B-Q rotisserie; Leland Johnson won the Corona-Smith portable typewriter; and Dr. Charles Galloway won the Philco radio clock transistor.

Other winners of valuable prizes were James Hardon, who won the 1847 Rogers chest of sterling silver; Mrs. Beulah Drayton, who won the prize quilt; William Wells, a GE toaster; and Miss Pinkie O'Rourke, who captured the Proctor steam iron.

A man seated in a bus, encountering the scornful glance of a standing woman passenger, said wearily—"No madam, chivalry isn't dead. I am."

AME Pastors Take Stand on Birch Society

The Pasadena District of the Southern California Conference of the AME Church closed a highly productive two days session at the Bethel AME Church, 1511 W. 36th street, last Thursday, with the attendance the largest in its history. In addition to the customary discussions and panels on doctrinal and disciplinary subjects, the conference went on record refuting the philosophy of the John Birch Society.

The Presiding Elder, Dr. A. K. Quinn, said that we can no longer sit supinely and refuse to speak out against a group whose philosophy is so flagrant that it lists as communists or communist sympathizers such persons as former president Dwight Eisenhower and Harry Truman; Mrs. Eleanor Roosevelt, Chief Justice

Mt. Zion Hears Houston Pastor

The spirit filled revival at Mt. Zion Baptist Church, 51st and Hooper closed on Tuesday. Rev. Edward V. Hill invited the Rev. W. H. Banks, pastor of the Jordon Grove Baptist Church of Houston, Texas to conduct the week of services at the church.

On Sunday morning Rev. Banks spoke on "Serving in the Consciousness of God's New Man." The sermon was an electrifying agent for those assembled and spirit ran high.

At this service two children requested baptism, while two adults chose to lead a Christian life.

Rev. Banks called upon the congregation to live by the hour and to learn the art of prayer as the connecting link between God and man. "Christians," he said, must learn to let God work through them. Realize once and for all that God is in you, around you, under you and will work through you, if you will walk the narrow path of selfless love." put he continued, we must serve on the positive path, transformed by the renewing of the mind and let love for our fellowman and a consciousness of God in our hearts take us forward toward the spiritual and material excellance man can attain through reconcilliation with Christ.

Astronauts to Be Discussed

Rev. Maurice A. Dawkins will continue a series of sermons on the theme: "Eternal Life Now." The subject this next Sunday will be: "Astronauts and Cosmonauts: A Little Lower Than the Angels."

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Brown, Mosk, Backing Hawkins Housing Bill

SACRAMENTO—Governor "Pat" Brown and Attorney General Stanley Mosk announced their support of the Hawkins Fair Housing law to more than 350 backers of the bill who spent the week end in Sacramento lobbying for its passage.

The bill has been given a do-pass recommendation by the Assembly Committee to which it was referred and there was general agreement that prospects of its passage by the lower house are excellent. It will face tough sledding in the Senate where the real estate lobby, and kindred groups, are all set to bottle it up.

The three day session was sponsored by the California Committee on Fair Practices which is headed by C. L. Dellums, member of the California FEP Commission and a veteran labor leader.

The bill—named after Assemblyman Augustus F. Hawkins of Los Angeles—would broaden existing legislation and forbid discrimination in the sale or rental of all housing except single family dwellings sold or rented by the owner.

Present state legislation forbids discrimination in the sale or rental of "publicly assisted" housing. The present law requires that the person discriminated against must file suit to secure damages.

Under the Hawkins bill, enforcement would be vested in the State Fair Practices Commission which would have jurisdiction over both discrimination in employent and housing.

2 Arrested For Theft at Zebra Room

Ola Mae Joseph, 25, 5365 W. Jefferson Blvd., denied Friday she had stolen any fur coats. The two fur stoles in her closet, she said, were her own.

She even went on to explain that she had burned a hole in the lining of one of them and had replaced it.

Police seemed unimpressed.

They arrested Miss Joseph and her companion, Grady Jennings, 31, 1675 Longwood avenue. Police had been informed that the two had taken a fur coat from the Zebra Room, 8505 S. Central avenue.

Jennings was employed there as a bartender.

When police went to the Jefferson Blvd. address and knocked several times, they received no response. They then forced open the door and found Miss Joseph and Jennings. Jennings said he was staying there because someone had been trying to bother Miss Joseph.

Miss Joseph said she thinks someone is trying to frame her and Grady.

Consultant Takes Problem to Cops

Inviting men into her home for a spiritual consultation proved to be a police matter for Helen Mary Dubries, 39, of 737 E. 139th street, last Saturday night.

She ran for police after Arthur Sullivan, 995 E. Santa Barbara avenue, allegedly bit her on her left arm and threatened her with a butcher knife, because she wouldn't let him stay with her.

Another man, whom she identified as Joe, restrained Sullivan and she called police.

Miss Dubries is spiritual consultant for the Faith Healing Chuch, 10518 S. Main street.

OPTIMISTIC — Ralph Bunche, under-secretary of the United Nations, expressed hope here Monday that the Congo is slowly working towards a satisfactory solution of its grave problems.

Bunche Hopes Congolese Can End Quarrel

Dr. Ralph Bunche, under-secretary of the United Nations, came home last week end to speak at Santa Barbara and UCLA where he voiced the hope that a peaceful solution will be found for the Congo situation. He said that without UN intervention, the Congo would have become "another Korea."

He said that in the Congo the world must await with patience reconciliation between the leaders. Such reconciliation will come in time, Bunche added. He blamed the flare-ups between rival leaders on the fact that "almost nothing" had been done to prepare the Congo for independence and freedom.

"African affairs are dominating items on the agenda of the United Nations," Bunche remarked. He said that he expects African affairs to loom even larger in the next few years as the young states seek solution of their conflicts through active support from the UN.

Charges against UN Secretary Dag Hammarskjold in connection with the Congo situation were dismissed rather tartly by Bunche who said the secretary had done a valiant job in trying to keep peace in the Congo, as well as in other problem areas of the world.

Dr. Bunche left the city Monday night after an address at UCLA. He spoke at Santa Barbara Sunday and at Mills college in northern California on Friday.

The gas heater was burning and the room was very warm. Greenfield apparently died from natural causes.

NAACP Field Sec'y in Miss. On Nat'l Tour

JACKSON, Miss. — Medgar Evers, the NAACP's Mississippi field secretary, will leave next week on the first leg of a national speaking tour.

Evers will report on Mississippi race relations, considered to be the worst in the nation.

This is part of the Association's "Operation Mississippi," an all-out drive to end discrimination in this, the most backward of southern states.

The drive will concentrate initially on voter registration; selective buying; school integration; and employment of Negroes in government and government-contract jobs.

"Operation Mississippi" was launched after police used dogs to break up a peaceful gathering of Negroes in Jackson March 29.

Roy Wilkins, executive secretary, appealed for $40,000 to finance "Operation Mississippi."

Newspapers Awarded For Publicizing 'BABY'

"BABY" the Bureau's Auxiliary Board of Youngsters, celebrated its sixth anniversary with a dinner Friday night in the banquet hall of the Chalon Mart Restaurant on S. Broadway. The Auxiliary Board of Youngsters is affiliated with the Los Angeles County Bureau of Adoption.

The California Eagle, KGFJ and other news media were honored and given awards for their cooperation in keeping the community informed and aware that every child has a right to a home, and that children should not be permitted to grow up in institutions.

The musical entertainment of the evening for the near capacity crowd was two selections by the Little Angels of television fame, an organ selection by Billy Preston and a solo by Mrs. Robbie Williams, Billy's mother.

"BABY" was born and "BABY" exists today through the efforts of Dr. Lewis Bodie, past president, and a few loyal and dedicated people who helped to accomplish his aims.

There is an increasing need for more homes for children in this area, it was pointed out. The bureau is putting forth every effort to find adequate homes for each child in its care. The Adoption Bureau now has 117 children ready for and awaiting homes.

Someone once said that children are wonderful institutions. Their cultivating, security and happiness should come first.

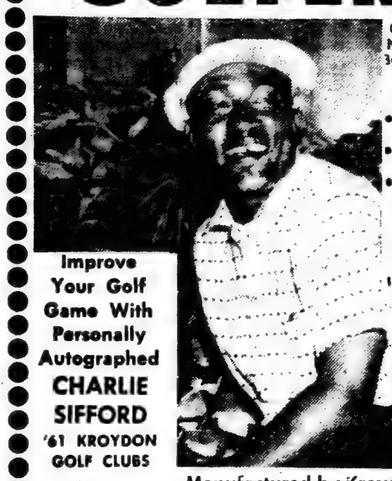
Man Conceals Wound, Asks Night's Rest

A man who had been stabbed in the heart and lung went to the home of a friend Saturday night and asked if he could stay there till morning—without mentioning that he had been wounded.

Charles Backer, 2457 E. 111th street, said he was awakened about 2 a.m., when he heard his friend moaning. It was then that he learned that James Allen, 29, of 2513 E. 107th place, was seriously injured. He immediately rushed him to the Las Campanas Hospital, where he was taken to surgery.

Allen had merely told his friend that he had had a fight with his wife, Dorothea Allen, 23.

Later he told officers that he and Dorothea had been quarreling for several days and that on the night of the stabbing he slapped her in the face. She pulled a knife from her dress where she had concealed it and stabbed him, he said.



Mrs. Ann Bullock, mother of Mrs. Allen, said that Dorothea had told of the stabbing and had then disappeared, giving no indication where she was going.

Air Force to Decide On Lookheed Bias

NEW YORK—Whether or not Lockhead Aircraft Corp. can continue to discriminate against Negroes in its Marietta, Ga., plant will be decided by the U.S. Air Force, Vice President Lyndon Johnson stated this week.

Johnson, who heads the newly-formed President's Committee on Equal Employment Opportunity, said that NAACP charges of bias will be reviewed and that he expects the Air Force to take any action necessary to insure compliance with the President's no-discrimination order.

$1 Billion Contract

In the event that Lockheed fails to comply with a directive to stop segregating its employees and discriminating against Negroes, the company could face cancellation of a billion dollar contract to build 100 jet transports for the government.

Formal complaints and affidavits against Lockheed and several other concerns holding government contracts were filed with the President's Committee by Herbert Hill, NAACP labor secretary, April 7.

Roy Wilkins, NAACP executive secretary, in a letter to Vice President Johnson said that the Marietta Lockhead plant has all-Negro work sections, with "many categories of employment closed to Negro applicants."

Seperate Time Clocks

Wilkins also wrote that the plant has seprate lines of progression for Negro workers so that their seniority rights "are limited as to advancement."

Cafeterias and rest rooms are segregated and there are separate time clocks for Negro and white employees and different colored time cards for each race, the NAACP asserted.

Vice President Johnson was reminded that under the Executive Order "the burden is placed clearly upon the contractor to prove non-discriminatory hiring practices as a qualification for obtaining a government contract."

SPEAKER—Atty. Loren Miller, Eagle publisher ,will be main speaker at the Urban League awards program April 30 at the Westside Jewish Community Center.

Lloyd Wilkins New Student Head at LASC

Lloyd Bertrand Wilkins, 22-year-old resident of Compton, was elected president of the Los Angeles State College Night Student Body last Thursday.

Wilkins is a graduate of Centennial High School and of Compton College. He was the first student body president at Centennial, founder and first president of its alumni association, and is a past member of the Centennial Booster Club.

Wilkins is also a past president of Compton College.

His fraternity, Lambda Phi Psi elected him twice to serve as president, and he was chosen "friendliest person on campus" at Compton College. He was a Top Tartar and a member of various other campus organizations, including Tartar Knights, an honorary service organization, which he served as treasurer.

At Los Angeles State College Wilkins' activities have also been extensive. He has participated on the debating squad, the A Cappela Choir and the Democratic Club. He was also a member of the Board of Directors of the Student California Teachers' Association at L.A.S.C. and served as its treasurer.

He was second vice president of the West-Democratic Club, and is now considering organizing Young Democratic Clubs in Compton.

The new president will serve a year in his elected post after assuming office May 20.

Lorne Green, who is Ben Cartwright in the TV series, "Bonanza," will serve as Master of Ceremonies for the awards program.

"The recipients of the League's awards will naturally remain secret until the presentation," Bryant said. The program includes a brief report of achievements and accomplishments by the League, and special numbers by the Second Baptist Choir under the direction of Anna Griffin Morrow.

The public, as always, said Bryant, is invited to attend free of charge and is urged to come early as seating is limited.

Florida County Prepares Plan For Integration

PENSACOLA, FLA.—Escambia County last Wednesday began making plans to desegregate its schools, the first county in Florida to take such action as a result of a federal court order.

The school board action was undertaken after its attorneys advised it could not evade the order issued last March 17 by U. S. District Judge G. Harold Carswell at Tallahassee.

Judge Carswell gave the board 90 days in which to file a plan to admit Negro children to white schools.

If the plan is found satisfactory, it presumably would go into effect with the opening of the fall term.

The court order was issued following hearings on a suit by the NAACP on behalf of 12 Negro children.

Schools in Miami and Dade County were integrated voluntarily two years ago, though the extent of the integration is minimal.

WIDENING VERMONT

Accused Denies Assaulting His Step-Daughter

Sylvester Brooks, 3745 S. Wall street, was accused Saturday of assaulting his 14-year-old stepdaughter, who reportedly is expecting a baby.

The girl, police said, accused Brooks of being the father of the baby. She said their relationship had existed for about two years.

Brooks denied the accusation and said the girl is a "big liar." He said the girl's mother, Mrs. Iona Brooks, could "have put her up to this to get rid of me."

Mahalia to Sing 'On Command' For Royalty

NEW YORK—Mahalia Jackson, the incomparable gospel singer, left here Saturday on board the S.S. United States for a 10-week tour that will take her to 12 countries.

Included in her itinerary are a special audience with His Holiness Pope John, a command performance for the King and Queen of Denmark and a two-week stopover in Israel.

Disc Jockey's Wife Bops Him Over the Head

When Charles D. Trammell, 39, KGFJ disc jockey, came home shortly after 8 p.m. Friday following a business appointment, he was met by his wife, Leonora Trammell, who had a .38 caliber revolver in her hand and who began hitting him on the head, he told police.

He said he could give no reason for his wife's actions, although he said she had done the same thing several weeks ago under similar circumstances.

The Trammells live at 5712 Manhattan place.

Trammell suffered a lump over his right eye.

Cut Husband Accuses Wife

A man and his wife told conflicting stories about how the husband was cut during an argument in the dining room of their 3307 Morgan avenue home last Sunday morning.

Police found Frederick J. Spencer down on the floor bleeding from cuts on his nose and lacerations of the right arm. His wife Louise was booked for assault after Spencer said she attacked him with a 15-inch butcher knife, following a two-day argument.

Mrs. Spencer contended that the cutting was accidental. She admitted picking up the knife but said she pushed her husband with her free hand and that he staggered backward into a table cutting himself on broken glass.

Police found blood on her bathrobe and broken glass. She was taken to Central jail and booked.

Slim Pickins On Chickens

Seven poultry distributors have been convicted during the past three months for not delivering full weight to the retailer. Six other similar cases are still pending.

Male Nurse Beaten, Robbed

Leonard Earl Kane, 66, male nurse, of 4315 S. Denker, told police he was beaten about the face, threatened at knife point, gagged and trussed up with an electric cord when two men entered his apartment about 7:30 p.m. Friday.

A man, about 25 years old, walked through his open front door and demanded to use the phone. When Kane refused, a second man entered and the two proceeded to attack him and ransack the house, he said.

He said they took $56 from his wallet, a Hi-Fi radio and record player worth about $200, a portable typewriter and a clock radio. For good measure, they also took his hat, size 6⅞.

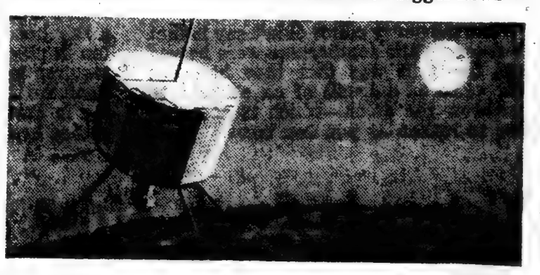
WHAT'S DOING

What would you think of pushing buttons to make your phone calls? Well, someday you may be doing that instead of twirling a dial.

Telephone people are testing push-button phones like this in various places around the country. The tests show that most folks can push-button a number in five seconds—nearly twice as fast as they dial now.



I'm told that if these tests continue to go well our phones of the future may have push buttons instead of a dial.

Lots of new telephone ideas are heading your way. For telephone people are always working to improve your service.

* * * * *

I noticed in a telephone company magazine the other day that the Bell Solar Battery was first announced seven years ago this month.

At the time, it was big news that Bell Telephone Laboratories had found a way to turn sunlight directly and efficiently into electricity. But little did we know then that solar batteries would soon make even bigger news—

as a part of satellites in outer space. That's the weather satellite Tiros II in the picture above.

The Bell Solar Batteries on the Tiros II satellite furnish the power to send radio and television messages back to earth.

Telephone research produces a steady flow of new ideas like the Bell Solar Battery. And these ideas are opening new doors in every field of communications.

SPRING TELEPHONE FAIR

The month of April heralds our Spring Phone Fair featuring all of our home telephone services. NAACP Needs 50,000 Members

The Los Angeles branch of the NAACP has launched its annual membership campaign and says it wants to enlist 50,000 members this year. That's quite a step up from the present roll of 10,000.

The success or failure of the NAACP campaign will be determined by the present membership. If every member gets out and enlists ten of his friends in the good cause to which he is committed the local branch can reach its goal.

We don't have to argue the necessity for a strong NAACP in Los Angeles and throughout the nation. Despite the progress we've made in civil rights we've hardly reached the half way house on the road to first class citizenship.

Mississippi, for example, set police dogs on Negroes who gathered near a court house where nine students were on trial for the enormous crime of trying to use a public library.

There isn't a single Negro student attending an unsegregated school in South Carolina, Alabama or Mississippi—seven years after the Supreme Court decision condemning Jim Crow schools.

The chairman of the Senate Judiciary Committe said in a spech last week that all nine members of the United States Supreme Court ought to be impeached for their civil rights decisions.

Right here at home, there is plenty of discrimination in employment, in civil service, and in a few diehard labor unions. California doesn't have, and badly needs, a fair housing law that bans all discrimination in the sale or rental of housing.

The sum of the matter is that there's plenty for a strong NAACP to do, both by way of helping out on the national scene and by attacking local problems. Have you joined the NAACP?

California Gets Recognition

Californians are faring better in the matter of federal jobs under the Kennedy administration than under any previous president. The president started the ball rolling by naming Andrew Hatcher an assistant press secretary.

Last week, Franklin Williams was named an executive assistant in the Peace Corps which is headed by the president's brother-in-law.

This week, the president announced the appointment of Cecil Poole as district attorney for northern California.

All of the appointees are capable men and we can expect a maximum of service from them in the various capacities in which they will serve.

Mr. Poole's appointment was the first of its kind in the continental United States and the Northern District of California which he will serve as district attorney is one of the most important in the country.

Mr. Williams' appointment is also a pioneer appointment in a pioneer undertaking and is admirably suited for a man of his bold and venturesome outlook. We said a number of editions ago that Mr. Hatcher's appointment fell in the category of trail blazing.

We're happy to see the administration disregard old color barriers that were observed only because of custom and tradition and we hope that there will be other appointments of like character.

Just for the record, we would also like to indulge in the hope that the Kennedy administration will take a look at Southern California and see if there aren't some Negroes in this part of the state who are worthy of some important appointments. We believe there are.

Still Fighting Civil War

The South is still fighting—and losing—the Civil War "Hostilities broke out down in Charleston last week when an editor of the Saturday Evening Post whined that the Fourteenth and Fifteenth Amendments were added to the Constitution when white southerners were barred from the polls.

He intimated that refusal of the white South to approve these amendments made them suspect and, he added, that the "South had never agreed to the right of Negroes to vote."

What the angry editor didn't say is that the reason white southerners were barred from the polls was that they had lost their votes as a result of an attempt to overthrow the union—which is about as close to reason as you can come.

The most significant aspect of the speech was the time honored southern trick of digging up racial discrimination in northern states and using that discovery as an argument to excuse the South's wholesale segregation.

That's the old you-too argument that is always used when the accused can think of no other excuse for outrageous conduct. The retort that New Jersey can't complain of South Carolina conduct because of imperfections in its own interracial affairs is silly.

New Jersey has a fair employment and a fair housing law; it forbids discrimination in places of public accommodation; it requires integration in its public schools. Compare those things with what's happening in South Carolina. Where would you rather live?

Victory in South Africa

A couple of years ago, South Africa decided to crush protect against its Apartheid laws by indicting white and black leaders who had led the protests against the legislation. As is usual these days and times, the protesting leaders were charged with treason and with being "Communists."

More than a hundred were originally indicted but after a long preliminary hearing the charges against all but twenty eight were dismissed. Last week these twenty eight were found not guilty by a three judge court. The judges said they could find nothing to substantiate the charges.

Chief credit for the success in the long trials belongs to a handful of people inside the Union of South Africa who provided legal assistance and funds for the long legal struggle.

The verdicts of acquittal are eloquent testimony of the power of public opinion which beat so fiercely on South Africa that its judges lived up to their responsibility and freed the defendants of charges that were at once flimsy and outrageous.

Idaho Joins FEP States

Idaho became the 18th state to take forthright action against discrimination when it enacted a fair employment law last week. At the same time it also enacted a fair housing law forbidding bias in the sale or rental of housing.

The only important northern industrial state without fair employment legislation is Illinois and such a bill is pending before its legislature.

In the Far West, only Nevada, Montana and Wyoming are without workable fair employment laws.

BATTLEAXE & BREAD

By Lester B. Granger

A lady said to me, "I was down in midtown early last evening and I decided to take a cab up to Harlem, so I waited for a colored driver."

When, curiously, I asked why, she replied, "Because I like to spend money with my own and because he would probably like to get back uptown on a long haul."

"But maybe he didn't want to go uptown," I objected. "Maybe he lived in Brooklyn or Queens and you were taking him directly away from home. Or perhaps he had just started work and was downtown, because that's where the money is to be made at work-quitting time. But you tell me, did he appreciate your thoughtfulness?"

BEATNIK BEARD

"I didn't find out," she responded. "I got halfway into the cab and then backed out when he turned around to look at me. He had one of those beatnik beards, no saturally I didn't ride with him. I took the next cab that came along."

"What does a beatnik beard have to do with a cab driver's services?" I asked in bewilderment.

"Don't be silly," the lady answered. "Who wants to trust herself in a cab driven by a beatnik character with night coming on and five miles to go? Don't you read the papers?"

"Yes, I do," I meekly replied, "but I still don't see the point you're making."

TRIUMPHANT

"Well," she explained with patient asperity, "every time you read of some hold-up, or assault against a girl or some other crime like that, it's a beatnik who did it. So, why should I pay one for the privilege of risking robbery?" She came to a triumphant crescendo.

"Now you've got me all mixed up trying to follow you," I admonished her, "so you just sit still for a moment while I find my way back to home base. Then perhaps you can follow me home, too.

"First," I went on, "we're talking about a simple little thing like getting home in a cab from Manhattan's midtown, just after the offices and shops are closed and cab space is at a premium. So, instead of thankfully grabbing the first cab you could get and being whisked home promptly, you had to make a big deal out of the proposition by trying to find a presumably grateful colored driver.

"There's where you stepped off into the image of stereotypes in which millions of our white neighbors have been wandering for decades. They're not getting anywhere in their wanderings. Why do you follow them? Why would you assume that any dark-skinned cabby whom you pick out downtown would be a Harlem resident, would want to go uptown, even if he did live there, and would not prefer to stay downtown in the thick of the evening money and just be a cab driver—not a Negro cab driver?"

MAZE OF STEREOTYPES

I went on with increasing sternness, "And having made this mistake of lumping race with residence — just like ignorant whites are apt to do—and assuming a kinship of interests based on the accident of race—just like our friends, the Black Muslims, seem to do—you go a step further into the maze by equating a chin beard with beatnik habits and tastes. The driver may have had a bad chin scar he was covering up with a beard. He may have grown it as a lark. Perhaps he's a country boy trying to look citified. None of these reasons would make him a beatnik."

The lady stirred restlessly and seemed about to argue, but I stilled her with steely glance and restraining gesture. "So now, having gotten lost out there in the maze of stereotypes," I drummed at her, "do you stand still and try to get your bearings? No, you go off whooping and hollering along another stereotype that takes you farther and farther from sanity. You make this poor cab driver into a fearsome thing, because his beard makes him a beatnik and being a beatnik makes him a mugger or rapist. Now, now, how hysterical can you be?

ASININE OUTLOOK

"Every time you read of some hold-up or case of rape, it's a beatnik who did it, you say? Now stop and think. How often have you heard or read some asinine statement like that made about colored people, whether Chinese, Mexicans, Filipinos, Negroes, Japanese or Caribbeans? Do you want to be classed as displaying the same kind of asinine outlook as some of our friends from Dixie or Queens? Get a hold on yourself. Quit thinking with your fears and use your brains instead, and you'll find yourself back at home base of sanity."

I quit and she opened her mouth, closed it again, and then spoke. "All right, all right, so I'm dumber than I have to be. But I still don't like beatnik beards."

"Neither do I," I replied. "I think they're for half-wits and neurotics. But don't let them scare you."

Castro Calls on 'Humble' To Defend Revolution

(Continued from Page 1)

in Los Angeles and in New York, where the protests was led by the Fair Play for Cuba Committee.

Military Aid

At the governmental level, Premier Nikita Khrushchev of the Soviet Union appealed directly to President Kennedy to halt the invasion of Cuba, and his representative in the United States warned that the Soviet Union is prepared to support Castro with "all measures of military assistance."

The United States, both through Secretary of State Dean Rusk and U. S. Ambassador Adlai Stevenson have denied that this country is actively participating in the invasion, but they made no bones about the fact that they are "sympathetic" to the counter-revolution and seek the overthrow of the Castro regime.

In Europe, the U. S. claim of non-intervention is not taken seriously, according to reports from the various capitals there.

Direct Invasion

The accusations against the U. S. on behalf of Cuba were made both in Havana and in New York at the United Nations.

Cuban Foreign Minister Raul Roa told the General Assembly's political committee:

"The mercenary invasion promoted, organized, armed and financed by the government of the United States is now progressively becoming a direct military invasion . . . We are witnessing a direct invasion."

suggested that the doctor pay the money as indicated, through Warren Jordan and a white fellow-officer, Ray Henry, whom Thiele and Finch had impressed to act as go-betweens.

Both Jordan and Henry had also gone to the "chief" to tell him about the request made of them by Thiele and Finch.

Marked Bills

When the September "payment" became "due," Dr. Garland was provided with marked bills to give to the intermediaries to be transmitted to the inspectors.

At the appointed time and place, Warren handed Thiele a package of bills. Undercover agents watched the transaction.

They immediately arrested Thiele and a few minutes later took his buddy into custody while he was processing an arrest.

Both men stoutly denied that they had attempted to swindle Dr. Garland and claimed instead that they had learned that the two young officers, Jordan and Henry, were engaged in extortionist activities and had set out to trap them.

The jury, however, didn't accept their version and ruled against them.

Letters to the Editor

Dear Sir:

When I filed the petition with FEPC against segregated casting, I was told repeatedly that the integration struggle was the most difficult of all. My advisers, however, did not say I would be struggling with my own people as well as the agencies who are set against any change in policy.

After reading Mrs. Mabry's Letter To The Editor of your weekly, the April 6th issue, I was amazed that a woman holding her position would falsify a report as she has done.

In her letter she states, "The Screen Extra's Guild Board of directors has the power to call a meeting of any segment of the membership it deems necessary to cope with the problems of that particular group." If Chester Jones was presiding, as Mrs. Mabry stated, why? He is not a member of the Screen Extra's Board of Directors. The fact is, Mrs. Mabry called the meeting and she attempted to preside. Chester Jones tried to keep order and assist . . . which actually according to parliamentary procedure is the task of the Sgt-at-Arms!

It was definitely Mrs. Mabry who gave Atty. Townsend the floor, and after addressing the assembly, he asked for a vote to see if we wanted Mr. Weldon or our casting director in Hollywood with the others. The yes vote was unanimous.

For me the pressure has been serious; casting has called my home repeatedly, this past month, for a former tenant, they certainly aren't calling me. The money lost in a part time profession is insignificent in comparison to the principles we are striving for; dignity and equality.

Byron Ellis
Screen Extras Guild
Hollywood, California.

To the Editor:

After reading the article in your paper about six weeks ago how the segregated casting with the Screen Extras' Guild had been abolished with the help of the FEPC, it was gratifying to see that this "primitive" practice among the arts had come to an end.

But after reading last week's issue and seeing what is happening now, it's altogether confusing.

It's almost impossible to believe, or want to accept the fact that people of our race would want segregation in an artistic field. When others of us in a different medium of the arts (i.e., Leontyne Price) are struggling for equal recognition. Also the students in our southern states fighting for equal rights in education.

Yet here, in the "state of the free and equal," we unfortunately have some that would want to get a decision reversed.

It's confusing, regrettable, but most of all SHAMEFUL!!!

Glenn Dudley

To the Editor:

With the current attacks upon the Aid to Dependent Children alleging that mothers are irresponsible and unwilling to support their families—it is curious to learn that the Child Care Centers have a policy of ousting children from their nurseries after a mother has been unemployed only two weeks.

In a period of mass unemployment finding a job consumes time, energy and full-time concentration. How is a young mother beset by financial difficulties and the competitive labor market to solve the added problem of her child's care while she looks for work?

It would seem that this is another facet of the callous unconcern for our children's welfare recently expressed by the Board of Education when they announced the closing of 18 Child Care Centers in the heart of our city—the districts with the highest minority population.

These policies constitute a complete lack of understanding on the part of those supposedly trained in social welfare to the questions involved in the individual child's stability and security—they can be jerked in and out of a nursery—literally thrown on to the street.

It ignores the problem of the mother who to be eligible to draw her unemployment insurance (inadequate to exist on, let alone pay "baby sitters") must be available at all times to apply for work.

Instead of restricting the program of the Child Car Centers, every effort should be made to broaden it. Any mother desiring to work should be able to place her children in order to be free to seek employment — not only those who unfortunately lost their jobs.

Yours truly,
MIMI ALEXANDER

My Dear Mrs. Mounts:

The writer is one among the many interested readers of the California Eagle newspaper, especially that part of the paper which is under your direction and supervision—the Church Page, consequently I could not miss seeing the very neat and attractive display ad pertaining to the International Baptist Convention, Inc., in your Thursday, March 23 edition.

It was quite a surprise, though a pleasant one, to find it in your newspaper.

Although I am at a complete loss to know how or why or what caused the ad to be published, still we are very grateful to you and to all concerned for the appearance of same.

The International Baptist Convention, Inc., is in its infancy, and it's future looks very promising and seems to be assured, and on behalf of every one connected with said Convention at this present time I wish to express our sincerest thanks and appreciation to you for your kindness, and for your interest.

This letter of thanks should have been on your desk ere this time, but we have been so very busy. Please pardon us for being tardy.

With every good wish for the continued progress of the California Eagle, as well as for your success as the editor of its church page, I am

C. Fain Kyle

To the Editor:

The events in the Congo are both shocking and unforgivable, for the actions here by the U.S.A. and our allies to be party to this outright trampling of the Congolese peoples independence movement and for the complete disregard shown for their duly elected government and leaders.

In our open fight through the United Nations we have kept that nation in a state of constant chaos in order to gain profit for the Belgian government and the Western world markets.

This brutal murder of Patrice Lumumba is the real expose of the Western world and its outright disregard of the independence movement throughout all Africa; it shows that the U.S.A. and its allies want to "give" only a small portion of what they consider "independence" and at the same time set up a neo-colonial rule over these newly formed nations.

These are most deplorable and unforgivable actions on our part and by other nations responsible for these crimes against the Congo nation and other nations throughout Africa where the policy of divide and rule still exists, and we (U.S.A.) are upholding this sort of action and any action directed against the independence of all Africa and against the independence of all nations throughout the world.

Should not our policy as a nation be the promotion and defense of independence for all peoples?

Malcolm X Urges Praying For Plague

(Continued from Page 1)

offer nothing but strangulation" to false leaders in China. The Chinese, he said, lined such leaders "up against the wall and shot them."

The Muslims, he said, want separation, not segregation; they want equality, they want a home of their own, they want to make their own rules, to lead their own lives.

WANT LAND

"It's time for the black man to rule on land of his own, with his own government and producing things for himself.

"We can never be equal to the white man until we have what he has. If we have the same things we are equal. If he has a rope and we have a rope, if he has a gun and we have a gun, if he has a factory and we have a factory, then we are equal.

"We demand that the government give us some land or else!"

In the question period later someone asked Malcolm what he meant by "or else."

MUHAMMAD WILL TELL

"When the government asks Mr. Muhammad," Malcoln replied, "he will tell them what else. He will also tell them what we want for our own and where. He has not said yet where he wants this land, though he indicated that he does not want it in the desert."

If the government doesn't comply, Malcolm went on, then "we will leave." He didn't say where the Negroes would go, just that they would "leave."

Malcolm was at his most eloquent when he explained that the Muslims do not preach hate.

"The end justifies the means. Justice is what we are seeking and the white man is a criminal and we will get justice. An eye for an eye, a tooth for a tooth. Christian ministers tell you to pray for your enemy.

PRAY FOR HIM

"We tell you to pray for him, too. Yes, but pray that God will strike him with cancer, polio, heart disease and death. Pray that tornadoes will come and destroy his possessions.

"Ask God to fight battles for you by making the white man's jets fall and bring destruction to him and his kind.

"That's not hate, that's justice; that's the hand of God."

In his speech Malcolm likened white people to snakes, wolves and other animals.

In reply to a question from an inquiring woman in the audience about the reference to snakes, he asserted that if he came home and found his child with blood running down her legs he would grab his hatchet and "go out and kill the first snake I came upon. I wouldn't wait to see if the snake had blood on its jaws. It's a snake, so I'd kill it."

Other winners of valuable prizes were James Hardon, who won the 1847 Rogers chest of sterling silver; Mrs. Beulah Drayton, who won the prize quilt; William Wells, a GE toaster; and Miss Pinkie O'Rourke, who captured the Proctor steam iron.

A man seated in a bus, encountering the scornful glance of a standing woman passenger, said wearily—"No madam, chivalry isn't dead. I am."

AME Pastors Take Stand on Birch Society

The Pasadena District of the Southern California Conference of the AME Church closed a highly productive two days session at the Bethel AME Church, 1511 W. 36th street, last Thursday, with the attendance the largest in its history. In addition to the customary discussions and panels on doctrinal and disciplinary subjects, the conference went on record refuting the philosophy of the John Birch Society.

The Presiding Elder, Dr. A. K. Quinn, said that we can no longer sit supinely and refuse to speak out against a group whose philosophy is so flagrant that it lists as communists or communist sympathizers such persons as former president Dwight Eisenhower and Harry Truman; Mrs. Eleanor Roosevelt, Chief Justice

Mt. Zion Hears Houston Pastor

The spirit filled revival at Mt. Zion Baptist Church, 51st and Hooper closed on Tuesday. Rev. Edward V. Hill invited the Rev. W. H. Banks, pastor of the Jordon Grove Baptist Church of Houston, Texas to conduct the week of services at the church.

On Sunday morning Rev. Banks spoke on "Serving in the Consciousness of God's New Man." The sermon was an electrifying agent for those assembled and spirit ran high.

At this service two children requested baptism, while two adults chose to lead a Christian life.

Rev. Banks called upon the congregation to live by the hour and to learn the art of prayer as the connecting link between God and man. "Christians," he said, must learn to let God work through them. Realize once and for all that God is in you, around you, under you and will work through you, if you will walk the narrow path of selfless love." put he continued, we must serve on the positive path, transformed by the renewing of the mind and let love for our fellowman and a consciousness of God in our hearts take us forward toward the spiritual and material excellance man can attain through reconcilliation with Christ.

Help Needed

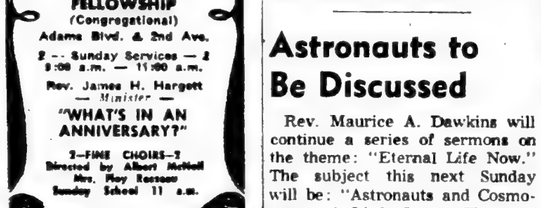
Science Shrinks Piles
New Way Without Surgery
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.



Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Venice High Stars Pave the Way; 62-42

It took the efforts of Rod Gray and Roger Burnett of Venice High to defeat University for the first time in six years 62-42 on the losers' oval.

Gray captured the sprints in 9.9 and 21.7 and finished second in the broad jump with a leap of 21.7.

Burnett with the help of the Venice breeze took the highs and lows in 14.9 and 20.0 and tied for third in the high jump.

ARIZONA, OREGON STATE IN MT. SAN ANTONIO MEET

Competition for Southern Cal's 440-yard swifties in the mile relay of Mt. San Antonio Relays, April 28-29, was assured with the entry of Arizona State's foursome that in two 1961 meetings tied and defeated the Trojans.

Oregon State, led by two Southlanders, Norm Monroe of Compton (47-1) and Bob Johnson of Glendale (47.3), also entered the mile relay that looms among the highlights of the mammoth two-day track and field carnival.

The Arizona State Sun Devils ran 3:10.4 on a cold day in the SPAAU meet, and tied SC at 3:10.6 on the choppy Santa Barbara track in the Easter Relays. Oregon State has run 3:12.5 without competition in the Northwest, and Coach Sam Bell is confident the Beavers can cut far under that against SC, Arizona State, San Jose State and Oxy.

Naturally, the Trojans will be gunning for Abilene Christian's new collegiate record of 3:07.9, and track bugs who watched them run 3:09.6 at Oxy Saturday will be betting they can do it. They'll be on the track where the U.S. Olympians set the world record of 3:05.6 last August.

NEW SOFTBALL LEAGUE BOWS

By EDW. "ABIE" ROBINSON

One of the zaniest softball leagues in the city officially opened its season last Sunday morning when the Cocktail Lounges' two loops, the Hangovers and the Elbow Benders, met on the diamonds of Ross Synder and Rancho Playgrounds.

Atty. Everett Porter, representing San Yorty, candidate for the Mayor's office (JFK had other commitments), officially got the season under way by pitching the first ball.

In four of the most exciting opening tilts of the league, Lee Roys and the Town Tavern came up with opening day shutout victories. Sparkling play, colorful uniforms and miscues sparked the first day games in both leagues.

At Ross Synder Lee Roys powered a 2-hit pitching to an 8 to 0 win over Claude Duke's Living Room. Pitcher George Lee fashioned the sparkling two-hitter and his teammates backed him up with an 8-run attack. Bill Hutson connected for two doubles and in the 3rd inning a bases-loaded triple that ruined the Living Room outfit. Marty's Lounge sporting flashy canary yellow jerseys and baseball caps didn't excite Town Tavern's ragged nine; they came up on the short-end of an 8 to 0 score. The big damage came in the third inning when Society Red dropped a routine fly ball and allowed three Town Tavern runners to come home. Five of the Town Tavern runs were unearned.

Collins and the Sea Foods Grotto staged the morning's donnybrook with Charlie Neal pitching for Collins and James Bailey tossing for Sea Foods, they were locked in a tight battle with the score tied at 4 all in the 4th inning, when Bailey weakened. Collins' batters touched Bailey for 3 runs in the top of the 7th and powered a come-from-behind 7 to 6 victory.

Clark Hotel wasted no time jumping on Jimmy Potts, pitching for the Red Carpet, by scoring three runs in the initial inning, and adding another in the second. After sending him to the shower they touched reliefer Benny Brockman for one more in the 7th to win 5 to 1.

The Caribbeans aided by a bunch of errors by the Playroom players annihilated Tommy Tucker's mob 17 to 1. (Wallace Le Duff, supporter of the Caribbeans, is said to have invited the Playroom players to a pawtee the previous night which may have accounted for the 16 errors and the 17-1 shellacking.

CALLED OFF — D. M. McDiarmid, sponsor of Mac's softball team, and Elihu (Dot) McGee, manager of Celes King's team are telling how lucky they are having had their opening game called because the regulation umpire failed to show at game time on the Baldwin Hills diamond. Their game has been rescheduled for this Sunday. (Young)

"THE TEE" with MAGGIE HATHAWAY

Charles Sifford will never know how many people in America pulled and prayer for him to win the Greensboro, N. C. Tournament. On the beach, the bars, in classrooms, poolrooms, planes, trains and even a lady on the Adams bus called out to the news vender, "What did Charley shoot today? Is he still in the lead?"

Well, we have "read and wept" that Charles did not win the first PGA tournament that the first Negro was allowed to play in the South. He came in 5th but even though he did not win first prize he won $1,300 and that isn't exactly "chicken-feed."

Tough and rough Mike Souchak (sounds like he's Indian) dogged Charles from the second day to the last and won with 70-68-69-69. Sifford shot 68-72-70-75. We would not be guessing if we would say that the pressure was so great on Sifford that he probably wished that he had invited his personal physician to caddy for him. You can measure the pressure by his scores. The complete field of 150 top, tough professionals were all after Charles Sifford.

We are proud that Charles made history but we believe we have found (and we have spent years searching for this information) who was the first Negro to play and make history in golf.

It happened in the 2nd National Open Championship in 1896. This tournament was held on the 18-hole course of the Shinnecock Hills Golf Club, Southhampton, N.Y. on July 18. Like the first Open, it was a sideshow to the Amateur. There were 35 entrants and 28 finished the 36 holes.

The course only measured 4,423 yards, the shortest in Open history and Jim Foulis, a Scottish professional representing the Chicago Golf Club, won with 78-74, 152.

The highlight of this tournament was when John Shippen, a 16-year-old Negro lad, was allowed to play. He played an excellent game which he had learned as a caddy at Shinnecock Hills where his father was a minister on the Indian reservation.

Shippen tied for 5th, shooting 159, and the golf gallery raved over his near perfect form. (Thanks to Bill Spiller for this valuable piece of history in golf which was found in the Cherry Hills Country Club catalogue of Denver, Colo.)

Is the leopard changing his spots? Gary Player, South African (white) made a statement last week that Charles Sifford should be allowed to play in all southern PGA tournaments. Player recently won the Masters and he hails from Johannesburg where Africans have to carry a pass book to walk (and we don't mean "walking on the golf course.")

Emile Griffith To Defend Title Here May 27

Olympic Auditorium boxing promoter George Parnassus announced he has inked Emile Griffith, world welterweight champion, and Gasper Ortega for a championship bout for May 27.

This will be Griffith's first title defense since he knocked out Benny (Kid) Paret of Cuba for the title on April 1 in Miami Beach.

Ortega, classy welterweight who has met the best in the business, defeated Benny Paret here in the non-title bout and stands a good chance to lift Griffith's title in May.

May Get Top Go

Provided he wins his bout tonight, Thursday, at the Olympic, Big Jim McCarter wants to challenge the winner of the Zora Folley-Alejandro Lavorante 12-rounder, set for May 11 at the downtown fight club.

Playground Boys Track Meet Slated

Shirley Hoyte Wins 1st Prize in School Contest

Shirley Hoyte, carefree and charming B-8 student attending Garden Gate High, was winner of the first prize when the school observed Quiet Week, April 10 through 14.

The idea as conceived by the Student Council of Garden Gate, of which Paula Naulls is president, is that the student receiving the most signatures from her teachers as the one that is most quiet during class periods, in hallways and during lunch time will be given credit. The winner is determined by the number of teachers signatures.

Miss Hoyte was declared the winner. She is interested in furthering her education by attending a Southern California college. Runners-up in the popular contest were Lorraine Elie and Barbara Lewis. All three of these young ladies will share the honor of being the "Girl of the Week."

The council has plans for many projects of this nature in an effort to stimulate greater interest in the school, the class and each of its students. This contest will be followed by Golden Rule Week and Courtesy Week.

AKA Sorority Workshop Series Meeting Success

In keeping with its emphasis on community service, Alpha Gamma Omega Chapter of Alpha Kappa Alpha Sorority presented its first session of a series of three workshops on "Today—A Blueprint for Tomorrow" on Monday, April 10, at 7:30 p.m. at Southwest Presbyterian Church, 1611 Leighton avenue. These workshops were designed to provide community leaders with information about the problems of today's youth so as to enable them to guide and inspire the teenagers and bring about a general improvement in their attitudes.

Greetings were extended by Johanna Sutton, chairman of the Community Participation Committee, and Mary King, national committee chairman. The session was then turned over to Mrs. Beulah Marks, vice principal of Budlong Avenue Elementary School, who was the leader for the evening.

Mrs. Sue Bowdan, principal of 97th Street School, stated that most children are anxious to come to school and it is up to the principal and teachers to try to maintain their positive attitude towards school. The parents, too, must do their part by giving children the proper basic behavior patterns.

Mrs. Clarice Hernandez, girls' vice principal at Foshay Junior High School, informed the group that many pupils lack a proper place to study and consequently fall behind in their school work. She also feels that too much emphasis is being placed on college for those who are not qualified.

Mr. Avery Smith, counselor, Fremont High School, presented figures which prove that the average student entering the tenth grade has a reading level of the sixth grade, ninth month, and an arithmetic level of the seventh grade, second month, which is one reason for the high rate of dropouts.

Dr. Cleo Hearnton, professor of education at Los Angeles State College, said that the high standards approach is the best method for arousing interest and keeping children in school; however, parents need to know what is required of children.

After the talks, a question-and-answer period followed with good audience participation.

Employment will be the topic at the next series and the speakers will be: Mr. Preston Taylor, Los Angeles Urban League; Mr. Carl DeVilbiss, Ralph M. Parsons Company; Mrs. Gloria Malone, Pacific Telephone Co.; Mrs. Alice Long, California State Employment Department.

Social Adjustment will be the topic on April 24 and the resource people: Mrs. Eleanor Singleton, casework specialist, Volunteers of America; Miss Opal Jones, executive director, Avalon Community Center; Mr. Judson Howard, Los Angeles Health Department, Southeast Health Center; and the Rev. Fred E. Stephens, pastor, Bethel A.M.E. Church.

Those interested in attending the remaining sessions are urged to register before the session that starts at 7:15 p.m.

"A Raisin In The Sun" At Warners

IN CONCERT—Leontyne Price, American soprano, who will sing in Pasadena Civic Auditorium, Friday evening, April 28, made musical history around the world, when in 1960 she was the first Negro to be invited to sing with the famed La Scala Opera Company, in Milan, Italy. At that time she sang the title role in "Aida" and received ovations that sky-rocketed her name to the very heights in musical circles around the globe. Since then she has sung with the Metropolitan Opera and with the San Francisco Opera Company. Her first love, however, is still the concert stage, she confides. When she sings in Pasadena Civic Auditorium, she will include the works of Handel, Schubert, Cilea, Poulenc, and Samuel Barber, and as always, her beloved spirituals.

Hansberry Stage Play Now Filmed

One of the biggest Broadway hits in recent years and winner of the coveted New York Drama Critics Circle Award, "A Raisin in the Sun," is brought to the screen by David Susskind and Philip Rose and begins an exclusive engagement at the Stanley Warner Beverly Hills Theatre, Thursday, April 20.

ORIGINAL BROADWAY CAST

The Columbia Pictures release stars Sidney Poitier with Claudia McNeil and Ruby Dee and features Diana Sands, Ivan Dixon, Louis Gossett and John Fiedler, all members of the original Broadway cast. Under Daniel Petrie's direction, "A Raisin in the Sun" tells the poignant story of a Chicago South Side Negro family who seeks to better its position and find security in life.

HANSBERRY CLASSIC

Written for the screen by Lorraine Hansberry, who also wrote the play, the picture is rich in humor yet contains some agonizing pathos. A major portion of the film was shot on location in Chicago to give the production the realism and honesty impossible in a motion picture studio.

TOGETHERNESS — Rudy Dee and Sidney Poitier appear as husband and wife in the current Stanley Warner Theatre in Beverly Hills attraction, "A Raisin in the Sun," a David Susskind and Philip Rose independent production for Columbia Pictures release.

GORDON'S NATAL DAY

Needless to say I have been very busy with last-minute tax clients, plus the liquor store and my trip last weekend, so I really have nothing to report, except that tomorrow, the 21st, is my birthday. However, in view of the fact that you have been kind enough to suffer through this column weekly, I shall endeavor to scribe a few events for you.

Last Saturday, dead-tired, but with Madame L.P. along to help with the chauffeur chores, I drove to Springfield, Mass. to pick up my Aunt, and was the house guest of Mr. Alexander Ward while Mrs. Marie Forde did the hostess honors for Laura.

It was a most pleasant visit, with delicious food, including a swinging pizza pie on arrival and a chicken and waffles brunch before leaving on Sunday.

Met several very nice people, and visited with my good friends, Mary & Harry Jennings, and their lovely daughter, Melanie. Played some table tennis with Harry, and regret to report the passing of his mother the following day.

GORDON GOES DRAMATIC

The return trip drive was beautiful, and I was in time to give a performance of "Present Pleasure" at the Church of the Masters, with my co-cast of Helen Martin as my wife, Louise Stubbs as the case worker and little Gerald Wimberly as my son.

Ed Reynolds continues as our talented director. The audience reacted most favorably to the show, and we now have several more performances scheduled.

JOVIAL JACKIE ROBINSON

Had a chance one day while I was downtown having some work done on the Rambler, to ride across town with Jackie Robinson, in his beautiful Chrysler. Jackie is looking well and in excellent shape and mind, and sends his best to all his friends in California.

FOXX THE MOST

The Apollo Theatre has been jumping with the Count Basie, Redd Foxx, Lambert, Hendricks & Ross, and Norma Miller Dancers show, so that the complete show has been held over for another week. Starting tomorrow on R. & B. show will do a week, headlined by the new Dr. Jive, Reggie LeVon.

BROADWAY WITH A BEAT

At Basin Street East, its the talk of the town that the First Lady of Song, Miss Ella Fitzgerald is knocking them dead with her songs and the comedian, Jose Jimenez, has them in the aisles with laughter, while Derek Smith and his Trio are the only sobering influence for the capacity dinner and late show audiences.

I plan to catch the show this

Sweepstakes winner Scatman, west coast night club and television star, joins Dooto's top comedy roster which includes the veteran comedians Redd Foxx, George Kirby, Allen Drew and Don Bexley. Dooto Records, the nation's greatest producer of comedy records, was first projected into prominence a few years back by their record "Earth Angel" by the Penguins.

'Rachel Cade' Stars Galore Set to Score

"Rachel Cade," in which numerous Hollywood supporting actors have key parts and Errol John, Woody Strode and Juano Hernandez have pivotal roles will begin a multiple run in more than 20 Los Angeles theatres on April 26.

Starring beautiful Agie Dickinson, Roger Moore and Peter Finch, the film is a sensitively handled story about sanctity and sin set in the Belgian Congo during World War II.

DOUBLE HEADER

Coupled with the million dollar production will be Clark Gable and Sidney Poitier in "Band of Angels."

Adapted from the best-selling novel by Charles Mercer, "Rachel Cade" is certain to win friends among persons who have deplored the past Hollywood treatment of Africa.

PROFICIENT PERFORMERS

John, Strode, Hernandez, Rafer Johnson and Frederic O'Neal, whose roles motivate the story, appear as highly articulate, intelligent persons who are concerned mainly with preserving their cultural traditions.

Exciting and moving entertainment, "Rachel Cade" has been described by some critics as a sure-fire hit.

SWINGINEST DEALS FOR RUBBER WHEELS—Harry Walker stellar sales representative at the Vernon and Crenshaw headquarters, happily added Milton Trenier to his rapidly increasing list of satisfied General Tire Company customers. Harry proudly presented Milton with an unconditional guarantee for the purchase of the world famous General Dual 90 tires, virtually assuring this popular member of the Trenier family, who is now making it as a solid single, of endless miles and trouble free miles of driving. HAVING FLING AT PLAYERS' RING — Lorraine Hansberry, authoress of "A Raisin In The Sun" wrote in a letter to the producers and entire cast at the Players' Ring Theatre, 8351 Santa Monica Blvd., just east of La Cienega, "I am deeply moved that such loving art was summoned by what must be a distinguished company to present my play." This prize-winning comedy-drama is enjoying a successful extended run at the Players' Ring with an exciting cast headed by Juanita Moore, and Morris Erby. This powerful play is a must for everyone in Los Angeles to see. Why not take advantage of the liberal discount rates being offered to church groups, social clubs, and charitable organizations? Arrangements can be made by calling Mrs. Kelley, OL 4-0456, at the Players' Ring Box Office, daily 10:00 a.m. till 5:00.

post isn't a bad idea!

BUCK CLAYTON—Famed musician and his combo will provide the background for Jimmy Witherspoon's 22-day one nighters in London, Switzerland, Germany and Holland. He jetted out last Friday morning!

DOROTHY JOHNSON — When the noted school principal at Garden Gate High announced to her friends that she was taking treatment from a chiropractor they thought she had flipped her lid but now that she's looking like a living doll they are really flipping!

THELMA HAYES—Les Dames club members are saying she is on a three-month leave from the club; she says she's had it!

WILLIAM LANIER — Ex-Jet photographer is up in Archie Moore's San Diego camp cooking, keeping the champ's weight down and his up while waiting to go to New York in May.

BARBARA O'NEIL — Curvy cocoa brownskin AKA sorority member with a flair for writing wears clothes like one of Bill Stewart's fashion models!

HERMAN RILEY — San Diego's tenor sax man who won honors at the College Jazz Festival is only 26 years old and is already being talked about as the successor to Charlie (Yardbird) Parker, Dan Webster, Lester Young and Sy Oliver. He sits in when he comes to town with Marty's Allstars and they really cook!

PAUL & CHARLES — They boast just about the town's prettiest elbow benders on Sunday eve., at their plush Caribbean Cocktail lounge on West Adams!

SPIDER — Hangover and Elbow Benders softball scouts passed over him and today he is signed with no team. Wonder why!

COMING UP — A real juicy item will be the next telephone conversation that will keep the wires humming in the Baldwin Hills-View Park section. It involves a friendly blonde, a new resident whose wife has green eyes and the fact that those weekly meetings aren't just an accident!

BILL WATKINS — He insisted to the "boss" that he isn't selling his Watkins Hotel and since this is the most widely read pillar in the world, Mr. Watkins wants the world to know he isn't selling!

LUCY ADAMS — Among the finest school teachers in retirement and a school official at Dorsey High knew it. He asked her to come out of retirement and take a class for a couple of weeks and she's been the most refreshing thing to happen to Dorsey High in two years!

RIFF—That beef developing between two radio personalities is building up to fever pitch and it's all unnecessary, both have worked hard at their respective jobs and if either loses his post the entire radio staff will suffer; so grow up!

Biggest Names Set to Perform For Ninth Year

The ninth annual season of summer entertainment at the Greek Theatre, under the direction of James A. Doolittle, will open Friday, June 23, with the clown prince of the keyboard, Victor Borge. His perennial, laugh provoking "Comedy in Music" show is full of new surprises according to advance notice from the great Dane himself, and will provide an evening of lampooning from Bach to boogie-woogie and Chopin to Castro!

HARRY BELAFONTE

FAVORITES RETURN

Returning to the Greek Theatre stage they know so well are Jose Greco and his Spanish Ballet; Harry Belafonte in a new show featuring Miriam Makeba, African song stylist; and the ever-brilliant New York City Ballet in their sumptuous production of the full-length "Nutcracker" and a repertory program of three Los Angeles permieres.

New faces at the amphitheatre this summer will be Roger Williams, Al Hirt and the Belafonte Folk Singers in a program of their musical specialties; "A Summer Song Fest," show built around the versatility of the ever popular Nat King Cole, and as a final event, the first American appearance of the famed Greek Tragedy Theatre from Athens in their acclaimed production of Sophocles' ageless classic "Electra."

NATIONAL TOUR SCHEDULED

The latter company is being brought to the United States by the Greek Theatre Association and will do a national tour under its auspices.

Further information on programming and dates will be announced shortly.

REFRESHING — Nathaniel 'King' Cole, the cool one, who appeared in a singsational vocal role for Hamm's Beer, again proved that he is the greatest thing on video for anyone's dough. That good looking KTTV Channel 11 presented the incomparable one in an hour long song filled tour of Paris, Rome and London. The 'King' was ably assisted by the English comedian, Dave King, the Marino Martino Quartet, Fred Grifferiths, Leon Curtiz, Andre Charise, Victor Bearing and Jack Powell's orchestra. Everyone is urged to write KTTV Channel 11 and the Hamm's Brewing Company and implore them to give us more of sartorially resplendent Nat King Cole, who is one of those rare blendings of technical musical knowledge and sheer performing artistry, topped off with an abundance of showmanship.

SOUL JAZZ STAR — Rafters may shake, the earth may quake, but music lovers will know everything is jake when they make the scene to dig the mean sounds of the blues thriller, diller, "Big" Miller, who will head a host of singers, dancers and entertainers at J. Paul Madsen's Saturday night soul jazz session, April 29, at the Wilshire Ebell Theatre. Since the seating capacity is somewhat limited it is suggested that you purchase your precious 'pasteboards' well in advance and don't take a chance on missing "Big" Miller who unquestionably packs more blues' bounce to the ounce.

week and will report more accurately when I have. The last two shows there have been 'boss', with the Benny Goodman Orchestra, featuring Red Norvo and Zoot Sims, lovely and swinging vocalist Maria Marshall, and the ole master, Little Jimmy Rushing singing the blues. That show was followed by Errol Garner and the Trio, and now Ella. What more could one ask?

I think I'll start celebrating my birthday early, so I'll close for now. Take it easy and if I am in shape by then perhaps I'll shoot another few lines to you next week. Okay? Swell. See you . . .

Fans to Attend Baseball Clinic

Thousands of Southland boys—and dads — will converge on the Los Angeles Memorial Coliseum Saturday, April 22, to get inside tips on diamond action from top horsehide stars, when the first annual Dodger Baseball Clinic is staged by the Los Angeles City Recreation and Park Department.

On hand to offer valuable instruction to youthful "stars of the future" will be Gil Hodges, first base; Bobby Lillis, second base; Bob Aspromonte, third base; Maury Wills, shortstop; Norm Sherry, behind the plate; and Roger Craig.

DORSEY, MANUAL BOTH WIN MEETS AS SHOWDOWN SET

It's getting near showdown time for the Southern League's two top track and field teams, with Dorsey and Manual Arts both winning their meets last Friday.

The Toilers eliminated Los Angeles High from Southern League contention by posting an impressive 64½ to 39½ victory. Manual and Dorsey's big meet is scheduled for April 28 at Dorsey and at stake is the championship.

When Dwight Middleton flashed to a 49.9 400 and Manual's William Cook churned the century in 9.7 and teammate Michael Jones leaped 23-4 in the broad jump.

Jefferson High, favored to beat Fremont in their dual meet, came out on the short end of a 56 to 48 score. Highlight of the meet was Fremont's 15-year old Robert McKeever, sentational broad-jumper. McKeever, a 5-9 junior who is heading for a bright track career if his class work matches his broadjumping talents, powered to a leap of 24-1½" which is the nation's best mark of the season.

McKeever's broad jump marks are no fluke. Last week he posted a 23-2 mark and in Friday's meet he registered leaps of 22-10, 22-8, 22-5 and then 24-1½. In other meets Jordan dumped Gardena 72 to 32; Dorsey nodded Washington 60 to 44; Loyola 54; Cathedral 50; Serra 102; Mt. Carmel 2; and Norbonne took the measure of Riis 74½ to 29½.

Ron Stewart Scores Double for Jordan

Ron Stewart, Jordan High sweet striding hurdlers, scored a double as Jordan ran away from Gardena 72-32 in a Marine League dual meet last Friday.

Stewart skipped over the lows in 14.4 to register the best time in the city for that event. He fought off his running mate Lawrence Mills also of Jordan in the highs to take the 120 highs in 19.7.

ALL SHOOK UP — Barbara Steele is captured in one of the scenes from American International's "Black Sunday," currently frightening the yell out of you at the Manchester Theatre, Broadway and Manchester Boulevard. Make it if you can take it!!

Tom Mboya

(Continued from Page 1)

Southern whites is the same as that of the white settlers in Africa. This country's treatment of its Negroes strengthens the hand of racists such as South Africa's premier, Dr. Verwoerd, who can —and does—point the finger at Mississippi.

Back Segregation

MISSIONARIES — Missionaries preach brotherhood, equality and Christianity, but they live with the other whites in segregated areas, accept segregation and the privileges that go with it and the colonial policies of their governments; although there are exceptions, such as Father Huddleston of South Africa. (Mboya said he was first educated at a Catholic mission school and is still a Catholic.)

AFRICAN 'READINESS' — If the Congo or Angola wait another 50 years—given the policies of Belgium and Portugal — they would be no more "ready" to govern themselves than they are today. There can be no development toward freedom so long as the colonial powers are in control.

The policies of Belgium and Portugal are open and brutal; those of France and England more "subtle," but essentially the same. They educate a few bright young men from the colonies, but not to prepare their possessions for independence; rather to justify their own rule.

AFTER INDEPENDENCE — The fight against colonialism is not an end in itself, but a beginning. Africans want independence as a means to an end—to restore the African's awareness of himself, to reestablish a sense of human dignity, to conquer disease, poverty, ignorance, degradation.

AME Pastor

(Continued from Page 5)

Earl Warren, and all persons who believe in democracy and equal rights for all citizens.

Dr. F. E. Stephens, the pastor of Bethel, supported this expression. A resolution was read by Rev. V. M. Townsend, Jr., and supported by Dr. Stephens, that the work of the Committee for Representative Government be endorsed and that every action possible be taken to urge the Committee on Reapportionment to redistrict the state without gerrymanding.

The Conference closed with a musical festival of choirs from Bethel, Second Church, Walker Temple, Brown Memorial and First Church of Pasadena. Rev. E. P. Williams was in charge of the service.

City Women's Annual Golf Meet Schedule

The 30th annual Los Angeles City Women's Golf Championships will be staged on Griffith Park's Wilson Course from Tuesday, May 16, through Thursday, May 18.

Feminine swingers planning to enter the tourney were advised by Mrs. Lewis Larmore, general chairman of the committee in charge of arrangements for the linksfest, to file their entry blanks and fees as soon as possible, because the field will be limited to the 100 entries with the lowest handicaps.

Sites Named for Boys Summer Baseball Camp

Plans for a new innovation in baseball for Southern California youth, the Golden State Summer Baseball Camps, are nearing completion at two sites in Covina and Costa Mesa.

Owners Cliff Crowder and Dave Taylor, originators of California's first away-from-home baseball camp for boys, have announced that the first session for boys eight through 18 will begin June 18.

The camps will utilize the facilities of the California Baptist Seminary in Covina for boys eight through 12 and Southern California College in Costa Mesa for boys 13 through 18.

Boys will be housed in clean, modern dormitory rooms at each camp and will enjoy wholesome food prepared by competent dieticians.

Baseball instruction will be conducted on a spring training professional basis by professional coaches.

Dick Adams, baseball coach and director of athletics at Santa Fe High School, Santa Fe Springs, has been named head coach at the Costa Mesa camp. Adams, brother of the well-known Bobby Adams, has had 10 years of organized baseball experience plus seven years in the coaching field.

Claims He Is Named In Her Will

Prince Modupe Paris, who claims that his royal lineage stems from his mother's ancestors in Guinea, although he is a citizen of Nigeria, emphatically denied Monday that he had in any way defrauded an elderly spinster, a member of the wealthy and prominent Ducommun family, of $40,000.

The prince was accused in a citation, on which testimony was heard last Wednesday before Judge Clyde C. Triplett, of obtaining sums of money from Miss Berthe C. Ducommun, 87, by false representations.

MENTIONED IN WILL

Modupe told the Eagle that the sums mentioned amounted to only $8,000, not $40,000. He also advised, however, that the elderly heiress had told him on many occasions that she had taken care of him in her will.

Figuring prominently in the hearing, which will be resumed on May 22, were gold and diamond mines in Sierra Leone, on which Modupe gave Miss Ducommun a third interest on Dec. 4, 1944.

Modupe said his mother had told him he had inherited the property but that he later found out that his sister laid claim to the land and the title was not clear. Miss Ducommun apparently had written to the United States consul in Freetown, Sierra Leone, and had also obtained information that title to the land in question was cloudy.

COMPANION

The prince told the Eagle that Miss Ducommun's family last year had sent her to Europe and that he has not been able to contact her since her return.

He said that prior to that, however, he had worked for her for many years, first as chauffeur and in more recent years as a companion who took care of her, read to her since her eyesight was failing, took her for walks, and otherwise assisted her.

He said that the money she had given him was partly pay for his services and partly to assist the African organization which he heads, the All Africa Society for International Cultural Exchange.

DENIES SHE'S SENILE

He denied that the elderly woman is senile or incompetent.

The citation against Modupe, who is being represented by Atty. Leon Thompson, was brought as a result of a petition filed by the Security First National Bank as conservator of Miss Ducommun's property.

Prince Modupe is an author, singer and producer and he claims that Miss Ducommun was his business partner in the late '30s and '40s in various stage and motion picture ventures.

HI, THERE—Four-and-a-half-months old Diane Thomas, daughter of California State Athletic ring official, John Thomas, registers surprise when informed over phone that her picture will be in the California Eagle. Mrs. Thomas, baby's mother, is employed at Thrifty Drugstore on Washington and Central.

African Students to Hail Sierra Leone

The independence of Sierra Leone will be celebrated by African students here in Los Angeles Thursday, the same day the people of that West African nation will be raising high the standard of freedom in their capital city of Freetown.

The flag of the new nation — the 29th in Africa to obtain its freedom—will be raised in a ceremony at City Hall Thursday morning. In the evening, 200 will attend an invitational dinner in the Chalon Mart Restaurant.

LINKED TO BRITAIN

The local festivities are under the directions of three residents of the city, all of whom hail from Sierra Leone. They are Peter Renner Jr., president of the Sierra Leone Students Association, and a graduate of Heald's College in San Francisco; his wife, Rose; and his older brother, William Renner, Sr.

The new nation that lies north of Liberia and that boasts one of the finest ports in all of West Africa, will remain a member of the British Commonwealth and will pattern its government along the lines of the British parliamentary system, with a governor-general representing the Queen.

Population of the country, which has been under British domination since 1788, is estimated at 2½ million.

Sierra Leone exports a large number of items, including iron ore, hides, rice, cola nuts, gold and diamonds.

Chairman of the meeting planning the local events was Olu Delu of Nigeria, a USC graduate student who is president of the African Student Council.

Castro Prepares for U. S. Intervention; Blockade Pondered

What went wrong? Who was responsible?

How did it happen that the invasion of Cuba that had been plotted, encouraged, financed and directed for almost a year by the top secret, hush-hush Central Intelligence Agency ended in less than 72 hours in a crushing failure and a humiliating defeat?

But even while the extent of the fiasco is admitted, there are strong indications that plans are being considered for a new attempt to overthrow Castro, an attempt that this time will be better prepared, more massive, more punishing.

Pres. Kennedy, in his speech last Thursday to the American Society of Newspaper Editors in Washington, gave clear indication that this country is prepared to "go it alone" if necessary to safeguard the "security" of the United States, presumably from Cuba.

Former Vice President Nixon came out strongly for U.S. intervention, but spoke of the necessity of finding a legal cover for the action.

FIGHT TO CONTINUE

Adolph A. Berle, the State Department's top advisor on Latin America, said Monday that the Cuban struggle against Fidel Castro will continue until Cuba is once more "free."

Columnist Drew Pearson, also on Monday, said that Kennedy's emergency conferences "all point to an arms blockade of Cuba." He claimed that efforts are being considered to find "legal justification" that would gain the support of Latin-American countries.

An armada of the United States fleet and air force was reported Saturday to be in readiness in the Southern Atlantic off the Florida coast. Two Russian destroyers are also reported in the same area, presumably prepared to protect seven Soviet freighters and six trawlers cruising in the waters outside Cuba.

WOUNDED BEAST

Castro, speaking over radio and television in Havana Sunday after he returned from the front where he personally led the island's defenders, made it clear that he is aware that although the first battle has been won, the revolution is still in great danger.

"Imperialism has taken a hard beating," he told the Cuban people and then warned, "but it is now like a wounded beast."

The Cubans must not rest. "We must concentrate our all on defense."

Meanwhile there is no longer any attempt to cover up the role played by the Central Intelligence Agency in training, counselling and equipping the anti-Castro exiles both in this country and in Guatemala.

TWO BLUNDERS

It is conceded that the CIA made two grave blunders — in counting upon an immediate anti-Castro uprising that never materialized, and in under-estimating Cuba's military strength

Fair Housing Bill Changes May Be Made

SACRAMENTO — Whether the Assembly Ways and Means Committee will reverse itself and finally approve the Hawkins Fair Housing bill was an open question this week as disappointed supporters tried to find the two additional votes they need to get the measure out of committee and on to the Assembly floor.

The bill got Ways and Means Committee approval last week by a ten to 9 vote but under the rules it must receive at least 12 votes. Assemblyman Hawkins, the bill's author, said this week that he is trying to find the two additional votes that are needed.

GOP Opposition

The bill's defeat was traceable directly to united Republican opposition. Six GOP committee members voted against it while three Democrats joined the opposition. Surprisingly enough, one of the opposition votes was cast by Assemblyman Carley Porter of Compton who has a large Negro constituency. Other Democratic opponents were Lloyd Lowrey and Eugene Nisbet. Two Democrats and one Republican were absent.

The Eagle learned that attempts will be made to amend the bill to meet some of the opposition, including limiting it to a prohibition of discrimination in "publicly assisted housing." Under that proposed amendment private owners would be free to discriminate if they choose in sales or rentals. Publicly assisted housing includes public housing and homes constructed with FHA and VA loans.

State Enforcement

Backers of the bill are said to be willing to agree to a limitation of the bill to publicly assisted housing provided enforcement is lodged in a fair practices commission and the coverage of the bill is extended to include Cal Vet housing and to prohibit discrimination by lending institutions.

The state's present fair housing bill can be enforced only by a suit filed by the person who is discriminated against. One of the advantages of the pending measure is that it would require the state to enforce it through a broadened FEP commission.

TIME OUT — Nigeria's Jaja Wachuku got in 40 winks as the U.N. debated the Cuban resolutions. The fireworks passed him by.

Divorcee Fires Gun At Door

Bullets and an assortment of objects including a coffee pot, a candy jar and a brick whizzed through the air early Saturday morning at the home of Mrs. Exie Bee Terry, 8909 S. Crocker Street.

Mrs. Terry was firing the shots from a loaded gun she keeps under her pillow. The brick and the utensils were hurled at her by her former husband, Arcecil Terry, 39, a hod carrier, who said he hurled the hardware in an attempt to deflect Mrs. Terry's aim.

FLED

He did not succeed, however, and she wounded him twice, in the arm and in the chest.

When he realized he had been shot, he ran out the front door, managed to get to 88th and San Pedro streets where he hailed a passing car. The driver called an ambulance which administered first aid and then took Terry to the hospital.

Mrs. Terry told police that Terry had awakened her with a telephone call about 3 a.m., during which he cursed her and tried to get her to agree to sell the house which had been awarded her in their divorce settlement.

FIRED THROUGH DOOR

About two hours later, she said, he came to the front door and started kicking it down. Awakened by the noise, she reached under her pillow where she kept the loaded weapon and began firing through the door.

Although Terry heard a shot and saw a small hole in the door, he continued kicking it in until he could open it. Then he ran through the house, picking up any object he could find while his divorced wife kept firing the gun. In all, she fired five shots.

Mrs. Terry, 44, a day worker, told police this was not the first time her former husband had tried to break into her house. She said that on previous occasions he had threatened to kill her and that she had obtained a court order restraining him from attacking or molesting her.

La. Parish Oks Closing Of Schools

GREENSBURG, La.— St. Helena Parish, one of the Louisiana counties that is under investigation for barring Negroes from the polls, voted Saturday by an overwhelming majority to close down its schools rather than give up segregation.

The vote was 1147 to 57 to deprive children of a public school education. Only four Negroes out of 4700 of voting age showed up at the polls.

According to state law, the vote gives the parish school board the right to close public schools and makes parish students eligible for individual education grants from the state for use in private schools.

Negroes have challenged the state law, and it is now under consideration by Judge John Minor Wisdom of the U. S. Fifth Circuit Court. Questions asked by the judge at a hearing early this month indicated the law might be thrown out as unconstitutional.

The St. Helena school board has indicated that it will defer action on the closing of the schools until the court has decided the constitutional issue.

HE'LL BE WATCHED — Dennis Johnson, San Jose's lightning, but controversial sprinter, will face a strict starter in Red Guyer, ex-Trojan, in the 100-yard dash at Mt. San Antonio relays Saturday.

Starter Will Keep Eyes On Sprinter

By EDW. "ABIE" ROBINSON

Dennis Johnson, the fabulous flyer from San Jose, has come to town for the Mt. San Antonio relays and has high hopes of entering into the charmed circle by running the 100-yd. dash faster than any man in the world.

The 21-year-old Jamaican is the most talked about sprinter since Jesse Owens and he has three times tied the 9.3 world record. He has also caused the biggest cinder rhubarb since Wes Santee was ruled a pro.

SLOW 'GET SET'

Coaches claimed that Johnson comes up slowly at the starter's "get set" command. Some rival sprinters insist he waits too long and this, they say, is not only illegal but unfair to other runners who are up there tense and holding.

Olympic 100-meter champ, Armin Hary, has been accused of using the slow "get-set" tactics and while Johnson was in Europe he is said to have copied the idea from Hary.

Monday at the weekly track writers luncheon at the Cameo Room Johnson's controversial start was aired thoroughly by coaches and officials present and it was emphasized that there will be a "strictly legal" start when Johnson and the other sprinters take to their starting blocks Saturday.

GUYER STRICT

It was even hinted that the starter has the power to make a ruling of unsportsman-like conduct if Johnson in his opinion is using unfair tactics.

Red Guyer, ex-Trojan sprinter, who fires the gun for the big race said he would instruct the runners to come up together. The race, with a seeded field of nine, gets under way at 2:20 p.m. when the track fans may decide the issue themselves.

Party Noisy, Landlord Kills Guest

A landlord, angered at a noisy party given by two of his tenants, shot and killed one of the guests early Saturday morning.

The irony of the shooting was that the slain man had been trying to act as peace-maker.

SHOT IN CHEST

Fred Davis, 28, of 6723 S. Main street, a repairman, was shot in the chest by a shot-gun blast. He was taken to Morningside Hospital where he died.

Arrested and charged with the shooting was John Turner, apartment house manager at 128½ W. 70th street.

Joseph E. Johnson, of 128¾ W. 70th street, and Richard C. Green, 128¼ W. 70th street, where the party was being held, said that Turner came to their door, carrying a shotgun, and told them to be quiet and said it was time for the guests to go home.

FOLLOWED HIM

Johnson and Green followed the landlord back to his house and began arguing with him over interferring. Turner told them to get out of his house, and fired one shot in the air to let them know he meant business.

It was at this point that Davis intervened; trying to persuade his friends to go home and forget about the incident. Davis was standing at the door at the time.

Turner, the witnesses said, lowered his gun at Davis and fired twice.

Turner told police that he fired in self-defense.

Police Book Husband for Wife Beating

Harry Wimbush, Jr., 22, of 838 E. 95th street, was booked at Firestone Police Station after he admitted he beat and kicked his pregnant wife, Mable Wimbush, 18, last Monday night.

He claimed he beat her after she attempted to cut him with a butcher knife. She said that he blacked both of her eyes, knocked her to the floor and kicked her several times while she was visiting her mother at 8321 Holmes avenue.

Ruby Lee Wickliffe, who witnessed the beating, denied that a butcher knife was displayed or used at any time.

Stomps Wife

Jimmy Caraway, 29, of 4075 S. Broadway, came home about 6:15 last Friday evening and found his wife, Mae Lessie Caraway, lying on the couch in the living room.

She told police he became so enraged because his dinner was not ready, that he jumped up and down on her stomach several times, then threw a bowl at her and left the house.

Loren Miller says . . .

ALL SNARLED UP

If Malcolm X doesn't mind my saying so, I think his communications with heaven are all snarled up. He told his listeners last week that they should pray for the whites, that is pray for them to be stricken with disease, tornadoes and death. Presumably, the Muslims have been sending up such petitions for some time now and if they have they're not getting very far.

I took a look at health statistics last week and found that the death and disease rate among Africans is considerably higher than it is among Europeans and European descendants throughout the world. A white baby has a much better chance of living to manhood than a baby born in India, China, the Middle East or Africa and if he makes it past childhood the odds are that the white baby will live almost twice as long as his colored counterpart.

MORE SNAKEBITES

I couldn't find much on tornadoes but what I did dig up indicates that natural disasters are tougher on colored people than on whites. Just to be fair about it, I also learned that more white people die in airplane accidents than Africans and that more Africans and Asians than whites die of snake bite. Of course, that could be due to the fact that a relatively small number of Africans ride airplanes and that snakes are less common in New York, London and Omaha than in the African and Asian countrysides.

That leaves Brother Malcolm in something of a fix. Either heaven doesn't pay much heed to his personal prayers or the death and disease rate is determined more by advanced medicine and sanitation than it is by petitions to Allah. I incline to the second alternative. I hope my skepticism doesn't fret Brother Malcolm. I don't want him fluttering around asking heaven to increase my present ills and just before he goes that far I would

Prefer Kennedy To Jim Crow

It is reported from Washington that the White House News Photographers Ass'n will drop the color bar and admit one Negro member from the Baltimore Afro-American next month.

Reason given is that Pres. Kennedy let it be known he would not attend their banquet scheduled for May unless they changed their "whites only" policy.

'Cubans Are Our Friends,' Says Group of Negro Leaders

"Afro-Americans, don't be fooled—the enemies of the Cubans are our enemies, the Jim Crow bosses of this land where we are still denied our rights. The Cubans are our friends, the enemies of our enemies."

That statement was contained in a "Declaration of Conscience by Afro-Americans" that was printed as an advertisement, released by the Fair Play for Cuba Committee, in the April 22 issue of the Baltimore Afro-American.

27 SIGNERS

The declaration was signed by 27 Negro leaders and professional men and women who pledged themselves to resist armed intervention in Cuba.

Among the signers are William Worthy, Afro-American foreign correspondent who defied the State Dept. by traveling to China and who has also visited Cuba; Dr. W. E. B. DuBois; Dr. Lonnie Cross, professor of mathematics, Atlanta University; and Robert F. Williams, president of the Monroe, N.C. chapter of the NAACP.

The declaration says in part:

KNOW OPPRESSION

"Because we have known oppression, because we have suffered more than other Americans, because we are still fighting for our own liberation from tyranny, we Afro-Americans have the right and the duty to raise our voices in protest against the forces of oppression that now seek to crush a free people linked to us by bonds of blood and a common heritage.

"One-third of Cuba's people are Afro-Cubans, of the same African descent as we. Many of our own forefathers passed through Cuba on their way to the slave plantations in the United States. Those who remained on the island knew the same brutality that their brothers suffered on the mainland; after emancipation, they too knew disenfranchisement, they too became second-class citizens, peons exploited on the huge U.S.-owned landholdings.

"Today—thanks to a social revolution which they helped make—Afro-Cubans are first-class citizens and are taking their rightful place in the life of their country where all racial barriers crumbled in a matter of weeks following the victory of Fidel Castro.

"As Joseph Newman reported in the N.Y. Herald-Tribune March 23: 'Castro and Guevara are literally adored by the large number of poor and humiliated Cubans, especially the Negroes. They see these two leaders as saintly and honorable men, dedicated to removing injustices and discrimination.'

"Now our brothers are threatened again—this time by a gang of ousted white Cuban politicians who find segregated Miami more congenial than integrated Havana. . . This criminal aggression against a peaceful and progressive people must not be allowed to happen. But if it does, we are determined to do all we possibly can to hinder the success of this crime."

South Africans Stealing Guns

JOHANNESBURG, South Africa — A group of Africans last Tuesday reportedly broke into several armories and stole scores of guns for use in a revolt against South Africa's racist government.

Police arrested a number of men on the grounds of being implicated in the thefts.

DAR Rebuffed By White House

WASHINGTON — Pres. Kennedy reportedly has roused the ire of the capital's conservatives in recent days.

He is said to have refused an invitation from the Chamber of Commerce because of that organization's opposition to his program, and to have turned down a request from the DAR for a "members only" tour of the White House.

Slum Clearing Follows Fed'l Bias Pattern

WASHINGTON — Negroes have been excluded from 98 per cent of all Federal Housing Administration homes built since 1946, an NAACP spokesman charged here last week in hearings before the U.S. Senate Sub-Committee on Housing.

Jack Wood, NAACP housing specialist, termed the Administration's new housing bill, "a dynamic and comprehensive plan for rebuilding our cities."

SPAWNS SEGREGATION

He warned, however, that Federally-aided housing programs "have spawned a pattern of residential segregation and discrimination that grips this nation like a vise. The lack of a clear-cut federal policy has been interpreted as sanction for segregated housing by builders, lenders, and municipalities alike."

The Federal Housing Administration and the Veterans' Administration mortgage insurance programs during the last 27 years have been responsible for the all-white suburbs that ring our cities, Wood said.

Urban renewal, the federal program to end slums, has followed the FHA example, the NAACP spokesman pointed out.

WHITES ONLY

As a result "entire Negro neighborhoods have been cleared to make way for housing restricted to white families. Some integrated areas have been renewed on a segregated basis."

Wood declared that on a national basis Negroes constitute 56 per cent of the families being displaced and that in urban areas, Negroes constitute more than 80 per cent of the families confronted with displacement.

"The Constitution, the satutes, the innumerable court decisions and the will of the people — all mandate that federal funds and federal credit must not be used to strengthen or entrench practices of racial or religious discrimination," Wood concluded.

Birch Society Deals in Bias, Says Wilkins

CHICAGO — The John Birch Society was accused here this week of "trading on racial emotions" in its call for impeachment of Chief Justice Earl Warren.

Roy Wilkins, NAACP executive secretary, told the annual dinner of the Independent Voters of Illinois that the Birch group is against Chief Justice Warren for "handing down the 1954 school integration ruling."

Actually, Wilkins asserted, "the real target of the Birch Society is the function of the Supreme Court to interpret the guarantees of individual liberty in the Constitution."

Secretary Wilkins cited Mississippi, as an example, for its resistance to constitutional control over treatment of Negroes in the courts.

"It wants to be free in the future, as it has in the past, to utilize lilywhite jury panels, confessions extracted by torture, searches and arrests without warrants," and so on.

Floyd Patterson To Aid NAACP

NEW YORK—Floyd Patterson world heavyweight champion, will serve as national co-chairman of the NAACP's 1961 Fight for Freedom fund drive, Roy Wilkins, executive secretary, said here this week.

Patterson joins Jackie Robinson in chairing the campaign.

Robbery Suspect Shot in Stomach, Caught by Cops

An attendant at the Truckman Center gas station, 715 S. San Pedro street, told police that he shot a man who pulled a gun on him and demanded money about 10:30 p.m. last Saturday night. The man fell to the ground but got up and ran away.

Police searching the area, apprehended Edward Lee Bush, 21, who was limping, at Seventh and San Pedro streets. He was suffering from a gunshot wound in the abdomen. He was returned to the gas station where the attendant positively identified him. Bush, however, told police he was walking by the gas station when two men came running out and one of them shot him. He said he ran because he has a record and his parole officer wouldn't understand if he became involved.

Man Shot at South L.A. Pool Hall Critically Hurt

"I think I am going to die. That man is the man who shot me."

That was the only statement police could get from critically injured James Thursby when they found him, suffering from four bullet wounds, at a pool hall and recreation center at 9204 S. Grabham, Saturday afternoon.

"That man" to whom Thursby pointed was Primis Polk Jackson, 42, of 13112 Largo, Compton.

Jackson met the officers when they arrived and turned over to them a .45 caliber blue steel revolver, remarking, "I shot him because I thought he was going to shoot me."

Jackson fired six shots. One shot hit Thursby in the hip, another in the arm and two in the lower abdomen.

Witnesses to the shooting were: John N. Robert, 3949½ Dalton; Willie Arch, 100 E. 75th street; and Elmer Robinson, of 6911 Compton.

Male Use of Plastic Surgeon on Increase

Four Miss. Students Jailed for 'Ride-Ins'

JACKSON, Miss.—Negroes in Mississippi, the "snarling dog state," at long last are letting their voices be heard loudly in the long overdue fight for equality.

Medgar Evers, NAACP field representative for the nation's most backward state who has experienced a personal taste of its discrimination and bias, drew cheers and applause from a crowd that packed the Masonic Temple when he officially launched "Operation Mississippi."

TOOK 'WHITE' SEATS

The mass meeting had been called last Thursday to protest the arrest of four students who had staged the state's first "ride-in" the day before when they took "white" seats on a city bus.

Evers took the occasion to call for a full-blown attack on all types of segregation and discrimination in jobs and in the use of all public facilities.

He called for employment of Negroes in all Mississippi plants holding government contracts; he called for the hiring of Negroes on Jackson's police force; in the local internal revenue bureau and in the local VA hospital.

TIME FOR CHANGE

He told the enthusiastic crowd that the time has come when segregation must end in public parks, public libraries and buses and that it is long since time for removal of humiliating segregation signs in train depots.

The four students, out on $500 bond on charges of "breach of the peace," attended the meeting.

They are Misses George Anne Washington, 20; Doris Bracey, 19; and Walter Jones, 19, all of the Jackson College NAACP college chapter, and Johnny Barbour, 18, of Campbell A.M.E. College.

Their hearings were slated for Friday, April 21, in the same municipal court where nine Tougaloo College NAACP youths were tried March 29.

It was during that session that German police dogs were used to rout peaceful Negro citizens awaiting the results of the trial across the street from the courthouse.

Following that episode, the NAACP national office launched a drive for $40,000 to underwrite "Operation Mississippi" for a continuing campaign against oppression, persecution and discrimination in the "snarling dog" state.

'Y' Speaker Outlines African Camp Work

By C. MARIE HUGHES

The YWCA pioneered the first interracial work camp in segregated Africa, Mrs. Everett S. Calhoun, principal speaker, told YWCA luncheon guests at the Ambassador Hotel Monday. The topic of her address was "Pioneering for Peace in Africa."

The camp, Mrs. Calhoun said, was located in Southern Rhodesia. Four racial communities worked side by side in a great demonstration of fellowship and understanding.

TENSIONS EASED

The group lived together, worked together and played together as brother and sister, animated by a common purpose. As a result, conflicts and tensions ceased to exist, Mrs. Calhoun pointed out.

The three highest aspirations of the people of Africa, she said, are education, freedom and status. She expressed the opinion that the growth of the community and the peace of the world depend on the brotherhood of man.

Mrs. Calhoun, vice president of the national board and chairman of the Western Region, was one of the group of YWCA members who spent more than a year in Africa. As a result of her participation in the work camp she had an opportunity to observe how initial distrust slowly gave way to mutual confidence and the gradual emergence of native leaders.

FORCED TO LEAVE

Turning to the discouraging aspects of work in Rhodesia, the speaker mentioned the experiences of a dedicated worker who had lived for many years in Africa, but who finally arrived at the decision that he had to leave. He said he could not raise his children in an environment where hypocrisy flourished and the ruling powers had no intention of ever permitting racial equality to become a reality.

The talk on Africa was given at the 66th annual meeting of the YWCA of Los Angeles, at which Mrs. Paul C. Barnard, president of the local YW, presided.

Among community organizations honored during the meeting was Our Authors' Study Club. Mrs. Gaynelle Miles and Dr. Geraldine Woods, it was reported, are now serving on the club's new board of directors.

The Four Coquettes provided the musical entertainment for the capacity audience.

Sticking Up For Friend, Man Is Shot

Sticking up for a friend proved fatal Friday for Murry B. Dorty, 28, of 2952½ LaSalle avenue.

Dorty's friend, Johnnie Jones, of 1220½ Paloma, had had an argument earlier with Sherman L. Roberts, 47, of 1110 E. 12th street.

When Dorty met Roberts at 12th street and Central avenue, he took up the cudgels for his friend, and when the argument got heated, threatened to go get his brother and beat up Roberts.

Dorty left and Roberts reportedly went to his home, got his .45 colt automatic and then laid wait in his car.

When Dorty returned with Jones, Roberts opened fire, and struck Dorty between the eyes. Dorty died later in General Hospital. He is survived by his wife, Hollis.

Jones phoned police, but Roberts did not flee. He was waiting when the officers arrived and surrendered to them.

Wilkinson Loses Appeal, To Surrender

WASHINGTON — The U.S. Supreme Court this week refused to rehear the cases of Carl Braden and Frank Wilkinson who face one-year prison terms for contempt of the House Un-American Activities Committee.

Both men will surrender on May 1 before Judge Boyd Sloan of Newnan, Ga. Their attorneys plan to file motions for probation or reduction of sentence at that time. If these motions are denied, they will begin serving their sentences immediately.

LANGSTON, Okla. — Dr. William Henri Hale, former head of the department of social sciences and professor of sociology at Clark College, Atlanta, was installed as the 10th president of Langston University here Sunday.

He will assume duties at the 61-year-old land-grant college on Sept. 1.

Dr. James P. Brawley, of Clark College, was the principal speaker at the installation ceremonies.

TV DENTISTRY — Dr. William K. Elliott, president of the National Dental Association, announced this week that an interracial dental clinic was to be broadcast Wednesday night, both in the North and in the South.

Atlanta Kills Race Ban at Dental Clinic

On Wednesday evening, April 26, members of the National Dental Association and the American Dental Association will witness an important achievement in postgraduate dental education, it was announced by Dr. William K. Elliott, president, National Dental Association.

Television dental clinics, the first national closed-circuit telecast in the dental profession, will be presented by the University of Pennsylvania School of Dentistry in consultation with the American Dental Association.

The telecast will show "live" clinics and discussions of key procedures in dental practice, by a group of clinicians from several universities.

Six southern cities—Atlanta, Dallas, Houston, Memphis, Miami and New Orleans—for the first time will have dentists of both races in attendance.

In Atlanta the same hotel that barred Negroes from the Georgia State Dental meeting lifted this ban at the demand of Proctor and Gamble, Division of Dental Research, sponsors of the clinic.

High School Art To Be Shown at Safety Savings

A three-week exhibit of paintings and crafts by students of art in six high schools in the city will begin May 14 at Safety Savings' Community Room, 2638 S. Western avenue. The exhibit will be open to the public each day except Sunday, from 11 a.m. to 5 p.m.

OUR COMPANY'S activities during 1960 were highlighted by two particularly significant developments. First, territorial expansion carried the Company's services to two new states—Michigan and Indiana.

Second, to assure our policyowners of a continuing high standard of service in these times of complex and rapidly changing insurance needs, the Company made extensive improvements in the professional training program designed for GSM field representatives.

The goal of both these moves: *better service to more people.* And, as we enter our 37th year of service, we pledge our continued search for new and better ways to serve your needs for future financial security.

Malcolm X Talks Nonsense

Malcolm X, second in command to the head of the Muslim movement, had himself a ball, as the teenagers would say, when he attacked Martin Luther King, Thurgood Marshall, Roy Wilkins and Ralph Bunche last week.

Malcolm says they're all a bunch of seller-outers who aren't doing a thing and who never have done anything for Negroes. What he meant, of course, is that they don't buy the Muslim theory that the best way for the American Negro to get his rights is to put in with the rattle brained theory that we either get more segregation here in our country or be sent back to Africa.

King, Marshall, Wilkins and Bunche have distinguished themselves by their outspoken advocacy of integration and by their utter rejection of Jim Crow.

The amazing thing about Malcolm's performance was that it got a certain measure of approval from his audience. Every person who attended the Embassy meeting is a beneficiary of what the NAACP has done, and is doing. Every one of them has a larger voice in his country's affairs because the NAACP helped pass a fair employment law and because of its unremitting fight against discrimination in employment.

On the other hand, nothing the Muslim movement has done, or that it can do under its reactionary philosophy, will implement the civil or political rights of those who clapped hands for Malcolm's extraordinary nonsense.

Test for President's Order

President Kennedy's new executive order forbidding discrimination by plants holding government contracts is going to be put to a severe test in the Marietta, Georgia, plant of the Lockheed corporation which got a billion dollar airplane contract recently.

Georgia's Lockheed plant combines just about the worst possible features of racial discrimination. It insists on rigid segregation of facilities for Negro and white workers; it has a separate line of promotion for Negroes which means that they get cheated out of their rights, and its hiring policy is heavily weighted against Negroes.

Fortunately, all of these facts are well known and well documented. Nobody can plead ignorance of those policies and nobody can excuse inaction by claiming that government administrators don't know what is going on.

Moreover, there are other airplane factories all over the nation that can do the job that the Georgia plant has contracted to do. If the government canceled the contract tomorrow it could find another contractor who doesn't discriminate who could start the job the next day.

One of the ways to hit at racial discrimination is to make it costly. Cancellation of a billion dollar contract awarded to a southern industry would do more to abolish discrimination than a thousand volumes of pious words.

What Do Republicans Want?

At a state wide meeting not long ago, California Republicans put out word that they were going to appeal to Negro voters. That makes sense since the more than 400,000 Negro voters can cut a wide swathe in state elections. It's too bad the GOP leaders didn't tell Republican legislators about their plans.

Last week, Republican assemblymen ganged up to defeat the Hawkins Fair Housing bill in the Ways and Means Committee. Every one of them voted against the measure!

We're curious to know what the party is going to tell Negro voters when it goes a-campaigning in 1962. How is it going to explain its utter disregard of Negro sentiment?

There's nothing new in this attitude. Republicans prevented passage of a fair employment bill in the legislature for the sixteen years the party was in power from 1942 to 1958, despite repeated recommendations from Governor Earl Warren. GOP spokesmen took the leadership in defeating the FEPC initiative in 1946. Even earlier was the hard and fast refusal of the Republican controlled legislature to repeal the state's anti-intermarriage law after the state Supreme Court invalidated it on constitutional grounds.

No matter what it is in other parts of the nation, the Republican party is an anti-civil rights, anti-Negro party in California.

Gallagher Good Selection

California made a good choice when it selected Buell Gallagher to head its new state college system. He not only has an excellent reputation as an administrator but he has a superior knowledge of human relations. That's important in a state such as ours with its large and ever growing minority population.

Dr. Gallagher formerly taught at Pacific School of Religion in Berkeley and as a resident of the northern part of the state he was active in interracial and civil rights organizations. In fact, he was so active that his attitude was an issue when he ran for Congress in an Oakland district.

His first experience in school administration was gained as head of Talladega College. He transformed that small Negro college in Alabama into one of the best schools of its kind in the nation, but he never minced words on the racial issue even while he lived in the Deep South.

For the past several years, Dr. Gallagher has been a member of the national board of directors of the NAACP and has been one of its most articulate spokesmen.

California has not only secured an excellent school administrator but the state has gained a citizen who understands and will speak out plainly on race relations.

Birds of a Bad Feather

As far as we know, the John Birch Society has no official policy on racial segregation but the measure of its attitude may be gauged from the fact that it is all out to have Chief Justice Earl Warren impeached.

The first cry for Chief Justice Warren's impeachment was raised by the Dixiecrats who were infuriated by his opinion invalidating separate school laws. The other eight justices agreed with him. Every civil rights decision since that time has raised new howls for the chief's impeachment.

Last week, Senator Eastland of Mississippi told a Texas audience that all nine members of the Supreme Court ought to be impeached and he didn't bite his tongue about saying that their greatest sin in his eyes was their civil rights decisions.

Here in Los Angeles, the Number One supporter of the Birch Society is the Rev. James Fifield, pastor of the First Congregational Church. Rev. Fifield was a bitter end supporter of racial restrictive covenants and he has been as critical of the Supreme Court as Senator Eastland or the Birchers.

Take a poll of anti-civil rights advocates throughout the country and you'll find most of them agreeing with the John Birch Society's objectives. Birds of a feather flock together.

BATTLEAXE & BREAD

By Lester B. Granger

Ordinarily one doesn't think of the Association of the Bar Building in Manhattan, nor of the Copacabana Club, as a place where the American public's image of the Negro citizen is altered for the better. I know that I don't, and so a double experience that I enjoyed last week in these two dissimilar spots was all the more surprising and pleasant. Not only is the Bar Building—headquarters for many of this country's most distinguished legal lights—utterly unlike the Copacabana—one of Manhattan's most durable, attractive and reasonably-priced night clubs—but one would hardly think of Nat (King) Cole and three West African chief justices as making exactly the same kind of contribution toward the education of the American public. Yet this is what they were doing last week.

GRANGER

In the lobby of the Bar Building, where thousands of important individuals stream during the year, there is an alcove used for display of important documents and photographs of significance to the legal profession. During a break in a meeting which I was attending there, I strolled over to the alcove to see what was on display last week.

ON DISPLAY

To my pleasure I saw, hanging in prominent display, enlarged photographs of the Honorable A. Dash Wilson, chief justice of Liberia; Sir Adetokundo Ademola, chief justice of Nigeria, and Sir Arku Korsah, chief justice of Ghana.

I presume that the documents shown in the display cases below the photographs were significant official papers from these three countries, but I'll have to be satisfied with speculation. For I was so fascinated by the photographs themselves that I spent the whole of the meeting-break studying the faces and ruminating on the significance of their display in that setting.

As a professional group, I suppose, lawyers run second only to medical men in their devotion to the status quo—this in spite of the fact that some of this country's most distinguished and effective social reformers have been lawyers. It's natural that the profession would be basically conservative, for most lawyers deal with the law, and the law is an instrument of conservatism, for the most part.

WISDOM, AUTHORITY

And being conservatives (don't cite New York as proof of the contrary, because New York is like no other city in the country), lawyers generally entertain pretty backward views on social change—especially in the matter of race relations. So think what a jolt to a stereotype those three photographs must be, when some of these old and young pillars of conservatism stroll over to take a look at "what's new this week."

For these are three of the most impressive, seriously-handsome and distinguished photographs of jurists that I have ever seen. No trio of American Supreme Court justices could come close to matching these African chief justices; they exude dignity, wisdom and authority. They ARE the Law. No one could view that display and hang onto any stereotyped ideas he might have had regarding "the Negro's place" in the court room—or successfully preserve a mental image of the Negro citizen as a fawning, grinning, stupid clown.

CREPE SUZETTE

So what's this got to do with Nat King Cole? Well, that evening my wife and I took our little friend, Lily Shitara, to the Copa to hear the King on his last evening before he left for Japan. The King was His Majesty at his greatest. When I first heard him during World War II, I termed his voice "hot corn meal mush with molasses poured over it."

Last week I had to change that description to "crepes suzette with honey." He was perfect—perfect in the golden tones he turned loose in a big quiet room, and a past master in the way in which he controlled his voice instrument.

But what I enjoyed most was not the voice itself nor its effect upon the enthralled customers. It was the dignity of the artist the sure way in which he dominated the jam-packed club, the good-humored firmness with which he subdued the interruptions of a couple of too-well-oiled admirers, and the ease and grace with which this slim black man projected his full personality into every corner—every square foot of the Copacabana. He was no "colored performer." I doubt if a dozen persons present were even conscious of his race. They only knew that here was entertainment perfected and that they were under the spell of a master of his craft.

This is what I mean by "breaking the stereotype." Most colored Americans are never even seen—certainly never known—by their white neighbors. Because the average white person thinks of race in stereotyped ways. When the real colored American fails to conform to that stereotype, the white person just refuses to see him—hangs on to the stereotype instead. So what we've got to do on every occasion is smash his precious stereotype and make him look at reality—at the Negro as he is, a person and individual whether he is good or bad.

So step up, Chief Justices Wilson, Ademola and Korsah—join hands with Cole, the King, and make your bows as stereotype-breakers extraordinary!

Loren Miller Says . . .

(Continued from Page 1)

like to call his attention to the days when some American doctors ran around like crazy claiming that Negroes were more susceptible to tuberculosis than whites. There were some who made out that the Negro's susceptibility to TB was due to the fact that he was a descendant of Ham who had been cursed forever, and ever.

CHANGED CONDITIONS

I suppose that there were other people who petitioned heaven to keep on raining TB down on Negroes, just as Malcolm wants Allah to curse whites with polio and heart disease, but I doubt that their prayers had anything to do with the matter. Somebody had the good sense to make a survey and the results showed that lack of decent living conditions and absence of medical safeguards were the culprits in the high incidence of TB among Negroes. Increasingly better living and sanitation conditions among Negroes have been downgrading TB among them ever since that time.

MORE PILLS

I'm just as sure that infant mortality rates in Asia and Africa are higher than in Europe and the United States because Asians and Africans need more doctors and more hospitals rather than to the fact that some sneak down in Mississippi or South Africa is asking heaven to kill off colored babies.

I think I ought to bring this to a close. I really didn't want to get this involved. All I wanted to tell Malcolm is that his prayers aren't getting through. Apparently every time he yells for some white man's scalp another doctor comes through with a pill that staves off some other disease.

Leave it to me and I would advise the colored people of the world to spend less time praying for cancer and fallen arches to lay the white man low and more time in asking for the wealth to buy some medicine and medical care. If worst came to worst I think the Asians and Africans even ought to pray for white pills.

Hearings to Resume on Voting Bias

WASHINGTON — The U.S. Commission on Civil Rights will resume its hearings into alleged denials of the right to vote in Louisiana on May 5, Berl I. Bernhard, staff director-designate announced this week.

Voting officials of eleven Louisiana parishes and other State officials will be given an opportunity to testify.

The hearings, to be held in New Orleans in the U.S. Court of Appeals, will be a resumption of the proceedings which were recessed on Sept. 28 after one and one-half days' testimony was heard.

During the September session the commission heard sworn testimony from 35 Negroes who charged that their right to register and vote in certain areas of the state had been denied because of race.

School Nurse Retires After 16 Years' Service

The Willowbrook School District is losing the valued services of Mrs. Olive M. Multer, school nurse at Willowbrook and Mona Park Schools, who is retiring after 16 years employment in the district.

At the time of her employment in 1945, she was the only school nurse in the district and serviced the two existing schools of the district, Willowbrook and Lincoln.

SANCTITY OF INTERNATIONAL AGREEMENTS—No nation "has the right to intervene, directly or indirectly, for any reason whatsoever, in the internal or external affairs of any other."—Bogota charter of Organization of American States, April 30, 1948. Says William Randolph Hearst Jr., April 20, in a signed editorial on Cuba in the Examiner: "No set of international rules should take precedence over our vital interests."

Cuban People Rise To Repel Invaders

(Continued from Page 1)

and determination to defend itself.

The developments showed that there was virtually no support at all for the counter-revolutionary exiles. The militia, that was expected to rise up and welcome the "liberating" invaders, failed to carry out their anticipated role.

They rose up, it is true, but instead of turning their guns against Castro, they turned them against those who sought to destroy him.

PULL OF REVOLUTION

The CIA apparently did not understand the extent to which the Castro revolution has inspired the devotion of the "humble" people of Cuba, to whom Castro appealed once more, as he had so many times in the past, a few hours after the invasion was launched.

In addition to the mil[illegible] and the army, neighborhood [illegible]ce committees in Havana and elsewhere came out into the streets to point out anti-Castro sympathizers who were promptly arrested.

The plan to invade Cuba, it is now admitted, was instituted under the Eisenhower administration, but the decision was reviewed by Kennedy and his top advisors. It was widely reported that Secretary of State Dean Rusk and Undersecretary Chester Bowles opposed the invasion, but that Kennedy, relying largely on the information supplied by the CIA, decided to proceed. He, himself, has taken full responsibility for the undertaking.

EXILES EQUIPPED

The New York Times reported, April 22, that it has been "an open secret in Florida and Central America for months" that the CIA planned, coordinated and directed the operations."

That report also stated that the Cuban exiles were trained in Guatemala in seven camps, starting last May. An air base was established at Retalhuleu and the rebel air force was equipped with C-54 and C-46 transports, B-26 bombers and P-51 fighters, while the Cubans were trained by at least seven U.S. pilots.

The flier who told newsmen in Miami Saturday that he attacked one of the air bases in Cuba that morning after he defected from Castro's air force was identified as a Lt. Zuniga, one of the fliers from the Guatemalan camp. Since that interview he has disappeared, the N.Y. Times said.

LIKE 'WHO'S WHO'

Prisoners captured when the invasion collapsed said they had trained in Guatemala, under U.S. officers, and that two or more destroyers escorted the invasion convoy which was made up of seven merchant ships. One of the destroyers was described as 507, the USS Conway.

Castro officers said most of the invaders were members of wealthy families who lost their holdings under revolutionary law. The list of prisoners reportedly read like the membership of the Havana Yacht Club.

Among the hundreds captured was Jose Miro Torres, son of the top Cuban rebel leader, Jose Miro Cardona, head of the Revolutionary Council in New York.

READY TO RULE

Members of the council reportedly were spirited out of the Lexington Hotel Sunday under CIA escort to await word of the success of the venture so they could land in Cuba and proclaim the establishment of a new "government." That was before news of the fiasco was received.

President Kennedy, in his address to the newspaper editors after the invasion was crushed, made the following statement about future United States plans:

"Any unilateral American intervention, in the absence of an external attack upon ourselves or an ally, would have been contrary to our traditions and to our international obligations. But let the record show that our restraint is not inexhaustible. Should it ever appear that the inter-American doctrine of noninterference merely conceals or excuses a policy of non-action—if the nations of this hemisphere should fail to meet their commitments against outside Communist penetration — then I want it clearly understood that this government will not hesitate in meeting its primary obligations which are to the security of our own nation."

OMINOUS

He ended his remarks with the ominous statement: "Let me then make clear as the President of the United States that I am determined upon our system's survival and success regardless of the cost and regardless of the peril."

On the same day William Randolph Hearst Jr., in a signed front page editorial in the Los Angeles Examiner, called more openly for the scrapping of the charter of the Organization of American States if it interferes with what he calls the "vital interests" of this country.

Said Hearst:

"We are held up by a section of the charter of the Organization of American States, signed in Bogota April 30, 1948, which states that no nation 'has the right to intervene, directly or indirectly, for any reason whatsoever, in the internal or external affairs of any other.'

"But no set of international rules should take precedence over our vital interests."

The blow to U.S. prestige was severe. There were anti-American demonstrations throughout the world and strong condemnation of U.S. "intervention."

The remarks of Prime Minister Nehru of India were among those that cut deeply. He told the Indian Parliament in New Delhi that it was fairly well known that Cuban exiles were trained and supplied with arms in Florida and other unspecified places and were encouraged to invade Cuba.

He pointed out that Kennedy had said he would not permit intervention of U.S. armed forces in Cuba, then he added:

"But I do not see any difference between this kind of intervention and the kind of intervention taking place now."

Africans Want Television, Too

The people of the Republic of Upper Volta are clamoring for television, according to Cire Ba, director of the information service for the newest and poorest free African nation, which is landlocked. "We have radio," the official said.

The information director is in the United States on a State Department Foreign Leader program tour of 90-days.

Letters to The Editor

Dear Sir:

One of the aims of the Black Muslim Society as stated by the founder—

A land area, set aside for the use of colored citizens.

This area would be largely self-contained, with all business being owned and conducted by Negroes.

These would include stores, factories, banks and all the other establishments common to any other community.

However, there are other kinds of business which would continue to be operated by non-Negroes such as interstate travel, water supply, electricity and gas. Eventually, these utilities could be supplied by the self-contained Negro community over a period of years.

The Negro population of the U. S. contains within itself the ability and the funds to start this project.

Perhaps the greatest task confronting the society at the present time is the enlistment of many believers in the aims of the society. It should include a dedicated educational program aimed especially at the elite of the Negro race, the businessmen, the professionals — doctors, lawyers and entertainers.

This perhaps would be the society's greatest task and the most rewarding since the obstacles are many and real.

For one thing, transplanting of one's business interests or livelihood to a newborn community would certainly mean sacrifice. Uprooting one's family from an established way of life is never easy. Mostly it is undertaken because no other course is available.

The society will have to present its plan in clear, forceful language, backed by statistics proving the worth of its program.

Dear Mr. Miller:

Our group would like to belatedly thank you for your role as moderator at our April 24th Open Forum. We felt that the entire evening was very successful in bringing our point of view to the members of the Board of Education who were present.

Our group is continuing its activities since we are determined not to let up until we are assured that not a single Center is closed. We have not, as yet, been officially assured by the Board that they have no intentions of either closing or combining the Centers.

We would appreciate any help your paper can give us by further publicizing our campaign.

MRS. DORIS BERRYMAN
Chairman, Parents Group to Retain Child Care Centers

Dear Editor:

It was with deep gratitude that we read your editorial in your issue dated April 20, 1961.

We are aware that your publisher is one of the greatest civil rights fighters of this age and none of us are really worthy to tie his shoe laces.

The combination of our desires, bolstered by your support, coupled with the experienced guidance of your publisher, nothing can stop us.

Thank you.

E. D. Warren—For All Of Us, President, NAACP.

The phrase "dead silence" is a mistaken figure of speech, because silence is alive. Things leap to your mind out of the silence. It's as if all your senses were on tiptoe, and there is a faint ringing in your ears which could be your memory tuning up, humming like a tight wire.—Edmund Ware Smith.

PLAN CONVENTION — Ministers of Jehovah's Witnesses are shown planning for the three-day convention of the denomination at the Embassy Auditorium, on May 19-21.

Jehovah's Witnesses Next Convention Set Here May 19

Marcus Johnson, presiding minister of the University congregation of Jehovah's Witnesses, 4312 S. Broadway, was one of the 60 presiding and assistant ministers who attended an organizational meeting in connection with their next circuit assembly.

Mr. Johnson said that plans were discussed for the three-day assembly of Jehovah's Witnesses to be held at the Embassy Auditorium May 19-21. He said that over 2000 delegates with their families from 18 congregations of the Witnesses will attend the gathering.

Presiding over the meeting was Vernon Pearson, circuit director of ministers. Mr. Pearson works under the direction of the Watchtower Bible and Tract Society of New Work who are sponsoring the assembly.

Detailed plans were made at the ministers meeting for setting up some 20 convention departments which, according to the presiding minister, "are normally used at all our conventions to facilitate smooth operation and provide essential things for the conventioners."

Rev. D. Farrell Returns to Pulpit

Members of the Tabernacle of Faith Baptist Church welcomed home the Rev. Douglas Ferrell last Sunday morning. He had been absent from his pulpit for 10 days while conducting a revival at the Logan Temple AME Church in San Diego.

Reports from the 32nd and Clay street church, of which Rev. S. H. Marion is pastor, indicate that Rev. Ferrell demonstrated his ability as a Christian minister; not only did he win many converts, he inspired backsliders to return to the fold and caused church members to rededicate themselves to the work of kingdom building in the Christian manner.

The choir of the Tabernacle joined the pastor in the last San Diego service and the group has been invited back to Logan Temple for the anniversary ceremonies of the church in July.

The minister charged deprivation of his rights under color of law. In the petition, the Rev. Mr. Jones said he was illegally arrested and physically abused in a series of incidents that began May 17, 1960, when he was arrested for eating at a colored cafe.

He was sentenced to six months for vagrancy in June and two months for disturbing the peace. Both decisions were reversed last January.

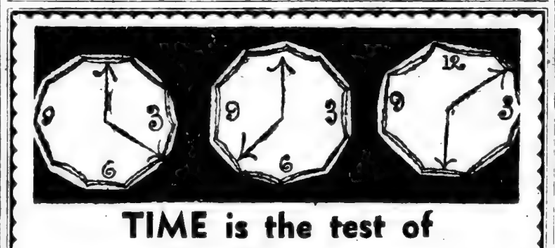
Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.



Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Hangovers and Elbow Benders Afford Thrills and Spills

RUNS, HITS AND SOME ERRORS—Hangover and Elbow-Bender Softball League games are proving to be a terrific hit with the players and fans. In three league games some 1500 fans have witnessed contests played on Thursday nights and Sunday mornings. The teams put on a good diamond show. Roving photographer Verdell Young catches some of the action. Ollie Matson, famed footballer, and Emmett Jones assist waitress Emma Welch in serving two of the team's star players in the Sea Food Grotto after the game. Fans rave over Al Method, fifth from left, who pitched the league's first no-run, no-hit shut out victory when Collins defeated Duke's Living Room 4 to 0. Others are Jimmy Reese, Augusta Collins, Tom Zachario, Sandie Sanford, Ada Ray, little Michele Bluett and her dad F. L. Bluett. Everyone balled last Sunday in the Playroom when the team posted its second straight. Third from left, Dr. W. K. Duffy, injured star for the Playroom, out for the entire season with a broken leg. Others are Doreen Saunders, Melvin Atterberry, Chester Parks, Tommy Tucker, John Sullivan, N. C. Johnson, Maragret Carter, Steve Carter, Olive Kee, George Hymer and Boots Stafford.

Dazzling Pitching Earns Softball Teams Victories

BY EDW. "ABIE" ROBINSON

Sparkling pitching including three shutouts highlighted Sunday morning's softball games in the Hangover and Elbow-Bender leagues. A large crowd at Ross Snyder Playground watched Celes King's snappy nine score three runs in the first inning in their game with the Town Tavern as Al Row went on to toss scoreless ball notching a nifty 3 to 0 victory.

Across the field on another diamond Clark Hotel and the Intermission Room game was played under violent protest.

Clark Hotel lodged the beef in the 4th inning when Henry Richardson drilled a red hot grounder that got past the short stop and accounted for two runs. Richardson plowed into the first baseman and umpire Billy Mills ruled "interference." The entire Clark team screamed "murder" including the usually calm Betty Clark.

When Umpire Billy Mills couldn't tell the Clark team's manager the correct score the team announced that the game would be played under protest, and the game ended 8 to 6 favoring the Intermission.

Al Method twirled a nifty no-hitter for Collins Restaurant before a noisy crowd at Rancho as his teammates backed him up with 4 runs off 8 hits, handing Duke's Living its third defeat.

Tommy Tucker's Playroom put together an 18-hit attack while scoring 22 runs to turn back a never-say-die Marty's nine. Caribbean powered to a 7 to 0 win over Dynamite Jackson and the unbeaten Lee Roy's squad routed Red Carpet 27 to 7.

DIAMOND DOPE—Big Benny Lee rifled a single in the 4th inning and stole a base to spark his team to a win. A sweeping trade saw outfielder Society Red sold to Celes King by Asst. Manager Sandy Sanford for a King size Hamm's Beer donated by Al Smith. Among the star hitters in the leagues are Boots Staford, Bill Hutson, John Howard and Vernon (Pick) Walker. George Hymer replaced Marsen Thompson at first base for the Playroom in a big defensive move and Hymer covered the bag like blues singer Jimmy Rushing does a bathing suit.

Jimmy Robert's three-run homer in the 6th inning for Marty's scored the team's first runs in three games. Sea Food Grotto's game was called off when Mac Castle players showed up at the wrong playground. Al Appling, scorekeeper for Celes King's team, does an expert job.

Among the rooters for the Clark Hotel team were Hiz Mackey, former great catcher in the Negro Baseball League; Edgar Tannehill, Lena Harnage, Florence Senegal, Lorraine Roulette, Shelia M. Mearis, Della M. Mearis, Edward Harnage and Ester Scott. Celes King's boasted such fans as Babe Wilson, Sandy Harold, Rubon Tarrant, Al Garrett, Edward Perdue, Julius Linscomb, Monty McKay, Sidney White, Olive Key, Tim Hunter, Herbert Jackson, Duke Thomas, E. Wilson and Darlena Vaughn.

In the curtain-raiser the Sigmas will be looking for their first victory when they take on the Omegas.

"THE TEE" with MAGGIE HATHAWAY

A Letter To L. I. Brockenbury

Dear "Brock"

We are taking this opportunity to thank you for the beautiful and dynamic article you wrote last week. Welcome back. It has been a long time since you have written a golf article. We don't know of anyone who sincerely understands golf problems as well as you. In fact it is hard to forget that you were the only sports writer to take such an interest in segregation in golf that you called a conference six years ago, to attempt to help find a solution that would bring all of the female (2) golf clubs together to fight segregation at Western Avenue.

It is impossible to forget the encouragement that you gave the little group of women who were fighting this issue. In fact you are one of the few people who really know that these few militant women had to stop fighting for integration in golf to fight members of their own race.

A very few people know that this group of women were sued by an organization of Negro women golfers to force them to go back to a segregated golf association. The women who sued to go back lost and this is the reason that Western Avenue is integrated today.

Brock, you really stuck your neck out when you attempted to become a "peace-maker" between the two groups. We shall never forget the expression on your face when you thought that you were really going to solve the problem and then suddenly you were informed that only one president of the two clubs had accepted your invitation. What a strange smile you wore when, after waiting three hours for the other president (who never did show) you had to dismiss the meeting by saying, "Well, I'll have to send you ladies another invitation. I don't think she received hers."

Keep up the good work and we will see you at Western Avenue where "five is a skin and not a fin."

Maggie Hathaway.

Home Gets $1755 Donation

The hardworking members of the Zenith Charity and Social Club rang down the curtains on their eighth annual project with an installation party and presentation of a check that totaled $1755 to the Exceptional Children's Home.

The champagne installation party was held in the fashionable home of club members Mable Harris and the installing officer was the very capable Edward D. Warren, fiery president of the L.A. NAACP branch. Other honored guests attending the affair were Murray Braskey, FEP consultant, and Dr. Roy Andrew, president of the Medical, Dental and Pharmaceutical Association of Southern California.

Dr. Andrew told the club members that their choice of the building fund of the Exceptional Children's Home was an excellent one and that his organization is currently planning its eighth annual affair on Saturday, May 27, at the Embassy and he invited the entire membership and their friends to attend.

Officers installed were as follows: Versie L. Hawkins, president; Mary Wiley, vice-president; Wilma Shannon, corresponding secretary; John Ella Davis, recording secretary; Eulalia Evans, financial secretary; Eula Earles, treasurer; Maurice Saunders, business manager; Josephine Mims, reporter; and Anzwila Stewart, sergeant-at-arms.

Members are Mabel Harris, Julia Bailey, Evelyn Duncan, Margie Steward, Corine Jones, Billie Kiah and Christobel Jacobs.

Silver Tea To Be Hosted By NCNW Sun.

The Los Angeles Council of the National Council of Negro Women and Wallace Silversmiths, Inc. of Wallingford, Conn., will be hosts to women of the Los Angeles Community at Tea on Saturday afternoon, April 29, at the palatial home of Mrs. Fannie Benjamin, 2940 S. Raymond avenue.

Club women and social leaders have been invited to view an extensive and valuable collection of fine silver which represents traditional and modern styling of flatware and holloware.

Miss Arlene Hershey, women's consultant for the Wallace organization, will join Atty. Alma Rudison, president of the Los Angeles Council, in receiving guests.

The Los Angeles unit of the Council, comprised of some 22 affiliated organizations, is one of several prominent community groups across the country which are jointly sponsoring, with Wallace, a series of Silver Teas. The Saturday afternoon gathering, from four until six, marks the first of the series.

Wilfandel Scene for Breakfast

Don't serve your husband, girl friend or that other man's wife breakfast on Sunday, May 7. Take him or her to the Wilfandel Club, 3425 W. Adams Blvd., between the hours of 8:20 and 1 p.m., and the Wives of Bench and Bar will serve them for you.

This marks the third annual brunch given by the group and it's true that Mike Romanoff and Ray Mills, famed restaurateurs will be closed that day because the Bench and Bar group serves the world's finest breakfasts and to prove it the 20-membership group will personally take your order, serve it and wash the dishes.

In kitchen aprons of canary yellow the girls make just about the city's finest looking waitresses. However we advise the loners not to get any ideas about the pulchritudinous one who happens to bring you your ham and eggs and grits because they are all married to those legal fellows who can change the bench to fence and bar to bars.

Since this is the group's annual money raising affair they won't be adverse to a few flattering adjectives describing their figures while you order three or four breakfasts.

PRESENTING CHECK — President Versie L. Hawkins, fourth from left, is shown presenting check for $1755 raised by the Zenith Club to the Exceptional Children's Home. Receiving check is Mrs. Catherine Cook, co-chairman of the Home's Board of Directors, left: Murray Braskey, FEP consultant; Mrs. Juanita Macklin, executive director of the Home, and Edward D. Warren, president of the L.A. NAACP branch. (Adams)

SIMON PITTMAN REPORTS PACOIMA NEWS

The Women's Society of Christian Service of the Methodist Church of Pacoima is giving splendid support to help finance the building of the new church on 2½ acres. Members vividly describe the spirit of their new church—a young congregation in a young community under the dynamic leadership of Pastor Nathaniel Lacy Jr.

This congregation was officially organized in October 1959 with only 75 members. Today they have pledges, gifts and donations of some $30,000 toward their new church.

Urban League Guild Party Honors Press

Mrs. Viola Whiteside's fashionable home at 1231 S. Wilton place was the site of cocktails at 4 p.m. last Sunday at a party honoring the Fantasia Ball honorary chairman, club representatives, supporting committee members, judges and the press.

Social clubs and fraternal organizations sent representatives to the party to learn about the costume competition and how their group can compete for a "Guildy."

The Guild's annual ball will be held at the Beverly Hilton Hotel, Friday, May 19, and is expected to draw a capacity crowd.

Detroit Visitors Entertained Sun.

Tommy Berry, Tony Hill and Bootsie Howard put their heads together and came up with a giant size welcome-to-California party for Dr. Ted White and his wife Edythe of Detroit in the home of Dr. Joe and Bootsie Howard last Sunday evening.

Scores of the city's top social figures were on hand to greet the couple and sip champagne throughout the evening.

Jabberwock Loaded with Top Talent

The 1961 Jabberwock production promises to be a show that is full of entertainment. The groups that are competing for prizes are busily rehearsing in preparation for the best performance. "International Holiday" lends an extensive avenue for the imagination.

The participating groups are: the Alphas, Kappas, Omegas, Sigmas, Loreli, and the Questionette Debs.

Between the skits presented by the groups, the show will be star-studded by such great local talent as Bob DeCoy, Johnny Lee, Juanita Crews, Curley Dinkins, Lawrence Stone, and the Little Angels.

Dance groups directed by Eunice Cain and Clarisse Jones will also appear. Other notables will be present to make this the finest Jabberwock ever.

Tickets are already difficult to find. Make this a "must" on your calendar. May 20 at the Wilshire Ebell Theatre. Members of Delta Sigma Theta Sorority will be on hand to greet the guests.

Watts Leaders Plan Project

Residents, business and professional workers in Watts will be demonstrating self-help by promoting and supporting fund-raising projects to expand social work services in the area in the very near future.

The first event is a benefit which promises an opportunity to "help by eating hearty" on this occasion.

Dr. John F. Simmons and his committee, which includes Mrs. Paulene Hopkins, Messrs. George Jones, James E. Jones, Dr. Joseph Rudison and other community leaders, extend the invitation for you to join them for breakfast Saturday, May 13 between 9 and 12 noon at Will Rogers Park auditorium.

Dr. Christopher L. Taylor has more than accepted this invitation. He has given basic suggestions as well as cash for promotion and volunteered labor to help prepare and serve the breakfast. Come by but make your reservation now. Call LOrain 4-2593 for "breakfast." The Board of Directors of Westminster Neighborhood Association, sponsors, will also personally greet you.

CHAZZ CRAWFORD'S SOUNDTRACK

NOTES OF AN INNOCENT BAR-STANDER

There were no sepia entrants in the Oscar sweepstakes, but both **WOODY STRODE** and **SAMMY DAVIS** are very strong contenders for top male actor award for television. Sammy could cop the Emmy for his fine performance in GE theater's "Memory In White" and Woody may get the trophy for the "Captain Buffalo" yarn, a segment of "Rawhide."

It had to be the meanest thief in town—because **BOB THOMAS**, dapper clothes salesman, is one of the nicest guys in town—who slipped into Bob's fourth story apartment and made off with several of his choice suits as well as other personal effects . . .

Singer **DIAHANN CAROLL** and hubby **MONTE KAY** have reached the shouting stages . . . **DOROTHY DANDRIDGE** is grooming a new nitery act. She will have a quartet of tan lads harmonizing with her! . . .

FRANK SINATRA'S buying up many Negro artists' record contracts and signing them to his new "Reprise" label. **JIMMY WITHERSPOON** has been added to the Sinatra roster, promptly bought a new Caddie, and left for a European engagement . . . Frank reportedly long distanced CAPITOL in Hollywood from N.Y. and asked to purchase **NANCY WILSON** from that label.

WALTER SMITH returned from a week's acting chore in San Diego where he portrayed a Negro gob in a Naval Recruit film. . . . Singer **TED RAMBO** joined the **INKSPOTS** now playing the Chi Chi in Palm Springs . . .

EARTHA KITT and spouse **BILL McDONALD** expect their image around Santa Claus time. And this last item will give **ABIE ROBINSON** more room to quip that we are increasing the nation's birth rate with this column. . .

We caught a preview of the "Raisin in the Sun" film just prior to its opening and the actors made us the proudest we've been to be a Negro since the sit-in demonstrations. It's a **GREAT, GREAT** show and it's earmarked for next year's **ACADEMY AWARD** consideration. . .

Singer **JOYCE BRYANT** who gave up her lucrative showbiz career to be an Evangelistic singer is reportedly now employed as a Washington, D.C. civil servant but is still strongly entrenched in her faith. **JOYCE** was one of the nicest dolls in the business and we knew her retirement from the show world was a sincere gesture, not just a "newsspace" grabber! . . . Caught the **BILLY BARNES** revue at **LAS PALMAS** Saturday and man, that's a funny show. The cast does a devastating satire on many top flight luminaries . . .

The Beige Movietown bigtalk is still about the swinging deal at Paramount Studios on the "Too Late Blues" set. Producer **JOHN CASSAVETES** staged an interracial party scene that had Negro and White extras in "After 5" finery cocktailing and balling 'em back. Like, it was the P-Nuttiest! . . .

Actress - Dancer **OLESSIA "Boots" WADE** is scheduled to join the "Destry Rides Again" stock company in Sacramento June 4. She will open in London with the **SAMMY DAVIS** show on August 22nd . . . Incidentally speaking of Sammy, in an emergency he reportedly can pick up the phone and get **JFK** direct!. . .

Nice meeting actor **DAVE McBORN** who is the one Negro here with "The Hostage" company currently at the Biltmore. Dave dropped by the office the other day and said it's a real gasser being with the company of this ribald, riotous show. Anything can happen and usually does. The actors pick arguments with the audience, et-cetera. One performer paused long enough to yell out the Dodger score the other night.

SOME SWITCH—Pacific Telephone's Linda Diane Dules, a toll operator in Los Angeles, gets in a little practice for next Sunday's switch to Daylight Savings Time. The "Big change" comes at 1 a.m., when clocks should be moved ahead one hour. Linda's way of remembering: "Spring ahead, Fall back." Her source of accuracy is a good one—Audichron, a device that gave the time to Los Angeles and Ventura County residents more than 60,000,000 times during 1960. To reach Audichron dial ULrich 3-1212.

CARTHAY CIRCLE EXCLUSIVE — Muriel Smith, the original "Carmen Jones", plays the part of Mary McLeod Bethune in "The Crowning Experience" screening exclusively at the Carthay Circle Theatre, 6316 West San Vincente Blvd., daily at 6:30 and 8:30 p.m., matinees 12:30 and 2:30 p.m. on Saturday and Sunday. Valuable certificates toward the purchase of adult tickets are offered in the California Eagle.

★ PEOPLE and PLACES ★

LOOTED — Some of the town's richest chicks showed up for that Sunday afternoon pawtee on Victoria and Bootsie Howard used two rooms to store the minks!

COURT — A school teacher and her insurance executive hubby are poised for a knockdown battle in court for a divorce which involves more than $100,000 worth of property!

RAYMOND BRUCE — He is the author of the fastest growing FM musical program and if you haven't dug "I Am the Bruce," you certainly aren't hearing it good!

BOB DE COY — He brings you "This Is Progress" daily over radio station KGFJ and last Sunday he was great on Dean Leonida Contos' TV program titled "Insight." Bob did a masterful job of portraying Simon of Cyrene!

SAM YORTY — He goofed at that meeting when he stood corrected for referring to Mexican-Americans as Latins, Opal Jones as a girl and Sandy Sanford as a boy which prompted the question as to whether Dr. D. O. Gray and Atty. Everette Porter are really good at advising the mayoralty candidate!

CASUALTIES—Among the first victims to come up with aches and pains in the Cocktail Softball for elbow-benders with 20 years experience was Jimmy Wheeler, a bartender; Dr. Bill Duffy, a dentist; and Edwin Smith, a liquor store clerk!

ATTY. MARTHA LOUIS — Looking like a college coed having her ham and eggs in the Playroom the other a.m. before boarding a plane for points unknown to defend a client!

OPAL JONES — Executive director at Avalon Community Center is taking on the powerful American Baseball League and wants to know who's going to clean up the community after they mess it up when season play gets under way at Wrigley Field. You sons and daughters of Ham better thank your lucky God for someone like the Jones gal!

HUSH HUSH—Is the comment being given to newshawks about the second big rumble in the same sip parlor which triggered a $50,000 law suit involving a telephone operator and a noted doctor!

PLAYERS—That group of society chicks who showed up following a theatre pawtee at the cocktail lounge they so often refer to as "that place that's nothing but a hangout for the 'Girls of the Night'," is the buz of the play-for-pay set!

BIRTHDAY SALUTATIONS

I wanna thank all the nice people who extended warm birthday greetings to me as of this writing; **Laura Prescott, DoDo, Ruth Allen King, Mildred Chaplin, Rosetta Howard, "Peaches" Chapelle** of Berkeley, **Willie Bryant and Grace Melton** from L.A., **Vicky Jannierre**, my mutual birthday buddy, **Lena Backley, Bunne Jenkins, Margaret Glanville, Selma Whitmore** from Germany, **Ruth Coleman** from San Francisco and my first pet and Dr. Jive radio fan, little Terri Smallwood from Brooklyn.

PRESCOTT TRIBUNE

I had a lovely birthday, climaxed by a dinner treat for me and for **Laura** (whose birthday was yesterday (26th), at the delightful Restaurant On The Mountain, in Suffern, N.Y.

Between us we indulged in a dry Martini, a brandy Alexander, Coq Vin Rouge, filet mignon, hungarian noodles, mushrooms and sherry sauce, nesse lrode pie, maple torte and Rigo Jansci, plus coffee and tea.

SWINGING SPONSORSHIP

It was just scrumptious, and my Aunt, DoDo did the honors for the evening. What a ball.

BROADWAY HAPPENINGS

Saw "Showboat" at the City Center, and it was quite an elaborate production, very well done, and aided and abetted by the fine work of **Carol Brice** and **Andrew Frierson**, some excellent voices in the chorus, (several of whom are members of the **Belafonte Folk Singers** and a 'boss' group of dancers, sparkled by the fire of young Mr. **Barnard Johnson** who generally is a part of the talented team of **Cleo** and **Bernard.**

GORDON, THE ACTOR

I am scheduled to attend a dramatic reading of a new play: "Light In The Cellar," by **Gertrude Jeanette,** at the International School of Performing Arts. This reading is being presented by **Ernestine McClendon** and staged by **Ed Cambridge,** and should be interesting as Mrs. Jeanette is a fine playwright as well as actress.

DICK GREGORY SCORES

The talk of the town's entertainment world is the tremendous talent and comedy of young **Dick Gregory,** currently packing them in at the **Blue Angel,** with all the celebrities making this spot a nightly must.

BOARD MEMBER

Recently I was elected to the Board of Directors of the Coordinating Council For Negro Performers, and I am most privileged to have been so selected.

Piano playing **Billy Taylor** is doing the honors nightly at the Hickory House, in his most impeccable style.

A letter from Spain from **Selma Whitmore** tells of recent trips to Rome, Sicily, the Netherlands, Germany and other points of interest on the continent. One from Nurse Lt. **Joan King** re-

—FAST POLICE ACTION—

PROUD OF HIS MEN—Capt. Floyd A. Hays, center, chief of Wilshire detectives, was proud of two of his officers, Lee N. Bowman, left, and Joe P. Johnson, who helped in the capture of three suspects just 26 minutes after a man was murdered in a liquor store on Venice blvd. last Thursday. —(Adams)

3 Shots Fell Pastor, Lodge in Back, Neck

The Rev. Robert C. Berry, associate pastor of St. Peters Baptist Church, 110th and Main streets, and owner of the Automatic Laundry, 4700 S. Vermont avenue, was murdered Monday night, shot in the back.

The well known minister and business man was shot three times—in the collar bone, the shoulder blade and the back of the neck.

ADMITS KILLING

He was found about 9 p.m. Monday lying in the hallway at the head of the stairs at 479 Park Front Walk. He was dead when police arrived.

Arrested at 1:20 a.m. Tuesday and charged with murder was Ellie Eleby, 63, who lived at the address where the Rev. Berry was slain.

Police said he admitted shooting Berry three times and that he then pointed to the dresser and said, "There is the gun."

Rev. Berry, who had been asso-

SLAIN—The Rev. Robert C. Berry, associate pastor of St. Peters Baptist Church, was murdered Monday night.

Second Body Found in Alley Off Jefferson

Another body—the second in two months—was found in the dark alley behind W. Jefferson blvd. early Tuesday morning.

This body was that of a man, about 28 years old. It was discovered about 6:30 a.m. behind the property at 2037 W. Jefferson blvd. by Ethel Thomas, who lives at 2039¾ W. Jefferson.

BODY IDENTIFIED

The body found in the same vicinity last March 10 was that of a young girl, Jeanette Anita Jones. She had been strangled and her hands tied behind her back. Her half-nude body was lying in the alley a short distance from the darkened walkway that runs past the Jefferson Branch Library.

Tuesday's victim was identified as that of James Briggs, who lived with his wife, Ruby, at 1307 Via Las Vegas. Police said he left home about 6 p.m. Monday. Nothing is known of his whereabouts between then and the time he met his death.

CAUSE UNKNOWN

The coroner's office advised that there was no evidence of external injury, such as a knife or bullet wound.

Robbery was dismissed as a possible motive, since Briggs' wallet was found on him.

The coroner said there was possible indication of a marijuana cigarette, and possible evidence of old needle marks on his arm.

At press time, however, the autopsy had not been completed and the cause of death had not been ascertained.

Admit Negroes or Close All Schools, Gov't Tells Virginia

WASHINGTON—In an unprecedented court action last Wednesday, the Justice Department made an attempt to close all public schools in the State of Virginia, unless Prince Edward County opens its schools on an integrated basis.

Atty. Gen. Robert F. Kennedy, in announcing the government's action, stated: "Court orders are being circumvented and nullified. Therefore, we have brought this action to protect the integrity of the judicial process of the United States."

HISTORIC CASE

The motion itself asserted: "The maintenance and operation of the schools of the Prince Edward School Foundation on a racially discriminatory basis, with the financial assistance of the county and state, circumvents the court's order requiring the public schools of Prince Edward County to be operated without racial discrimination."

Prince Edward County is one of the most stubbornly segregationist counties in the country. It was there in 1952 that suits were filed by Negroes in one of the five celebrated cases that finally led to the Supreme Court decision of May 17, 1954, ruling that separate-but-equal schools are unconstitutional.

The school board of the county, however, refused to comply, and in June, 1959, closed its public schools rather than permit integration. The county, however, made grants to white students to attend private schools at public expense.

DEPRIVED OF SCHOOLS

Since then some 1700 Negro children in the county have been

Three Held For Liquor Store Killing

In a swift moving, smoothly coordinated action, it took Wilshire detectives just 26 minutes last Thursday to track down, arrest and book three men accused of the liquor store murder of Joseph Cue, 48, of 1237 3rd avenue.

Cue, a former Santa Fe Railroad Dining Car Waiter who has been working at the Oyster House for the past three years, was set upon by bandits shortly before noon while he was busy on his part-time job at 3401 W. Venice blvd.

DIED INSTANTLY

There were no witnesses to the attempted robbery and shooting, but Cue was shot in the right shoulder and apparently died immediately.

He leaves his wife, Anna, former wife of Joel Pryce, of Golden State Life Insurance Co.; her two children, Ted Pryce, 18, and Joan Elizabeth Pryce, 16; and baby Moria Marie Cue, 8 months.

Fed'l Agencies Told to Drop Bias in Sports

WASHINGTON — Pres. Kennedy, in two separate actions, has dealt important blows against segregation in the federal government.

He has banned Jim-Crow sports events engaged in by federal agencies and executive departments or their members, and he has barred participation by cabinet members in segregated meetings.

BANS GOLF BIAS

The order dealing with athletics is interpreted here as applying particularly to such activities as tennis, golf and similar recreational activities.

Effective date for adoption of the new policy was set as May 1, by which time all agency heads were to have filed reports indicating compliance.

The directive involving cabinet members was contained in a White House statement Thursday, after Negroes picketed a Democratic fund raising meeting in Columbia, S. C., addressed by Secretary of Commerce Luther Hodges the previous night. Some Negroes had been refused admission to the meeting.

NOT MENTIONED

Secretary Hodges said the question of racial segregation had not been mentioned during preliminary discussion about the

Girl Knifes Teacher at Markham

The infuriation and anger of a 14-year-old girl fastened itself upon a teacher who disciplined her. Monday morning she set out to get her revenge and kill him—and nearly succeeded.

During a class change period, the student spotted Robert Collier, 25, of 4326¼ Ascot avenue, a social studies teacher in the hall at Markham Junior High School.

8-INCH KNIFE

She lunged at him from behind and plunged an eight-inch butcher knife in his shoulder. He swerved quickly and grappled with her to try to get the knife, but she managed to strike a second time before teachers could drag the frenzied girl away.

Collier was taken to Morningside Receiving Hospital and underwent surgery. His condition was reported as satisfactory.

The girl was taken to Juvenile Hall where she was interviewed by Juvenile Sgt. Marie Thomas.

PARTED FROM TWIN

She is a twin and had been sent to Markham recently as a disciplinary problem. She was resentful over the transfer, especially since it meant she would class at the same time as her sister.

A week ago Monday, Collier sent the girl from his class to the principal because she was inattentive.

From that point on, her pent-up anger centered on the teacher. She brooded over the incident and, she told Sgt. Thomas, by Thursday she had made up her mind to kill him.

Biding her time, she stole the butcher knife from her home, where she lives with her mother, father and sister, apparently in a well adjusted household.

On Monday, armed with the death-dealing weapon, she waited for her victim until she was able to slip up behind him.

URBAN LEAGUE ACHIEVEMENTS—Principal participants at the Urban League's annual meeting Sunday that gave recognition to achievements in improving race relations are, from left: Loren Miller, Eagle publisher, main speaker; Lorne Green, actor, who presented awards; George Bryant, master of ceremonies; and Wesley Brazier, Urban League executive chairman. WE BEAT TEXAS

We beat Texas last year. The margin was pretty close. We killed nine men and the best Texas could do was to snuff out the lives of eight. And it looks pretty good for us in 1961. We have more people on death row than the Texans have. Of course, we didn't kill any millionaires. Come right down to it, the figures show that those we executed were a pretty sorry lot. They were men with inadequate educations, low mentality and, of course, most of them didn't have much money.

Two of the people we won't get a chance to kill next year are Dr. Finch and his girl friend. The jury found the doctor guilty of conspiracy to murder and of first degree murder. They found his girl friend guilty of conspiracy to murder and of second degree murder. According to the law books the good doctor was liable to two death sentences and his friend to one. Mind you, I'm not complaining about the fact that the jury didn't vote the death penalties. I'm just pointing out that the jurors spared the couple.

News Vender Struck, Robbed, Out $15 Cash

Fred Schwartz, 67, popular news vender who sells the California Eagle from his stand at the northwest corner of Vernon and Avalon, had a streak of bad luck Monday.

As he was delivering a newspaper, a car with four men in it drove up and one of them handed him a $5 bill and asked for a paper.

As Schwartz started to make change, two men got out of the car. One hit him over the eye while the other grabbed his money changer. Both ran and jumped into the car.

An eye-witness got the license number of the auto—but Schwartz is out $15 in cash.

Eagle circulation manager Edward "Abie" Robinson says "Everyone will have to buy a lot of Eagles from Fred now to make up the loss."

Motorcade May 17 Will Aid NAACP

A giant, 200-car motorcade is being planned by the local branch of the NAACP to climax the current membership drive on May 17, Dr. John G. Gary, membership chairman, and Ted Wright, Political Action Committee chairman, stated this week.

The automobile caravan will take place on the seventh anniversary of the Supreme Court school decision and will be a highlight of the observance of Civil Rights Week.

Individuals, churches, clubs and other organizations are being called upon to provide and decorate cars, trucks, and buses. Individual members are being asked to provide and service folding chairs and tables which will be set up at designated spots along the motorcade route as membership stations.

At least 200 motor vehicles and 50 individual workers are needed to insure the success of the motorcade and membership round-up effort, the NAACP stated.

Volunteers are asked to call ADams 1-5189 or stop by the NAACP office, 4261 S. Central Avenue, for information and instructions.

Tshombe Gets First Taste of Own Medicine

By GRACE E. SIMONS

Moise Tshombe, Belgian puppet whose armed soldiers beat up and then assassinated Premier Patrice Lumumba of the Congo last February, was cooling his heels this week under armed guards in Equator Province, far from his home base in Elizabethville, Katanga capital.

Tshombe, whose government is staffed by Belgians, whose army is officered by Belgians and whose troops are made up largely of white riff-raff culled from South Africa and other racist areas, was arrested when he broke up the "peace conference" of Congolese leaders in Coquilhatville last Wednesday.

STIFF DEMANDS

He stalked over to the airport to get a plane back to his own bailiwick, but was detained by armed soldiers of Joseph Kasavubu, Congo's president.

There are reports that he will be transported, under guard, to Leopoldville, Kasavubu's capital, and kept until he agrees to abide by the decision of the "unity conference."

Justine Bomboko, foreign minister, said Sunday that the central government is determined to disarm Tsombe's army and get rid of all his white mercenary troops.

REJECTED DEMANDS

Tshombe quit the conference Congolese leaders because Kasavubu had agreed to U.N.

Students of Free Africa Celebrate

By BARBARA MOUNTS

The force of African nationalism today outshines the atom bomb. The power of the feeling of independence was demonstrated last Thursday when six Sierra Leone students invited fellow Africans and friends to attend an Independence Day banquet at the Chalon Mart restaurant. More than 200 responded.

Earlier that same day, the students watched with apparent pride the triumphal rise of the tri-colored flag of their country until it reached the top of the City Hall flagpole. As the green, blue and white flag rippled in the breeze, Alexander McDonald, talented concert soloist, sang the Sierra Leone national anthem. Father Robert H. Larkin, rector of Christ the Good Shepherd Episcopal Church, gave the invocation.

SPOKE BRIEFLY

The United States government made movies of the ceremony. Television and radio broadcasts made by Peter Renner, chairman of the Sierra Leone Students Association, were taped for broadcast to African nations.

The banquet was marked by

Millie's Burger Stand Robbed

Early Friday morning about 1:45 a.m. a man came up to the counter at Millie's Double Burger stand, 5300 S. Central avenue, owned by the popular couple Fred and Millie Holbert.

He asked Dorothy Spann, 22, waitress, for a cup of coffee.

He reached in his pocket—but he didn't come up with the customary dime. Instead he brought out a pistol, grabbed $42 from the till, and forced Miss Spann and a witness, Juanita Anderson, to lie on the floor until he was out of sight.

Special Officer Kills Customer In Rendezvous

Special Officer Eddie Washington Jr., 31, of 318½ W. 66th street, shot and killed a man at the Rendezvous Cafe, 3601 S. San Pedro street, Friday night.

Killed when he allegedly advanced on Washington was Robert Wilson, 27. Also advancing on the officer at the same time was Emmet Jones, 22, of 3425 S. Maple avenue, who said he stopped short when he saw the flash of the shot from Washington's gun.

Jones was booked. He was a friend of Wilson's.

Washington reportedly pulled his gun after Paul Butler, 2706 S. Brighton avenue, bartender, asked him to put down a disturbance where Wilson was abusing other customers and shouting obscenities.

He put his hand on Wilson's shoulder and asked him to leave. Instead Wilson pushed the officer aside, began cursing him and pulled his hand quickly out of his pocket.

It was at that moment that Washington reportedly drew his gun and fired three times. One shot struck Wilson in the chest.

The shooting occurred a few minutes before 10 p.m. Wilson died approximately one hour later.

ton, and was a World War II veteran.

ARRAIGNED

Arrested for the murder and arraigned Monday morning were: Norman W. Elliott, 23, of 1801 W. Vernon avenue; Everett D. Jackson, 21, of 716 82nd street; and James H. Holiday, 19, of 3047 Farmdale avenue.

All three were held on one count of murder, with a hearing set for May 12 in Division 40.

The capture reads like a neatly written detective story.

Witnesses outside the liquor store heard the shot, saw two men run out and dash into a waiting automobile which zoomed off down Venice blvd.

GET DESCRIPTION

Police were given a description of the car and the men in it. That was at 11:24 a.m. Four minutes later Officer Lee N. Bowman heard the report of the killing over his squad car's radio, with the address of the car's owner given as 3047 Farmdale avenue.

He was in the vicinity and sped to that address, spotting the murder car in the driveway. He called back for assistance. It was 11:38 a.m. Fourteen officers equipped with riot guns and tear gas converged on the house.

The men surrendered quietly and were driven to Wilshire Station. It was 11:50 a.m. when they were booked.

Student Built Model Home On Display

A preview showing of "Sixty Wonder," a student-built model home, was held on the main campus of Los Angeles Trade-Technical College last Tuesday.

After luncheon, the invited guests went on an inspection tour which included the six-room "Campus Home" created by students of the Trade-Tech Junior College and just recently completed.

The home was designed by Wesley Brewton, Trade-Tech architectural drafting student. The home was named "Sixty Wonder" by Griffith W. Clark Jr., extended day piano tuning student.

Beginning May 8, the completely decorated home will be open for public inspection from 10 a.m. to 4:30 p.m. daily. On weekends the home may be viewed between 1 p.m. and 4:30 p.m.

The public is invited to view the house constructed by students of many trades. This is the fourth complete model home built entirely by students. It will be sold to the highest bidder, using sealed bid forms. The forms can be obtained at 400 W. Washington blvd., the business office of the school.

Southeast in Drive to Halt Polio Rise

Community leaders and volunteer workers will meet with City Health Department officials Thursday, May 11, at 10:30 a.m. at the Southeast District Health Center, 4920 S. Avalon boulevard, to map plans for an intensive community-wide polio vaccination program designed to vaccinate every pre-school age child in the Southeast District.

Health records show that that district reported the highest polio rate in metropolitan Los Angeles last year. The records also show that the district's polio immunization level is dangerously low.

Plans are under way to conduct weekly polio vaccination clinics for children between 2 months and 12 years of age at the Center each Wednesday morning from 9 a.m. to 11 a.m. until further notice according to Dr. Robert F. Kolts, acting District Health officer at the Center.

Dr. Kolts also reported a special polio vaccination clinic has been planned for Friday, April 28, from 1 p.m. to 3:30 p.m. at the Pueblo Del Rio Housing Development, 1801 E. 53rd street.

Rev. James L. Jones has been appointed as a member of the Willowbrook School District Board of Trustees, replacing Ulysses G. Brown.

Mabel Asbury Dies at Theater

Death struck suddenly Saturday noon and claimed the life of Mrs. Mabel Asbury, wife of Richard Asbury, 1919 S. Harvard boulevard, as she watched the life story of Mary McLeod Bethune in the MRA film "The Crowning Experience."

The body will be shipped to Hawkins, Texas, for burial following mortuary services conducted by Rev. J. L. Caston of Trinity Baptist Church.

Wallace Co. Introduces Silver Line

The fashionable home of Mrs. Fannie Benjamin on S. Raymond avenue, was the scene of an elaborate tea Saturday afternoon sponsored by the National Council of Negro Women and the Wallace Silversmiths, Inc., of Wallingford, Conn.

The exquisite beauty of Wallace sterling on display won the admiration of the many invited guests. "The Third Dimension Beauty," created exclusively by Wallace, has a unique distinction. The mark of superiority is in evidence from the many beautiful patterns which are attractive and different from every angle, including the "New Debutante," which is sculptured in a round and delicate long clean line.

On Thursday, representatives of the press were entertained at luncheon at the Statler Hotel, by Arlene Hershey and Barbara Harris, public relations representatives of the Hamilton Watch Company and the Joseph V. Baker firm of Philadelphia. The Wallace line is owned by the Hamilton Company.

Miss Hershey pointed out new ways of using silver and stressed the fact that using sterling regularly dispenses with the necessity of cleaning it frequently. Sterling becomes more beautiful with use and develops a sheen which no amount of polishing can bring, she stated.

Local Beauticians Plan Public Relations Forum

The State Association of Alpha Chi Pi Omega, beauticians' organization, will hold a public relations forum Monday, May 8, at the Woodlawn YWCA, 4260 Woodlawn avenue.

Highlights of the meeting will be a discussion of the do's and don'ts of publicity in which members of the working press will participate, and the presentation of a donation to the NAACP.

Prior to the public meeting a closed business session for members only has been called by Evelyn Jackson, state president, for the same day from 10-11:30 a.m., also at the YW.

The public meeting will be held immediately following from 11:30 a.m. to 1 p.m. It is open to all beauticians.

Bernice McGlover, public relations chairman, and her committee will act as hostesses.

Man Threatens Woman With Gun

Clarence Williams, of 1162 E. 51st street, was held Thursday for assault with a deadly weapon after a friend of his wife, Mrs. Vera Talbott, 48, of 4160 McKinley avenue, told police he had accused her of trying to break up his home, ordered her out of the house and threatened her with a .22 caliber Winchester.

Drug Clerk is Robbed of $86

When Geraldine M. Davis, 40, a clerk at the Inter-City Drugs Store, 3773 S. Western avenue, asked a customer for $1.04 for some cough medicine Friday night, he pointed a .38 pistol at her and told her to open the cash drawer.

He and a man who had come in with him took $86 from the till and warned he would shoot if she tried to follow them. He had given his names as James Kirby, 1907 W. 42nd street.

Former Pals Fight, Elderly Vet is Killed

A quarrel last Thursday between two former friends who hadn't spoken to each other for a year ended abruptly with the shooting of John Francis, 60, retired and disabled veteran, at 302 E. 55th street.

Held for murder was Orville Samuels, 55, of the 55th street address.

He said he and Francis quarreled that morning and he went upstairs and got his gun. When he came down he saw Francis on the porch with a fixed blade knife in his hands.

He fire three times, and Francis fell face down. He was dead.

Loren Miller Lauds Role Of League

The Los Angeles Urban League deserves the united support of the community, Loren Miller, Eagle publisher, told the League's annual meeting at the Jewish Community Center last Sunday.

He cited the League's long leadership and participation in interracial affairs and urged his hearers to lend financial support and resist efforts to strip it of its functions. Wesley Brazier is executive director of the League.

MAKES AWARDS

As is its custom, the League awarded its annual citations at the meeting. Those receiving awards were Mrs. Margaret Rakestraw for outstanding community service; Mrs. Thelma Kirschner, manager of Radio Station KGFJ; and Henry Lewis, musician who conducted the Los Angeles Symphony Orchestra earlier this year. The E. K. Jones Trophy went to Systems Development Corporation for its policy of merit employment. Lorne Green, actor in the TV Bonanza show, presented the awards.

George Bryant, master of ceremonies ,announced that George Brown, Robert Clark, Prentiss G. Gordon, Rev. James Hargett, Norman B. Houston, Dr. Clarence Littlejohn, Glanville Lockett, Jan Pluim, Dr. Le Roy Weekes, Dr. H. Claude Hudson and Richard Nevins have been elected to the Board of Directors for three-year terms beginning this year.

NEEDS FUNDS

Dwight R. Zeek, president of the League, cited figures to show that the Los Angeles League budget is among the lowest in the nation on a basis of population and urged additional support. He described himself as "unhappy" over lack of funds and said that the League needs more money if it is to do a complete job.

In his keynote address, Miller cited the advances made in race relations during the League's 40 years in Los Angeles and told his audience that the League had played an important part in that progress. He added that as much remained to be done as had been done and said that the League must participate in future events to an even greater degree than in the past.

Send Military Aid to Negroes, U.S. Urged

WASHINGTON — A request that the United States give to the South's Negroes the same type of military support it gave to the anti-Castro rebels as contained in a statement prepared by Richard Gibson, acting executive secretary of the Fair Play for Cuba Committee, for presentation to the Senate Internal Security Subcommittee in Washington last Tuesday.

Gibson said that "Pres. Kennedy has declared that it is the policy of the United States Government to aid all peoples who are fighting against tyranny. We heartily approve of this new attitude on the part of the U.S. Government. I would like to draw to your attention, and I hope indirectly to the President's, the telegram which Cuba's distinguished Foreign Minister received and read to the Political Committee of the U.N. General Assembly on the night of April 20. The telegram read:

REQUEST TANKS

"'Please convey to Mr. Adlai Stevenson this message: Now that the United States has proclaimed military support for people willing to rebel against oppression, oppressed Negroes in the South urgently request tanks, artillery, bombs, money, use of American airfields and white mercenaries to crush the racist tyrants who have betrayed the American Revolution and Civil War. We also request prayers for this noble undertaking.'

"The telegram was signed by Robert F. Williams, president of the Union County, N.C., branch of the National Association for the Advancement of Colored People."

Gibson went on, "We are deeply concerned by the hatred of the leaders of this nation for a people and government that has proved to the world that it is possible rapidly to wipe out political tyranny, economic exploitation and racial discrimination."

PROUD OF POST

He said further:

"I am proud that I, an American Negro who has personally known real oppression and racist tyranny here in the United States, should have been chosen to head the Fair Play for Cuba Committee. I am proud that so many of my people have been active in FPCC.

"I am proud too that I am an officer of the Liberation Committee for Africa, which was one of the Afro-American organizations that planned the demonstration in the U.N. Security Council on Feb. 15 in indignation at the murder of Premier Patrice Lumumba of the Congo. He suffered the fate that the C.I.A. would have wished also for Cuba's valiant Premier Fidel Castro.

WRONG TARGET

"It is appalling how little white politicians in this country understand the feelings and resentment of Negro Americans at the continuing racist oppression that permeates the life of this nation. It is a disgrace that there are members of this very subcommittee who have dared to defend segregation and all the misery that it implies for my people.

"Instead of investigating the Fair Play for Cuba Committee, I would suggest that you investigate the patently un-American activities of the White Citizens Councils and the Ku Klux Klan.

"And why not investigate the Mississippi police who last month unleashed savage dogs on Negro students in Jackson, Miss.?

"No police dogs are used against Negroes in Cuba."

Textile Firms Boycott Gov't Over Bias Ban

ATLANTIC CITY, N.J.—Major southern cotton textile companies are on strike against the government, Herbert Hill, NAACP labor secretary, charged in a talk Sunday before the International Union of Electrical Workers.

Reason for the strike, or boycott, is the administration's ruling that all firms operating under government contracts must observe a no-bias hiring policy.

SECRET AGREEMENT

Hill said that "an unpublicized conference was held April 21 of major southern cotton textile companies in Charlotte, N.C., and there industry representatives discussed ways to circumvent the President's anti-bias order."

This meeting, Hill said, followed a previous conference of the American Cotton Manufacturers Institute in Miami where the textile industry "evidently decided to boycott government procurement agencies."

Hill said further that the Quartermaster Corps of the Defense Department, in charge of defense procurement, has received no bids from textile firms since Pres. Kennedy's ruling went into effect. Several of the largest firms, he said, have refused to sign contracts with the government.

JANITOR JOBS

Negroes constitute less than two per cent of the total work force in the textile industry, according to Hill.

"In Virginia, North Carolina and South Carolina, Georgia and Alabama," he declared, "there is apparently not a single Negro employed as a weaver, spinner, loom fixer, or in the carding rooms. Negroes are employed only as sweepers, janitors and cleaners."

ART DISPLAY AT JEFF—Art students during Open House at Jefferson display some of the top achievements of the semester. From left: Jerome Hubbard, John McDowell, Eddie Orr (art teacher), John Dango and Sam Hamerman, principal.

Jefferson Hi School Holds Open House

Administrative officials, teachers and students at Thomas Jefferson High School last week served as hosts to parents and members of the community at Open House and Career Day activities. On Tuesday more than 1000 parents and friends oh'ed and ah'ed their way through the modern educational plant which had produced many outstanding scholars, artists and athletes.

Representatives from art schools and city art supervisors said that the art exhibit arranged and executed entirely by the students was the best such exhibit in the city.

MODEST STUDENTS

Several pieces on display had received prizes in a recent Bullocks' competition. Some of the artistic creations of Jefferson-trained Thomas Green, Ronnie Dixon and John McDowell, whose work is now in a Washington, D. C. exhibit.

One unusual thing about the students in the art classes, according to Sam Hamerman, principal of the school, is that they require coaxing to get them to sign the art work when it is completed. Some refuse to take the work home with them.

On Career Day, Thursday, from 80 to 100 visitors heard short talks to students on career opportunities. The program was followed by luncheon served in the ultra-modern cafeteria.

Special guests included J. Leon Hawkins, psychologist; Preston Taylor of the Urban League; and Dwayne Brubaker, superintendent of the work experience section of the public schools.

SPECIALIZED COURSES

Jefferson High School offers career training comparable to that offered by trade schools. Students may receive a working knowledge of business machines, power sewing machines, carpentry and cabinet making, science and nutrition, home making and home management with special training on the latest equipment.

The art department gives training in oils, water colors, line drawings, cut making and printing, ceramics, sculpture and allied arts.

The Open House was sponsored by the Masters and Wardens Association of the school.

Open House Slated at All Fire Houses

Saturday, May 6, is Fire Service Day in Los Angeles, and throughout the State of California.

"Open House" will be held in fire stations throughout the city, from 10 a.m. to 5 p.m.

City Fire Chief William L. Miller has extended his personal invitation to the citizens of Los Angeles to visit their own neighborhood fire stations.

Children under 12 years old must be accompanied by an adult when visiting the fire station on Fire Service Day. Everyone is welcome to bring a camera and take pictures of the youngsters sitting in the fire engine or climbing over fire-eaters.

Offer Class In African Languages

Interest in Africa and the lack of authentic information concerning the people, the languages and the vast areas of the continent has warranted the holding of a class in African languages and information, which is taught by African graduate students.

Classes are conducted each Tuesday between 7 and 9 p.m., at the University Methodist Church, 817 W. 34th street, by Olu Delu, a Nigerian political science graduate student at USC.

SOCIAL SYSTEMS

The course is sponsored by the American Society of African Students and will include an investigation of all facts of African culture, the social systems of the past and present, myths, art forms of the major tribes, philosophy, political ideals and the various dialects.

The chairman of the organization is Alvano Dean, research mathematician, who said at the time he announced the classes that Africa in the future may well be able to supply sufficient food to be completely self supporting and also to export surpluses abroad.

Union Leader to Talk on Cuba

Sidney Lens, director of a Chicago Building Service Employees local, author and lecturer who visited Cuba just before the travel ban was clamped down, will speak here Friday, May 5, on the subject of "Cuba, Castro and the Trade Unions."

The meeting has been scheduled for 8:15 p.m. at Park Manor, 607 S. Western avenue, under the auspices of the Fair Play for Cuba Committee.

STUDENT EXHIBITS

More than 2500 people have attended the East Los Angeles College student art exhibit since its opening March 17, it was learned this week. The gallery will remain open until May 5.

A Blow to Civil Rights

The refusal of the Assembly Ways and Means Committee to report out the Hawkins Fair Housing Bill as a severe blow to the cause of civil rights in California.

In essence the bill would have put California in company of the forward looking states which have forbidden discrimination in the sale or rental of housing and would have lodged enforcement of the law in a state fair practices committee.

As we pointed out last week, Republican assemblymen carried the flag for reaction in the Committee but some Democrats also flunked the test. Among them was Charley Porter of Compton. Mr. Porter has a substantial number of Negro voters in his district.

He has written a letter in which he says that he won't vote to get the bill out of committee and that he will vote against it on the floor if it does get out of committee.

Mr. Porter's "reasons" for opposition to the bill are childish. He says that race relations are improving and that the bill, if it became law, would hurt, not help, the movement against discrimination. He doesn't, indeed he can't, implement that claim. What it all boils down to is that he has knuckled under the powerful pressure groups.

If Mr. Porter really wants to know what happens under fair housing laws all he has to do is to look at Washington and Oregon on the west coast or at New York or Connecticut or Pennsylvania. Those who know what state laws have done are in unanimous opposition to Mr. Porter.

Assemblyman Hawkins, the bill's author, won't take no for an answer. He's trying to make minor changes in the bill to answer some of the squeamish objections. With them he hopes to get the bill out of committee. We hope he can do so. California needs a fair housing bill and a vote on the floor will give us a chance to see who's for progress and who's ready to run and hide.

Population and Political Power

A Census Bureau memorandum on racial composition of cities and their metropolitan areas tells the story of how the centers of the cities are being given over to non-whites (read Negroes) and how they are being encircled by all white, or nearly all-white, suburban areas.

New York, for example, has a Negro population of 1,087,931, in the central city with 139,694 Negroes living in the rest of its metropolitan area. Chicago has 812,637 Negroes in its central city and only 77,517 in the rest of its metropolitan area.

The same trend is observable in Los Angeles. There are 334,916 Negroes in the central city of Los Angeles with another 9,531 in the central city of Long Beach — a grand total of 344,447. There are 120,270 Negroes outside the centers of these cities.

The concentration of Negroes in the central cities undoubtedly enhance their political power — Los Angeles Negro population is now 13.5 of the total population. Chicago's Negro population is 22.9 per cent of the total while Philadelphia's is 26.4 and Detroit's is 28.9.

One of the real problems facing Negro leadership is the manner in which it can utilize the balance of political power that is being thrust into the hands of Negroes. Obviously, we've done a pretty poor job in Los Angeles where the 13.5 per cent of the Negro population is without representation and with little voice in City Hall affairs.

There are many reasons for the impotence of Negroes in Los Angeles municipal affairs but the time has come when we have to cast up accounts and decide what we propose to do to remedy the situation. The Negro proportion of Los Angeles population is about the same as that of New York's. We needn't take time to point out the vast difference between the influence of Negroes in New York and our influence in Los Angeles in civic and political affairs.

We would like to see a serious study of why Negroes utilize their influence in some of our cities and neglect it in others.

The President Uses His Power

President Kennedy's order that cabinet members shun segregated audiences and the attorney general's decision to enter a case that would invalidate Virginia's law permitting communities to close their schools rather than integrate them are heartening evidence that the President meant what he said last year when he assured us he would use the moral power of his office to hasten the end of Jim Crow.

The order in reference to cabinet members come after Secretary of Commerce Luther Hodges had addressed a meeting from which Negroes were excluded in South Carolina but it was a warning that Secretary of State Rusk wouldn't address a Georgia meeting unless Negroes were freely admitted.

The refusal of cabinet members to appear at meetings which discriminated against Negroes won't be world shaking but it does place the South on notice that it can't have its cake and eat it too.

The test of the Virginia school law is of great importance. What Virginia has done is to enact legislation which permits counties to abandon public schools in the face of integration orders while the state continues to maintain public schools in other areas where integration is effectuated or where no integration order is in effect.

Lawyers who attack this local option Jim Crow scheme make the point that such laws deny equal protection of the law—they deprive Virginia citizens of public schooling if they happen to live in a particular county, or particular counties, of the state. Other Virginians who live elsewhere get the benefit of public education.

Ultimately, the Supreme Court will be asked to decide whether or not Virginia can furnish public schools for some of its citizens and deny them to others.

The People Should Keep Power

The California State Bar Association is plugging for legislation that would hamstring California governors in their choice of judges.

The Bar wants to change the law that now permits the governor to fulfill judicial vacancies. It would require an approval of every such appointee by a commission consisting of the chief justice and an associate justice of the state supreme court, a justice of the district court of appeal, a superior court judge, a municipal court judge and (here's the gimmick) two members of the State Bar.

The claim is that such a procedure would improve the quality of our judiciary. Of course, there's no proof of that claim. The State Bar points out that judicial appointments must be confirmed or approved in many states but it doesn't say—it can't say—that the quality of judges is better in those states than in California.

The irony of the case is that the very superior and municipal judges who would sit on the initial commission under the State Bar plan are on the bench by virtue of appointment by the governor, with no strings attached. The State Bar would choose its two members who would sit on the commission.

Add it all up and what emerges is a scheme to give lawyers a veto power over judicial appointments. The people now elect the governor and can hold him accountable for undesirable judicial appointments. They should not hand over their power to a lawyer's commission.

BATTLEAXE & BREAD

By Lester B. Granger

GRANGER

Don't let anybody hornswoggle you about jet flying. In most cases it's for the birds. True, it's a fast way of getting where you're going, but suppose you do save a half-hour getting from Manhattan to a place a thousand miles beyond, what are you going to do with the time—honestly? Or with three or four hours saved in leaping 'cross country?

To me, jet flying is a monotonous chore to be endured rather than an experience to be enjoyed. Enjoyed for instance, like driving over the Appalachian range and seeing the hill before you stretching into a mountain, and the mountain attaining a peak and then looking down at the smooth curving road that slips along below you and feeling your motor take a sigh of relief and let the downslope do the work for it. That's travel.

CLICKETY-CLACK

Or it may be that you haven't time for driving, and must take the train. So you take a tight little roomette on an overnight run, and before you go to sleep you turn out your light and raise the windowshade and watch the country rush by you at 70 miles an hour. You look across the plain and there's a bright moon spotlighting rivers and woods and ribbons of roads, and after a while when you drift off to sleep the car wheels go clickety-clack over the road bed and make a little rhythmic refrain, while in your mind's eye the moon light is still dancing outside and keeping pace with the train's speed.

And early next morning you wake up and raise the shade again to see where you are and what it's like wherever you are. The larger cities and towns are still asleep as your train slides through. Here and there a delivery truck may be churning along, but the townsfolk—like townsfolk the world over—sleep as late as they can, and so never share your glimpse of the sunrise, and the dew pearls on the grass and the early-grazing colt in the pasture who races the train from one fence to the other and then stops and snorts triumphantly before tossing his mane and trotting back to his starting point.

So it takes you longer to get where youre going? So what? Are you really in that much of a hurry? Jet-flying 30,000 or 35,000 feet above the ground—too high, for the most part, to see any of the details of the ground you're passing over, and too high even to enjoy the seemingly-fluffy texture of the clouds below you.

FOR THE BIRDS

That's travel pleasure? For the birds! The ground fades out to a dull, neutral shade; the hills become hummocks and the hummocks flatten out with the rest of the picture. Rivers are so narrow they lose all character, and the cities will slip by under the wing of the plane without being seen, unless you know where to look for them. There you are, six or seven miles in the air, and there the ground is, resembling nothing that you've ever walked or ridden over, and all you can do is read less comfortably than at home, or look at your watch and figure how long before you can land.

The exception that I make is for that afternoon flight from Denver to Los Angeles, and for that flight on a not-too-cloudy day. I'm almost willing to forgive air travel for the thousands of hours of flight-tedium inflicted on me over the years. For on that flight the ground doesn't fall away, defeated, as the jet liner rises. The Rockies rise with it, arrogantly contending against man's mastery over the air, then drop away temporarily defeated, but rise again and again until the Wasatch Range is passed.

FOUL MUCK HEAP

Then the mountains begin to step slowly and grandly down toward the Mojave Desert. The first sign comes with the appearance of curiously eroded slopes, striped red and white in the late afternoon sun's glare, and apparently always on the side looking into the sun. Then the broken mesas, the stubborn ungranulated remains of what was once a sweeping plateau; between the mesas, spiny ridges of red rock, like gigantic lizards slinking toward their desert home. Then finally, the desert with its dune-swept reaches stretching into the horizon and merging with it in any direction.

But here is the first sign of man in an hour—tiny squares of irrigated fields with their fresh-green promise of crops to come, and off in the distance the faint glow of neon-lit Las Vegas, lying there on the edge of vision like a foul muck heap mislaid on the face of God's Great Desert.

And then the fog, which has been hovering off against the horiozn, seems to agree on the incongruit of the sight; it drifts in and shuts off the view with wispy trails of glimsy gray.

Then the fog presses more firmly and the ground passes from view — until suddenly the thick sheets of fog are replaced with rolling masses that look for all the world like droves of sheep scampering at 600 miles an hour. Then you look ahead and there is no fog; Burbank is in sight, your jet has dropped 15,000 feet in the spell of fog. The lighted warning, "Fasten Your Seat Belt," comes on, and in ten minutes you'll be touching ground again.

complaint that the two of them had three trials. I'm one of those people who think that no matter what it costs, an accused ought to be given every protection the law affords and it seems better to me to run the risk that some guilty men should go free rather than cut corners and see one innocent man condemned. On the other hand, I'm not at all sure that the twenty-six people who are now sitting on California's Death Row got the same kind of legal protection that the doctor and his paramour got. They couldn't afford it.

The truth is that we Californians, and residents of other states which retain the death penalty, keep it for the poor and the underpriviliged. They're the ones who wind up in the death house. Southern states go us a little better; they generally retain the death penalty for poor Negroes. That's the reason they generally lead in execution statistics.

REVENGE

Those who justify capital punishment like to argue that it is a deterrent to crime. There won't be any fewer murders in the state in 1961 because we stepped up legal executions in 1960. The last man we killed—he was a youngster of 20—killed a police officer in a moment of panic. Later he testified that at the very time of the killing he knew that a jury had just sent another killer to death. He said he didn't think about that fact when he committed his own crime.

Of course, the real reason we retain the death penalty is that we want to take revenge on the killer. That cropped out when Governor Brown commuted a death sentence a month or so ago. Those who complained of the commutation pitched their argument on the fact that the man had killed another in cold blood and argued that he deserved no better than his victim. What I can't get through my head is why I, and other Californians, should deliberately elect to kill a man who has committed murder. It's bad enough when one man is killed. It's worse when two are murdered.

the absence of long repetitous congratulatory speeches. Lieutenant Commander Dennis Nelson of the United States Navy, served as master of ceremonies.

The British, Canadian and Israeli Consul Generals and Mayor Poulson's representative spoke briefly. The British, to welcome the nation into the Commonwealth and the Canadian to give words of warning on the problems of independence.

GOLDEN AFRICA

George Sevelle, who recently toured Africa with the first U.S. Trade Mission and Franklyn Ajaye, a native of Sierra Leone, spoke on the glorious independence of the country and of its promising future. Ajaye contrasted the delicious meal consumed at the Mart with the mountain of food which would be consumed in their native land, free at last, yet sooner than expected.

Dr. H. Councill Taylor, of the UCLA anthropology faculty, spoke brilliantly of Africa's history and future. He told of the renaissance of golden Africa in the 12th to the 14th centuries before the white man arrived. Also of the five centuries of struggle to make independence possible.

Sierra Leone students celebrating here in Los Angeles were: Peter and William Renner, electrical engineer and pharmacist, respectively; Henry Palmer, mathematics major; Dencole Decker, auto engineer; Ahmed Macauley, electrical engineer and Colinous Jonah, electrical engineer. Their wives also were among the celebrants.

Time Running Out For Virginia County

deprived of their constitutional right to attend public schools.

Segregationists sought to get Negroes to accept grants, similar to those given white children, to attend all-Negro private schools.

Rev. L. Francis Griffin, coordinator of the county replied that Negro parents did not want Jim Crow schools, whether public or private. "That is why they brought their law suit in 1952," he said.

PRECEDENT

The Justice Department filed a motion to intervene as a plaintiff in a suit brought by Negro high school students against the county school board and other officials. This is the first time the department has intervened as a plaintiff in a school segregation case, Kennedy said. The government in other instances has intervened as a friend of the court.

The motion was filed before U. S. District Judge Oren R. Lewis in Richmond, Va.

The motion asks the court to enjoin county and state officials "from failing or refusing to maintain in Prince Edward County a system of public free schools."

Injunctions also were sought against public support of the private schools in Prince Edward County and against public support of any public schools in the state until public schools are reopened in the county.

Defendants named in the plaintiff's complaint are the county school board, county treasurer and Board of Supervisors, the state board of education and the state superintendent of public instruction.

The Government motion was brought against these defendants and also against the State of Virginia, its comptroller and the Prince Edward School Foundation.

This foundation was incorporated privately in May, 1959 to operate private elementary and secondary schools, two weeks after the United States Court of Appeals for the Fourth Circuit directed that the county's high schools be integrated in the fall of 1959.

meeting and added that he would not knowingly attend an affair which was deliberately segregated.

The memorandum the President sent to federal agencies stated:

"I want immediate and specific action taken to assure that no use is made of the name, sponsorship, facilities, or activity of any executive department or agency by or for any employee recreational organization practicing discrimination based on race, creed, color or national origin.

"Current practices in each department are to be brought into immediate compliance with this policy, and a report by the head of each executive agency filed to that effect before May 1, 1961."

Louis Martin, deputy chairman of the Democratic National Committee stated that in the past some employee recreation associations in federal agencies have sponsored tennis, golf and other sports competitions which barred Negroes. The personal concern of the President for the principle of "equal opportunity for all qualified persons within the government" has begun to change this picture, Martin pointed out, adding that two weeks ago the Patent Office withdrew from the Federal Golf Association when it was disclosed that membership had been denied to two Negro applicants.

Tshombe Held Prisoner by Congo Gov't

mands that all foreign military and civilian advisers must get out of the Congo.

Stripped of the support afforded him by those advisers, Tshombe's strength would evaporate. He is at least as dependent upon his Belgian backers as they are upon him.

It now appears that Kasavubu is attempting to bring Katanga, and the wealth that flows from its mines and industry, under the control of his government.

Interestingly enough, it was this very policy which, when undertaken by Lumumba, was thwarted by the United Nations which prevented him from leading his army against the Katanga forces.

KASAVUBU SWITCH

Kasavubu advocated a loose federation against Lumumba's insistence upon a strong central government. The U.N. backed Kasavubu, recognized him as the legitimate representative of the Congo and refused to interfere when he and his "strong man" military leader, Col. Joseph Mobutu, detained Lumumba under house arrest, brought him back in chains when he made his escape and later turned him over to Tshombe.

Now it is Kasavubu who seeks to strengthen the central government.

Meanwhile Ghanaian contingents of the U.N. forces were faring badly in Kasai Province where they were attacked by Kasavubu's army over the weekend. They reportedly suffered many casualties in a battle at Port Franqui. On Monday the U.N. said 40 survivors of the garrison were being airlifted to Luluabourg.

Missing from the Coquilhatville conference was Antoine Gizenga, whose claims as head of the Congo government is recognized by a number of African nations and members of the Soviet bloc. He apparently decided, wisely it would seem in view of what happened to Tshombe, to stay out of enemy-controlled territory.

Local Housing Authority Pays City $388,000

The City Housing Authority last Thursday turned over $388,275.02 to the local taxing bodies as its regular annual in-lieu-of-taxes payment, it was announced by George A. Beavers, Jr. chairman of the authority.

Housing projects are legally tax exempt, but according to an agreement entered into with the city, the Housing Authority pays 10 per cent of its rental income to the city.

Occupying 400 acres throughout the Los Angeles area, the Housing Authority operates 21 projects with 8,609 rental units for low-income families. There are 33,774 persons living in the projects, including 25,661 children. Growing numbers of senior citizens, living on fixed low incomes, are making their homes in the housing projects, Beavers declared.

CHORAL PRESENTATION

City sponsored junior and senior youth choruses will climax their seasonal activity with a presentation of "Prolog to Mefistofele," to be conducted by Glenn Cliff Bainum, May 7, in MacArthur Park at 4 p.m.

Ministers Join Forces Over Birch Attack

Clergymen concerned over the recent attacks on them by the John Birch society, and Muslems issued a statement against the vicious and unsupported attacks upon them. They noted the increase in the number of groups that capitalize on the fears, hatrads and prejudices of people to catapult themselves into positions of influence, power and affluence.

"The church," the ministers said, stands ready to bear any persecuton so that all men, regardless of race, creed or condition may walk the earth in dignity, free and unafraid. Its mission is for the redemption of all mankind.

"The present world situation makes it all too easy for persons of good will to be 'coned' into supporting methods which are actually destructive to the ends they seek," the clergymen said. And it is possible to so use freedom that we destroy it, with anarchy the result. The price of freedom is eternal vigilance, not eternal vengence and vituperation. Without moral discipline and ethical restraint liberty becomes license, the statement said.

The church was described as a community of believers in God, dedicated to the sovereignity of love in all things. Some 140 pastors of various denominations signed the statement which was drafted by a committee. Among those were the Revs. Kring Alden, H.H. Brookins, H.W. Murph, Russell Clay, Louis Fiske, Howard Fowler, Howard R. Carey, G.E. Hays, J. Raymond Henderson, J.B. Johnson, Also C.T. Kendall, Allen H. OLson, A.K. Quinn, G.W. Reed, C.D. Toliver, W.H. Wooford and E.C. Walkins. Signatures on the lengthy statement were growing steadily the report said.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

We recall back in May, 1957, that the good citizens of our community were told by playground recreation directors in our area that unless we went to the polls and passed a $39,500,000 bond issue to improve our existing parks and playgrounds they might go to the dogs. Like good citizens who enjoy taking the family to the parks and recreation centers, we heeded their advice and went out and voted for the bonds.

Now it's a long time since May, 1957, and five years since the Park Commission launched its so-called five-year expansion program to provide additional playgrounds and recreation facilities.

In 1956, Mayor Norris Poulson appointed Y. Frank Freeman, vice president of Paramount Pictures, to serve as chairman of a citizen's committee to make a comprehensive survey of the city's long-range needs in the recreation and park field.

Now $630,000 of the bond fund was to go for Senior Citizens Centers; $3,131,350 for improvement of existing playgrounds and $2,585,000 for swimming pools. We notice that at 22nd Street there is very little change; Compton Playground is getting a new clubhouse; South Park Playground shows no change since the bonds passed; bids are being accepted now for the building of a field house at Watts Playground and $80,449 has been spent on Fred M. Roberts Park.

The bond issue was also to finance golf courses, and the mayor's committee found every place to put a golf course except in the Negro area. For instance, they approved 18-holes for Hansen Dam Park; for Harbor Park, 9 holes; for Penmar Park, Venice, 9 holes, and for Rose Hills, 18 holes.

Now we are all for improvement of our parks and playgrounds at the various levels but men like George Hjelte and Norman S. Johnson know full well that little improvements of any serious nature have been made at 22nd Street, Rosa Synder or South Park in years, although the area has more than tripled in population. The fact is that in the Mexican-American and Negro neighborhoods we can look for little change other than token improvement until they include experienced recreation directors in the administrative staff of their offices.

Many of our playgrounds lack the necessary facilities to cope with the increasing number of youngsters and adults who are attracted to the parks and playgrounds so they soon lose interest. As a result the undesirables take over and soon our playgrounds are known to the police as trouble areas.

We think it is high time that our Park and Recreation Commission stops looking the other way and starts to improve existing facilities and provides additional playgrounds, recreational facilities and equipment in the districts where the need is greatest.

NEGRO COLLEGE RELAY TEAM STEALS SHOW IN DRAKE RELAYS

A nine-man Texas Southern track team from Houston stunned a crowd of 18,000 fans at the 52nd Drake Relays last Saturday in Des Moines.

The talented squad from the all-Negro College roared to take four relay titles and set two new meet records.

Texas Southerns 800-yard relay team of Jones, Ballen, Frazier and Milburn erased the old mark of 1:25.4 for this event and registered a blistering 1:24.4 mark. The 2-mile team of Hobson, Hunt, Warner and Adams went sailing down the lane and shattered Drake's old mark of 7:39.3 by posting a smashing 7:35.2 while taking four of the six college division relays championships. This was a new high for the famed Drake Relays and chalks up a proud record for Texas Southern's track coach.

In all, Texas Southern won the College Sprint Medley in 3:22.4; 440-yard relay in 41.2; two-mile relay, 7:35.2; and the 880-yard relay in 1:24.4.

Hollypark Ready For May 10 Opener

Hollywood Park, "the track of the lakes and flowers" in Inglewood which has been running off with the national attendance and purse championships for nearly a decade, is being given its final grooming this week for the gala opening of its twenty-second racing season next Wednesday, May 10.

An innovation for Hollypark this year will be the "daily double" on the first two races. The double will close at 1:35 p.m. daily and the first race will go off at 1:45 p.m.

Many of the nation's champion runners are on hand for the 55-day meet, which will run through July 24.

Interfrat Cage Title Up for Grabs

Things really popped last Saturday night in Jefferson High School's gym.

Lifting a page from last year's Interfrat, the Kappas steamed onto the court and handed the high flying Alpha team its first setback in five games, scoring a bitterly contested 98 to 92 victory.

Ron Lawson, great UCLA star, played his best game of the series, dropping in 32 points. The deft ex-Tennessee lad took charge from the opening minutes of game, ringing the bucket at will.

At half time the big red machine was rolling in high gear and posted a lead of 47 to 41. In the second half Bobby Blue and Walter Hazard, teammates of Lawson, caught fire and between them accounted for 32 points in the third and fourth period which just about broke the back of the Alphas.

Alpha's standouts were Anthony Burr, Edgar Clark, Leonard Guinn and Dick Banton.

This Saturday the two teams meet again for the playoff trophy and the championship. In the curtain-raiser the Sigmas scored their first series victory downing the Omegas 90 to 79.

BIG CHANCE — Johnny Smith, California Middleweight champion may land a bout with Joey Giardello, provided he gets past Randy Sandy in tonight's (Thursday), main event at the Olympic Auditorium.

HISTORIC HOMER—Many home runs have been hit in Wrigley Field, but the one that may be most historic was the one Earl Averill hit in the second inning of the first American League regular game ever played in the 42nd and Avalon Stadium. It bounced on top of the left field wall into the waiting hands of 17-year-old Willy Davis who is having it autographed by Averill.

WILLIE JEFFERSON

Last week Billy Eckstein sounded off on segragation in PGA and suggested that every Negro golfer in America should boycott golf balls made by companies that refuse to sponsor Negro professionals.

While listening to several heated debates in the Western Avenue coffee shop, I noticed Willie Jefferson, one of our youngest professionals, stroll in and ask, "What is all the noise about? No one is going to do anything about it."

"What do you think we should do about segregation in golf?" we asked Willie.

"Why waste my time explaining?" he replied. "If people are going to do anything about it they had better hurry because I am getting old, and an old man cannot play golf."

"How old are you?" we managed to ask him as he really began to tell everyone off.

"Twenty-nine years of being denied everything," he practically screamed.

This surprised everyone who had been accustomed to seeing Willie from one driving range to another, practicing his heart out. Most of us really thought him to be older and we were really in

Caribbean, Lee Roys Lead Loop

By EDW. "ABIE" ROBINSON

Lee Roys and Caribbean captured their games last Thursday and Sunday to remain unbeaten in the first five league games of the Hangover and Elbow Bender Softball Loop.

MacHenry (The Whip) Norman was voted Caribbean's outstanding player and received Tim Van Haughton's trophy at the lounge following the game.

Norman pitched his team to an 8 to 2 win over the Red Carpet. Lee Roys and Celes Kings staged the Sunday afternoon thriller and when Elihu (Dot) McGee, fiery manager, finally quieted down the field at Ross Snyder, it was 9 for Lee Roys and 7 for Kings.

Lee Roys' slugger jumped on Kings' pitcher and hammered him for four runs in the first inning and one in the second. However Kings bounced back and tied the count at 5-all and coming into the sixth inning it was 7-all, and since regulations say that no inning will start after 11:45 p.m., time was running out. Lee Roys quickly got two men on base and Jesse Gentry stepped to the plate and pounded out a tremendous home run.

After the final out, manager Bill Hutson glimpsed at his Bulova. It read 10 minutes to 12 and he asked umpire Ed Crockett to call the game.

Manager McGee stormed onto the field in a rage and jawed for fully 20 minutes.

The umpire weakened and allowed the game to resume for 10 more minutes, but as soon as he did the crafty McGee announced he was playing the game under protest.

Another donnybrook occurred in last Thursday night's game which saw Caribbean's Chuck Holloway flip a 4 to 0 shutout victory over the dangerous Collins nine. Holloway gave up only two hits and helped his own cause with a single and scored two runs. Teammate Bill Jones iced the game with a fifth inning home run.

Starting Block Slipped; Johnson Does 9.2 100

The mark set by Dennis Johnson, 21-year-old Jamaican from San Jose State whose speed has brought him national attention and whose starts in the 100-yd. dash have caused considerable talk in the cinder world, was erased last Saturday.

Johnson got off to a bad start in the top event of the Mt. San Antonio Relays, but still was clocked in at 9.2, one-tenth better than the worlds record. But it was all in vain because of a 11.2 m.p.h. tailwind. Johnson beat out David James of the Striders and Hubie Watson of Arizona State.

In another great performance during the relays Centennials High 8-man relay ran a sizzling 2:54.1 race to break the national interscholastic record of 2:54.6 set in 1957 by Manual Arts.

MASONIC TEMPLE ASSOCIATION OPEN HOUSE CELEBRATION ATTENDED BY TOP OFFICIALS

A gala two-day open house celebration commemorated the completion of the Masonic Temple Association's $72,000 building located at 1209-09½ S. Central avenue last Sunday.

The beautiful new building contains 8,000 square feet of floor space, with the second floor providing ultra modern facilities for dances, meetings, private parties and banquets.

There are two separate halls, one with a capacity of seating 300 persons and the other with a capacity of seating 115 persons. It is completely equipped with a modern kitchen and with the latest rest room facilities.

The Masonic Temple Association of Los Angeles Inc. is owned in its entirety by 15 of the oldest lodges and Eastern Star chapters in the area and and over 200 individual Prince Hall Masons. The association was first organized in 1910 by E. E. Akers, T. A. Harris, P. E. Alexander, A. J. Roberts, J. H. Shackelford, C. W. King, C. W. Holden, Harry M. Mitchell and G. W. Wickliffe.

In January 1959 the stockholders elected hardworking Samuel L. Armstrong to the Board of Directors and as president of the association. This was an important move by the stockholders for the brainy Mr. Armstrong, with a degree from the University of Southern California in Civil Engineering, prepared and launched plans for rebuilding and modernizing the properties owned by the association.

For two and one-half years the execution of these plans included the raising of the sum of $30,000.

The completion of the building at 1209-09½ S. Central is the result of the relentless pressure exerted by Mr. Armstrong during this entire period.

Assisting him were such men as E. W. Fisher, L. L. Stewart, James H. Finis, Thomas E. Wilson, C. D. Davis and many others.

The association now is so well organized that it will be able to raise capital and engage in general business activities for the welfare and benefit of its members.

Among the exceptional array of civic leaders attending the open house celebration were: Councilman Edward R. Roybal, Dr. Leroy R. Weekes, R. M. Shillito, William E. McCann, Assemblyman Augustus Hawkins, George A. Beavers, Earl M. Grant, Lewis R. Johnson,

SIMON PITTMAN REPORTS PACOIMA NEWS

We discovered since Johnny Smith has been boxing that not all of the boxing talk takes place in Los Angeles, New York and Chicago. The valley folks have been telling each other in barber shops, beauty parlors, church yards, playgrounds and even over the back yard fences that the next world's middleweight champ may come from Pacoima, Johnny Smith, said at a press dinner in the New Moon restaurant last Thursday that he will guarantee $50,000 to either Gene Fullmer or Paul Pender to put up their title against our Johnny Smith.

For newcomers to our fair city, Johnny lost three of his first four fights and then won 17 in a row, 14 by knockouts. Now very few boxers are willing to jump into the ring with the new young terror. However tonight (Thursday), along with some two hundred valley residents, we plan to watch Johnny dispose of one Randy Sandy and this Sandy is by no means a pushover.

In order to lure Sandy into the Olympic ring against our boy, Smith had to agree to accept 60 per cent of the net gate and give Sandy $1,000 plus traveling expenses out of his share. See what I mean? We have to be there tonight to prove that we are behind him for a title shot.

The Wilton Place Democratic Club's Theatre Party committee is taking bows after the very successful party last Sunday evening in the Metro Theatre of the exciting musical, "Fly Blackbird."

ior College and made the golf for a surprise when we asked him his age.

"Oh, yes," he answered, "I have really had it. I have been segregated in every golf department in the city and now PGA is finishing me off."

It all began in 1954-55 when he attended East Los Angeles Junteam. The following year Willie moved to UCLA and blazed his way to the UCLA team and decided it was time for him to quit college and turn professional.

He could not become a member of PGA so decided to take the examination to become a golf course starter. It seems he ran into more segregation in civil service than in PGA.

He took the city and county examinations and passed with excellent grades, such as 92 (city) and 94 with the county.

He was notified to "come in for his oral test" and he rushed in, knowing that he had a job in one of the golf departments.

Later he was informed that he had flunked the oral test and that dropped.

Willie Jefferson is now back where he was waiting, praying and hoping that someone somewhere will do something to help him find his rightful place in golf.

He also explained that PGA has now made it harder for a Negro to join by amending its constitution. In other words PGA has the "well known" Caucasian clause and to date not even Atty. Gen. Stanley Moss has been able to force its removal. Another rule is, "A player must show a financial statement stating that he has (or can be sponsored for) $35,000 to enable him to play in 20 tourneys.

Let us just say that maybe Willie won't be able to break the barriers of PGA or find a sponsor before he is too old, but do we have to watch the county and city segregate through these oral examinations and do nothing about it?

Do Supervisors Kenneth Hahn or Warren Dorn know that there is not one Negro pro or starter (ticket seller) in Los Angeles?

Willie Davis is qualified. No wonder he is disgusted. There is only so much a human can stand so as Willie said, "Do something, anybody, anywhere, real quick, do something before I am too old."

TED MARKLAND and TERRIERS at ASHGROVE

SUMMIT STAR — There was a dancing, swinging time at The Summit, when Ruth Olay, jazz stylist who is such a favorite with Los Angeles audiences, opened on Tuesday for a ten-day engagement. Backing her is the Dave Wells' orchestra, who also plays for dancing. Ruth Olay hasn't been in Los Angeles since last October, when she headlined at Ciro's.

Folk Singers Join Comedian For Great Date

The distinctive music of The Tarriers, the folk-trio who opened a limited engagement at the Ash Grove May 2, is a blend of three diverse musical backgrounds.

Bob Carey, Clarence Cooper and Eric Weissberg, who are comprised in the trio, brought experiences into the group ranging from pop singing to symphonic bass. Together, they have produced "a new sound in folk music," according to the New York Times.

VERSATILE GROUP

Carey sang popular songs in the army before joining the troupe. Not until he subsequently attended Brooklyn College did he take up guitar, and soon after he was appearing as a solo folk singer.

Cooper, who grew up in North Carolina, had also been trained as a vocalist. At Hampton Institute, where he studied sociology, he was a featured soloist with the famed Hampton Choir. Also an actor, he appeared in the award-winning documentary, "The Quiet One," as well as on several nation-wide television shows.

Weissberg is regarded as one of the best banjoists on the folk scene and is an astute bass player. He has played with the Westchester Symphony Orchestra, the Aspen Festival Orchestra, and has been featured banjoist on many recordings of folk music records. He has been a student at the Julliard School of Music and has taken a "leave of absence" to be with the Tarriers.

BRIGHT ENTERTAINMENT

Also on the bill is humorist Ted Markland, one of the brightest new comedians to arrive on the entertainment scene. He devastates current modes and conventions, leaving nothing untouched.

Happenings in Entertainment Whirl

Phil Gordon Makes the New York Scene

THE PLAY'S THE THING

Been busy . . . busy . . . busy, so here's the story on most of it. Saw "All The Way Home," the new Broadway play by **Tad Mosel**, based on the Pulitzer Prize novel "A Death in the Family" by **James Agee**, and it was excellent with **Colleen Dewhurst, Arthur Hill, Aline MacMahon and Lillian Gish**, and with young Master **John Megna** stealing the play with his fine performance of a long and demanding role.

That same night I attended a dramatic reading of "Light in the Cellar," a new play by Miss **Gertrude Jeanette**. This was most enjoyable, and meaningful with timely and fast moving dialogue and some particularly well placed comedy relief (cleverly handled by **Dorothi Fox** in particular) and with good portrayals by **Louise Stubbs**, and the rest of the cast. I certainly wish Gertrude well in her quest for backers and the chance to produce this play for on or off-Broadway. It could be worthwhile.

LAURA PRESCOTT HONORED

April 26th was **Laura Prescott's** birthday, so I took her to Basin Street East to see **Ella Fitzgerald** (whose birthday was the same day), and while imbibing on filet mignon (which is always delicious and well prepared at Basin Street East) we enjoyed the comedy of **Bill Dana (Jose Jimenez** to you), who was less effective when just being a stand-up comic, than when he portrayed his famous characterization of Jose.

BASIN STREET BEAT

This was followed by The First Lady, Miss Fitzgerald (who just mellows and gains bouquet as fine vintage wine) who thrilled and pleased the completely jam-packed room singing for 50 minutes, almost all my favorite Ella tunes, running the gamut from "Stairway to the Stars" and "A Tisket-A Tasket," to her swinging 'piece de resistance', "Mack the Knife." It was a ball, and immediately following her closing on the 29th, **Miss Sarah Vaughan** opened, along with comedian, **Larry Storch and Al Hirt and his** musical group, to hold the fort for the next three weeks.

On May 2nd I attended an evening at Mt. Morris Children's Center to see a film "A Child's Day at Mt. Morris," and a panel of community speakers, led by D. Thelma Adair, discussing "The Role of Day Care in Our Community." It was most interesting.

JOSEPHINE BAKER'S CHATEAU

I quote from a letter received from Nurse Lt. Joan King, stationed in France; "This weekend I utilized by going down to Josephine Baker's chateau. Believe me it is most fabulous. It is a complete village in itself, with post office, restaurant, club, hotel, etc. We went to the restaurant and asked if we could see her and the waiter said, "follow me." To my surprise, there she was in the sink washing salad. She greeted us like old friends and said, "Oh don't mind me, I am so afraid my help won't get the salad clean, so it is my job every day to wash the salad, leaf by leaf." She gave us a short tour and introduced us to the kids." This is just a thumbnail sketch of fabulous Jo Baker. And that's the kinda gal she is. I love her . . . and YOU too, but I gotta go now. 'Bye. —PHIL GORDON

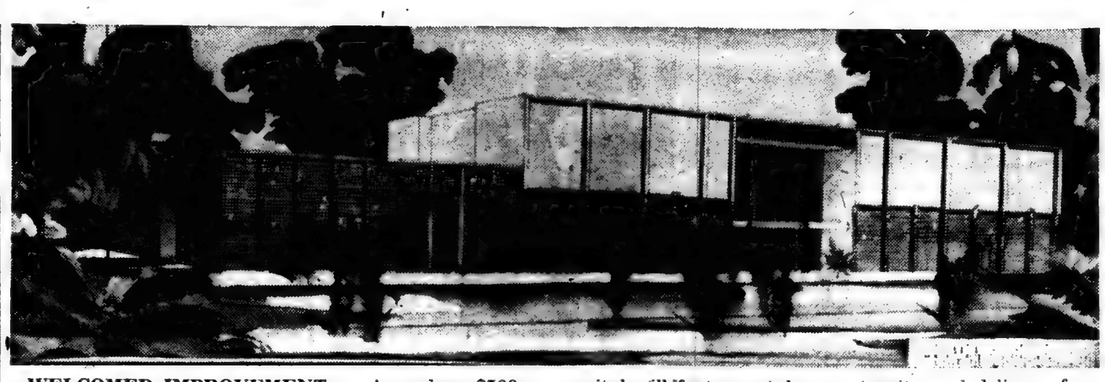
CHAZZ CRAWFORD'S SOUNDTRACK

NOTES OF AN INNOCENT BAR-STANDER

This scribbler is numbered among the host of pals from coast to coast who were stunned and saddened by the passing of **KELSEY PHARR** of the Delta Rhythm Boys. The end came for the singer during an engagement in Honolulu. **JAMES LUCKETTE**, a friend of long standing arrived here Monday accompanying Kelsey's body eroute to his native Florida . . . Kelsey was one of the classiest guys around and there wasn't a phony bone in his body. If he was your friend, he was your friend all the way. He will be sorely missed . . .

The 49'ers Club, comprised of members of the Thomas Waller Lodge wisely appointed **BENE' GREENE**, a real pro as the chairman of the Entertainment Committee for their kick-off dance on the 21st. Affair will be housed at the Warehouseman's Hall . . . **SAMMY DAVIS** will call his TV spectacular "The Fastest Man Alive" and that's no stage joke! . . . Overheard at The Black Orchid: Mebbe they'll hire you to give lonely lessons to an astronaut! . . .

Actor **ROCKNE TARKINGTON** postcards from New York, which perhaps means he nabbed the role of Topaz in the show "Mandingo" that bows on Broadway this fall . . .



Singer **BILLY DANIELS** was stricken on stage at a theater in Australia. At deadline we were still trying to ascertain the nature of his ailment and his condition, and hoping that he's so vastly improved that it isn't even news any more . . .

RENE CROUCH crept down from the Bay Area for a day or so to catch the Giants versus Our Team, and skipped right back to S. F. but not before saying he'll return here to make this his home again. Reason being there's more L. A. numbers in his little Black Book, than the San Francisco kind . . .

RUDY RENRER could have been held over at Beverly Hill's "Ye Little Club" where he just closed. The kid's following had the room jam-packed each and every night! . . . And **HE** was more surprised than anybody . . . How could any columnist overlook itemizing the graciousness and downright goodheartedness exemplified (look it up, chum, it's got a lot of syllables) by dancer **CARLETON JOHNSON** and his missus. They were good enough to wait patiently to carry us back from the Wilshire Ebell Soul Night when we suddenly bucked a transportation problem. And they waited while we hobnobbed backstage congratulating one and all on a Soulful endeavor.

That included **BIG MILLER**, the big fellow **HANNAH DEAN** and all the rest . . . We escorted "Big" around for a while when he was new on the scene, but Big is a big boy now and is making it real "big" on the scene what with his albums on Columbia label getting a big play and all. But Big, unhampered by Success is still a down-to-soil swing-

"Fly Blackbird" is now in its 13th dynamic week at the Metro Theatre, Washington Blvd., east of La Brea. The California Eagle has previously gone on record as saying: "If you are alive, walking and talking, a Negro registered voter, member of the NAACP, PTA, Urban League, or a parent, don't balk, but run and run fast to see the Jackson and Hatch Production of "Fly Blackbird." 'Marriage Go-Round' Fun Packed

The Pasadena Playhouse is currently presenting Leslie's Steven's captivating comedy "The Marriage - Go - Round" starring Don Porter and Marsha Hunt.

This is the brightly amusing charade that earned a successful run of more than sixteen months on the Broadway stage.

Don Porter, the husband is a professor of cultural anthropology and Marsha Hunt, his wife, is dean of women at a college in upstate New York. All is well until into their home as a house guest comes the daughter of a Swedish professional colleague. They met the girl ten years ago when she was a child in pigtails. The professor is taken all the way aback when she arrives — tall as a statue, as carefully built as a $600 watch, as intoxicating as mickey and with an intellectual, scientific and creative experiment that sends the professor back to his books.

Performances of "The Marriage-Go-Round" will be given nightly at the Pasadena Playhouse, except Mondays and with matinees, Saturdays at 2:30.

MAKING IT — Sidney Poitier, who has more successes to his credit than both Seaboard and Household Finance Companies, is currently being screened in Columbia's ::A Raisin in the Sun," exclusively engaged at the Stanley Warner Beverly Hills Theatre. Poitier's next vehicle will be for and with Francis Albert Sinatra.

Prep Track Teams Eye Preliminaries

Vernon Jackson, remembering how Roosevelt lost the Eastern League championship last year to South Gate by a half point, sparked his team to the crown last Friday as the Roughriders rode over South Gate 59 to 45 to clinch the title this year.

Jackson took the 100 in 9.8, churned a 22 flat around the curve and ran a torrid 20.7 anchor leg on the 8-man relay making up 12 yards enroute to victory.

In other prep meets as expected Dorsey wrapped up the track season unbeaten to cop its first Southern Loop title as the team coasted to an easy 56 2/3 to 47⅓ win over Manual Arts.

Jefferson ran the 8-mile relay in a blistering 2:56.8 race and Jeff's Art Brownlee powered to a 9.7 clocking in the century as Jeff scored a 76 to 28 win over L.A.

Fifteen-year-old Robert McKeever, Fremont High's jumping jack, leaped 24.1 for the second time this season as Fremont routed Washington 57 2/3 to 46⅓.

Friday, May 5, the League preliminaries will get under way at Fairfax and the finals will be held on May 12 at the same site. The City finals are scheduled for East Los Angeles College Stadium.

Woman Found Nude, Bleeding, Unconscious

Nude, bleeding and unconscious, Mrs. Irene Bales, 39, wife of a steelworker and mother of an 11-year-old daughter, was found by police early last Friday morning near the back door of a house at 13323 Stanford, Compton.

Her face was covered with blood, there were bite marks on her left arm and a bruise mark on her shoulder.

ACCUSES BROTHER

Her clothes were strewn helter-skelter about the yard.

Inside the house police found Willie Bill Stiggert, 34, a paraplegic, who is confined to a wheel chair. His face was swollen and his shirt was torn.

Stiggert accused his brother, James Wilburn, 24, of attacking both Mrs. Bales and himself.

He said that Wilburn, who had just gotten out of jail, had been staying with him for the past week.

Wilburn and Mrs. Bales, said Stiggert, had come into the house about 10:30 p.m. the previous night, arguing heatedly. Then

Pastors Irked By the Angels--Over Parking

Ministers whose churches are located in the vicinity of Wrigley Field are up in arms over the traffic snarl of the Angels that ties up the entire area when baseball games are in progress.

In addition to the swarm of vehicles that descend upon the neighborhood, the Traffic Control Division of the Police Department has erected "No Parking" signs on streets adjacent to church property.

LONG WALK

This means that church-goers are forced to park their cars as far away as 10 blocks when a game is scheduled.

Causing special hardship are Sunday games which interfere with the regular church services and special events that ordinarily keep church doors open throughout the afternoon and evening.

The situation has gotten so bad that one minister advised that he has to consult the schedule of the Los Angeles Angels before planning activities for his congregation.

Among the dozen or so churches immediately affected are Price Chapel AME, Avalon Christian Church, McCoy Memorial Baptist and Greater Tabernacle Baptist.

PLAN MEETING

The Rev. Jerry W. Ford, minister at Price Chapel, has appealed to his councilman, Edward Roybal, for help. Rev. Ford, other ministers and businessmen in the area, who are also hard hit, have scheduled a meeting with Roybal in the near future to see what can be done.

There is a slight ray of hope, however. The Angels leave for their out-of-town schedule this week, and church members will be able to carry on as before.

BACK NAACP—Mrs. Evelyn Jackson, president of the State Association of Alpha Chi Pi Omega, cosmeticians' Greek letter organization, is shown presenting NAACP president, Edward Warren, a check toward the group's life membership at the public relations forum Monday at the YWCA. (See page 2.)

L.A. Negro Voters Fear Double-Cross

Rumors of gerrymandering and double-cross were flying thick and fast throughout the community this week that plans are afoot to carve up the 63rd Assembly District and perhaps to shift the 10th Councilmanic District out into the valley.

Motive for the proposed slicing job on the present boundaries was seen as a concerted effort to prevent Negroes from being elected to public office.

APPEAL TO BROWN

Gov. Brown was asked by the NAACP Monday night to intervene in the situation "to stop racial gerrymandering."

Ted Wright, director of the NAACP Political Action Committee, told the board meeting that "gerrymandering with racial overtones is definitely involved if one can believe the reports trickling out of Sacramento."

On the state level, he pointed out, representatives are giving the Negro community absolutely no information pertaining to reapportionment plans.

"We therefore can only conclude," he said, "that their plans are not designed to fulfill our desire for representation in the various assembly districts."

SWITCH IN 63rd

In the 63rd, now represented by Democrat Don Allen, Wright said that the reports indicate that thousands of Negroes will be excluded from the northern end of the district while on the other hand thousands of whites will be added in the Culver City and Inglewood areas.

The proposal, as reported, is

Everyone Is Needed on Motorcade

Local NAACP suporters are responding enthusiastically to the call for volunteers to assist with plans for a motorcade and membership round-up on Saturday, May 20, at 10 a.m. with the assembly point at 43rd street and Central avenue.

The motorcade will be a highlight of the observance of Equal Rights Week, commemorating the anniversary of the Supreme Court school desegregation decision.

Individuals, churches, clubs and other organizations are called upon to provide and decorate cars, trucks and buses for the gigantic demonstration. Individual members are asked to provide and service folding chairs and tables which will be set up at designated spots along the motorcade route as membership stations.

Hungry Children Get No School Lunches

Board of Education, PTA Say They Have No Available Funds

By GRACE E. SIMONS

Many children in the city of Los Angeles, one of the wealthiest cities in the richest country in the world, habitually go without lunch. They have no money for the food they need, and there is no agency that undertakes to feed them. Some of them not only go without lunch; they also go without breakfast.

NO FUNDS

Exactly how many there are or what schools they attend no one knows. No survey has ever been made to determine the extent of the problem.

The Board of Education does not know how many children are involved, nor does it have any program to provide food for those who need it. Its budget of nearly $269,000,000 makes no provision for feeding hungry children.

When the California Eagle inquired about the problem, the Board of Education advised that the Parent-Teachers Association is in charge of providing whatever assistance is given, though that program was cut back about two-thirds in September, 1959.

NO 'FEEDING PROGRAM'

A spokesman for the PTA, who did not wish to be quoted, advised that the PTA does not have a "feeding program," and that it is not set up to "help families financially."

Where financial aid is called for, it must be obtained through other agencies such as the Bureau of Public Assistance.

The PTA has no information as to the number of children who go without lunch because of lack of money, what schools they attend or in what areas of the city the problem is most acute.

FEEDS 2000

The PTA does, however, provide hot lunches and/or milk to some 2000 children daily. To be eligible for PTA help, the Eagle was informed, a child must (1) be a resident of the Los Angeles School District for at least one year and (2) must obtain certification from the school doctor

Loren Miller says . . .

MILLER

I think it's time we better watch our steps—every inch of the way, too. What I mean is you simply have to keep on guard against your friends, especially newly found friends who pop up out of nowhere.

Your enemies, of course, are something different. They're just enemies and it stands to reason you'll keep them at your eye tips all the time; you can't afford to let them get within stabbing range.

What I have in mind is that one day last week the Los Angeles Times stood right up and resented Gov. Brown's statement that the burden of narcotic law enforcement fell heavier on minority group violators than on others. That, he said, was one of the reasons why he didn't want to diminish constitutional safeguards in the case of narcotic violators.

When I read the governor's statement I figured he had something. For the moment, I couldn't think of any reason why a minor-

Prominent Couple, Head for Divorce

The 16-year-old marriage of a prominent local businessman and his school-teacher wife reached the courts last Wednesday when Mrs. Zerish R. Eberhart filed suit for divorce through her attorney Earl Broady.

She asks the division of extensive community property in the form of real estate, estimated at a value considerably in excess of $100,000, custody of the couple's five-year-old child, child support and attorney's fees.

HEARING SET

As an immediate measure she also asks that her husband, Lonnie Eberhart, be restrained from collecting rents on leased holdings.

A hearing on the request for a restraining order has been set for May 24.

Eberhart advised Tuesday that he has discussed the divorce action with his wife and she has agreed to drop the suit.

Included in the properties is the family home at 1943 Buckingham road, with an estimated value of at least $25,000, plus furnishings and two automobiles.

CHARGES CRUELTY

Income property, jointly owned, includes units at 7508 S. Main street, 629 W. 42nd street, 156 E. 35th street and 1033 S. Normandie avenue.

Game of Dice Ends in Killing

Alvin Harris Jr., of 9316 S. Central avenue, was stabbed in the jugular vein and bled to death Friday evening following an argument over the roll of the dice.

Accused of the stabbing that took place at 117½ E. 24th street was Murry Lee, of 122 E. Washington blvd. He told police that the argument started when Harris became angry over the way the dice were rolled and picked up a bottle and smashed it over his, Lee's, head.

Lee and his wife, Bobbie Lawson, 16, were picked up by police at 23rd and Los Angeles streets when the officers saw them running into a garage to hide. Police found a knife on Lee.

Suit Involves Half Million In Royalties

A suit filed by top-flight comedian Redd Foxx last April 6, charging that Dooto Record Co., 9512 S. Central avenue, has clipped him of a cool quarter million to a half million dollars in royalties, headed for a showdown this week.

On Friday the Santa Monica court approved a request by Foxx's attorneys for an audit of Dooto books.

DOOTSIE DENIES CHARGE

Foxx, informed sources state, is of the opinion that some 700,000 copies of his albums have been sold in the year 1960 alone, which would have netted him around $100,000.

These sources claim that his actual income from Dooto for the year was around $20,000.

Walter Dootsie Williams, president of Dooto Records, categorically denies all of Foxx's charges. He claims that all royalties, totalling upwards of $70,000, have been paid to Foxx and that in fact Dooto has actually overpaid him.

'DISCOVERED' FOXX

Asserting that it was he, Williams, who "discovered" Foxx for records several years ago in a small Los Angeles night club, Dootsie doesn't blame the nationally famous comic for the filing of the suit.

Instead, he said, Foxx "is being victimized by 'fast operators' in show business" for the purpose of getting him to break his contract so that they can step in and scoop up the lucrative profits.

"Believe me," said Dootsie in

Tshombe Held For Murder Of Lumumba

The tables may have been turned almost full circle on Moise Tshombe, Belgian puppet of the Congo's wealth-laden Katanga Province, Sunday when his erstwhile partners who now hold him prisoner charged him with the murder of Premier Patrice Lumumba.

The irony of the situation is that the very men who delivered Lumumba into Tshombe's hands in Elizabethville, knowing that was tantamount to signing Lumumba's death warrant, now seek to saddle Tshombe with full responsibility for the crime of his assassination.

SAME MAN

Col. Joseph Mobutu, who arrested Tshombe two weeks ago when he stomped out of a "unity" conference in Coquilhatville, capital of Equator Province, is the same man who last January, just about four months ago, took Lumumba out of the prison in Thysville where he was fraternizing with his guards and shipped him off to Elizabethville in chains.

Lumumba and two of his aides were beaten with sickening brutality when they arrived, bound, at the seat of Tshombe's power, and thereafter were never again seen alive.

Pres. Joseph Kasavabu then, as now, sanctioned the action of

Markham Teacher's Hospital Room Showered with Flowers

The students and faculty at Markham Junior High School, visibly upset over the wounding of a well-liked young social studies teacher by a 14-year-old student last week, have literally showered his hospital room with "Get-Well" cards, plants and flowers.

Robert Collier, 25, is reported resting comfortably and progressing well in his hospital room at California Lutheran hospital, according to Principal J. Cosby Stone.

The student body, prompted by the Student Congress launched "Operation Get Well," a daily campaign of sending convalescent cards.

Planters have also been sent to his bedside by the Student Congress and the Faculty Association.

Collier is not yet receiving visitors or telephone calls.

During a change of class, May 1, Collier was set upon from behind by the young girl and stabbed in the shoulder. As he spun around and grappled with her in an endeavor to grab the butcher-knife from her hands, she struck him again.

The girl had been nursing a grudge against Collier ever since he disciplined her a week before. She stole the knife from the home of her parents and laid in wait for her intended victim.

Her anger at the teacher sparked a smoldering resentment over the fact that she had been transferred from another school because of her behavior and was thus separated from her twin sister and the other students who are to graduate in June, according to the information she gave juvenile authorities.

Murder Hits Second Time In One Family

Murder struck twice in less than two weeks in the home of the Davis family, at 6723 Main street.

In both instances the victims were slain with blasts from shotguns. In both instances, also, the victims were trying to stop quarrels involving other people.

RACIAL OVERTONES

Last Tuesday night 19-year-old Lawrence Davis was shot and killed by two bullets which witnesses said were fired by a neighbor, Doc Coleman, 36, following a quarrel with racial overtones.

In the earlier shooting, his older brother, Fred Davis, 28, was shot by the apartment manager, John Turner, 34, who reportedly became angry when a party in one of the apartments grew excessively noisy and got out of hand. Turner is being held for murder.

In last Tuesday's shooting, Lawrence was said to have gone to the assistance of his sister, Mary, 21, who became involved in an argument with Coleman's wife, Mrs. Hilda Coleman, over a call to police because of a disturbance at the Davis' home.

SHOT DAVIS TWICE

Coleman was said to have dragged Mary into his home, when young Lawrence rushed in to try to help her.

Coleman, witnesses said, aimed his gun at young Davis, shooting and wounding him. Davis fell to the floor, but Coleman is said to have fired a second shot, this time hitting Davis in the head. Miss Davis was also wounded.

Mrs. Coleman, 40, of 6721 Main street, a blonde, told police that they have had "nothing but trouble" since they moved into their present apartment. All the people are colored, she said, and they call me foul names.

'DRUNKEN PARTY'

She said there was "a drunken party" at the Davis apartment the night before the shooting and she had called the police.

The next day, she said, the neighbors began threatening her and when they came to her door she got her gun.

She added that "some shots were fired." She couldn't remember how many.

Coleman admitted having the gun and firing it. He said "nobody can come in my house and beat on me and my wife." He said he pointed the gun at the floor and didn't recall hurting anyone.

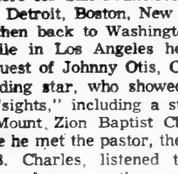
Both Doc Coleman and his wife were taken into custody.

Miss Davis, whom Lawrence had tried to protect, was struck in the abdomen and was rushed to General Hospital.

Mrs. Coleman received a superficial wound in the arm.

Journalist Of Uganda Visits L.A.

Last weekend Godfriend Mukasa, United African press correspondent from Uganda, Africa, was a one-day guest of the World Affairs Council in Los Angeles.



On a tour of the United States, sponsored by the State Dept., Mukasa has toured the South and left here for San Francisco, Chicago, Detroit, Boston, New York, and then back to Washington.

While in Los Angeles he was the guest of Johnny Otis, Capitol recording star, who showed him the "sights," including a stop at the Mount Zion Baptist Church, where he met the pastor, the Rev. H. B. Charles, listened to the choir and was on the receiving end of a number of questions hurled at him by the youth of the church.

First Florida County Votes To End Bias

PENSACOLA, Fla. — The Escambia County Board of Public Instruction this week voted to comply with a federal court ruling calling for a plan for desegregation within 90 days.

This was the first county-wide order for desegregation of schools in Florida. The case was argued for the NAACP by Constance Baker Motley of New York City and Charles Wilson of this city.

'We're on Our Feet, Not on Our Knees,' Says Cuban Woman

(The reasons why the invasion of Cuba by counter-revolutionary exiles failed to arouse the anticipated response among the Cuban people are evident in a speech Senora Vilma Espin, Cuban delegate, made at the Latin-American Conference for National Sovereignty, Economic Emancipation and Peace in Mexico City early in March. (Senora Espin said, "Gracias, companeros," to the people of Mexico and the 2200 delegates present for a warm and stirring reception and then proceeded to give the talk printed here.)

General Lazaro Cardenas has already expressed with absolute clarity, in his admirable opening address, what this meeting means at the present moment in the world and in the history of our definitive emancipation. We, like him, are convinced that "among all people the same desire unites us—to combat imperialist war so that we can undertake our full development." We also know, as the great Mexican statesman put it, that "So long as any country remains without liberty, so long as nations exist without political independence, so long as national sovereignty is infringed in any way, and we face the unjust spectacle of the economic or political submission of one country to another, it is impossible for peace to prevail in the world." And we affirm with General Cardenas that "enduring peace is linked to the liberation of the colonial territories, to absolute respect for the sovereignty and the consolidation of the economic emancipation of nations."

TYPICAL

Cuba was until yesterday a typical example of a semi-colonial country, underdeveloped, a victim of imperialism. The Spanish-Cuban-American war of 1898 was the first typical imperialist war, the first such war fought between two rapacious nations disputing the possession of colonies. As a result of that war Cuba ceased to be a Spanish colony and became a semicolony of the United States of North America.

The Platt Amendment was the juridical expression — written in the Constitution of the newborn Antilles republic — of its situation of political dependence; the Reciprocity Treaty of 1903 confirmed our economic slavery; the Naval Base of Caimanera (Guantanamo) even now reminds us, anachronistically, of that deplorable colonial situation. An entire costly governmental apparatus staffed by presidents, senators, representatives, etc. — democratic in outward form — served as administrator or overseer for the foreign interests and the native latifundistas, and a well-oiled caste army—professionals in abuse and torture— maintained in order of the graveyard on the Island converted into an immense sugar-cane plantation to sweeten the life of Uncle Sam.

Cuba was an immense sugar-cane plantation — with a little corner left over for tobacco and a few manganese and nickel mines; and all this was destined for one single buyer, who set the prices and controlled the amount of harvest yields. Cuba was, furthermore, through unilateral and unjust agreements and treaties, subjected to this single buyer, forced to acquire in his storehouses the bulk of our indispensable consumers goods and any number of superfluous items, from rice to Cadillacs, flour or television sets.

PEASANTS STARVE

Because we were slaves of the dollar and wore its livery, we appeared rich, but the illiterate peasant was starving to death and the workers and civil servants of the towns were dragging through a mediocre existence, with miserably low wages, constantly going downhill. The periodic economic crises characteristic of the capitalist economy—always sharper and more serious in the colonies—engendered as their natural produce the dictatorships which toughened and hardened in our land — from Machado to Batista — excellent foremen in the service of imperialist interests.

The revolution based itself on the exploited masses of the countryside and the city. It was and always will be a revolution of the poor, by the poor and for the poor. It was born among youth and students, workers and professionals of the city, and grew strong in the Sierra, having taken root in the people of the land, who form the majority of the exploited in underveloped countries. It became as any truly organic product, one with the earth itself, and has been forming its consciousness in contact with Cuban reality, living day to day the pain and exploitation, but also the desires of recovery of the peasants and workers and professionals and students, and of men and women of the middle class, who hope to breathe free air and of the small manufacturers and native merchants who dreamed of achieving definitive economic independence.

WHOLE PEOPLE

The revolution was not, and is not, and will never become the adventure of a few, to benefit a new class of self-seekers. It was, and is, and will be the irresistible impulse of a whole people to become absolute master of its destiny, without subjection to any type of colonial rule, to recover its land and its dignity, its right to bread and to culture, to exploit its own riches for its own benefit, and to live in peace and friendship with all the peoples of the world.

That is why the Cuban revolution started out by destroying the tools of colonial bondage, that is latifundism and the caste army. The revolution counterposed the agrarian reform to latifundist holdings, and created the Rebel Army as against the caste army; the Rebel Army which, in the apt definition of the unforgettable Camilo Cienfuegos, is none other than the people armed in defense of their revolution. Thus the militias also were born, the entire people ready

Did Policemen Beat Suspect?

Willie White, 23, of Santa Monica, was reportedly severely beaten by police officers in downtown Santa Monica early Sunday morning when they arrested him on a charge of accosting and beating a white woman.

An eyewitness to the alleged beating told the Santa Monica NAACP about the brutality. Representatives of the Association were refused permission to interview White, who was being held in jail by the police.

They were told by officers that since the suspect "had a record of rape," it would be best if the NAACP did not concern itself with the case.

White pleaded not guilty to the charge of assault during his hearing on Monday. Nevertheless he was held over for trial on June 5, charged with violation of penal codes covering lewdness, vagrancy and assault.

The Santa Monica NAACP has been active in investigating reports of police brutality in recent months. One of three police officers now under suspension, as a result of the Association's investigation is presently seeking reinstatement with the police department.

The destiny of mankind is not decided by material computation. When great causes are on the move in the world, we learn that we are spirits, not animals, and that something is going on in space and time, and beyond space and time, which, whether we like it or not, spells duty.—Winston Churchill.

Cosmotologists Study Public Relations Role

BY C. MARIE HUGHES

The California State Association of Alpha Chi Pi Omega, first Greek letter organization of cosmetologists, held a public relations forum at the Woodlawn YWCA Monday morning. A capacity crowd filled every available space of the club room as the sorors' meeting got underway.

Most of the members had just returned from the boule recently held in Portland and Seattle. Members and delegates had streamed into the two cities from everywhere to attend the 16th International Convention of Cosmeticians and United Beauty School Owners and Teachers Ass'n. Inc.

CONTRIBUTIONS

Theme for the '61 conclave was "Education."

Among the many highlights of the convention were: a Citizens Award Banquet at the Olympic Hotel. Dr. L. Wilson of Seattle received the humanitarian award for his outstanding and successful contributions on interracial projects. Large contributions were presented to the Urban League, NAACP and the AME Church of Seattle. The 17th National Convention will be held in Hot Springs, Ark., in April of '62.

On the home front the six Los Angeles chapters have received recognition for the many services and contributions to community life. Among the many services rendered and contributions to the community are: donations to the Martin Luther King Fund, YWCA memberships, hospital contributions and participation in the sponsoring Negro History Week.

PUBLIC SERVICE

The prize winning chapter, Pi Rho Sigma of San Pedro, one of the smallest chapter in the state won its award for building good community relations for the area in which it lives. Christmas baskets were donated by the Chi Delta Rho chapter last year and the Sigma Alpha this year provided 10 Easter baskets for the less fortunate.

Because of their inspirational efforts and achievements they have grown to be one of the strongest national groups in the country.

Sole purpose of this first Negro Greek Letter organization of professional cosmetologists to be organized in America is to raise the educational standards of the beauty culture profession.

Financial support to the Mary McLeod Bethune Foundation and Bethune Cookman College is the group's national project.

Powell Backs Down On School Bias Fight

NEW YORK—Rep. Adam Clayton Powell, whose name has long been associated with the "Powell Amendment" which he has consistently attached to all Education Funds bills, has found a flimsy excuse for renouncing his own legislative brain-child.

He has let it be known that this year he will not insist that a clause be added to the bill barring the granting of funds to racially segregated schools.

More, he has stated that he will lead the fight against anyone who does introduce such an amendment.

The pretext he gives for the "big switch" is a hollow one: "The Russian challenge to the United States in space is now so great that no one can afford to do anything that would slow up federal aid to education at all levels."

All levels? Well, except where Negroes are involved, of course.

Powell is now head of the House Labor Committee.

Intimidation Prevents Integration in N' Orleans

NEW ORLEANS, La. — Mrs. Mary E. Sand, leader of Save Our Schools Inc., told the NAACP this week that many white parents would return their children to desegrated schools here if they were not intimidated.

At present, the average attendance at William Franz elementary school, is 11, one Negro and 10 white. The McDonough 19 School continues to be completely boycotted by whites, making the three Negro tots the only students.

These two public schools were ordered open to all students by a Federal district court last September, after argument by NAACP attorneys.

Mrs. Sands told Clarence A. Laws, the Association's southwest regional secretary, that local white parents fear economic pressures and physical violence from extremist segregationist groups, if the parents choose to obey the law.

A woman checking in at a New York hotel inquired if her room had television. "No, madam," the clerk replied, "this is a thinking man's hotel."

Steelworkers Film on Bias To be Shown

The Long Beach chapter of ACLU will present "Burden of Truth," a film produced by the United States Steelworkers of America on the issue of racial descrimination, May 13 at 8 p.m. at the California Recreation Center, 1550 California avenue, Long Beach.

Atty. Huey Shephard, will preside at a group discussion, which will follow the showing of the film.

CELEBRITIES' ART

The Hollywood Celebrities Art Exhibition, now on view at the Los Angeles Municipal Art Gallery in Barnsdall Park, will continue through Sunday, May 21.

Construction Worker Killed At Dodger Site

James G. Williams, a construction worker at the Chavez Ravine site of the mammoth new Dodger baseball field, was killed Monday when a huge boulder crashed from above and buried him under 20 tons of rock and earth.

Rescue crews were rushed to the scene but it took them nearly an hour to extricate him. He had been working in a narrow, 10-foot drainage ditch when one side collapsed and the boulder and dirt fell on top of him.

Williams, the father of five small children, was employed by the W. W. Price Contruction Co., one of the sub-contractors working on the project.

The Williams family recently moved from 1415 E. 77th street to a home they had purchased at 112 S. Central avenue in Compton.

Mrs. Ora Lee Williams said that her husband had been engaged in construction work for about eight years. Prior to that, for nine years, he served in the Armed Forces and participated in the Korean campaign.

Williams was a native of Garland, Texas, but had lived here for the past 10 years. He was one of 12 children. His sister, Myrtle Lee Miles, and three brothers live in Los Angeles.

His father, Brentwood Williams, is a resident of Indio.

Funeral arrangements were incomplete at press time, but the Harrison-Ross Mortuary was in charge of arrangements.

to fight, in an organized manner, in defense of their recovered land. Without latifundios to feed off, without a mercenary army and caste army on which to lean, the very possibility of existence of dictators disappears. And with that begins also the exodus, the precipitate flight of the odious caste of self-seekers and time servers of the unjust regime.

Those who could not flee, and were incapable of adapting themselves to the new situation, attempted desperate attacks against the Revolution and are falling victims of their own senselessness. Because — while it is possible to fight against a class, against a dominating group — it is absolutely impossible to defeat an entire people that has taken possession of the land which it waters with its blood and sweat, and which has in addition the courage and more than enough arms to defend that land. A people that is sinking deeper roots every day into the land recovered by the agrarian reform.

CREATIVE ENTHUSIASM

The revolution learned in the days of struggle against the dictatorship, in the rigors of the Sierra Maestra and in the plains, that were won bit by bit, that it is not enough to give the land to the peasant — to create a host of small landowners — nor was it possible economically to parcel out the sugar latifundios dividing them up into small plots among the macheteros and the other sugar workers. Modern economic development, mechanization, and technical advances in agriculture, the intimate link between agriculture and industry, and many other reasons, call for a collective effort, for the union of muscles and creative enthusiasm, in order to derive the maximum benefit from the rich lands which were liberated. And so were born the cooperatives and the peoples stores, which have made it possible for the Cuban revolution to achieve the miracle of increasing production in the second year of the revolutionary process, in sharp contrast to the economists and false prophets of imperialism — economists and prophets who recommended the economic blockade of the island to starve us out.

But they didn't take into account the resolute attitude of the Cuban people, who stepped out into the international market to offer their products and to find buyers and friends first of all in the socialist countries. The United States, which has maintained diplomatic relations with the socialist countries for a long time, and has the further advantage of its excellent markets, has always been insistent on keeping these doors closed tight to its semicolonies, to the underdeveloped countries subjected to its unjust domination. But when the Cuban revolution shook off the yoke of colonial bondage, it was able to overcome the strangulation to which the imperialist interests sought to condemn it, thanks to the generous and unselfish aid of the socialist nations and that of the brother nations which — like Mexico and Canada — have arrived at a degree of economic and political maturity which allows them to act with a certain independence vis-a-vis their powerful and merciless neighbor. And all of the peoples of our America, faced with the harassment of imperialism, have stood up and demanded that their governments defend Cuba's right to win its definitive independence.

AS EQUAL TO EQUAL

Independence that is spelled out in the complete abolition of latifundism, in the nationalization of factories, in the urban reform which recognizes the right of every man to possess the roof over his head, in growing industrialization, in the struggle against illiteracy and low cultural levels — the root of all superstitions and fanaticism; in the creation finally of a new consciousness. Everyone who visits Cuba can already feel this new consciousness in the atmosphere, this consciousness which has returned to the Cuban the dignity of a free and independent people which can now stand up erect face to face with its friends and enemies, no matter how great be their stature. Now for the first time we can speak out without having our answers dictated to us. On our feet and not on our knees, which is an unworthy posture, not to speak of being highly uncomfortable for carrying on a conversation. And we are ready to converse with the whole world, including the United States, whenever we are both standing or both sea[illegible], which is even more

Students at SC Picket Campus Hiring Office

BERKELEY—Students on the Berkeley campus of the University of California last Thursday picketed the campus employment office in protest against acceptance of discriminatory job orders.

The demonstration was led by a faculty member and a graduate student, Herman Blake. Petitions, signed by more than 75 students during the picketing, stated:

"The university should not extend its facilities to individuals or organizations which practice discrimination."

The protest was aimed specifically at the United Airlines, whose representative was interviewing applicants for stewardesses at the campus Placement Bureau. United has no Negro stewardesses.

Blake made the following statement:

"We are protesting the use of university facilities by United Airlines to interview college girls for stewardesses because the company deliberately and systematically excludes Negroes from jobs as flight personnel."

He cited a New York Times article quoting a United executive as saying, "The carriers (planes) are not ready to hire Negroes for flight jobs which include the positions of pilot, flight engineer and stewardesses."

Rutgers Bans Bias in Housing

NEW YORK—Rutgers University has banned discrimination in off-campus student housing.

Rutgers officials advised that the university "will simply refuse to list in its directory of approved off-campus student housing any accommodations which are not open to all students."

The action was taken following protests against segregated housing by the university's NAACP chapter.

Civil Rights Package Given to Congress

WASHINGTON—Without benefit of a Presidential message or other announcement from the White House, a series of civil rights bills designed to carry out the Democratic 1960 platform pledges was introduced in Congress Monday.

Sponsors of the six measures included in the package were Sen. Joseph S. Clark, Pennsylvania Democrat, and Rep. Emanuel Celler, Democrat of New York. President Kennedy, during his campaign, assigned to the two law-makers the task of translating the platform civil rights planks to legislative form.

SCHOOL BILL

Considered as the most far-reaching of the bills is one designed to speed racial integration in all public schools. It gives schools at present segregated six months to adopt a desegregation plan, but sets the date for "first step" compliance not later than the 1963-64 school year.

Provision is made for court enforcement in the event school boards fail to comply with the legislation.

The five other bills would:

1—Make the Civil Rights Commission, which now is due to expire Sept. 9, a permanent agency with strengthened fact-finding powers.

JOBS

2—Provide judicial and administrative remedies against discrimination by business firms or labor unions in hiring, firing or promotion.

3—Empower the attorney general to bring civil injunction suits in federal court to prevent the denial of any civil rights on grounds of race, color or creed. The attorney general now has authority to file suits only to prevent the denial of voting rights.

4—Eliminate the poll tax as a requirement for voting in federal elections.

5—Eliminate literacy tests as a requirement for voting.

USC SUMMER SESSIONS

With 7500 students expected to enroll, the University of Southern California will hold its 56th annual six weeks summer session from June 19 to July 29 and a four weeks post session July 31 to August 26, it was announced today by Dean Paul E. Hadley.

Beaver Named To Cal. Board

SACRAMENTO — Jefferson A. Beaver, San Francisco savings and loan company official and member of the San Francisco Housing Authority since 1956, was named to the State Advisory Hospital Council last Wednesday.

Gov. Brown picked Beaver as one of four appointees to the board.

Beaver last year was named president of the Housing Authority, but he resigned that post last week.

Appointed to the San Francisco Authority following Beaver's resignation was Atty. Solomon Johnson, a native of Georgia, a graduate of Morehouse College and Howard University and a former federal narcotics agent.

Segregation Hit At Site of '2nd White House'

WEST PALM BEACH, Fla. — The West Palm Beach branch of the NAACP this week asked city officials to begin a program desegregating all public facilities run by the city — after pointing out that "this is the winter home of the President."

Mrs. Louise Buie, branch president, added that "it is a blot upon our community and our nation, to have a system such as this in operation in what has been called the second White House."

The NAACP youth council has attempted to use various public facilities in vain and has found the swimming pool "closed" whenever members sought admission.

CHEST X-RAYS

Manual Arts Student Gets Outstanding Award

Miss Kimiko Higashi, of Manual Arts High School, was awarded a bronze medallion and a check for $100 by Safety Savings and Loan Association, 2638 S. Western avenue, as over 100 Los Angeles county high school seniors were honored as Outstanding Students Award Winners in a program co-sponsored by the county's Savings and Loan Association and the California Savings and Loan League.

A total of 129 students were guests of honor at a Recognition Luncheon held at the Biltmore Hotel which was attended also by high school principals, faculty representatives, school administrative officials, parents and savings and loan association executives.

The luncheon was presided over by D. W. Ferguson, Los Angeles County chairman of the California Savings and Loan League's School Relations Committee. Principal speaker was Bob Richards, Olympic pole vault champion.

Miss Higashi, 17, is the daughter of Mr. and Mrs. Setsuo Higashi, 1175 Exposition boulevard. A foreign language major, she is president of the Scholarship Society, Student Body Cabinet; a member of Draconian Honor Society, Presidents' Forum, Girls' Athletic Association, Scholarship for Service, Lyric Club, Tean Profs, and is also recipient of the Mary Caswell scholarship. She plans to attend USC or UCLA to prepare for a career as an English teacher.

The $50,000 outstanding student Award Program was initiated three years ago by the California League and California's savings and loan businesses. Principals of senior high schools in the state select an outstanding student for the cash award and the medallion. The selection is determined solely by the principal or faculty committee.

Toni Robinson Recital May 12

On Friday, May 12, at 8 p.m., Toni Robinson, harpist with the popular Los Angeles State College Brass Band, will give her senior recital in the school's Music Hall. She will be assisted by Doris Rabb, pianist and graduate of the USC School of Music, and Reginald Lee, flutist and graduate of Los Angeles State College School of Music.

A tree is for me... and everyone else

We come across many a young fellow like this in our job of exploring and drilling for oil.

As a visitor in the forest, Standard has a responsibility to protect wildlife and keep the wilderness fresh and green. And we accomplish this in several ways by working closely with fish and game and wildlife officials.

We steer around the feeding grounds, using soft-tired vehicles to preserve the natural ground cover. When wells are in, we assure new growth by reseeding grassland and planting young trees on the work area.

Water wells, essential to our drilling operations, also nourish thirsty plants and animals... and nesting and breeding ponds are built for wild fowl.

Exploring teams in helicopters keep sharp watch for fires, and on the ground our men with bulldozers and water trucks stand ready to help when fire strikes.

Wherever Standard taps new oil reserves to serve the nation — the forest and the animals who live there are protected.

planning ahead to serve you better

Children Are Hungry

A number of children in Los Angeles go to school every day hungry and stay hungry thoughout the day. Many of them have no breakfasts because there is no food in their homes. Many more have no lunches because they have no money to buy them.

The problem is particularly acute in the Negro and other minority areas, but just how acute nobody knows. No survey has ever been made to find out. It is one of those unpleasant facts of life that no one in authority wants to examine, much less do anything about.

Yet we live in one of the richest cities in one of the wealthiest states in the most affluent nation of the world. Food, millions of tons of it, gluts the warehouses, to be sold after months of costly storage at bargain prices abroad or to be dumped when it has spoiled and is no longer fit for human consumption.

More millions of tons of food are ploughed under every year because of the lack of a profitable market. Here in California alone many acres of lettuce, celery and other vegetables, so necessary for the health of a growing child, are allowed to rot in the fields because it doesn't pay the farmer to harvest and crate the produce he has labored to grow.

Yet the children go hungry.

At the same time, the promise of feeding them is in no way insoluble.

It presents no lengthy task of research. If tomorrow the Board of Education were to issue a directive to each of the city's schools asking for a survey, the information on how many children are involved could be at hand by next Monday morning.

Nor does it necessitate a great outlay of money. Lunch at school cafeterias costs 35 cents, roughly three for a dollar. A sum of $100 a day would take care of 300 children; a sum of $200 would provide hot lunches for 600 children. That's not a very large sum when balanced against the physical, psychological and mental crippling of hundreds of youngsters.

The problem, though certainly not insurmountable, hasn't even been tackled. The impasse seems to stem from the fact that no official body, city, county, state or private, has been willing to look at the situation in terms of human needs. All, in fact, have tended to look the other way and to take the attitude of "Let George do it."

The Board of Education says that it has no funds available for feeding hungry children, though it is now considering its annual budget that is close to $269,000,000. The Board has no information as to the extent of the problem and if you query them will refer you to the PTA.

But the PTA in turn will tell you "it's not our problem." They say their funds are limited and they use them for cases where health problems are involved. Welfare work, they point out, comes under the jurisdiction of the Bureau of Public Assistance.

Somewhere along the line you're bound to come up against the argument that after all, it's really not the responsibility of the Board of Education, the city, the county, the state or the PTA. It's the responsibility of the parents who, you gather, are apt to be a bad lot. They get money from the various agencies, you are told, but they squander it, maybe on liquor. Or they don't know how to budget their money. Perhaps what is needed, the argument goes, is not food for the children, but education for the parents.

Maybe so. Maybe the parents do need education. Maybe they don't know how to budget their money. Maybe they do spend some of it for liquor. Maybe the parents are delinquents or maybe they're just unemployed. Maybe a lot of things.

But why must the children suffer? Why can't the schools, or the city, or some public agency step in to save these youngsters from the ill effects of semi-starvation?

The answer is, of course, that something can be done if enough people decide that it should be done. A few months back mothers of children in Child Care Centers campaigned to prevent the closing of nine of those centers this June, apparently successfully.

Perhaps what is needed now is a similar mobilization to let the authorities know that children in the city's schools do go hungry row and the day after. That's the problem and to plead that they be fed today, tomorrow. Who picks up the tab can be settled later.

Mayoralty Race Sound and Fury

Mayoralty Candidate Sam Yorty is being attacked in daily newspapers in a manner that casts far more reflection on their good sense than their wild stories illuminate campaign issues.

The Times has dug up the fact that Mr. Yorty was attorney for, and apparently financially interested in, a group that sought a dump site license. The group, or one such group, did get a license and apparently had the usual run-of-mine squabbles such enterprises have with the city. There is no suggestion that evil motives inspired another group for which Mr. Yorty was attorney. In any event it got no license. The only complaint made is that Mr. Yorty, who is a lawyer, got paid for his efforts.

The Examiner is having a go at Mr. Yorty on the ground that he was attorney for a group of Californians who paid him $12,500 for attempting to secure them a gambling license—in Nevada!

Gambling is, and was, legal in Nevada. We can't understand what is reprehensible about an attorney representing clients in an entirely legal venture. Yet the story about Mr. Yorty's representation of the interests of his client in endeavoring to obtain a legal Nevada license is being shouted out as some kind of proof that Mr. Yorty won't make a good mayor.

This kind of campaign sound and fury signifies nothing—either as to Mr. Poulson's qualifications or as to Mr. Yorty's fitness to serve as mayor of Los Angeles.

Our dailies should be ashamed of their bush league attempt to settle the mayoralty race on the dimensions to which they are trying to reduce it.

On Banishing Nightmares

Automation, the process by which machines are perfected to take over many of the routine jobs now done by man, is currently looked upon by both labor and by government as a "nightmare."

The reason the advance in technique which lightens man's burdens is looked upon as an evil instead of a benefit is that use of the new equipment makes possible the production of a greater volume of goods with the employment of fewer workers.

The worker views with alarm the prospect of his job being eliminated with little possibility of obtaining substitute employment. The government looks at the unemployment figure, already dangerously high, and grows apprehensive. Displacing large numbers of workers through automation will add to the existing widespread distress, increase the costs of unemployment insurance, decrease spending power and prolong the depression.

Yet automation represents a new step forward in man's conquest of nature and should be cause for joy, not fear, for it need not throw men out of work and onto the scrap heap. The problem, such as it is, could be resolved quite simply by shortening the work day, thus keeping workers employed and earning their salaries. The factories would be producing as much or more as under the pre-automated set-up, the workers would have an extra hour or two of leisure and the government would be freed of at least this one source of worry.

BATTLEAXE & BREAD

By Lester B. Granger

Last week I received an invitation which I would have vigorously declined, only it was like so many of the screwball invitations issued these days by "committees" representing "crusades of the week" and composed of individuals whose names appear with dreary regularity in support of screwball causes.

This invitation was issued by the Nonviolent Committee for Cuban Independence. It urged me to participate in a "picket protest" against the Central Intelligence Agency, that much-criticized federal intelligence service that bears a share of blame for the recent fiasco in Cuba. The "nonviolent committee' announced a "fast and picket vigil" to dramatize opposition to the CIA.

TOO MUCH CREDIT

At first, in an absent-minded moment, I took this announcement as a protest against CIA bungling in the Cuban crisis—for no matter where the major blame should be assigned for what happened so abortively and tragically in that anti-Castro 'invasion," it would seem that a major shake-up of our principal intelligence service is in order.

But it didn't take me long to discover that I was giving the "nonviolent committee' too much credit for commonsense: This was a call for "abolition of the CIA and an end to U. S. intervention in the internal affairs of the Cuban people; and for the U. S. to render economic and technological aid to the Cuban revolution, asking Castro and the Cuban people to extend mercy to those invaders who have been taken prisoner."

In another set of circumstances and at another period of history such an announcement as this would seem ludicrous. Here, the American people are face to face with the most powerful hostile combine the world has ever known — a combine that outmatches us by measurements of military strength in manpower, war material, governmental maneuverability, readiness to take the initiative in attack, and far-flung spy system.

FACTS SPELL DANGER

And here we are, moreover, helplessly watching that enemy eat away at what is left of free Asia while we feebly protest and "demand" a cease-fire in Loas; and there the enemy is, establishing a new beachhead at our front door, with Castro as the willing agent, the Cuban people as the deluded tools and the whole of the Western Hemisphere as the open target of Communist attack.

Any idiot child of nine years should be able to put these facts together and see that they spell danger of a kind that the American people have never known in 300 years of colonial and national existence. Yet the fact is that possibly a majority of us do not admit the facts. This is not because of lack of intelligence, so much as lack of sanity, or courage to admit what we know.

So "nonviolent commitees" organize and scream—not to improve but to destroy our too-weak intelligence services; not to find ways of frustrating Castro's drive against free government in Latin America but to give him aid and comfort in his effort.

FATTENS HOGS

And so, also, we must listen to unorganized defenders of Castroism yelp about what Castro's Communist - controlled government has done to "enfranchise the black people of Cuba," just as if any smart farmer doesn't fatten up his hogs before he sends them to market. Sure, Batista was a brutal thug who should have been destroyed a full decade ago. Sure, American capital in many instances made an exhorbitant profit in Cuba—and made it out of the sweat and blood of semi-literate, completely poverty-stricken Cuban peasants. And certainly, if we had been the good neighbor that Roosevelt, Truman and Eisenhower talked about so glibly for a quarter-century, we would have helped the Cuban people get rid of the hogs who rode their back so heavily.

But our failure to lift off the hog does not mean that we tolerate the tiger that has replaced the hog. For if the Castroism that is completely subservient to Russian Communism should triumph in Latin America—and we should remember that Castro is only Russia's tool shaped for Latin American domination — then there will be no hope for freedom anywhere in the world, not among the "enfranchised black people of Cuba" or loud-lunged, short-brained visitors from the U. S. or people who walk up and down the streets of New York and Los Angeles.

I'm aware that this column won't affect the "nonviolent" lads and lassies one whit, but it's good therapy for me to express myself—and who knows, somebody might be listening.

Loren Miller Says . . .

(Continued from Page 1)

ity group law violator should have less by way of constitutional protection than, say, one of the Ten Percenters.

LONG TIME FOE

Then I read the Times editorial and it said that all members of a minority group "should resent" what the governor said. I could tell right off that the Times was offering its advice as a friendly gesture. Now I'm not one to take an offer of the right hand of fellowship lightly and that's what has me in trouble. I've been reading the Times a long time—some 30 years.

During that 30 years the Times has conducted a vigilant and never ending battle against such things as old age pensions, FEPC, fair housing acts, extension of Civil Rights laws and just about everything else the NAACP and Urban League have favored. Under those circumstances, life was simple. All I had to do was to pick up the Times, find out what it was for and yell out loud that I was against the measure.

The system worked pretty well, too, except for the occasion when the Times crossed me up by announcing it was for monogamy. Before I could catch myself I yelled I was against the system and almost wrecked a series of friendships. Most of my friends' wives cut me dead, socially speaking. My wife never bothers to listen to my pronouncements on the sound ground she's heard them all before so she never even heard my boo-boo on the holy state of matrimony.

TROUBLE, TROUBLE

I think you can see my trouble by this time. If the Times is a friend of minority groups I've got to invent a new "for and against" system. That's tough. Take the Times' thunder against the Hawkins Fair Housing Bill a couple of weeks ago, or its opposition to FEPC last year, or to Eisenhower's Civil Rights bills. I didn't have a bit of trouble figuring out where I stood. The Times was against them—nach, I was for them. Turned out to be a good system in the case of FEPC and Civil Rights bills. Both helped Negroes. But in those cases the Times just up and said it opposed the laws. It didn't flop over on our side and ask us to resent their sponsors or claim it was our friend.

See what I mean? Here's the Old Friendly Times hugging up to us, a-whispering in our ears, telling us to whack Gov. Brown on his Old Democratic Head—all because he said members of minority groups ought to have as many constitutional safeguards as anybody else. If it wasn't just because I am so full of resentment at the legislators who ganged up on the Hawkins bill—at the Times' urging—I might try to work up a little resentment at Gov. Brown's concern over equality of legal treatment for members of minority groups.

I hope the Times understands. I want to keep this thing simple. We've had it pretty tough with the Times as an enemy. Think how much worse it will be with the Times opposing everything we want, not as an enemy but as a friend!

Negro Voters

to lop off the area between Washington and Adams and Vermont and La Brea, a section of considerable Negro concentration.

In the 10th Councilmanic District, the situation is no more promising. In the event that Councilman Navarro wins his run-off election for comptroller, his seat in the City Council will be vacant.

TO MOVE 10th

In the valley, which is heavily populated, there is a strong move on to get an additional district for city representation. The reports say they hope to move the 10th district now represented by Navarro, out into the valley, cutting up the present 10th several ways in such a manner as to split up the Negro vote.

Plans to try to combat this double-barreled offensive are to be discussed next Tuesday, May 16, at a luncheon meeting of residents of the 63rd A.D. called by Joseph Grimmett, NAACP board member, and Atty. Carl Earles, president of the Langston Law Club. The meeting is to be held at 12 noon at Memory Lane, 2323 W. Santa Barbara avenue.

Tshombe Accused Of Killing Lumumba

(Continued from Page 1)

Mobutu, the army "strong man."

CHARGE OF TREASON

In addition to being charged with killing Lumumba and other political prisoners, Tshombe is also accused of an assortment of other crimes, including looting the Congolese treasury of all of its funds at the time of the ill-starred granting of independence on July 1, 1960.

Murder, high treason, theft and counterfeiting are the charges that Tshombe now faces.

Tshombe, however, is not being accorded the same brutal treatment his men gave Lumumba, at least not yet, that is if the reports reaching here are true. He is being held under detention in a villa in the Equator capital, guarded but so far unharmed, the reports state.

TROOPS THREATENED

Meanwhile, UN troops in Tshombe's home town of Elizabethville were threatening to arrest 100 British and South African mercenaries. The UN Security Council has demanded—and Kasavubu has concurred in the demand—that all foreign military advisers and officials as well as white mercenary troops be expelled from the Congo.

That was the cause of Tshombe's pulling out of the Coquilhatville conference with the intention of returning to his home province, for Tshombe's control of that province has rested squarely on his Belgian advisers and his foreign armies commanded by Belgian officers. Without them, he could not remain in power.

From this distance it is difficult to tell whether or not resentment over the assassination of Lumumba is of such intensity as to dictate to Kasavubu and Mobutu the wisdom of finding a scapegoat, or whether the arrest of Tshombe stems essentially from his refusal to share the loot and treasure extracted from Katanga's mines and factories and his insistance upon being top man in the proposed federated set-up.

Dootsie Denies

a statement to the press, "we wouldn't do anything in the world to hurt the guy. We love him. He is, in our opinion, the greatest comedian alive.

'TOUGH INDUSTRY'

"But of course we cannot stand idly by and let him damage our hard-won reputation in this tough industry with these irresponsible charges."

Through his attorney Burton Marks, Foxx has asked for an accounting from Dooto, relief, the creation of a trust to handle his Dooto royalties in the future and the breaking of his contract with the local recording firm.

The audit of the company's books, the taking of depositions and other preliminary technicalities should be completed by about June 1 and the case will then probably go to trial, Marks told the Eagle.

'SMART AS A FOX'

Redd Foxx, who gets his name from his carrot-red hair and the fact that he is "smart as a fox," is at present appearing in night clubs in the East. He has just finished a stint in Philadelphia and is due to open in Chicago. He is expected back here around the end of the month.

The records that zoomed him to prominence are his "Laff of the Party," "Redd Foxx Fun," and "This is Redd Foxx."

Dootsie, who asserted that Dooto, the nation's largest Negro recording firm, is planning a cross-complaint, commented sadly: "He's just trying to break his contract now that we've built him up to the position where everybody wants him."

'SELFISH INTERESTS'

He went on to say that Dooto "has made a practice of developing Negro unknowns into prominence while other major firms have made a practice of pouncing on them."

He said that "largely as a result of record sales, plus the promotional campaigns we've placed behind Foxx in various media, he has become nationally famous. But suddenly other firms which were ignoring Negro comics when we entered the field years ago, have discovered this talent. These selfish interests, in my opinion, are the ones misleading Foxx in his unfortunate suit against us."

Woman Found

Wilburn began hitting Mrs. Bales.

Stiggert said he tried to stop him and attempted to reach the phone in the kitchen. His brother, he said, then turned upon him, beat him, shoved his wheel chair aside, ripped the phone from the wall, and then began hitting him with a metal chair.

After that, Wilburn again began to beat Mrs. Bales, Stiggert claimed, dragged her out the door and into the rear yard where the blows continued.

We're on Our Feet, Say Cubans

comfortable. But as equal to equal and without any attempt to force the agenda on us beforehand.

We want to live in peace and be friends with everyone, but we are on guard in case they attempt aggression against us. And we are not exporting revolutions. But neither can we prevent the example of the Cuban revolution from going beyond our borders and revealing to the brother peoples of our America and the world that imperialism is not invulnerable. That when a united people decides to obtain its full freedom and its complete independence, there are no forces which can stand in its way.

YOU ARE OUR HOPE

They say that when the forces of Lincoln were fighting in the North against the slave-holding states of the North American South, the slaves around the sugar mills and canebrakes of Cuba were singing this chant:

"Avanza, Lincoln, avanza.
tu eres nuestra esperanza."
(Forward, Lincoln, forward
you are our hope.)

We know only too well — and this admirable conference is another demonstration of it — that in the soul of every Indian and every Negro and every Mestizo or white who is exploited, from the Rio Grande to Patagonia, there is today resounding a similar chant, and that the underdeveloped peoples are now repeating in chorus:

"Avanza, Fidel, avanza.
tu eres nuestra esperanza."

And what is involved is not a military advance — which would have the illustrious precedent of Bolivar or San Martin, liberators of many nations — but the peaceful spiritual advance such as headed by Sarmiento or Bello, Juarez and Hostos, Marti or Emiliano Zapata, the uncontainable advance of a new American consciousness, which flowered here in Mexico in 1910 and which is now bearing fruit in our Antillean land; where a people anxious to live in peace is preparing to defend its threatened soil, and in the face of any attempt to violate its recovered independence, proudly raises its battle cry — which has already been converted into a hymn of victory.

L.S. Schools Lack Program For Hungry

(Continued from Page 1)

and the school nurse that he or she is suffering from malnutrition or from some other physical problem that makes hot food necessary.

Simply being hungry is not sufficient reason for obtaining such certification, the Eagle was told.

Where the doctor and nurse recommend assistance, hot lunches are provided by the PTA if the child attends a school where there is a cafeteria. Otherwise the child gets only milk.

NO CAFETERIAS

These lunches, however, are not entirely free. The child is expected to contribute 5 cents daily for a lunch or 1 cent daily for milk. Where even this small sum is not forthcoming, it was indicated that the child will be fed anyway.

There are at present 78 schools in Los Angeles that have no cafeterias and this number is scheduled to increase, according to Dr. Richard W. Jarrett, director of food services for the Board of Education.

The 1960 school bonds, he explained, did not provide for the inclusion of cafeterias in the new schools to be built. Moreover, he said, some of the cafeterias in the older schools where they take up space needed to provide additional classrooms are scheduled to be closed. These closings will be effected in some seven or eight schools, he said.

SELF-SUPPORTING

The cafeterias, Dr. Jarrett pointed out, are not subsidized by the Board of Education but must operate on a self-sustaining basis. They obtain some surplus food from the government free except for handling and other incidental charges.

These supplies consist mainly of flour, butter, corn meal, occasionally powdered milk, dried eggs, etc., but do not include such important foods as meat, cheese, fruits and vegetables.

Cafeterias in elementary schools charge 35 cents for each student. Where they feed fewer than 50 students a day, the tendency is to close the cafeteria because it cannot operate "in the black."

'GETTING WORSE'

Dr. Jarrett said that the problem of feeding children who have no money to pay for their lunches is "worrisome and getting worse." He added that it causes "great concern" but that there is no money to take care of the need.

Principals in a few of the schools are also concerned about the problem, but on the basis of the information the Eagle is able to obtain, such principals are the exception rather than the rule.

One such principal, who has a situation where between 15 and 20 children don't have enough to eat —some of them have neither breakfast nor lunch — has appealed to mothers and community organizations to help fill the need.

GETS SUPPLIES

Through this source, he has been getting supplies of peanut butter, corn flakes, crackers, evaporated milk, sugar, cocoa, jellies and jams, soups and individual boxes of raisins.

At another school the principal has set aside a small sum of money, from contributions and gifts, and with this he purchases the necessary provisions and sees to it that the children under his care get the food they need.

But these cases are rare. For the most part, the problem is ignored — and the children go hungry.

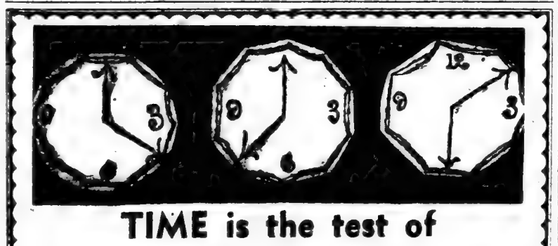
Science Theme: Spirit Creates,

"Mortals and Immortals" will be the subject of the Lesson-Sermon in all Christian Science churches on Sunday. The Golden Text is from Romans (8:19), "The earnest expectations of the creature waiteth for the manifestation of the sons of God."



The immortal status of the children of God will be emphasized throught the sermon. Paul explains this immortal status in his epistle to the Romans, "For as many as are led by the Spirit of God, they are the sons of God . . . The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs; heirs of God, and joint-heirs with Christ" (8:14, 16, 17).

"Christ presents the indestructible man, whom Spirit creates, constitutes, and governs," declares Mary Baker Eddy in "Science and Health with Key to the Scriptures." In another passage she says, "Human capacity is slow to discern and to grasp God's creation and the divine power and presence which go with it, demonstrating its spiritual origin. Mortals can never know the infinite, until they throw off the old man and reach the spiritual image and likeness." (pp. 316, 519)

Ascension Day Is Celebrated

By Rev. J. E. Jones

Today is the 1961 anniversary of Ascension Day. Easter is the most celebrated day throughout Christendom, for it does give assurance of life beyond mortality, there is another day of great significance for those that believe in Christ—a day that makes possible to continual relationship with God, while men live in their mortal bodies.

It was an historical occasion when Jesus, 40 days after His resurrection from the dead, walked this day along the dusty road toward the tiny village of Bethany. His disciples were with Him and while He was blessing them with uplifted hands, Jesus Himself "was caught up" in much the same way as the mighty prophet Elijah was separated from his disciple Elisha. But the ascension of Jesus, Son of the Living God, introduced to the world and His church the institution, "the priesthood of all believers."

The reformed church celebrates ascension day because it knows men even in their mortal bodies could make personal requests through prayers to God and have them granted through the ascended Lord Jesus, who sits at the right hand of God as advocate pleading the cause of every knee that bows with contrite and repentant heart.

Ascension Day made possible the fulfillment of Christ's earthly promise, "I go unto My Father and if you abide in My word and My word abide in you you can ask anything in My Name and I will do it."

My Sacred Opinion

By OMNI G. INFINITE

I serve no god—Aliah, Jehovah, Brahma, Buddha, Supreme Being, Infinite Being, or Absolute—who would let a devil dictate, separate, or confuse me from a democratic way of living, whether its eyes are blue, green, red, brown or black. Nor would I serve that god whom I cannot mentally reach until I cease physically to exist. Only the whole stays in tune with reality, and democracy properly applied is the whole of happy living.

The God whom I serve must have the wit and power to free all in cosmic and spiritual understanding, and to exercise demoracy as it is written; or else I would find in my God-given imagination the real God of democracy which is the impersonal God of all and with confidence and patience worship and serve Him well.

A presentation will be made to the oldest and youngest mother, and to the mother with the most children, living or dead.

The "first ladies" of our land, the morning and evening stars of our lives—mothers, will be honored in a special way, according to Rev. E. A. Anderson, the pastor of McCoy.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anaesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

MOTHER LOVE EXPRESSED — Mrs. Mildred Jones, affectionately called Mimi by her friends, poses smilingly with her adorning children in this Mother's Day grouping. Mrs. Mildred Jones, Young Mother of Five, Teaches Faith

Each year we take time out to honor Mother because the nature and character of the family is molded and governed by the quality of her mind and heart. Her love transcends all in the universe. She nurtures, teaches and guides her young.

She rejoices in her children's success and agonies with their disappointments. She shields, encourages and stands by them even if everyone else forsakes them and she teaches faith, and courage along the road of life.

Today we honor a young mother of five children, Mrs. Mildred Jones, wife of Rev. James E. Jones, pastor of Westminster Presbyterian Church.

Respect Others

For 18 years she has been the helpmate of Rev. Jones and has, in the words of Rev. Jones, been the "kind of a mother who is ready to hear the problems of her children, no matter how simple. She makes it easy for them to talk over intimate problems with her. She has taught them that no problem is too difficult for them to solve if they bring it into the open and discuss it freely.

The Jones children are taught that their first obligation is to God and in all ways they should acknowledge Him and He will direct their lives. Respect for one another and themselves is a basic rule of the household. Honesty is best policy even if it hurts, she says.

Mrs. Jones is said to be a wonderful homemaker and an excellent cook. Some of her dishes include the exotic dishes of the South Seas, China and Japan. She sews for the girls and herself, designing garments which might easily merit a Dior or Loper label.

Mrs. Jones says, "Having a good father for the children, a man who loves the children and makes you feel secure, is one of the most gratifying aspects of motherhood.

Also on the sick list are: B. Crayton of 520 Brooks avenue and B. Fair of Broadway.

"THE TEE" with MAGGIE HATHAWAY

Clayton Moore, Top golfer and member of the Rancho Men's Municipal Golf Club, did a much needed favor for the leading golfers in the city last Saturday. He sponsored a Charles Sifford Golf Clinic at the Culver City Driving Range.

It was a beautiful day and we regret to say that there were hundreds of Caucasians there and only about 25 Negroes. This is usually the way it is when one of our own attempt to blaze a trail; nevertheless those who did not attend missed a treat.

Sifford gave a wonderful performance. He hit 300 balls, answered 500 questions, gave free putting lessons and even selected a lady golfer (Thelma Cowan) from the gallery to show a fan (who asked him to swing like a lady) how a lady should swing.

We saw the Cosmopolitan popular president Earl Reason absorbing as much of the Sifford form as possible. We asked him when he thought some of his members would have the courage to go to the Fox Hills men's club and ask for a membership blank. (There are 150 men in his organization). He said that he, himself, was enroute to Fox Hills after the exhibition to ask for a membership blank. We wished him luck.

There was a golf fan who said he was the brother of Spaulding (Spaulding Golf Balls) and wanted to see Leroy Smith (cross-hand player) swing. Leroy said he was not in form and Sifford took time out to give the fan a few putting lessons.

Joe Norwood, known about town as the Golf Surgeon, took Sifford aside and showed him a putting secret that Norwood said he had refused to sell. Norwood is such a technical pro that it is almost impossible to absorb his lessons unless you have broken 95.

Caribbeans Score 4 to 3 Thriller on Garcia's Hit

Johnny Garcia's dramatic last inning 2-outs-2-on single gave the Caribbean Lounge a thrilling 4 to 3 victory over the tough and dangerous King's Hotel nine last Sunday morning at Rancho Playground before one of the largest crowd of the season of the newly organized Cocktail Lounge Softball League.

The game was packed with sensational plays as Caribbean's ace pitcher Chuck Hollaway and King's Charles Dukes battled in a tight duel for 5 innings. Caribbean sluggers jumped on King's starting pitcher and nicked him for three runs in the first inning but from that point on until the last of the 7th Duke mowed the Caribbean batsmen down in order until Garcia's game winning blow.

King's team fought every inch of the way. They scored once in the third and tied it up in the fourth at 3-all. Interesting note: had Garcia not hit the single when he did the game would have ended in a 3-to-3 tie because playing time had run out.

Red Carpet's Benny Brockman provided Sunday's only shutout in the Bar League when he flipped a masterful one-hitter against the Living Room and his teammates backed him up with 8 runs off of 10 hits.

Nat Washington's 7th inning home run notched a 7 to 5 come-from-behind victory for the Sea Food Grotto over the Intermission Room.

Roaring Collins' Tigers jumped on Tommy Tucker's Playroom and shellacked them 15 to 5. It was rumored following the Playroom's victory over the Sea Food Grotto, 10 to 5 on Thursday, that the Tiger's manager arranged a deal, sending two of the Sea Food players to the Playroom team, and that these two players accounted for an unusual amount of miscues in Sunday's game against the Tigers.

Alpha Interfrat Cage Team Wins First Series Championship Since 1948

By Edw. "Abie" Robinson

It took the 1961 Alpha Interfrat Basketball team to break a 13-year-old jinx when they defeated the Kappas 89 to 85 to grab their first series and playoff championship since 1948.

A capacity crowd witnessed the final games of the 1961 season and for the record this year's series set a new attendance mark by attracting an estimated 8500 fans for the seven games.

Coach Fred Kennedy's Alphas, known as the come-close wonders, were definitely out to win all the marbles last Saturday night. They played their best game at the right time this trip. The "Apes" fought off every Kappa challenge and by half time carried the score to 44-all.

Late in the third period the Kappas took a seven-point lead and the Kappa rooting section was as noisey as a 4th of July celebration.

Moving into the final period coach Kennedy sent in his big guns which included Leonard Guinn, Anthony Burr, Dick Banton, Edgar Clark and Henry Davis and alternate Tony Davis.

The move proved to be the winning combination as the Alphas slowed the Kappa attack and pushed ahead with less than a minute to play they commanded a 2-point lead and iced the game with a last second lay-up shot.

Sterling players for the Kappas included Art (Hambone) Williams, Ron Lawson, Walter Hazzard, Fred Slaughter, Bobby Blue and Bill Ellis.

Zora Folley Picked In Olympic Bout

Arizona's Zora, Folley, a long time challenger for Floyd Patterson's world heavyweight title, rules at a 3-1 choice to turn back young and ambitious Alejandro Lavorante of Argentina in tonight's (Thursday) non-televised main event at the Olympic Auditorium.

Ranked third by the NBA, the 28-year-old Folley still has hopes of landing a crack at Patterson's title. ora has beaten every leading American heavyweight with the exception of Sonny Liston.

He lost to Liston last year in Denver, but is eager for a return match.

Lavorante holds the heavyweight championship of South America. He has won 12 out of 13 pro bouts, losing only to Roy Harris in his fourth start. He has scored 10 knockouts.

An all-heavyweight card will back up the main event. Irish Roy Smith and Rich McDowell meet in the TV 10-rounder.

The Olympic reports good seats remain in all prices, though they do expect one of their best turnouts of the year.

ABIE'S CORNER

Looking at Archie Moore fixing coffee in the kitchen of his beautiful red brick sprawling San Diego home and thinking of his upcoming light-heavyweight title bout against one Giulio Rinaldi on June 10 in New York Madison Square Garden, you set the idea that old Arch isn't losing any sleep about the possibility that he won't have his hand raised after the battle is over.

Boxing experts all over the country don't give the Italian youngster a possible chance. Yet they didn't give a lad called Yvon Durelle much of a chance either, though he provided a few additional pages in the book titled "The Life and Times of Archie Moore."

However, we didn't talk much about Rinaldi. In fact his name wasn't mentioned once during our overnight visit with Joan, Archie's brainy wife, and William Lanier and we didn't get to bed until 8 a.m.

In a game of pool we remarked to ourselves that if mental fitness has anything to do with physical fitness then you've got to go along with the notion that the old master has not been loafing in his Salt Mine training camp. His eyesight is keen and you couldn't find even a hint of a nervous quiver when he bent over the pool table to make a difficult shot, while keeping up a running conversation with wifie Joan.

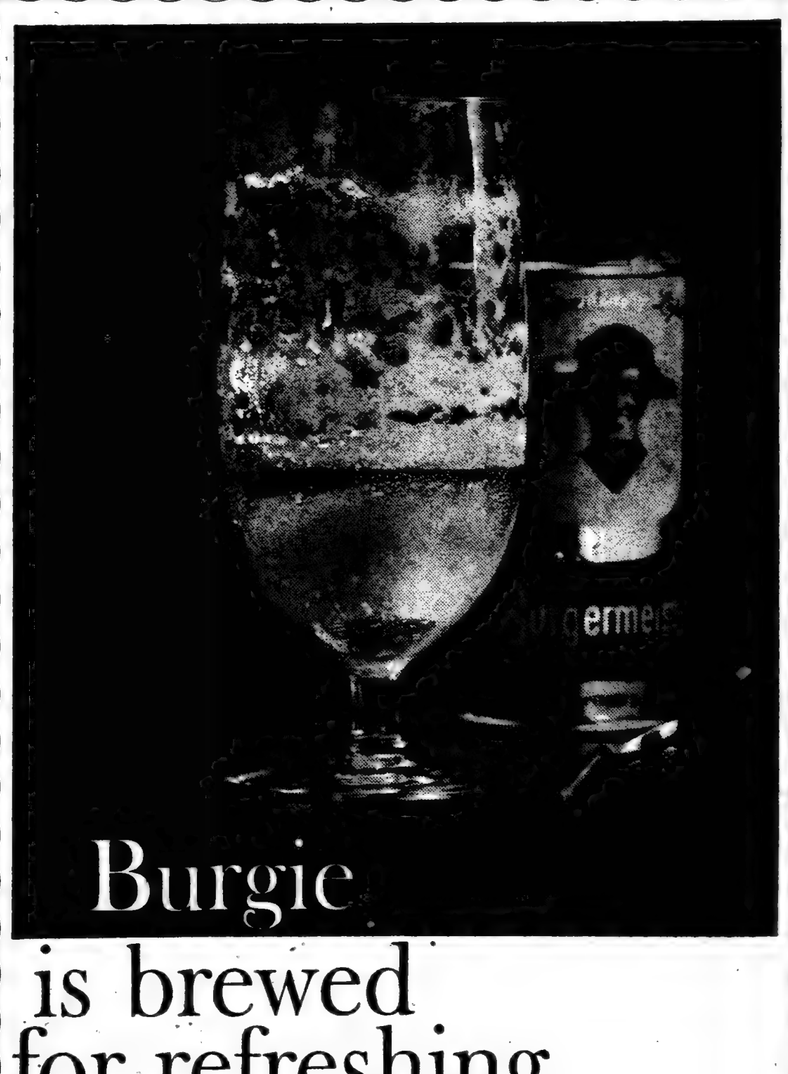
From the huge woodpile he grabbed two massive pieces for the fireplace. We carried one between the yard and the house. You didn't have to guess which one of us had been training.

He talked about his glove-shaped swimming pool and how many thousands of red bricks went into the pool house. We hardly thought he noticed when we let our log rest on the ground while he held his two as if they were sticks.

Like we said, we didn't hit the hay until 3 a.m. and at 6 a.m. with a loud clear voice as if he had been up for hours Moore announced the time of morning.

But our mission was to get a good look at the champ before he departed for New York and to keep an old promise to bring our better-half down.

Despite the fact that my War Department didn't speak to me on the way back and that as far as she is concerned I am just another louse because I didn't keep my word about returning home, the occasion was so wonderful and different you just couldn't say no when the Moores insisted that you stay. And now I am in need of Joan and Archie's formula for a happy home.



As far as the Rinaldi bit in June, I gather the crafty Moore is angling for a big money fight and since Floyd Patterson has ruled out Sonny Liston and Eddie Machen, what could be more of a natural than Moore and Patterson?

With that in mind, look for Moore at the mellow age of 44 to come up with a shocker.

Angelita Nicholas Calhoun's radiance as a bride actually had a wondrously shimmering quality, so happy was she. Their wedding proved the season's most beautiful from start to the bouquet-tossing and adieu-waving finish she and her handsome Pelham make a highly decorative pair of young-marrieds. Between the noon nuptials and the reception hour, Dorothy and H. A. Howard hosted the wedding party at a brunch. And the tardy sun came out in time to warmly bless the Calhouns at their patio reception, what's more. Now the next flurry in the bride's family will be seeing her twin, Lestrita, off to Europe for the summer.

Business And Professional Club Salutes Six Outstanding Community Women

Over 350 members of Los Angeles' top level society turned out Sunday noon, to witness the outstanding awards program of the Business and Professional Women's Club.

The Negro Business and Professional Women's Clubs Inc., presented what might be termed a "Junior Academy Award" program and luncheon, in the Statler Hilton's Pacific Ballroom.

Following the pattern of a Hollywood production, the business and professional group chose their winners from finalist nominees, through secret ballots.

Anticipation was created by executive members of the club who made the presentations. They first read the background of the chosen person and then announced the name of the winner in each category.

In all, six awards were presented, five "Trail Blazer" awards, which in itself, is an innovation by the group, to pay respect to members of the community who have contributed to its progress and well-being by blazing a new trail in their respective field of endeavor.

The sixth award was the organization's top honor, the Sojourner Truth Award, given to the community woman who most closely emulated the great work of the famous Negro woman, Sojourner Truth, in the eyes of the organization's Awards Committee.

Deltas Plan Entertaining Jabberwock

Committee chairmen, guest artists and club entries are going all out for this year's Delta Sigma Theta Sorority's Jabberwock to be staged May 20 at the Wilshire Ebell Theatre.

This year's idea for the club's annual Jabberwock stemmed from a national convention held in Chicago in August, 1960, where it was discussed at great length in workshops.

Sybil Thomas, the general chairman of the Jabberwock, was chosen for the post at the beginning of the sorority's year last September, and has been working on preparations ever since.

The committee has sub-committees which work on various aspects of Jabberwock, such as publicity, tickets, prizes, queen contests, production, souvenir program, ushers and entertainment.

This year's entertainment following the Jabberwock theme of "International Holiday," will showcase four of the city's budding young artists, Melvin Jenkins, Curly Dinkins, Bob deCoy and Juanita Crews.

Faye Hopkins Duffy expects her world traveling mother, Irma, in early June. Maudelle Bass, who used to live here while modeling for painters and giving African dance recitals hereabouts, is now Mrs. George Weston; he's a prelate from Antigua. Tess and Gil Lindsay, come August, head for NYC, Detroit, Canada and Cincinnati. Mrs. Mozelle Moore was moved to a nursing home.

AT ASTRONAUT LAUNCHING

Linnie and George Price and the Tabors of Venice are all proud smiles too these days; George Jr., an Army Information Specialist (may make a career of it), covered the astronaut space launching in Fla. Bessie B. Burke was debating a trip to Africa but unsettled conditions there have her deciding instead on an extensive trip along the eastern seaboard. Tuskegee's Fern Glenn will visit here during the summer. Success story: Church of Christian Fellowship's recent bazaar, their first, netted them $3,000. sAtty. Pete Tyson, of the Washington, D.C. legal set, will be a summer visitor here.

Mrs. Emma Mayberry, the only living member of the founders of Southern U., returned to the city from her annual sojourn down there which coincides always with the school's Founder's Day observances. Charlotte Hartsfield-Nicholas tells us: "My folks moved to Sacramento in Sept. They'rt not wild about it at all, especially Mother who misses LA and her friends."

The next regularly scheduled meeting will be held in the home of the president, 1588 E. Vernon avenue.

Guests invited for the next meeting include a representative from the Stovall Foundation, also Gloria Walker, playground director at Fred Roberts Playground, and several others.

First Lady Well Liked At Opening

By ROSALIE VERDUN

A star-studded audience befitting the royal lady of songs packed Gene Norman's Crescendo, 8572 Sunset Blvd. for the opening of Ella Fitzgerald last Thursday. Swinging with precision timing from one number to another with no formal introduction, and no need for any, Miss Fitzgerald ran the gamut from boundy rhythms like: "Give Me the Simple Life, Mister Paganini, Caravan, Mack the Knife and The Loralie," to haunting ballads like: "Around Midnight, I've Got a Crush on You, Happiness is Just a Thing Called Joe, Just a Sitting and a Rocking and a medley of Am I Blue, Blue and Sentimental and Baby Won't You Please Come Home."

EVERYBODY'S FAVORITE

The smooth flow of song was interrupted only for a birthday dedication to movieland's Audrey Hepburn who was one of the notable personalities on hand for Ella's opening, including Mel Ferrer, Rock Hudson and Miko Taka.

VISITORS FROM CHICAGO

Particularly proud of their pretty and popular daughter, who covered opening night for the good California Eagle were my parents, Fred and Louise Henderson, personal friends of Miss Fitzgerald, who arrived by plane in order to ringside with their pride.

Ella's reception was a tremendous ten minute ovation and indeed well earned, for she presented a performance that was perfectly pleasurable and supreme.

CAPABLY ASSISTED

Ella and her sidemen, Gus Johnson, drums; Wilfred Middlebrook, bass; Herb Ellis, guitar; and Lou Levi who duals as pianist and musical director, will entertain nightly for a little over two weeks.

WELL ROUNDED PROGRAM

SOLID ROCK OR SINKING SAND

By Dr. FRANK N. D. BUCHMAN

A MONTH AGO I sent an Easter message to the world, "All the Moral Fences Are Down." There was an instant response. From the statesmen and the ordinary man in country after country came the word, "That is the problem. Help us to rebuild those moral fences for our nations and the world."

General Bethlem of Brazil is a man who is doing just that. In Miami, Florida, he dropped down on a group of leaders from all the hemisphere. There was the General commanding the Army of Peru. There was the President of Parliament from Uruguay. There was the representative of the Minister of War from Argentina, the wife of the Minister of Reconstruction of Chile, dockers' leaders and industrialists from Brazil. There was the man who founded the Communist Party in Peru and brought in the first Popular Front government in Chile.

There General Bethlem also met General Inoue from Japan and with him the force of Japanese youth with "The Tiger," their play about the answer to the Tokyo riots. He met Chief Walking Buffalo from Canada with his braves and councillors. He met businessmen from Switzerland, labor leaders from France and Germany. He met Philip Vundla, the elected leader of 600,000 Africans, whom the police once described as the most dangerous man in South Africa; and Vaitheswaran, six years a dedicated Communist in South India, whose change has helped give Kerala the solid rock of an answer to Communism. He met William Pawley, son of a former United States Ambassador to Peru and Brazil. From Britain he met Peter Howard, the author, and Admiral Sir Edward Cochrane, great-great-nephew of the famous Lord Cochrane who helped liberate Chile and Brazil. He met a Jamaican leader who said, "You men have the only hope for the Caribbean. We must mobilize now for this answer, otherwise we shall quickly go the way of Cuba."

ANSWER FOR THE HEMISPHERE

General Bethlem had held two diplomatic posts as Ambassador of Brazil to Bolivia and Pakistan, but now he was on a trip with his wife for a holiday in New York. As he listened to these men speak, he was gripped by their unity that was like a rock because God was in command. This was the answer for the hemisphere. Within a week he had turned around and was leading an advance force of these very men to Brazil, which was followed a few days later by a planeload of 129 from 25 countries, to initiate what the newspaper "El Pais" of Montevideo called "the greatest ideological offensive undertaken on the Latin American continent." The General eagerly went back to give Brazil the solid foundation for world leadership that he had longed for for his nation. As his advance-guard he took with him Rajmohan Gandhi, grandson of Mahatma Gandhi, Admiral Cochrane, Vaitheswaran, and Takasumi Mitsui of the great Japanese industrial family. They prepared the way.

When the main international force arrived they were met by radio, press and television. In fact, one enthusiastic television cameraman got on the plane before the visitors could get off. It was national news.

Immediately they spoke at a lunch to 400 leading industrialists and businessmen, including the representatives of Ford, General Electric, Goodyear Rubber and Swifts. General Bethlem said, "Both North and South America are at the most critical points of our history. Against the background of Cuba, Venezuela and Bolivia where I have been Ambassador, and the new Russian offensive starting in Mexico on May Day, the inescapable choice for Latin America is Moral Re-Armament or Communism. I know you businessmen, because I was like you. We ask our wives to live purity, but we are not pure. We ask our workers to be honest, but we are dishonest. I have changed and committed my whole life to this fight."

To General Bethlem's surprise and astonishment these businessmen three times halted his presentation at that lunch with standing ovations. Some people may say this is an incredible response. But here is the fact. Immediately General Bethlem and his force were invited to speak to a meeting of 600 leaders of the industrial and business life of Brazil and to take an hour and a half's television program.

Chief Walking Buffalo of the Stoney Indians and his party created such a stir coming to this luncheon that hundreds of school children crowded into the lobby to meet him. For half an hour he told them how, in the previous year, one hundred million people had seen and heard him on the warpath in his ninetieth year in a 62,000-mile tour for Moral Re-Armament. He spoke of the time he made me a blood-brother twenty-eight years ago, when he gave me the name of "A-wo-zan-zan-tonga — Great Light in Darkness." While the Chief was speaking, there came a message from across the street from the Mother Superior of Sao Paulo's most famous convent school for 700 children from leading families, asking him to come with his friends to speak to a quickly-convened school assembly. The response was electric. Said the Mother Superior, "This will be a marking day in the annals of this college." Said another Sister, "This is the work of the Holy Spirit." After a television program that reached a four million audience on the number one program of the week, a Mother Superior said, "This is a very profound message. We must work together. You must go to all the Catholic schools. They will respond."

This can be the normal life of these countries, for which people have been saying there is not much hope. Otherwise these businessmen and their families with all their money and social life will lead to an absence of God, spelling the breakdown of the moral fences of democracy and, eventually, to Communism.

"THE TIGER"

On May Day the Japanese launched their ideological weapon, "The Tiger," in Latin America. Crowds outside the Municipal Theatre in Sao Paulo were so great that the traffic was stopped. General Bethlem introduced on the stage a force of 150 people from 25 countries, and read cables from Italian and French Socialist leaders, from 17 mineworkers of Britain, from the dockers of Holland, India, the United States and Brazil, and from Hollywood stars. Former Prime Minister Kishi of Japan cabled: "Tonight is being followed by millions of Japanese who are joining this fight to root out Communism, exploitation and slavery all around the world. Your fire and passion for a way which is not left, nor right, but straight, will give the South American republics their true destiny."

Mrs. Dorothea Buck of Virginia, former President of the General Federation of Women's Clubs with a membership of 11 million women, received a rousing ovation when she challenged the women of North and South America to "lay down their comforts and complacency, and to unite to take up this ideology without which our children and grandchildren will live behind the Iron Curtain." Dr. Raul Migone, former Minister of Labor in Argentina, summed up his convictions when he said, "Moral Re-Armament is the chosen weapon for humanity, not only to overcome Communism, which I am absolutely convinced it will do, but also to show the way for mankind as a whole."

A CURRENT IN THE AIR

These men of action and responsibility like General Bethlem get this message on the move. It is like a current in the air. Take the story of that remarkable man, U Nu of Burma. He visited Moscow and being attracted by their concern for Asia said they should be invited to the next Afro-Asian Conference. But then he came to Finland. There he found the ideological plays of Moral Re-Armament. He knew the effect they had had in his own country. He came at nine o'clock in the morning with the Foreign Minister of Finland. What he saw in that theater changed his policy. On his next stop in Stockholm he called in the press and apologized for the hasty statement which had suggested the inclusion of the Soviets in the conference.

U Nu knew that Burma was a nation deeply influenced by MRA. U Tin Tut, former Foreign Minister who had been to Caux, spoke of it as "the one unfailing light"; and Aung San, the first Prime Minister, whose widow as Ambassador in India closely follows this work, said, "This is what I want for the whole country." U Narada, the Abbot who is the Secretary to the Presiding Abbots' Association responsible for 75,840 Buddhist monks, has mobilized these monks throughout the country who believe in the validity of this message for Burma. He says, "My colleagues in the All-Burma Presiding Abbots' Association and myself have accepted the responsibility of rebuilding the moral fences in our country. Then we will have new men, new nations and a new world."

These monks are enthusiastically at work, and have shown the MRA film "The Crowning Experience" in the presence of the Prime Minister at the national celebration at the Peace Pagoda in the open air to crowds so large that they had to sit on both sides of the screen. The Speaker of the Chamber of Deputies said, "This film is tailor-made for Burma. It exactly fits the need of the country."

The last time U Nu came to America he told reporters in New York that he was coming especially to Arizona to see me because of the urgent need for this message for his country. He had already sent his daughter to be with us at our assemblies. His word on leaving me was simply, "Come soon, come soon to Burma."

Meanwhile U Narada and five Abbots are coming to Europe for the Assembly at Caux, Switzerland, and will celebrate with me my 83rd birthday in June. These worthies are welcome here and the highest in the land also, who long to come and find in the quiet of these mountains the key to their country's destiny.

In Japan it is the former Prime Minister Kishi and his chief adviser, Mr. Saburo Chiba, who are planning the delegation for this assembly, with Senator Ohtani, a director of the World Buddhist Federation and adviser to a five million strong Buddhist group in Japan. Senator Ohtani says, "What Asian Buddhism now needs is Moral Re-Armament. We in Japan have been given the light of MRA. Now we must sweep the whole world with this light."

"YOU SAY WHAT IS STRAIGHT AND RIGHT"

It is just a year now since a force of Moral Re-Armament left from Caux to work in the Congo. What is the battle they are fighting? It is a difficult task. But they are meeting with such response that the Minister of Information and National Defense in Leopoldville says that "Moral Re-Armament has saved the Congo from a far greater catastrophe."

The other day they were invited to the controlled area of the Lower Congo, in which are the ports of Matadi, Boma and Banana. En route they encountered several Congo Army road blocks. At one the sergeant said, "Moral Re-Armament! We listen all the time to your radio broadcasts," and he began to sing one of the songs. He was overjoyed to meet the Colwell brothers from Hollywood, who had put these songs twice a day on the radio in the languages of his people. At every road block, as the soldiers realized the MRA men were in the car, they crowded enthusiastically around, and at the last block before entering Matadi, the soldiers cheered them for bringing the answer to Communism.

At the end of the road in Boma the square was a sea of faces as ten thousand people crammed into the civic center to see the MRA films and hear these men speak. That crowd stood for four hours and when asked if they wanted more, roared their approval and said, "We want the MRA force to stay for a month right here to spread this idea."

The Bishop of Matadi said after the film, "You say what is straight and right. This is the good and only way, the way of MRA which we all need. I congratulate and thank you. I will give you my fullest support so that the masses will follow this idea."

Africa can be lost in the sinking sands of the materialism of East and West. Leaders of Africa welcome Moral Re-Armament because it is the solid ground on which a hate-free, fear-free, greed-free continent can be built. Marking the independence of their country the Government of Sierra Leone invited the representatives of 56 nations to see "The Crowning Experience." The Deputy Prime Minister, presenting the film, said, "I have decided to throw my whole weight into this work of Moral Re-Armament." Humphrey Wood, officially representing Moral Re-Armament at the independence celebration, presented my message: "Sierra Leone's destiny is to be a nation guided, not by the will of others but by the Will of God to follow what is right. Strong as a lion she will be among the nations. The whole world is anxiously waiting to see what God can do through one nation wholly given to Him. Sierra Leone can be that nation. My heartiest congratulations."

Introducing "The Crowning Experience," which was repeatedly interrupted by applause, Manasseh Moerane, Vice President of the thousands of African teachers of South Africa, said, "Political independence is important; economic stability is important, but above all a new nation needs an ideology. We in Africa cannot afford neutralism. We have got to stand for what is right."

Bremer Hofmeyr, whose family have held six cabinet posts in South Africa, said, "Moral Re-Armament is the ideology that sets men and nations free, that keeps men and nations free, and unites free men to win the world."

President Tubman of Liberia has also asked for the men of Moral Re-Armament to present "The Crowning Experience" to the Pan-African Conference which opens this week in Monrovia. He says, "I invite the leaders and people of Africa to join in this supreme task and to give priority to the Moral Re-Armament of our nations."

THE FUNDAMENTAL ANSWER

This African statesman echoes the convictions of Eudocio Ravines of Peru, former Latin American delegate to the Comintern, who spoke at the Moral Re-Armament Hemisphere Assembly in Miami. He said, "The fundamental answer to Communism in Latin America is moral and spiritual. Events in Cuba are happening because the Americas have not lived an ideology superior to Communism. That is where we Latin Americans are responsible. But neither has the United States exported moral values to Cuba. It has exported dollars and tourists and those things which made Latin Americans cynically call Havana the cabaret of North America. Moral decadence opens the door to Communist penetration. Many people say that Communism is the product of poverty, hunger and under-development. However, I say with the authority of having successfully conducted one of the greatest Communist movements in creating the Popular Front in Chile, the cause of the penetration of Communism is corruption and moral decadence. Now the Government of the United States is offering millions of dollars to solve the economic problems of Latin America. But military aid and dollars alone are not enough. This is the moment for America to export a moral ideology to Latin America. Therefore, the mission of Moral Re-Armament is of fundamental and particular importance."

From this assembly in Miami returned two Swiss businessmen who had given evidence of the striking response to this answer from industry, politics, and press in Catholic Central Switzerland. One said, "I came back from America with the deep conviction that my job was to be ready to pack my bags and travel to bring this answer. In a world crisis like today the old style businessman simply doesn't make sense." Businessmen without a superior ideology only help Communism. I think of the industrialists who gave Castro thirty million dollars and have lost it all. And of the corruption that has become a way of life for businessmen in many Western lands and brought us to the edge of the abyss. We need men and women who will pay the full price of change, honesty and fearless leadership in our nations if the world is to be saved.

SOLID GROUND FOR STATESMANSHIP

The Moral Re-Armament Assembly at Caux in June will be the focus for leaders from every continent who are seeking solid ground for statesmanship. His Excellency Bernard Hardion, a senior diplomatic adviser to the French Foreign Office and former Ambassador in Brazil, said, "Moral Re-Armament is a modern chivalry. Chivalry was inspired by faith and belief in God. It was not a substitute for religion. We must once and for all end this defense of a past forever dead. We must take the offensive in the battle for the future and for the submission of men to the Divine Voice."

Dr. Azikiwe is the first African Governor-General of Nigeria, who architected his country's freedom. He told how he discovered in Caux the idea of "not who is right, but what is right," which, "proved to be a pearl of great price at a time when we were on the threshold of a great political awakening."

The Catholic philosopher Gabriel Marcel spoke to the foreign press in Geneva. He said that in Caux he had seen a power that brought "a radical and lasting transformation in people. It is magnificent, and cannot be gainsaid."

Robert Schuman said of his experience at Caux, "I am accustomed to conferences but they are very different from this. Normally they end with great disappointment. Here we find nothing but satisfaction and hope."

General Marcel Carpentier, who commanded the ground forces of NATO, Central Europe, sounded a challenge at the most recent assembly in Caux, "We need a floodtide of Moral Re-Armament to sweep across the world. Then men in government will be forced to make the right decisions that spring not just from the intellect, but from our hearts and faith."

Like a mighty army moves this force across the world. Men and women of all races and nations united with a common commitment. The world is on the knife-edge of decision. We must go all-out to save our nations. When men change and are gripped by the fire and passion, the purity and honesty of a moral ideology, miracles happen. The foundation is laid of a new world, not on the shifting sand of corruption and compromise, but on the rock-like character of God-directed men and nations.

Show Business

By MAGGIE HATHAWAY

After watching **"The Sins of Rachel Cade"** at a Hollywood theater last Sunday we could not wait to write about it. We must admit that we personally worked in this picture (five weeks) and it was one of the most exciting casts that we have ever worked with.

We watched many scenes with Angie Dickinson and **Errol John** who was first seen on the American screen with Audrey Hepburn in "The Nun's Story." We were so impressed with Errol that we shot many pictures of him and Angie which were printed in your California Eagle a year before the picture was released.

NO STEREOTYPE PRODUCTION

One of the reasons that this will be one of the first African pictures that you will not regret seeing is because—

For the first time, in a Hollywood produced picture, an African (Errol John) has a leading role. We don't want to tell you too much about Errol but you must see him in a sexy scene (that was encouraged by a dance performed by native dancers) which Rachel Cade (the Christian missionary nurse) witnessed and prompted her to sin. This scene was a love feast between Errol and the beautiful Trellas Yancey. It was so torrid until Rachel (Angie Dickinson) advised him to marry Trellas.

HIGHLY MOVING PERFORMANCE

Rachel was never the same after watching these two lovers and she finally had a baby out of wedlock. Guess who delivered the baby? Errol John, but if this is shaking you, then you should see the scene when Rachel faints and so help me, they let this African actor (Errol John) pick her up "bodily" and place her in the hospital bed and this is when the baby arrives.

OUTSTANDING CAST

Rachel Cade made it possible for the tribal chief (Frederick O'Neal) to realize his fondest dream when she was responsible for his youngest wife (Cia Dave) becoming a mother. Cia is so beautiful but she did not photograph Negroid (she looked Oriental.)

Woody Strode was the elegant "Witch Doctor" but should have had more lines. Another highlight was the death of the village chief Juan Hernandez (Errol's father) and his last words were "Somewhere between your God and mine, we will find freedom."

Rafer Johnson was outstanding and **Chuck Williams** had one of the finest physiques among the native male nurses.

Pauline Myers should have had a bigger part, she has one of the most dramatic voices in the picture.

It was Errol John who caused Rachel Cade to decide to remain in the Congo but you will never forget Pauline Myers' voice when she says, "Goodbye Rachel Cade." This scene alone will bring tears and you will call all your friends and say to them as we are saying to you, "Don't miss "The Sins of Rachel Cade."

MRA Film Is Crowning Experience

"The Crowning Experience," now playing at the Carlnay Circle Theatre, is a living memorial to Dr. Mary McLeod Bethune, and the idea for which she stood.

Through this film, inspired by her life, and produced by Moral Re-Armament the voice of the American Negro has reached scores of millions of people.

The saga of Mrs. Bethune's life — from a daughter of slave parents to a world stateswoman — will stay forever in the hearts of men and women. Her real greatness was that she never stopped growing.

In the last years of her life she decided that she would use the remaining years of her life to fight for the true destiny of the entire human race, and her fight for her own people reached its greatest stature.

One of her last requests was that the following words be carved on her tombstone: "Moral Re-Armament — to be part of this great uniting force of our age was the crowning experience of my life."

Muriel Smith, the original Carmen in Broadway's "Carmen Jones," portrays for the millions the character of Emma Tremaine, symbolizing the life of Dr. Bethune.

Safety Savings Art Exhibit One

An invitation has been extended to the community to attend the opening of an art exhibit on May 14 at 7 p.m. in the Community Conference Room, Safety Savings and Loan Association, 2638 S. Western avenue.

The project was designed by a volunteer committee of artists, art instructors and persons interested in art to provide an opportunity for students of art in the high schools to exhibit work for community viewing.

The committee members are David Aprato, art instructor, Manual Arts; Melonee Blocker, art instructor, Carver Junior High; Jean Bronson, customer relations department, and Marjorie Green, vice president, Safety Savings; Wallace Hylton, head of art department, San Fernando High; Robert Kennard, architect; Louis McLean, art instructor, Jefferson; Evangeline Montgomery, art student, L.A. State College; and Marion Sampler, graphic designer, Victor Gruen Associates:

On Sunday, May 14, the exhibit will feature work from Dorsey, Fremont, Jefferson, L.A., Manual Arts and Washington High Schools. The work will be judged by Wayne Long, Otis Art Institute; Al Porter, L.A. City Schools; and Charles White, artist.

Phil Gordon Makes the

New York Scene

Well, it won't be long now before I will be winging my way westward for a brief two week's vacation in California. It seems I am to leave here on June 11th, and I plan to stop first in San Francisco for a few days and then move on into L.A. for the balance of my time. So, one and all, please puo on the pots because I'll be hungry and Po', and will be freeloading awhile. Okay? Swell. See you then.

Enjoyed a swinging birthday cake made by piano playing Calvin Jackson's mother, Margaret, here.

Sammy and Marybelle Whiteman dashed in and out of N.Y. last weekend, from Salisbury, N.C., and we got together at Dantes for a few laughs. Received a group of postal cards from evahwhere; Priscilla Wallaston from San Juan, where she is enjoying an expense-paid trip sponsored by the New Era Democratic Club (her next stop was to be the Virgin Islands.); Selma Whitmore from Amsterdam, Germany and the Tulip Festival which she said was fabulous, and another the following weekend where Selma was in Paris and had just eaten at the Montmarte; and from Ensign Nurse Barbara Ware in London, just flown in from Paris (which she fell in love with), and about to leave for Rome. Aren't my chums sickening? But I guess jealousy will get me nowhere, so let them have a ball while they may.

My newest wife in "Present Pleasure" is Della Lawrence, a fine young actress, and my son is now talented young Mr. Lamont Washington; case worker, Louise Stubbs continues to do her finest. Our director, Ed Reynolds has unfortunately taken ill and is now in California resting.

HAPPY HAPPENINGS

I'll be emceeing the 2nd of 3 Rinkydinks dances this Sunday (7th) and Mother's Day I'll do the honors for the Knoxville College Alumni Club of N.Y.C. for an Afternoon of Delight, starring top personalities of stage, screen and TV, at the Bon Soir Club in Greenwich Village, for the benefit of the United Negro College Fund. I wanna thank Mary Dowery for asking me. It should be fun, and help a worthy cause.

The American Community Theatre is presenting "Raisin' Hell in the Son," (a new satirical melodramatic comedy) by Hal DeWindt and Reni Santoni, for 4 weekends only starting Friday, May 12th, and running through Sunday, June 4th, at A.C.T. headquarters.

I've gotta pack my knapsack if I'm gonna hit the road to L.A. so I'll just have to cut this right here until next week. 'Bye . . .

Who Will Be Picked for City Council?

MAYBE BRADLEY?—It could be that Atty. Tom Bradley, who is eligible for retirement from his lieutenancy on the Police Force, will get the nod for the City Council seat.

PERHAPS EDDIE? — Or it might be Eddie Atkinson, businessman, who gave Navarro a pretty run for his money in the last councilmanic election.

OR THOMAS? — Possibly the sun will shine on George Thomas who seems to have an "in" with some of the political big-wigs.

POSSIBLY SEVELLE? — Some think that the choice will fall on George Sevelle, businessman and Republican, who is generally considered a "dark horse."

Negro Councilman Assured--They Say

Ring Filled With Hats Of Hopefuls

The probability, almost certainty, that Councilman Charles Navarro will vacate his 10th district seat after the May 31 municipal election has set off a wide reaching scramble for the job he now holds.

Navarro is a candidate for city controller and is a virtual cinch to win his job. He must then resign his councilmanic position and City Council can select his successor by a majority vote. There are plenty of candidates.

TO PICK NEGRO?

Rumor has it that a Negro may be selected since the 10th District is one of the most heavily Negro populated districts in the city. If a Negro is to be selected, he will have to prove acceptable to a majority of the other 14 councilmen — and to those whose voices are heard by those 14 city fathers.

Moreover, the person selected will have to be at least acceptable to the district he will serve.

Who is that man?

Nobody knows. There are plenty of names in the hopper.

ONE OF THESE?

Among those mentioned most often are George Thomas, who now heads the Community Relations Conference; George Sevelle, business man; Atty. Elbert Hudson; Tom Bradley, an admitted attorney who is still serving in the Los Angeles Police Department but who can retire whenever he desires; and J. Edward (Eddie) Atkinson, business man.

Thomas' friends have got far enough to draft up petitions favoring him. He undoubtedly would have the support of Assemblyman Jesse Unruh; heavy voiced big-wig Democrat; various leaders of the more than 80 organizations which comprise the Conference and of social work groups.

ATKINSON, MAYBE?

He is a Democrat and will get some partisan support.

Weighing against him are his abject failure when he ran against Navarro and some resentment, vague but real, because of the organization he heads.

Atkinson, too, will have substantial support. He ran a close race against Navarro two years ago. He is an active Democrat and shares, with Tom Bradley, the support of the Democrats who do not see eye to eye with Thomas.

Atkinson can marshall a high degree of support from the Democratic Club movement. As a member of a pioneer family, and a Catholic, he can also marshall the assistance of many conservative members of the community.

OR BRADLEY?

Bradley has been active in the Democratic Club movement and is favorably known in those circles. He has just become eligible for retirement from the Police Department and many would-be supporters don't know that he is now free to seek public office.

As a Civil Service employe, Bradley hasn't been as free to participate in public affairs as he would like to have been. Con-

South Shows It's Not Ready For Freedom

Freedom cannot ride in Alabama.

Nine white persons and eight Negroes learned that Sunday when the bus on which they had set out bravely from Washington on May 5 to test Jim Crow in the South arrived in Anniston, Ala.

There they were met by a mob of about 100 white hoodlums, armed with chains, knives, incendiary bombs, clubs, stones.

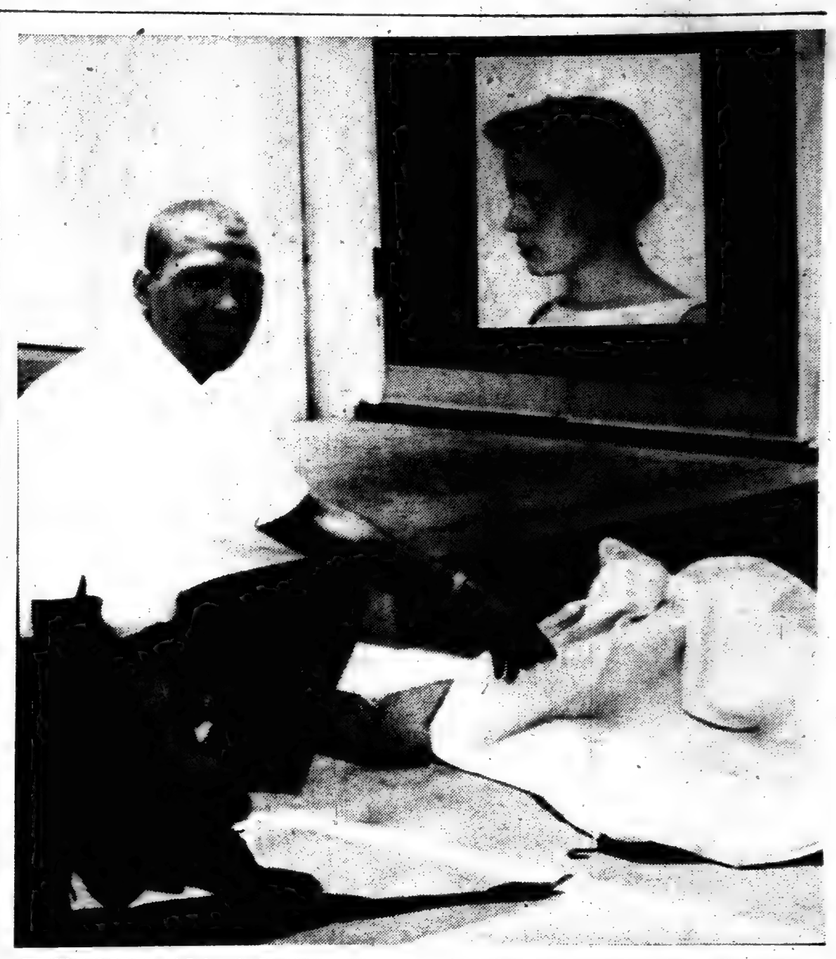
NO ARRESTS

Before they left Alabama, they were to find out that police can't, or won't, arrest the hoodlums; that the governor of the state can't, or won't, enforce the law.

Before they left also, they were to find that arson and the threat of bombs were added to the other weapons of the mob.

Three of the Freedom Riders were hospitalized. Others suffered less seriously.

There were no arrests; nor are there likely to be any.



SLASHED TIRES

As the bus carrying the Freedom Riders drove into Anniston, they were met by the white mob, who howled for them to get out of the bus. A state policeman in plain clothes barred the door.

The thugs stoned the bus, hurled rocks through the windows, slashed tires.

But the bus pulled away from terminal. About 3 miles out, the

Teacher Discovers Murdered Blonde in Church Parking Lot

Mystery after death shrouded the trail of attractive blonde Patricia Dale Bressett, 24, whose murdered body was discovered early last Thursday morning in the parking lot adjacent to the Victory Baptist Church, 4802 McKinley avenue.

The crime was first uncovered when John A. English, a physical education and science teacher at the church, arrived at the side door of the building where the church's buses generally park.

HIT OVER HEAD

There he noticed a woman lying at the foot of the low steps. Her plaid skirt was pulled up around her waist. Her shoes and one stocking were missing.

Blood was spattered over her face. A large pool of blood stained the ground beneath her head. She was dead.

No one knew how she came to meet her death at such an unlikely place, though she apparently had been hit over the head and had died of the wound.

The coroner said her skull had been fractured and that death had been caused by that injury, plus contusions and hemorrhage.

HEARD NOISE

Lucille Haynes, who lives at 875 E. 49th Street, just south of where the body was found, said she had heard noises about midnight the night before and thought someone was trying to enter the church.

She looked out, she said, and saw someone jump from a brick wall and disappear down 49th street.

Searching the area, police found ripple type shoe prints in the dirt, a yellow metal broken cuff link and a stick pin.

FIND RED SHOES

Checking further they came upon a pair of red shoes in front of 901 E. 49th street, a pair of women's under garments, a bottle and paper cups. They theorized the clothing may have belonged to Miss Bressett, the bottle and

Redistricting Curbs Negro Voting Power

The Westside Negro community will be split between two assembly districts while the 55th and 62nd Assembly Districts will be expanded to make them almost solidly Negro and will be combined to make one congressional district under a plan presented to California lawmakers this week.

The proposal to split the Westside community, which drew angry protests when it became known last week, calls for making Adams blvd. the dividing line. The area north of Adams will be placed in one district while the area south of Adams will be put in another. Both will be bounded by the Harbor Freeway on the East and Sepulveda on the West.

MAY AID HAWKINS

The 62nd District will include the Central avenue community, from Alameda on the East to Harbor Freeway on the West. The 55th District will lie South of Slauson and will include the heavily Negro populated South Los Angeles communities. Each district will have more than 80 per cent Negro population.

The new congressional district to be formed by a combination of the 55th and 62nd Assembly Districts is expected to elect a Negro congressman next year, with every indication that Assemblyman Augustus F. Hawkins will seek the post.

The redistricting plan drew

Fire Guts 'Castle' in Hollywood

BY MAGGIE HATHAWAY

When we saw the Hollywood Castle burning Saturday night we rushed up and were admitted when we flashed our Eagle press pass.

We arrived too late to help owner Malcolm Small save anything. When we ran out onto the hill we saw birds taking wing and rabbits on the run for their lives. But what really jolted us back to realization was the first remark made by a neighbor who was standing with a group of people watching this beautiful castle burn.

"Where is Malcolm?" we had asked.

"We don't know, but one thing is sure," he said. "There won't be any more of those parties. This fire just ended them."

WE LOST, TOO

This remark brought home the realization that we had lost something, too. He had lost his castle but we had lost the "house by the side of the road" where all men were welcome, the house where African students as well as students of all other nationalities, had attended parties given to aid them in their fight for independence.

While hundreds of people fought to save this castle of beauty we suddenly wondered would they have stopped and walked away if this neighbor had told them that Malcolm Small was a teacher at Jefferson High and had spent most of his life aiding members of all races. It was always safe to call on Malcolm to donate his castle for a cause.

SAVED HIS DOG

As we stood helplessly by watching the last embers fade away, Malcolm walked up with the only possession he had saved,

Community Protest Gets Prompt Action by Police

The parking restrictions imposed on the businesses and residences in the area surrounding Wrigley Field were eased slightly this week when the early 4 p.m. "No Parking" was changed to 6 p.m.-11:30 p.m. Indignant members of the community, including ministers and businessmen, protested the no-stopping signs posted by the Police Department at a meeting last Wednesday.

Agreement to compromise on the later hour was reached when some 35 area representatives met with Councilman Edward R. Roybal, Lt. R. E. Ruddell and Sgt. H. O. Hudson of the Traffic Control division, to discuss the sacrifices being made by the community due to the baseball game traffic restrictions.

Loss of business amounting into thousands of dollars was reported by meat markets, groceries, TV and radio men and the Newbauer Westmetal Products Company.

The protest was spearheaded by the Operations Community Improvement group which has been working to bring about a cleaner community.

The group had met with a representative from the Angels to place the problems of litter from baseball fans before the organization, and had petitioned the Department of Sanitation to furnish additional trash cans in the area. According to Mrs. Opal Jones, executive secretary of the Avalon Community Center, the cans have now been placed in strategic locations around the field.

Bridge Expert Clips Prowler

Kenneth Scott, bridge expert and former Eagle columnist, is a handy man to have around the house, especially when a prowler breaks in uninvited.

Mrs. Myrtle Scott found that out when she was awakened about 4 a.m. Monday by someone running through the bedroom.

She screamed. That aroused Scott and he grabbed his gun and fired, four times, at a figure at the window.

Police followed a trail of blood that led to the rear yard. There they found James Otis Spencer, 31, bleeding from his right hand. He said he had been "fooling around" some house and then "went on a roof" and someone shot him.

He was placed under arrest.

Negro Elected To City Council In Richmond

RICHMOND — This Northern California city placed its first Negro in public office last Tuesday when Atty. George Carroll, 38, was elected to the City Council.

In light voting (39.5 per cent), Carroll placed second in a field of six. He received 5,727 votes; the top man polled 6,007 votes.

Confirm Colley

SACRAMENTO — Gov. Brown's appointment of Atty. Nathaniel S. Colley to the State Board of Education was confirmed 28-0 by the Senate Friday.

Colley is the first Negro to serve on the State Board.

Loren Miller says...

The Good Life

While I wouldn't recommend hospitals as vacation spots, they do have advantages, especially if you aren't lying at death's door.

Take me, for example. I spent the last 10 days whiling away time at Cedars of Lebanon and I must say the service is only a cut below that given at the Statlers and the Hiltons.

But that isn't what I want to write about. A friend of mine brought me the current issue of Ebony to help me and between gulps of medicine I took a look at its contents.

PLEASANT UPLIFT

I think you'll have to agree that Ebony is a pretty accurate mirror of Negro middle class thinking and attitudes. Its articles have a pleasant uplift context, a teentsy-weentsy bit on the cheerful side—dedicated to the proposition that we're on our way upward and onward.

The ads depict pleasant, well scrubbed, well educated, happy Negroes sampling the goodies of American life. Its editorials are a little sharp—not too sharp, mind you—but always needling the Good White Folks and saying to them: "You ought to be ashamed, really you should, over the way you treat us when we're just like you, only more so." The magazine doesn't review books, or the theater, or music.

GOOD TIMES A-COMING

When you lay the magazine down you always feel as you do after a martini, a dry martini of course, at a pleasant party. And if you don't go around saying that "God's in his heaven, all's right with the world," you do feel that He will be there day after tomorrow at the very latest and that all will be right one day next week, or the week after.

I am not complaining. As I've

Le Coiffeur's Owner Robbed Of Day's Funds

Haywood Jones, 51, owner of Le Coiffeur Barber and Beauty Shop, 2645 S. Western avenue, reported to police that he was robbed of his day's receipts as he was about to enter his apartment shortly after 1 a.m., Saturday.

He said three men waylaid him as he arrived at the front steps of his home, 4276¼ Leimert Blvd., struck him in the face with a blunt instrument and grabbed a paper sack he was carrying that contained $289.

Officers found blood leading to the alley.

Jones was treated for lacerations of the lip.

U.S. Seeks Support To 'Quarantine' Cuba

By Grace E. Simons

The United States this week was pushing ahead in its campaign to bring about the downfall of the Castro regime in Cuba, even while newspapers, magazines and television were bursting with disastrous details of what Castro has called the first Yankee defeat in Latin-America."

Washington's policy, according to reports, is to attempt to isolate and "quarantine" Cuba.

APPEALS TO NATO POWERS

Initial attempts were made to line up Central and South American countries. As that effort seemed to be meeting with scant response, Secretary of State Dean Rusk Saturday appealed to the European powers in NATO to use their influence in Latin America to win support for U.S. policy. Rusk also asked the NATO foreign ministers meeting in Oslo, Norway, for the backing of their own countries in the "quarantine" plan.

Exactly what is envisaged in the quarantine has not been spelled out, but presumably it involves a total trade boycott, possibly to be enforced by the American fleet.

An AP dispatch from Washington May 13 said that "the United States wants to carry the concept beyond pure isolation so that some pressures can be applied."

BRAZIL BALKS

Deprived of opportunities to export its produce and import necessities such as food, medicines, machinery, and weapons, the Cuban economy would be strangled and the revolutionary regime could be expected to collapse.

The effort to get South American backing for the quarantine policy met a rebuff from Brazil which rejected the proposal. Last Wednesday, Foreign Minister Alfonso Arinos said Brazil will oppose any "meddling" by foreign nations in Cuba and is against "any kind of foreign interference, directly or indirectly."

It is also reported that European countries are "reluctant" to back the anti-Castro boycott. Although the United States has already cut its trade with Cuba to a trickle, other countries have not and apparently are unwilling to do so now. Among the nations that have active economic relations with the Castro regime are Britain, Japan, Canada, East and West Germany, in addition to Russia, China and other Soviet bloc countries.

PROFESSORS PROTEST

The United States policy also met opposition on the home front. A group of 70 New England college professors, including 41 from Pres. Kennedy's alma mater, Harvard, took a half-page ad in the New York Times last Tuesday to urge Kennedy to revise U.S. policy toward Cuba.

In an open letter to the President, the professors sharply criticized the Central Intelligence Agency and called upon the administration to "reverse the present drift toward American military intervention in Cuba."

The letter said further: "It is now a matter of record that the attempt at counter-revolution was planned, organized and directed by an agency of the United States government.

FAILURE OF POLICY

"This agency, acting in secret and deceiving both the American people and the Cuban rebels—particularly the most democratic among the rebels — has blundered in an inexcusable and almost inconceivable manner. But this was more than a failure of technique; it was a failure of policy itself."

Others signing the advertisement, in addition to the Harvard professors, were writers Lewis Mumford, Lillian Hellman and Edmund Wilson, 13 Brandeis College professors and 10 professors from the Massachusetts Institute of Technology.

Drew Pearson, in his column in the Los Angeles Mirror of May 9 emphasized some of the "failures of technique."

'WORST ERROR'

He says that the CIA's "worst intelligence error" was that it didn't know that Castro had scattered his small air force around the island and believed instead that all his planes had been destroyed in the Saturday bombings that preceeded the Monday, April 17, invasion.

On the second day of the invasion, April 18, Pearson reported that "at the United Nations, Adlai Stevenson had been the laughing stock of many delegates when he gave the word of President Kennedy that American armed forces were not involved. No one believed him, but what he said was true up to that point."

Pearson was referring to U.S. planes providing air cover for and taking direct part in the invasion.

U.S. PLANES IN ACTION

At 3 a.m. the next day, he continues, the CIA got Pres. Kennedy out of bed for a White House con-

Cora Brown Breakfast Club Main Speaker

Atty. Cora M. Brown, former Michigan state senator, delivered the annual Mother's Day address to the Women's Sunday Morning Breakfast Club Sunday at the Clark Hotel.

The subject Mrs. Brown chose was "Challenge of Mother in This Space Age." She stressed the difference between the mother of yesteryear whose family absorbed her every interest and today's mother who not only has a well organized family schedule but who also has time to participate in outside activities.

The orchid of the month was awarded to the oldest mother attending the breakfast in keeping with the organization's yearly Mother's Day celebration. The recipient of Sunday's coveted orchid, designed each month by Anita Bogan, florist, was Mrs. C. L. Braxton.

Ray Wallis, guest artist, rendered two beautiful piano selections.

The Cooperates Social and Charity Club's 20 members honored the WSMBC by bringing their mothers as their special guests for breakfast.

Mrs. Theresa Lindsay, president, announced that plans have been completed for the organization's annual Cinderella Ball scheduled for July 1 at the Beverly Hilton Hotel. This is the club's only fund-raising event of the year.

Kasavubu Jails One Rival, Baits Another

Pres. Joseph Kasavubu of the Congo, having jailed one of his principal rivals a week ago, this week hurled a challenge to his other main opponent.

Moise Tshombe, head of the industrialized Katanga Province, was taken into custody last week when he refused to agree to Kasavubu's terms at a "unity" conference in Coquilhatville, in Equator Province. Taken into custody with him were 19 of his aides.

BAITS GIZENGA

All were later indicted on charges of treason.

This Saturday Kasavubu announced he will convene the Congolese parliament that he and his army "strong man," Col. Joseph Mobutu, disbanded last September because Premier Patrice Lumumba controlled its majority.

Now Kasavubu, in stating his intention to call the parliament together, probably late in June, announced it as a "challenge" to Antoine Gizenga, Lumumba's successor, whose Stanleyville regime has been recognized as the legitimate government of the Congo by some 16 countries.

Gizenga, whose troops are in possession of about a third of the Congo, has repeatedly demanded the calling back of parliament, and has denounced Kasavubu as a usurper. Whether or not he will attend a parliament session in Kasavubu's capital of Leopoldville, hoever, is not known, since he might consider it a trap.

Gizenga did not join the other leaders on their meeting at Coquilhatville, where Tshombe and his entourage were arrested.

U. N. PROTECTION

Kasavubu said at Coquilhatville that he will ask the United Nations to guarantee the security of all members of parliament. A number of members, however, were jailed by Kasavubu early this year and later assassinated. Two were killed along with Premier Patrice Lumumba while in Tshombe's custody. Others were killed while in the jails of Albert Kalonji in South Kasai Province.

The murder of Lumumba is one of the crimes for which Tshombe is being held under house arrest in Coquilhatville, although Lumumba's name was not specifically mentioned in the indictment.

He was indicted on eight counts of treason against the Congo Republic last Tuesday.

EIGHT COUNTS

The official charges were signed by Interior Minister Cyrille Adoula in Leopoldville a few hours after the security chief and public prosecutor arrived there from Coquilhatville where they discussed the case with ministers attending the "peace" conference.

The charges were that Tshombe:

1. Abused power and usurped powers of a chief of state.
2. Without being regularly invested, proceeded to declare Katanga independent.
3. Arbitrarily forced his subordinates to commit crimes gravely threatening the peace of the country.
4. By press and radio intimated he would continue this illegal action.

TREASON CHARGED

5. Used illegal decisions to force the secession of the Katanga forces from those of the national Congolese Army, a move which threatened civil war, and hired mercenaries who killed and maimed citizens of the republic.
6. Treasonably refused appeals by the President and members of the legal government to cease these activities.
7. Dealt with foreign powers without referring to the central authorities.

Fair Housing Bill Slated for Assembly Vote

The amended Hawkins Fair Housing Bill was heading for a vote early this week in the Assembly, after passage by the Ways and Means Committee May 8.

The bill as amended is weaker than in its original form, but still retains provisions for placing enforcement in the hands of the existing Fair Employment Practices Commission.

MINIMUM REQUIREMENT

Commission enforcement, rather than court enforcement, is considered a minimum requirement of any bill which seeks seriously to tackle segregation in housing.

The Hawkins Bill, No. AB-801, which was defeated in committee in its original form two weeks ago, was passed in its revised version by a vote of 14 to 6.

Voting for the bill were 13 Democrats and 1 Republican; against, 4 Republicans, 1 Democrat and 1 Democrat-Republican. The sole emocrat opposing the measure was Assemblyman Carley Porter of the 69th District.

L.A. VOTES

Los Angeles Assemblymen who gave the bill an aye vote were Tom Bane, in the 42nd; Lester McMillan, 61st; William Munnell, 51st; Thomas Rees, 59th; and Jesse Unruh, 65th.

The bill as amended confines coverage to "publicly assisted" housing. The original version extended coverage to all housing except owner-occupied dwellings.

"Publicly assisted" housing means houses built or repaired with FHA, GI or Cal Vet loans, tract houses insured by government loans and houses that enjoy veterans tax exemption.

Man Pinned To Fence by Auto, Dies

Harry Williams, 68, of 3740 S. Harvard blvd., died at General Hospital Sunday afternoon of injuries three hours after he was struck by a car driven by Mrs. Josephine C. White, of 3812 S. Harvard blvd.

En route to Evergreen Cemetery with flowers for his mother's grave, Mr. Williams was hit while he was waiting for a bus at the corner of Harvard and Exposition blvds.

Mrs. White told police that she lost control of her car when her steering wheel froze. Her car plunged over the sidewalk and pinned Williams to the fence.

He is survived by two nieces June Robinson and Orleta Lawson, and a cousin Florence Johnson of Pasadena.

Funeral services will be held Saturday at 10 a.m. from the Neighborhood Church, with Rev. Mansfield Collins officiating. Interment will be at Rosedale with the Peoples' Funeral Home in charge.

A Shriner, he was a member of Prince Hall Masons and a former member of the Utopia Club, one of Los Angeles' oldest social clubs.

Santa Monica Mayor to Check on Beating Report

Mayor J. McCarthy of Santa Monica promised Tuesday to look into charges of police brutality brought by Willie White who was arrested not far from his office last Sunday, May 7.

The arrest came about after the Mayor called the police at the urgent request of a young Caucasian woman who banged on his door, in tears, saying that a man had followed her for three blocks and then accosted her. He called police who arrested White. The woman identified him as the man who had followed her, the Mayor said.

White, on the other hand, told an NAACP representative that he had been shoved, beaten and punched in the stomach and threatened by the police officers. A young woman witness to the arrest reported that the police treated the suspect in a brutal manner. White denied that he molested the woman. He said he had gotten off a bus and walked to the corner gum machine to get some gum before attending a movie, when he was ruffed up by the police officers and forced into the squad car.

The Mayor said there was no evidence that the suspect had been mistreated when he was brought to his office.

White was released on $240 bail on Saturday pending trial on June 15.

Negro Wins Top Honor At Law School in N.C.

CHAPEL HILL, N.C.—For the first time in history a Negro has won top grades at the University of North Carolina Law School and has been accorded the school's highest honor — editor in chief of the North Carolina Law Review.

Julius LeVonne Chambers, 24, who ranked No. 1 in his class, is one of 35 Negroes at the University, which dropped its color bar in 1951.

In commenting upon his outstanding achievement Chambers said:

"I don't look upon myself as any sort of star or shining example. But I would hope that anything I achieve could be shown as proof to others of my race as well as the white race that Negroes can achieve these things."

Dean Henry Brandis said he could express his comment in just three words — "He earned it."

Chambers is the son of an auto mechanic.

Nyerere New First Minister In Tanganyika

Tanganyika, East African Trust Territory administered by the British since 1918, moved a step closer to independence last week, but without benefit of nationwide demonstrations or celebrations.

Julius Nyerere became prime minister and he and his cabinet took their oaths of office at Government House in Dar es Salaam —but elsewhere the order of the day was "work as usual." That was the way Nyerere had wanted it.

His slogan is "Freedom with Work."

He told the people of Tanganyika:

"Don't waste time fighting battles that are over. Neither Africa nor the world is going to judge us by the amount of venom we pour out against old or even new forms of colonialism."

Tanganyika is scheduled to gain full independence Dec. 28.

Expansion of Lincoln Memorial Park Will Add Beauty to Compton Community

TWO VIEWS OF THE PRESENT SITE

Appearance Following Lincoln's Completion of Plans

Lincoln Memorial Park Cemetery Proposes Lasting Improvements As Vital Service to Community

The expansion of modern Lincoln Memorial Park Cemetery to include a small parcel of land which the Compton Board of Education recently decided it could not utilize, will add beauty to the area, a survey of the property revealed this week.

Lincoln only became interested in the parcel when its officers were approached by a representative of the school board who said that when a survey had been made, there were no remaining large parcels of undeveloped land in the district and there would be no more developments of homes there.

The parcel involved is located on Central Avenue at the Caldwell Street intersection.

At a recent meeting with the school board, when a delegation wanted the Board to withdraw their decision to sell the property, these facts were brought out:

1. A school ceases to be functional after it gets so large, and consequently this unwieldiness is not for the best interests of the pupils.

2. The present school plant has plenty of ground for its needs.

3. The Board deemed it inadvisable to utilize this land, which adjoins a major highway (Central Avenue) for playground purposes.

4. With funds received from the sale of this parcel, the Board could buy property more suitably located for school use as it is needed in the same district.

Under Memorial Park Cemetery's Lincoln proposed plans, the land would be utilized for mausoleum space, garden crypts and ground interment and the property would be surrounded by a modern, attractive wall, set off by beautiful landscaping.

Short End of Redistricting Stick

The Assembly proposal to divide the Westside Negro community between two assembly districts is a monumental mistake. Under that proposal the area south of Adams would be placed in one district, that north of Adams in another.

The proposal violates both common sense and the democratic precept that a political district should encompass as many persons of like social, political and economic interests as possible.

The Negro voters who live south of Adams have interests in common with Negroes who live north of Adams—that identity of interest arises from the fact that, first, they are Negroes—badgered by the racial prejudice that is their common heritage, prejudice which curtails their opportunities to find jobs, purchase homes, win promotions, or visit their kinfolk without apprehension in the Deep South.

Their identity of interest is also a reflection of their economic status; few are rich, few are very poor; they are, by American definition, middle class in status and outlook.

There is no reason for dividing them. Assemblyman Robert Crown, who heads the Assembly Committee on Reapportionment which authored the division plan, offers for an excuse the rather extraordinary statement that to do otherwise would convict his committee of "drawing boundaries on the basis of race."

He blinds himself to the fact that he has done precisely that, directly in the case of the 55th and 62nd districts and, by inversion, in the case of the Westside.

The 55th and 62nd Assembly District boundaries are based on the harsh reality of residential segregation. Those districts are predominately Negro occupied because racial covenants were enforced by the courts from 1915 to 1948 and because of practices and policies pursued by lenders, realtors, home builders and governmental agencies since that time.

Mr. Crown isn't to blame for residential segregation, but it is childish for him to say that he didn't, and doesn't, accept it as a political and socio-economic factor in redistricting.

The same interplay of judicial action, administrative policy and segregationist practices that makes the 55th and 62nd districts racial ghettoes accounts for the concentration of Negroes on the Westside. The fact—and it is a visible fact—of racial concentration in the Westside area can be dealt with in one of two ways.

The assemblymen can either place deliberately that concentrated Negro population in one district or they can just as deliberately divide it between two districts. In either case the district boundary lines are being drawn **on the basis of race**—no matter what Mr. Crown may say.

Common sense, and the public good seem to us to dictate the placement of the entire Negro Westside community in one district, for the reasons cited at the beginning of this editorial.

If Mr. Crown, and Democrats who are dictating reapportionment are determined to destroy the voting power of the Westside by the divisive scheme, we think the least they can do is to spare us any more hypocritical cant about their unwillingness, and consequent refusal, to weigh racial occupancy as a factor in redistricting. We know without being told that some of their best friends are Negroes.

We also know when we're being given the short end of the stick.

New Councilman for 10th District

The question of who will replace Charles Navarro in City Council is one that must be resolved in the very near future. Mr. Navarro is an odds on favorite to win the post of city controller in the May 31 elections and will have to resign his present position.

City Council can fill the vacancy or it can call a special election to choose a successor for the remainder of the term. Chances are that the Council will fill the post and the word around City Hall is that a Negro will be chosen.

The fact that a Negro is being considered is a tribute to the discontent of Negroes at the age-old policy of exclusion. Those who exercise control in municipal affairs have seen the handwriting on the wall. They know that continued growth of the Negro population dooms the gerrymander which has prevented the election of a Negro councilman.

However, the same forces which have excluded Negroes from City Council aren't going to give in easily. If they can't exclude a Negro they will try to dictate the Negro who will replace Mr. Navarro. They will try to replace him with a man of their choice who will be beholden to them.

Unless the community acts quickly and makes its own choice, the choice will be made for us.

No person is going to get unanimous support. There are healthy differences of opinion among us as there are in other groups in the city. We think that there will be general agreement that the person chosen should represent the thinking and attitude of the community on municipal issues.

The problem of the moment is that of ascertaining the concensus of community opinion. That isn't easy. There is no ready-made machinery to conduct such a poll. The choice should not be made by any group or clique but rather by a group large enough to be representative of the entire community.

We must bear in mind that our problem is twofold: first, that of persuading City Council that a Negro should be named to fill the Navarro vacancy and, second, that of persuading the same council to heed the voice of the community in its choice.

New Deal for the Congo

Congolese leaders have apparently decided to solve the problem of creating a nation by agreeing on a federal union. The Central Government will have control of external affairs and supervision of internal affairs, but various provinces will have strong controls over local matters.

One result of this decision has been the arrest of Moise Tshombe, growing out of a decision to reincorporate his secessionist Katanga in the federal union. Apparently, Tshombe has been chosen as the scapegoat for the shameful course of events that led to the murder of Patrice Lumumba.

He has been charged with that crime, although most of his accusers are equally guilty. Tshombe's despicable conduct in the Lumumba affair and his grandiose Uncle Tom conduct deprive him of any sympathy.

We believe that an emergent nation such as the Congo would be better off with a strong centralized government but the proposed federal union may be the best under the circumstances. It's comforting to remember that the United States of America struggled through a confederation before it saw the wisdom of union.

Any step that will still the discord in the Congo is a step in the right direction.

Politics and Professional Golfers

The tournament director of the Professional Golfers Association has charged Atty. Gen. Stanley Mosk with playing politics because of Mr. Mosk's ruling that no more PGA tournaments can be staged in California until the organization drops the "whites only" clause in its constitution.

We're inclined to agree that Mr. Mosk is playing politics—the kind of politics he was elected to play, the kind enjoined on him by the Constitutions of the United States and California. We hope he keeps right on playing politics.

'Non-Buyers' Obtain Jobs in Philadelphia

NEW YORK — "When 400 ministers in one city advise their congregations not to buy something, a lot of whatever that something may be goes unbought," says an article in the May 4 issue of the Reporter.

The copyrighted article, "The Not-Buying Power of Philadelphia's Negroes," written by Hannah Lees, tells of the singularly effective results obtained by Philadelphia's 700,000 Negroes.

METHOD SIMPLE

The methods used by the "non-buyers" is simple and forthright. At the present time the principle company to feel the effects of the city-wide boycott is Sun Oil.

Among companies that have revised their policies after a chilling experience with the non-buyers are Tasty Baking Company, Pepsi-Cola Company and Gulf Oil Co.

The ministers and their congregations are not content with token Negro employment, nor with Negro employment in the lowest paid jobs. They aim at placing Negroes in positions of dignity and responsibility and of changing the "public image" of Negro workers.

ORIGIN KEPT QUIET

The origin and operation of the Selective Patronage Program, as it is called, are kept very quiet. No leaders are acknowledged and no one will say who organized the first meeting. The names of ministers who have called on the various companies are on public record, but there is a different delegation for each company and a different spokesman.

"No one will say who makes up the priority committee, which meets — always at a different place — to decide on the next target and what they will ask for. They have, they say, no officers, no by-laws, no minutes, no dues, and no treasury," Miss Lees reports. Yet the group maintains it can call a boycott of 250,000 people within 24 hours and call it off within the same period of time.

Supporting the ministers are fraternal organizations, social clubs, insurance agents, bartenders, beauticians, the NAACP and Negro newspapers.

MINISTERS CALL

"A delegation of ministers, sometimes five, usually four, calls on whatever company the group has decided to investigate and politely inquires how many Negroes it employs and in what jobs." The companies have thus far given the information willingly and the ministers usually know it anyway.

A second meeting is requested a week or two later, and the ministers specify what they want. If they don't get it, they tell their congregations, and the company is "on the list."

Bond Bread, Freihofer Bread, Coca-Cola and Seven-Up all seem to have found the ministers' requests reasonable as have Esso Standard Oil Company, Cities Service Company, the Atlantic Refining Company and Socony Mobil Oil Company, Inc., Miss Lees says.

WORKS SMOOTHLY

"Atlantic, which already had some Negroes in clerical and executive jobs before the ministers came to call, says it now has 25 Negroes in white-collar jobs, including a chemist, a psychologist, and a former football hero in sales promotion . . . The ministers mention Atlantic frequently as an example of how smoothly their project goes when everyone co-operates," Miss Lees writes.

The Tasty Baking Company, the second firm visited, was the first where the ministers encountered opposition. They asked Tasty Baking to hire two Negro driver-salesmen, two Negro clerical workers, and three or four Negro girls in the icing department, where the workers had traditionally been white.

When the personnel manager of the company and the president pointed out that they had no need, just then, for more driver-salesmen or clerical workers, "the ministers said politely but firmly that they still hoped these people could be hired within two weeks. If not, the 400 ministers they represented would have to advise their congregations on the Sunday following not to buy any Tasty cakes or pies until they were hired."

IN BARS, BEAUTY PARLORS

The Negroes were not hired within the two weeks, and the ministers called a boycott.

"Printed advertisements to this effect mysteriously appeared in bars, beauty parlors, and barbershops . . . When the boycott was officially called off two months later from 400 pulpits, the Tasty Baking Company had in its employ two Nergo driver salesman, two Negro clerical workers, and some half-dozen Negro icers."

Gulf Oil was approached last winter at the height of the heating season. The company showed no interest in meeting with the group and, after three weeks had gone by without an appointment, a boycott of Gulf products was called.

CONTRACTS CANCELLED

The day after that the switchboards of Gulf were jammed with calls canceling oil contracts. Gulf then moved so quickly to meet the ministers' demands that the boycott lasted only a week."

The current boycott on Sun Oil has been in effect since March 19. As of late April, Sun had hired about half the Negro workers requested. The company says that from now on it will hire people as needed, interviewing both white and Negro applicants without discrimination.

"When asked about the loss in business, spokesmen for the firm shrug and say it is hard to estimate . . . The ministers estimate, however, the Sun is losing some $7,000 a week," Miss Lees writes.

A plan to spread the boycott began April 9 when all Negro Masonic lodges across Pennsylvania announced boycott of Sun products. If Sun has still not hired the requested 24 Negro workers in another couple of weeks, the ministers say the boycott will spread to all Negro churches in the state, and after that to all the men's and women's clubs. After that, they will go beyond Pennsylvania.

Loren Miller Says . . .

(Continued from Page 1)

just said, it seems to me that Ebony's monthly dosage of well mannered optimism, mild protest and presentation of nicely garbed Negroes sampling standard brands of merchandise reflects the mood of the moment—just as the strident, angry voice of Crises Magazine mirrored the Negro attitude between 1915 and 1930.

Incidentally, it's interesting to note that Ebony's circulation today is about the same on a percentage basis of literate Negroes as that of Crisis was at its peak. Furthermore, Ebony, as was the case with Crisis, is well edited and is a typographical joy to behold.

LOOK AT ADS

With nothing better to do, I took a look at Ebony's advertising. Don't hold me to the exact figures but a rough computation showed that the 124 page May issue contained 20 pages extolling the virtues of whiskey, gin, rum and brandy. Another five and a half pages were devoted to the glorification of beer and another six told the joys of cigarets. Soft drinks took up another three pages. That's 34 pages of fine drinking and good, good, good smoking. Approximately eight pages were given over to skin preparations: (Pure white Skintona gives you an exciting creamy complexion.) Hair preparations took about 13 pages and two were devoted to automobiles. I didn't try to classify all the ads; that wasn't my purpose.

SHARP COOKIES

What I had in mind was that advertisers are a pretty sharp bunch. They shout their wares where there's a market. They are pretty well satisfied that Ebony readers will buy what they advertise in its pages. And let me make it plain here that I'm not railing at Ebony for taking, indeed for soliciting, the kind of ads that it gets. Truth to tell, I wish Francis Waller could get them for the Eagle.

What struck me was the complete absence of advertising for books, or any other serious cultural wares—two record companies did take a page and a quarter to hail the virtues of popular singers. There were a few small ads urging poets to get their verse set to music (turn songs into dollars), the obvious bids by the advertisers who take any poem and set it to some kind of music—if you pay the bill.

At least two correspondence schools baited their advertising hooks with a promise to grant high school diplomas. Although this is the time for travel ads, Ebony advertisements were confined to a full page by Greyhound and two smaller ads: one inviting the visitor to Nassau and the other urging him to go to Maine.

I don't know the complete moral to be drawn from this little, and incomplete, survey. I don't think it proves that Negro middle class people have no interest in books, music, the theater or travel. I know better than that. I'm afraid it does indicate that such interest is at so low an ebb that advertisers don't find it worth going after.

I'm afraid it also indicates that we're mistaking sham and show for reality. Kelley Miller (no relative of mine) grumbled about 50 years ago that Negroes pay for what they want and beg for what they need. Maybe they're still doing that.

It's the Same Old South

South Shows It's Not Ready For Freedom

(Continued from Page 1)

however, two of the slashed tires went flat.

The white hoodlums, following in about 50 cars, swarmed around the stalled bus, again yelling for the Freedom Riders to come on out.

INCENDIARY BOMBS

A state investigator barred their entry into the bus. Members of the mob hurled incendiary bombs through the broken windows.

The bus was filled with smoke; then it burst into flames.

As the Freedom Riders, Negroes and white, staggered outside from the fumes and the flames, they were met by the thugs. One Negro was cracked over the head with a chain. Others of the riders were overcome with smoke.

The bus was gutted. Three riders were hospitalized.

There was another incident in Birmingham, also in Alabama. There three more of the Freedom Riders were injured. They were set upon when a mixed group entered the white waiting room.

CAN'T KEEP ORDER

Earlier one of the Negro riders had been beaten in the bus when he refused to move to the rear. Two of his white companions were also set upon.

When the mixed group tried to proceed to Montgomery, a highway patrol car was assigned to protect them and their bus. Later Gov. Patterson canceled the escort.

He said, "It is impossible to guarantee the safety of these agitators."

When the group then decided to leave from Birmingham by plane, the flight was canceled after a warning that a bomb had been planted aboard the plane.

CONSTITUTION FLOUTED

After a second bomb scare, the group flew to New Orleans where they were greeted by a welcoming crowd of Negroes and whites.

The Freedom Ride had been planned by the Congress of Racial Equality (CORE). The President and the attorney general had been given advance notice of their intentions and their intended route.

Segregation in interstate travel has been ruled unconstitutional. The ruling, apparently, doesn't apply in Alabama.

The interracial group had planned to arrive in New Orleans May 17, in time to celebrate the seventh anniversary of the Supreme Court school decision.

They arrived on the 15th. The celebration lacked the ring of victory.

Castle Burned

his little dog Koko. He was quietly smiling and said,

"Well, I lost everything but my dog. Thank goodness I got him out." He also told us that his house guest and a student who also was living with him had lost everything they owned and that he had been unable to find them to tell them the bad news.

Two garages filled with valuable antiques (that he had let a neighbor store) had burned.

"What can we do?" we asked him. He hesitated before answering but suddenly strolled up the high steps into the beautiful rambling garden that the fire had not touched. He walked over to the goldfish pond (the fish were still swimming) and picked up a beautiful little artificial squirrel.

"Take this home to remember the castle and when I rebuild we will continue our parties to aid integration."

Would it surprise the neighbor to learn that even though he has lost his castle, Malcolm Small, the humanitarian, will build it anew, and will once more open its doors in order to aid all races?

Redistribution Curbs Negro Voting Hopes

heavy fire from a committee which had presented the so-called Two-and-Four plan. The committee, headed by Wendell Green, had proposed a division of the Negro population into four assembly and two congressional districts in which Negro voters would have had slight majorities.

DELIBERATE DESIGN

The committee sought, and secured, an audience with Gov. Brown, but he refused to interfere. The plan presented to the Assembly was drawn by a committee headed by Robert Crown of Oakland.

Crown was present at the meeting with the governor but would not agree to any alteration of his plan. He said that he was "100 per cent" opposed to all racial discrimination, but that he would "not draw boundaries on the basis of race."

Opponents charged that he had drawn lines on the basis of race and that division of the Westside was a deliberate design to split Negro voters and dissipate their power.

HAWKINS UNDER FIRE

As the political row grew, spokesmen for the Two-and-Four Committee charged that district boundary lines had been drawn at the dictates of Assemblymen Jesse Unruh and Hawkins. Unruh was blamed for creation of a district which would perpetuate him in power, while Hawkins was blasted for approving a plan that would gratify his "political aspirations."

Each assembly district must contain approximately 200,000 persons. The 1960 census shows Los Angeles with a Negro population of 383,000 as of April, 1960. The majority live in the areas that will be contained in the new 55th and 62nd districts. There are no exact figures for the Westside.

The plan proposed by the assembly committee must win approval by the lower house and by the senate. The governor can either approve or veto the bill in its final form.

ference, after which "Kennedy finally ordered American planes into action in a last-minute effort to save the rebels from collapse.

"But when the navy planes finally got off their nearby carrier, their only contribution to freedom was to help Castro. They shot down a rebel B-26.

"The rebel planes had the same markings as Castro's planes except for a blue streak underneath the wing. The Navy pilot couldn't see beneath the wing, destroyed the rebel B-26."

'WORSHIP FIDEL'

As is now generally recognized, the main reason for the failure of the attempt to overthrow Castro was that he has the strong support of the overwhelming majority of the people of Cuba.

Confirmation of that fact was contained in a series of articles in the Los Angeles Times written from Havana by its correspondent, John Barnes. He reports a "typical conversation" with three sugar cane workers from Oriente Province. Says Barnes:

"They worship Fidel."

He asked: "Are you Communists?"

WHAT IS A COMMUNIST?

One of them replied: "I don't know, Juan. What is a Communist? If he is a man who once had nothing and now has something, OK, I'm a Communist.

"We lived in a mud hut. We never had more than two or three months' work a year . . .

"Now we have a little home. And when there is no sugar to cut we work on the cooperative farms doing something else.

"We work all year and we eat all year. And who did this for us?

"It wasn't you Yankees. It was Fidel."

cups may provide a clue as to how she spent her last moments.

Miss Bressett was identified through her fingerprints, which checked with those on file with the Police Department. She had chalked up a record with the sheriff and the LAPD over the past two years. She was known to frequent the area around Vermont, Avalon and 47th street.

Her address was given as 2908 W. Vernon avenue, and she reportedly was survived by her mother, who lived in Lexington, Ky. Authorities advised, after investigation, however, that Miss Bressett only used the Vernon avenue address as a mail drop, and did not live there.

A telegram to the Lexington, Ky. address disclosed the fact that the address given there was non-existent.

sequently many persons do not know him.

Hudson and Sevelle are dark horses. Hudson is a brilliant young attorney and a Democrat who has been intent on fashioning a career in the law.

OR A REPUBLICAN?

Sevelle is a successful business man and a conservative Republican who is highly respected but whose name is not generally known to the rank and file.

Of course, City Council may turn its back on the suggestion that a Negro be chosen to fill the 10th District vacancy.

Former Councilman and now Assemblyman Don Allen is waiting in the wings, ready to respond to take the job if his name is called. There are many others.

What it all boils down to is: Who do the people want? Do they want that person badly enough to organize and impress their will on City Council?

My Sacred Opinion

By OMNI G. INFINITE

With all thy getting, understand thyself. For I come not to change the doctrine of the Immutable Law of Reality, but to revise it. To let you know that for the want of spiritual cosmic understanding, material gains and riches lie dormant within you. For the lack of self knowledge, the freedom of the soul lies in bondage. Let not the inner be so rich in wisdom, while the outer stays so poor in comprehension.
